SHORT STATEMENT OF PRINCIPLES.

THIS SOCIETY differs in its Principles from any other Office.

Instead of charging rates admittedly higher than are necessary, and afterwards returning the excess, or a portion of it, in the shape of Periodical Bonuses, it gives from the first as large an Assurance as the Premiums will with perfect safety bear—reserving the Whole Surplus for those who live long enough to secure the Common Fund from loss.

A Policy for £1200 to £1250 may thus in most cases be had for the Premium usually charged for £1000 only; while, by *reserving* the surplus, large additions may be expected on the Policies of those who live to participate. In a few cases, Policies sharing at the whole four divisions have already been doubled.

ITS TERMS are thus well calculated to meet the requirements of intending Assurers. They are specially adapted to the case of Provisions in Family Settlements, or otherwise, where it is of importance to secure, from the first, for the smallest present outlay, a competent provision, of definite amount, in the case of early death.

Annual Premiums for £100 at Death (with Profits).

AGE.	25	30	35	40	45	50
Payable during life	£1 18 0	£2 1 6*	£2 6 10	£2 14 9	£3 5 9	£4 1 7
Limited to 21 payments	2 12 6	2 15 4	3 0 2	3 7 5	3 17 6	4 12 1

* A Person of 30 may thus secure £1000 at Death, by a yearly payment, DURING LIFE, of £20, 15s. This if paid to any other of the Scottish Mutual Offices, would secure £800 only, instead of £1000.

At age 40 the Premium *ceasing at age 60* is, for £1000, £33, 14s. 2d., being about the same as most Offices require to be paid during the whole term of life.

The 39th Annual Meeting was held at Edinburgh on 28th March 1877.

‘The New Business again exceeds a Million, of which no portion was re-assured. The ratio of Expenditure continues unusually low. The Mortality and emerging Claims have been very moderate, slightly under last year; and there is consequently again a large increase in the Accumulated Fund.’

The New Policies were 1761, assuring £1,028,888, besides 24 Annuities for £1700 a year. New Premiums £32,741, and a further sum of £15,848 was received as price of Annuities. The total Premiums received in the year were £322,221. Total Receipts, including Interest, £441,598. Subsisting Assurances 22,368 for £11,347,707. The Deaths were 227, and the claims, after deducting a portion covered by re-assurance, £162,825, including £17,666 of Bonus additions.

The Realized Fund amounted at 31st December last to £2,876,091, 13s. 6d., showing an increase in the year of £227,204, 18s. 1d.

THE FUND NOW EXCEEDS £2,900,000.

Full STATEMENTS of PRINCIPLES will be found in the ANNUAL REPORTS.

SELECTIONS FROM OPINIONS OF THE PRESS.

"We can heartily recommend the 'Handy General Atlas' which Messrs Philip & Son have published. The maps, which have been engraved by Mr Bartholomew, are clear and easy of reference; while we have found by constant use that the selections of names is most judicious. The volume will prove useful to all readers of newspapers, and popular books of travel."—*Athenæum*.

"We would especially desire to notice 'Philip's Handy General Atlas,' illustrating Modern, Historical, and Physical Geography. It is really a most valuable work, and contains much matter which has not been set out in the same form; for the geography of the English Colonies is especially attended to, and the changes effected in the map of Europe by the wars of Napoleon illustrated by successive maps."—*Westminster Review*.

"We have been at some pains to examine the maps and test the accuracy of the Index, and we must pronounce the work in every respect excellent."—*Liverpool Albion*.

"The 'Handy General Atlas' is a very excellent work for the use of students, and generally for purposes of reference in connection with geography. The maps are clearly printed, carefully coloured, and they appear, so far as we have been able to examine them, to be accurate in all respects. There is an admirable Index to the Atlas, and altogether the work is one which should have great popularity in the country."—*Scotsman*.

"The Maps are remarkable for the clearness and accuracy of their execution, and embody the latest territorial changes, and the results of the most recent discoveries."—*Courant*.

OPINIONS OF THE PRESS.

“The maps reduced from the Ordnance Survey Sheets of Scotland, which are being published by Messrs A. & C. Black, Edinburgh, are deserving of a special word of praise, both on account of the care and skill with which they are delineated, and for the handy, portable shape in which they are issued. The scale—half-an-inch to the mile—is sufficiently large to allow of every farm, patch of wood, streamlet, or eminence likely to attract the notice of the tourist being plainly denoted, and Mr John Bartholomew has shown excellent judgment, as well as bestowed great pains in selecting the materials for the maps from the larger sheets. The heights of all the noteworthy eminences are given, but the roads and byeways of the country are indicated with special care. The result is a map at once clear, full, and accurate, and having the additional recommendations of being well mounted, tastefully tinted, and of convenient size.”—*Scotsman*, 26th May 1875.

“We speak advisedly when we say that these maps are the only existing tourist's maps that can be depended upon for the exact distance from place to place marked on them. Not one of the hundreds of cheap maps even pretend to accuracy in this respect. . . . We have no doubt whatever that they will at once supersede all existing maps, not only for the purposes of the tourist, but for all general purposes.”—*Courant*.

“After a most careful scrutiny of the many points and places of interest on the West Coast, we can testify to the skill and accuracy of Mr Bartholomew; while it is an additional recommendation that the delicacy and clearness of the engraving render the maps pleasant to the eye.”—*North British Daily Mail*.

MR M^CDONALD begs to express his most grateful thanks to the numerous Patrons and Friends who have given him their support since he opened the above Premises. He may mention that the support has far exceeded his expectations.

With a determination to make every possible exertion that attention to orders, large practical experience, commodious premises, and abundance of capital may enable him to accomplish, and to insure a continuance of that patronage acquired, as also to obtain increasing favour with the public, he has resolved that every real improvement invented, applicable to the Trade, shall be introduced.

The Cutting Departments have been entirely re-modelled, whereby orders can be executed with regularity and despatch, and with a precision hither unattainable.

EXPLANATION.—In the Left-hand Table are the years of the Century, and above each is the Dominical Letter corresponding with that Year. Then, opposite to the Month, at the foot of the Right-hand Table, will be found a corresponding Letter, over which are placed the Days of the Month and Week for that Month (distinguishing the Sundays by a different type). Each Blank Space in the Left-hand Table shows the Year following to be Leap Year; and as every Leap Year has two Dominical Letters, the Letter above the *Blank Space* must be used for January and February in every Leap Year; and for the other months, use the Letters belonging to the respective Years. By transposing the Dominical Letters, this Calendar would answer for any Century.

RATES OF POSTAGE, AND CONDITIONS OF TRANSMISSION.

INLAND LETTERS.

The prepaid rates of postage are as follows, viz.:—
For a letter not exceeding 1 oz., 1d.
" above 1 oz. but not exceeding 2 oz., 1½d.
" " 2 oz. " " 4 oz., 2d.
" " 4 oz. " " 6 oz., 2½d.
" " 6 oz. " " 8 oz., 3d.
" " 8 oz. " " 10 oz., 3½d.
" " 10 oz. " " 12 oz., 4d.

A letter exceeding the weight of 12 oz. is liable to a postage of 1d. for every ounce, beginning with the first ounce. Thus a letter weighing between 14 and 15 ounces must be prepaid 1s. 3d.

A letter posted unpaid is chargeable on delivery with double postage; and a letter posted insufficiently prepaid is chargeable with double the deficiency.

No letter may exceed the dimensions of 18 inches in length, 9 inches in width, and 6 inches in depth, unless it be sent to or from one of the Government offices.

COLONIAL AND FOREIGN LETTERS.

The rates of postage on letters to foreign countries and the colonies are entered in the Table of Foreign and Colonial Postage.

To some countries prepayment is compulsory, and to some the whole of the postage cannot be prepaid.

A letter posted unpaid, or paid only in part, directed to go by a route by which prepayment is compulsory, is returned to the writer, unless there is another route to send it by which prepayment is not required. Letters, however, for Australia and New Zealand, if prepaid as much as one rate (even though the prepayment be insufficient), are forwarded, charged with the deficient postage and an additional rate.

A letter posted insufficiently prepaid for a place to which prepayment is optional is sent forward charged, the value of the stamps, however, being, as a rule, taken into account.

The following are the charges, made on delivery at the under-mentioned places upon letters posted unpaid (wholly or in part):—

1s. each in addition to the deficient postage—British West Indies, China, Hong Kong, Labuan, Penang, St Croix, St Thomas, Singapore.

9d. each in addition to the deficient postage—Ceylon.

3d. each per $\frac{1}{2}$ oz. in addition to the deficient postage—India.

8d. per $\frac{1}{2}$ oz., minus the value of any stamps affixed—Cape de Verd Islands.

6d. each in addition to the deficient postage—Bermuda, *viâ* New York or Halifax, Cape Coast Castle, Cape of Good Hope, Falkland Islands, Gambia, Gold Coast, Lagos, Mauritius, Natal, Sierra Leone, St Helena.

Double the prepaid rate, minus the value of any stamps affixed—Austria, Azores, Belgium, Beyrout, Canada, Canary Islands, Constantinople, Denmark, Egypt, France and Algeria, Germany, Gibraltar, Greece, Holland, Italy, Madeira, Majorca, Minorca, Malta, New Brunswick, Newfoundland, Norway, Nova Scotia, Portugal, Prince Edward Island, Smyrna, Spain, Sweden, Switzerland, Tangier, Tunis, Turkey, United States.

The same rates are chargeable in this country upon unpaid or insufficiently paid letters received from the above-named places, with the exception that letters from China are charged the prepaid rate only.

No letter for any colony or foreign country may be above 2 feet in length, or 1 foot in width or depth.

Letters not specially directed by a particular route are forwarded by the route immediately following the name of the place in the Table of Colonial and Foreign Postage:

Exceptions.—1. Letters for Aden and India are sent by the first mail despatched by British packet, either *viâ* Brindisi or *viâ* Southampton, according to the route indicated by the postage; letters for Borneo, Ceylon, China, Japan, Java, Labuan, Penang, Philippine Islands, and Singapore, are sent by first packet, whether British or French, according to the route indicated by the postage.

2. Letters for Canada posted after the despatch of the mail by Canadian packet on Thursday, are forwarded *viâ* the United States by the next packet to New York.

3. Letters, etc., for New Brunswick, Nova Scotia, and Prince Edward Island, posted after the despatch of the mail *viâ* Halifax, are forwarded by the Canadian Packet.

4. Letters for the Argentine Confederation and Uruguay are sent in the first mail despatched by British or French packet after the time of posting; those for Brazil, Hayti, and the United States of Colombia, and Venezuela are sent by the first packet *viâ* Southampton or Liverpool. Those for Cuba are sent in the mail *viâ* France, if such be the first mail, and those for Mexico by the first packet, irrespective of route.

Letters for Brazil, Monte Video, Peru, and Chili, if specially directed '*by Supplementary Mail viâ Bordeaux*,' and posted in time for despatch from London by the day mail of Friday, will in due course overtake, at Bordeaux, the packet despatched from Liverpool on the previous Wednesday. The postage *viâ* Bordeaux is the same as *viâ* Liverpool.

Letters for such places in Turkey and Asia Minor as have no Austrian Post Office should be addressed to the care of an agent residing in the nearest port at which an Austrian Post Office has been estab-

lished. It is recommended also that any letters for Erzeroum and other parts of the interior of Armenia, or for Persia, be addressed to the care of some agent at Samsoun or Trebizond, to be forwarded to their destination. Letters for places in the Persian Gulf are forwarded *viâ* Bombay, if specially directed by that route and prepaid the Indian rate of postage.

Letters for Russia should have the name of the town added in either English, French, or German; and if for the smaller towns in Russia, they should bear as a part of their address the name of the province or government in which they are situated.

INLAND CARD POST.

Post-Cards, whether official or private, which bear a halfpenny impressed stamp, are available for transmission between places in the United Kingdom.

The front (or stamped) side is intended for the address only. There must be nothing else written, printed, or otherwise impressed on it, nor must there be any writing or printing across the stamp. On the reverse side any communication, whether of the nature of a letter or otherwise, may be written or printed. Nothing whatever may be attached; nor may the card be folded, cut, or otherwise altered. If any of these rules be infringed, the card will be charged 1d. on delivery.

When, owing to a great and unusual influx of letters, books, etc., the transmission or delivery of the letters would be delayed if the whole mail were dealt with without distinction, Post-Cards may be kept back until the next despatch or delivery.

No card other than one of those issued by the Government, or a private card impressed with the halfpenny stamp, will pass under a halfpenny stamp, if it bear on it a written communication of the nature of a letter.

Post-Cards are sold at the rate of 7d. and 8d. per dozen.

For information as to the conditions under which private cards are impressed with a halfpenny stamp, application must be made to the office of Inland Revenue.

FOREIGN POST CARDS.

These Post-Cards, 1 $\frac{1}{2}$ d. each, are intended for transmission to Foreign Countries comprised within the General Postal Union, British India excepted. The postage of a card is in every case one-half the single letter rate.

INLAND NEWSPAPERS.

Under the Post Office Act, 1870, any publication fulfilling the conditions hereafter named can, upon payment of an annual fee of 5s., be registered at the General Post Office to pass within the United Kingdom as a newspaper for a postage of one halfpenny. Without such registration no newspaper is entitled to be sent through the post at less than the book rate of postage.

Registration for inland circulation includes registration for transmission abroad.

The conditions are as follows:—

The publication must consist wholly or in great part of political or other news, or of articles relating thereto, or to other current topics, with or without advertisements.

It must be printed and published in the United Kingdom, must be published in numbers at intervals of not more than seven days, and must be printed on a sheet or sheets unstitched.

The full title and date of publication must be printed at the top of the first page, and the whole

or part of the title and the date of publication at the top of every subsequent page; and this regulation applies to 'Tables of Contents' and 'Indices.'

A supplement must consist wholly or in great part of matter like that of a newspaper, or of advertisements, printed on a sheet or sheets, or on a piece or pieces of paper, unstitched; or wholly or in part of engravings, prints, or lithographs illustrative of articles in the newspaper. The supplement must in every case be published with the newspaper, and must have the title and date of publication of the newspaper printed at the top of every page; or, if it consist of engravings, prints, or lithographs, at the top of every sheet or side.

For each newspaper, whether posted singly or in a packet, the postage, when prepaid, is one halfpenny; but a packet containing two or more registered newspapers is not chargeable with a higher rate of postage than would be chargeable on a book packet of the same weight—viz. one halfpenny for every 2 oz. or fraction of 2 oz.

