(i) supports the achievement of the negotiated local levels of performance for the indicators of performance described in section 116(b)(2) for the local area;

(ii) integrates available services; and

(iii) meets the workforce development and employment needs of local employers and participants.

(3) LOCAL CRITERIA.—Consistent with the criteria developed under paragraph (1) by the State, a local board in the State may develop additional criteria (or higher levels of service coordination than required for the State-developed criteria) relating to service coordination achieved by the one-stop

delivery system, for purposes of assessments described in paragraph (1), in order to respond to labor market, economic, and demographic, conditions and trends in the local area.

(h) FUNDING OF ONE-STOP INFRASTRUCTURE.—

(1) IN GENERAL.—

(A) OPTIONS FOR INFRASTRUCTURE FUNDING.—

(i) LOCAL OPTIONS.—The local board, chief elected officials, and one-stop partners described in subsection (b)(1) in a local area may fund the costs of infrastructure of one-stop centers in the local area through—

(I) methods agreed on by the local board, chief elected officials, and one-stop partners (and described in the memorandum of understanding described in subsection (c)); or

(II) if no consensus agreement on methods is reached under subclause (I), the State infrastructure funding mechanism described in paragraph (2).

Effective date. Applicability.

(ii) FAILURE TO REACH CONSENSUS AGREEMENT ON FUNDING METHODS.—Beginning July 1, 2016, if the local board, chief elected officials, and one-stop partners described in subsection (b)(1) in a local area fail to reach consensus agreement on methods of sufficiently funding the costs of infrastructure of one-stop centers for a program year, the State infrastructure funding mechanism described in paragraph (2) shall be applicable to such local area for that program year and for each subsequent program year for which those entities and individuals fail to reach such agreement.

Consultation.

(B) GUIDANCE FOR INFRASTRUCTURE FUNDING.—In addition to carrying out the requirements relating to the State infrastructure funding mechanism described in paragraph (2), the Governor, after consultation with chief elected officials, local boards, and the State board, and consistent with the guidance and policies provided by the State board under subparagraphs (B) and (C)(i) of section 101(d)(7), shall provide, for the use of local areas under subparagraph (A)(i)(I)—

(i) guidelines for State-administered one-stop partner programs, for determining such programs' contributions to a one-stop delivery system, based on such programs' proportionate use of such system consistent with chapter II of title 2, Code of Federal Regulations (or any corresponding similar regulation or ruling), including determining funding for the costs of infrastructure, which contributions shall be negotiated pursuant to the memorandum of understanding under subsection (c); and

(ii) guidance to assist local boards, chief elected officials, and one-stop partners in local areas in determining equitable and stable methods of funding the costs of infrastructure of one-stop centers in such areas.

(2) STATE ONE-STOP INFRASTRUCTURE FUNDING.—

(A) DEFINITION.—In this paragraph, the term "covered portion", used with respect to funding for a fiscal year for a program described in subsection (b)(1), means a portion determined under subparagraph (C) of the Federal funds provided to a State (including local areas within the State) under the Federal law authorizing that program described in subsection (b)(1) for the fiscal year (taking into account the availability of funding for purposes related to infrastructure from philanthropic organizations, private entities, or other alternative financing options).

(B) PARTNER CONTRIBUTIONS.—Subject to subparagraph (D), for local areas in a State that are not covered by paragraph (1)(A)(i)(I), the covered portions of funding for a fiscal year shall be provided to the Governor from the programs described in subsection (b)(1), to assist in paying the costs of infrastructure of one-stop centers in those local areas of the State not adequately funded under the option described in paragraph (1)(A)(i)(I).

(C) DETERMINATION OF GOVERNOR.—

Consultation.

