PRICE TWO CENTS

CLASSES OF EXHIBITS

For the Narberth Flower Show, Saturday, June 9

There are thirty-four classes and three special classes.

Rose growers will be especially interested in the new arrangement of classes for individual blooms. See the specifications for Classes 1, 2, 3 and 4. Only one rose of each variety may be shown. An exhibitor may enter as many varieties in each or all of the first four classes, as he or she chooses. For instance, in Class 2 for the best individual pink rose, an exhibitor may show one Killarney, one La France and one John Laing, etc., but not two blooms of the same variety.

This new arrangement will be welcomed by all rose growers and will undoubtedly result in the showing of the finest individual blooms ever seen in Narberth. So all the rose fanciers are urged to pick the very best of each variety and show them in Classes 1, 2, 3, and 4. The bunches of roses may be shown in Classes 5, 6, 7, 8, 9 and 10.

The committee in charge of the show also wants to make it clear that a single exhibitor can compete in only one class. But an exhibitor may enter any number of exhibits in various classes.

GUARDSMAN WINS PROMOTION

George W. R. Martin, of Narberth, Named Second Lieutenant

George W. R. Martin, of Narberth, was touring California when he learned that the Third Regiment, N. G. P., of which he is a member had been called to do guard duty in the western end of the State. Martin caught a train for the East half an hour after he received word he was wanted, and joined his regiment at Altoona before the work of establishing a headquarters had been completed.

Then he started in to win a commission, and succeeded so well in convincing Colonel Kemp of his thorough knowledge of the duties pertaining thereto that he was made a second lieutenant and assigned to Company A, on duty at Johnstown

NARBERTH LOSES TO WAYNE

DICK WALLACE WRITES FROM FORT NIAGARA

An Interesting Letter to the Editor, Which is Full of Enthusiasm, Patriotism and Loyalty to His Cause—Remembers His Narberth Friends

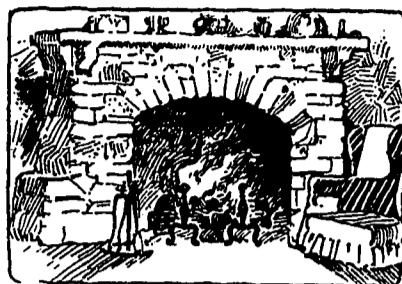

Reserve Officers' Training Camp, Company T, Squad 5, Fort Niagara, N. Y., May 19, 1917.
Harry A. Jacobs, Editor of Our Town, Narberth, Pa.

Dear Mr. Jacobs: It is Saturday afternoon and the aspirants for commissions in the United States Army are taking a little rest after a hard week's drill. It would be hard to select a more beautiful site for a camp. We are situated at the juncture of Lake Ontario and the Niagara river. The air is much cooler than at Philadelphia, but also very dry. We get up at 5.15 A. M. and from then on there is little else done except marching, drilling, learning to shoot and studying, with a little time for eating or mess as it is called in the army, until we turn in for rest at 9.45 P. M. The game of war is entirely new to me and there is a lot to learn, but all the boys here, and there are a fine crowd, are working with a determination and energy, all hoping that they may secure a commission, and if not, that they may at least learn to be of as much service as possible to their country. At 6 o'clock in the evening when the flag is lowered all the boys stand out at attention with their respective companies while the band plays the "Star-Spangled Banner" and by the expressions of determination on their faces it gives one confidence that there are still many who are not too proud to fight or afraid to die for the country which they love. We have all come here not with the idea that it is going to be a good time, for it is not, but to best fit ourselves for the great struggle which is ahead and most of us expect and hope that we will be able to get to France in the near future, not out of a spirit of adventure but to do our little share in driving back the enemy of civilization and in order that peace may again be restored to our great country.

As I am writing this letter it is about time when the Narberth boys are warming up for their battle with Autocor of Ardmore and I would give anything to be down there playing alongside them and seeing Dick Stites, Narberth's steady star knock out a home run in the fourteenth and winning the game as he did last year. I do not know anything I have enjoyed more than playing ball with Narberth. There seems to be a spirit there which I have never seen in any other team and I know a great deal of it is due to the way the team is handled by Manager Fred Walzer. He is always ready to encourage and help his players and for that reason they are willing and glad to exert themselves and often beat teams that may be really better than themselves, but who do not play with the same spirit. It is needless to say that the personality, knowledge and ability of Dick Stites, together with his wonderful playing, have won many and many games which would otherwise have gone on the other side. I am certainly with the boys and know that the old pennant and cup will again be theirs. I will have to close now as the bugle is blowing and the boys are forming in line and as little Jeff says: "Agin we eat." With best wishes, I am
Very truly yours,
Dick Wallace.

