# FIGHT IN CITY OF DUBLIN IS NOW IN FINAL PHASE

## PROVINCES SAID IMMIGRATION PLAN

Minister is Arranging Conference in Ottawa  
Hon. Charles Stewart Now on Way to Coast  
Winnipeg, July 3.—So long as the census keeps showing that Canada lost 2,000,000 settlers during the last ten years, Hon. Charles Stewart, Minister of Immigration, believes better means should be provided for keeping within the country those persons the Dominion agencies may bring into it as settlers.

Mr. Stewart, now a visitor on business, intends to confer with the Governments of the four Western provinces to ascertain if the immigration policy of Canada could be founded upon mutually agreed principles, to be operated along lines conducive to overlapping coastland energies, and have its cost insured by making it so, north of the whole of the settled immigrants that they will not quit the province of their choice for other countries.

To Meet in Ottawa.  
While in the West, Mr. Stewart expects to arrange for the first annual gathering of specially qualified provincial officials in Ottawa, he stated. At each of these annual conferences in Ottawa, the entire immigration programme for the succeeding year will be submitted by the Federal to the Provincial representatives and amended or enlarged according to the requirements and circumstances of the times.

The function of the Federal authorities will almost solely be limited to the securing of the immigrants, Mr. Stewart declared. The Federal branches will see to the arrival of the immigrant at his own destination. Arrived at his own destination, he will be responsible for the coming of the charge of his province.

Continuing his tour, which will take him to the British Columbia Coast, Mr. Stewart left here for Edmonton.

Appeal Next Week  
Privy Council to Make Ruling on Stock  
Appeal is Brought by Shareholders

July 3 (Canadian Press)—Lord Birkenhead, the Lord Chief Justice, and Lord Haldane, who will probably be another member to constitute the court will hear the appeal to the Privy Council by the Grand Trunk Railway shareholders against the decision of the arbitration board as to the value of the preference and common stocks of the Grand Trunk Railway system upon its acquisition by the Canadian Government. The hearing will begin next Monday and probably will last all week.

SUNDAY PROVES WARMEST DAY  
Victorians Sweltered in Company With Their Neighboring Cities

Victorians sweltered in the heat yesterday when the thermometer registered 85.5 at the Gonzales heights observatory, while at numerous points in the lower levels in the city the temperature rose to 88 degrees during the afternoon. Not only Victoria alone, for high temperatures were experienced throughout the Province, particularly in the interior. Other thermometer registered included Kamloops, 88; Penticon, 96; Nelson, 87. At Portland, Oregon, 87; Frederickton, St. John, 88; and Moncton in New Brunswick; Charlottetown and Summerside, P. E. I., and Amherst, London, 87; Oxford, and Truro, in Nova Scotia.

Body Seen in Gulf of Georgia; Search is Made  
Vancouver, B. C., July 3.—Somewhere off Point Atkinson a dead body is floating, according to a report received by the police on Saturday. The information was relayed from the provincial police in the city, and a Captain Hann, of the police patrol boat, immediately set out for the point given.

50,000 PEOPLE TO WALK TO MONTREAL  
Montreal, July 3.—Fifty thousand people will walk to work from Verdun and outlying points into Montreal to-morrow owing to the breaking of a pivot in the Wellington Bridge over the Lachine Canal.

## COAL DISCUSSION IN U. S. ADJOURNED

Washington, July 3.—Deadlocked over a basis of negotiating a settlement of the bituminous coal strike, the conference of operators and United Mine Workers' officials accepted the suggestions of Government representatives to-day and adjourned until next Monday.

NEWSPAPERMAN DROWNED  
Ottawa, July 3.—Sidney Irving Macklin, night telegraph editor of The Ottawa Journal, was drowned in the Ottawa-River near Woodroffe Saturday afternoon.

## Unions of Railway Shopmen in States Outlawed by Board

Chicago, July 3.—The six railway shop craft unions which went on strike Saturday were outlawed by the United States Railroad Labor Board to-day. In a formal resolution the board declared the unions, by their action, had forfeited all rights before the board as railway employees and that new organizations of shopmen taking the striking men's jobs should be formed to represent the shop employees in disputes before the board.

## HONGKONG GOVERNOR BOUND TO ENGLAND

Sir Reginald E. Stubbs Reached Here To-day on S.S. Empress of Russia  
Was Dominant Factor in Settlement of Chinese Labor Strike

His Excellency Sir Reginald E. Stubbs, M.C.M.G., Governor of Hongkong, was a notable passenger aboard the C. P. S. S. Empress of Russia. In his capacity as Governor of Hongkong, Sir Reginald Stubbs was a dominant factor in the settlement of the strike of Chinese seamen, firemen and dockers in January of this year. Sir Reginald deprecates the view taken in some quarters that the Chinese coolie will be a thorn in the labor market and will be making fresh demands that the power of the Chinese unions has been established. He thinks that the Chinese are reasonable and in the majority are not inclined to take selfish advantage of a situation that has been settled in their favor. The strike precipitated early in the year was complete and resulted in the tie-up of virtually all foreign shipping at Hongkong. The strike, after some threats of violence and minor casualties, was settled by the Government without loss of blood. The strikers who had tied up marine enterprise for several weeks, returned to work on the basis of obtaining half their demands in the first instance.

To Return Shortly.  
Sir Reginald Stubbs is going through to London and will return to China via this route at an early date, he informed the Times. His Excellency was formerly secretary of Ceylon and has had an interesting career in the East. He was sent on a special mission to the Malay Straits and to Hongkong in 1910 and 1911, being later appointed colonial secretary at Colombo. For several years in name has been in charge of the British administration at Hongkong. Sir Reginald E. Stubbs is a son of the Right Rev. William Stubbs, late Bishop of Oxford.

EARTHQUAKE FELT IN EASTERN CANADA  
Buildings Shaken in Maritime Provinces  
Halifax, July 2.—An earthquake which rattled dishes, slammed doors and shook buildings over the greater part of the Maritime Provinces occurred last evening about 5.30 o'clock. In name has been in charge of the British administration at Hongkong. Sir Reginald E. Stubbs is a son of the Right Rev. William Stubbs, late Bishop of Oxford.

BOY KILLED; THREE PERSONS HURT IN TERMINAL CITY  
Vancouver, July 3.—One death from an auto accident and injuries to three persons in a second crash formed the sum total of casualties here during the week-end.

KITSILANO STREET CARS IDLE FOR TWO HOURS TO-DAY  
Vancouver, B. C., July 3.—Fire which broke out in the main ducts serving the Point Grey sub-station this morning put the Point Grey and Kitsilano street cars and lighting service out of commission for two hours.

GERMAN MARK FALLS TO A NEW LOW LEVEL IN U. S.  
New York, July 3.—The German mark fell to yet another new low level here to-day, being quoted before the opening of business at 22 1/2 or the equivalent of 199 for 23 cents.

MOTION CENSURING THE AUSTRALIAN CABINET DEFEATED  
London, July 3.—(Canadian Press Cable)—The Australian House of Representatives defeated a motion of the Labor Party censuring the Government in connection with the unemployment situation in the Commonwealth, according to a Reuter dispatch from Melbourne.

STEVEDORES STRIKE.  
Manila, July 3.—Three hundred stevedores went on strike here to-day following a wage cut of fifteen cents a day. The companies affected said that substitutes had been employed and that shipments would not be interfered with.

## RETAIL MERCHANTS' CONVENTION

Twenty-two important resolutions will come before the Retail Merchants' Association of Canada, B. C. Division, at the conference which will open here on Wednesday week. Strong opposition to the sales tax is forecasted. The grocers' section will ask the association to express an opinion whether the Government should be invited to submit a plebiscite on the prohibition of liquor in B. C.

Wooden Buildings Owned by Orientals Destroyed  
Cumberland and Courtenay Firemen There  
(Times Correspondence.)  
The Courtenay, July 3.—The Chinese, Japanese and Hindu sections of Bevan, a coal mining town near Cumberland, were completely wiped out by fire yesterday afternoon. It is difficult to estimate the monetary loss, but there were fifty two-story buildings in the quarter and their out-houses and all these were swept away. Fortunately there was no wind and the fire did not extend to the white quarter of the Bevan Lumber Company property and the fire which ran into the bush is now under control.

## JAPAN ABANDONS PORT ARTHUR AS A NAVAL PORT

Tokyo, July 3.—The Admiralty to-day issued a formal statement flatly denying recent reports that Japan was evading the Washington Naval Treaty by increasing construction of auxiliary vessels. The statement, which outlined the tentative auxiliary programme, also announced that Port Arthur, taken from Russia in the Russo-Japanese War, would be abandoned as a naval port.

GYROS ENTERTAIN VICTORS OF SCHOOL LACROSSE LEAGUE

Esquimalt Boys Given Rousing Time; Presented With Cups and Medals

Leonard Tait Pays Tribute to Club and Reviews History of Game

"I believe the Gyro Club has done more than any other agency in Canada to re-establish our great national game. By starting the revival in the public schools the club went to the heart of things. In the School League here we have played the game for the love of it. Not one boy has uttered a wrong word on the field, nor been guilty of a foul tactic. They have played the game as it should be played, and if all leagues were to show as good sportsmanship lacrosse would immediately be re-established in national favor."

This statement was made by Leonard Tait, principal of the Lamson Street School, at the luncheon of the Gyro Club to-day. Mr. Tait with his team of stick-handlers which won the Gyro Cup, emblematic of the school lacrosse championship, were the guests of the club to-day.

Rough Play No Good. Mr. Tait stated that the reason lacrosse has lost favor in recent years was due to the action of professionals and senior amateurs in introducing rough play. He thought the man who committed any dirty work should be ruled off the field for good. Five and ten-minute penalties did no good, he said.

Mr. Tait reviewed the history of the national game and stated that as far back as 1846 the Indians enjoyed the game, but that it was not until 1860 that the whites took it up. In 1881 an exhibition game was played in Montreal for the benefit of the late King Edward during his tour of Canada as Prince of Wales. In 1887 the game was introduced in Glasgow and operated for five years. He traced the history down to the present day.

A Supreme Team. The speaker said that lacrosse developed quick-thinkers and stout bodies and learned boys to keep their tempers. Victoria district possesses three good junior teams he said, in Sidney, Oaklands and Esquimalt, and he thought that from this material a team could be developed which would remain supreme in coast lacrosse.

Vice-president Cuthbert Holmes presented the handsome Gyro Cup to Fred Patton, captain of the Esquimalt team. Mr. Holmes said that Esquimalt, and especially Esquimalt, were proud of the success of the Lamson Street school and congratulated Patton and his boys and expressed the hope that some day they would win the world's championship.

Archie Wills, father of the Gyro lacrosse scheme, presented the medals to the players, who were as follows: William Williamson, Harold Stratford, Harold Watson, Wilfred Jenkins, Ivan Sweeney, Alex Wallace, Fred Hooper, Clyde Nichol, William Doidge, Walter Bayliss, William Plater, Fred Patton, Walter White, Claude Hamer, D. Thompson and Richard Burnett.

Chairman Phillips of the Esquimalt School Board, and A. J. Patton, who assisted Mr. Tait in coaching the team, spoke briefly and expressed gratitude on the enterprise shown by the Gyros.