A newspaper posted unpaid, and a packet of newspapers posted either unpaid or insufficiently paid, will be treated as an unpaid or insufficiently paid book packet of the same weight.

The postage must be prepaid either by an adhesive stamp or by the use of a stamped wrapper.

No newspaper can be sent through the post a second time for the original postage; for each transmission a fresh postage is required.

Every newspaper or packet of newspapers must be posted either without a cover or in a cover entirely open at both ends, and in such a manner as to admit of easy removal for examination. If this rule be infringed, the newspaper or packet will be treated as a letter.

Every newspaper must be so folded as to admit of the title being readily inspected.

A newspaper, or a packet of newspapers, which contains any enclosure except the supplement or supplements belonging to it, is charged as a letter, unless the enclosure be such as might be sent at the book rate of postage, and the entire packet be sufficiently prepaid as a book packet, in which case it is allowed to pass.

A newspaper which has any letter, or any communication of the nature of a letter, written in it or upon its cover, will be charged as an unpaid or insufficiently paid letter.

No packet of newspapers must exceed 14 lbs. in weight, nor may it exceed 2 feet in length or 1 foot in width or depth.

COLONIAL AND FOREIGN NEWSPAPERS.

The rates of postage to the colonies and foreign countries on newspapers registered for transmission abroad will be found in the Table of Colonial and Foreign Postage. Each newspaper is liable to a separate rate of postage, whether sent singly or in a packet; and if above 4 oz. in weight, it is liable to two rates of postage, and so on.

The conditions of registration for transmission abroad are the same as those for inland transmission; excepting that for foreign transmission a newspaper may be published at intervals of thirty-one days, and that it may be printed (but not its supplement) on sheets stitched together. Moreover, 'prices current' and 'market reports,' but not private price-lists or trade catalogues, are admitted to the same privileges as newspapers for foreign transmission, provided they are published at intervals not exceeding thirty-one days.

Publications registered for transmission abroad must be posted *within eight days* from the date of publication, including the day of publication.

The collected numbers issued during the month of a weekly or fortnightly publication will not be allowed to pass as a monthly publication.

The postage must be prepaid with postage labels only.

Every newspaper or packet of newspapers must be posted either without a cover or in a cover entirely open at both ends, and in such a manner as to admit of easy removal for examination.

Every newspaper must be so folded as to admit of the title being readily inspected.

No newspaper, whether posted singly or in a packet, may contain any enclosure except the supplement or supplements belonging to it.

There must be no writing or other mark on a newspaper sent abroad but the name and address of the person to whom it is sent; nor anything on the cover but such name and address, the printed title of the publication, the printed name and address of the publisher or vendor who sends it, and words indicating the date on which the subscription to the newspaper will end.

No packet of newspapers must exceed 2 feet in length or 1 foot in width or depth. For limit of weight, see Table of Colonial and Foreign Rates.

It is forbidden to introduce into Russia, through the post, political newspapers, in covers open at the ends or sides; and the only means by which persons residing in Russia can obtain newspapers from the United Kingdom is by subscribing for them at one of the Russian Post Offices. This prohibition does not, however, extend to political newspapers, or any other publication, addressed to members of the Royal Family of Russia, the Imperial Ministers, or members of the Diplomatic Corps. The admission into Russia even of newspapers not of a political character, is permitted only when they are addressed to the house of some established bookseller, to the higher schools, to the Imperial Public Library, or to the Academy of Sciences in Russia. Printed prices current, however, as well as printed circulars, in covers open at the ends or sides, are allowed to be addressed to any persons residing in Russia.

INLAND BOOK POST.

A book packet may contain any number of separate books or other publications, photographs (when not on glass or in cases containing glass or any like substance), drawings, prints, or maps, and any quantity of paper, or any other substance in ordinary use for writing or printing upon; and the books or other publications, prints, maps, etc., may be either printed, written, engraved, lithographed, or plain, or any mixture of these. Further, all legitimate binding, mounting, or covering of a book, etc., or of a portion thereof, is allowed, whether such binding, etc., be loose or attached; as also rollers in the case of prints or maps, markers (whether of paper or otherwise) in the case of books, pens or pencils in the case of pocket-books, etc., and, in short, whatever is necessary for the safe transmission of such articles, or usually appertains thereto; but the binding, rollers, etc., must not be sent as a separate packet.

Circulars—i.e. letters which are intended for transmission in identical terms to several persons, and the whole or the greater part of which is printed, engraved, or lithographed, may also be sent by book post.

The postage is one halfpenny for every two ounces or fraction of that weight.

A packet posted wholly unpaid will be charged with double the book postage; and if posted partially prepaid, with double the deficiency.

Every book packet must be posted either without a cover or in a cover entirely open at both ends, and in such a manner as to admit of the contents being easily withdrawn for examination; otherwise it will be treated as a letter.

A book packet may not contain any letter, or communication of the nature of a letter (whether separate or otherwise), unless it be a circular letter, nor any enclosure sealed or in any way closed against inspection, nor any other enclosure not allowed. (Entries, however, merely stating who sends the book, etc., or to whom it is given, are not regarded as a letter.) If this rule be infringed, the entire packet will be charged as a letter.

No book packet may exceed 5 lbs. in weight, or 18 inches in length, 9 inches in width, and 6 inches in depth.

When, owing to a great and unusual influx of letters, books, etc., the transmission or delivery of the letters would be delayed if the whole mail were dealt with without distinction, book packets may be kept back till the next despatch or delivery.

COLONIAL AND FOREIGN BOOK POST.

The rates of postage on book packets to the colonies and foreign countries are given in the two following tables, as also in the Table of Colonial and Foreign Postage.

Every book packet must be posted either without a cover or in a cover entirely open at both ends, so as to admit of the contents being easily withdrawn for examination; otherwise it is treated as a letter. For the greater security of the contents, however, it may be tied at the ends with string.

The conditions specified in the first paragraph under 'Inland Book Post' are applicable to places abroad, with the exception of water-coloured drawings to France or Algeria.

No writing or manuscript mark, however, beyond the name and address of the person to whom it is sent is admissible in or upon a packet forwarded *via* France to the Argentine Confederation, Bolivia, Chili, Cuba, Ecuador, Hayti, Mexico, Paraguay, Peru, Porto Rico, St. Thomas, Uruguay, United States of Colombia, or Venezuela.

The limit of size for a book packet addressed to any place abroad is 24 inches in length and 12 inches in width or depth.

COLONIAL AND FOREIGN PATTERN AND SAMPLE POST.

There is a Pattern and Sample Post to such colonies and foreign countries as are marked in the Table of Colonial and Foreign Postage with the letter 'P'; but it is restricted to *bonâ fide trade patterns or samples of merchandise*. Goods sent for sale, or in execution of an order (however small the quantity may be), or any articles sent by one private individual to another which are not actually patterns or samples, are not admissible.

The rates of postage are the same as for Book Packets.

Patterns or samples, when practicable, must be sent in covers open at the ends, and in such a manner as to be easy of examination. But samples of seeds, drugs, and such like articles, which cannot be sent in covers of this kind,—but such articles only,—may be posted enclosed in boxes or in bags of linen or other material, fastened in such a manner that they may be readily opened; or, in the case of samples of seeds, etc., for the United States of America, Holland and its possessions, Belgium, Denmark, Greece, Portugal and its possessions, and Switzerland, in bags entirely closed, provided such closed bags are transparent, so as to enable

the officers of the Post Office readily to satisfy themselves as to the nature of the contents.

There must be no writing or printing upon or in any packet except the address of the person for whom it is intended, the address of the sender, a trade mark or number, and the price of the articles.

A packet of patterns or samples sent to Portugal, Madeira, the Azores, Cape de Verdes, France, or to Turkey, Syria, or Egypt, by French packet, must not exceed 18 inches in length, width, or depth; a packet to any other place abroad must not exceed 24 inches in length or 12 inches in breadth or depth.

Samples of intrinsic value must not be sent to any foreign country, to India or Canada; and in the case of France, samples of eider down, raw or thread silk, woollen or goats' hair thread, vanilla, saffron, carmine, or isinglass, are considered to fall under this rule, if they weigh more than three ounces. Raw and spun silk, as well as coloured and twisted silk, may be sent to Germany up to the same weight.

Such articles as scissors, knives, razors, forks, steel pens, nails, keys, watch machinery, metal tubing, pieces of metal or ore, provided that they be packed and guarded in so secure a manner as to afford complete protection to the contents of the mail bags and the officers of the Post Office, while at the same time they may be easily examined, may be sent as samples to places abroad, except France and places *via* France. Indigo cannot be sent to any place abroad.

The limit of weight is not the same to all countries. See Table of Colonial and Foreign Postages. A packet must not exceed 24 inches in length by 12 inches in width or depth.

INDIAN PARCEL POST.

Parcels can be sent to any part of British India, through the *Indian Parcel Post Agency*—established under authority of the Director-General of the Post Office of India—at 122 Leadenhall Street, London, E.C.

The charge from London to destination in India is 1s. per lb. or fraction of a lb. (prepayment optional). Insurance may be effected at the rate (to be prepaid) of 1s. up to £3 value, 2s. 6d. up to £10 value, and 5s. up to £20 value. Indian Customs duty (if chargeable) will be realized from the addressee.

The maximum weight, size, and value of a parcel are:—weight 50 lbs., size 2 feet long by 1 foot broad and 1 foot deep, value £20.

The following articles are forbidden contents:—Jewellery, watches, precious stones, liquids, or articles of a dangerous or damaging nature.

Parcels must be entirely closed and securely packed and fastened; a covering of cloth or waterproof sewn at the edges being recommended. The Indian address should be legibly written, with the superscription, 'By Indian Parcel Post.'

A letter of advice, stating name and address on parcel, contents and value for Custom House clearance, with legible signature and address of sender, should be sent to the Agency with each parcel.

Parcels forwarded from the country to the Office in London should have the Indian address, enclosed in an outer covering, bearing the address, 'Indian Parcel Post Agency, 122 Leadenhall Street, London, E.C.' The charges for carriage to London are additional to charges for transit or insurance to India, and may be prepaid to the local carrying agent, or left to be paid on delivery in London, and subsequently collected from the addressee. Cheques or money orders in payment for transit or insurance should be made payable to A. M. Bethune.

SPECIAL RATES OF POSTAGE, AND CONDITIONS OF TRANSMISSION.

ADDRESSES TO THE QUEEN, AND PETITIONS TO PARLIAMENT.

Petitions and addresses to Her Majesty, forwarded direct, are exempt from postage; and such petitions and addresses, as also petitions to either House of Parliament, if sent to a member of either House, are likewise exempt, provided they do not weigh more than two pounds, and are without covers, or in covers open at the ends. No letter or other enclosure, however, must be inserted; and if one be found, such enclosure, unless it bear the proper number of postage stamps, will be charged as an unpaid letter.

PARLIAMENTARY PROCEEDINGS.

Printed proceedings of the Imperial Parliament, sent without covers, or in covers open at the ends, may circulate within the United Kingdom at the rate of $\frac{1}{4}$ d. for every two ounces or fraction of that weight.

The words 'Parliamentary Proceedings' must be written or printed on the cover of the packet; otherwise it will be treated as an ordinary book packet.

Prepayment, when the circulation is within the United Kingdom, is optional; and when paid in part, the amount deficient only is charged.

Parliamentary proceedings may be sent, under the book post privilege, to all the colonies, and to those foreign states between which and this country there is a book post.

The limit of size prescribed for ordinary book packets does not apply to printed parliamentary proceedings.

PARLIAMENTARY NOTICES.

Parliamentary notices may be forwarded through the post under the following regulations:—

The words 'Parliamentary Notice' must be legibly printed on the face of the letter; and in order to secure the speedy return of any notices which may be undelivered, the name and address of the solicitor issuing such parliamentary notice should also be legibly printed or written on the face of the letter; though this is not imperative.

These notices must be posted at any Post Office at which money order business is transacted.

All notices which, by the standing orders of either House of Parliament, are required to be served on or before the 15th December, must be posted not later than the 12th December, unless the 12th fall on a Sunday, when they must be posted not later than the 11th; but those notices which, by the same orders, may be served after the 15th, must be posted at least three clear days before the time specified in the standing orders.

The postage chargeable on these notices, and the registration fee of 6d. on each, must be prepaid by stamps.

The notices must be posted at the Post Office window, accompanied with duplicate lists of the addresses; the notices being arranged, for the convenience of comparison, in the order of the list. These lists will be examined by the officer in attendance at the window; and if they correspond with the addresses, he will sign and stamp every sheet of each list. One of the duplicate lists will

then be returned to the person who brought the letters, and the other forwarded to the Secretary, General Post Office, London.

The hours for receiving such notices are the same as those for the registry of ordinary letters, unless they be presented at such a time as to interfere with the other duties of the office; in which case the postmaster may appoint any other time within the next twenty-four hours for receiving the same, provided that, when the notices are to be served on or before the 15th December, such arrangement do not delay the posting beyond the 12th. Re-directed parliamentary notices are, like letters, liable to an additional rate of postage.

The senders of parliamentary notices should, if possible, arrange on the previous day with the postmaster as to the most convenient time for posting them, and state the probable number.

LETTERS FOR NON-COMMISSIONED OFFICERS, SOLDIERS, AND SEAMEN IN HER MAJESTY'S SERVICE.

Non-commissioned officers, bandmasters, army schoolmasters (not being superintending schoolmasters or schoolmasters of the 1st class), schoolmistresses, private soldiers, or seamen belonging to Her Majesty's ships, whether serving on sea or land, and whether in a British possession or foreign country, as also enrolled pensioners in Canada, can send and receive letters by packet or man-of-war, for a postage of 1d.; but if any such letters have to pass through a foreign country, they are subject, in addition, to the foreign postage, whatever that may be. Thus, the postage to the under-mentioned countries (including the British charge of one penny) is as follows:

To or from—	<i>s. d.</i>
China, Ceylon, India, Japan, or Australia,	
<i>via Brindisi</i>	0 3
Mauritius, by French packet	0 4
Chili, Peru, or any other place in the South Pacific, <i>via Southampton and Panama</i>	0 2

The person claiming the privilege must at the time be actually employed in the service of Her Majesty, and must not be either a commissioned officer or warrant officer, viz. assistant engineer, gunner, boatswain, or carpenter, the privilege not extending to these officers.

