### KILLED BY EXPLOSION.

Philadelphia, Pa., May 30.—Two men were killed to-night by the explosion of a tank in the electric light plant at the Broad street station of the Pennsylvania railroad. The dead are Geo. D. Tolinger, foreman, and George Hoey, engineer.

The tank that exploded contained water and air, and was used to regulate the running of elevators. Broad street station was filled with passengers when the explosion occurred. The shock of the explosion shook the building, and the lights went out, causing some excitement and much confusion. Passengers had much difficulty in finding trains. In consequence of the accident all trains departed late.

### FIGHT AT WARSAW.

Three Killed and Many Wounded in Fight Between Troops and Workmen.

Warsaw, Russia, May 1.—Three persons were killed and many were wounded in a conflict here this afternoon between troops and workmen at the copper or Helason and Jeroshinska streets.

### YELLOW FEVER CAUSED DEATH.

New York, May 1.—A dispatch received here from Panama announces the death there from yellow fever of Chief Architect Johnson, attached to the canal staff. He was formerly employed as architect by the Illinois Central railway.

## RUSSIAN SQUADRON AGAIN LOCATED

### LYING SOME DISTANCE FROM KAMRANH BAY

Linevitch Reports That Two of His Forces Drove Japs From Five Consecutive Positions.

Saigon, May 1.—The Russian squadron is lying off Port Dayet (forty miles north of Kamranh Bay) and in Bih-kang Bay (near Kamranh Bay) outside of territorial waters.

Russian, German and British transports are off Cape St. James, near Saigon, and in the Saigon river.

The French naval division has been mobilized to preserve neutrality in French waters.

### APPARENTLY PREPARING SHIPS FOR SEA.

Hongkong, April 30.—Steamer Stettin, which has arrived here, sighted from thirty to forty vessels of the Russian second Pacific squadron in Honkoko Bay. Amam (about 50 miles north of Kamranh Bay) on Thursday afternoon.

Two cruisers, which had their decks stacked with coal, signalled the Stettin to stop and questioned her. The best was preparing for sea.

### VESSELS REPORTED NEAR ISLAND OF HAINAN.

Tsingtau, Shantung Peninsula, China, May 1.—It is reported that the Russian second Pacific squadron, together with the Russian third Pacific squadron, are near the Island of Hainan.

### MAY JOIN FORCES ON FRIDAY MORNING.

London, May 1.—The Daily Telegraph's Tokyo correspondent says that the Russian second and third squadrons will join forces on the morning of May 5th.

The fifth native loan of \$50,000,000 has been over subscribed five times, and the financial position now permits of a resumption of the construction of the Central railway throughout Japan, which was stopped at the beginning of the war.

### JAPANESE WERE DRIVEN FROM POSITIONS.

St. Petersburg, April 30.—Gen. Linevitch, in a message to Emperor Nicholas, says: "Two Russian forces on the night of April 29th simultaneously attacked the Japanese near the town of Tungshuang, driving them from five consecutive positions and occupying Tungshuang."

### THE POSITIONS OF JAPANESE FORCES.

Gunshu Pass, Manchuria, April 30.—The Russian army here celebrated its second Easter in the field with the national religious services and observances. Special Easter feasts were prepared for the soldiers, giving them a respite from their usual duties wherever possible.

Information obtained from prisoners and captured mails shows that the disposition of the Japanese armies is as follows: Gen. Nogi's force in the region between the Pass and Kaityan.

Gen. Oku—From Fakomin to Chang-tu. Gen. Kuroki—From Tie Pass eastward of the railway. Gen. Kawamura—Northwest of Mukden.

The weakest force of the Japanese is in the region about Mukden, while the principal concentration is in the region of Tie Pass. The flanks are guarded by mixed bands of Japanese and Chinese bandits.

### PREPARING FOR CEREMONY IN TOKIO.

Tokio, April 30.—An elaborate ceremony will begin on Wednesday and end on Friday, when the names of 30,800 soldiers and sailors of Japan killed prior to the battle of Mukden will be enshrined in the Spokonsha temple.

Many kinsmen and acquaintances of the victims of the war are assembling in Tokio to participate in the ceremony, and are being shown special consideration. They will be special guests of the government. Flags of the Russian cruiser Varig, which was sunk in the first naval battle of the war, and a standard captured at Mukden are on exhibition in the temple. The Emperor and Empress of Japan will attend the ceremony on Thursday, and the Crown Prince and Princess will be present on Friday.

### THOUSANDS OF WOUNDED SOLDIERS AT IRKUTSK.

Irkutsk, Siberia, April 30.—On account of the inadequacy of accommodations for the wounded soldiers from Manchuria, of whom there are twenty thousand here, and more are arriving daily, club houses and school houses have been converted into hospitals.

Provisions, and especially bread, are scarce, owing to the military pressure on the Trans-Siberian railway.

### FORMER ASSISTANT DEFENDS M. WITTE.

St. Petersburg, May 1.—M. Anguirff, formerly an assistant of M. Witte, president of the committee of ministers, undertakes the defence of his former chief against the charges that he was in any manner responsible for the Manchurian events which brought on the war.

On the contrary M. Anguirff proves by means of hitherto unpublished documents that M. Witte opposed the Manchurian plans throughout in the most energetic manner, intimating in fact that it was really his opposition to the schemes in the Far East which led to his downfall as finance minister.

M. Anguirff says M. Witte was opposed to the seizure of Port Arthur in 1904, but was overruled by the advice of Count Muravieff, the minister of foreign affairs, who submitted alleged proofs that Great Britain intended to seize the port if Russia did not do so. Subsequently he opposed the retention of Manchuria. After the Boxer uprising M. Witte presented a memorandum to the Emperor pointing out that Russia's occupation of Manchuria and Korea was bound to lead to protests and eventually to war.

## EASTER SUNDAY PASSED OFF QUIETLY

### NO DISTURBANCES REPORTED IN RUSSIA

The Authorities Throughout the Country Have Taken Steps to Deal With Any Outbreak.

### St. Petersburg, May 1.—2.50 a. m.

Easter Sunday, which is the occasion in Russia of a general interchange of visits both official and personal, and of generous hospitality, passed off with entire quiet in St. Petersburg and no disturbances in the provinces have been reported.

In the factory quarters of St. Petersburg, police and Cossacks were much in evidence manifesting their presence by constant patrolling; but there was no occasion for their services, and it is thought the situation is well in hand for today, when disorders have been apprehended. The situation has none of the ominousness of the eve of January 22nd.

In Poland, however, serious trouble is feared to-day. There was rioting on a small scale on Saturday in one or two Polish industrial centres. As a precaution, and to avoid possible complications with foreign powers, the Governor-General has sent a circular to the consuls with the request that they warn those of their particular nationality of the danger of venturing into the streets in case disturbances should occur.