MOTOR FERRIES RUSHED
Motor travel from the Mainland to the island grew so heavy over the holiday that the Anacortes-Sidney ferries could not handle their regular runs all the cars that wanted to come here.
When cars piled up at Anacortes Saturday the ferry started out on an extra trip after midnight. They arrived at Sidney just before day-break Sunday morning.

ENTERTAIN CHILDREN.
Some sixty children of the Protestant Orphanage were entertained at S. R. Newton's private beach at Oak Bay on Saturday. An excellent programme of sports was held, and some splendid and useful prizes were donated for the occasion. Row boats, rafts and a launch was provided for the entertainment of the kiddies, and lunch and supper was served during the day. The Kiwanis club assisted Mr. Newton, who inaugurated this event, and came to his aid with many timely suggestions and helpful donations.

B. C. HOUSE AGAIN: SULLIVAN REPORT IN; SIDNEY SEEKS LIQUOR; PUBLIC WORKS IN NORTH

Premier Oliver to-day denied reports given to Vancouver newspapers of the report of last week announcing that it had been decided that the B. C. Government would not sell British Columbia House in London, to the Dominion Government.

By special delivery two leather bound volumes reached Premier Oliver to-day. They contain the report of J. G. Sullivan, former chief engineer of the C. P. R., on the British Columbia Government's Pacific Great Eastern Railway.

Mr. Sullivan said the report would not be made public until after he and his ministers have had a chance to look it over.

\$10,000 SUIT AGAINST LAND BOARD FAILS

The Province, by the decision of Mr. Justice Murphy in the Supreme Court at New Westminster to-day, won an important case which has to do with the rights of persons whose lands are affected by drainage and irrigation works undertaken by the Government.

The defence of the Board put up by Mr. Mayers caused Mr. Justice to find that the Board was in accordance with the statute and that the plaintiffs if they had any claim at all should have proceeded to arbitration.

### BUSY WEEK FOR OTTAWA MINISTERS

Several Matters to Be Decided at Cabinet Meetings

Ottawa, July 3.—(Canadian Press) —Conferences between the Cabinet Ministers, their deputies and the Civil Service Commission with regard to economies in the various departments are expected to take place this week.

Several matters which were held over during the busy days of the session are expected to be disposed of by the Cabinet, as well as matters arising out of the session itself. It is thought likely that during the week the royal commission on the MacNeill-Maxwell pensions charges will be named, and also the fisheries commission which is to investigate the British Columbia salmon fisheries. There is also a likelihood that action may be taken toward naming the new board of management of the Canadian National Railway system. This problem is understood to have been under consideration some time now, and in answer to a question on the matter during the session, the Prime Minister stated that action would be taken as soon as possible after the session of Parliament closed.

Consideration is also being given to matters which are to be brought forward before the conference of Provincial and Federal Labor Delegates, and some of the questions to be taken up probably will be the subject of declarations of Government policy during the week.

Most of the Ministers are remaining in Ottawa for the entire week, and after matters have been cleaned up will leave for their vacations. Cabinet meetings will be held almost every day of this week but to-day.

Right Hon. Mackenzie King returned to the capital after spending Dominion Day in the riding of North York, which he represents in the House. While away from Ottawa the Premier did no speech-making, but talked personally with many of his constituents at a field day gathering.

### FARM STATISTICS ARE GATHERED

Teachers and Pupils Through-out Canada Aid Plan

Ottawa, July 3.—Through the medium of school teachers and scholars throughout Canada statistical information concerning the country's agricultural industry, particularly as to livestock and as to the acreage sown to the principal field crops, is being gathered this month for the use of the Bureau of Statistics. Farmers in all sections have received printed questionnaires and the Bureau will base its estimates as to acreage and number of livestock in Canada on the answers.

The plan is carried out by co-operative arrangements between the Federal Bureau of Statistics and the Provincial Departments of Agriculture and Education. Farmers are given assurance that individual returns will not be divulged, nor will the returns be used for the purpose of taxation.

The system has been in operation for four years and according to officials of the Bureau of Statistics the results have been very satisfactory.

### FEDERAL UNION OF WEST INDIES

System of Insular Federations Suggested by Canadian

London, July 3.—Andrew T. Drummond of Queen's University, Kingston, has come out in the Empire Review with a scheme for handling the Government of the British West Indies by federal union.

"The proposal I make is that the whole of the British West Indies colonies should be associated into five presidencies, or provinces, which in turn would be embraced within a Federation," Drummond explains.

Admittedly, these provinces are small in area, but there is precedent for this. Including British Guiana, and British Honduras, the colonies, including Nova Scotia, New Brunswick and Prince Edward Island in Canada, together with Newfoundland, which, it is to be hoped, will soon become an additional province, contain only 101,231 square miles. Some States of the American Union are also small in area. Each of the five provinces in the proposal would have a Lieutenant-Governor, a small Executive and an elective Legislature to which the Executive would be subject.

"All the islands and mainland colonies would be divided into municipalities, or, as in Jamaica, into parishes, with their elective councils, each presided over by an elective Mayor, Chairman or Reeve, and with the usual rights and duties, to be prescribed by the provincial legislatures. The franchise would be the same for federal, provincial and municipal voters, and should be based on a property or rental qualifications, and a standard of education founded on, say, seven years of previous schooling at schools.

"The Presidencies of Provinces would comprise: (1) British Guiana with area of 90,277 square miles and population of 236,941; (2) British Honduras with area of 8,598 square miles and population of 40,372; (3) Windward and Leeward Islands with the seat of government at Barbados, and with area of 1,360 square miles and population of 464,518; (4) Trinidad and Tobago with the seat of government at Port of Spain and with area of 1,883 square miles and population of 332,552; (5) Jamaica and Turk's Island, Cocos and Bahamas with the seat of government in Jamaica, and with area of 8,842 square miles and population of 887,000. Had the Bahamas with their favorable situation and climate been aggressive in agricultural and commercial development, it might have been possible, with their area of 4,466 square miles, to give them separate consideration.

"As things now stand in the Windward and Leeward Islands there are ten Governors, Administrators and Commissioners with their various executive officials. These would be replaced by one Lieutenant-Governor and a small Executive, while in Jamaica and the Bahamas there are two, and if Bermuda could be added, three Governors and their executive officials; these would be replaced by one Lieutenant-Governor and a small Executive. The five Presidencies of Provinces would collect and administer the British West Indies Federation, or, a new Dominion, with the seat of government, suggestively, in Jamaica, as being more or less central, and on the main route for shipping through the Panama Canal, and thus convenient; and with an area of 110,864 square miles, and a population of 2,022,382. The Government would be appointed by the Crown, but there would be responsible government, and an elective Parliament, with the Executive subject to it. Within the experience of the other Dominions for a guide, there should be no difficulty in settling on the respective powers of the Federal Parliament and the Provincial Legislatures, while both the Federation and the Provinces would, as in the case of Canada, be constituted under one Imperial Act of Parliament."

### BANDITS GOT LOOT WHILE CROWD EATING IN CAFE

San Francisco, July 3.—While between 75 and 100 persons were in the foreign quarter of San Francisco, last night, two men, wielding black-jacks, beat three men into unconsciousness, and knocked down two women. The bandits escaped in an automobile with three gold watches and \$64 in cash, taken from their victims.

### OPTIMISM ON PRAIRIES REPORTED

Weekly Report of Credit Men's Association

Winnipeg, July 3.—(Canadian Press) —The crop outlook of the West, with the exception of better, and the greatest of optimism prevails, de-cares the weekly trade report of the Canadian Credit Men's Trust Association issued here. "This is particularly so in Southern Alberta and Southern Saskatchewan.

The report, which states Western Canada is the "pivot" of the business outlook at the present season, is entirely confined to the prairies. Wholesale throughout the West report that the improvement is being well-maintained, especially in drygoods and women's and men's wear. Orders, however, entail heavy work for the turnover and are much smaller. Retail trade both in large and small cities has improved.

### CROP RETURNS WILL AID TRADE

Hudson's Bay Company Head Speaks of Canadian Conditions

London, July 3.—In moving the adoption of the financial and general business report of the Hudson's Bay Company at the meeting here Friday, the Governor of the company, Sir Robert M. Kinderley, emphasized the benefits that would accrue to Canada generally from the prospective good crops of this year. Trade would be given a great impetus, he said. There was nothing to lead observers to suppose that the recent check to prosperity in Canada was anything but temporary, Sir Robert declared.

### ONTARIO RAINS CAUSE FARMERS TO PLOUGH UP POTATOES

St. Catharines Ont., July 3.—While the fruit outlook in the Niagara district for a prolific crop is as bright as ever, the excessive heavy rains, with a lack of sunshine, are causing consternation among the growers of root crops. Several hundred acres of potatoes have been ploughed up.

### FIRMS TO EMPLOY DISABLED EX-SOLDIERS

London, July 3.—(Canadian Press Cable)—A number of local firms have definitely decided to undertake the employment of a certain percentage of disabled ex-service men. Thirty thousand firms originally agreed to co-operate in this regard, but only 12,000 renewed their pledges. Five hundred firms have definitely withdrawn.

### RAILWAY EXCHANGE

Ottawa, July 3 (Canadian Press)—The rate of exchange in connection with shipments of freight between points in Canada and the United States from now till July 14 will be 1 1/2 per cent, and the surcharge on the said traffic will be 1 per cent. The rate of exchange on international passenger business will be based on 2 per cent. exchange.

### GOES TO CHICAGO.

New York, July 3.—Bryce W. Stewart, of Ottawa, who has been chief of the Canadian Employment Exchanges has been appointed head of the Chicago joint board of the Amalgamated Clothing Workers' Employment office in Chicago.

### LABORITES HEARD

ARTHUR HENDERSON  
British Delegates Declined to Condemn Labor Privy Councillors

London, July 3.—(Canadian Press Cable)—The labor conference of last week produced nothing sensational. It is somewhat curious that while in the House of Lords and the House of Commons the present distribution of titles has been condemned, yet at Edinburgh the Laborites routed a section among themselves who would forbid a labor leader accepting a privy councillorship.

Attempts were made by some delegates to stiffen the attack against privy councillorships by rather vague references to republicanism and dark hints concerning the part played by the Privy Council when the "Triple Alliance" of labor failed to call a general strike on the famous black Friday. Arthur Henderson, the oldest Privy Councillor among laborites, disarmed the attacking party by his good humored treatment. He accepted instantly their assurance that no personal reference was intended in the motion.

"It is the only pure honor given in this country," he said. "This probably commends it to the vast majority of the conference."

### VETERANS CHOOSE LEADER

San Francisco, July 3.—Hamilton Cook, of Buffalo, N.Y. was unanimously elected national commander of the Disabled American Veterans of the World War at the annual convention of the organization here. Previously Cook had nominated Judge Charles R. Marx, of Cincinnati, the outgoing commander, for the post, but Judge Marx refused to run again.

USAGE VERSUS LAW

In view of the fact that Article 40 of the Irish Constitution provides for the withholding of royal assent, and instructs the representative of the Crown to act in accordance with Canadian usage, The Toronto Star seizes the opportunity of advocating constitutional revision if only for the reason that Canada's status as it stands in the twentieth century, and not as it stood in the middle of the nineteenth, shall be put in black and white.