If the letter be posted within the United Kingdom, the penny must be prepaid, as must any foreign postage that may be chargeable; and if sent by a private ship, the gratuity of one penny to the captain must also be prepaid. If posted abroad, prepayment is not compulsory; but if the letter be sent unpaid, it is on delivery charged twopence, together with any foreign postage or gratuity to a sea captain that may be due.

The letter must not weigh more than $\frac{1}{2}$ oz., and must relate entirely to the private concerns of the soldier or seaman.

The name of the soldier or seaman, with his class or description, must appear in the direction, and the officer having the command must sign his name, and specify the ship or regiment, corps or detachment, to which the soldier or seaman belongs; the name of the ship or regiment being entered in full. The foregoing particulars must be given in one of the following forms:—

SEAMEN.

From A. B., Seaman, H.M.S. _____
 (Here the direction of the letter to be inserted.)
 C. D., Captain (or other Commanding Officer),
 H.M.S. _____

To A. B.,
 Seaman, H.M.S. _____
 (Here the direction of the letter to be finished.)

SOLDIERS.

From A. B., Sergeant, etc., _____ Regt. _____
 (Here the direction of the letter to be inserted.)
 C. D., Colonel (or other Commanding Officer),
 Regt. _____

To A. B.,
 Private (or Sergeant, Corporal, etc.) _____ Regt. _____
 (Here the direction to be finished.)

If the letter be posted in the United Kingdom for a place abroad, unpaid or insufficiently paid, or if the class or description of the soldier or seaman be not written in the address, it will be detained, and returned to the writer for payment of the postage.

LETTERS FOR PASSENGERS ON BOARD MAIL PACKETS.

Letters for passengers on board the packets for America touching at Queenstown, or on board the Mediterranean packets about to sail from Southampton or Brindisi with the mails for India, Australia, China, etc., may be posted up to the time at which ordinary registered letters to go by the same packets are received.

The letters must be registered, and be addressed to the 'care of the commander of the packet.'

Letters for passengers by the Canadian packets touching at Londonderry may be posted up to the same time as ordinary registered letters for Canada, and must be addressed to the 'care of the officer in charge of the mails.'

Letters directed to the care of the packet agent at Suez, and despatched by the mail via *Brindisi*, will probably reach passengers for India, etc., who

have sailed in the packet from Southampton the previous week.

LETTERS BY PRIVATE SHIPS.

Letters intended to be sent by private ship must be addressed 'By Private Ship;' and if by a particular vessel, the name of the ship must be added. But in exception to this rule, no letters are forwarded by private ship sailing for New York. The postage of a letter by a private ship is as follows:—

Country.	For a prepaid Letter.	Fine if not wholly prepaid.
*Ascension,	per $\frac{1}{2}$ oz.	—
British West Indies,	6d.	—
Canada,	3d.	3d. each.
Cape de Verds,	2 $\frac{1}{2}$ d.	2 $\frac{1}{2}$ d. per $\frac{1}{2}$ oz.
Cape of Good Hope, Ceylon, Falkland Islands, Gambia, Gold Coast, Hong Kong, India, Lagos, Mauritius, Countries comprised in the General Postal Union, }	6d.	6d. each.
Natal and Sierra Leone, }	2 $\frac{1}{2}$ d.	2 $\frac{1}{2}$ d. per $\frac{1}{2}$ oz.
New Brunswick, Newfound- land, Nova Scotia, Prince Edward Island, }	6d.	6d. each.
St. Helena,	2 $\frac{1}{2}$ d.	2 $\frac{1}{2}$ d. per $\frac{1}{2}$ oz.
*All other countries,	4d.	4d. each.
	6d.	—

Letters cannot be sent unpaid to the countries marked thus (*). The postage for letters weighing more than $\frac{1}{2}$ oz. advances in the same manner as that for letters sent by mail packets. Unpaid letters coming into this country are charged the same rates as unpaid letters going out of it.

Book packets and patterns may be sent for the same postage as by mail packets to all places to which there are mail packets.

Newspapers by private ships to the Cape de Verds must be prepaid 2d. each per 4 oz.; and to all other places 1d. each per 4 oz.

REGULATIONS AS TO PREPAYMENT, REGISTRATION, ETC.

MODES OF PREPAYMENT.

Inland letters, newspapers, and book packets must be prepaid by means of stamps, either adhesive or embossed or impressed, except at the General Post Office, Edinburgh, where letters and book packets may, from 10 a.m. to 4 p.m., be prepaid in money, provided the amount be never less than £1, and that the letters and book packets be tied in separate bundles of 5s. each, with the addresses arranged in the same direction.

Letters to places abroad must be prepaid wholly in stamps. This rule applies also to registered letters.

Newspapers, book packets, and sample packets for places abroad can be prepaid only by means of stamps; and in their case prepayment is *always compulsory*.

British postage stamps, though available for all letters, etc., going out of this country, are not, as a general rule, available for letters, etc., coming into it; the principal exception being in the case of letters posted by naval officers, marines, and seamen serving abroad, which if posted in the ship's bag, must be prepaid by means of British postage stamps.

REGISTRATION (INLAND AND FOREIGN).

The fee for registering a letter, newspaper, or book packet passing between any two places in the United Kingdom is 4d.

No letter or postal packet addressed to initials or to a fictitious name can be registered, nor can any letter be accepted for registration unless the contents be securely placed so as not to move about, and be enclosed in a proper and well-fastened cover.

The fee chargeable to places abroad will be found in the Table of Colonial and Foreign Postage. To some countries a letter can be registered only to the port of arrival, and to a few countries there is no arrangement for registration.

Registered letters, etc., must be prepaid as regards both postage and registration fee; except official letters for Government Offices in London, Dublin, or Edinburgh, which may be registered on prepayment, in stamps, of the registration fee only.

Every letter to be registered should be presented at the counter, and a receipt obtained for it, and should on no account be dropped into the letter-box. If, contrary to this rule, a letter marked 'registered' be dropped into the letter-box, it will, if directed to any place in the United Kingdom or the British colonies, be liable to a registration fee of 8d., instead of the ordinary fee of 4d.

Registered letters require to be posted at General Post Office thirty minutes, and receiving offices fifteen minutes, before the closing of the box for ordinary letters; but upon payment of a late fee of 4d. they may be registered at General Post Office

until the closing of the letter-box for ordinary letters for each despatch.

The registration of a packet makes its transmission much more secure inasmuch as, under ordinary circumstances, a registered packet can be traced through its whole course; and thus the loss of a registered packet is a very rare occurrence. Nevertheless, large sums of money or other articles of great value should not be sent through the post, as the machinery of the Department is not arranged with a view to such transmissions. By law the Post Office is not responsible for the safe delivery of registered packets, though any officer who may neglect his duty on this point will be called to strict account. Sent in *unregistered* letters, valuable articles are exposed to risk; and the department cannot in any way undertake the safe conveyance of such packets. All inland or colonial letters, therefore, which contain coin, and all inland letters which contain watches or jewellery, even though they be posted without registration, are treated as registered, and charged on delivery with a double registration fee of 8d. in addition to the ordinary postage; and any such letters which cannot be registered in time to be forwarded by the mail for which they are posted, are detained for the next despatch.

No letter-carrier, rural messenger, or other servant of the Post Office, is allowed to carry a letter for any person to be registered.

RE-DIRECTION AND DELIVERY.

Every inland re-directed letter, post-card, or other postal packet, is liable to an additional postage (at the prepaid rate) for each re-direction, unless both the original and the second address be within the delivery of the same Post Office, and the re-direction be made by an officer of the Post Office. Thus, on a paid or unpaid letter not exceeding 1 oz. in weight, re-directed, either by officer of the Post Office, or by any one else, to a different delivery, an additional postage is levied of one penny; and if the weight be more than 1 oz., but less than 2 oz., of three halfpence, and so on.

Letters, etc., received from a country of the General Postal Union and re-directed to any country within the Union, are not liable to any additional charge, nor, if registered, to an additional registration fee; such, however, as have been in the first instance addressed to a place in the country where they were posted, are chargeable on re-direction with the inland rate of the country to which they are re-directed, but, if registered, without additional fee.

Letters, etc., addressed from one part of the United Kingdom to another, and then re-directed to a country not in the Postal Union, are liable to an additional colonial or foreign rate, and, if registered, to an additional fee for registration.

Letters, etc., received here from a country not in the Postal Union, and re-directed to another country not in the Postal Union, are liable to an additional colonial or foreign rate, and, if registered, to an additional fee: if re-directed to some place within the United Kingdom, they are liable to an additional inland rate; and, if re-directed to any country of the Postal Union, they are liable to the inland rate of that country. In the two latter cases, letters, if registered, are not liable to any additional fee.

Letters, etc., received from any country of the Postal Union, and re-directed to a country not in the Postal Union, are liable to an additional colonial or foreign rate, and, if registered, to an additional fee.

If a registered letter, when re-directed, instead

of being taken back to the Post Office to be dealt with as a registered letter, is dropped into the letter box as an ordinary letter (the word 'registered' not having been erased, or having been erased in pencil only), it is surcharged with a fresh registration fee of fourpence.

Exceptions.—No charge for re-direction is made on Government letters; nor is any charge for re-direction made on newspapers from any place abroad, unless they have been opened, in which case they are liable to postage as books.

Further: Letters addressed to commissioned officers in the army, navy, or ordnance, or to schoolmasters or schoolmistresses in the army, or non-commissioned officers, private soldiers, or seamen employed on actual service in any of Her Majesty's colonies, or on any foreign station, and who, before receiving the letters, may have started on their return home or to another station, may be re-directed to such officers, private soldiers, or seamen, etc., when these have removed upon service, and will be delivered to them without any charge for re-direction. The same privilege extends to the letters of *non-commissioned officers, schoolmasters in the army (of all but the first class), schoolmistresses in the army, private soldiers, and seamen* (but to these only), re-directed from one part of the United Kingdom to another, or from the United Kingdom to a place abroad, provided the original postage is prepaid and the letters do not exceed half an ounce in weight.

Notices of removal and applications for letters to be re-directed must in all cases be duly signed by the persons to whom the letters are addressed; printed forms of notice can be obtained at the General Post Office. Persons who are about to change their residence should inform their correspondents beforehand of their intention.

No person living within the town free delivery, unless he rent a private box, can obtain his letters at the General Post Office.

Private Boxes and Bags.—The fee for a private box is £3 per annum, and if for a private bag, £1 additional, payable in advance.

POSTAGE AND TELEGRAPH STAMPS.

Postage labels are of the respective values of $\frac{1}{2}$ d., 1d., $1\frac{1}{2}$ d., 2d., 2 $\frac{1}{2}$ d., 3d., 4d., 6d., 8d., 1s., 2s., and 5s. Telegraph labels are of the respective values of 1d., 3d., 4d., 6d., 1s., 3s., 5s., 10s., £1, and £5; stamped book 20s., and interleaved 2d. extra. The embossed envelopes are of four sizes, viz. $4\frac{1}{4} \times 3\frac{1}{2}$, $5\frac{1}{4} \times 3\frac{3}{8}$, $5\frac{1}{4} \times 3$, $4\frac{1}{4} \times 2\frac{3}{4}$, and are sold thus: the largest size at 2s. 3d., other sizes at 2s. 2d., per packet of 24. Stamped wrappers are sold at 6 $\frac{1}{2}$ s. per dozen, and post-cards at 7d. and 8d. per doz., or 3 $\frac{1}{2}$ d. and 4d. per half-doz. Foreign post-cards are sold at 1 $\frac{1}{2}$ d. each.

Payment of postage cannot be made by means of postage stamps which have been cut, torn, or otherwise rendered imperfect; or of embossed or impressed stamps, cut out from the envelopes, cards or wrappers on which such were embossed or impressed.

Applications for allowance on spoiled stamps which have not been used, should be made to the office of Inland Revenue, London.

Every rural messenger is authorized to sell penny postage stamps, and when any person applies to him for postage labels, the messenger must either supply them, or (if he have none in his possession) must, without extra charge, receive the postage in money, and on his arrival at the post office obtain labels for the amount, and affix them carefully to the letters.

To discourage the transmission of coin by post, all postmasters in the United Kingdom at whose offices money order business is transacted are permitted, though not compelled, to purchase postage stamps from the public (provided the stamps be not soiled or otherwise damaged), at a charge of 2½ per cent.; the charge, however, never being less than one halfpenny. Under this arrangement the charges are as follows: For stamps not exceeding 1s. 8d. in value, ¾d.; 3s. 4d., 1d.; 5s., 1½d.; 6s. 8d., 2d.; 8s. 4d., 2½d., and so on. No separate stamps can be purchased, or less than two adhering to each other.

In consequence of representations made to the Post Office by various firms, that there is reason to believe that their postage stamps were purloined by persons in their employ, the department has recommended that the name or initials of firms, etc., be either printed on the *back* of the stamps (by arrangement with the Inland Revenue Office, Somerset House), or perforated through the stamps by means of a machine devised for the purpose, so that, the sale of such stamps being thereby rendered difficult (postmasters having been instructed not to purchase any of them), there may be little or no temptation to steal them.

ARTICLES NOT ALLOWED TO BE SENT BY POST.

It is forbidden to forward by post any indecent or obscene print, painting, photograph, lithograph, engraving, book, or card, or any other indecent or obscene article, or any letter, newspaper, publication, packet, or card having thereon any words, marks, or designs of an indecent, obscene, libellous, or grossly offensive character. Anything posted contrary to this prohibition will not be forwarded.

Postmasters are instructed not to receive any letter which there is good reason to believe contains anything likely to injure the contents of the mail bag or the person of any officer of the Post Office. If such a packet be posted without the postmaster's knowledge, or if at any time before its despatch he should discover any such packet, he is directed not to forward it, but to report the case, with the address of the packet, to the Surveyor-General. The following are examples of the articles referred to:—

A glass bottle, or glass in any form; leeches, game, fish, meat, fruit, or vegetables; bladders or other vessels containing liquids; gunpowder, lucifer matches, or anything which is explosive or liable to sudden combustion. Razors, scissors, needles, forks, or other sharp instruments are also forbidden, except when sent in packets of samples to the foreign countries mentioned in the section of Colonial and Foreign Pattern Post.

According to the regulations of Germany, no letter exceeding 250 grammes (a little more than 8½ oz.) in weight, and containing any other enclosure than paper, can be allowed to circulate by the post. Any letters, therefore, forwarded in the mail to Germany above that weight, and containing any other enclosure than paper, will be liable, on their arrival at the German frontier, to be stopped, and sent to the Custom House for delivery as *freight*.