(i) IN GENERAL.—Subject to clause (ii) and subparagraph (D), the Governor, after consultation with chief elected officials, local boards, and the State board, shall determine the portion of funds to be provided under subparagraph (B) by each one-stop partner from each program described in subparagraph (B). In making such determination for the purpose of determining funding contributions, for funding pursuant to clause (i)(II) or (ii) of paragraph (1)(A) by each partner, the Governor shall calculate amounts for the proportionate use of the one-stop centers in the State, consistent with chapter II of title 2, Code of Federal Regulations (or any corresponding similar regulation or ruling), taking into account the costs of administration of the one-stop delivery system for purposes not related to one-stop centers, for each partner. The Governor shall exclude from such determination of funds the amounts for proportionate use of one-stop centers attributable to the programs of one-stop partners for those local areas of the State where the costs of infrastructure of one-stop centers are funded under the option described in paragraph (1)(A)(i)(I). The Governor shall also take into account the statutory requirements for each partner program and the partner program's ability to fulfill such requirements.

Consultation.

(ii) SPECIAL RULE.—In a State in which the State constitution or a State statute places policymaking authority that is independent of the authority of the Governor in an entity or official with respect to the funds provided for adult education and literacy activities authorized under title II, postsecondary career and technical education activities authorized under the Carl D. Perkins Career and Technical Education Act

of 2006 (20 U.S.C. 2301 et seq.), or vocational rehabilitation services offered under a provision covered by section 3(13)(D), the determination described in clause (i) with respect to the programs authorized under that title, Act, or provision shall be made by the chief officer of the entity, or the official, with such authority in consultation with the Governor.

(D) LIMITATIONS.—

(i) PROVISION FROM ADMINISTRATIVE FUNDS.—

(I) IN GENERAL.—Subject to subclause (II), the funds provided under this paragraph by each one-stop partner shall be provided only from funds available for the costs of administration under the program administered by such partner, and shall be subject to the program's limitations with respect to the portion of funds under such program that may be used for administration.

(II) EXCEPTIONS.—Nothing in this clause shall be construed to apply to the programs carried out under this title, or under title V of the Older Americans Act of 1965 (42 U.S.C. 3056 et seq.).

Applicability.

(ii) CAP ON REQUIRED CONTRIBUTIONS.—For local areas in a State that are not covered by paragraph (1)(A)(i)(I), the following rules shall apply:

(I) WIA FORMULA PROGRAMS AND EMPLOYMENT SERVICE.—The portion of funds required to be contributed under this paragraph from a program authorized under chapter 2 or 3, or the Wagner-Peyser Act (29 U.S.C. 49 et seq.) shall not exceed 3 percent of the amount of Federal funds provided to carry out that program in the State for a fiscal year.

(II) OTHER ONE-STOP PARTNERS.—The portion of funds required to be contributed under this paragraph from a program described in subsection (b)(1) other than the programs described in subclause (I) shall not exceed 1.5 percent of the amount of Federal funds provided to carry out that program in the State for a fiscal year.

(III) VOCATIONAL REHABILITATION.—Notwithstanding subclauses (I) and (II), an entity administering a program described in subsection (b)(1)(B)(iv) shall not be required to provide from that program, under this paragraph, a portion that exceeds—

(aa) 0.75 percent of the amount of Federal funds provided to carry out such program in the State for the second full program year that begins after the date of enactment of this Act;

(bb) 1.0 percent of the amount provided to carry out such program in the State for the third full program year that begins after such date;

(cc) 1.25 percent of the amount provided to carry out such program in the State for

the fourth full program year that begins after such date; and

(dd) 1.5 percent of the amount provided to carry out such program in the State for the fifth and each succeeding full program year that begins after such date.

(iii) FEDERAL DIRECT SPENDING PROGRAMS.—For local areas in a State that are not covered by paragraph (1)(A)(i)(I), an entity administering a program funded with direct spending as defined in section 250(c)(8) of the Balanced Budget and Emergency Deficit Control Act of 1985, as in effect on February 15, 2014 (2 U.S.C. 900(c)(8)) shall not be required to provide, for purposes of this paragraph, an amount in excess of the amount determined under subparagraph (C)(i) to be equivalent to the cost of the proportionate use of the one-stop centers for the one-stop partner for such program in the State.

(iv) NATIVE AMERICAN PROGRAMS.—One-stop partners for Native American programs established under section 166 shall not be subject to the provisions of this subsection (other than this clause) or subsection (i). For purposes of subsection (c)(2)(A)(ii)(II), the method for determining the appropriate portion of funds to be provided by such partners to pay for the costs of infrastructure of a one-stop center shall be determined as part of the development of the memorandum of understanding under subsection (c) for the one-stop center and shall be stated in the memorandum.