Article 40—Covers the withholding of royal assent. The representative of the crown, in withholding assent to a bill, must act in accordance with the usage in the case of the Dominion of Canada. Bills shall be without force unless assent is given them within a year.

Where the governor-general assents to a bill in the Queen's name, he shall by the first convenient opportunity send an authentic copy of the act to one of her Majesty's principal secretaries of state, and if the Queen in council within two years after receipt thereof by the secretary of state thinks fit to disallow the act, such disallowance (with a certificate of the secretary of state of the day on which the act was received by him) being signified by the governor-general by speech or message to each of the Houses of parliament.

Where the governor-general assents to a bill in the Queen's name, he shall by the first convenient opportunity send an authentic copy of the act to one of her Majesty's principal secretaries of state, and if the Queen in council within two years after receipt thereof by the secretary of state thinks fit to disallow the act, such disallowance (with a certificate of the secretary of state of the day on which the act was received by him) being signified by the governor-general by speech or message to each of the Houses of parliament.

We agree with The Star in its opinion that the dead-wood in the B. N. A. Act should be eliminated and the outgrown portions substituted with express provisions that would be in conformity with present practice. Such a course would appear to be more necessary than ever at this stage of the world's progress when self-determination and home rule are subjects in which many people are interested. That is to say if the Canadian status as represented by the explicit terms of the B. N. A. Act is not to be misunderstood by students and statesmen it is highly desirable that its phraseology should inform all and sundry that this country actually does as she pleases in affairs of her own. That can only be clear when the Constitution accurately indicates actual usage and not a procedure which might be insisted upon if the Courts were invoked.

COMBATING CRIME.

The judiciary, the police and other authorities connected with the administration of justice and the enforcement of law and order in the United States are considering measures for combating the wave of crime which has been spreading over the country with more turbulence than usual during the last few years.

They find that among the causes of the trouble are the complexity of procedure in the criminal courts which provides all sorts of loop-holes of escape for accused persons notwithstanding the weight of evidence against them; the pampering of habitual criminals by well-meaning theorists, and the abuse of the parole system. Chief Justice Taft's visit to England is for the purpose of studying the procedure of the courts of justice there, admittedly the best in the world, and the result of his investigations may be a thorough overhauling of the whole system of procedure in not only the high court of which he is the head but in the chain of subor-

minate tribunals throughout his country. A Chicago newspaper a few days ago commented enviously upon the expeditious way in which Horatio Bottomley was tried and punished at Old Bailey for the misappropriation of \$500,000. It pointed out that notwithstanding Bottomley's prominence and influential connections there was no delay between the rendering of the jury's verdict and the judge's sentence, and declared that there was nothing more certain than that the prisoner would serve his full term of seven years with only the lawful deduction for good conduct.

In some respects Canada inclines to the laxity of the methods in the United States more than to the prompt impartiality of the British system. At the recent convention of the Police Chiefs' Association here it was pointed out that the tendency to abuse the parole system was becoming so marked, especially in cases where the culprits were possessed of wealth and influential connections, that public confidence in the administration of justice in the Dominion was being seriously undermined.

This condition is charged with no little danger to the well-being of the country. It is an encouragement to lawlessness, and if ever there was a time in the history of the world when such encouragement was least desirable that time is now. Moreover, in Canada, which is destined to become a melting pot of many races, it is imperatively necessary that the administration of justice as between the rich and the poor, the influential and the unimportant, shall be entirely above suspicion. In this respect we must profit from the experience of the United States, and the best way to do that is to follow steadfastly the example of Great Britain in her impartial administration of justice.

PRACTICAL ECONOMY

British national economy has taken practical form in a reduction of over £56,000,000 in the government's expenditure during the first two months of the present fiscal year compared with the amount spent in the corresponding period of the preceding fiscal year. The British Treasury's figures received by the Bankers Trust Company, of New York, from its English Information Service, give the comparative expenditure as follows: April 1 to May 23, 1921... £159,226,631 April 1 to May 27, 1922... 103,111,461 The British fiscal year extends from April 1 to March 31 and in the present year the Government's aim is to keep expenditure close to £900,000,000. Not since the first year of the war has the British budget of expenditure been kept below £1,000,000,000. The reduction is to be effected principally in the item of supply services which includes civil government expense and the military expenditure. The amount issued from the executive for Supply Services in the first two months of the present fiscal year was £49,420,500. In the same period of the preceding fiscal year the amount was £99,561,900.

THE TITLE EVIL.

While it may take centuries for Great Britain to make up her mind to do away with the bestowal of honors in a general sense there is plenty of reason to believe that future marks of distinction from the King will have to be earned by something less than political support for the party in power. During the last two or three years a large number of pointed questions in the House of Commons have directed public attention to the system in vogue. And although many of the inquiries have been more flippant than serious there is an obvious objection among the people of the country to what they believe is the course pursued. Time after time the resolution of the Canadian Parliament discontinuing the system has been cited with flattering references to the good sense displayed by the representatives of this country. All this suggests that only if reward shall be given where reward shall be considered as genuinely due will the bestowal of titles in Britain remain popular. In any case it will be interesting to observe what happens to a resolution—that will be sup-

ported in the British House by at least fifteen members—urging the appointment of a select committee to investigate the system under which honors are conferred.

REPLY TO THE MAYOR.

To the Editor.—My recent comment upon a statement made at a meeting of the Trades and Labor Council having been replied to by His Worship the Mayor (though regretted and deemed unworthy of consideration), I am inclined to believe that some action has been taken in the matter which prevents an injustice. If the Mayor was only half properly clothed and fed he appears desirous of trying to make my efforts look ridiculous he would be acting more in accord with the beautiful teachings he professes to understand. I cannot imagine what he was thinking of when he mentioned skittles in his reply—they always remind me of beer. Neither can I understand how he considers any fun is derived from unemployment and a constant struggle for the bare necessities of life. The only funny thing is, in my opinion, that people who shout so much about how good they are, show so little of the true Christian spirit in their everyday lives. In alluding to reason, I feel assured that the Mayor experienced what some of us have gone through these past few months he might still be enjoying the comforts of a chair, but it would have been in a different public institution.

SAANICH HEALTH CENTRE.

To the Editor.—In a letter re the above in Friday's Times Mr. Dooley "presumes" so many things that it would be a charity to put him right. He firstly presumes that permission was received to indicate the letter appearing in Wednesday's Times. For his benefit, and to dispel his first presumption, I can truthfully say that not a soul knew the letter was even contemplated. The thought of a non-union man asking permission to write a letter, or in any way restrict his right of free speech is too funny to contemplate. On the other hand, Mr. Dooley "omitted" to say what instructions he received from the Trades and Labor Council. The letter was written, in part, because of Mr. Dooley's habit, for months past, of ringing up the nurses at the Health Centre, at all hours of the day (perhaps that's why he was fired) and giving quite vulgar messages over the telephone. Two of the nurses in the district have resigned solely on account of nerve-racking calls on the phone, and my letter was written in disgust that such things should be. Even a "cur dog" has more chivalry.

As there seems to be a genuine disposition to ascertain whether the Health Centre is really suitable for the purpose contemplated, suppose we forget the building for a moment and consider the location. In a recent letter to The Times a lady patient in St. Joseph's Hospital complained because a motor truck driver persisted in passing along the road-adjacent to the hospital instead of taking another road. She thought, and rightly, that if that same driver knew the torture he inflicted on the sick and highly-strung person he would cheerfully take the hint in the letter. Of course he would. Truck drivers are more chivalrous than janitors.

Now the Health Centre is just as near the road as is St. Joseph's Hospital, and it is a main road. Along this road there pass all the East and West Road freight trucks, the Sidney freighters, Deep Bay and others, scores of cordwood trucks, dozens of motor trucks, all the motor stages, and the traffic from the new ferry. The building in question stands at the top of the hill, and the racket of the trucks climbing the hill, three in line at times, can be imagined.

It is all very well for Mr. Dooley to quote a certain Doctor as saying the building is "quite suitable, and with a few minor alterations, etc." The same might be said of the Drill Hall.

Mr. Dooley goes the limit when he charges that my wages are paid by the taxpayer. He says Mr. Dooley's wages, if he can name a working man whose wages are not paid by the taxpayer he will confer a favor by notifying the tax man.

Speaking of "extraneous matters" it is true that trades unions are not closely connected with the Health Centre, and neither are buildings. When they liken himself to the latter, he omits to tell us whether he is speaking in a physiological sense, a Pickwickian sense or merely referring to physiognomy. If the latter, some of us at least will see the joke.

SCHOOL BOARD TROUBLES

To the Editor.—In order that my side of the recent School Board incident may be fully understood, it will be necessary for me to tell the whole story, which is as follows: On Friday night about three weeks ago several boys belonging to one of the matriculation classes went to the High School grounds to play a game of tennis. They had been home and had their evening meal and were anticipating some very reasonable relaxation on the school grounds. They were playing several teachers came up and ordered the boys off, saying that they had reserved the use of the grounds for themselves. The boys asked to be permitted to finish the game, which they added, would take but a few minutes. This was refused, and they were again ordered off. In leaving, the boys, I am told, made some remarks such as "You are not very good sports," and some other things, no doubt, quite impertinent. These remarks were reported to the principal, who called the boys before him and directed them to apologize to the teachers. This all the boys

did but one, and that one refused, evidently feeling that he had been unjustly treated. He was given twenty-four hours in which to apologize or be dismissed. At the end of the time, still refusing, he was dismissed by the principal and he was also told that this held good to the end of the term.

But for what, pray, were the boys to apologize? Was it for being unwilling to leave the grounds the day after the game? Or was it to apologize for being indignant that they were being driven off grounds that they had reason to believe were for the use of the students?

It might be well here to quote the School Act in regard to this drastic action by the principal. Article 5 reads: "If a pupil is persistently disobedient or addicted to any vice likely to affect injuriously the character of pupils, it shall be the duty of the principal of a graded school or the teacher of an ungraded school to dismiss such pupil from school and to report the case immediately to the trustees, who may suspend or expel the pupil from the school."

Two questions naturally arise: Was the pupil "persistently disobedient" or were the teachers exceeding their rights in ordering the boys off the grounds? This latter point is one which legal minds are not as yet clear upon: If decided in the negative, then the boy was not to be expelled. If in the affirmative, then the boy was not in any sense disobedient, and not only does the principal have to go back on his word, but an apology should be forthcoming from the other side.

Again, while the authority to dismiss is given to the principal, the upholding of the decree is for the board to decide. I refer to that part noted, "to the end of the term." Being cognizant of the elements, I determined that a full and careful scrutiny should be given to the points at issue. Furthermore, it is a serious matter when a matriculation student ten days before the examinations start, particularly so when the student in question had previously had a high reputation. I claim that it is as much my duty as a trustee to see fair play for the children who attend our schools as it is for the principal to see that discipline has been maintained.

Now let me refer to what happened when the matter came before the board. Four members were present, which constitute a quorum. Of the four present one was a trustee, the action of the principal in dismissing the boy; two voted against his action, and the fourth, the chairman, had no vote except in case of a tie. The resolution to endorse the action of the principal was therefore lost. This automatically terminated the boy's dismissal, and he was notified forthwith. The board had met on Wednesday, but instead of the secretary notifying the parties concerned that the boy was free to return, and instead of this student being back in his classroom by 9 o'clock Thursday morning, no move was made, and this matriculation student was kept out of school the remainder of the week and in ignorance of the board's decision. This, too, at a time when the boy was in preparation for the matriculation examination.