FOOD CONSERVATION

A very interesting meeting took place at Miss Gibson's home on Friday, May 25, at which a tentative plan for taking care of the surplus vegetables and fruit this coming summer was discussed. It was arranged that on Tuesdays, Thursdays and Saturdays ladies volunteering their services should meet and can, preserve and dry perishable foodstuffs. Any surplus which could not be taken care of that day would be sold on a curb market at wholesale rates. Mrs. R. J. Hamilton, of Ardmore; Mrs. W. M. Cameron, of Narberth, and Mrs. A. W. Swartz, of Wynnewood, were appointed as a sub-committee to interest people in this very necessary economic measure. Mrs. H. R. Cook, Jr. was appointed as chairman of instruction. It was decided to hold a meeting at Miss Mary K. Gibson's home in Wynnewood on Monday afternoon, June 4, at 3 o'clock, to consider the advisability of installing scientific apparatus for the canning, preserving and drying of these surplus foodstuffs. All the women of Narberth who are interested in conserving food to help meet the prospective shortage next winter are cordially invited to attend this meeting. The committee in charge are: Miss Gibson, chairman; Mrs. R. J. Hamilton and Miss Evans, of the Women's Club of Ardmore; Mrs. S. E. Downs, Mrs. G. Montgomery and Mrs. A. W. Swartz, of Wynnewood; Mrs. W. M. Cameron and Mrs. H. R. Cook, Jr., of the Community Club of Narberth.

Believing that there can be no better national defense work than to conserve the woman power of our country when during war emergency women will be called upon to take men's places, the Pennsylvania Woman Suffrage Association which is the largest organization of women in the State, extending to practically every city and borough, is instituting a vigorous campaign for the protection of women workers and the maintenance of safe industrial standards. The Chambers of Commerce in 500 cities have been requested to assist in the work of having employers retain the present working hours for women, and of securing for women who take men's places the same pay as that given to men if the service is the same. Attention is called to England's experience when lives, health and efficiency were sacrificed by lengthening the working day, and it is emphasized that it is unfair to women not to pay for work performed regardless of the sex of the worker. It is unfair to men and their families to oblige them to reduce their standard of living, and the injury to industrial standards in general which would result from the competition of low-paid woman labor would be inestimable. The association will also work to educate the women and hold them to the proper standards of health.

Appeals in behalf of Y. M. C. A. work in our army and navy were made in Narberth churches last Sunday. Mr. Smith, who presented the matter at the Presbyterian Church, referred to the fact that President Wilson had charged the Y. M. C. A. with the care of the moral, mental and physical training of our young volunteers and recruits. The organization is pledged to raise three million dollars, of which Pennsylvania's share is \$300,000. Of this Philadelphia is to raise \$100,000 and Narberth's quota is \$2000.

The importance of this work cannot be over-estimated. Mr. Mott, the

leader in Y. M. C. A. work throughout the world, has visited prison and other camps in every warring country. The conditions are appalling. Worse even than the fighting is the terrible monotony in camp and prison that drives men mad. In one prison camp, out of eighteen officers, all men of culture, only two could tell their own names, or on which side they had been fighting. The awful conditions break men down morally, mentally and physically. The Y. M. C. A. supplies the need of amusement and mental occupation, so acutely needed by these men, in addition, it overcomes the temptations to which the young men are subject in their own camps.

CUB'S WEEKLY LETTER

To the Editor of Our Town:

Here's something new!—a true fish story. About ten days ago, the Main Line Fishing Club inaugurated the season by sending its expert angler and two drop liners to Fortescue. The angler's object was to test the skill of the Fish, while that of the drop liners was to find out whether the fish were there. Anybody can catch fish with a drop line or net, but the true angler or sportsman never resorts to such unfair methods, any more than a hunter with honorable instincts will go to the Zoo and shoot the creatures caged up there and consider his actions sportsmanlike.

The odor which pervaded Narberth on Sunday morning, the 20th, was conclusive evidence that some fish had been at Fortescue, but were then with us. The expedition of deep sea navigators captured by fair means just twenty-two of the finny tribe and by drop line 182, which included nine weak and 195 silver bass. Had the angler not scorned the use of drop line or net, his score would have been much larger, of course, but as it is his conscience is clear. By the way, I was the angler.