The transmission of letters or other packets containing gold or silver money, jewels or precious articles, or anything liable to customs duties, through the post to any country of the General Postal Union is prohibited.

The laws of Costa Rica and Peru also forbid the transmission by the post within these countries of letters or other packets containing coins, watches,

jewellery, or other articles of value which are liable to customs duties; and any such packets, if forwarded, are liable to confiscation. Packets containing jewellery or other articles of value for Canada, the Cape of Good Hope, or Queensland, are liable to be detained, and not delivered to the addressees until the customs duties have been paid; and letters or packets containing jewellery (which is liable to customs duties) sent to Victoria, are liable, with their contents, to be forfeited.

MISCELLANEOUS REGULATIONS AND SUGGESTIONS.

No information can be given respecting letters which pass through a post office except to the persons to whom they are addressed; and in no other way is official information of a private character allowed to be made public.

Provision having been made, by means of the British Postal Guide (with local Postal Guides in large towns) and the Postal Official Circular, to supply full and authentic information on all postal matters, the public should abstain, as much as possible, from applying for such information to postmasters and other officers of the department.

Postmasters are not allowed to return any letter or other packet to the writer or sender, or to any one else, or to delay forwarding it to its destination according to the address, even though a request to such effect be written thereon.

Postmasters are not bound to give change, nor are they authorized to demand change; and when money is paid at a post office, whether as change or otherwise, no question as to its right amount, goodness, or weight can be entertained after it has been removed from the counter.

Postmasters are not bound to weigh any letters or other packets for the public, but they *may* do so if their duty be not thereby impeded.

If a letter be forwarded under cover to any postmaster with a request that he will re-post it at his office, the letter, on being re-posted, will be endorsed with the words 'posted at _____, under cover, to the Postmaster of _____.'

To facilitate the delivery of letters, a letter-box should be affixed to every house door.

Every address should be legible and complete, and every letter should contain the full address of the writer, in order to ensure its return if the person to whom it is directed cannot be found.

The practice of sealing letters passing to and from the *East and West Indies*, and other countries with hot climates, with wax (except such as is specially prepared), is attended with much inconvenience, and frequently with serious injury, not only to the letters so sealed, but to the other letters in the mail, from the melting of the wax and adhesion of the letters to each other. The public are therefore recommended in all such cases to use either wafers or gum, and to advise their correspondents in the countries referred to to do the same.

MONEY ORDERS.

When applying for Money Orders, the public should use the printed 'Application Forms,' which are supplied gratuitously at all Money Order Offices. The commission on Inland Money Orders is:—

For sums under 10s.	1d.
" of 10s. and under £1	2d.
" " £1 " "	3d.
" " 2 " "	4d.
" " 3 " "	5d.
" " 4 " "	6d.
" " 5 " "	7d.
" " 6 " "	8d.

For sums of £7 and under £8 . . .	9d.
" " 8 " " . . .	10d.
" " 9 " " . . .	11d.
" " 10 " " . . .	1s.

No single Money Order can be issued for more than £10 (except in payment of Government taxes, and in favour of the Receiver-General of Inland Revenue), neither can an order contain a fractional part of a penny.

No Money Order can be issued, unless the applicant furnish, in full, the surname, and at least the initial of one Christian name, both of the remitter and the payee, together with the remitter's address.

In the case of Foreign Orders, the full address of the payee must be given; and if the order be payable to a native in British India, the tribe or caste and the father's name must also be furnished.

Exceptions.—If the remitter or payee be a peer or a bishop, his ordinary title is sufficient; and the usual designation of a firm is sufficient, except in the case of a company trading under a title which does not consist of the names of the persons composing it, as the 'Carron Company'; also when the remitter directs at the time of issue that the order, by being crossed like a cheque, be paid only through a bank, it is left to his option to give or withhold the name of the payee.

When application is made for a Money Order payable in London, or at any other town where there is more than one Money Order Office, the remitter should say at which of such offices he wishes it to be paid; otherwise the order can be cashed only at the Head Office. It is not incumbent on a postmaster to supply such information relative to local or provincial offices.

An order once issued cannot be cancelled; and should repayment or transfer to a different office, or alteration of name, be required, the remitter must apply according to the directions printed on the back of the order.

In order to enable the remitter to obtain an acknowledgment of the receipt of a Money Order before the money is paid, it is arranged that he may make his order payable ten days after date, provided that, in the presence of the postmaster, when he obtains the order, he affixes thereto, in the space after the request C., a penny receipt stamp, and write his signature across the stamp.

When an order is presented for payment (otherwise than through a bank), the postmaster has first to see that the signature of the payee be as full as the name given in the advice, and be not in any way inconsistent therewith. He has then to call on the applicant to give the name of the remitter; and if the reply be correct, the order will be paid, unless the postmaster have good reason for believing that the applicant is neither the rightful claimant, nor deputed by him. When an order is paid through a bank, it is sufficient that it be receipted (without regard to any discrepancy between the signature and the name in the advice), and that it be presented (crossed with the name of the receiving bank) by some person known to be in the employment of the bank.

The holder of a Money Order is always at liberty to direct, by crossing it, that the order be paid through a bank, even though its payment was not originally so restricted; and when the order is thus crossed, the question put on the presentation of an ordinary Money Order is dispensed with.

Money Orders do not require a receipt stamp.

Although at the end of twelve months from that in which it was issued, a Money Order, if still unpaid, becomes legally void, nevertheless, when a

good reason can be given for the delay in presenting it, an application for payment, subject to a certain deduction, is entertained.

No application can be entertained for compensation for alleged injury from the non-payment of a Money Order at the expected time.

After once paying a Money Order, by whomsoever presented, the office is not liable to any further claim.

To guard against any person, even if he obtain possession of a Money Order, fraudulently getting it cashed, the remitter is recommended—

1. When he is well known to the payee, to sign the letter enclosing the order with his initials only.
2. When this is not the case, either to make the order payable ten days after date, or to register the letter enclosing it, or to make the order payable through a bank.
3. When it is not considered expedient to adopt either of these courses, to send the remitter's name (without a knowledge of which payment cannot be obtained) in a separate letter from that containing the Money Order; although this latter precaution is much less effective than either of the others.

Payment of an order cannot be demanded on the same day as that on which the order was issued.

In case of the miscarriage or loss of an inland Money Order in transmission through the post, a duplicate is granted on a written application to the Controller of the Money Order Office of England, the Accountant in Scotland, or Ireland, as the case may be, where the original order was issued; but for an order otherwise lost, a charge of 1s. for sums not exceeding £5, and 2s. for sums not exceeding £10 is made for a duplicate order. If it be desired to stop payment of an inland order, application must be made at the office where the order is payable, and a second commission must be paid. If alteration in the name of the payee or remitter of an inland Money Order should be required, application must be made by the remitter to the postmaster of the office at which the order was issued, and a second commission must be paid. Should transfer of payment of an inland order from one office to another in the United Kingdom, or repayment of the amount of an order, be required, an application enclosing the order must be made to the postmaster at whose office the order is payable, who will transmit in exchange a new order payable at the place desired, but for a less sum than the original order by the amount of the second commission charged for the re-issue. Proper printed forms for making applications in all these cases may be obtained at any Money Order Office. Whenever, on complaint being made, it is found that the necessity for an application, entailing the payment of a fresh commission, is attributable to the Post Office, the charge will be remitted to the applicant, and imposed on the officer in fault.

A postmaster is required to give information how to apply for a duplicate order, etc., and must furnish the prescribed form of application. If payment of an order be refused in consequence of the replies to the questions respecting the remitter, or the signature on the order not corresponding with the entries in the advice, the applicant for payment should communicate with the remitter, and request him to apply personally to the issuing postmaster.

No letter-carrier, rural messenger, or other servant of the Post Office is bound to procure a Money Order for any person, or to obtain payment for one; but such services are not forbidden.

Money Orders are issued in the United Kingdom on the following colonies, British agencies, and Foreign countries (particulars as to the towns in

the various countries may be learned at any Money Order Office):—

Alexandria.	Gold Coast.	Queensland.
Berberie (New Amsterdam).	Heligoland.	St Helena.

The scale of commission for Orders payable abroad (subject to variations according to the rates of exchange) is as follows:—

For sums not exceeding	£2.	£5.	£7.	£10.
If payable in Belgium, Constantinople, Denmark, France, German Empire, Gibraltar, Heligoland, Holland, Italy, Malta, Norway, Smyrna, or Switzerland.	s. d. 0 9	s. d. 1 6	s. d. 2 3	s. d. 3 0
If payable in any other place abroad (including most of the colonies) authorized to transact Money Order business with this country.	1 0	2 0	3 0	4 0

The issue of a duplicate order, or the stoppage of payment of an order issued by a colony on the United Kingdom, will be made on application to the Controller of the Metropolitan Office of that portion of the United Kingdom in which such colonial order is payable, provided an additional British inland rate of commission be enclosed with the application. Postmasters in the United Kingdom have power to transfer to other offices in the United Kingdom payment of colonial and foreign orders (with the exception of French issues) originally drawn on their own offices.

Orders issued in the United Kingdom and payable in the German Empire are subject to the conditions that govern the payment of orders in that Empire. Orders issued in France on the United Kingdom cannot be paid after three months from the date of issue without the authority of the French Post Office, and orders issued in the United Kingdom on France cannot be paid after three months from the month of issue without the authority of the Chief Office, London. Orders issued in the United Kingdom on Italy, and vice versa, cannot be paid after three months from the month of issue without the authority of the Chief Office of the country of issue.

POST OFFICE SAVINGS BANKS.

Every Post Office Savings Bank is also a Money Order Office, and is open for bank business during the same hours as for Money Orders.

Deposits of one shilling, or of any number of shillings, or of pounds and shillings, may be made by any person at the Post Office Savings Banks

provided that such depositor shall not make deposits amounting to more than £30 in any year ending the 31st December, or make any further deposit when the amount standing in his name, exclusive of interest, exceeds £150. When any depositor's principal and interest amount together to £200, all interest will cease so long as the balance of the account continues to amount to the said sum of £200.

Interest, calculated yearly at the rate of £2, 10s. per cent. per annum, will be allowed on every complete pound deposited, reckoned from the first day of the calendar month next following the day on which a complete pound shall have been deposited or completed up to the first day of the calendar month in which the moneys are withdrawn. The interest thus calculated will be at the rate of one halfpenny per calendar month for every complete pound. The interest will be reckoned to the 31st December in every year, and will then be added to the principal.

Besides ordinary persons, deposits may be made—

- (A.) By a trustee on behalf of another person, in the joint names of such trustee and the person on whose account such money shall be so deposited; but repayment of the same, or any part thereof, will not be made without the receipts of both parties. A person may act as trustee in any number of accounts, and at the same time have an account in his own name.
- (B.) By two persons jointly on their own behalf, provided neither of them is already a depositor.
- (C.) By any person under 21 years of age or for his benefit; and repayment will be made to such minor, if more than 7 years old, as if he were of full age.
- (D.) By the trustees of any legally established friendly, charitable, or provident society, or penny savings bank; provided such trustees make application by post to the Controller of the Savings Bank Department, accompanied by a copy of their rules. Such societies, etc., are allowed to invest considerably beyond the usual limit, or even without restriction as to amount, according to circumstances.
- (E.) In the name of the Registrar of any County Court. Under the 24th sect. of the Act 30 and 31 Vict. c. 142 (County Courts Act), 'trust moneys' not in excess of £500 may be thus deposited; and under the 26th sect., money paid into a County Court in 'equitable proceedings' may be deposited by the Registrar without restriction as to amount.

Deposits made in Scotland by a married woman, or by a woman afterwards married, will be repaid to her unless her husband shall give notice, in writing, to the Postmaster-General requiring payment to be made to him. This rule applies also to deposits made in England or Ireland before the 9th of August 1870; from which day, by the passing of the Married Women's Property Act, all deposits made in England or Ireland by a married woman, or by a woman who may afterwards marry (unless the money belong to her husband and be deposited without his consent), are the separate and uncontrolled property of the woman.

Once in each year, on the anniversary of the day on which the first deposit was made, the depositor must forward the deposit book to the Controller of the Post Office Savings Bank Department in London, in order that it may be compared with the books of that department, and the interest due to the depositor inserted in it.

When a depositor wishes to withdraw the whole or any part of the sum due to him, he must make application for the same in a form which may be obtained at any Post Office Savings Bank. On receipt of this form at the G.P.O., London, a warrant for the amount required, payable at the Post Office Bank named by the depositor, will be sent him by return of post.

A depositor in any Post Office Savings Bank may add to his deposits at that or any other Post Office Savings Bank, and may withdraw the whole or any part of them from that or any other Post Office Savings Bank, without change of deposit book.

The postmasters and other officers of the Postmaster-General employed in the receipt or payment of deposits, are strictly forbidden to disclose the name of any depositor, or the amount of his deposits, except to the Postmaster-General, or to such of his officers as are appointed to assist in carrying on the business of the Post Office Banks.

A full statement of the regulations of the Post Office Banks may be seen at any Money Order Office.

GOVERNMENT INSURANCE AND ANNUITY OFFICE.

The Postmaster-General is empowered, under the Act 27 & 28 Vict. c. 43, to insure the lives of persons of either sex, between the ages of 16 and 60, for not less than £20 or more than £100. He is also empowered, under the same Act, to grant immediate or deferred annuities of not more than £50 on the lives of persons of either sex, and of the age of 10 years and upwards. The persons whose lives are insured, or to whom annuities are granted, by the Postmaster-General, have direct Government security for the payment of the money at the proper time.

Tables of the premiums to be charged for the insurance of lives, for the grant of immediate annuities, for the grant of deferred annuities or deferred monthly allowances, without return of purchase money, or for the grant of deferred annuities or deferred monthly allowances, with return of purchase money, may be seen at the G.P.O.

PREMIUMS CHARGED FOR THE INSURANCE OF LIVES.

The life of a man or woman in his or her 30th year may be insured for £100—

	£	s.	d.
By a single payment of	43	3	7
Or by an annual payment, throughout life, of	2	6	7
Or by a fortnightly payment, throughout life, of	0	2	2
Or by an annual payment, until the insured person reaches the age of 60, of	2	13	10
Or by a fortnightly payment of	0	2	6

Smaller sums may be insured by proportionate payments, but no one of the periodical payments must be of less amount than two shillings.

No one life can be insured for less than £20 in the whole; but when a life has been insured for £20, further insurances may be effected on the same life from time to time, for any amount, until the whole sum for which it is insured amounts to £100.