It may interest the public of Victoria to know that the Council of Public Instruction has given me a ruling that what business transpired at this meeting of the board was perfectly legal. But, strange as it may seem, the action of the board in trying to get the boy back to school at once, and being as it is on the principal in refusing to concur in his demand for dismissal, this action, I say, did not seem to suit certain members of the board who were based on the Wednesday night mentioned. A special meeting was called for Monday afternoon to "again" deal with the same matter. This second action I claimed to be illegal, and I quoted authorities to show that where a question has once been before the body and a vote taken upon it, it is settled and cannot be dealt with in the same form. The chairman met this by ruling that the matter had not been regularly brought before the board, and that in a meeting I confess to referring to this decision of the chairman as "pettily quibbling," and in view of the decision of the Council of Public Instruction I need not hesitate to reaffirm that statement.

After considerable discussion Mr. Sivertz moved that the boy be permitted to return to school next morning. This motion I seconded, speaking to it at some length. Before the vote was taken I moved to have the resolution read, and to my surprise I found that in writing it out the secretary had put into the resolution words approving of the action of the principal in dismissing the boy. I immediately rose and protested against the additional words. I declared this to be altogether a new resolution. It was while speaking to this new resolution that the chairman peremptorily ordered me to sit down. When I refused to do so, I was speaking to a new resolution.

After some cross firing between the chairman and myself and more impertinent remarks "said down" and falling to obey, the chairman arose and retired from the room. This is my grave offence, my act of discourtesy, so serious that the chairman has resigned. I am aware that a certain amount of courtesy is due the chair, but I also think a certain equal amount is due from the chair. I am asked to apologize by a body that has no control over me whatsoever. I have no apology to make. In this matter I have acted conscientiously in what I consider the best interests of the students of our High School.

ASKS PEOPLE TO SAVE TREES IN PRESENT DROUGHT

Mayor Appeals to Citizens to Water Boulevards During Heat Wave

An appeal to citizens of Victoria to back up the civic authorities in their present fight to save the City's shade and boulevard trees was issued at the City Hall by Mayor William Merchant today.

It is quite impossible for the civic authorities to cope with the situation created by the present heat wave, the Mayor said. "For that reason, I appeal to the citizens of the City who live on streets with boulevards to water the boulevard trees during the present heat. Unless this is done in many cases, we fear, the beautiful trees which make our city one of the most attractive on the Continent, may perish."

City police have been instructed to launch prosecutions against persons found injuring shrubs in the Victoria High School grounds, the Mayor announced. Many people are making a habit of taking a short cut through the school grounds and jumping over the laurel bushes which recently were planted along the borders of the campus. This has caused much damage which will mean considerable expense to the City.

TRAVEL TO DEVELOP ON PACIFIC ROUTE

P. D. Sutherland, Hongkong Passenger Agent, Looks for Great Development

"It is the height of the travel season in the Orient and the bulk of the European travelers are now favoring the Pacific route," said P. D. Sutherland, C. P. R. general passenger agent at Hongkong, who arrived in port to-day by the liner Empress of Russia from Yokohama.

In the opinion of Mr. Sutherland the Pacific is now coming into its own. Travel and trade on this ocean is bound to develop. The Canadian Pacific company was the first to recognize this and is taking adequate care of the developing business by the operation of ships that are second to none in speed and comfort on both oceans, linking up the Orient and Europe via Canada.

Mr. Sutherland is paying a hurried visit to Montreal and proposes to re-visit to Hongkong by the new liner Empress of Australia. He traveled by the Empress of Canada from Hongkong to Yokohama, where he waited for the Empress of Russia.

Other Passengers

Capt. R. E. Sassoon, of the E. D. Sassoon Company, of Shanghai, accompanied by Mrs. Sassoon, was a passenger by the Russia, en route to London and Paris. A. G. Stephen, chief manager for the Hongkong and Shanghai banking corporation in the Orient, is bound to England. Mrs. T. J. Bridge, wife of the chief steward of the liner Empress of Canada, was a passenger from Hongkong for Vancouver by the Empress of Russia.

FEW MAY HOLD UP WORK ON DRYDOCK

Steam shovel-men Reported to Be Demanding \$200 Per Month and Board

Twelve discontented men are reported to-day to be holding up the resumption of work on the Esquimalt drydock. The shadow of a labor dispute hovered over the drydock contract simultaneously with the issuance of the order from Ottawa for the contractors to proceed with the project here. Steam shovel men to the number of about a dozen are said to have announced their intention of holding out for higher wages. These men are still in Vancouver, to which they were sent when the work on the dock was closed down three months ago. The steam shovel men have been employed on the dock contract here at a wage of \$100 per month and board found. They are now asking for \$200 per month and board.

MAX ENOS RETURNS FROM ORIENT TOUR

Max Enos, publicity representative for the Canadian Pacific Railway at New York, was a passenger arriving from the Orient to-day by the liner Empress of Russia. Mr. Enos is a well-known newspaperman on the West Coast, who before joining the C.P.R. was on the staff of The Vancouver Daily Province. He has been to Japan, China and the Philippines gathering material for a series of articles he proposes to write for newspapers in the Eastern States. Mr. Enos, who has been away two months, is accompanied by his wife.

Canadian Pacific Ship Made Quarantine Last Night After Sundown

Brought Many Passengers and Rich Raw Silk Cargo

After a passage of 9 days, 1 hour and 21 minutes from Yokohama the Canadian Pacific liner Empress of Russia, Capt. A. J. Hosken, R. N. R., reached quarantine at 8:45 o'clock last night. But for fog met with off the coast the liner would have succeeded in getting by quarantine before sundown yesterday, and appearances were in her favor up to the last. She just failed to get clearance last night and docked this morning at 8 o'clock.

The liner carried 200 passengers in the saloon and brought in a good Oriental cargo which included 5,000 bales of raw silk. One day off this coast the big liner ran into strong head winds to be followed by a gale. Clearing from Yokohama three hours ahead of the Admiral liner President from Shimizu, including 400 tons of picked Japanese tea consigned to Eastern points, a heavy mail was brought by the liner, Hubbard, the Seattle serial postman calling for his share of American letter mails, this being the first trip that he has made under the new contract.

Included in a large list of saloon passengers were a number of missionaries and their families, returning from extended periods of residence in the Orient, and for the most part en route to England on furlough. His Excellency Sir R. E. Stubbs, K. C. M. G., Governor of Hongkong, is a passenger on board travelling with the Hon. C. McL. Messer, O. B. E., a member of his staff and aides en route to England.

The liner was ordered to take her time on the way up from quarantine and docked at 7 a. m., standard time, this morning. Two gangs were on hand to work an average general cargo assignment to be put off at this point. She sailed at 8:30 standard time.

Speaking of the fighting in China, passengers stated that little disturbance was to be seen in and around the ports of call, and that generally business in the European colony is settled and progressing. Little or no rioting took place, it is said. While at Nagasaki passengers got word of General Semenov who, en route to Russia to re-enter his campaign against the Red Army, fell sick on board the C. P. S. S. Empress of Asia and was put off for medical care at that port.

SIX LOST WHEN TUG SPRAY SUNK IN ST. LAWRENCE

Five Men and a Women Victims of Collision With S.S. Cairndhu

Montreal, July 2.—In a collision with the Cairn-Thomson liner Cairndhu in the early hours of Saturday morning off Lanoraie, about six miles west of Sorel, the tug Spray was sent to the bottom of the St. Lawrence, carrying with her 5 men and a woman, the cook of the tug, who were caught asleep in the cabins at the moment of the disaster.

The victims were: Mrs. Brueau, of Sorel, 25, Sorrel, married and leaves a widow and three children; O. Mongeau, 36, Sorel; F. Compriand, Sorel; S. Desrosiers, 17, of Lenoraie, and P. T. Houde, who was acting at the time of the collision and who was swept off the vessel.

The following statement was given out by the Robert Reford Company, agents of the Cairn-Thomson Line: "The steamer Cairndhu, under command of the pilot, was proceeding up the river at about 2 a. m. Saturday, was run into by the Spray, of the Vines-McNaughton Line, going down the river with a tow of barges. The tug collided with the Cairndhu, turned over and sank. The Cairndhu left Lenoraie, Scotland, with a cargo of soft coal for Canada."

Inquiry Captain Demers, Wreck Commissioner, will instruct an open inquiry into the collision here.

International interest attaches to the tug, in that it was in that vessel that the prominent United States politicians and contractors, Gaynor and Greene, were kidnapped from Quebec and Montreal at the time when they were undergoing extradition proceedings on charges of swindling the Government of the State of Georgia. The Spray was also used in connection with the famous Dr. Crippen case, transferring him from the Quebec jail to the ocean steamer ship that took him back for trial in England.

EMPRESS OF INDIA IN QUEBEC SERVICE

Third Largest Vessel Plying on the St. Lawrence Route

The Canadian Pacific Empress of India will make her first sailing from Quebec for Liverpool on July 5. The Empress of India will be one of the largest steamships on the St. Lawrence route, and is exceeded in size only by the Empress of France and Empress of Scotland, also in the Canadian Pacific Quebec service. She is one of the most modern twin-screw steamships of 17,100 tons, with quadruple expansion engines, with sea speed of 17 knots.

Particularly good accommodation is provided for 260 first class and 243 second class passengers. All cabins receive direct outside light and air. On the sun deck is located the cafe and the upper smoking room saloon, which is connected with the main smoking room on "C" deck by a grand staircase. On "C" deck is also the first class drawing room. The first class dining tables is on "D" deck, and a special feature is the arrangement of the tables for seating 2, 3, 5 or 7 persons. The dining saloon is lighted by a great domed skylight, three decks high. Comfort, safety and luxurious appointments were the objects attained by the designers and builders of the Empress of India. Everything that would in any way add to the convenience and enjoyment of the passengers has been combined in this ship, and few hotels surpass her equipment and service.

The Empress of India is under the command of Capt. G. S. Webster, R.N.R., R.D. He is in command of the new Canadian Pacific oil-burner, the Montreal, on her first trips. Capt. Webster joined Messrs. Elder Dempster & Co., on March 21, 1922, and his first Canadian Pacific command was the Lake Michigan in April, 1903. Since 1903 Capt. Webster commanded the former Canadian liners Montrose, Lake Champlain, Lake Manitoba and the Empress of Britain. During the war the Metagama and Melita made many voyages across the Atlantic under his command.

A CUSTOMER comes into your store where two similar articles are for sale at the same price. One of them is a nationally advertised article, the other is not. Which does he buy? The National Retailers' Association found the answer to be:

- 87.6 times he buys the advertised goods. 3.6 times he buys the unadvertised goods. 8.8 times he does not have a preference.

When the unadvertised article is the lower priced of the two, which does the customer buy? On the same authority the answer is:

- 60.6 times he buys the advertised goods. 24.2 times he buys unadvertised goods. 15.2 times he does not have a preference.

Branded and trade-marked goods, nationally advertised in the columns of your Daily Newspaper, are most quickly turned over and most profitable. That is because manufacturing prestige has been tied up to local friendship and reputation for honest merchandizing.