Charley Verna and Bill Cohic are the drop liners. Funny thing happened which I can't explain. Bill would get a bite and start to haul in his rope, when suddenly his fish would transfer himself to Charley's hook as though it preferred to be hauled in by him. I can vouch for the fact that this occurred several times and that, of course, is conclusive. It looked suspicious, though, because these two pothunters were tied for the quantity prize, but nothing could be proved against Charley. Bill says that he must have hired a submarine to do the dirty work.

Your Roll of Honor on the first page omits mention of two tried and true veterans, one being Lou Hess, who fought in the Mexican War, and Charley Noel, who wears a Spanish-American War medal. These two old warriors are sore on you because you have ignored them. Another thing you should know is that your report of the Narberth Home Guard parade doesn't mention the fact that Captain Noel carried the beautiful flag that belongs to the fire department. The captain lugged it all over town for the sake of getting his name in the paper—and then your reporter had to go and leave his name out. You can't make friends that way.

If the Tennis Club continues to expand, Bill Cummer will have to move together with his tin can garage.

Funny how the war keeps on, in spite of the Current Topics Club, which settles the thing every two weeks.

The building and loan association officers and directors were the guests of Charley Caldwell, at Atlantic City, last Sunday. Wonder if Charley still sports that stove pipe hat and short coat combination which was the envy of Chestnut street on Saturday afternoons?

Kennedy Duff polishes and talcum powders his car every Saturday and appears to enjoy the operation. Expects to take a ride when they abolish the toll roads, I believe.

Abel Bottoms trims his lawn with a curry-comb. Take a look. Cub.

A meeting of the Ardmore Canning Center will be held at the residence of Miss Mary Gibson, Wynnewood, on Monday afternoon, June 4, at three o'clock. The speakers will include Mr. Clarence Sears Kates, member of the Mayor's Food Commission, and also vice president of the Pennsylvania Rural Progress Association. His subject will be "Our Duty to the Government in the Present Food Crisis." Mrs. Jeanne Kane Foulke will speak on "How to Conduct a Canning Center." Mrs. Foulke is one of the nine demonstrators chosen by the Agricultural Department. Miss Ina S. Lindman, who is an expert in domestic science, will speak on "Food Conservation."

Everybody interested is cordially invited, and it is hoped there will be a big representation from Narberth.

Charles V. Noel, of Narberth, has been appointed solicitor to secure, through the Aldine Trust Company, of which he is assistant treasurer, subscriptions for the Liberty Bonds.

Mr. Noel, through the columns of Our Town, states that if anyone wishes to buy a bond outright, interest at the rate of 3 1-2 per cent. will be paid from the time of payment of the full amount.

\$1.00 a week will buy a \$50 bond—in fifty weeks.

RECOGNITION SERVICE

On Friday evening, May 25, at the Baptist Church of the Evangel, the recognition service of Rev. Avery S. Demmy as pastor was a very interesting occasion. Rev. John Gordon, D. D., presided in his inimitable manner. The music was good. The Scriptures were by Rev. C. G. Koppel, of the Methodist Church, and prayer by Rev. John Van Ness, of the Presbyterian Church.

An address of welcome was delivered in behalf of the Presbyterian Church by Rev. Van Ness, and an address of welcome in behalf of the Methodist Church by Rev. Koppel.

The Rev. Howard Wayne Smith, of Ardmore, brought greetings from our neighboring Baptists, and a letter of regret was read from Rev. A. S. Burke, of the Episcopal Church of Wynnewood. All of which addresses were responded to in a very happy manner by Pastor Demmy.

Next Friday evening, June 1, the church will give a reception to Rev. and Mrs. Demmy to which all are invited.

STATE TO FREE LANCASTER PIKE

Sold to Commonwealth for \$165,000 and Toll Gates Will be Abolished on July First

The Lancaster turnpike, the most important road leading out of Philadelphia, has been sold to the State and will be turned over to the State Highway Department and freed of tolls July 1. It will also be repaired immediately afterward by the State.

The portion from which the toll-gates will be removed extends from City Line avenue to Paoli, almost fifteen miles. It is understood that the State will pay \$165,000 for the road, which is \$200,000 less than the turnpike company asked for it.

The sale was made as the result of an agreement between the Lancaster Avenue Improvement Company, owner of the road, and the State Highway Department, whose engineers last year made a thorough survey and inspection of the highway.

The comparatively low price was finally agreed to by the turnpike company, it is said, when President Rea, of the Pennsylvania Railroad Company, which was interested in the turnpike, exercised his influence to have the owners accede to what was regarded as a popular feeling that the road should be freed.