Disturbances in the provinces have been reported. In the factory quarters of St. Petersburg, police and Cossacks were much in evidence manifesting their presence by constant patrolling; but there was no occasion for their services, and it is thought the situation is well in hand for today, when disorders have been apprehended.

The peace committee appointed by the mayor yesterday failed utterly in its efforts to bring about a settlement of the strike. The plan for an armistice of forty-eight hours was rejected by both sides early in the conference, and was also rejected later made by the representatives of the labor men, who asked that a committee of five citizens be appointed to arbitrate the matter. The peace committee issued this statement:

"The representatives of the employers refused to accept any commission or means of arbitration which was suggested, while the laboring men declared their readiness to acquiesce in the plan of submitting the controversy to persons commanding the respect and confidence of the community."

Early to-day five hundred men and strikers headed by sympathizers attacked the main stables of the employers' teaming company, and stamped the animals. This was a violation of the federal injunction issued by Judge Kohlsaat.

William and Harry Grady, picture frame manufacturers, were shot early to-day and severely wounded through a misunderstanding. Some time ago these men supplied Montgomery, Ward & Company with picture frames, but their contract expired several months ago. It is said by the police that strike sympathizers who were of the belief that the Grady's were still connected with the Ward Company made the attack on the two men.

Other Trades. Chicago, May 1.—May day dawned on Chicago with every indication of labor peace except for the garment workers and teamsters' strike. A similar condition has not existed since 1886. All the building trades, representing more than 50,000 workers, begin work to-day under new agreements, a few with slightly higher wages, and nearly all with some concession in working conditions. The several thousand bakers and the master bakers' association reached an agreement and signed last year's scale for another year. Agreements have been renewed in all maritime trades. Several wage scales are still open and under conference. The principal one is that of the ice-wagon drivers and helpers. The joint committee handling this matter will meet again to-morrow for final settlement. Electrical workers in shops, both men and women have asked for a uniform scale for like work.

Another Death. Chicago, May 1.—The death list in the teamsters' strike is increasing. Police Sergeant Richard Cummins, who was injured while in charge of a squad of police guarding a number of wagons on the way to the strike affected district, died to-night. During one of the many riots growing out of the strike he was knocked under the feet of horses attached to a carriage, and was crushed beneath the vehicle's wheels.

FOR HIGHER WAGES. Several Thousand Men in New York Will Strike This Week. (Associated Press.) New York, May 1.—May day strikes here will be lacking this year in the building trades, but before the week end thirty to thirty-five thousand men may quit work in various vocations in the hope of forcing an increased wage.

The immigration hospital at Quebec, owned by the Dominion government, was burned to the ground this morning, involving a loss of \$50,000. The origin of the fire is supposed to have been defective electric wiring. The hospital had only been opened a few days.

### FATAL QUARREL.

Ottawa, May 1.—Another murder is reported from Wright county, up the Gatineau, in the township of Low. Napoleon Welsh and Calista Charroon had quarrelled, and Charroon shot and killed Welsh. The sheriff of Hull has left to arrest Charroon.

## THE TEAMSTERS' STRIKE IN CHICAGO

### EFFORTS TO SETTLE TROUBLE HAVE FAILED

Labor Federation Calls on the President, Governor Deneen and Mayor Duane to Investigate Conditions.

Chicago, April 30.—Chicago had on working clothes to-day as a result of the teamsters' strike, which to-day failed of spreading and of settlement. From daylight until dark down town streets were crowded with heavily laden wagons, giving the city a week day appearance.

Believing that the fight now going on for supremacy between the Employers' Association of Chicago and the union teamsters is to be a protracted one, business men to-day sought to procure an extra stock of materials and supplies. While all these preparations were going on for an emergency, efforts were making in Mayor Duane's office at the city hall to bring about a peaceable adjustment of the teamsters' strike.

Early in the afternoon a committee representing the employers' association, met Mayor Duane's peace committee, consisting of Bishop C. P. Anderson, of the Episcopal church, Jenkin Lloyd Jones, of All Soul's church, Dr. Hirsch, of Sinai temple, Miss Jane Adams, of Hull house, and Dr. Cornelius Dubay.

The Chicago Federation of Labor was also busy considering the strike situation, but no action was taken to spread the strike to the affiliated unions. Believing that the teamsters are justified in the fight they are making, the federation passed a resolution requesting President Roosevelt, Governor Deneen and Mayor Duane to investigate the existing conditions in Chicago before complying with any request made for the use of militia in the city during the present difficulty.

The peace committee appointed by the mayor yesterday failed utterly in its efforts to bring about a settlement of the strike. The plan for an armistice of forty-eight hours was rejected by both sides early in the conference, and was also rejected later made by the representatives of the labor men, who asked that a committee of five citizens be appointed to arbitrate the matter. FATAL COLLISION. Firms of Passenger and Freight Trains Killed and Engineers Injured—Passengers Unhurt. (Special to the Times.) Vancouver, May 1.—C. P. R. passenger train, due here on Sunday, collided with a freight train near Clanwilliam on Saturday afternoon.

Eastwood and Scott, firemen of both trains, were killed. McNab and Macgregor, engineers, were injured. None of the passengers were hurt. The train arrived here 2:30 this morning.

### WINNIPEG NOTES.

Rev. Dr. Bryce Starts for Victoria—Agricultural Prospects—Rush of Immigrants. (Associated Press.) Winnipeg, May 1.—Rev. Dr. Bryce went to-day to Victoria, B. C., for the purpose of attending the synod of British Columbia and Alberta in connection with Manitoba College matters. Rev. Dr. Milligan, moderator of the general assembly, is also on his way to be present at this synod.

Bright Outlook. Rain is falling throughout Alberta. Agricultural prospects are the best in many years, and farmers are jubilant. Ranchmen are very much stimulated by the sudden advance in cattle to four cents for export.

Immigration. The stream of Western immigration has become so heavy that difficulty is experienced at different points in caring for all the immigrants. Many homesteads are being taken up and real estate purchases in large bodies are numerous. Trade conditions generally are improving.

SEVERAL CHANGES IN THE CIVIL SERVICE. Chief Clerk of Lands Department Asked to Resign—Ladysmith Office to Be Closed. The chief clerk of the lands department, B. H. John, is likely to retire from the public service. Mr. John has held the position for over twenty years. The government, it is understood, has asked for his resignation, the reason for it not being made public. It is denied, however, that this course was taken as a result of the Kitimaat lands investigation.