# The One Unwanted

By RUBY M. AYRES

INSTALMENT No. 31

I think it was the most tragic moment of my life as I stood in the badly-lit drawing room staring with frightened eyes at Mark Anderson, unable to think of one word with which to explain my extraordinary visit.

I had no hat or coat, and my thin evening shoes were wet through. I was cold and—oh, so miserable!

And I said with a choking sob: "Oh . . . I wish I hadn't come." Mark shut the door behind him and advanced a little way into the room.

"Is anything the matter?" he asked huskily. "You haven't any hat or coat. . . . Did you . . . you didn't walk all this way?"

"I did. Yes, I did," I said, and then the desperation of my position came to me, and knowing that not one word could ever serve between us, I went on tonelessly:

It's my wedding day to-morrow. . . . After to-night . . . it will be too late to change . . . anything, so I thought . . . I thought . . . My voice died away, and it was only with a great effort I found it again. "Oh, can't you see that I'm offering myself to you—if you want me?"

I don't know what I had expected him to say or do, but for a long moment he neither spoke nor moved. Then he said in a voice that was so strange that I hardly recognized it: "You're offering yourself . . . to me . . . after all that's happened—after everything Champion said the other night?"

"I don't care what he said," I whispered. I felt as if I were dying. All my courage had gone, and I could only wonder wildly what would hap-

pen if he said that he did not care—if he sent me away.

He came a step nearer, but I dared not raise my eyes to his face.

"What Champion said was true . . . most of it," Mark said painfully. "I don't care," I whispered with cold lips. "I don't care at all if you . . . let me take you home."

Somebody opened the door, thrust a head round, and disappeared again. "I can't talk to you here," Mark said abruptly. "It's too public, Sally. . . . Let me take you home."

"Take me home!" That was his way of telling me he did not care; his way of trying to save me shame and humiliation. After a moment I forced myself to move.

"Very well. . . . I'm ready," I said.

I got as far as the door before my strength failed, and I swayed and almost fell.

Mark put out his hand, but I shook my head. "Please leave me alone. I'm . . . all right."

We went out into the crowded lounge, and I heard Mark send the porter for a taxi, and I stood and wondered if all those women, who looked at me so curiously, knew that for the third time I had been shamed and humiliated by the man for whom I would gladly have died.

Then the taxi came. We went out in the cold street, and I turned to Mark stiffly.

"Good-bye," I said, because, of course, it was good-bye. . . . I should never see him again.

But he ignored the trembling hand offered; he answered me roughly: "I am coming with you."

"There is no need," I tried to say

again with burning lips, and I said very quietly:

"And me, what about me?"

What have I got to look forward to, if you send me away? I love you! I don't care what you . . . do. . . . I heart . . . I love you enough to forget it. If you haven't any money you can have mine, or if you don't want that I'll give it to Nellie or Winnie, or whoever you like. It's nothing to me! I never wanted to be rich. Since I've been back in London I've been unhappier than ever before in my life. I'd have given it up any day to have been back with you down in the country. I don't mind how poor you are. I don't mind roughing it. I took my hand from his and dragged at his arm. "Mark! Mark!" I said, sobbing as if my heart were broken, "haven't I been humble enough? Are you going to make me tell you that I can't be happy without you, that if I knew for certain you were going to be cruel to me I'd rather marry you than any other man in the world? You said just now that you did love me, but if it isn't true and you don't want me . . ."

"If I don't want you . . . He caught me to him roughly. He kissed my lips, my eyes, my hair, in a very madness of passion.

"Say you love me, Sally . . . say you love me. . . ."

"I'm ashamed—I'm so ashamed," I said, sobbing. "You'll always remember that I threw myself at you—you'll always remember . . ."

He stopped, my broken words with kisses, and I felt his tears on my face. "I'll remember it with thankfulness all my life, Sally, if you knew what I feel. I'm not fit to kneel at your feet. Champion was right. I'm no good to you . . . a man who has wasted his life . . ."

His voice was hard with pain and he took off his arms away, but I ran round his neck and drew his head down to my shoulder.

## THE SANDMAN STORY FOR TO-NIGHT

REDDY FOX EATS BONE SOUP

If Young Reddy Fox had not been so lazy—yes, that is the word, lazy—it would not have happened, and instead of having bone soup for dinner he might have had the fat duck that he lost.

Young Reddy Fox had been sent by his mother to the farm not far from his home to watch the duck pond. "Now you get under the bushes on the woody side of the pond," said his mother, "and know all the tricks of her trade," and one of those silly creatures will be sure to come out of the pond and waddle about and you can catch it."

Young Reddy did just as his mother told him, and he did catch a nice plump duck. He wasn't lazy about that part. It was later, after

Reddy Fox took a nap.

he had the duck in his basket and was on the way home, that Reddy was lazy.

The lid of the basket was safely fastened so his dinner could not escape and Reddy thought he had earned a rest under a shady tree, so he put the basket on the ground beside him he took a nap.

The basket was right there when he awoke, and the plump duck was in it. Reddy did not know what time it was, but his stomach told him it was dinner time.

"I must take a short cut home," said Reddy. "Instead of going all the way around this river I will just swim across it and get home in a jiffy."

Now Reddy did not know that this river in the woods was the one that made the waterfall some distance beyond and he did not know either that the water from the fall trickling over stones and through the meadow made the pond at the farm where he had caught the duck.

It would not have made any difference if he had known, for he did not want to take a long walk with the heavy basket, so he jumped in the river with his basket in his mouth.

But alas and alack! There was a stone which he did not see, and Reddy bumped against it with such force that he dropped the basket and in some way the cover was unfastened.

Out jumped the duck and away it swam.

Reddy wasn't lazy then, not a bit! He went after it, but he was near the waterfall and over went duck and over went Reddy, too, down among the stones into the pool below.

The duck did not care; it was better than being a dinner for some one, and away it swam and before long was safe in the duck pond back at the farm. But poor Reddy struck on his head on the stones below the falls.

Reddy rubbed his head. "A trap," he thought. "I am caught in a trap. Then he stood up and waded out of the water. "No, I guess the farmer must have shot me." And then he thought of the plump duck.

When Reddy came about for the duck he saw the waterfall and knew what had happened. "My goodness," he exclaimed. "It is a wonder I am alive; that is a long way to fall!"

Reddy had a hard time explaining the empty basket to his mother. "You were lazy," she said. "When you have caught your dinner, the time to rest is after you've eaten it, not before. Remember that. But you have a lot to learn."

And that was the reason Young Reddy Fox had bone soup for his dinner that day; but that night you may be sure he did not rest until the chicken he caught was safe in his mother's oven.

## Noble's Bat Made A Victory Certain

### Commander Played Sensational Innings For 138 Not Out; Locals Defeated Vancouver By 158 On First Innings; Plenty of Sparkling Play; Sparks Best Local Bowler; Splendid Partnership of Rivers and Peers

The inter-city game at the Hospital ground Saturday resulted in a win for Victoria by 158 runs on the first innings, the local eleven scoring 290 to Vancouver's 132.

The game was notable for two features, the magnificent innings of Captain Noble in compiling his 138 not out, and the batting of Peers and Rivers in the second Vancouver innings.

It must have come with something of a jolt to the selection committee that the ex-naval man who was first reserve at the Cowichan game should have obtained runs so freely against a representative team like that brought over on Saturday. He only gave one chance, and that early in the innings. Boundaries were fairly common, particularly during his partnership with Vaughan. The tea interval Noble had passed his century. At that time he had fifteen boundaries, and that number rose to twenty before the innings was declared at 290, of which he had contributed nearly half the runs.

The other batting feature of the Victoria first innings was the fine play of Major Cobbett, whose 45, the second largest total, was one of the best examples of cricket on any local field this season.

### Vancouver's Innings

In the first Vancouver innings the visitors were unfortunate to be handicapped by Barrs straining his side, while Nelson had a thumb dislocated.

Vancouver batted first, with Broadfoot and Leasonore leading off to the bowling of Wilkinson and Goward. Until Sparks was put on the partnership continued, but then Sparks had the bowling honors, taking six wickets for 40 runs. The side was all dismissed at luncheon for 132.

Vancouver's second innings, after a very tame opening, developed into very attractive cricket, particularly when the veteran F. J. Peers partnered W. L. Rivers. The crowd then had something to admire like they had shared in the Noble-Vaughan partnership during the afternoon. Boundaries came freely, and when the pair were retired to the pavilion Rivers was 17 of his century, while Peers had a useful half hundred.

### Decided On First Innings

Though reduced to nine men, Vancouver complied 137 on the second attempt, thus leaving Victoria 39 runs to get during the few minutes which remained. When stumps were drawn the local eleven had lost two wickets for 12 runs.

The game was one of the drawing cards of the holiday, and with excellent weather and an ideal wicket the spectators had an opportunity of seeing a real cricket match. Before the next representative game, probably some attention will be given by the Mainland men to strengthen the outfield, which aided the Victorians rather easily at times.

### Caps Made Determined Effort Against Vancouver Stick-handlers, But Lost

Vancouver, B. C., July 3.—After a hard fought game, Vancouver senior amateur lacrosse players came through with a 6 to 5 victory over the Victoria's Mann Cup holders at Com Jones's Park Saturday morning. The victory was a clean cut one, the local Mann Cup contenders displaying a good brand of the national game.

To Speak Tomorrow  
Marshall Broomhall, M.A., English Editorial Secretary of Chinese Inland Mission, will speak here Tuesday. Mr. Broomhall has traveled extensively in China, and has just returned from attending as a delegate to the Chinese National Christian Conference. The meeting will be held at the St. John's schoolroom at eight o'clock.

Mail Arrives—Some sixteen bags of mail for local distribution was received at the general postoffice today, when the Empress of Russia brought a consignment of letters, papers and parcels from the Orient.

Have you ever been caught without a light on account of one of your lamps going out? Why not carry one or more spares in your car, and save the possibility of a fine? A small tin box stuffed with paper or excelsior makes a safe carrying receptacle.

We stock a complete line of lamps for every make of car.

### NEWS IN BRIEF

**Overseas Club**—The Overseas Club will meet to-morrow afternoon in the private diningroom at the Hudson's Bay store.

**Provincial Exhibition**—The catalogue of the Provincial Exhibition for 1922 has been printed and is now available to prospective exhibitors.

**Association Meeting**—The Victoria and District Gardener's Association will hold their regular meeting to-morrow night at 8 o'clock at the City Hall.

**Children's Reading Room**—During the school holidays the children's reading room at the Victoria Public Library will be open daily from 1 until 6 o'clock.

**Friendly Help Society**—The monthly meeting of the Friendly Help Association will be held to-morrow morning, (Tuesday), at 10:30, in the rooms, Market Building.

**Mr. Denison to Speak**—F. Napier Denison, director of the Meteorological Observatory on Gonzales Hill, will address the Kiwanis Club at its weekly luncheon to-morrow. Cornet solos will be rendered by George Greene.

**Victoria Photographic Society**—The usual monthly meeting of Victoria Photographic Society will be held at the Y. M. C. A. to-night at 8 o'clock. F. Dundas Todd will be prepared to answer questions. The subject for exhibit will be historical.