The Lancaster turnpike is part of the Lincoln Highway. It is the most traveled suburban road in this vicinity, and thousands of motorists will hail with delight the announcement that the tollgates are to disappear from it.

The freeing of the road will affect residents of the entire Main Line from City Line to Paoli. It will mean the beginning of an extensive road development along the Main Line, as the toll-dodging heavy automobiles and trucks that have used the side roads will naturally stick to the pike and the wear and tear with its consequent high cost of maintenance, on numerous township side roads, will be materially lessened.

The freeing of the Lancaster turnpike, furthermore, is the first break in the "Hindenburg" line of toll roads west and south of the city. It is expected to hasten the court proceedings instituted by citizens of Lower Merion to free Montgomery avenue, which practically parallels Lancaster avenue on the north side of the Pennsylvania Railroad. It is likewise expected to accelerate the movement to free the West Chester turnpike, which has been used considerably for Main Line residents.

The Lancaster pike is, historically one of the oldest highways leading out from Philadelphia toward the western part of the State, and was naturally chosen to be a unit of the Lincoln Highway. It was taken over in 1888 from the Philadelphia & Lancaster Turnpike Company by the Lancaster Avenue Improvement Company.

The purchase of the Lancaster pike closes the work of the road jury of views appointed by the Courts of Chester, Delaware and Montgomery counties. This jury met on the pike and inspected the same on April 12, and later held a meeting in West Chester to take testimony, but adjourned, pending negotiations between the State officials and the Board of Directors of the Turnpike Company. The former had several engineers named also to inspect the pike to testify as to its value. These all took measurements and depth of macadam, etc., but their testimony was not needed, as the deal has been closed, as stated above, for \$165,000, and transfer will be made on July 1. This fact was prophesied a week or so since in these columns, but the deal had not been entirely closed until now.

"ALICE IN WONDERLAND"

A credential from Mr. Charles Howard Mills, an authority on education, quotes "Alice in Wonderland" as the greatest success in five years of motion picture entertainments under his supervision, which resulted in an actual "storming" of the doors of the Auditorium on the nine days showing.

AN AFTERNOON GIVEN TO RELIEF WORK

A great many surgical pillows for broken arms and legs are badly needed by the Women's Division of National Preparedness (Pennsylvania R. R. Chapter). Mrs. Edward O'Dell, who is connected with this chapter, invites all members of this chapter who reside in Narberth, the Community Club, Auxiliary of the Y. M. C. A., and of Queen Mary's Guild to an entertaining and useful afternoon on Thursday, June 7, at 1.30 P. M. when many hands will make the labor light of clipping, basting and stitching these pillows for injured soldiers. An excellent musical and instructive program is also promised to all those who attend. If the ladies who belong to these organizations will kindly communicate with the chairmen of their respective clubs as to whether they will be able to attend it will be appreciated by those arranging the affair. Mrs. George W. Boyd, the head of this chapter, anticipates that Narberth will respond with its usual avidity and that a large number of surgical pillows will be ready to start on their errands of mercy as a result of Thursday afternoon's work. Ladies are requested to bring their scissors.

Lots of our new folks are giving the summer membership at the association a fair trial, why not you? Ask or write for any particulars which you may desire.

SCHOOL NOTES

The fifth grade accompanied by Miss Kemery and Miss Melchior spent Saturday in Philadelphia visiting places of historical interest, the Academy of Natural Sciences and the Zoological Garden. It was a day worth while and was the more enjoyable because of the generosity of Messrs. Southerland and Saville, who kindly took them to the city in their automobiles.

Helen Duff and Grace Nevin, who have registered for Mt. Holyoke in 1918, together with their mothers, gave a very informal little reception to four girls from nearby schools who expect to enter Mt. Holyoke. Their mothers also were present. The interest of the hour centered around a collection of large photographs of the college and surroundings. Miss Dean, a former student of the college, was guest of honor.

Please remember the date of June 22, for it will mark one of our big annual events—commencement. The new school building is nearing completion.

Don't forget the base ball game with Haddon Heights on our ground on this Friday, also the game with Darby on June 5.

How few of our boys and girls really understand the old patriotic songs and poems? There are many ways of teaching patriotism. Our school does not forget the underlying principles. The community civics class is daily trying to drive something home, so are the other classes, but of particular interest and merit lately, has been the studying of the national songs and poems in the public speaking classes. The beautiful and stirring thoughts so often thoughtlessly sung are made living ideas in the minds of the students. Have you noticed how many people must use their books when they sing "America"? Our public speaking department is using memory with understanding.

