I. Description of Incident

An observer in London observed a watermelon-shaped object of white light estimated to be as high as 1,000 feet then disappearing behind some buildings. Object was slow moving and was sighted at 0300 for 3 minutes.

II. Discussion of Incident

This report is very brief. Nothing is known about the reliability of the observer, local air traffic, beacons on water towers, etc. Therefore, no real evaluation can be attempted although the description sounds like the landing light on an incoming plane.

III. Conclusion

Insufficient information.

AIR INTELLIGENCE INFORMATION REPORT

FROM (Agency) 605th Air Base Group, McGuire AFB, Trenton, N J	REPORT NO. 13-5-53 R	PAGE 5 OF 5 PAGES
---	-------------------------	-------------------

- A. I am a mechanic.
- B. How many years' service do you have?
- A. Eight years and eight months.
- C. What has been your particular job since you have been in service?
- A. That of truck mechanic.

The following is a statement made by Airman [REDACTED] concerning the incident:

"At approximately 0030 hours on the morning of the 12th Dec I [REDACTED] was awakened by A/Sgt [REDACTED] to observe some strange object that were passing over our building. I got up to observe object before it disappeared out of sight."

/s/ [REDACTED]
Sgt [REDACTED], McGuire AFB
Trenton, New Jersey

Statement by S/Sgt Washburn:

After interrogating the two airmen who reported the unidentified object, I discovered that two jet aircraft from McGuire Air Force Base were airborne between the hours of 2227, 11 December 1952 and 0012, 12 December 1952. Both airmen insisted, however, that the sighting occurred at exactly 0025 hours and 0030 hours.

I would regard Airman [REDACTED] as being a fairly reliable witness or observer, and would give his report a C-3 rating. I do not regard Airman [REDACTED]'s report as being as reliable as the one rendered by Airman [REDACTED]; but since both reports coincide I would also advise that his report be given a C-3 rating.

STATEMENT OF MAJOR JOSEPH G. JOHNSON, JR.:

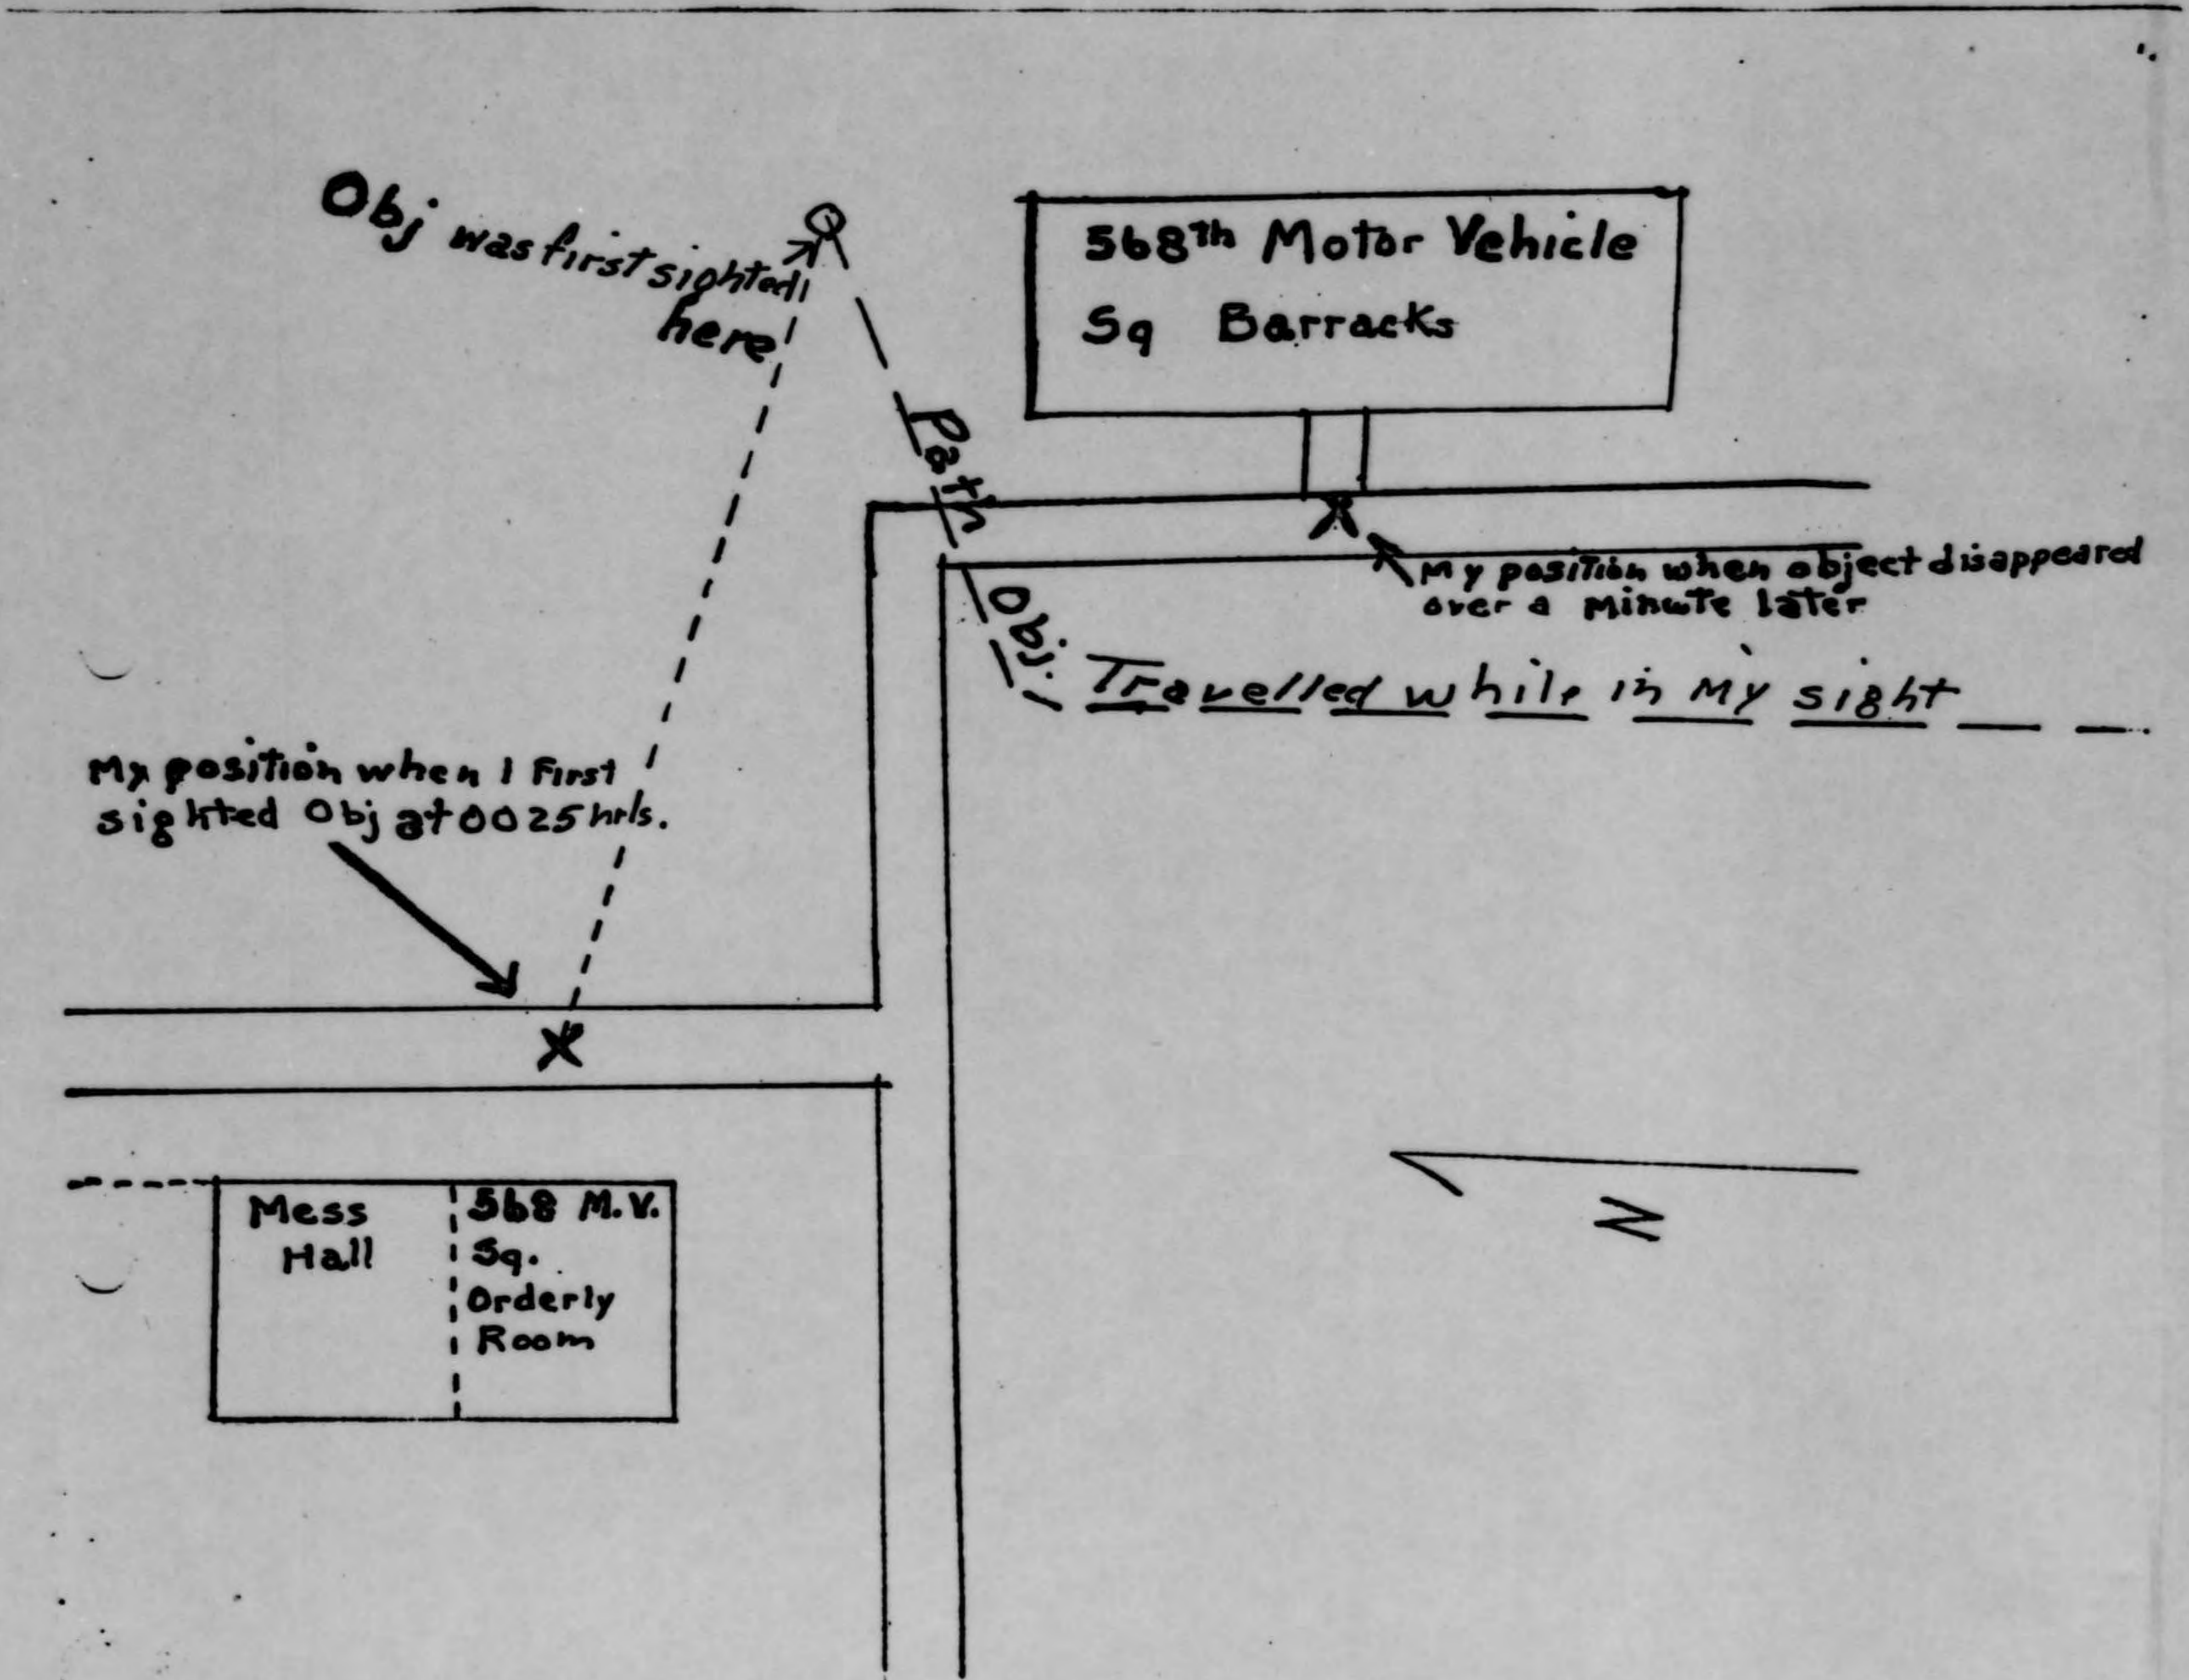

I have coordinated with Sgt Washburn during all phases of this investigation and concur with his judgment as to the reliability of the observers.
