Public Law 113–278
113th Congress

An Act

To impose targeted sanctions on persons responsible for violations of human rights of antigovernment protesters in Venezuela, to strengthen civil society in Venezuela, and for other purposes.

Dec. 18, 2014
[S. 2142]

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

Venezuela Defense of Human Rights and Civil Society Act of 2014. 50 USC 1701 note.

SECTION 1. SHORT TITLE.

This Act may be cited as the "Venezuela Defense of Human Rights and Civil Society Act of 2014".

SEC. 2. FINDINGS.

Congress makes the following findings:

(1) The Central Bank of Venezuela and the National Statistical Institute of Venezuela stated that the annual inflation rate in Venezuela in 2013 was 56.30, the highest level of inflation in the Western Hemisphere and the third highest level of inflation in the world behind South Sudan and Syria.

(2) The Central Bank of Venezuela and the Government of Venezuela have imposed a series of currency controls that has exacerbated economic problems and, according to the World Economic Forum, has become the most problematic factor for doing business in Venezuela.

(3) The Central Bank of Venezuela declared that the scarcity index of Venezuela reached 29.4 percent in March 2014, which signifies that fewer than one in 4 basic goods is unavailable at any given time. The Central Bank has not released any information on the scarcity index since that time.

(4) Since 1999, violent crime in Venezuela has risen sharply and the Venezuelan Violence Observatory, an independent nongovernmental organization, found the national per capita murder rate to be 79 per 100,000 people in 2013.

(5) The international nongovernmental organization Human Rights Watch recently stated, "Under the leadership of President Chàvez and now President Maduro, the accumulation of power in the executive branch and the erosion of human rights guarantees have enabled the government to intimidate, censor, and prosecute its critics.".

(6) The Country Reports on Human Rights Practices for 2013 of the Department of State maintained that in Venezuela "the government did not respect judicial independence or permit judges to act according to the law without fear of retaliation" and "the government used the judiciary to intimidate and selectively prosecute political, union, business, and civil society leaders who were critical of government policies or actions".

(7) The Government of Venezuela has detained foreign journalists and threatened and expelled international media outlets operating in Venezuela, and the international nongovernmental organization Freedom House declared that Venezuela's "media climate is permeated by intimidation, sometimes including physical attacks, and strong antimedia rhetoric by the government is common".

(8) Since February 4, 2014, the Government of Venezuela has responded to antigovernment protests with violence and killings perpetrated by its public security forces.

(9) In May 2014, Human Rights Watch found that the unlawful use of force perpetrated against antigovernment protesters was "part of a systematic practice by the Venezuelan security forces".

(10) As of September 1, 2014, 41 people had been killed, approximately 3,000 had been arrested unjustly, and more than 150 remained in prison and faced criminal charges as a result of antigovernment demonstrations throughout Venezuela.

(11) Opposition leader Leopoldo Lopez was arrested on February 18, 2014, in relation to the protests and was unjustly charged with criminal incitement, conspiracy, arson, and property damage. Since his arrest, Lopez has been held in solitary confinement and has been denied 58 out of 60 of his proposed witnesses at his ongoing trial.

(12) As of September 1, 2014, not a single member of the public security forces of the Government of Venezuela had been held accountable for acts of violence perpetrated against antigovernment protesters.

SEC. 3. SENSE OF CONGRESS REGARDING ANTIGOVERNMENT PROTESTS IN VENEZUELA AND THE NEED TO PREVENT FURTHER VIOLENCE IN VENEZUELA.