The resignation of Mr. John is not known to have been put in. The government office at Ladysmith will be closed May 5th, and in future the business carried on there will be done from the Nanaimo office. The creation of Ladysmith into a municipality has done away with a great deal of the work connected with that office, and henceforth the business there will be transferred from Nanaimo. Geo. Thomson, the present government agent at Ladysmith, will be transferred from Ladysmith to Victoria. He will enter the assessor's office here as an assistant to Assessor Worsfold. S. McE Smith will devote his attention to work outside the Victoria district.

The greetings of King Edward were on Saturday presented to the world's conference of the Y. M. C. A., now in session in Paris. ## KING AND PRESIDENT.

His Majesty Entertained to Dinner by M. Loubet. (Associated Press.) Paris, April 30.—The exchange of official visits between King Edward and President Loubet to-day was marked with the utmost cordiality, the conversations on each occasion lasting twenty minutes. President Loubet previously had received Foreign Minister Delescluse, whom King Edward afterwards accorded a long audience.

President Loubet's dinner in honor of King Edward at the Palace of the Elysee this evening was a brilliant function, entirely non-political in character. There were one hundred and twenty guests and nearly the entire diplomatic corps were present, including the British, American and German ambassadors. There were no speeches.

### NAN PATTERSON

Will Probably Know Her Fate Within Thirty-Six Hours. (Associated Press.) New York, May 1.—Nan Patterson probably will know her fate within 36 hours. To-day there remained only the closing scenes in the trial to be enacted. That there would be no defence had been announced before the court reconvened to-day. Her counsel were satisfied that the state had signally failed in its efforts to prove that she murdered Caesar Young, her lover, they said, and were content to stand or fall by what evidence had been submitted. The defendant agreed fully with her attorneys, and expressed the firmest faith that her troubles were rapidly nearing an end.

"I feel that I have spent my last Sunday in the toms," she said to-day, while ready to go to court. "To-morrow I will go home. I want freedom."

## MISSIONARY AND HOSPITAL SERVICE

### DEDICATION OF NEW BOAT FOR THE WORK

Highly Important Duty Which Lies Before the Steamer Columbia—An Interesting Ceremony.

On Saturday afternoon at 3:30 o'clock, the new missionary steamer Columbia was dedicated by Bishop Perrin, assisted by the city clergy and the choir of Christ Church cathedral. A big crowd attended. The steamer lay at the Dominion wharf with flags floating gaily to the breeze. On the wharf close by the choir boys gathered, and as the hour of seven bells was tolled off the hymn "O Hear Us When We Cry to Thee, For Those in Peril on the Sea" was sung. Mr. Pauline assisted on the small organ of the steamer, which had been brought ashore for the purpose.

Bishop Perrin then read the service. He stood on the deck of the little steamer before the crowd assembled, surrounded by Revs. Canon Heanlands, Bangh Allan, Miller, Johns, Sweet, Cooper, Ard and Antle, skipper of the gospel steamer, Dr. Hutton, who is also engineer, and the two other members of the crew.

Rev. Canon Heanlands read the lesson from St. Mark, ch. 45-53. After the singing of another hymn and prayer, His Lordship formally dedicated the steamer in the missionary service. In his subsequent remarks, he expressed regret that nothing had been done by the church on the northeast coast of the Island. But the work among the logging camps was growing more important. The Columbia is free of debt. Half the money has been subscribed by the Canadian Mission Association and the remainder by the local diocese. Grants have been made for carrying on the work this year, and numerous associations have presented various articles. Essentially, His Lordship was sure the work would be self-supporting.

One hundred have already consented to subscribe 50 cents a month, but it would be necessary to get additional funds. His Lordship then referred to the service which will be performed by the little craft, and to those in charge.

Dr. Hutton is a recent arrival from Winnipeg. He was the surgeon-in-charge of the Garfield Memorial hospital at Washington, D. C. He is well qualified to assume the duties of his new position. Besides having charge of the coast mission, he will act as navigator of the Columbia, a post he is enabled to take because of the nautical education he acquired previous to his ministerial studies. He had expected to follow navigation as a profession, and consequently learned how to master a craft. He is the designer of the Columbia, and that his plans were well conceived are apparent from the appearance of the boat and the seeming adaptability of the steamer for the mission and hospital service.

She is intended for non-denominational service, but in her cabin is a communion table, necessary for the Anglican service wherever she is conducted. There is a small organ, a library and a seating capacity in the cabin when camp chairs are introduced for fifty or sixty people. There are two hospital bays, one in either corner of the cabin, with folding beds, and Dr. Hutton has in stock a complete surgical outfit and a good supply of remedies. Indeed never before on the Pacific Coast was so useful a boat put into service.

Her field for operating is a very large and important one. From Alert Bay to Texada Island there is a coast line 100 miles long with innumerable inlets, and with a scattered population between logging and mining camps of 3,000 people. In addition to the religious benefits, the Columbia will accomplish a great deal of good in hospital work. At present if a man is injured anywhere along the coast mentioned he is not within easy reach of surgical aid. It requires three or four days sometimes to secure the assistance, oftentimes wanted in emergency within a few hours or minutes. This has long been a condition of affairs of which there appeared no solution. The Columbia will remedy this to a great extent.

At Rock Bay, in the central part of the district named, a hospital will be erected, which is being constructed in sections by the Hastings mill. It will have six beds, and will be in charge of a professional nurse, a probationer and an orderly. The Columbia will remain in port until Wednesday morning, when she will proceed to Nanaimo, where the two hospital bays will be completed. There are various articles still needed in her furnishing, to which attention was called in Saturday's Times. This when given will be very acceptable.

From Smolensk, Russia, an offer has been received by heads of certain German educational establishments, of cheap skeletons for sale, well bleached, 4. 50 each. The ordinary price of skeletons in Berlin is from thirty to fifty shillings.

The average number of buses killed in Spanish bull fights every year exceeds 5,000, while from 1,000 to 1,200 bulls are sacrificed.

KING EDWARD'S VISIT TO PARIS

WILL SPEND THREE DAYS IN FRENCH CAPITAL

The King of Spain Will Be the Guest of President Loubet Later in Year.

Paris, April 29.—King Edward arrived in Paris at 9.20 this evening and was met by British Ambassador Bertie, no French officials being present in accordance with His Majesty's wishes. He was driven to the Hotel Bristol. The crowd at the station shouted "Long live Edward."

King Edward's arrival here to-night for three days' stay inaugurates the first of a series of brilliant events covering the next few months, which through accident or design promises to exert important influences in showing the world, and Germany in particular, France's strong position among the nations of Europe; these events occurring simultaneously with the French-German and British negotiations on the Moroccan question. The stay of King Edward in Paris, although unofficial, is giving another opportunity for the demonstration of the Anglo-French understanding. His Majesty will be escorted with military honors to the Elysee Palace to-morrow evening, where he will be received by President Loubet. In the evening the President will give a dinner in honor of the King, which will be attended by 70 ambassadors, ministers and others. This grouping of foreign representatives around President Loubet and King Edward attracts marked comment, although the presence of the German ambassador relieves the function of any intentional design to show France's strong international position.