(E) APPEAL BY ONE-STOP PARTNERS.—The Governor shall establish a process, described under section 102(b)(2)(D)(i)(IV), for a one-stop partner administering a program described in subsection (b)(1) to appeal a determination regarding the portion of funds to be provided under this paragraph. Such a determination may be appealed under the process on the basis that such determination is inconsistent with the requirements of this paragraph. Such process shall ensure prompt resolution of the appeal in order to ensure the funds are distributed in a timely manner, consistent with the requirements of section 182(e).

(3) ALLOCATION BY GOVERNOR.—

(A) IN GENERAL.—From the funds provided under paragraph (1), the Governor shall allocate the funds to local areas described in subparagraph (B) in accordance with the formula established under subparagraph (B) for the purposes of assisting in paying the costs of infrastructure of one-stop centers.

(B) ALLOCATION FORMULA.—The State board shall develop a formula to be used by the Governor to allocate the funds provided under paragraph (1) to local areas not funding costs of infrastructure under the option described in paragraph (1)(A)(i)(I). The formula shall be based on factors including the number of one-stop centers in a local area, the population served by such centers, the services provided by such centers, and other factors relating to

the performance of such centers that the State board determines are appropriate.

Definition.

(4) COSTS OF INFRASTRUCTURE.—In this subsection, the term "costs of infrastructure", used with respect to a one-stop center, means the nonpersonnel costs that are necessary for the general operation of the one-stop center, including the rental costs of the facilities, the costs of utilities and maintenance, equipment (including assessment-related products and assistive technology for individuals with disabilities), and technology to facilitate access to the one-stop center, including the center's planning and outreach activities.

(i) OTHER FUNDS.—

(1) IN GENERAL.—Subject to the memorandum of understanding described in subsection (c) for the one-stop delivery system involved, in addition to the funds provided to carry out subsection (h), a portion of funds made available under Federal law authorizing the programs described in subsection (b) and administered by one-stop partners, or the noncash resources available under such programs, shall be used to pay the additional costs relating to the operation of the one-stop delivery system that are not paid from the funds provided under subsection (h), as determined in accordance with paragraph (3), to the extent not inconsistent with the Federal law involved. Such costs shall include the costs of the provision of career services described in section 134(c)(2) applicable to each program and may include common costs that are not paid from the funds provided under subsection (h).

(2) SHARED SERVICES.—The costs described under paragraph (1) may include costs of services that are authorized for and may be commonly provided through the one-stop partner programs to any individual, such as initial intake, assessment of needs, appraisal of basic skills, identification of appropriate services to meet such needs, referrals to other one-stop partners, and other similar services.

(3) DETERMINATION AND GUIDANCE.—The method for determining the appropriate portion of funds and noncash resources to be provided by the one-stop partner for each program under paragraph (1) for a one-stop center shall be determined as part of the development of the memorandum of understanding under subsection (c) for the one-stop center and shall be stated in the memorandum. The State board shall provide guidance to facilitate the determination, for purposes of the memorandum of understanding, of an appropriate allocation of the funds and noncash resources in local areas, consistent with the requirements of section 101(d)(6)(C).

(iv) that the collection of information required to demonstrate compliance with the criteria is not unduly burdensome or costly to providers.

Determination. Termination. Time period.

(1) IN GENERAL.—The procedures established under this section shall provide the following:

(A) INTENTIONALLY SUPPLYING INACCURATE INFORMATION.—Upon a determination, by an individual or entity specified in the procedures, that a provider of training services, or individual providing information on behalf of the provider, violated this section (or section 122 of the Workforce Investment Act of 1998, as in effect on the

day before the date of enactment of this Act) by intentionally supplying inaccurate information under this section, the eligibility of such provider to receive funds under chapter 3 shall be terminated for a period of time that is not less than 2 years.

To designate a Distinguished Flying Cross National Memorial at the March Field Air Museum in Riverside, California.