It is the sense of Congress that—

(1) the United States aspires to a mutually beneficial relationship with Venezuela based on respect for human rights and the rule of law and a functional and productive relationship on issues of public security, including counternarcotics and counterterrorism;

(2) the United States supports the people of Venezuela in their efforts to realize their full economic potential and to advance representative democracy, human rights, and the rule of law within their country;

(3) the chronic mismanagement by the Government of Venezuela of its economy has produced conditions of economic hardship and scarcity of basic goods and foodstuffs for the people of Venezuela;

(4) the failure of the Government of Venezuela to guarantee minimal standards of public security for its citizens has led the country to become one of the most violent and corrupt in the world;

(5) the Government of Venezuela continues to take steps to remove checks and balances on the executive, politicize the judiciary, undermine the independence of the legislature through use of executive decree powers, persecute and prosecute its political opponents, curtail freedom of the press, and limit the free expression of its citizens;

(6) Venezuelans, responding to ongoing economic hardship, high levels of crime and violence, and the lack of basic political rights and individual freedoms, have turned out in demonstrations in Caracas and throughout the country to protest the failure of the Government of Venezuela to protect the political and economic well-being of its citizens; and

(7) the repeated use of violence perpetrated by the National Guard and security personnel of Venezuela, as well as persons acting on behalf of the Government of Venezuela, against antigovernment protesters that began on February 4, 2014, is intolerable and the use of unprovoked violence by protesters is also a matter of serious concern.

SEC. 4. UNITED STATES POLICY TOWARD VENEZUELA.

It is the policy of the United States—

(1) to support the people of Venezuela in their aspiration to live under conditions of peace and representative democracy as defined by the Inter-American Democratic Charter of the Organization of American States;

(2) to work in concert with the other member states within the Organization of American States, as well as the countries of the European Union, to ensure the peaceful resolution of the current situation in Venezuela and the immediate cessation of violence against antigovernment protestors;

(3) to hold accountable government and security officials in Venezuela responsible for or complicit in the use of force in relation to antigovernment protests and similar future acts of violence; and

(A) a list of areas that have been previously studied that contain primarily historical resources; and

(B) a list of areas that have been previously studied that contain primarily natural resources.

(2) CONSIDERATIONS.—In developing the lists, the Secretary should consider threats to resource values, cost escalation factors, and other factors listed in subsection (c).

(3) AREAS ELIGIBLE FOR INCLUSION.—The Secretary should include on the lists only areas for which the supporting data are current and accurate.

(e) LIST OF AREAS THAT EXHIBIT DANGER OR THREATS TO THE INTEGRITY OF THEIR RESOURCES.—At the beginning of each fiscal year, the Secretary shall submit to the Speaker of the House of Representatives and the President of the Senate a complete and current list of all areas listed on the Registry of Natural Landmarks, and areas of national significance listed on the National Register of Historic places, that exhibit known or anticipated damage or threats to the integrity of their resources, with notations as to the nature and severity of the damage or threats.

(f) REPORTS AND LISTINGS PRINTED AS HOUSE DOCUMENTS.—Each report and annual listing described in this section shall be printed as a House document. If adequate supplies of previously printed identical reports remain available, newly submitted identical reports shall be omitted from printing on receipt by the Speaker of the House of Representatives of a joint letter from the chairman of the Committee on Natural Resources of the House of Representatives and the chairman of the Committee on Energy and Natural Resources of Senate indicating that to be the case.

Chapter 1007—Resource Management

Subchapter I—System Resource Inventory and Management

§ 100701. Protection, interpretation, and research in System

Recognizing the ever increasing societal pressures being placed upon America's unique natural and cultural resources contained in the System, the Secretary shall continually improve the ability of the Service to provide state-of-the-art management, protection, and interpretation of, and research on, the resources of the System.

§ 100702. Research mandate

The Secretary shall ensure that management of System units is enhanced by the availability and utilization of a broad program of the highest quality science and information.

§ 100703. Cooperative study units

The Secretary shall enter into cooperative agreements with colleges and universities, including land grant schools, in partnership with other Federal and State agencies, to establish cooperative study units to conduct multi-disciplinary research and develop integrated information products on the resources of the System, or the larger region of which System units are a part.