On Friday, June 1, the regular meeting of the Narberth Branch Woman Suffrage Party will be held at the home of Mrs. Alex. Chambley, 106 Grayling avenue, 3 P. M. Come hear about canning fruits and vegetables.

Our Town with deepest regrets announces the decease of one of Narberth's highly esteemed and respected citizens, William A. Lindsay.

Mr. Lindsay was 60 years of age and settled in Narberth about ten years ago, coming from Pittsburgh.

Owing to injuries sustained in January last while traveling he had been an invalid until death relieved his sufferings on the 24th.

Mr. Lindsay leaves a widow, son and daughter.

BOY SCOUTS NEWS
 The regular weekly meeting of the Boy Scouts, Troop No. 1, was held on the twenty-fifth day of May. It was opened as usual by the Lord's Prayer, Pledge to the Flag and the Scouts' Oath. Business was discussed, including that of the garden on Anthwyn Farms.
 The Scouts were invited to attend the Memorial Day service at the Presbyterian Church on the 27th. Many Scouts were present, and the services were greatly enjoyed.
 The Scouts are getting along very well with their gardens. All of the patrols have most of the seeds planted and it looks as though it was to be a great success. This is because of the faithful work of some of the Scouts. A few being enthusiastic enough to get up early in the morning and work before school.

CHURCH FAIR

The ladies of the Guild of All Saints' Episcopal Church will give a garden party, bazaar and cake sale on Saturday, June 9, from two until eight o'clock, at Wynnewood Park. The proceeds are for the parish and Main Line Branch No. 1 of the Red Cross. There will be a play given by the Sunday school children on this occasion.

BUY A LIBERTY BOND

Everyone may help win the war by purchasing a Liberty Bond. These Bonds may be purchased at our local bank for \$50, \$100 and upwards. A \$50 bond may be bought by paying \$1 down and the balance in four succeeding payments between the time of purchase and August 30.

Do you want to help your country? Then buy a bond. You can help in this way, if in no other. Every family in Narberth should have at least one bond. Our country is at war, very serious war, and everyone must help. If you cannot give your service or your life for your country, loan your money and let it work in a patriotic cause.

FAIRVIEW UNION SUNDAY SCHOOL

(Continued From Last Week)
 "Another example of Fairview loyalty: A week ago I received a package by parcel post from Lawrence, Mass., and I opened it to find a bouquet from one of my old Sunday school scholars. My scholars never forget."

"To-day the Sunday school is ninety-three years old—just think of it, ninety-three years. Why there is not a person in this room who is that old. When this Sunday school started there was an old meeting house here, the Quaker meeting house—and I want to tell you that I am a Quaker and that is why I am quiet and do not say much. Around about us there was a Baptist Sunday school and a Methodist Sunday school, but Fairview lived and is much alive to-day and I hope that God blesses and praiseth it so that it will live forever. Your old superintendent must pass away, but let God raise someone in his place and carry on the work. We have five denominations in this Sunday school and you cannot tell the Presbyterian from the Quaker. We are just one big family and we are all praising God as one family."

"The thought came to me one morning about 2 o'clock. I awoke and thought about Fairview and thought what could be done to keep the people together and to keep them from scattering some here and some there. The thought came to me that we ought to have an association of Christians and we formed an association here. It is flourishing and doing good work and we can all gather here and praise God from Whom all blessings flow."

An appreciative part of the exercises was the presentation by Mr. H. C. Gara in behalf of the Baptist, Presbyterian and Methodist churches of Narberth, of a purse containing \$40 in gold as the foundation of an organ fund started by the Fairview Sunday School.

The following is the order of the exercises:

- Singing of "America" by Sunday school.
 - Invocation—Rev. Frank Rose, pastor Gladwyn Presbyterian Church.
 - Address—Mr. C. J. Fryer.
 - Chorus—Sunday school children.
 - Greetings from Narberth Presbyterian Church by Rev. John Van Ness.
 - Quartette—Mrs. F. Smith, Mr. L. Smith, Mr. and Mrs. N. B. Montgomery.
 - Greetings from Radnor Methodist Church by Rev. S. R. Smith.
 - Solo—Miss Marion Ewing.
 - Congratulations of Gladwyn Presbyterian Church by Rev. Frank Rose.
 - Hymns—Sunday school.
 - Presentation of gift of Narberth Churches—Mr. H. C. Gara.
 - Acceptance of gift—Mr. C. J. Fryer.
 - Greetings from Baptist Sunday School, Narberth, by Mr. H. S. Hopper.
 - Offering.
 - Doxology.
 - Benediction—Rev. S. R. Smith.
- The music for the occasion was furnished by Miss Mary Gara, Mr. Thos. Knutsen, Mr. Rogers, Mr. A. J. Loos, violinists; Mrs. N. B. Montgomery and Miss Marion Ewing, organists.