Following soon after King Edward's visit comes that of King Alfonso of Spain, who will remain in Paris six days. Elaborate fetes are being in preparation, similar to those when Emperor Nicholas made his memorable visit to the French capital.

waters. The combined naval manoeuvres and festivities will last from July 10th to July 17th, this allowing the British ships to participate in the celebration of the French national holiday. Soon after the naval display at Brest, the united French squadrons will make a return visit to the British naval headquarters at Portsmouth, where elaborate joint manoeuvres and festivities will cover ten days.

This exchange of naval visits between Great Britain and France will be the first in 20 years, and will be far more imposing than any which has ever heretofore occurred. They are the direct outgrowth of the Anglo-French understanding and colonial treaty, and are the first conspicuous evidence of the force behind that agreement.

VICTIMS OF TORNADO. Many People Killed in Texas—One Reported Dead at 100. Laredo, Texas, via Bermuda, April 29.—Twenty-one persons were killed and scores injured in Laredo and in New Laredo by a tornado which tore through the cities late last night, crossing the Rio Grande.

Reports 100 Dead. St. Louis, April 29.—A special to the Post-Dispatch from Austin, Texas, says: "Additional particulars received here of the Laredo tornado are to the effect that more than 100 persons were killed and several hundred more or less injured. Thirty-five guests in one hotel were killed outright. Fifty railroad coaches belonging to the International and Great Northern and Mexican National roads were blown away. It is estimated that more than 100 houses were blown down by the storm. The governor is inquiring into the matter with a view of sending relief to the storm sufferers."

Russia is again in financial straits and has appealed to German bankers for another loan in order to finance continued war operations, says a dispatch from Berlin. The recent internal issue of bonds was not taken up by the Russians to the degree that was expected. It is understood that the firm of Mendelssohn is negotiating the loan, which is said to be for 100,000,000 roubles.

TROOPS FIRED ON RETREATING STRIKERS

Four Men Killed and Many Wounded in Poland—All Quiet in St. Petersburg.

Warsaw, April 29.—Troops and strikers clashed to-day at Czesochowa, 142 miles from Warsaw, near the frontier of Silesia. Four strikers were killed and about a score were wounded by volleys fired by the infantry.

In the Capital. St. Petersburg, April 30.—3.30 a.m.—Easter-day, Russia's greatest festival of joy and peace, was ushered in with none of the disorder and rioting that was dreaded. As for centuries, throngs of the Russian faithful throughout the empire gathered at midnight in and around the cathedrals, churches and shrines to greet the risen Lord and to mark the end of Lenten gloom and sadness of Passion week with illuminations, the pealing of bells and shouts of "Hallelujah, Christ is arisen. He is arisen indeed." Nothing could better illustrate the deep piety and devotion of the Russian folk than the universal participation in the midnight festival.

Though for days the people had been fed with rumors that terrorists and revolutionists intended to signalize the festival with a series of bomb outrages throughout the empire, up to 3 o'clock this morning no instance of such an attempt, which would be sure to bring down upon the party responsible the execration of the united Russian nation, has been reported and it is believed the rumors were founded only in fears. The credulous authorities, however, took precautions on a grand scale as if the representations of the plots to destroy the Eastern gladness were really credited, and in St. Petersburg, Moscow and other disaffected centres strong forces of troops and police were held in readiness for any possible emergency.

The absence of the Emperor from the midnight services in either of his capitals—diminished interest, but the ceremonial was carried out in all its elaborateness and statelyness.

Though the church capacity of Russia is enormous, throngs in the cities were unable to get inside the churches, and the crowds outside the principal edifices in St. Petersburg were so dense that the guards had to force a passage for the processions of priests around the walls.

When the signal of the Resurrection was given by cannon from the fortress of St. Peter and St. Paul, the city suddenly burst into light, beacons of resins and wood being kindled, towers and domes of all the churches being illuminated, designs blazed forth from all the facades of the buildings and candles being lighted in every window.

LORD GRIMTHORPE DEAD. London, April 29.—Lord Grimthorpe (Edmund Beckett) died at St. Albans to-day. He was born in 1816.

NEW PILOTAGE SECRETARY. A. B. McNeill Entered Upon Duties To-day—Will Have Office on Broad Street. To-day A. B. McNeill enters upon the duties of secretary of the Pilotage Board, succeeding E. Crow Baker. Mr. McNeill will have his office in the premises occupied by Drury and Kingham, Broad street. In addition to the duties connected with that office, he has accepted a position as special agent for the Mutual Life Assurance Company of Canada. Mr. McNeill is widely known in Victoria, where he has resided for over fourteen years. He has occupied positions on the teaching staff in the High school, the Boys' Central, North Ward and South Park. As principal of the North Ward school, for years he was an enviable reputation on the teaching staff of this city. Methodical and energetic in his work, he will undoubtedly make a most efficient secretary to the Pilotage Board, and should be eminently successful in the insurance business.

A large attendance is expected at the Socialist banquet and dance tonight at the A. O. U. W. hall. Dance music will be played by Miss Thane and Mr. Fawcett.

The monthly general meeting of the Board of Trade will be held on Thursday evening, the 11th inst., at the rooms, Bastion street. Notice of any business members may wish to bring forward must be sent to Secretary Elworthy immediately.

This week the various city lodges of the I. O. O. F. will elect representatives to the Grand Lodge. The meetings at which elections will take place follow: Columbia lodge, Wednesday evening; Dominion lodge, Thursday evening; and Victoria lodge, Friday evening.

The Synod of British Columbia and Alberta will meet in First Presbyterian church next Wednesday evening at 8 o'clock. Rev. A. Forbes, B. D., of Fort Saskatchewan, will preach and constitute the Synod. The public are cordially invited to attend the service. The meeting of the Synod will be continued on Thursday and Friday.

The death of Mrs. Alex. Anderson, of Princess Avenue, occurred on Saturday. Her death was very sudden, no one being present at the time. An inquest will therefore be held this afternoon by Coroner Hart. The deceased was 53 years of age. She was a native of Fortcharlie, Scotland, and has resided here for some time. The funeral will take place to-morrow at 2 o'clock.

About one hundred and fifty members of the I. O. O. F. paraded in a body to the Centennial Methodist church yesterday forenoon. The occasion was the celebration of the organization of the order. The address was delivered by Rev. J. P. Westman, who paid attention to the question of citizenship, referring to the laxity connected with the administration of law in the city. A special feature of the service was a solo by Mrs. W. E. Stauchland.

