BRITISH FLEET IS ATTACKING THE BOLSHEVIKI

SCOPE OF ASSOCIATION WILL BE BROADENED BY DECISIONS MADE TO-DAY

Editors Decide On Enlarged Organization to Meet Problem of Newspaper World, and of Nation; Deal With National Issues

A broader organization of its affairs, so that it may be of greater usefulness in the newspaper profession, and in the vital issues facing the country, was foreshadowed in the decisions of the National Editorial Association at an adjourned business session in the Empress Hotel this morning.

Take Stand on National Issues.

After expressing its thanks to the people of Canada of Washington and Oregon for their hospitality, the convention passed on to matters of national import; pledged itself to stand behind the American Government for Americanism in all departments of life; urged the establishment of a non-partisan public bureau for government publicity work; favored the maintenance of the present rate of mail distribution; decided to impress upon Congress the necessity of continuing the investigation of the press charges for newspaper paper, the cost of which, the delegates asserted, was excessive and declared in favor of immediate ratification by the states of the union of the federal woman suffrage amendment; and the long delayed measure of justice to the women of the nation.

Discussion of the necessity for the association becoming a greater force in the life of the country centered about the price of newspaper paper. "The profit made by the paper manufacturers is the most acute hold-up in history," declared George Marbell, of Kansas. "If we don't organize and centralise our authority we shall have to pay five, six and seven cents a pound for newspaper paper. We must have consistent and forcible representation at Washington if we want to get anywhere."

Continuation of the investigation into the price of paper by the Federal Trade Commissioner was urged by George E. Hosmer, of Denver, who declared that if the association had 10,000 members it would have ten times the influence of any other organization in the United States. Must Organize. "Everyone, from the baker to the plumber, but the newspaper publisher is fully organized," asserted George Caswell, of Denison, Iowa, a member of the State Legislature. "We cannot see just how money substituted for the association brings results, but if we don't subscribe we shall certainly see what we are losing. I disagree with other members of the association in thinking that we have no influence at Washington. But a representative at Washington, backed by a large association, can, I venture to say, get almost any resolution he wants through Congress."

Whereas the National Editorial Association desires to be of greater usefulness in the newspaper profession and in the business of the country, and believes that a stronger organization should be perfected to the advantage of all, and Whereas certain definite plans (Concluded on page 12.)

MRS. R. C. VANDERBILT SUING FOR DIVORCE Newport, R. I., Aug. 19.—Mrs. Cathleen (Nelson) Vanderbilt began divorce proceedings against her husband, Reginald C. Vanderbilt, of New York, yesterday, by having service made on him at his farm in Fortmouth, Mrs. Vanderbilt alleges desertion and will ask for the custody of their only child, a daughter, Cathleen. The case will come up in the Newport county supreme court in the fall.

Mr. and Mrs. Vanderbilt were married sixteen years ago, he being the youngest son of the late Cornelius Vanderbilt.

TRANSPORTATION STRIKE IN NEW YORK ENDS New York, Aug. 19.—The strike which for two days paralyzed the subway and elevated systems of the Interborough Rapid Transit Company in Manhattan, the Bronx, Brooklyn and Queens was formally called off last night by a vote of the strikers.

ELECTED PRESIDENT AT FINAL SESSION OF NATIONAL EDITORS

EDWARD ALBRIGHT, TENNESSEE

WISHES TO AVOID DELAY ON TREATY

Wilson Gives Senators His Views on Interpretations and League

Washington, Aug. 19.—President Wilson told the Senate Foreign Relations Committee at a conference here this morning that he could see no "reasonable objection" to interpretations of how the United States accepted the League of Nations provided such interpretations did not form a part of the formal ratification itself.

Most of the interpretations, the President said, provided that where there is a conflict found to be solely within the jurisdiction of one of the parties under international law, the League Council shall so report and make no recommendation for its settlement. Immigration, tariffs and the like, the President said, clearly came under that provision.

President Wilson began his conference with the Committee with an opening statement on the peace treaty and the League of Nations. He said in part: "Mr. Chairman: I am sincerely glad that the Committee should have responded in this way to my intimation that I would (Concluded on page 4.)"