When Disaster Happens

(Continued From Last Week)
 The San Francisco earthquake with the fire which instantly followed it has taken its place in history with the greatest of the world's disasters. At that time the American National Red Cross had just been rejuvenated and re-organized.

The difficulties in the way of coalescing the efforts of the United States Army and the various relief societies quickly were overcome even at a time when chaos seemingly existed. The work of the Red Cross concerned itself with almost every form of relief. Its labor ranged from actual rescue work to the housing and the feeding of the destitute and to the rehabilitation of the people when conditions approached the normal.

These brief paragraphs can only suggest to the reader's mind and imagination the splendid devoted services of Red Cross men and women in the hundred campaigns of the past ten years against the tragic effects of disaster. Unconscious heroism is a repeated incident of their daily doings; their sympathy expresses itself in work, made more effective by their

practical knowledge of suffering. The tender heart means with them active hands, directed by alert brains.
 The Red Cross stands for Service. The Red Cross means Relief. Its work is not cold, over-cautious, nor statistical. It labors for humanity, and in the highest sense its labor is without money and without price.

In Narberth
 If you have read this article you must realize how wonderful is the work of the American Red Cross. Why not add to their efficiency by sending your dollars as membership dues? Narberth now has 150 members enrolled—but let us have two hundred.

The Narberth branch under the leadership of Mrs. F. W. Stites wishes to thank all who have so kindly contributed money, membership and supplies.

Thanks to the Thimble Club who raised money by a rummage sale, \$14.80 buying the material and making eight dozen pillow cases.

Thanks to the committee in charge of the benefit dance who realized a large sum of money. To the Narberth Fire Company for their co-operation. Thanks to Miss Doris Von Culin and her aides who collected a supply of pins and a sum of money (the pins were required for admission) at a Red Cross benefit. How many have read the bulletins lately? Do you know that two Narberth women are among those who have volunteered in the Automobile Messenger Service? Find out who they are!

The announcement is made of the marriage of Mr. Robert McCaig, the well known illustrator, to Miss Henrietta Collins, of Woodhaven, Long Island, on May 16. Mr. and Mrs. McCaig will be at home after September 1, at 111 Woodside avenue, Narberth.

MILITARY ENGINEERS WANTED
 It has been officially announced that our military forces are seriously wanting in the engineering department. Men of ability in this character of service are urgently needed. Dr. O. J. Snyder, of our town, makes a proposition contained in the accompany letter:

To the Editor of Our Town:
 If there are men in Narberth and vicinity desirous of doing preliminary work to qualify for the engineering department of our military service, I will be glad to render every assistance possible.

Applicants, to be eligible, should have had advanced courses in physics and higher mathematics, including solid geometry, trigonometry and calculus and surveying.

If there are any who have done practical work in flag and heliograph signaling, portable field telegraphing and telephoning, portable field defenses, bridge and pontoon construction, topographical work at night and other work of like character or equivalent value, are especially urged to come forward.

O. J. Snyder,
 Ex-Lieut., Engineer Corps, D. C. N. G.

ALICE IN WONDERLAND

The children, young and grown-ups, are to have a treat in the six reel masterpiece "Alice-in-Wonderland," which is to be screened at the Arcade Theatre, on Tuesday, June 5, at 3.30, 7 and 9 P. M. Wherever this film has been shown the exhibitors (Women's Clubs and school officials) have passed the highest compliments on this attraction. Don't forget to come and bring the kiddies.

- The above department should be of the greatest use to the community, the list contains the name of every professional man, tradesman, mechanic, shopkeeper, etc., who does or can in any way serve his fellow-townsmen, and who is progressive enough to add name to list of Register.
 As it is difficult for those contributing their time and efforts to the production of "Our Town" to personally either know or interview all such, it would be most helpful if those not now found in the printed list would send in a memo of their names, address, phone numbers and businesses or professions for listing. This will cost as follows: 10 cents each issue for 2 lines; 5 cents for each additional line.