Great interest is being manifested in the return engagement of the wonderful trained horse "Princess-Trixie," which opens at the Grand theatre to-night. While the business of this popular theatre was the largest in its history upon her last visit, there were thousands who either were unable to gain admittance or neglected the opportunity until too late, and there is no doubt that the crowded houses of a month ago will be repeated this week.

Mr. Dean, the teacher who succeeds A. B. McNeill in South Park school, entered upon his duties to-day. He formerly belonged to Toronto. Later he was engaged in teaching in Manitoba, and before coming to Victoria was connected with the school at Cache Creek. Fred Wood, who belongs to Victoria, entered upon his duties to-day also at the Boys' Central school, succeeding J. C. Barnacle, who goes on the teaching staff of the Collegiate school.

Rowland Brittain, patent attorney, of Vancouver, sends the following report, being an abstract from the official gazette of the United States patent office for the week ending April 18th, 1909. During this week 475 patents were issued to citizens of the United States, Austria-Hungary, 2; Belgium, 1; Canada, 6; Great Britain, 17; France, 9; Germany, 30; New South Wales, 1; New Zealand, 1; Russia, 2; Sweden, 2, and Transvaal, South Africa, 1.

Edwin Ayson, an Australian metaphysician, is now in this city and can be consulted on nervous and mental diseases, bad habits, stammering, etc. Mr. Ayson employs that wonderful and marvellous force of nature known as hypnotism in his treatment, and gives assurance of a cure in almost every case. Mr. Ayson will also be pleased to teach hypnotism to those who are interested and wish to learn this wonderful science. Address, 178 Johnson street.

A public meeting of the Victoria Society for the Prevention of Tuberculosis will be held in the city hall on Monday afternoon, May 8th, at 4.30 o'clock. The officers of the society particularly request that any one having a collection list in hand will complete it at once, and return it without delay. It is proposed to wind up accounts, and a statement will be made setting forth the finances of the society. According to Mrs. Elliott S. Rowe some questions of extreme interest to the society will be brought forward, and it is hoped that all those interested in this movement will make it convenient to be present.

The Redmond theatre will open to vaudeville to-night under the new management of the Consolidated Amusement Company. The opening bill has been carefully selected. The programme includes the De Monico, king and queen of the silver rings; Mons Salvo, European novelty musician and shadow-graphist; Weston and Beasley, comedy sketch team; Claudius, banjo king; and Perlo and Diamant, a singing and dancing couple, direct from Cadix, Spain. The Redmond theatre is particularly adapted for this kind of entertainment, as the stage is large and roomy, and the seating capacity ample. Two performances will be given each evening, and a matinee every day except Monday. The prices remain the same, 10 and 20 cents.

TOLD OF TRAVELS IN THE ORIENT

INTERESTING ADDRESS BY COUNT VAY DE VAYA

His Experiences and Impressions—The Possibilities of Development Among Natives.

An exceptionally large congregation gathered at the Roman Catholic cathedral last evening to hear Mr. Count Vay de Vaya and Luckod, P. A. M., D. P. H., H. K. C. S. C., who was announced to deliver a discourse on his experiences and impressions while touring the Orient. The address was most interesting, not only dealing with the peculiar customs and habits of natives of different sections of eastern Asia, but giving the speaker's opinion respecting their possibilities of development. The Manchus, he said, have greater physical than moral advancement.

COUNT VAY DE VAYA.

The Koreans are in a state of lethargy; the Japanese are in a transitory condition on the way forward; the Chinese are the deepest and most difficult to understand, but show qualities which may win for them the leadership among Oriental nations. He also dealt with his principal ambition, namely, the establishment of several asylums for the protection of children neglected in their extreme youth, and a number of industrial centres for their training in the various pursuits of life. "Thus," he remarked, "may I in some small way ameliorate the deplorable moral conditions prevailing throughout the Chinese Empire and in Korea."

A brief account of the Count Vay de Vaya's tour was given in these columns on Saturday. His extensive travels were mentioned, and their object referred to, but no mention was made of the experiences gained on these extensive tours which have enabled him to gain a thorough insight into the characters of foreign nations and their moral, physical and intellectual requirements. Of all his trips that which took him through the centre of Manchuria, China proper and Korea, in spite of the hardships encountered, interested him the most because of his determination to do missionary work that would result in a lasting benefit.

When interviewed by a Times reporter he made special reference to his impressions while on this tour, because "they solved the problem, ever before his mind, of how best to assist in advancing the civilization of a country which, although unsurpassed in regard to agricultural, mineral and other resources, is centuries behind European nations in other respects." By means of careful study he came to the conclusion that three great things lie in the way of the uplifting of these nations—the lack of moral principles, the want of a proper understanding of their responsibility on the part of parents, and the absence of means of educating and training the youth of the country.

He went on to say it was no uncommon matter for the parents to openly kill their offspring or do away with them in some equally effective manner. While crime was so prevalent it was impossible for good to come of any people, no matter how superior their physical and intellectual qualities. The present war, Count Vay de Vaya said, would not effect any material change in this regard. It might result in the opening up of trade to some extent, but would make very slight difference in the characteristics of natives of the Orient. Only by a general reorganization and the enforcement of a code based on Christian virtues could the desired improvement in the moral and ethical standard of the people be brought about. In the meantime a gradual alteration might be effected by the establishment of asylums for the young and industrial centres for education. In undertaking this work he felt that he might in a small way assist in the amelioration of heathen nations now surrounded by degrading influences and with no immediate hope of relief.

During his travels the monsignor has paid personal visits to the rulers of Russia, China, Korea and Japan, accounts of which have appeared in Pearson's magazine for the past several months. He is a man of striking personality, and a most interesting conversationalist. Although 38 years of age, he looks little over 20; his rather ruddy complexion and enthusiasm while discussing missionary matters, especially the success of his ambitious scheme to assist in the moral and intellectual conversion of the heathen Korean, Manchu and Chinese, account for his youthful appearance. He has a peculiar ability for penetrating right into the social atmosphere of each country he visits, and when this is combined with unusual quickness in gaining an insight into the characteristics of a people, it must be agreed that the Count Vay de Vaya is eminently fitted for the work he has undertaken. No man more over has ever toured the world under circumstances so favorable and advantageous for gaining a practical knowledge of the customs and methods of the world's peoples. "This work has been the means of admitting him into the palaces of the crowned heads of every country visited. He also has a knowledge of no fewer than seven languages, is an orator, musician and artist, and possesses an ordinary amount of energy and zeal. Wherever he has been he has stayed either with the monarchs or governors, or the dignitaries of the church. And then again he has lived in humble huts and gone through all the hardships of the pioneer and missionary.