EDITORS ELECT OFFICERS FOR NEXT YEAR'S WORK

Proposed by the Nominating Committee, the following officers for the next year were elected without opposition by the Editorial Convention in session here this morning: President, Edward Albright, of Tennessee. Vice-President, Will Wilke, of Minnesota. Recording Secretary, George Schlosser, of South Dakota. Treasurer, J. Byron Cain, of Kansas. Executive Committee for two years, Edward E. Brodie, of Oregon; G. L. Caswell, of Iowa; Frank N. Henderson, of Arkansas. Executive Committee for one year to take office during Mr. Wilke's unexpired term, W. W. Aikens, of Indiana. It is generally understood among the delegates that Mr. Wilke is slated for the presidency next year and that Mr. Brodie will be nominated for a higher office at the next convention.

U. S. TROOPS SEEK MEXICAN BANDITS

Cross Border After Robbers Who Held Aviators For Ransom

Marfa, Texas, Aug. 19.—American troops of the Eighth Cavalry, with aviators flying bombing planes acting as scouts ahead of the columns, swept across the Mexican border early to-day as a punitive expedition in pursuit of the bandit band under Jesus Renteria which held Peterson and Davis, American army aviators, prisoners in Mexico, it was announced at military headquarters here to-day.

Although Davis and Peterson were tired from their eight-day vigil, they an early breakfast and reported to Colonel Langhorne here and left with the first column of troops. (Concluded on page 12.)

POLISH POPULACE WORSTED GERMANS

Warsaw, Aug. 19.—Via London, Aug. 19.—(Associated Press)—Hostilities broke out between the Germans and Poles on the southeastern Silesian frontier, the Germans suddenly attacking the Polish lines and occupying two villages. The Polish populace rose and drove them out and occupied two villages on the German side of the line of demarcation.

Herbert Hoover, chairman of the Inter-Allied Relief Organization, who is visiting Poland, immediately ordered American army officers in the area to co-operate in an effort to bring about a cessation of hostilities. Colonel Goodyear was summoned from Vienna by Mr. Hoover, and Colonel Ryan, of the American contingent in Berlin, was ordered to co-operate with him and with Colonel Barber, who is in this city.

Berlin, Aug. 19.—(Associated Press)—A general uprising in Upper Silesia as a climax to the numerous disorders that have occurred throughout the district is planned by Polish organizations here, according to dispatches received here. Polish troops are reported on their way to support the military, which has been attempting to restore order. The strikes of many industrial workers' organizations which virtually paralyzed industry for a time, however, are reported by other dispatches to have become less effective and it is said they may be broken to-morrow, as the majority of the miners are said to be voting to discontinue the strike.

Paris, Aug. 19.—The Supreme Council yesterday considered the extreme shortage of coal and discussed a message concerning the coal situation from Herbert Hoover, head of the Inter-Allied Relief Organization. It is reported that the Germans are stirring up trouble among the coal miners of Silesia for the purpose of aggravating the coal shortage.

The American House Again Votes Against Daylight Saving Plan

Washington, Aug. 19.—Repeal of the daylight saving law was passed to-day over President Wilson's veto by the House on a vote of 223 to 161, seven more than the necessary two-thirds. The repeal now goes to the Senate, where its supporters predict victory.

TOO MUCH ASKED

Bilwaukee, Wis., Aug. 19.—District Attorney C. Seabel resigned from the Socialist Party to-day as a result of an attempt by the executive board of the Party's county central committee to make him pay twenty per cent. of his salary, 1,200, into the party's campaign funds.

LLOYD GEORGE BLAMED FOR NOT WORKING FOR ECONOMY

London, Aug. 19.—(Associated Press)—Disappointment and dissatisfaction that Mr. Lloyd George in his address in the House of Commons yesterday ignored the general demand for a reduction in the national expenditure is the most striking comment made by most of the newspapers here to-day. Friendly and hostile editorials generally agree that the Prime Minister made an excellent plea for economy in industry and increased production, and also that he offered some "sensible proposals for a future industrial policy. Such comments, however, are overshadowed in most of the newspapers by sharp condemnation of what is termed the Prime Minister's failure to recognize the extravagance and waste in Government Departments and his failure to break the "bankers' nettle." Newspapers of widely different views declare Mr. Lloyd George's speech showed the Government has no policy and does not know its own mind. "These newspapers declare the nation will be filled with disquietude at the Government's failure to show strong leadership."

The Prime Minister's proposals on the coal situation are generally criticized. Advocates of nationalization of the coal industry express indignation and accuse the Government of breaking its promise to carry out the findings of the Sankey Commission. The Herald, a Labor paper, notified the Government that the workers are determined to have nationalization and that the rejection of the Sankey report, which favored such a course, will provoke "direct action." This view, expressed editorially to-day, was offered by Laborites who followed the Prime Minister in the House of Commons yesterday and by Labor leaders who later expressed an intention to oppose the Government in every way in an effort to bring about his downfall. Opponents of nationalization approve the Prime Minister's decision against such a policy, but the Government's decision does not escape criticism entirely. The Morning Post declares the proposed treatment of the coal industry is a dishonest promise, making the miners a gift of other people's money.