If, after having duly made his payments for a period of five years, the insured person shall be unable to continue, or shall desire to discontinue, such payments, a portion of the premiums paid by him, which portion will in no case be less than

one-third of the whole sum paid by him, will be returned to him.

The sums to be charged for the purchase of immediate annuities will vary with the age and sex of the person on whose life the annuity is to depend:

Thus, a man aged 65 can purchase an immediate annuity of £10, payable half-yearly, for	£88	18	4
A woman of the same age can purchase a like annuity for	103	16	8
A man aged 70 can purchase an immediate annuity of £10, payable half-yearly, for	73	3	4
A woman of the same age can purchase a like annuity for	84	19	2

The sums to be charged for the purchase of deferred annuities or deferred monthly allowances will vary with the age and sex of the person on whose life the annuity or monthly allowance is to depend, and with the length of the term for which the annuity is deferred (or in other words, with the number of years which are to pass before the commencement of the annuity), and with the conditions of the contract as to the mode of purchase, mode of payment, and return or non-return of purchase money.

When the condition of the contract is to be, that no part of the purchase money shall in any event be returned:

A man aged 30 may purchase a deferred annuity of £10, to commence on his reaching the age of 60, and to be payable half-yearly, either by an immediate payment of	£21	3	4
Or by an annual payment, until he reaches the age of 60, of	1	8	4
A woman of like age may purchase a like annuity by an immediate payment of	32	8	4
Or an annual payment, up to 60, of	1	17	6

and a man aged 30 may purchase a deferred allowance of £2, 7s. 3d. per month, to commence when he reaches the age of 60, by a payment until he reaches that age of 8s. per month; and a woman of like age may, by a like payment of 8s. per month, purchase a deferred allowance of £1, 16s. 7d., to commence when she reaches the age of 60.

When the condition of the contract is that, in the event of the death of the person on whose life the annuity or allowance is to depend before the commencement of the annuity or allowance, the purchase money is to be returned to his representatives, and that if the purchaser at any time before the commencement of the annuity or allowance is unable to continue, or wishes to discontinue, the purchase, the purchase money shall be returned to him, the price charged will be higher than when no such condition is made.

Under this condition, a man aged 30 may purchase a deferred annuity of £10, to commence when he attains to 60 years of age, and to be payable half-yearly, either by an immediate payment of	£40	9	2
Or by an annual payment, until he attains to 60 years, of	2	0	10
And a woman of like age may purchase a like annuity, either by an immediate payment of	47	0	10
Or by an annual payment of	2	7	6

and a man aged 30 may purchase an allowance of £1, 14s. 2d. per month, to commence when he

attains the age of 60 years, by a monthly payment of 8s.; and a woman of like age, by a like payment until she reaches the age of 60 years, may purchase an allowance of £1, 9s. 4d. per month.

The annuity or monthly allowance granted on any one life must not exceed £50 per annum, or £4, 3s. 4d. per month; but purchasers need not purchase the whole amount of such annuity or allowance at one time. They may begin by purchasing such part as they can afford to purchase, and go on increasing their purchases from time to time as their circumstances will permit.

Husband and wife may each be insured to the full amount of £100, and may each purchase an annuity of £50, or a monthly allowance of £4, 3s. 4d. Any two persons may purchase an annuity on their joint lives, with or without continuance of the annuity to the survivor.

Persons contracting for the insurance of their lives, or for the purchase of annuities or monthly allowances, will be allowed to pay their periodical premiums or instalments of purchase money at such of the post offices which have been or may hereafter be opened for the purpose, as will suit them best.

POST OFFICE TELEGRAPHS.

The charge for telegrams throughout the United Kingdom, but excepting the Scilly Islands, is 1s. for the first twenty words, and 3d. for every additional five words, *i.e.* for every additional group of not more than five words, the names and addresses of the sender and receiver not being counted.

The charge to the Scilly Islands is 2s. 6d. for five words, and 6d. for every additional word; and 6d. for every word above ten in the addresses *in addition to the ordinary Inland rate.*

When the terminal telegraph office, *i.e.* the office from which the message is delivered, is a Head Post Office, the amount paid for the transmission of a message covers the cost of delivery within the town postal delivery of that office. But when it is not a Head Post Office, the message is delivered free only within the limit of one mile.

When the addressee resides beyond the above-described limits, portage is charged at the rate of 6d. per double mile (that is, a mile out and a mile back), or any part thereof, provided the whole distance to be traversed does not exceed three miles out and three miles back; but the charge is calculated from the boundary of the district within which no portage is levied.

If the addressee resides at a greater distance than three miles from the terminal telegraph office, portage is charged for delivery by mounted messenger at the rate of 1s. per double mile, except in Ireland, where the charge is 8d. per double mile.

If the sender requires his telegram to be forwarded by post or by train from the terminal telegraph office, he must write the words 'by post' or 'by train' at the end of the address of party to whom it is sent.

A deposit of 5s. is required upon all telegrams addressed to persons on board ship (unless the ship be lying in the dock) to cover any expense incurred in their delivery; but application can be made to the Secretary for any surplus.

Telegrams may be repeated at the request of the sender, if he desires to adopt this extra security against risk of error. The charge for repetition is one-half the ordinary tariff; fractions of threepence being reckoned as twopence.

If the receiver of a telegram doubts its accuracy,

he may have it repeated by depositing half the amount paid for its transmission to him. The money will, however, be refunded if an error has been found in transmission.

The cost of a reply to a telegram may be prepaid; and a Prepaid Reply Pass will then be delivered to the addressee, who will be at liberty to send his reply, from any telegraph office, at any time within two months after the date of the original telegram. If the pass be not used, application for the return of the money, accompanied by the Prepaid Reply Pass, may be made to the Secretary, G.P.O., London. A Prepaid Reply Pass, however, need not necessarily be used for the reply to a message, but may be used for another message containing the same number of words.

Persons who wish to avoid sending so far as to a telegraph office may, without additional charge, post a telegram form, enclosed in an envelope addressed 'Telegraph Office,' in a wall or pillar box, or in the letter-box of a receiving office or sub-post office. Telegrams so posted are sent on to the nearest telegraph office by the first collection from the letter-box in which deposited. The period of arrival at the postal telegraph office is regarded as the time of receipt from the public; but it should be borne in mind that if a telegram be deposited in a box at such a time that it cannot reach a telegraph office before 7 p.m., it may not reach its destination until after 8 a.m. on the following day.

Telegrams so posted, but insufficiently prepaid, are forwarded to their destination, the difference of charge being obtained from the addressee; but unpaid telegrams are not forwarded.

No combination of two or more words is counted as one word, with the exception of those words which are ordinarily coupled by hyphens, such as 'mother-in-law,' 'non-delivery,' 'sub-lieutenant,' 'alms-houses,' etc., or words denoting the names of persons or towns, whether connected by hyphen or not, such as 'O'Neil,' 'MacDonald,' 'Newcastle-on-Tyne,' 'Isle of Wight,' etc. The name of the county added to the name of a place is reckoned separately, as, for example, 'Newcastle, Staff.,' 'Bradford, Yorks.,' the charge being in each instance for two words.

The following exceptional compound words are charged for as one word:—Midday, midnight, noon-day, se'nnight, cannot, to-day, to-night, to-morrow, yesternight, yesterday, halfpenny, twopence, and so on; also all denominations of trades, such as linen-draper, silversmith, sharebroker, etc.

Abbreviations of auxiliary verbs designated by apostrophes (such as can't, won't, don't, I'll, you'll, couldn't, shouldn't, etc.) are charged for as one word. By writing words in this way, however, there is a greater risk of error.

Numbers expressed in figures in an inland telegram are counted as so many words, according to the number of figures employed; and in fractions one word is counted for the bar or mark of division.

The department is not liable for losses incurred through the incorrect transmission, delay, or non-delivery of telegrams.

Telegraph offices are, as a rule, open from 8 a.m. to 8 p.m., and from 8 a.m. to 10 a.m. on Sundays. There are, however, offices in several of the larger towns which are open longer; and at various offices in London and in the country the attendance is continuous. G.P.O., Edinburgh, always open.

Particulars as to foreign telegrams can be obtained at any postal telegraph office.

The following is a list of Stamp Duties according to the schedule of the Act 33 and 34 Vict. c. 97 (amended by 34 Vict. c. 4, 34 and 35 Vict. c. 103, and 35 and 36 Vict. c. 20, and other Acts), with the Duty on Policies of Insurance, Letters Patent, Patent Medicine, and Plate, and Inventory, Legacy, and Succession Duties, which remain under the former Acts. Generally, the items are given in the words of the schedule. New matter is put within brackets. When the sections are merely cited without the Act, they are the sections of 33 and 34 Vict. c. 97. All items in the schedule of the Act relating solely to England and Ireland are excluded. In the same session were passed the Acts 33 and 34 Vict. c. 98, Stamp Duties Management, and 33 and 34 Vict. c. 99, repealing certain enactments relating to the Stamp Duties. The Duties came into operation on the 1st January 1871.

The exemptions in other Acts in force are preserved (§ 3).

The attention of the public may be directed to the following matters:—

1. The general deed duty, or duty on a deed, not otherwise charged, is reduced to 10s.

2. Progressive duty on words is not imposed.

3. Provisions are made for charging *ad valorem* duty on conveyances in respect of periodical payments or annuities.—§ 72.

4. An agreement for a lease for a term not exceeding 35 years is to be charged with the lease duty.—§ 96.

6. A notarial instrument is liable to the same duty as an instrument of seisin—to wit, 5s.

7. Any instrument specifically charged by any previous Act with the duty of 35s., is chargeable with the duty of 10s.—§ 4.

8. Instruments relating to the property of the Crown, and to the private property of the sovereign,

are liable to same duties as instruments relating to the property of the subject.—§ 5.

9. Instruments are to be so stamped that the stamp may appear on the face of the instrument, and cannot be applied to any other instrument written upon the same piece of material.—§ 7 (1.) Every instrument on the same piece of material is to be separately stamped.—§ 7 (2.)

10. Instruments relating to several distinct matters are to be separately stamped in respect of each.—§ 8 (1.) An instrument liable to *ad valorem* duty, if made for any other valuable consideration, is to be charged in respect of it as if it were a separate instrument for such.—§ 8 (2.)

11. An appropriated stamp (by word on the face of it) cannot be used for an instrument of another description.—§ 9 (1.) An instrument of the description to which a stamp is appropriated is not to be duly stamped unless stamped with the stamp appropriated to it.—§ 9 (2.)

12. All the facts and circumstances affecting the liability of an instrument to *ad valorem* duty, or the amount of it, are to be fully and truly set forth. If not, penalty on person who executes and on person concerned in the preparation, £10.—§ 10.

16. The duties apply to instruments executed in the United Kingdom, and to instruments where-soever executed, relating to property situated, or to any matter or thing done or to be done, in the United Kingdom.—§ 17.

17. No instrument, except in criminal proceedings, shall be pleaded or given in evidence, or admitted to be good, useful, or available in law or equity, unless it is duly stamped in accordance with the law in force when executed.—§ 17.

PROPERTY LIABLE TO THE DUTY.—Generally—All personal property (heritable securities are personal property which include bonds of annual rent and bonds of annuity and real burdens on land, but not securities by absolute disposition qualified by back bond) belonging to the deceased in the United Kingdom, heritable securities, and bonds excluding executors, and also money secured by *ex facie* absolute dispositions. (48 Geo. III. c. 149, § 38, etc.; 55 Geo. III. c. 184, Schedule, Part III.; 21 & 22 Vict. c. 56, §§ 9, 12, 13, etc.; and 16 & 17 Vict. c. 59, § 8; 31 & 32 Vict. c. 101, §§ 3 and 117; 37 & 38 Vict. c. 94, § 30; and 23 & 24 Vict. c. 80).

Personal Property—Absolute power of disposal.—

Personal estate which a person dying after 3d April 1860, shall have disposed of by will, under any authority enabling such person to dispose of the same as he shall think fit, shall be deemed personal or moveable estate of the person so dying, for the purpose of payment of inventory, probate, or administration duty. (23 Vict. c. 15, § 4.)

Indian Promissory Notes—Ships.—Indian Government promissory notes and certificates issued, or stock in lieu thereof, being assets of a deceased person, the interest of which shall be payable in London, registered in London, or enfaced in India for the purpose of such registration, before the death of the owner; also Indian Government promissory notes with

coupons attached, in the same circumstances as to registration, and certificates issued, or stock created in lieu thereof, shall be personal estate and *bona notabilia* in England of the deceased person (23 Vict. c. 5, § 1): Also any *ship*, or any share of a ship, belonging to a deceased person, registered in any port in the United Kingdom, notwithstanding such ship at the time of the death may have been at sea, or elsewhere out of the United Kingdom, shall be deemed to be at the port at which she may be registered (27 & 28 Vict. c. 56), and liable to inventory, probate, or administration duty.

Specialty Debts.—For probate and administration duty, debts and sums of money due from persons in the United Kingdom to a deceased on obligation or other specialty, shall be estate and effects of the deceased within the jurisdiction of Her Majesty's Court of Probate in England or Ireland in which the same would be if they were debts upon simple contract, without regard to the place where the obligation or specialty shall be at the time of the death. (25 Vict. c. 22, § 39.)

Foreign Bonds and Stocks.—Documents of the debts of foreign governments and foreign companies which pass from hand to hand are property where the documents may be. Debentures or bonds by foreign companies and governments, and the title to stocks of foreign companies and governments, are property in this country if in the possession of any person in this country, and can be sold in the market, and the title of the purchasers completed to them in this country. See Attorney-General v. Bouwens, 4 Meeson and Welsby 171.

Rents of Heritage.—If the deceased survive Whitsunday, one moiety of the rents of the crop of that year is personal estate. If he survive Martinmas, the whole rents of that crop fall into the executry. In addition, from and after 1st August 1870, the Act 33 & 34 Vict. 1870, c. 35, would seem to give the executor a proportion of the rents from the term preceding the date of death to the date of death. That Act would also seem to give a proportion of the term's rents of quarries, minerals, and houses, and also feu-duties current at the death. The executor's right to house rents would not therefore be to the half-year's rents current at death, but to a proportion only to the date of death.

MODES IN WHICH DUTY MAY BE PAID.