**Benefit Card Party**—A benefit military 500 tournament will be held in the Orange Hall, Courtney Street, on Tuesday evening, July 4. Good prizes will be given and a large attendance is anticipated.

**Grass Fires Yesterday**—Two grass fires of slight proportions and a roof fire kept the local department busy for the better part of yesterday. The roof fire, at 1425 Fort Street, did little damage.

**Visit Gonzales Observatory**—The equipment at Gonzales Observatory greatly interested the members who attended the gathering of the Victoria branch of the Royal Astronomical Society on Friday evening. Supt. F. Napier Denison received the party. The three telescopes at the Observatory were re-inforced by three more brought by members.

**Police Seek Wanderer**—Missing since the twenty-second of last month, Andrew Thompson is being sought by the Provincial police at the request of the C. N. R. construction camp at Sooke. The man walked out one day and has been missing since. He left money and clothing behind, as well as a considerable sum due him in wages.

**To Speak to-morrow**—At the regular luncheon of the Kiwanis Club to be held at the Dominion Hotel to-morrow, commencing at 12:10 p.m., F. Napier Denison, superintendent of the Dominion Meteorological Observatory at Gonzales Hill, will describe in an address the work done by that institution. An excellent programme has been prepared.

**Kumtuku Club**—The Kumtuku Club will hold its regular monthly business meeting this evening at 8 o'clock in the Alexandra Club, Pemberton Building. Much business of importance will be discussed and Miss Mcrae will give an address. Plans will also be made for the evening picnic to be held on Monday evening next, July 10, at the Summer camp of Mrs. E. H. Shaw, at Macaulay Point.

**St. Saviour's Men's Summer Sale**—Alderman R. W. Perry will open the St. Saviour's Men's Auxiliary Summer sale in Semple's Hall on Wednesday at 2 o'clock. Stalls of fruits, flowers, candy, home cooking, vegetables, also paintings, pictures in silhouette, Pickwick's counter and the museum of wonders have been arranged for. Afternoon tea will be served, and M. Darbyshire's orchestra will favor with music.

**Death Was Accidental**—That the late V. E. Haultwenger, formerly of South Carolina, who died following an accident on Holland Road last week, when his head was crushed by a falling power circuit pole in course of erection, came to his death by accident was the verdict returned by coroner's jury at the Sand's Funeral Parlors this morning. The lineman was 41 years of age, and had resided in this city two months.

**Seek Missing Relative**—A request from the Record Office, London, England, has been received by the city detective office, in respect to the whereabouts of Frederick Bartlett, last known address being care of Connaught Seaman's Institute, this city. The purpose of the search is to hand on war decorations won by the late Edward Bartlett, Regimental Sergeant-Major, of one of the Hampshire regiments in the late war. Inquiries by the detective office at the institute revealed the fact that the man sought had not been there.

**Sent Up for Month**—Robert Frank Bates was sentenced to one month of hard labor by Magistrate George Jay in the Esquimalt Police Court to-day for making a nuisance of himself at the Gorge Park on Dominion Day. The man has a police record of two previous convictions. He was arrested by Chief Dawley, of Esquimalt.

**Silver Tea For G. W. V. A.**—The Women's Auxiliary to the G. W. V. A. held a very successful silver tea and home cooking table at the home of Mrs. F. W. Ling, Stanley Avenue, Friday afternoon, June 30, and take this opportunity of thanking all artists who contributed to the musical programme and to Mrs. Ling for the use of her home, also to all ladies who assisted in any way to make it such a success.

**To Entertain Patients**—The W. A. to the G. W. V. A. will entertain patients in the T. B. and McBride wards of the Jubilee Hospital on Wednesday afternoon, July 5. Mrs. Jamieson is arranging a musical programme. Refreshments and strawberries and cream will be served by the W. A. and all members are asked to bring refreshments.

**Tested Local Invention**—Under the guidance of A. P. Hill, wireless engineer for the Sprott-Shaw School a successful test of the Whitefield wireless reproducer was held on Saturday evening last, when a number of gramophone records were transmitted over the wireless by means of this adaptation. The reproducer, which consists in innumerable edge grained panels of wood in place of the ordinary mica diaphragm, worked successfully and the radio music was received with clarity and tone. It is said, C. Whitefield, 1042 Yates Street, is the inventor of the reproducer in question and is now in communication with the Victoria Company with a view to the sale of patent rights to the invention.

**Water For Animals**—The S. P. C. A. asks that persons who are willing to provide drinking vessels for animals or who have dog troughs belonging to the Society will kindly put them out and keep them filled during the hot weather. Many animals must travel long distances to find water, while cattle and other stock need an ample supply. Milk cows require a minimum of eight gallons a day, and in many cases considerably more.

**Police Team Warm-Up**—Guests at the Sidney Athletic Association sports on Dominion Day the tug-off team of the Victoria City Police was served on Friday afternoon by the G. A. U. V. for that event. The police won in one straight pull from Sidney. Sidney went down to defeat in two pulls from the Indians braves, and the police vanquished the Indians in two straight. The team, captained by Driver Henry Jones and with Constable Burnet as anchorman is practicing for their work at the Vancouver police sports on Wednesday. The local police sports will be held on July 12.

**Deep Cove School**—Deep Cove School held its closing exercises at "The Chalet" on Friday afternoon. Tea was served on the spacious verandah lent by Mrs. Cresswell, following which rolls of honor were distributed to the different pupils. Then came numerous sports organized by Mr. White, for which prizes had been subscribed. A game of football between boys and girls proved very enjoyable and a dance afterwards brought the afternoon to an enjoyable finish. Mrs. Orange, the teacher in charge, was presented by her pupils with a very handsome china basket and letter of appreciation for her able assistance and work.

Just think! How delighted she'll be when she unwraps the parcel and finds that you have chosen her favorite brand of Chocolates!

### MRS. ANDREWS GONE, SCHOOL BOARD AT PEACE

Trustees to Meet in Harmony With Storm Centre on Vacation

School Board affairs seemed to settle down to their usual monotony and peace when School Trustee Mrs. Bertha P. Andrews, storm centre of municipal politics during the last few days, whose behaviour caused Trustee George Jay to resign as Board Chairman, left the City for Boston, where she and her husband will spend the summer. Believed that Mrs. Andrews' departure has remarkably solved a very difficult situation, the remaining trustees will meet to-night and go on with public school business.

The Board will not consider Mr. Jay's resignation to-night, it was stated to-day. It is generally understood now that the trustees will refuse to accept the resignation, and will ask Mr. Jay to remain chairman.

Had Mrs. Andrews remained in the city and attended to-night's meeting an open break among the trustees undoubtedly would have manifested itself. In fact, it is understood that Mr. Jay would have refused to sit at the same table with Mrs. Andrews.

### SEEK INJUNCTION TO STOP SHOOTING

Mayor Wants Law to Prevent Firing on Clover Point Range

Stirred by continued complaints about the use of Clover Point Rifle Range, Mayor Marchant to-day commenced preparations for issuing an injunction to prevent rifle firing on the range. The Mayor consulted with City Solicitor H. S. Pringle on this matter, and Mr. Pringle is now looking into the legal aspects of the case.

The Mayor declared that he would do everything in his power to stop the firing. "Every hour I am receiving complaints about the use of the range," said His Worship.

The Mayor was wired to Hon. G. P. Graham, Minister of Militia, urging him to stop firing on the range, but so far he has received no answer.

This morning a horse driven by a Hindu, pulled by firing on the rifle range, bolted along Dallas Road, turned up Moss Street and ran to Faithful Street.

Motorists reach Kamloops after touring Jasper

After an adventurous trip from Edmonton to Jasper Park and South, C. W. Niemeyer and Mechanic F. J. Silverthorne arrived in Kamloops last Friday, and now must proceed into the Okanagan Country down to Washington State, west to Seattle and over to Vancouver Island by the Anconette Ferry if they shall wish to win a medal offered by the Victoria and Island Publicity Bureau.

The car started from Edmonton June 17, and its drivers were forced to build bridges and use railway grades in many places to make progress westward. The motorists were under the impression that they would win a gold medal from the Victoria Automobile Club by driving to Kamloops, but the fact that they travelled for some distance on railway grades disqualifies them. If they managed to reach the coast by way of the Okanagan and Seattle they will be entitled, however, to the Publicity Bureau's trophy.

G. F. Gordon and J. E. Simms also have arrived in Kamloops after a motor trip from Edmonton through Jasper Park.

Skylight Burglars Busy—Two premises were victimized over the week-end by burglars who chose a skylight as a mode of entry where possible. The Bredin Dairy Company, Pandora Avenue, lost chocolate cigarettes and cigars to a value of \$29. McDonald's Bros., Johnson Street, attracted the same gang. It seems, for the skylight here too was broken in and eight suits of clothes, fifty neckties and other odds and ends taken by a fashionably inclined burglar, to a total value of \$300. The police are investigating. Both burglaries showed the same handiwork. It is said, and skylight operations are receiving the attention of the police.

Wooden Shack Gone—Replaced by a sturdy, if plain, cement structure, the weighing room of the city weights and measures street office, formerly an old structure of tumbled down appearance, has gone for good. The new structure houses the civic scales on which the heavy duty trucks and their loads are registered. It is situated along the east wall of the police station in the market ground.

Sequel to Rubbish Fire—In a short session of the City Police Court to-day E. G. Prior and Company were fined \$25 for permitting rubbish to remain in a vacant lot. A fire took place at this point, it was stated.

## STORY OF THE SOUTH SEAS AT ROYAL

"A Virgin Paradise" Will Be Presented; William Fox Special

"A Virgin Paradise," the stupendous William Fox special which made a sensation in New York...

The child grows to young womanhood in a half savage state, and then is transported to the Long Island home...

As a story of human passion and emotion "A Virgin Paradise" is tremendous...

## SEE HIS BIG DOGS IN "OVER THE BORDER"

Fred Weller Stars at Dominion Theatre

Fans, meet Fred Weller, who contributes much to your enjoyment of snow scenes in motion pictures...

You can see Fred, too, if you look sharp. He is the Royal Northwest Mounted policeman who guides the dog-team...

Fred is an authority on archeology and ethnology, having studied the subjects while in the Government service at Taos, N. M. where he helped the Taos Indians in ridding the reservation of troublesome squats...

## MURDER TRIAL IN "FOR THE DEFENSE"

Ethel Clayton Central Figure in Strong Scene at Capitol

Probably the biggest punch in "For the Defense," a new Paramount picture starring Ethel Clayton which will be shown at the Capitol Theatre...

Jennie, the protegee of the heroine, played respectively by Miss Zasu Pitts and Miss Clayton, is on trial for the murder of the hypnotist, Dr. Kasimir, played by Bertram Grassby...

"She is innocent, I killed him!" In fact, she is not sure but that she did, because she was under a hypnotic spell at the time of the tragedy...

Knowing herself innocent, a fact she has maintained steadfastly throughout the trial, Jennie, determined not to permit her best friend to bear the burden of guilt, reverses her testimony and screams that she alone is guilty...

"For the Defense" is an adaptation by Benah Marie Deane of the play by Elmer Rice. Vernon Steele plays opposite the star.

## HAYAKAWA GREAT STAR AT COLUMBIA

"Five Days to Live" Is Now Drawing Big Audiences

In photographing the final scenes of Sessue Hayakawa's latest R-C production, "Five Days to Live," based on the story, "Street of the Flying Dragon," by Dorothy Good...