With Unions. According to the lobby correspondent of The Daily Mail, opinion in the lobbies of Parliament was that the Prime Minister now seemingly had cast his lot with the Unionists rather than with his old followers. His defence of business men, the correspondent said, has antagonized Labor, which henceforth will regard him as a "master's man."

MAY BE STRIKE OF STEEL WORKERS IN UNITED STATES

Youngstown, Ohio, Aug. 19.—Representatives of twenty-five steel workers' unions forming a national executive committee began arriving here to-day for a conference to-morrow to canvass the strike vote recently taken in the steel industry, and to make a decision as to a nation-wide steel strike.

ROUMANIA AND HUNGARY NOT IN AGREEMENT AS YET

Paris, Aug. 19.—(Havas).—The Budapest newspapers state that the Roumanians have presented new armistice conditions to the Hungarian Government, which has forwarded them to the Allies, according to a dispatch from the Hungarian capital. The Hungarian Government has declined to accept any modification of the terms of the armistice of November last, the dispatch adds.

GERMANS CHARGED WITH AGGRAVATING COAL SHORTAGE NOW

Paris, Aug. 19.—The Supreme Council yesterday considered the extreme shortage of coal and discussed a message concerning the coal situation from Herbert Hoover, head of the Inter-Allied Relief Organization. It is reported that the Germans are stirring up trouble among the coal miners of Silesia for the purpose of aggravating the coal shortage.

BRITISH SHIPS SHELL KRONSTADT AND CITY IS A PREY TO FLAMES

Bolshevik Battlecruiser Petropavlovsk, Battleship Andrei Pervosvanni and a Destroyer and Other Craft Sunk by British Naval Craft

Stockholm, Aug. 19.—The reinforced British Baltic fleet is concentrated against Kronstadt, the naval port of Petrograd, a dispatch from Helsingfors says. The city of Kronstadt, it says, is burning.

The Bolshevik submarine depot ship Viatka is reported to have been sunk in an engagement off the Tolboukin lighthouse, several miles northwest of Kronstadt.

London, Aug. 19.—The Admiralty confirmed to-day the report of the sinking on Monday morning of the Bolshevik battlecruiser Petropavlovsk, the battleship Andrei Pervosvanni and a destroyer by British naval forces during an engagement in the Gulf of Finland. A Russian cruiser probably was seriously damaged also, it was announced.

POUND STERLING AT LOWEST POINT

Fell to \$4.19 at New York To-day; A New Low Record

New York, Aug. 19.—Sterling exchange broke to an absolutely new low record here to-day, demand bills on London falling to \$4.19 to the pound and demoralizing the general exchange market. The further slump was not unexpected in banking circles, where predictions have been current that unless remedial measures are soon applied the pound must inevitably fall to \$4.

Deniers in foreign exchange attributed the break to the announcement by Mr. Lloyd George yesterday of the abandonment by the British Government after September 1 of extreme import restrictions.

FOREST FIRES BURN MAINLAND DWELLINGS

Burnaby, Aug. 19.—Two four-roomed dwellings were burned to the ground yesterday by a bush fire which was raging on District Lots sixty-nine and seventy and which spread over to the border of Broadview, igniting the buildings mentioned, which were unoccupied. The whole settlement was in grave danger and furniture was removed from a number of homes which were for the time in the path of the flames. Schou Street School has been, and still is threatened, and should a strong easterly wind spring up the fire might spread towards the Hastings end of the city. Yesterday the city fire department sent men and machines to the spot but could do little, as there were no hydrants near. The provincial fire ranger also was busy doing all possible.

A FRASER MILLS MAN IS MISSING

New Westminster, Aug. 19.—No trace up to a late hour last night had been found by the police of Andrew Smith, an accountant in the employ of the Canadian Western Lumber Company at Fraser Mills, who has been missing since Sunday morning at 7 o'clock, when he went out from his home to take a stroll at White Rock. Yesterday afternoon a cup supposed to have belonged to him was found on the beach and the police are inclined to think he was drowned.