July 25, 2014
[H.R. 330]

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

Distinguished Flying Cross National Memorial Act.
16 USC 431 note.

SECTION 1. SHORT TITLE.

This Act may be cited as the "Distinguished Flying Cross National Memorial Act".

SEC. 2. DESIGNATION OF DISTINGUISHED FLYING CROSS NATIONAL MEMORIAL IN RIVERSIDE, CALIFORNIA.

(a) FINDINGS.—Congress finds the following:

(1) The most reliable statistics regarding the number of members of the Armed Forces who have been awarded the Distinguished Flying Cross indicate that 126,318 members of the Armed Forces received the medal during World War II, approximately 21,000 members received the medal during the Korean conflict, and 21,647 members received the medal during the Vietnam War. Since the end of the Vietnam War, more than 203 Armed Forces members have received the medal in times of conflict.

(2) The National Personnel Records Center in St. Louis, Missouri, burned down in 1973, and thus many more recipients of the Distinguished Flying Cross may be undocumented. Currently, the Department of Defense continues to locate and identify members of the Armed Forces who have received the medal and are undocumented.

(3) The United States currently lacks a national memorial dedicated to the bravery and sacrifice of those members of the Armed Forces who have distinguished themselves by heroic deeds performed in aerial flight.

(4) An appropriate memorial to current and former members of the Armed Forces is under construction at March Field Air Museum in Riverside, California.

(5) This memorial will honor all those members of the Armed Forces who have distinguished themselves in aerial flight, whether documentation of such members who earned the Distinguished Flying Cross exists or not.

(b) DESIGNATION.—The memorial to members of the Armed Forces who have been awarded the Distinguished Flying Cross, located at March Field Air Museum in Riverside, California, is hereby designated as the Distinguished Flying Cross National Memorial.

(c) EFFECT OF DESIGNATION.—The national memorial designated by this section is not a unit of the National Park System, and the designation of the national memorial shall not be construed to require or permit Federal funds to be expended for any purpose related to the national memorial.

To ensure compliance with the 1980 Hague Convention on the Civil Aspects of International Child Abduction by countries with which the United States enjoys reciprocal obligations, to establish procedures for the prompt return of children abducted to other countries, and for other purposes.

Aug. 8, 2014
[H.R. 3212]

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLE AND TABLE OF CONTENTS.

Sean and David Goldman International Child Abduction Prevention and Return Act of 2014.
22 USC 9101 note.

(a) SHORT TITLE.—This Act may be cited as the "Sean and David Goldman International Child Abduction Prevention and Return Act of 2014".

(b) TABLE OF CONTENTS.—The table of contents for this Act is as follows:

SEC. 2. FINDINGS; SENSE OF CONGRESS; PURPOSES.

22 USC 9101 note.

(a) FINDINGS.—Congress finds the following:

(1) Sean Goldman, a United States citizen and resident of New Jersey, was abducted from the United States in 2004 and separated from his father, David Goldman, who spent nearly 6 years battling for the return of his son from Brazil before Sean was finally returned to Mr. Goldman's custody on December 24, 2009.

(2) The Department of State's Office of Children's Issues, which serves as the Central Authority of the United States for the purposes of the 1980 Hague Convention on the Civil

Aspects of International Child Abduction (referred to in this Act as the "Hague Abduction Convention"), has received thousands of requests since 2007 for assistance in the return to the United States of children who have been wrongfully abducted by a parent or other legal guardian to another country.

(3) For a variety of reasons reflecting the significant obstacles to the recovery of abducted children, as well as the legal and factual complexity involving such cases, not all cases are reported to the Central Authority of the United States.

(4) More than 1,000 outgoing international child abductions are reported every year to the Central Authority of the United States, which depends solely on proactive reporting of abduction cases.

(5) Only about one-half of the children abducted from the United States to countries with which the United States enjoys reciprocal obligations under the Hague Abduction Convention are returned to the United States.

(6) The United States and other Convention countries have expressed their desire, through the Hague Abduction Convention, "to protect children internationally from the harmful effects of their wrongful removal or retention and to establish procedures to ensure their prompt return to the State of their habitual residence, as well as to secure protection for rights of access."