### SOUTH PARK WON SWINERTON CUP

### IN ANNUAL PUBLIC SCHOOL FIELD SPORTS

### Held at Oak Bay—Complete List of the Prize Winners—Shooting at Clover Point.

South Park carried off the palm on Saturday afternoon in the annual public school field sports held at Oak Bay park, capturing the Swinerton cup from the Central boys, who have had it in their possession for the past year. This trophy was put up by R. H. Swinerton, secretary of the B. C. Agricultural Association during the last fair in order to get the schools interested in competitions among themselves, which would take place in connection with the show. The first meeting proved signally successful, the Central's winning the highest honor. Owing to the fact that there is to be no exhibition this year, the meet was arranged to be held earlier, and it took place on Saturday, there being even more interest evinced by members of the school, parents and friends than on the last occasion. There wasn't a particularly large attendance of adults, but the grounds were crowded with a first-class representation from the competing schools. Those who were present and heard the enthusiastic cheers which rang out when either South Park, Central, North Ward or Victoria West secured a victory will understand the intense interest that has been roused in the contests, although only very recently inaugurated.

It is not necessary to say that the Central competitors and supporters were much disappointed at the result, but they took their defeat in the true sportsmanlike spirit. The absence of Bergman, on whom his school depended to win the principal running events, was certainly a handicap. He was ill and could not possibly participate. While this gave the Central a set back, the North Ward school was placed in much the same position through the absence of Cox, one of their crack athletes. But it is not the proper thing for the defeated to advance excuses after having come out second or third, and neither the Central nor North Ward representatives are guilty of such lack of taste. They acknowledge the superiority of South Park this year, and give that institution the credit it deserves for having won out against heavy odds. When it is remembered that the Central school is composed of twelve classes, composed entirely of boys, and that the North Ward and South Park have ten and eight classrooms respectively, each of which includes both girls and boys, it must be generally agreed that the South Park boys deserve the highest possible praise for their success.

After all the races and competitions had taken place it was found that the victories to the credit of the different schools placed them in the following order: South Park, 41 points; Central, 35; North Ward, 12; Victoria West, 2; Collegiate, 1. It should be explained that three points are allowed for first, two for second and one for a third place. The programme was carried through very smoothly, the first event being called shortly after 2.30 o'clock. It was the 100 yards for boys under 16 years of age, and was won with comparative ease by Thompson (S. P.), who defeated the Central's second, and Humphrey (C.) third. Boys under 14 years, 100 yards, came next, and again the South Park colors were in the van. F. B. Elworthy (S. P.) arrived at the post in the lead, followed by Schneider (C.) second and Boyd, another South Park contestant, third. In the third event the South Park school was shut out, the Central and North Ward representatives sharing the honors. But the boys from South Park made up for lost time in the fourth, winning the first and second without difficulty. An even break resulted in the fifth, South Park winning first and Central second and third. The contests continued this way right through, the race between the South Park and Central being so even for a time that excitement ran high. Then when the South Park boys commenced to forge ahead, their supporters became exceedingly enthusiastic, and accorded each of their champions hearty ovations as they took place at the starting point in order to uphold the honor of the school. But it must not be imagined that the whole interest centered in the result of the Swinerton cup contest.

**DODD'S KIDNEY PILLS**

FOR ALL KIDNEY DISEASES

NEURALGIA, RHEUMATISM, BRUISES, SCALDS, BURNINGS, GOUT, GRAVEL, CALCULI, DIABETES, SYPHILIS, AND ALL AFFECTIONS OF THE URINARY SYSTEM.

Prepared by J. H. DODD, 100 N. W. 2nd St., St. Paul, Minn.

There were inducements offered to the winning competitors in every event. Therefore the participants not only won a point for their school but prizes for themselves by gaining a victory. Thus each race was full of interest, each one striving desperately to secure the premier position.

At the close D. M. Eberts presented medals to the winners, and in a brief address, congratulated South Park school upon its success in capturing the coveted trophy. Their athletic accomplishments, he said, would be a credit to the best school of the country. He was sorry that the educational institutions of Victoria were not better provided with sports grounds, and hoped that this deficiency would be rectified in the near future. Occasion also was taken to refer to the splendid work being accomplished by the Oak Bay Park Association in securing control of such a magnificent area for recreation purposes and conducting it in such a way as to develop the sportsmanlike instinct in the youth of Victoria. In conclusion he again congratulated Miss A. D. Cameron and her school, and called for three cheers to the successful institution, which was responded to enthusiastically.

Following is a complete list of the prize winners:

### THE RIFLE.

#### SATURDAY'S SHOOT.

The members of the Fifth Regiment Rifle Association had one of the old familiar wads to contend with at Clover Point on Saturday afternoon, and in consequence the scores were of a lower average all round than usual. The attendance of members was small, only twenty-eight members of the regiment putting in an appearance. Comment on this is needless, and is further more useless, apparently, as no inducement is of any avail to lead the large majority of members to take up rifle shooting. It would seem, in the Fifth Regiment at least, that rifle practice is not one of the essentials to efficiency, as no marks whatsoever are given for proficiency in the art of being a good shot.

The attendance was distributed as follows: Staff, 2; No. 1 Co., 6; No. 2 Co., 1; No. 3 Co., 10; No. 4 Co., 3; No. 5 Co., 2; No. 6 Co., 4; 6th D. C. O. R., 1; R. N., 3; R. E., 2; civilians, 3; total, 37.

Next Saturday will see the commencement of monthly shoots for spoons presented by Mr. and Mrs. G. H. Baird, Mount Toimie. The long ranges will be fired at provided the weather is suitable. In these shoots members must see that their score cards are signed by the register keepers, and all corrections initiated by the range officer, otherwise the score will be disqualified.

Some of Saturday's scores follow:

### BUILT UP HER HEALTH

#### SPEEDY CURE OF MISS ECLISON

She is Made Well by Lydia E. Pinkham's Vegetable Compound, and Writes Gratefully to Mrs. Pinkham.

For the wonderful help that she has found Zula Eclison, 6 Erie St. East, St. Thomas, Ont., believes it her duty to write the following letter for publication, in order that other women afflicted in the same way may be benefited as she was. She writes:

"I heartily recommend Lydia E. Pinkham's Vegetable Compound as a uterine tonic and regulator. I suffered for four years with displacement of the uterus and no one but those who have experienced this dreadful agony can form any idea of the physical and mental suffering those endure who are thus afflicted. Your Vegetable Compound cured me. Within three months I was fully restored to health and strength and now my periods are regular and painless. What a blessing it is to obtain such relief when so many doctors fail to help you. Your medicine is better than any doctor or medicine I ever had."