Mrs. Hayakawa, known to film fans as Tsuru Aoki, who plays opposite her famous husband in "Five Days to Live," is supposed at one stage of the story to be unconscious from the fumes of deadly incense poison...

In order to give the scene the utmost realism the room was actually flooded with fumes of sulphur, and during the several takings of the scene, Mrs. Hayakawa was really overcome...

Antonio Moreno and Colleen Moore are to be featured jointly by Goldwyn in Rupert Hughes' latest picture, "The Bitterness of Sweets," in which they impersonate Italian dancers...

## A Story of the Northwest Mounted Police

By SIR GILBERT PARKER

# OVER THE BORDER

### Two Big Stars

In a thrill-swept romance of the frozen North. Where smugglers clash with the Northwest Mounted, and a bewitching heroine defies the law. With the sensational climax actually filmed in a raging blizzard.

**Sir Gilbert Parker, Author** "Over the Border" is based on a short story, "She of the Triple Chevron," by Sir Gilbert Parker. This noted author has already been represented on Paramount screens by a George Melford production, "A Wise Fool," and by a more recent picture starring Agnes Ayres, "The Lane That Had No Turning."

Sir Gilbert spent considerable time at the Lasky studio during the making of "A Wise Fool," an experience which gave him a clear insight into the many ramifications of motion picture making.

### POLICE CONCLUDE CONVENTION HERE

#### Successful Banquet Brings Nation-wide Gathering to a Close

Police chiefs from all over Canada completed their convention here last Friday and left for their homes over the week-end.

The convention, which was a marked success from every standpoint, closed with a banquet given by the City in the Empress Hotel on Friday evening. The outstanding feature of this affair was the presentation by Chief Whitley, of Hamilton, of a handsome gold watch and gold pencil to Chief John Fry, of Victoria. A beautiful solid silver mesh bag was presented to Mrs. Fry, by the wives of the police chiefs.

Over three hundred people attended the banquet. Mayor Marchant, who was accompanied by his daughter, Mrs. McLaren, presided and at the head table with him were: Rev. W. Leslie Clay, President of the Canadian Club; Alderman Joseph Patrick and Mrs. Patrick; Alderman R. W. Perry and Mrs. Perry; Chief Bealanger, the newly-elected president of the Chief Constables' Association; Chief Thompson of Windsor and Mrs. Thompson; Magistrate George Jay; Chief Schute, of Edmonton and Mrs. Schute; Police Commissioners Stansel and North; Reeve Watson, of Saanich; and J. H. Falconer, of the Provincial Liquor Control Board.

Speeches were delivered by the Mayor, Mr. Stansel, Chief Thompson, of Windsor, retiring President of the Association, Dr. Gray, Chief Whitley, of Hamilton, Mr. Jay, Chief Bealanger, of Montreal, Reeve Watson

#### NORTH WARD PUPIL HAS HEADED CLASSES FOR SEVEN YEARS

North Ward School closed for the Summer holidays with interesting exercises in the assembly hall of the school.

Principal J. M. Campbell presided, and beside him on the platform were Mayor Marchant, Mrs. Hasell, regent, and other members of the Lady Alderson Chapter, I. O. L. E., Provincial School Inspectors May and Stewart, and School Trustees Walker and Brown, all of whom assisted in the different presentations.

The singing of the pupils, under the leadership of H. J. Pollard, was greatly enjoyed by the large number of parents and former pupils who were present.

Delightful features of the programme were a fancy drill by the girls of Division V., and a darkey song and chorus by pupils of Division VIII, in appropriate color and costume.

Rolls of honor were presented in all classes, and a special roll of honor, prepared by the Department of Education, was presented to Kathleen Forbes, as a reward for having won first place in her classes every year since she first entered school, seven years ago. The presentation was made by Mayor Marchant in a very appropriate manner.

Inspector Meeson presented the basketball cup to the boys, and Inspector Stewart presented a similar trophy to the girls, these teams having won first place in the Victoria and district basketball league during the past year.

The Rev. W. P. Freeman, of the First Baptist Church, addressed the pupils, taking as his topic the three words: "Work, Play and Home." The address was very interesting and practical, and much appreciated by all present.

Mrs. Dr. Hasell spoke to the pupils about the formation of a Junior Chapter of the I. O. L. E. in the schools at the beginning of the next term, and expressed the pride of the Lady Alderson Chapter in the school of their adoption.

The exercises were brought to a close by the singing of the National Anthem.

#### MANY ATTEND BAND CONCERT

A large concourse of people gathered amid the ideal surroundings of Leacon Hill Park yesterday afternoon to hear another of the out-door Summer concerts.

The Sixteenth Canadian Scottish Band, under Bandmaster James Miller, gave a delightful programme of excellent music, which was evidently keenly enjoyed, judging from the plaudits of appreciation, three numbers being re-demanded. Particularly outstanding were the "Ruy Blas" Overture (Mendelssohn), Bucalossi's "Hunting Scene" and the "Rhapsody Slavonic" (Friedmann), all of which gave the band ample scope for fine technique, expression and tonal effects.

A feature of the programme was the appearance of George Green for the first time as cornet soloist with

the Canadian Scottish. He is a player of undoubted ability and will no doubt prove an acquisition to this organization. His number "Inflammation (Rossini), which met with an enthusiastic recall, was given with much taste and brilliance of tone.

#### ANNUAL SPORTS AT ST. AIDAN'S

Oak Bay School Shows High Standing in Athletics

St. Aidan's School held its annual sports programme at the Oak Bay athletic park on Friday afternoon, a large crowd of interested parents and friends enthusiastically applauding the competing students.

Rev. G. H. Andrews, distributing the prizes to the winners of the various events, congratulated the school on its scholastic and athletic attainments, paying tribute to the leadership of the principal, F. Ashley Sparks. Mr. Sparks in a brief address reviewed the excellent progress made by the school during the year and proudly referred to the fact that in sports the school now headed the Wednesday League and was also first in the Oak Bay Schools League, while its standing in cricket was shown by the fact that it had captured the junior cricket shield.

Bouquets were presented to Madame Sanderson-Mongin, Miss Gulland and members of the staff by the pupils, after which refreshments were served. Great interest was shown by the parents and visiting friends in the display of pupils' work, and much favorable comment was made upon the progress made by the pupils during the year.

## "FOR THE DEFENCE"

By Elmer Rice, Author of "On Trial"

The kind of picture that makes you sit hushed and breathless from first to last. The kind you'll tell your friends not to miss. With the most amazing and daring climax ever conceived. With a popular star, a great cast, and a story thrilling to the last degree. Ethel Clayton's biggest picture.

## Larry Semon in "A Pair of Kings"

Larry Semon has long been known as the king of comedians, now he becomes a king in fact. He is shown in all the trappings of royalty—sword, medals, monocle, flashy uniform, and epaulets. If the picture was a little longer, however, one would detect the famous double-size trousers and square-toed shoes for which Larry is known the world over. There is action aplenty and laughs innumerable in this screamingly funny comedy. Matched against King Larry is a ruthless band of conspirators determined to deprive him of his crown. Larry crowns them, before the end of the picture, but he keeps his own crown.

#### METCHOSIN PLAYERS WON AT TENNIS

(Times Correspondence)  
Metchosin—A very interesting tennis match between players from Metchosin and Colwood, took place at Colwood. Men's doubles, ladies' doubles and mixed doubles being the order of the evening.

When the final game took place the teams were tied and it was only after three extra games that the Metchosin players were declared the winners. The Metchosin players are very grateful to their hosts for a very delightful evening, and are looking forward to the return match.

In justice to Colwood it should be said that one of their best players had to leave early in the evening, or the results might have been different.

The following players took part:  
Metchosin—Miss Dunn, Miss Rialing, Paul Rising, R. I. Van der Byl, Ronald Gibbs and Fev. F. Conley.  
Colwood—Mr. and Mrs. Burgess, Rev. H. Pearson, Mr. Bickford, J. Goodall and Miss Shirlaw.

#### CLOSING EXERCISES AT CROSBY SCHOOL

In the presence of a large assemblage of parents and friends of the pupils, the first school year of the newly established Crosby School, Chester Street, was brought to a successful close.

Miss E. P. Gulland, the principal, briefly addressed the assembled pupils and their friends, explaining the objects aimed for in the school work, after which Madame Sanderson-Mongin spoke to the pupils and distributed the prizes, which were awarded to pupils in the Junior school.

The prize list is as follows:  
Term prize—Barbara Lloyd-Young. Presented by Mrs. Gull.  
Examination prize—Ruth Goward. Presented by J. B. Holdcroft.  
Drawing prize—Fred Flick. Presented by T. N. Hibben & Son.  
Drill stripes—Barbar Lloyd-Young and Goward.  
Presentation was also made of a special prize won by Ruth Holdcroft in the animal week competition arranged by the Society for Prevention

### POSTMISTRESS IS HONORED WHEN LEAVING FOR ENGLAND

(Times Correspondence) Sooke Harbor—Mrs. Geo. Throup, postmistress of this district, will leave this week for England, where she will for several months visit the scenes of her childhood and old friends after having lived for a number of years in Sooke, being proprietress of a general store and dance hall at Sooke Hall, the gathering which filled the building, including residents from North Sooke to Otter Point, every section of the community being represented. In the programme, arranged by George Patterson, there took part Miss Deth, Miss Simpson, Mr. Edward and Mr. King, Miss Simpson, Mrs. King and Mr. Evans acting as accompanists. John A. Murray, J.P., spoke in appreciation of Mrs. Throup and W. Miller Higgins, on behalf of Mrs. Throup and the gathering, tendered thanks to those who had provided the programme, and added a few words of tribute to the esteem in which Mrs. Throup was held. A basket of roses was presented on behalf of the Sooke Women's Institute by little Miss Daisy Hawkins, the basket having been prepared by Miss Murray, whose frail health prevented her attendance. Three cheers were given for Mrs. Throup and a most enjoyable dance followed. Supper was served by a committee of ladies of the institute, Mrs. Kohout, Mrs. Alex. Campbell and Mrs. J. Hawkins.

### VICARAGE ACCOUNT WAS PAID OFF

(Times Correspondence) Metchosin—At a meeting of the church committee of the St. Mary's Parish, Metchosin, held at the vicarage, the Rev. F. Comley presiding, the report of the vicarage sale committee was presented by the convenor, Mrs. Comley, which showed a balance of \$230 owing on the vicarage fund, and the Rev. F. Comley, chairman of the finance committee, tendered thanks on their behalf to the convenor, Mrs. Comley, and the members of the committee, which was carried unanimously. On motion it was decided to pay off the account, the balance of the proceeds to go in the general vicarage fund.

Scenes of surpassing novelty crowd the action of "A Virgin Paradise," many of them taking place aboard an old-fashioned sailing ship. The ship scenes, together with the island jungle scenes, never failed to evoke the whole-hearted admiration of audiences when the picture was shown in New York. A particularly thrilling and unusual situation develops when the girl gets aboard the ship, and the manner of her arrival carries with it every ounce of surprise possible to pack into a picture situation. She is carried back to civilization in a suit of clothes lent her by a kind-hearted sailor.