(7) Compliance by the United States and other Convention countries depends on the actions of their designated central authorities, the performance of their judicial systems as reflected in the legal process and decisions rendered to enforce or effectuate the Hague Abduction Convention, and the ability and willingness of their law enforcement authorities to ensure the swift enforcement of orders rendered pursuant to the Hague Abduction Convention.

(8) According to data from the Department of State, approximately 40 percent of abduction cases involve children taken from the United States to countries with which the United States does not have reciprocal obligations under the Hague Abduction Convention or other arrangements relating to the resolution of abduction cases.

(9) According to the Department of State's April 2010 Report on Compliance with the Hague Convention on the Civil Aspects of International Child Abduction, "parental child abduction jeopardizes the child and has substantial long-term consequences for both the child and the left-behind parent."

(10) Few left-behind parents have the extraordinary financial resources necessary—

(A) to pursue individual civil or criminal remedies in both the United States and a foreign country, even if such remedies are available; or

(B) to engage in repeated foreign travel to attempt to obtain the return of their children through diplomatic or other channels.

(11) Military parents often face additional complications in resolving abduction cases because of the challenges presented by their military obligations.

(12) In addition to using the Hague Abduction Convention to achieve the return of abducted children, the United States has an array of Federal, State, and local law enforcement,

criminal justice, and judicial tools at its disposal to prevent international abductions.

(13) Federal agencies tasked with preventing international abductions have indicated that the most effective way to stop international child abductions is while they are in progress, rather than after the child has been removed to a foreign destination.

(14) Parental awareness of abductions in progress, rapid response by relevant law enforcement, and effective coordination among Federal, State, local, and international stakeholders are critical in preventing such abductions.

(15) A more robust application of domestic tools, in cooperation with international law enforcement entities and appropriate application of the Hague Abduction Convention could—

(A) discourage some parents from attempting abductions;

(B) block attempted abductions at ports of exit; and

(C) help achieve the return of more abducted children.

(b) SENSE OF CONGRESS.—It is the sense of Congress that the United States should set a strong example for other Convention countries in the timely location and prompt resolution of cases involving children abducted abroad and brought to the United States.

(c) PURPOSES.—The purposes of this Act are—

(1) to protect children whose habitual residence is the United States from wrongful abduction;

(2) to assist left-behind parents in quickly resolving cases and maintaining safe and predictable contact with their child while an abduction case is pending;

(3) to protect the custodial rights of parents, including military parents, by providing the parents, the judicial system, and law enforcement authorities with the information they need to prevent unlawful abduction before it occurs;

(4) to enhance the prompt resolution of abduction and access cases;

(5) to detail an appropriate set of actions to be undertaken by the Secretary of State to address persistent problems in the resolution of abduction cases;

(6) to establish a program to prevent wrongful abductions; and

(7) to increase interagency coordination in preventing international child abduction by convening a working group composed of presidentially appointed and Senate confirmed officials from the Department of State, the Department of Homeland Security, and the Department of Justice.

An Act

Aug. 8, 2014
[S. 1104]

To measure the progress of recovery and development efforts in Haiti following the earthquake of January 12, 2010, and for other purposes.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

Assessing Progress in Haiti Act of 2014.
22 USC 2151 note.

SECTION 1. SHORT TITLE.

This Act may be cited as the "Assessing Progress in Haiti Act of 2014".

SEC. 2. FINDINGS.

Congress makes the following findings:

(1) On January 12, 2010, a massive earthquake struck near the Haitian capital city of Port-au-Prince, leaving an estimated 220,000 people dead, including 103 United States citizens, 101 United Nations personnel, and nearly 18 percent of the nation's civil service, as well as 300,000 injured, 115,000 homes destroyed, and 1,500,000 people displaced.

(2) According to the Post Disaster Needs Assessment conducted by the Government of Haiti, with technical assistance from the United Nations, the World Bank, the Inter-American Development Bank, the Economic Commission for Latin America and the Caribbean, and the European Commission, an estimated 15 percent of the population was directly affected by the disaster and related damages and economic losses totaled $7,804,000,000.