AEROPLANE LANDS ON HIGH PEAK IN ALPINE REGION

Berne, Aug. 19.—Aviation Lieut. Alkerman, accompanied by Major Isler, effected a landing on the summit of Jungfrau yesterday morning.

AMERICAN MILITIA

Washington, Aug. 19.—Although more than a month has elapsed since authority was given to states to organize their National Guards, only 36,013 enlistments have been reported to the militia bureau. Of this total at least one-third are in the Coast guard. There are twenty-seven states without any organizations.

APPOINTMENT APPROVED

New Westminster, Aug. 19.—The appointment of S. H. Shannon, of Surrey, on the Land Settlement Board to fill the vacancy occasioned by the retirement of F. B. Stacy, M.P., meets with general approval here. The new appointee is a well-known farmer and dairyman of Colwell.

DANIELS NEAR HONOLULU Honolulu, Aug. 19.—Four destroyers, vanguard of the battleship New York, which is bringing Secretary of the Navy Daniels here, arrived off Honolulu at 6:30 o'clock this morning. (Concluded on page 14.)

INCREASED WINNIPEG MILK PRICE TO BE INVESTIGATED

Winnipeg, Aug. 19.—Dissatisfaction with the present milk situation was revealed at a meeting of the City Council last night, when a resolution was passed instructing the City Solicitor to apply to the Board of Commerce to have the milk companies of Winnipeg show cause for the increase in the price of milk. Milk was increased one cent a quart last Friday, making it fifteen cents for a quart and eight cents for a pint. The question of a municipal dairy was then revived, and it was decided to issue a prospectus and submit it as a by-law. On April 23 last the Council went on record as favoring the expenditure of \$600,000 on a municipal dairy independent of existing companies.

PARTIAL CONTROL OF COAL MINING

Lloyd George Yesterday Outlined Proposals For United Kingdom

London, Aug. 19.—The House of Commons, which listened yesterday to Mr. Lloyd George's declaration of the Government's policy on many problems, took a recess until October 28.

The country has now before it the three principal conclusions which Mr. Lloyd George told the House yesterday had been reached by the Government. These are the abandonment on September 1 of the present system of licensing, which is to be replaced by measures to prevent "dumping"; the declaration that the Government plans control of the coal industry; giving a miners a share in controlling mining policies, and the announcement that the Government will recommend a joint industrial council of employers and employees and provide for a forty-eight-hour week and living wages in virtually every industry.

Mineral Rights.

Dealing with coal, Mr. Lloyd George said the Government accepted the policy of the state purchase of mineral rights, on which all the reports of the Coal Commission were unanimous, but that the Government would be unable to give its assent to acceptance of the principles of the Sankey report. He contended there was no evidence that harmony would prevail with the workers under state ownership. He instanced the recent miners' strike in Yorkshire, which he declared was a strike against the Government, and the experiences of the railways under Government control. Therefore he thought the whole basis of the Sankey report, that state ownership would promote harmony, had been falsified.

Unification.

The Government, he continued, had accepted the principle of unification and recognition, and there undoubtedly was cause for giving the miners greater interest and voice in working conditions, and in order to organize the mines and reduce working expenses to a minimum the country would be divided into regions in each of which amalgamation of labor in the mines would be undertaken for a limited period.

The workers should have directors representing them on the body controlling the policy of the area, he added.

The Government would prepare measures at the earliest moment to ensure that the mineral rights could be purchased by the state, and that a fund would be raised for the promotion of the social welfare of the miners, but the Government would not purchase or operate mines.

Imports.

Mr. Lloyd George said the Government had decided, as an interim policy, that the import restrictions should be removed on September 1.

With regard to protection against unfair competition, the Prime Minister said:

"There will remain obstacles to imports in the shape of low exchange rates and high freights. These will remain, because we have decided that we cannot longer keep up exchange rates which would be so injurious to the nation, that it may have the effect of raising prices of food and raw materials, especially those from the United States.

"That is the result of under-production, and it is needful it shall be brought home to everyone, as otherwise it will never be cured."

"Dumping."

Mr. Lloyd George announced that legislation would be proposed to deal effectively with "dumping," and then went on at length into the powers to be conferred on the Board of Trade to check the importation of goods at prices below British cost of production, owing to collapse of exchange. He said this emergency measure was made necessary by the conditions which had arisen during the war, and which he hoped soon would pass away.

Another Government proposal was to make the Board of Trade a department of the nation, such as dyestuffs and glass and such like, which were unable to maintain the adequate level of production. It was proposed, he said, that the Board of Trade should be empowered to prohibit imports, except by license, of such goods, and to prevent excessive imports where the import prices were considerably lower than the home prices.