When deceased domiciled in Scotland.—In the case of a person dying domiciled in Scotland having personal property in Scotland, England, and Ireland, and also heritable securities excluding executors, and personal bonds excluding executors, duty in respect of the whole may be paid on the inventory required to be recorded in the Sheriff Court; or inventory duty may be paid on the personal property situated in Scotland, including heritable securities made moveable by the Act 31 & 32 Vict. c. 101, § 117, and duty may be paid on a 'special inventory' of the heritable securities excluding executors, and personal bonds excluding executors, and probate or administration may be obtained in England and Ireland in respect of the personal estate in these countries, and duty paid in respect of such on these instruments.

When deceased domiciled furth of the U. K.—In case of a person dying domiciled furth of the United Kingdom leaving personal estate in

Scotland, England, and Ireland, an inventory must be given up in Scotland, probate or administration taken out in England and Ireland, and duty paid on such in respect of the property in each country.

In the case of Estates not exceeding £150, if intestate, the widow, or any one or more of the children, or in the case of a widow dying intestate, any one or more of her children, and if testate the executor nominated in the will, may apply to the Commissary (or Sheriff) Clerk, and he shall prepare an inventory and oath and record the inventory and expedite confirmation according to statutory forms, 38 and 39 Vict. c. 41 & 39 & 40 Vict. c. 24.

Exemptions.—Inventory of the estate of any common seaman or soldier dying in service. Additional inventory when the duty on the whole estate does not exceed that already paid on the former inventory.

RETURN OF INVENTORY DUTY.

The inventory duty and probate and administration duty are paid on the whole personal property, without deduction of debts; but the Act 5 & 6 Vict. c. 79, § 23, provides for a return being given on proof of the constitution and payment of the debts. This return must be claimed within three years; but the time will be prolonged on application to the Board of Inland Revenue. No return to be granted in respect of a voluntary debt due from a person dying after 28th June 1861, expressed to be payable on the death of such person, or payable under an instrument which shall not have been *bona fide* delivered to the donee three months before the death of such person. (24 & 25 Vict. c. 92, § 3.)

Note.—Forms of inventory and additional inventory will be found in the *Juridical Styles*, vol. III. App. pp. 8-11. Forms of inventories, and also regulations for return of inventory duty, may be obtained at the office of the Solicitor, Inland Revenue, Edinburgh.

LEGACY DUTY.

Legacies, Annuities, Residues, etc.

Brother or sister, or descendants,	£1 0 0
Uncle or aunt, or their descendants,	3 0 0
Grand uncle or aunt, or their descendants,	5 0 0
All other relations or strangers,	6 0 0
The husband or wife of the deceased is not chargeable with duty. If the legatee's husband or wife is of nearer consanguinity than the legatee, duty is payable according to such nearer relationship. (16 & 17 Vict. c. 51, § 11.)	10 0 0

This duty is payable for every legacy out of the personal or moveable estate, or out of or charged upon the real or heritable estate of the deceased, or out of any estate which he has power to dispose of, or out of any moneys to arise by the sale, mortgage, or other disposition of the deceased's real or heritable estate, or any part thereof: Also for the clear residue (after deducting debts, funeral expenses, legacies, and other charges first payable thereout) of the personal or moveable estate, whether the title to such residue shall accrue by virtue of any testamentary disposition, or upon a partial or total intestacy: And also for the clear residue of the moneys to arise from the sale, mortgage, or other disposition of any real or heritable

estate, directed to be sold, mortgaged, or otherwise disposed of by any will or testamentary instrument.

Annuities commencing to be payable on the death of persons dying after 19th May 1853 are valued for legacy duty according to tables annexed to the Succession Duty Act (16 & 17 Vict. c. 51); and annuities commencing to be payable previous to that date, by the tables annexed to the Legacy Duty Act (36 Geo. III. c. 52.)

Duty is not exigible on legacies or residues under £20; but if a legatee take two or more legacies under any testament, which shall together be of the amount of £20, each shall be charged with duty, though each or either may be separately under that amount.

Duty on legacies and residues in arrears—interest thereon at the rate of 4 per cent. is payable. (31 & 32 Vict. c. 124, § 9.)

Printed forms and regulations for payment of the legacy duty may be obtained gratis, on application at the Legacy Duty Office, Inland Revenue, Edinburgh; and at the offices of distributors of stamps in the country.

SUCCESSION DUTY.

The duty commenced on the death of persons dying after the 19th May 1853, and seems to be imposed on all property, both heritable and moveable, passing by death, not liable to the duty on legacies and successions to personal estate upon intestacy—the duty imposed by the Legacy Duty Acts.

The duty on HERITABLE PROPERTY is charged on the annual value, after allowance of the necessary outgoings (§ 22), as an annuity for the life of the successor (§ 21), which is to be valued by tables annexed to the Act.

PERSONAL PROPERTY is liable to duty according to the value of the succession; and money charged on heritage—heritable securities—is charged as personality (§ 1.)

RATES OF SUCCESSION DUTY.

Brothers and sisters of the predecessor, and their descendants, £3 per cent.

Brothers and sisters of the father or mother of the predecessor and their descendants, £5 per cent.

Brothers and sisters of a grandfather or grandmother of the predecessor and their descendants, £6 per cent.

The husband or wife of the predecessor is not chargeable with duty (§ 18); and if the successor's husband or wife shall be of nearer consanguinity than the successor, duty is payable according to such nearer relationship (§ 11.)

The following are also *exemptions* from the succession duty:—

1. Successions from the same predecessor, passing on any death, not amounting in principal value to £100 (§ 18). 2. Any succession of less value than £20 in the whole (*ib.*). 3. Legacies and personal property charged with legacy duty in respect of the same acquisition (*ib.*).

ADJUDICATION.

DOUBTS AS TO SUFFICIENCY OF STAMPS MAY BE REMOVED.

The commissioners may be required to express their opinion as to duty.

Mode and effect of proceeding.—§ 18 (1.) Subject to such regulations as the commissioners may think fit to make, the commissioners may be required by any person to express their opinion with reference to any executed instrument upon the following questions:—

(a.) Whether it is chargeable with any duty;

a. Instruments to have stamps impressed are received at the Cashier's Office, Inland Revenue, Edinburgh, to be stamped, if within two months of the first date (the solicitor may in certain circumstances receive them within two months of the last date), on payment of the duty; if beyond that date, on payment of the duty and penalty. Persons applying will be furnished with a schedule, which, after being filled up, is to be presented, with the instrument, at the Cashier's Office, No. 3 Inland Revenue. The amount of duty sought to be impressed is to be inserted in the schedule by the applicant before being presented, and the duty is to be paid at the time of the application.

Agreements liable to the duty of 6d. must be lodged within fourteen days of their date, in order to be stamped without penalty.

(4.) Every instrument stamped with the particular stamp denoting either that it is not chargeable with any duty, or is duly stamped, shall be admissible in evidence, and available for all purposes, notwithstanding any objection relating to duty.

(5.) Provided as follows:—

(a.) *Instrument to be stamped according to opinion.*—An instrument upon which the duty has been assessed by the commissioners shall not, if it is unstamped or insufficiently stamped, be stamped otherwise than in accordance with the assessment of the commissioners.

(b.) *Securities without limit not to be adjudicated.*—Nothing in this section contained extends to any instrument chargeable with duty, and made as a security for money or stock without limit.

(c.) *Also instruments which cannot be stamped.*—Nothing in this section contained shall be deemed to authorize the stamping after the execution thereof of any instrument prohibited by law from being so stamped.

Persons dissatisfied may appeal.—§ 19 (1.) Any person who is dissatisfied with the assessment of the commissioners made in pursuance of the last preceding section may, within twenty-one days after the date of such assessment, and on payment of duty in conformity therewith, appeal against such assessment to Her Majesty's Court of Exchequer in England, Scotland, or Ireland, according to the country in which the case has arisen, and may for that purpose require the commissioners to state and sign a case, setting forth a question upon which their opinion was required, and the assessment made by them.

Mode of proceeding.—(2.) The commissioners shall thereupon state and sign a case accordingly, and deliver the same to the person by whom it is required, and on his application such case may be set down for hearing in the proper court.

(3.) Upon the hearing of such case (due notice of which is to be given to the commissioners) the court shall determine the question submitted, and if the instrument in question is in the opinion of the court chargeable with any duty, shall assess the duty with which it is so chargeable.

(4.) If it is decided by the court that the assessment of the commissioners is erroneous, any excess of duty which may have been paid in conformity with such erroneous assessment, together with any penalty which may have been paid in consequence thereof, shall be ordered by the court to be repaid by the commissioners to the appellant, together with the costs incurred by him in relation to the appeal.

(5.) But if the assessment of the commissioners is confirmed by the court, the costs incurred by the commissioners in relation to the appeal

shall be ordered by the court to be paid by the appellant to the commissioners.

The commissioners may call for and refuse to proceed without evidence.—§ 20 (1.) In any case of application to the commissioners with reference to any instrument, the commissioners may require to be furnished with an abstract of the instrument, and also with such evidence as they may deem necessary, in order to show to their satisfaction whether all the facts and circumstances affecting the liability of the instrument to duty, or the amount of the duty chargeable thereon, are fully and truly set forth therein, and may refuse to proceed upon any such application until such abstract and evidence has been furnished accordingly.

Affidavit not to be used otherwise. Person paying full duty relieved of penalty, etc., for omission to state truly in instrument.—(2.) Provided that no affidavit or statutory declaration made in pursuance of this section shall be used against any person making the same in any proceeding whatever, except in an inquiry as to the duty with which the instrument to which it relates is chargeable; and every person by whom any such affidavit or declaration is made shall, on payment of the full duty with which the instrument to which it relates is chargeable, be relieved from any penalty, forfeiture, or disability he may have incurred by reason of the omission to state truly in such instrument any of the facts or circumstances aforesaid.

(4.) Signed by or on behalf of the drawer thereof, but which from any omission or error has been spoiled or rendered useless, although the same, being a bill of exchange, may have been presented for acceptance or accepted or endorsed, or, being a promissory-note, may have been delivered to the payee, provided that another completed and duly stamped bill or note is produced identical in every particular, except in the correction of such error or omission as aforesaid, with the spoiled bill or note :

(5.) The stamp used for any of the following instruments, that is to say—

(a.) Presentation to an ecclesiastical benefice not followed by institution :

(d.) Executed by any party thereto, but which, by reason of the death of any person by whom it is necessary that it should be executed, without having executed the same, or of the refusal of any such person to execute the same, or to advance any money intended to be thereby secured, cannot be completed so as to effect the intended transaction in the form proposed.

(e.) Executed by any party thereto, which, for want of the execution thereof by some material and necessary party, and his inability or refusal to sign the same, is in fact incomplete and insufficient for the purpose for which it was intended :

(f.) Executed by any party thereto, which, by reason of the refusal of any person to act under the same, or by the refusal or non-acceptance of any office thereby granted, totally fails of the intended purpose :

(g.) Executed by any party thereto, which, for want of enrolment or registration within the time required by law, becomes null and void :

(h.) Executed by any party thereto, which becomes useless in consequence of the transaction intended to be thereby effected being effected by some other instrument duly stamped :

Where from unavoidable circumstances any instrument for which another instrument has been substituted cannot be given up to be cancelled within the aforesaid period, and in that case within *six months* after the date of execution of the substituted instrument; 2. Where the spoiled instrument has become void for want of enrolment or registration, and in that case within *six months* next after it has so become void; 3. Where the spoiled instrument has been sent abroad, and in that case within *six months* after it has been received back in any part of the United Kingdom :

(c.) No action has been brought or suit commenced in which the instrument could or would have been given or offered in evidence :

Misused Stamps.—§ 15. Stamp used of greater value than was necessary, or stamp inadvertently used for an instrument not liable to any duty, application within *six months* after the date of the instrument, or, if it is not dated, within *six months* after the execution. The instrument liable to duty to be restamped with the proper duty. The misused stamp to be cancelled and allowed as spoiled.

Allowance how to be made.—§ 16. The commissioners may give in lieu other stamps of the same denomination and value, or if required, and they think proper, stamps of any other denomination to the same amount in value, or, at their discretion, the same value in money, deducting the proper allowance on the purchase of stamps of the like description.

Stamps not wanted may be repurchased by the Commissioners.—§ 17. A stamp not spoiled or rendered unfit or useless for the purpose intended, but for which the person has no immediate use, the commissioners may, if they in their discretion think fit, repay the amount in money, deducting the proper discount. The stamp to be delivered up to be cancelled, and satisfactory proof to be given that it was purchased by him with a *bona fide* intention to be used, and that the applicant has paid the full value thereof without any deduction (except only the amount of such discount), and that the stamp was so purchased within the period of *six months* next preceding the application at the chief office or at one of the head offices, or from some person duly appointed to sell and distribute stamps, or duly licensed to deal in stamps.

As to the exchange of *Sea Policies* of Insurance, see 30 Vict. c. 23, § 17. The cases for allowing are—

(2.) Or be obliterated or otherwise spoiled, and rendered unfit for use ;

(3.) Or shall be filled up for some insurances which shall not be proceeded in, and the same shall not be signed by any underwriter.

Application must be made within *six months* after the policy shall be spoiled or become useless. (See Note a.)

a. The Inland Revenue Office, No. 6 Waterloo Place, Edinburgh, is open for the allowance of spoiled stamps every lawful day, except Saturday, from 10 A.M. to 2 P.M. The distributors of stamps and most of the sub-distributors also receive spoiled stamps for allowance.

A supply of forms of affidavits is kept at the Inland Revenue Office, and by the distributors and sub-distributors of stamps, and claimants may attend at the Inland Revenue Office and have the affidavits taken; or they may get copies of the forms, and take the oath before a justice of the peace, and shortly afterwards lodge the affidavits and the stamps with any of the above officers. If not brought within ten days or a fortnight, the stamp will not be allowed without a fresh affidavit. If the claim be admitted at Edinburgh, a ticket is

issued stating that application is to be made for the new stamps after the next Monday, and within six weeks from the date of the ticket. If the claim be lodged with a distributor, or sub-distributor, a ticket is issued stating that application is to be made for the said stamps after a specified date, and within six weeks from the date of the ticket. If application not made within that time, the claim will be forfeited, and no excuse will be accepted.

The stamps must be presented for allowance *within six months* after being spoiled.

HACKNEY CARRIAGES IN EDINBURGH.

FARES BY DISTANCE.

1. The distance to which any hackney carriage may be driven under these Bye-laws, shall be seven miles from the Cross of Edinburgh.

2. When a party not exceeding two grown-up persons, and without any luggage other than a carpet-bag or the like, enters a carriage at a stance, or when driving along disengaged, they shall be driven half a mile for 6d.; and if they return, they shall pay the same fare. The driver shall draw up to either side of the pavement when called; and if detained more than five minutes before starting, he shall be entitled to 6d. for waiting.