(3) Even before the earthquake, Haiti had some of the lowest socioeconomic indicators and the second highest rate of income disparity in the world, conditions that have further complicated post-earthquake recovery efforts and, according to the World Bank, have significantly reduced the prospects of addressing poverty reduction through economic growth.

(4) According to the World Food Programme, more than 6,700,000 people in Haiti (out of a population of about 10,000,000) are considered food insecure.

(5) In October 2010, an unprecedented outbreak of cholera in Haiti resulted in over 500,000 reported cases and over 8,000 deaths to date, further straining the capacity of Haiti's public health sector and increasing the urgency of resettlement and water, sanitation, and hygiene (WASH) efforts.

(6) The international community, led by the United States and the United Nations, mounted an unprecedented humanitarian response in Haiti, with donors pledging approximately $10,400,000,000 for humanitarian relief and recovery efforts, including debt relief, supplemented by $3,100,000,000 in private

charitable contributions, of which approximately $6,400,000,000 has been disbursed and an additional $3,800,000,000 has been committed as of September 30, 2013.

(7) The emergency response of the men and women of the United States Government, led by the United States Agency for International Development (USAID) and the United States Southern Command, as well as of cities, towns, individuals, businesses, and philanthropic organizations across the United States, was particularly swift and resolute.

(8) Since 2010, a total of $1,300,000,000 in United States assistance has been allocated for humanitarian relief and $2,300,000,000 has been allocated for recovery, reconstruction, and development assistance in Haiti, including $1,140,000,000 in emergency appropriations and $95,000,000 that has been obligated specifically to respond to the cholera epidemic.

(9) Of the $3,600,000,000 in United States assistance allocated for Haiti, $651,000,000 was apportioned to USAID to support an ambitious recovery plan, including the construction of a power plant to provide electricity for the new Caracol Industrial Park (CIP) in northern Haiti, a new port near the CIP, and permanent housing in new settlements in the Port-au-Prince, St-Marc, and Cap-Haïtien areas.

(10) According to a recent report of the Government Accountability Office, as of June 30, 2013, USAID had disbursed 31 percent of its reconstruction funds in Haiti, the port project was 2 years behind schedule and USAID funding will be insufficient to cover a majority of the projected costs, the housing project has been reduced by 80 percent, and the sustainability of the power plant, the port, and the housing projects were all at risk.

(11) GAO further found that Congress has not been provided with sufficient information to ensure that it is able to conduct effective oversight at a time when most funding remains to be disbursed, and specifically recommends that a periodic reporting mechanism be instituted to fill this information gap.

(12) Donors have encountered significant challenges in implementing recovery programs, and nearly 4 years after the earthquake, an estimated 171,974 people remain displaced in camps, unemployment remains high, corruption is rampant, land rights remain elusive, allegations of wage violations are widespread, the business climate is unfavorable, and government capacity remains weak.

(13) For Haiti to achieve stability and long term economic growth, donor assistance will have to be carefully coordinated with a commitment by the Government of Haiti to transparency, a market economy, rule of law, and democracy.

(14) The legal environment in Haiti remains a challenge to achieving the goals supported by the international community.

SEC. 3. STATEMENT OF POLICY.

It is the policy of the United States to support the sustainable rebuilding and development of Haiti in a manner that—

(1) promotes efforts that are led by and support the people and Government of Haiti at all levels so that Haitians lead the course of reconstruction and development of Haiti;

(2) builds the long term capacity of the Government of Haiti and civil society in Haiti;

(3) reflects the priorities and particular needs of both women and men so they may participate equally and to their maximum capacity;

To provide for the award of a gold medal on behalf of Congress to Jack Nicklaus, in recognition of his service to the Nation in promoting excellence, good sportsmanship, and philanthropy.

Dec. 16, 2014
[H.R. 2203]

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

31 USC 5111 note.

SECTION 1. FINDINGS.

Congress finds the following:

(1) Jack Nicklaus is a world-famous golf professional, a highly successful business executive, a prominent advertising spokesman, a passionate and dedicated philanthropist, a devoted husband, father, and grandfather, and a man with a common touch that has made him one of the most popular and accessible public figures in history.