Water Power.

The Government proposed to submit at the Autumn session of Parliament a bill for the development and control of the water powers of the country for industrial purposes. It would be necessary, he said, to supplement coal power by using water power.

Army Expense.

Dealing with finance, Mr. Lloyd George asserted that it would be impossible to reduce the army to a peace basis until peace was ratified.

COAL PROPOSAL IN THE TERMINAL CITY

Vancouver, Aug. 19.—With a view to securing the public sale of coal to the city to keep down prices this winter, Ald. Hoskin has had a report brought down showing the cost of the fuel to the city last winter. He finds that the city paid an average of \$7.22 for the coal for the public buildings last winter, and that the cost of delivery brought it up to \$8.12 for short distances from the city bunkers on False Creek and \$9.68 for the longest haul made.

"At these prices the city was able to supply coal to all the public buildings in the city," said Ald. Hoskin. "Why couldn't the city make deliveries just as well to all the people who can't afford to pay the prices demanded by the dealers? Last year coal was selling retail at between \$11 and \$12 a ton, which I believe was too much. I don't mind them making a dollar a ton, which might be a justifiable profit, but more than that is not coming to them."

The alderman asserts he will bring up the matter before his colleagues on the City Council in the near future.

CHIEF OF POLICE OF NORTH SYDNEY NOW ENDORSES TANLAC

Daniel Cowans Says Tanlac Did Him a World of Good; Wants to Help Others

"Tanlac has done me a world of good, and I want to help others," said Daniel A. Cowans, chief of police of North Sydney, N. S., in an interview at the city hall, recently.

"At various times during the past three years," continued Chief Cowans, "I have had trouble with my stomach, but for the past six months I have not been able to eat a square meal without suffering terribly from indigestion. Always after eating gas would form on my stomach and bring on spells of bloating, pain and shortness of breath. At times I would become almost blind, very dizzy and when these attacks came on me I would always have to sit down until they wore off. I got to where I never ate any heavy foods, for if I did I would pay well for it in suffering. Sometimes I found it hard to get any sleep, for I was so restless I would lie awake at night, and I most always felt tired-out in the mornings."

"Seeing Tanlac recommended highly I concluded to try it and must say it has helped me wonderfully. It certainly is surprising how quickly the right medicine will get anyone to feeling right again. I am eating just anything I want now, even pork and am able to do my work as well as ever. I never feel the least bad effects afterwards. And since the gas has stopped forming on my stomach I don't bloat up or have any more pains about my heart. I now enjoy all my meals. I am also getting perfect rest at night and am just gaining ground all the time. I can recommend Tanlac very highly, for what is may be worth to others, especially those suffering from stomach trouble and a run-down condition."

There is not a single portion of the body that is not benefited by the helpful action of Tanlac, which begins its work by stimulating the digestive and assimilative organs thereby entering the blood and invigorating the whole system. Next, it enables the weak, without stomach, to thoroughly digest its food, permitting the nourishing elements to be converted into blood, bone and muscle.

It overcomes, it is said, that great exciting cause of disease—weakness. It renders the body vigorous and energetic and throws off the symptoms of nervousness and indigestion. It builds up the constitution weakened by disease and mental and physical overwork, quiets convalescence and is an unfailing source of comfort to all suffering from such troubles.

Tanlac is sold in Victoria by D. E. Campbell, corner Fort and Douglas Avenues.

ANTI-BOLSHEVİK FORCES NOW ARE IN BETTER POSITION

Paris, Aug. 19.—The Bolshevik movement is out of the relieving forces of Admiral Kolchak's anti-Bolshevik forces on the Cheliabinsk line has been checked, according to dispatches received from various Allied representatives in Siberia and Eastern Russia.

The military situation of the Omak All-Russian Government was indicated by the reports to be much more hopeful than information during the last two weeks has shown.

For a time, military observers said, it looked as if the relief of Admiral Kolchak's army both on the Ekaterinburg and Cheliabinsk lines would be impossible. There were 80,000 anti-Bolshevik troops in the vicinity of Cheliabinsk whose line of communication with Omak was threatened by a Bolshevik wedge driven from the northwest toward the railway east of Cheliabinsk. This movement has been checked, the Allied reports said, and withdrawal of the Kolchak forces eastward along the railway has been made possible.

Omak, the anti-Bolshevik capital, apparently is not in danger, as Admiral Kolchak has been able to send reinforcements to his relieving army who will now take up defensive positions along the River Ishim.