"GAS WAR" OVER

All Companies Celebrate Holiday by Jumping Price Back to High Level.

Cut prices on gasoline which came into effect ten days ago with the hint of a rate war between the three companies for control of the British Columbia field did not last very long. Because of the big demand for motor fuel on Dominion day, the companies got together and by common consent boosted the price of gasoline from 25 1/2 cents a gallon to 28 cents. Even at that price a number of gasoline stations were sold out early in the day although they had all been loaded the night before.

As coupon books which gave substantial discounts to steady users were eliminated by recent agreement of the companies, the new price is the highest gasoline has been at for some time.

TELLS GOOD WORK OF

JUBILEE HOSPITAL

Annual Meeting of Subscribers Is Held

Great improvements in the Jubilee Hospital and rapid progress in the new wing were reported at the annual meeting of subscribers held at the City Hall Friday afternoon. The institution admitted 2,528 patients, and the total number of days made by in and out patients was 74,311.

The directors' report showed steady development in the addition of new equipment to treat all classes of disease, and of every provision in the new unit for all kinds of professional surgery, a dental operating quarters being prepared for that class of surgery.

During the year 3,115 patients were referred to the X-ray department for diagnosis or treatment, 748 of whom were for treatment alone. Nearly 3,000 treatments have been given during the year, one-third of them were radium and the remaining two-thirds X-ray treatments.

Special attention was drawn to the training school and the fact that the number of the staff nurses has been increased by one-third so as to give the nurses shorter hours and more time to attend classes and take necessary recreation.

Election of Directors. Four members of the board of directors were elected, as follows: D. James Angus, S. J. Drake, Mrs. E. W. Rhodes and Charles Williams. The entire board consists of the following, in addition to those members: Nominated by the City of Victoria—A. Stewart, James Forman.

JUDGE WRITES NEW NATIONAL ANTHEM

Native Sons of Canada Also Plan Real Canadian Flag

The new national anthem composed by the Hon. Mr. Justice Archer Martin of the Court of Appeal was formally approved and endorsed as the recognized hymn of this country by the Grand Council of the Native Sons of Canada in session here on Saturday.

Mr. Justice Martin's anthem has been named "Canada, Our Canada." Musicians are now working out the music for the anthem. It is planned to use it for opening or closing public functions.

Designs of a Canadian flag for use by this country are being called for by the Grand Council.

W. M. Ivel was re-elected grand president, Mr. Justice Martin past grand president, R. H. Carson, of Vancouver, grand first vice-president, A. W. Staples, grand second vice-president, R. McLachlan, grand secretary, A. C. Pike, grand treasurer, grand chaplain, Dr. Ernest A. Hall re-elected, Victoria, grand sergeant-at-arms, W. A. MacDonald, Vancouver, grand inside guard, D. H. Elliott, Vancouver, grand outside guard, P. O'Hara, (re-elected), Victoria, grand auditors, J. D. Connell and S. J. Herd (re-elected); committees elected, laws and ritual, Brothers Borland, J. O. Dunford and J. Byers; credentials, Bros. Rev. Thos. Menzies, M. P., J. J. Baker and J. B. Mathers; finance, Bros. R. L. Cox, W. Lemm and C. J. McDowell. The hundred and fifty from Vancouver and Victoria attended the sessions in the "Elks" Club.

Premier Oliver, representing the Province, and Alderman Perry, representing the city, were the speakers at the dinner at the Dominion Hotel. Plans were made for the further extension of the organization throughout Canada.

Resolution was passed and sent to Premier King, Hon. Arthur Meighen and Mr. Crerar, the three party leaders in Canada, urging them to see that the British Government be made to keep its word in respect to the promises made during the war regarding the removal of the cattle embargo against Canadian livestock, and that if there is any further delay in the redemption of that promise, then the existing customs preference in favor of British goods will be withdrawn.

Strict health and language tests for immigrants, the seeking of settlers who would enter the basic industries of the country and opposing Asiatic immigration were called for in another resolution.

Abolition of the right of appeal to the Privy Council in London and making the Supreme Court of Canada the final arbiter in matters of law in this country was also formally urged.

J. S. Ewart, of Ottawa, was commended for his work in support of Canadian ideals.

Greetings were sent to the Native Sons of British Columbia.

James Parfitt, and James Graham, nominated by the Provincial Government—C. F. Banfield, L. U. Conyers, and J. Wallace. Nominated by Municipality of Saanich—George McGregor. Nominated by Oak Bay—M. P. Gordon. Nominated by Esquimalt, Dr. McCullum. The Victoria Medical Society nominated Dr. Walter Barty, Dr. H. B. Rogers and Dr. Ernest Hall. The French Benevolent Society's nominations are George Brown, D. E. Campbell and W. Mable.

SUPPORTERS OF ANTI-ORIENTAL MOVE POSTPONE ACTION

That a further meeting, at which it was hoped a more representative gathering would assemble, is to be held by the Saanich Workers' Association, was decided at the meeting of that body Friday in St. Mark's Hall, when resolutions that were to have been advanced were tabled. The next meeting was left to the call of the chair, and will be held within the next two weeks. Some eighty members attended. Of a platform of several asked to address the gathering, F. A. Pauline, M.P.P., and J. E. Clearthorpe, M.P.P., were present and spoke briefly.

The resolutions that were to have been put to the meeting dealt with restrictive measures which the association will urge upon the Federal authorities in relation to the Oriental question. The general effect of the resolutions was seeking to restrict Oriental immigration to Canada for the next ten years; to curtail property rights of such immigrants; preference for British subjects in employment; a minimum wage amendment (operated by the Department of Labor, B. C.), and the deportation of convicted alien criminals at the expense of the country of their nativity.

Four members of the board of directors were elected, as follows: D. James Angus, S. J. Drake, Mrs. E. W. Rhodes and Charles Williams. The entire board consists of the following, in addition to those members: Nominated by the City of Victoria—A. Stewart, James Forman.

WILL ANSWER ANY WOMAN WHO WRITES

Montreal Woman Finds Health by Taking Lydia E. Pinkham's Vegetable Compound

Montreal, Quebec.—"I was a sufferer for three years, not able to do my housework. My husband was discouraged, for I was no better and had had the doctor all this time and nothing helped me. I was always sleepy, had no appetite and suffered with my left side. My mother, in England, recommended Lydia E. Pinkham's Vegetable Compound because it had helped my sister, so I have been taking it. I am now able to do my housework and I can not praise your medicine too highly as I have great hopes for the future. I will tell anyone who writes to me what good it has done me."—Miss E. Massos, St. Henry P. O., Montreal.

For nearly fifty years Lydia E. Pinkham's Vegetable Compound has been helping women just as it helped Mrs. Massos; oftentimes after doctors and other medicines failed.

If you are suffering from disagreeable symptoms caused by some female weakness, try this splendid medicine. It is a woman's medicine for women's ailments, and can be taken in safety by any woman.

was a particularly wet Summer, with a cold frosty Winter, while this year the reverse is the result. The matter of precipitation being of grave importance to the soft fruit crop, a source of increasing production on this island, horticulturalists will study the figures with a great deal of interest.

Naturally the climatic figures for the month of June, which closed Friday, have been exceptional. The rainfall was only .93 of an inch, against an average of .83, making the month the driest since records began in 1874. The sunshine record is 226 hours, 24 minutes, 47 hours above the average. The highest temperature, 78 degrees, was slightly over the closing days of May, when 82 was recorded. The mean temperature for the month was 57, as against 56 in June, 1921.

FINDS CLAIM IN STUMBLING FALL

Father Ran After Boy at Texada Island and Discovered Gold

The story of mining is full of romance, but the accompanying one on Texada Island has some novel features. It is told by Mr. McElroy in his arrival in New Westminster, Mr. McElroy is Postmaster at Gillie Bay.

It appears that Alex. McKay, who makes a precarious living, between his blacksmith forge and a small ranch, was preparing to wash for supper when he found there was no water. He despatched his son with the empty bucket to the nearby well, and waited. The boy became interested in something else and the longer he delayed the more irritated became the father, who finally gave chase. Nearing the well, he stumbled and fell, cutting his hands.

Though scarcely in the mood to conduct a meteorological research, he picked up the broken piece of rock over which he had tripped and was at once attracted by the gleaming yellow. Paternal ire and bruises were forgotten as he carried the rock back to his house. Here, in the course of an hour, a prospector, friend, Robbin, dropped in and was asked to give his opinion of the rock. Robbin, of course, became enthusiastic and together they examined the scene of McKay's mishap and discovered a well defined ledge of quartz four feet thick and uncovering it, traced it for fifty feet before darkness fell. No need for an assay; the rotten quartz was full of gold and apparently carried values even higher than on the claim staked a few months ago in the same locality. Of course McKay's claim is properly staked and recorded, but he is a poor man and needs someone to take an interest in the claim and share the cost and profit of development.

For twenty years or more valuable ore has been taken on Texada Island, but it was only this Spring that free milling quartz was found.

SUGGESTED NEW NATIONAL ANTHEM

Hon. Justice Martin Author of Verses Recited at Native Sons' Banquet

Hon. Archer Martin, judge of the British Columbia Court of Appeal, has written the words of a suggested new National Anthem, and recited them at the banquet of the Grand Council of the Native Sons of Canada, of which he is Grand Past President, on Saturday.

The verses are as follows:

Canada, Our Canada!

Hail, stately country of our sire! To thee we light the altar fires, Ne'er to be quenched till life expires, O Canada, our Canada!

Chorus—Canada, we hail thee! Whoever may assail thee, Never shall we fail thee, O Canada, our Canada!

Each true son's heart glows with the flame Of patriot pride to see thy name, Writ large upon the roll of fame, O Canada, our Canada!

From East to 'St. Elias' towers, The cry comes through th' awakened hours—'Arise, assert thy manhood's powers, O Canada, our Canada!

'The time has come to take thy place, Among the nations, face to face, Equal at last with every race, O Canada, our Canada!

'St. Elias' towers' refers to Mt. St. Elias, which overlooks the Pacific and forms the southwest corner boundary between the Yukon and Alaska.

CLIMATE BULLETIN MAKES APPEARANCE

Valuable Compendium by Mr. Denison Gives Data for All Parts of Province

What was the hottest place in British Columbia in 1921? Where is the dampest locality of which records are kept in the province? Which was the most sunny month here last year?

Such questions as these naturally arise in conversation about the weather can be readily answered by reference to the latest issue of Bulletin 27 of the Provincial Department of Agriculture, which is compiled by Superintendent F. Napier Denison, of the Gonzales Observatory here, and which has just been issued from the King's Printer.

The bulletin contains tables of rainfall, snowfall, sunshine and temperature for last year. The mean temperature in Victoria by months, it is shown, was 40, 41, 44, 46, 52, 56, 58, 55, 51, 44 and 38. The figures now issued are particularly interesting in view of the fact that last year,

Blue-jay to your druggist Stops Pain Instantly

The simplest way to end a corn is Blue-jay. A touch stops the pain instantly. Then the corn loosens and comes out. Made in two forms—a colorless, clear liquid (one drop does it) and in extra thin plasters. Use whichever form you prefer, plasters or the liquid—the action is the same. Safe, gentle. Made in a world-famed laboratory. Sold by all druggists.