(2) Jack Nicklaus amassed 120 victories in professional competition of national or international stature, 73 of which came on the Professional Golf Association (in this Act referred to as the "PGA") Tour, and professional major-championship titles. His record 18 professional majors, the first of which he won 50 years ago with his win at the 1962 U.S. Open as a 22-year-old rookie, remains the standard by which all golfers are measured. He is the only player in golf history to have won each major championship at least three times, and is the only player to complete a career "Grand Slam" on both the regular and senior tours. He also owns the record for most major championships as a senior, with eight.

(3) Jack Nicklaus' magnetic personality and unfailing sense of kindness and thoughtfulness have endeared him to millions throughout the world.

(4) Jack Nicklaus has been the recipient of countless athletic honors, including being named Individual Male Athlete of the Century by Sports Illustrated, one of the 10 Greatest Athletes of the Century by ESPN, and Golfer of the Century or Golfer of the Millennium by every major national and international media outlet. He received the Muhammad Ali Sports Legend Award and the first-ever ESPY Lifetime Achievement Award. He became the first golfer and only the third athlete to receive the Vince Lombardi Award of Excellence, and is also a five-time winner of the PGA Player of the Year Award. He was inducted into the World Golf Hall of Fame at the age of 34.

(5) Jack Nicklaus has received numerous honors outside of the world of sports, including several golf industry awards for his work and contributions as a golf course designer, such

as the Old Tom Morris Award, which is the highest honor given by the Golf Course Superintendents Association of America, and both the Donald Ross Award given by the American Society of Golf Course Architects and the Don A. Rossi Award given by the Golf Course Builders Association of America. Golf Inc. Magazine named him the Most Powerful Person in Golf for a record six consecutive years, due to his impact on various aspects of the industry through his course design work, marketing and licensing business, his ambassadorial role in promoting and growing the game of golf worldwide, and his involvement on a national and global level with various charitable causes.

(6) Jack Nicklaus has been involved in the design of more than 290 golf courses worldwide, and his business, Nicklaus Design, has close to 380 courses open for play in 36 countries and 39 States.

(7) Jack Nicklaus served as the Global Ambassador for a campaign to include golf in the Olympic Games, which was achieved and will begin in the 2016 Olympic program.

(8) Jack Nicklaus was honored by President George W. Bush in 2005 by receiving the Presidential Medal of Freedom, the highest honor given to any United States civilian.

(9) Jack Nicklaus has a long-standing commitment to numerous charitable causes, such as his founding, along with wife Barbara, of the Nicklaus Children's Health Care Foundation, which provides pediatric health care services throughout South Florida and in other parts of the country. The Foundation has raised close to $24,000,000 since it was formed in 2004, and has provided health assistance and services to more than 4,000 children and their families through—

(A) Child Life programs (supporting therapeutic interventions for children with chronic and acute conditions during hospitalization);

(B) Miami Children's Hospital Nicklaus Care Centers (to offer a new option to Palm Beach County-area families with children who require pediatric specialty care); and

(C) Safe Kids Program (aimed at keeping children injury-free and offering safety education in an effort to decrease accidental injuries in children).

(10) In October 2012, the Miami Children's Hospital Nicklaus Outpatient Center was opened to provide pediatric urgent care, diagnostic services, and rehabilitation services in Palm Beach County.

(11) Jack Nicklaus also established an annual pro-am golf tournament called "The Jake" to honor his 17-month-old grandson who passed away in 2005, and it serves as a primary fundraiser for the Nicklaus Children's Health Care Foundation. The event alone has raised well over $43,000,000 over the last several years.

(12) Nicklaus has been a tireless supporter of numerous junior golf initiatives, working with the PGA of America Junior Golf Foundation over the course of four decades, including the establishment of the Barbara and Jack Nicklaus Junior Golf Endowment Fund and the PGA-Nicklaus First Tee Teaching Grants. He also is a spokesperson for several PGA

of America and USGA growth-of-the-game initiatives. He continues to support several scholarship foundations, other children's hospitals, and other causes, including spinal-cord research, pancreatic cancer issues, and Florida Everglades restoration.