Gen. Denikine's success, it was said, apparently is having a good effect on the Siberian movement by strengthening the Kolchak movement and breaking the morale of the Bolsheviki.

The Denikine forces are now operating with more than fifty tanks and other modern equipment. Effective aerial reconnaissance work was said to be causing a state of panic among the Bolsheviki.

SHANTUNG SCHEME AS FRICTION CAUSE

Washington, Aug. 19.—It was the unanimous opinion of American experts on Far Eastern affairs at Versailles that war must result from the peace treaty provision giving Japan control in the Chinese province of Shantung. The Senate Foreign Relations Committee was told yesterday by Thomas F. Millard, an American writer who was attached to the Chinese peace delegation.

Because the United States intimated it would be inexpedient, China refrained from raising "certain questions" at the Peace Conference, Mr. Millard testified. He said he had got his information on the subject from the Chinese delegates, whom he advised "unofficially." He did not go into details about the questions China might have raised. He said, however, that some Chinese officials wanted to employ two American international lawyers as advisers, but did not do so because the United States intimated it would not favor such a plan.

SPECIAL TREATMENT FOR SHELL SHOCKED SOLDIERS IS URGED

Vancouver, Aug. 19.—"Resolved that the Provincial Government be approached and asked to recommend to the Dominion Government that a separate building, apart from the provincial asylums, be maintained for shell shocked soldiers in British Columbia, and that a system of vocational training be inaugurated and carried on in this institution with a staff of vocational training teachers and with attendants who must be returned soldiers."

The above resolution, received from the Vancouver branch of the Canadian Red Cross Society by the Municipal Chamber of the Imperial Order Daughters of the Empire at a meeting here, received the unanimous endorsement of the members on Monday afternoon.

ROBBERS SENTENCED IN WINNIPEG COURT

Winnipeg, Aug. 19.—Gordon C. Thompson was sentenced to two years and three months in the penitentiary and his partner, Albert E. Broadley, to a two-year term when they appeared in court here yesterday charged with highway robbery committed at Winnipeg Beach last Wednesday.

The accused pleaded guilty to having held up at the point of a loaded revolver the cashier of the Winnipeg Beach Amusement Company and robbed him of \$2,500. Practically all of the money was recovered.

The two men recently arrived in Winnipeg from Saskatoon.

PRINCE FEISAL RETURNS TO PARIS

Paris, Aug. 19.—Prince Feisal, son of Hussein Ben Ali, King of the Hedjaz, embarked at Beirut yesterday to come to Paris to resume his place at the head of the Arab delegation. He is dissatisfied with the settlement of the Syrian and Persian questions, according to the French press.

The aspirations of France in Syria are being discussed by French newspapers in connection with the Anglo-Persian understanding, which is looked upon as provision for a British protectorate in Persia.

Until the Persian treaty is ratified, delegates to the Peace Conference think it is improbable that it will come formally before the conference, although it is of first importance in the question of the dismemberment of Turkey. The situation regarding Turkey apparently is dead-locked until the United States decides whether it will accept a mandate for Armenia or elsewhere.

SAN FRANCISCO ARREST.

San Francisco, Aug. 19.—Mrs. Agnes Malley, of this city, was arrested and charged with violation of the new state syndicalism law in a raid here yesterday by detectives on alleged headquarters of the I. W. W. Mrs. Malley is the wife of James Malley, now awaiting trial here on a charge of having violated the syndicalism law.

These garments are of the finest materials and are daintily embroidered and trimmed with delicate shades of baby ribbon insertion and laces.

HOSPITAL SHIP ASHORE IN KOREA STRAIT

Seattle, Aug. 19.—With 1,100 wounded Szech-Slovaks aboard, the United States Shipping Board steamship Heffron is ashore off Rokuren, Korea Strait, cable advices received yesterday by the Pacific Steamship Company from its agent at Kobe said. The Heffron was said to have been bound from Vladivostok to Trieste with the wounded soldiers. Two holds were reported full of water. A warship and salvage vessel were said to be standing by, and it was thought there was no immediate danger of the vessel sinking.

The Heffron was built at San Francisco and sailed from here June 23 for Vladivostok.

JOSEPH SEAGRAM DIES IN ONTARIO

Waterloo, Ont., Aug. 19.—Joseph E. Seagram died here last evening. He was in his seventy-ninth year, and had been ill for several years.