No other medicine has such a record of cures of female troubles as has Lydia E. Pinkham's Vegetable Compound. Women who are troubled with painful or irregular menstruation, backache, bloating (or flatulence), leucorrhoea, falling, inflammation or ulceration of the uterus, ovarian troubles, faintness, indigestion, nervous prostration or the blues, should take immediate action to ward off the serious consequences. No be restored to perfect health and strength by taking Lydia E. Pinkham's Vegetable Compound.

Mrs. Pinkham invites all sick women to write her for advice. Her experience is very great, and she gives the benefit of it to all who stand in need of wise counsel. Address, Lynn, Mass.

### FIRST PRIZE SHOOT.

The High school cadets held their first prize shoot on Saturday evening at the drill hall, Lieut.-Col. Hall, commanding officer of the Fifth Regiment, was among those present showing a great deal of interest in the events. Capt. Cobbett and Lieuts. Macrae and Rogers, of the cadets, acted as range officers. There were 61 cadets who took part, and some excellent shooting was done. Cadet Walters scored the highest, securing the full score possible. The following were the leading scores out of a possible 25: Walters, 25; Rochford, 24; Burgess, 22; Boyd, 22; Rollins, 22; Prevost, 21; Ward, 21; Rogers, 20; Reed, 20; Cobbett, 20; Beckwith, 20; Mathews, 20; Rifford, 19; Robson, 19; Bamford, 19;

Several amendments were made in the rules governing the association. Among them is a clause requiring that "no club shall consist of fewer than two clubs, but in case of there being a team willing to play, and no second team, the association shall have power to arrange for their entry into another club."

Another rule approved of was as follows: "All matches under the jurisdiction of the V. I. F. A. shall be played in enclosed grounds, and an admission fee charged; 25 per cent. of gate receipts of all matches to be paid to the Vancouver Island F. A. after advertising expenses and charges of grounds, if any, have been paid; where no gate can be charged, the home club shall pay to the association a sum equal to the average net gate receipts paid by the other clubs."

### CRICKET. A PLEASANT GAME.

Instead of the match announced to take place between the Bachelors and Benedicts of the Victoria club on Saturday, teams which was most enjoyable, took place on the Jubilee hospital grounds and resulted in a victory for J. W. D. York by a score of 80 to 51 runs. For the winners Warden (25), Goeh (20), and Jaegers (13), and L. York (21) and Gregson (10) for the losers, were the principal scorers.

### THE KENNEL. PRIZE WINNER KILLED.

Champion Malrued Meg, regarded by many dog fanciers and judges as the most typical English setter bitch living, was run over by a street car in Seattle on Thursday night and killed. The animal was the property of John Riplinger, who recently purchased her from George Thomas, of Philadelphia. She had taken eleven firsts and specials in America for the best of her breed in leading shows, and thirteen firsts in England, winning specials in both the Birmingham and Crystal Palace shows for the best English setter on exhibition. She

### A BROKEN-DOWN SYSTEM.

This is a condition (or disease) to which doctors give many names, but which few of them really understand. It is simply weakness—broken-down, as it were, and it is difficult to imagine a case of more prominent being sleeplessness, sense of prostration or weariness, depression of spirits and inability to do the ordinary affairs of life. Now, what is absolutely essential in all such cases is increased vitality—vigor.

### THE TURF. VANCOUVER RACES.

An excellent programme has been arranged by the Vancouver Jockey Club for their annual races, which take place on the 24th and 27th of May. Horses are expected to enter from California, Oregon, Washington, Victoria and British Columbia points. Following is a complete list of the events:

Wednesday, May 24th.

1. Unmarked, trot or pace, best 2 in 3, mile heats; purse \$150.
2. Half-mile dash, for all ages, weight for age; purse \$100.
3. Three-quarter mile, for all ages, 7 lbs. under scale; purse \$125.
4. Gentlemen's race, a sweepstake, with cup added by Vancouver Jockey Club. One-mile handicap, for all ages; purse \$200.

Saturday, May 27th.

1. 240 trot or pace, mile heats, 2 in 3; purse \$150.
2. Seven-eighths mile, for all ages, weight for age; 10 lbs. under scale; purse \$125.
3. Half-mile and repeat for ponies, 14.2 and under, lbs. allowance each half-mile; purse \$75.
4. One mile and a quarter handicap, for all ages; purse \$100.
5. Five furlongs, for all ages; purse \$100.
6. Three-quarter mile, consolation race, for horses starting but not winning first or second money; purse \$100.

### GOLF. THE PLAYED OFF.

Col. Jones and Capt. Hunt won the four-some contest of the annual spring tourney of the Victoria club on Saturday. It will be remembered that they tied with J. Rihet and D. W. Rhodes in the first round. When the second took place the wind interfered with good play and again the result was an even break. A third try resulted in a win for Col. Jones and Capt. Hunt by a score of 3 up and 2 to play. This finishes every event included in the programme of the tournament.

### THE RING. TENNISMAN'S MATCH.

Next Thursday evening a twenty-round boxing match will take place between Percy Cove and Perry Mack at the Savoy theatre. The latter arrived here a few days ago and since then has been training faithfully in preparation for the forthcoming struggle. He is making his headquarters at the Victoria West Athletic hall and goes for a run around the Gorge every morning. Cove has established himself at the Colonist hotel and should be in the pink of condition when entering the ring. According to the agreement no draw will be allowed, the contestants fighting for a decision.

### GROCERS' EXCHANGE. Meeting of Wholesale Representatives in Vancouver on Saturday.

The Wholesale Grocers' Exchange of British Columbia held its annual meeting in the Board of Trade rooms, Vancouver, on Saturday morning and afternoon, when officers were elected and general business transacted. Robert Kelly, president, was in the chair, others present being Messrs P. Wollaston, E. A. Todd, J. B. H. Rickaby, and F. Elworthy, Victoria; and Messrs. W. J. McMillan, W. H. Maikin, E. W. Leeson, H. T. Lockyer, J. C. McDonald and J. N. Ellis, Vancouver.

The officers elected for the ensuing year were: President, P. Wollaston, of Wilson Bros., Victoria; vice-president, W. J. McMillan, of McMillan & Co., Vancouver; secretary, J. B. H. Rickaby, Victoria; elected; assistant secretary, J. N. Ellis, Vancouver; re-elected.

The members of the exchange, together with about a dozen of the travellers of the firms, enjoyed a luncheon at the Vancouver Club in the afternoon and a drive taken round the park.

QUAINT ENGLISH CUSTOM.