N.B.—This rule shall not apply to fares from railway stations.

3. Excepting the Sixpenny Fare, the fares by distance shall be shown in the annexed Table of Fares. The charges in the table shall include going from the stance or stable to the hirer's residence, and waiting ten minutes. But if the carriage be detained, before starting, more than ten minutes, a charge for waiting at the rate of 6d. for each quarter of an hour, or part thereof, after the expiry of the ten minutes, shall be allowed; and if the place where the hirer is to be taken up be beyond half a mile from the stance or stable whence the carriage is taken, there shall be a charge of 6d. for such distance.

4. When any place is not mentioned in the table, the fare shall be the same as that to any place mentioned which may be in the immediate vicinity.

5. When the fare of any particular place not mentioned cannot be ascertained by reference to a place in the immediate vicinity, the fare shall be 1s. for a distance from the stance not exceeding a mile and a quarter, and *sixpence* for every additional half-mile or part thereof.

6. Half fare returning with the party, excepting the half-mile drive.

7. When parties return (which they shall have the option of doing), and the fare going is 1s., the carriage shall wait ten minutes without any charge for waiting; when 1s. 6d., fifteen minutes; when 2s. and upwards, twenty minutes. If the carriage be detained longer, a charge shall be allowed for waiting, at the rate of 6d. for every twenty minutes or part thereof, commencing at the periods when the free waiting expires.

8. When a carriage is called but not used, a charge of 6d. shall be allowed, if the place to which it is called be under half a mile from the stance or stable, and 1s. if beyond that.—Waiting as in Section 7.

FARES BY TIME.

It shall be in the option of the hirer to employ a carriage within the municipal bounds by time, for SHOPPING, MAKING CALLS, and the like, where the driving is not continuous. The charge in such cases shall be 2s. for the first hour or part thereof, and 6d. for every additional quarter of an hour or part thereof.

For an AIRING into the country within seven miles from the Cross of Edinburgh, and returning either

by the same or a different road, the rate shall be 3s. for the first hour or part thereof, and 1s. for every twenty minutes or part thereof. A drive round the Queen's Drive shall be at the rate of 3s. per hour. Unless the hirer wishes a slower pace, the rate of driving when out an airing shall be at least six miles an hour; and in the event of the driving being at a slower pace than six miles an hour, contrary to the wish of the hirer, it shall be optional for the hirer to pay the fare in the proportion of 3s. for every six miles so travelled.

WHETHER THE FARES ARE BY DISTANCE OR BY TIME.

1. The hirer pays tolls.

2. If there be more than four grown-up persons driven, a charge of 6d. extra shall be made for each additional grown-up person, or for each two children above six years of age, and under twelve. No additional charge for one child above six to twelve, or children under six years.

3. From eleven at night till seven morning, double fare, excepting in cases in which the hiring begins before eleven o'clock and ends at or before a quarter past eleven o'clock.

4. On Sunday the fares for such carriages as shall have been previously ordered or engaged, or hired elsewhere than on the public streets or stances, shall be fare and a half.

5. The above fares are for one-horse carriages, and there shall be no additional charge when two horses are used by the owner without being required to do so; but if two horses be used at the request of a hirer, the charge shall be fare and a half.

6. No owner or driver shall demand or receive more than the regular fare.

7. Owners or drivers may agree to drive at lower fares than those fixed. In that case, should they demand more than the fare agreed on, they shall be liable as for an overcharge.

LUGGAGE.

For luggage exceeding 100 lbs. in weight there shall be a charge of 6d. extra. But there shall be no charge for luggage under that weight. The driver shall assist in loading and unloading in all cases when required.

FARES MAY BE WITHHELD.

Any party shall be entitled to withhold payment of the fare—

1. When the name and number are not painted outside, or when there is no plate inside, in terms of Article Third of these bye-laws.
2. When the reference ticket is not given.
3. When the bye-laws, table of fares, and driver's licence are not shown on demand.
4. When an overcharge is made.
5. When the driver fails or refuses to complete an engagement; but if payment of the fare be withheld, the party shall give the driver his full name, designation, and residence.

REDRESS.

Parties aggrieved will obtain redress on application to the Procurator-Fiscal at the City Chambers, within eight days after the date of the offence, except in cases when parties are prevented making such application by their absence from town.

# CALEDONIAN INSURANCE COMPANY.

Founded 1805. The Oldest Scottish Insurance Office.

## LIFE DEPARTMENT.

SECURITY of the highest order is afforded to Policy-holders. In illustration of the stringency of the principles of valuation employed, it may be stated that the Reserve made by the Caledonian is on the highest scale, and is equal to 75 per cent. of all the Premiums received under existing Policies. On reference to the Valuation Statements published by the Board of Trade, it will be seen that very few Companies maintain so high a Reserve.

The BONUSSES have been increased at successive Divisions of Profit.

PREMIUMS STRICTLY MODERATE.

## FIRE DEPARTMENT.

The Fire Reserve Fund, which has been accumulating during a long course of years, is now greatly larger in proportion to the Premium Income than that of any other Scottish Company. This deserves attention, as the extent of SECURITY afforded is really the most important point to be kept in view in the selection of a Fire Insurance Office, the rates of premium charged by all Fire Companies of good standing being practically the same.

## UNDOUBTED SECURITY.

The Accumulated Funds amount to £1,400,000, and searching Investigations on **Six** successive occasions have shown the **Large Reserves** made for the fulfilment of the Company's obligations under its Policies.

## MODERATE PREMIUMS.

The Rates of Premium charged by the Company for all classes of Assurance are specially moderate.

## A SPECIAL NON-FORFEITURE PLAN,

By which each Policy-holder is secured against losing the benefit of his Contributions from inability to continue the payment of Premiums.

## AN EQUITABLE BONUS SYSTEM.

Policies becoming Claims on Young Lives receive Bonus Additions at an equitable rate, while those which become claims on older lives after long duration receive the larger share of Bonus to which they are entitled. The Company's Bonus System is thus specially favourable to *good lives*, and on these it confers very important advantages.

THE EDINBURGH LIFE ASSURANCE COMPANY—Continued.**PROGRESS OF THE BUSINESS.**

That the foregoing features, and the sound and liberal Principles which regulate its whole system, have had the effect of rendering the Company increasingly popular, is very sufficiently indicated by the following Tabular Statement of the **New Business** during each year since the Periodical Division of Profits in 1871:—

|                              |       |          |

| "          "          1876,  | . . . | 656,720  |
| "          "          1877,  | . . . | 683,002  |

**BONUS YEAR, 1878.**

The Seventh Periodical Investigation into the Affairs of the Company will take place as at **31st MARCH 1878**, when the Profits realized during the preceding Seven Years will be ascertained and divided. Policies effected on or before that date at Single or Annual Premiums on the participating plan will rank for

**A FULL YEAR'S BONUS.**

These Bonuses become Vested Additions to the Sum Assured when the Policies have been Five full Years in force, and they may then be surrendered for Cash, or applied in the reduction of Premiums if the Assured so desire.

*The Association has two Classes of Policies, A. and B., having distinctive arrangements as regards Bonuses, etc.*

## CLASS A. (New Series.)

The **BONUSES** are applied in totally extinguishing, after a limited number of payments, the ordinary premiums stipulated for the policies. A policy effected at the ordinary premium payable during the Whole of Life, is thus, after a comparatively few years, converted into a **PAID-UP POLICY**, requiring no payments, and no care to keep it in force, and carrying the specially high value and privileges of such a document. The Sum Assured will at same time go on increasing by the future Bonus Additions.

Further, until the policy-holder be thus relieved of the burden of paying premiums, he has the option of paying only three-fourths of the tabular rate. The **OUTLAY** for a Life Policy is thus reduced to a **MINIMUM**.

Those policy-holders who prefer Bonus Additions to the Sum Assured may have their share of profits so applied.

## CLASS B.

The **BONUSES** are reserved for the Assured who survive to at least the average period of persons of their age at entry. They are allocated in the form of Additions to the Sums Assured, and have hitherto been at the rate of £4 per £100 for every year's premium paid. *They are thus three or four times larger than the ordinary Bonus Additions of other offices, and will amount to a very large sum in the case of the policy-holders who survive, namely, more than half of the whole number of Entrants.*

This system is highly favourable to healthy persons at every age—the young as well as the old—who are likely to live to at least an average age.

The **CONDITIONS** of the policies are unusually favourable as regards Indisputability, Non-forfeiture, Residence, etc. In Class B. the Assured may reside or travel **IN ANY PART OF THE WORLD**.

In **DISCONTINUING** his payments, the policy-holder is completely protected against loss by the **NON-FORFEITABLE PREMIUM SYSTEM**, giving the policy-holder, in ceasing his premium payments, the right to demand a Paid-up Policy for a proportionate part of his Assurance.

Large Bonus Additions have been made to this Company's Policies at repeated Investigations.

During the sixteen years preceding the last investigation in 1876, the average rate of Bonus exceeded £1, 10s. per cent. per annum. A Policy for £1000 effected in 1844 had increased in 1876 to £1415.

## LIFE DEPARTMENT.

PREMIUMS, 1876, . . £250,872.

The Advantages and Facilities offered to Insurers with the Liverpool and London and Globe Insurance Company are as follows, viz. :-

LIFE POLICIES are issued upon two different Plans, namely:—Either upon a Scale of Premiums entitling the Assured to a *Participation* in Profits;—or upon a Scale which, requiring a smaller payment to secure a specified sum, does *not* entitle to such participation.

These Two Scales of Premium enable the COMPANY to meet the wishes of those who desire to accumulate BONUS ADDITIONS to THEIR POLICIES; and also of another numerous class, to whom the lowest fixed rate of *Non-Participating* Premiums for a fixed amount of Insurance, without Bonus Additions, are either more convenient or, for especial reasons—as, for instance, in some case of Trusteeship—more proper.

The DIVISION of PROFITS will for the present be quinquennial, but the first declaration of BONUS ADDITIONS to the Sums Insured upon the Participating Scale will be made for the term ending 31st December 1878.

The Assured's Share will be FOUR-FIFTHS of the Profits so ascertained to have accrued upon Life Policies of their class after the present date on the Participating Scale, and remaining in force on the 31st December 1878, and will be divided among the then existing Policies of that class, and which shall have been in force for one or more years.

Claims under Policies will be paid in THIRTY DAYS after the claim itself has been admitted, being the same time as is allowed for the payment of Renewal Premiums. This is an advantage peculiar to the Company.

Medical Fees and Policy Stamps paid by the Company.

THE MANCHESTER FIRE ASSURANCE COMPANY was established in 1824, upon principles of public utility, and consists of a numerous and wealthy proprietary—possessing a large paid-up Capital, which, with the accumulations of Profits, offers to Insurers the most ample security.

The cheerfulness and promptitude with which important losses have been paid by this Company are well known and admitted, it being the desire of the Directors to settle them with liberality and despatch.

By a system of the most complete classification, the result of each description of risk is ascertained annually; and the rates charged, being founded on an experience of half a century, are as favourable to the Insured as is consistent with the security of the Company.

No charge made for New Policies. Losses by Fire occasioned by Lightning are made good. The Policies of this Office extend to and cover Losses by Explosion of Gas.

Insurances effected for Seven Years will be charged for Six Years only; or if for any number of years more or less than Seven, a reasonable Discount will be allowed upon the Premium.

Insurances may be effected in Foreign Countries and in the Colonies, as well as throughout Great Britain.

Farming Stock and Implements of Husbandry on a Farm are Insured without the average clause.

THE ACCIDENT INSURANCE ASSOCIATION OF SCOTLAND transacts the business of Insurance against Accidental Death and Disablement.

The experience of Accident Companies proves that in every year one at least out of every sixteen persons insured meets with an accident of some kind, more or less serious. To enable the provident, by payment of a small Premium, to provide against the loss which may be thereby sustained, is the object of Accident Insurance. Such provision may be made—(1) Against Death and Disablement; or (2) Against Death only.

The Compensation for Fatal Accidents is payable if death ensues within three months from the date of the accident. The Allowance for Disablement is payable, in one sum, for a period not exceeding twenty-six weeks for any single Accident causing either Total or Total and Partial Disablement.

**CLASSIFICATION OF RISKS.**

The Risks which the Association undertakes are classified according to the Occupation of the person insured under the three following heads:—(1) ORDINARY; (2) HAZARDOUS; (3) SPECIAL.

CLASS I.—*Ordinary*.—Comprising Clergymen, Commercial Travellers, Farmers, Professional and Business men generally, Tradesmen and Shopkeepers (not working with Tools), and others whose occupations do not involve any hazardous risks.

CLASS II.—*Hazardous*.—Comprising Builders, Butchers, Carpenters, Gunmakers, Masons, and others whose occupations involve manual labour.

CLASS III.—*Special*.—Comprising Railway Guards, Huntsmen, Gamekeepers, Policemen, and others whose occupations involve specially hazardous risks.

THE Subscriber is authorized to issue, FREE OF CHARGE, BONDS, bearing SIX PER CENT. INTEREST, in sums of £50, £100, £500, or £1000, for periods of 3 or 5 Years, the Interest Coupons being payable on 1st April and 1st October in this Country, at the Counting House of Messrs. BORTHWICK, WARK, & Co., Bartholomew House, London, E.C., where the principal is also payable. Bonds having some part of their time expired are also sometimes obtainable to suit parties desiring an investment for a shorter period than the above.

The investments of the Subscribed and Borrowed Capital of the Society are limited by Charter to Mortgages over Real Estate in Ontario and Government and Municipal Securities in Canada. The policy of the Directors has hitherto been to limit the Investments wholly to First Mortgages over real Estate, as giving the best Security to the Shareholders, and more certain protection to the Bondholders. During the last Financial Year, ending 31st December 1876, the Business of the Society has been marked by continued prosperity, the net earnings having amounted to

\$77,493 (£15,923),

out of which large Dividends have been paid to the Shareholders, and the Reserve Fund, which now amounts to

\$135,000 (£27,739),

considerably increased. For further information apply to the Subscriber,

## DEPOSITS.

**T**HIS COMPANY PROVIDES PERSONS WHO HAVE MONEY WITH A SECURE AND PROFITABLE CHANNEL FOR ITS INVESTMENT.

The Funds are invested on the security of Heritable Property in Scotland, approved of by experienced Surveyors and Valuators. The Sums lent are from the first restricted to an amount considerably under the market value of the Property, and by the system on which the Business is conducted this margin of safety is periodically increased by the gradual repayment of the Loan. Depositors have thus the advantage of the security of carefully-chosen Heritable Bonds, and in addition, the personal security of a large and responsible body of Shareholders for the subscribed Capital of £50,000.