PORTO RICA DOCTOR HELD BY MEXICANS

Washington, Aug. 19.—Another case of the kidnapping of an American citizen by Mexican bandits who demanded a ransom was announced yesterday by the State Department. He was a Porto Rica doctor, who was taken prisoner July 21. The ransom was to have been paid August 15, but the Department has not been advised whether he has been released.

OPPOSITE POST OFFICE
HE FELT AT HOME
Stumbling blindly after the light that the attendant's torch threw on the floor, Aggie and Douglas MacDougal entered the cinema theatre.
With breathless interest they followed the doings of the heroine on the various stages when, in the midst of his argument, Douglas felt a light touch on his arm. Looking round, he saw a waitress offering him a sweetheated tea and cake.
"How much may it be?" quired.
"There is no charge, sir," said the girl.
In silent wonder Aggie and Douglas slipped their tea and munched cake. Free! It passed the hesitation of a man.
After a little while Aggie was led to her knight.
"We must be gettin' away," he nearly six o'clock.
But the blood of all the Douglas rose in revolt.
"You go if you like, my lass, I'm not moving. I'm staying here!"
The sea is infinitely more alive than the land. It is estimated that an acre of good fishing yields more food in a week than an acre of the best land will yield in a year.

ITALY AND GREECE AND ASIA

Rome, Aug. 19.—(Havas.)—An agreement reached between Greece concerning their interests in Asia Minor, according to reports by newspapers here, provides that Italy shall have the valley of the Meandre River and a free port of Smyrna.

LIBRARIANS TO TALK ON WAR RECORDS

Subject Will Be Discussed at Forthcoming Convention

Among other timely subjects to be discussed by librarians at the Vancouver Convention at the end of the month is the question of collecting war records in the United States and Canadian Provinces.
J. Forsyth, Assistant Librarian in the Provincial Library, will put forward suggestions on the collection of this material in British Columbia which will give a complete record of British Columbians taking part in the war.
It seems fitting that a collection of this kind should be housed at the Capital in the Legislative Buildings which represents the citizens of the Province.
The Provincial Library has already the nucleus of a collection. While the war was in progress Mr. Schofield, the Librarian and Archivist made his appeal for soldiers' letters, which was kindly responded to by the many friends of the men overseas. These personal records will form part of the general scheme and when arranged chronologically they will bring out many details of the part taken by British Columbia Regiments in the war.
Photographic records and battle-field relics are being procured; also original proclamations and other documents.
The co-operation of organizations in towns and districts is sought so that a complete provincial collection may be obtained.
Other members of the Provincial Library staff taking part in the proceedings at the Vancouver Convention are Miss Russell, Chief Cataloguer, and Miss Wolfenden who is Secretary to the British Columbia Library Association. Herbert Kilham is Superintendent of the Traveling Library Department and now Organizer under the recently formed Public Library Commission will give an account of library work on Vancouver Island.

An Eastern Editor's Impressions

John T. Hawke, Editor of The Montreal Star, who is Accompanying the Dominion Editorial Association.

British Columbia forms a climax to an amazing series of revelations of great natural resources, majestic mountains, torrential rivers, fertile valleys, sparkling lakes, whose placid waters reflect the glory of snow-crowned mountain peaks.

It is this simple beauty delighting the eye and charming the senses, which contrasts so startlingly with the stupendous magnificence of your own mountains and deep-seated valleys.

"British Columbia has also a future upon the sea. Your coast line indentations, your magnificent harbors, your lumber and your minerals invite you like the Argonauts of old, to seek the golden fleece on the waters of unknown seas.

"I return to my eastern home with a renewed vision of Canada as a whole and a greater confidence than ever in her future.

VICTORIA WEST AND NATIONALS TO MEET FOR LACROSSE TROPHY

McInnes's Boys Have Slight Edge of Wests in Final Series—Spectacular Battle Is Predicted

With the withdrawal of Sidney from the City League lacrosse race, the Nationals and Victoria West will fight it out for the championship, Friday evening.

Nationals Have Edge

Ed. Popham's westerners will have to fight to the limit to retain the position which they have held throughout the season, and where they were securely set until Bob McInnes's Nationals came and challenged their right to remain on the dizzy heights.

Pep and Stamina

The Victoria West team is mostly included of young players and their pep and stamina has been proved in some of the hard tussles which have taken place in the race for the trophy.

Revised Schedule For Week of Cricket

Four Games To-day—Banquet Tuesday

The revised schedule for the week's cricket tournament for the Great War Challenge Cup is announced as given below, all games starting at 11.5 o'clock.