(13) In 2013, Jack Nicklaus, with the support of the National Park and Recreation Association (NRPA), launched the Jack Nicklaus Learning Leagues, taking team-concept golf to our parks system for children, ages 5 to 12. A non-profit foundation called Global Outreach for Learning Foundation (GOLF) was created to underwrite the program. By the end of 2013, they hope to have the program in more than 100 locations and reach close to 25,000 children.

(14) Jack Nicklaus continues to manage the Memorial Tournament in his home State of Ohio, in which contributions generated through the aid of over 2,600 volunteers are given to support Nationwide Children's Hospital and close to 75 other Central Ohio charities. This has garnered more than $5,700,000 for programs and services at Nationwide Children's Hospital since 1976, so that Central Ohio will continue to have one of the best children's hospitals in the United States.

(15) Jack Nicklaus serves as an honorary chairs of the American Lake Veterans Golf Course in Tacoma, Washington, which neighbors a Veterans Administration hospital and is designed for the rehabilitation of wounded and disabled veterans. Nicklaus has donated his design services for the improvement of the course, and raised contributions for the addition of nine new holes (the "Nicklaus Nine"), the construction of the Rehabilitation and Learning Center, and the upgrade of the maintenance facilities. The course is considered the only one in the United States designed solely for the use of disabled veterans. It served over 30,000 veterans and their families in 2011 to use the healing powers of golf to help them rehabilitate and recreate. The hope is that American Lake will serve as a pilot program for the more than 150 Veterans Administration hospitals nationwide.

(16) Jack Nicklaus serves as a spokesperson and Trustee for the First Tee program, which brings golf to children who would not otherwise be exposed to it, and teaches them valuable, character-building life lessons through the game of golf, and is a national co-chair of the organization's More Than a Game campaign.

(17) Jack Nicklaus remains active in tournament golf, although he retired from major championship competition in 2005, when he played his final British Open and his final Masters Tournament, and led the United States to a thrilling victory in the President's Cup. He consults often with the PGA Tour, and no fewer than 95 Nicklaus courses have hosted a combined total of almost 700 professional tournaments. In 2013 alone, Nicklaus courses will host 17 PGA Tour-sanctioned events. His Muirfield Village Golf Club in Ohio will be hosting the Presidents Cup in October 2013, making it the only club in history to have hosted all three of the game's most prominent international team competitions—the Ryder Cup, Solheim Cup and Presidents Cup. It is also expected that his course at the Jack Nicklaus Golf Club Korea in New Songdo City, South Korea, will be named the host venue for the 2015 Presidents

Cup—the first time that country has hosted an international team competition of this stature.

SEC. 2. CONGRESSIONAL GOLD MEDAL.

(9) He was our last direct American link to the "war to end all wars".

Revitalize American Manufacturing and Innovation Act of 2014.

TITLE VII—REVITALIZE AMERICAN MANUFACTURING AND INNOVATION ACT OF 2014

15 USC 271 note.

SEC. 701. SHORT TITLE.

This title may be cited as the "Revitalize American Manufacturing and Innovation Act of 2014".

15 USC 2785.

SEC. 702. FINDINGS.

Congress finds the following:

(1) In 2012, manufacturers contributed $2.03 trillion to the economy, or ⅛ of United States Gross Domestic Product.

(2) For every $1.00 spent in manufacturing, another $1.32 is added to the economy, the highest multiplier effect of any economic sector.

(3) Manufacturing supports an estimated 17,400,000 jobs in the United States—about 1 in 6 private-sector jobs. More than 12,000,000 Americans (or 9 percent of the workforce) are employed directly in manufacturing.

(4) In 2012, the average manufacturing worker in the United States earned $77,505 annually, including pay and benefits. The average worker in all industries earned $62,063.

(5) Taken alone, manufacturing in the United States would be the 8th largest economy in the world.

(6) Manufacturers in the United States perform two-thirds of all private-sector research and development in the United States, driving more innovation than any other sector.

SEC. 703. ESTABLISHMENT OF NETWORK FOR MANUFACTURING INNOVATION.

The National Institute of Standards and Technology Act (15 U.S.C. 271 et seq.) is amended—