*The present Rates allowed by the Company for Money on Deposit-Receipt are as follows:—*

|                             |   |   |             |
|-----------------------------|---|---|-------------|
| For Six Months or One Year, | - | - | 4 per cent. |
| „ Two Years,                | - | - | 4½ „        |
| „ Three Years and upwards,  | - | - | 4½ „        |

Interest is paid half-yearly, unless otherwise arranged, and is remitted by the Manager, *free of charge*, on the dates when due.

## LOANS.

Loans are granted on the security of approved Heritable Property.

The Directors wish specially to encourage the practice of parties acquiring Property for their own occupation; and in accordance with this desire the most favourable consideration, consistent with the maintenance of a sufficient margin, will be shown to those who make Application for Loans with this end in view.

In arranging for Repayment, the convenience of the Borrowers will be carefully considered.

## LOANS.

This Company advances money on the security of Heritable Property. Advances are repayable by different modes to suit the convenience of Borrowers, and within such number of years as may be arranged. A portion of the amount may remain as a permanent Loan.

## INVESTMENTS.

Debenture Bonds are issued for sums of £100 and upwards, bearing interest at from  $4\frac{1}{4}$  to  $4\frac{1}{2}$  per cent.; and money is also received on Deposit at from  $\frac{3}{4}$  to  $4\frac{1}{2}$  per cent., according to the period it remains.

## SECURITY.

The whole Funds, including the monies received on Debenture and Deposit, are lent out on Heritable Property under the advice of the Company's Surveyor, every Loan being carefully considered by the Board of Directors. The sum lent is in all cases considerably under the market value of the property, and the margin is always increasing, as the Loans become immediately repayable by instalments. Investors with the Company are therefore in effect lending on the security of carefully selected Heritable Bonds, while in addition they are protected against the possibility of loss by the Uncalled Capital of £180,000, and a Reserve Fund of £13,000.

## DEPOSITS AND DEBENTURES.

THE ASSOCIATION receives Money on DEPOSIT or DEBENTURE BOND, at Rates varying from 3 to 4½ per cent., according to the market value of money at the time. If preferred, a uniform Rate of Interest will be given on Deposits for fixed periods of from one to five years, on terms to be arranged. The Debenture Bonds will be granted for five or seven years.

## SAFETY OF DEPOSITS AND DEBENTURES.

The ASSOCIATION lends its Funds on HERITABLE PROPERTY *only*, and at rates corresponding to the market value of money. All the Loans are repayable by instalments, which adds greatly to their safety, any depreciation which might take place in the value of the security being more than met by the gradual diminution of the Loan. The risk arising from the Investments of the Company is thus small, and they are enabled to give comparatively high rates for Deposits. In addition to the Loans being secured on Heritable Property, Depositors have the *further guarantee of the Company's large Subscribed Capital and Reserve Fund*.

## LOANS.

Loans are granted on Security of Land, Houses, Shops, and other Heritable Property. The Loans are repayable in periods of from four to sixteen years. If desired, *part only* may be made repayable by instalments—the remainder bearing interest, payable half-yearly. Borrowers, by arrangement with the Directors, can pay off their Loans at any time, either in whole or in part; or the period of repayment can be altered to one more suitable. WHEELER & WILSON

MANUFACTURING COMPANY
(LOCK-STITCH SEWING MACHINES).

While thanking former patrons for past favours, the Company solicit their continued support, requesting the favour of a call at their New Premises, where an extensive and valuable assortment of Machines, embracing the latest improvements, INCLUDING THEIR NEW MANUFACTURING MACHINES, may be seen, and Prospectuses, Price-Lists, and every information obtained.

The points of difference and superiority of this Machine over the Shuttle Machines are very numerous and important—

1. The rotating motion of the Hook is far easier, quieter, and more rapid than the reciprocating motion of the Shuttle.
2. A much higher speed is attainable with the Rotating Hook. This is very desirable when steam power is to be used, as the Rotating Hook can be made to do at least 50 per cent. more work. The ordinary speed at which these Machines can be run would soon shake a Shuttle Machine to pieces.
3. The repairs required by the Rotating Hook Machine are very light compared with those of the Shuttle Machine.
4. The automatic tension or clamping of the lower thread enables the operator to regulate the lock of the two threads, as can be done with no Shuttle Machine.
5. The independent 'take up' to draw up the loop of the thread when the needle is out of the material, is a great advantage.
6. The steady movement of the Rotating Hook produces a more regular and even stitch than the oscillating Shuttle.
7. The under thread of these Machines is much more easily wound and arranged than with the Shuttle Machine, and the bobbin requires refilling far less often. The needle is set without trouble, by simply placing it in position.

Purchasers can be instructed (*free of charge*) in the working of the Machines, whether purchased from the Company or any of their Agents, and every facility will be given to ensure proficiency in their operation. Persons having old Machines will be able to have them properly Repaired and Adjusted by competent workmen, *at a trifling charge*.

Duplicates of any part of the Machines that may be required, may be obtained at the Office, as well as Sewing Silk, Twist, Cotton, Thread, Oil, etc., specially selected for their Machines, Needles of their Manufacture, and every other requisite.

To meet the requirements of the age, and the wishes of those who cannot conveniently pay the whole purchase-money at once, a system of

HIRE WITH OPTION OF PURCHASE

has been organized, which they will be glad to lay before any who wish to avail themselves of its advantages.

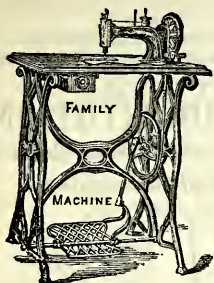

WHEELER & WILSON'S SEWING MACHINES are by far the *most economical* and *truly cheap*, by reason of their superiority in all desirable qualities; and moreover, are made and sold by a responsible Company of long standing and established reputation.

The success which has attended these Machines has produced many imitations. It is necessary, therefore, that purchasers should be careful not to get a counterfeit article. None are genuine without the above Trade Mark embedded in the Machine, and the name of the firm impressed on the cloth plate.

HARVEY HILLIARD,

Patentee and Sole Inventor of 'THE LOCKFAST HANDLE TABLE KNIFE,'

7 NICOLSON STREET, EDINBURGH (two doors from the University).

SEE ENGRAVING, which illustrates the principle of the Invention. The tang of the knife is barbed at right angles, and the bore of the handle being suitably grooved to admit the barb, the tang can be slipped down transversely into the bore; the blade being then forced round to its proper parallel position with the handle, the barb becomes embedded into the solid ivory, and the handle and blade are thus invisibly locked fast together so securely as to resist the possibility of loosening from frequent immersion in hot water, or from any severity of usage they may be subjected to.

HILLIARD'S IVORY 'LOCKFAST' KNIVES are specially distinguished for high-class quality, strength, and elegance, in testimony of which they were adjudged a Prize Medal at the Great International Exhibition.

DANIEL MACKAY & CO.,

CAMERON BANK, NEWINGTON, EDINBURGH,

HAVE been employed as GARDEN ARCHITECTS in the various methods of designing and laying out KITCHEN and FLOWER GARDENS, PLANTATIONS, CARRIAGE DRIVES and other WALKS, and PLANTING SHRUBS and TREES, over a period of Twenty-five years.

D. M. & CO. having acquired some experience, and having devoted considerable time during this long period to both Theory and Practice in the above vocations, are prepared to undertake the commands of any party requiring their service.

D. M. & CO. having found much difficulty in cases of planting to procure handsome Shrubs and Trees, resolved, in 1865, to grow those Plants, with the view of meeting the exigencies of their own Trade specially, have now succeeded in raising a small select Stock of Shrubs and Trees, thoroughly trained and frequently transplanted, which, for health, symmetry, and size, can be favourably compared with similar Plants in similar situations over Great Britain.

D. M. & CO. have great pleasure in recommending these Plants to all Parties about to Plant. Those who may be disposed to inspect the Stock will find representatives of nearly all the Hardy Evergreen Shrubs worth cultivating.

WILLIAM MACKENZIE,
BUILDER AND ASPHALTER,
HOPE PARK END HOUSE, EDINBURGH,

RESPECTFULLY intimates that he executes every description of Asphalting, and is ready to furnish Estimates for the same, in Town or Country, on Moderate Terms.

ASPHALT FLOORING is highly recommended for Stables, Byres, Barns, Cattle Sheds, Granaries, Cottars' Houses, and all kinds of Farm Buildings, on account of its being the most effective preventative to the ascent and spread of Damp, its complete exclusion of Vermin, its neat and cleanly appearance, its durability and cheapness in comparison with other descriptions of flooring and pavement, and its healthy and disinfectant properties. While it effects a great saving, by the exclusion of rats and smaller vermin, owing to the close texture of the composition, without seam or joining, it keeps the Grain in a sweet state, from the entire absence of damp or moisture; and wherever the Asphalt Flooring has been used, it has fully realized all the benefits held out by its adoption.

"When the sun shines, be advised to carry an Umbrella; when it rains, do as you like."

"The value of a thing is best known by the want of it." This is especially true of an Umbrella.

AFFLICTED UMBRELLAS.

ILLUSTRIOUS WAYFARER,

Do you rejoice in the possession of an athletic Umbrella? Inasmuch as it is a provident investment, this is an important question. Or has the destroying hand of Time and usage reduced it to a condition of inutility and abandonment?—Is it dilapidated? Is it prostrate with a fractured rib, a dislocated neck, or a broken spine? Has any unexpounded calamity tended to debilitate its nerves, or paralyse its muscularia? Is it afflicted with a damaged crenated attachment, or a ruptured vericle convergentum? Has any visitation or paralysis arrested or destroyed the facile action of the motive power? Does there exist any manifestation of an abrasion, or inaccurate tension of the epidermis? Is the tippeous extension of the epidermis unimpaired in its attachment? Is the pedaneous extremity intact; or has prolonged attrition against terraceous substances reduced it to a state of stumpiferous deformity? Is the digitalial appendage without flaw or fracture? Is the occluse and expansive action uninterrupted? Is the octahegenous osseonsity insometrically angulated? Is its centrifugal rotundity deformed by depression, semicollapse, or protrusion? Is its polyhedral conformation correct? and its circumambient proportions adequate for personal conservation? Is it loaned, lost, levanted, misappropriated, or used up? Are its mineralogical, vegetable, and animal elements, still in combination? Or is it "ALL OVER WITH IT?"

Impassioned reader! if you are mentally embarrassed in the labyrinth of these inquiries; if your technical knowledge fails to recognise their logical applicability; suffice it, that for any contingency, ample provision is made at the far-famed

BRITISH LINEN COMPANY BANK. THE ROYAL BANK OF SCOTLAND.

Head Offices of the Company:

77 GEORGE STREET, EDINBURGH.

THE very great number of Accidents which happen now-a-days, producing in many cases instant death, and in others serious injury to life and limb, must have been noticed by all who take an interest, or an active part, in the busy ways of men. It has been frequently estimated that about Two Millions of Accidents happen each year among the population of Great Britain; and it is the experience of the various Assurance Companies, in this and other countries, that about one person in every twelve insured sustains an injury of some kind or other in the course of a year. No class of the community is exempt from Accidents. The Professional, the Com-

APPLICATIONS FOR AGENCIES ARE INVITED.

mercial, and the Manufacturing Classes have alike experienced the benefits of providing against the pecuniary losses sustained by Accidents.

It is of course impossible to find a perfect substitute which shall yield complete satisfaction for the injury done. The utmost compensation is found to consist in providing a sum of money to the dependents if the injury has terminated fatally, or, if only disabled, to find such an allowance as shall assist in recouping the pecuniary loss sustained through the injury. For this purpose the SCOTTISH ACCIDENT INSURANCE COMPANY (LIMITED) has been established. In consideration of certain payments, it undertakes to insure a sum of money to the representatives of any person who may meet with an Accident which shall terminate fatally, or a weekly allowance during total or partial inability on the part of the insured to follow his usual occupation, should such Accident not prove fatal.

EXAMPLES.—(1.) A person exposed to no other than the ordinary risks of accident, for an Annual Premium of £1:5s., can insure £1000, payable in the event of his Death by Accident in the United Kingdom or on the Continent of Europe, or while crossing the English or Irish Channels.

(2.) An Annual Premium of £2:10s., will insure £1000 in the event of Death as above, but should such Accident not prove fatal, a Weekly Allowance of £5 during Total Disablement.

(3.) An Annual Premium of £3:10s. will insure £1000 in the event of Death as above, but should such Accident not prove fatal, a Weekly Allowance of £5 during Total Disablement; and in addition, a Weekly Allowance of £1:5s. during Partial Disablement, should such Disablement not be Total.

Notice of any Claim against the Company in respect of an Accident must be sent to their Head Office within seven days after the happening thereof.

In the event of an Accident proving fatal within Three Months of its occurrence, the sum insured will be paid ONE MONTH after proof of Claim.

The Weekly Allowances, in the event of Disablement, whether Total or Partial, or both, shall continue during such Disablement only, and in no case beyond Twenty-Six Weeks for any one Accident, and are payable in one sum.

THE SCOTTISH WIDOWS' FUND (MUTUAL)

LIFE ASSURANCE SOCIETY.

ESTABLISHED 1813.

THIS SOCIETY long since attained, and now holds, a foremost place among the Life Assurance Institutions of Great Britain. That it possesses the confidence of the Provident Classes of the Community, is shown by the magnitude of its business.

The New Assurances granted by the SOCIETY during the last five years have averaged

One Million and a Quarter per Annum,

and the Total Amount presently assured on the lives of over Twenty-two Thousand Members, including Vested Bonus or profit additions, exceeds the enormous sum of

£20,000,000.

Every element which could contribute to financial strength has been carefully preserved in the building up of this vast business. The most scrupulous care has been exercised in the selection of Lives; and in the choice of Investments only those of the highest class have been entertained. The result is now seen in the fact that while

Nine and a Half Millions Sterling

have been paid in Claims occasioned by death and survivance of Members, and over

Four Millions Sterling

have been divided in profit, the SOCIETY has accumulated *a larger Life Assurance Fund than any other British Office.* This Fund, all invested in the United Kingdom, exceeds

SIX MILLIONS STERLING.