To-Day. Garrison v. Calgary at Work Point. Vancouver Oibs v. Incogs, at Jubilee Hospital. Zingari v. Foundation, at University. Congos v. Nanaimo, at Beacon Hill. Five C's, a bye.

LEAGUE BASEBALL

American League. Cleveland, Aug. 18.—Cleveland defeated New York to-day, 2 to 1, it being May's first defeat since he joined New York.

National League. Philadelphia, Aug. 18.—Meusel's home run, with Blackburn on base, being the score in the ninth, merely delayed Philadelphia's defeat for in the 13th inning Higbee drove the ball over the right field fence, winning for Pittsburgh 3 to 2.

WINNIPEG BOWLING DRAWS RECORD ENTRY

Winnipeg, Aug. 19.—Visiting rinks fared badly in the Manitoba Lawn Bowling tournament which opened here yesterday, none remaining in the Dingwall Grand Challenge event, all having fallen before city fours.

FIRST GAMES IN CRICKET TOURNEY

Vancouver, Five C's and Incogs Were Winners Yesterday

The Vancouver Oibs, the Five C's and the Incogs secured victories in the first round of the week's cricket tournament which commenced yesterday.

Table with columns for team names and scores. Includes Vancouver Oibs, Five C's, Incogs, and various individual player statistics.

Friday

Garrison v. Congos, at Work Point. Vancouver Oibs v. Calgary, at Jubilee Hospital. Foundation v. Five C's, at Beacon Hill. Incogs v. Nanaimo, at University.

REPORT SAYS LACROSSE SERIES AT WINNIPEG MAY BE CALLED OFF

Winnipeg, Aug. 18.—Harry Scott, sporting editor of the Calgary Albertaian, will most likely be invited to referee some of the games in the amateur lacrosse tournament planned for Winnipeg at the end of the month.

NEARY WILL FIELD A VETERANS' SOCCER TEAM

Jack Neary is out with the announcement that he will gather around him a bunch of bronze button soccer players and go after the championship of Canada and the Connaught Cup via the City League championship, the Island title and the provincial laurels.

HAL BEASLEY

LOCAL SWIMMERS MAKE FAST TIME IN AQUATIC EVENT STAGED TO-DAY

Short Snappy Programme for Entertainment of Editors—Audrey Griffin and Seattle Star Swim Dead Heat in 500 Yards

During a short aquatic programme staged at the V. I. A. Club at Curtis Point this morning for the entertainment of the delegates of the Editorial convention, local swimmers extended themselves and hung up some good times for the five hundred yards distance.

ONE OF DIVERS

BUCKY CALDER

One of the features of the programme which was heartily appreciated was the diving exhibitions. Mr. Justice Martin was among the party that performed a number of difficult and graceful dives from a 30-ft. and 10-ft. board.

LEADING BASE STEALER

Sid Elmer tops the city baseball league for base stealing, will be a big support for the Strath-Two Jags team in the play-off series for the local baseball championship.

LEAGUE STANDING

Table showing league standings for Pacific Coast League, American League, and National League.

SOCCER CLUBS TO MEET THURSDAY

There will be a meeting of representatives of the soccer clubs of last season at the Forsters' Hall, Thursday.

RUGBY MEN ORGANIZED

Calgary, Aug. 18.—Calgary Canucks, senior Rugby champions of Alberta, organized for the 1919 season at a banner meeting to-night.

SECTIONAL GOLF COURSE ATTENDED BY PHYSICIANS. Ouimet Taken From Golf Course and Attended by Physicians

Pittsburg, Aug. 19.—Few favorites failed to score well enough to-day in the preliminary qualifying rounds of the National amateur golf championship at the Oakmont County Club to be included in the list of those who will continue play Monday in the 36 hole medal play test for the 32 places in the first match play round.

Louis Jacoby, of Charlotte, N. C., returned the best card of the 136 starters, going out in 35 and in 37 for a 74.

Quimet was barred from amateur golf in 1916 by the officials of the United States Golf Association who ruled that he was a professional because he had entered into the sporting goods business.

"SORRY, MY MISTAKE"

That cheerful person, Lenin, is reported to have said that he would rather a score of innocent persons were killed than that one of the middle-class should escape.

MISTAKEN OCCURRENCE

A similar case occurred more recently in New York. Mr. J. W. Burke, of the Iron Workers' Union, incurred the enmity of a certain political gang of the baser sort because he had accused them of "graft."