Among the quaint old customs and ceremonies still kept alive in country districts there is but only one "born dance," and that is to be found at Abbots Bromley, in Staffordshire. Every year at the village where the dance is still carried out. The origin of the horn dance is lost in the mists of history, but it has been traced back as far as the eleventh century. Until the seventeenth century it was practiced at Christmas, on New Year's day and on Twelfth day. In the time of Henry VIII. the dance was performed in front of the church every Sunday and a collection for the poor taken up from the spectators.

Another municipality is about to be organized on Vancouver Island. Application is being made to the Lieut. Governor in council to sanction the incorporation. The proposed municipality is to include that portion of the districts of Cowichan, Shawnigan and Quilichan, bounded as follows: Commencing at the mouth of the main channel of Cowichan river at the boundary of the North Cowichan municipality, following the river west about eight miles to the boundary between Quilichan and Sahlam districts, thence south three miles to the boundary of Helmecken district, thence east five miles on a line between Quilichan and Helmecken districts to boundary line between Helmecken and Shawnigan districts, thence south on line between Helmecken and Shawnigan districts to junction of line of Kokosilah river, thence north, following the Kokosilah river to line between 14 and 15 Shawnigan districts, thence south to salt water at Cowichan bay, thence north to starting point.

From Hartley, which is situated at the intersection of Douglas channel, Wright Sound and Gardner's Inlet and on the path of all northern steamers, a vessel will be operated this year to the head waters of the Kitimaat inlet. This project is entertained in connection with a scheme which Capt. McCoskie, a few other Victorians, a San Francisco gentleman and one or two Vancouverites have formulated for the undertaking of fishing operations on the northern coast on quite an extensive scale. The company will fish for halibut, and will ship it to the Eastern markets from Vancouver. They will have one or more steam craft engaged in the work, and at Hartley Bay they will build the wharf and other buildings necessary for the successful carrying on of their industry. They will build a store and operate a saw mill. This latter property was recently taken over from S. A. Spencer. In addition the company have purchased two water powers. They have acquired a big section of land, and from a lake to the bank of the bay they will secure all the ice needed for freezing their fish. Some fish experts are now on the field arranging for the first development work, and in a few more weeks it is hoped to commence building operations. The steamer service to the head waters of the Kitimaat Arm is something that is now given with no regularity, vessels going to that part of the coast only when business warranted. But the promoters of the new company are looking forward to considerable business offering when railway construction begins in the north and even before, and are laying their plans accordingly.

Through the efforts of Ald. Hanna, a settlement of the Spring Ridge sewer controversy is in sight. Ald. Hanna had a conference with George Jeeves today, when an agreement was reached whereby the latter will consent to have the sewer built through his property if the city agrees to guard against any unsanitary conditions in that part of the harbor where it finds its outlet. The benefit of those who do not thoroughly understand this sewer question, it might be explained that the proposed route which it is to follow is from what is known as the Chinese gardens, crossing the Jewish cemetery road, thence to the King's road, and to Douglas street, where it is proposed to build another septic tank, from which the sewer will pass into the harbor on the north side of the Taylor mill sawmill. This route follows a valley for a part of the way, in which Mr. Jeeves' lot is situated. Some years ago Mr. Jeeves and fifteen other property holders whose lots also lay in direct line agreed to have the surface water carried through their property, and the city extends that the council has no right to do anything more. Because of his objection the council has been obliged to discontinue sewer construction in Spring Ridge, and a large number of men were thrown out of employment. It is believed now that the deadlock has been broken, and that work will be resumed immediately. Ald. Hanna has also another sewer proposal on hand. He has asked the city engineer to prepare a report on the feasibility and cost of building a sewer from the Spring Ridge district down by the Lion Brewery to Blanchard street, replacing the nine-inch drain on Queen's avenue with a larger pipe, and making connections with the main drain on Douglas street. The city engineer will make his report at the meeting of the city council to-night. Another important matter which will come up at the meeting this evening will be the question of building a fence around the new Carnegie library. This building is ready to be handed over to the city by the contractor, George Snider, but the council is not prepared to occupy it for some considerable time. The committee for the selection of the books have not yet been named, and it will be some time after their appointment before a stock of reading for the new institution can be procured. The shelves in the library are being put in. For those who are interested in municipal matters it might also be explained that the building of the new permanent sidewalk on Johnston street has been delayed, awaiting the arrival of the cement from the works on Sannich Arm. In this work, as also in that to be carried out on Belleville street, the Spanish cement will be used in corporation work for the first time.

A TORONTO MAN TRIES SOMETHING NEW AND IS DELIGHTED. FEELS LIKE A BOY.
Mr. M. N. Dafeo, Manager The Duxless Brush Co., 29 Colborne St., Toronto, is telling his friends how he found health after years of illness and pain. He says: "I have been a great sufferer from Dyspepsia for many years. I have been treated by local doctors and have taken nearly all the advertised remedies with only temporary relief. If any at all, but since using Anti-Pill I can eat anything like a game as when a boy. I have been taking one Anti-Pill at bedtime for the past three months, and find they regulate both stomach and bowels. My old vigor has returned, so that my spirits are buoyant and temper normal. As a result of this unhopful experience I am in duty bound to give all credit to this wonderful remedy, Anti-Pill."
Every druggist sells Dr. Leonard's Anti-Pill, or a sample will be sent free by The Wilson-Frye Co., Limited, Niagara Falls, Ont.
The remedy that cured Mr. Dafeo so completely is surely worth a trial. 602

SALES TO-MORROW.
Steamer Venture will not be ready in time to sail for northern British Columbia points this evening. Her departure has been postponed until tomorrow, when she will leave with a good load of passengers and freight. The Venture is the second independent steamer to enter the northern coast trade this spring. The Henrietta, of Vancouver, belonging to the McKenzie Bros., is now ready for service, and it is stated will make the freight business rather interesting for competitors.

ARRESTED IN NEW YORK.
Former Insurance Agent Taken Into Custody—Action and Counter-Action.
(New York, May 1.—B. S. Scott, formerly superintendent of the Washington Life Insurance Society, and also company's agent for Oregon and Washington, is in Ludlow street jail here. He came from Philadelphia several days ago, and was stopping at an hotel in 7th avenue when officials of the Washington Life learned that he was in town. An order of arrest was obtained by the company's attorneys, and Scott was placed in jail in default of \$5,000 bail. The agent left the employ of the Washington company last March, when he brought suit in Oregon, alleging that the company owed him many thousands of dollars. The company alleged that he owed \$10,000 and started a suit for it. Scott refused last night at the jail to talk about his case. President John Tattler, of the Washington Life Insurance Co., said at his home that the issue was an involved one, and that it was impossible to tell exactly how much Scott owed the company, because there was so many matters at issue and so much confusion. He declared that Scott's accounts were much involved.