§ 100704. Inventory and monitoring program

The Secretary shall undertake a program of inventory and monitoring of System resources to establish baseline information and to provide information on the long-term trends in the condition

of System resources. The monitoring program shall be developed in cooperation with other Federal monitoring and information collection efforts to ensure a cost-effective approach.

§ 100705. Availability of System units for scientific study

(a) IN GENERAL.—The Secretary may solicit, receive, and consider requests from Federal or non-Federal public or private agencies, organizations, individuals, or other entities for the use of any System unit for purposes of scientific study.

(b) CRITERIA.—A request for use of a System unit under subsection (a) may be approved only if the Secretary determines that the proposed study—

(1) is consistent with applicable laws and Service management policies; and

(2) will be conducted in a manner that poses no threat to the System unit resources or public enjoyment derived from System unit resources.

(c) FEE WAIVER.—The Secretary may waive any System unit admission or recreational use fee in order to facilitate the conduct of scientific study under this section.

(d) BENEFIT-SHARING ARRANGEMENTS.—The Secretary may negotiate for and enter into equitable, efficient benefit-sharing arrangements with the research community and private industry.

§ 100706. Integration of study results into management decisions

The Secretary shall take such measures as are necessary to ensure the full and proper utilization of the results of scientific study for System unit management decisions. In each case in which an action undertaken by the Service may cause a significant adverse effect on a System unit resource, the administrative record shall reflect the manner in which System unit resource studies have been considered. The trend in the condition of resources of the System shall be a significant factor in the annual performance evaluation of each superintendent of a System unit.

§ 100707. Confidentiality of information

Information concerning the nature and specific location of a System resource that is endangered, threatened, rare, or commercially valuable, of mineral or paleontological objects within System units, or of objects of cultural patrimony within System units, may be withheld from the public in response to a request under section 552 of title 5 unless the Secretary determines that—

(1) disclosure of the information would further the purposes of the System unit in which the resource or object is located and would not create an unreasonable risk of harm, theft, or destruction of the resource or object, including individual organic or inorganic specimens; and

(2) disclosure is consistent with other laws protecting the resource or object.

Subchapter II—System Unit Resource Protection

§ 100721. Definitions

(a) CIVIL ACTION FOR RESPONSE COSTS AND DAMAGES.—The Attorney General, on request of the Secretary after a finding by the Secretary of destruction, loss, or injury to a System unit resource or a finding that absent the undertaking of a response action,

destruction, loss, or injury to a System unit resource would have occurred, may bring a civil action in United States district court against any person or instrumentality that may be liable under section 100722 of this title for response costs and damages. The Secretary shall submit a request for the civil action to the Attorney General whenever a person may be liable or an instrumentality may be liable in rem for those costs and damages under section 100722 of this title.

Subchapter III—Mining Activity Within System Units

§ 100731. Findings and declaration

Congress finds and declares that—

(1) the level of technology of mineral exploration and development has changed radically, and continued application of the mining laws of the United States to System units to which the mining laws apply conflicts with the purposes for which the System units were established; and

(2) all mining operations in System units should be conducted so as to prevent or minimize damage to the environment and other resource values.

§ 100732. Preservation and management of System units by Secretary; promulgation of regulations

To preserve for the benefit of present and future generations the pristine beauty of System units, and to further the purposes of section 100101(a), chapter 1003, and sections 100751(a), 100752, 100753, and 102101 of this title and the individual organic Acts for the System units, all activities resulting from the exercise of mineral rights on patented or unpatented mining claims within any System unit shall be subject to such regulations prescribed by the Secretary as the Secretary considers necessary or desirable for the preservation and management of the System units.

§ 100733. Recordation of mining claims; publication of notice

The recordation does not render valid any claim that was not valid on September 28, 1976, or that becomes invalid after that date.

§ 100734. Report on finding or notification of potential damage to natural and historical landmarks

When the Secretary finds on the Secretary's own motion or on being notified in writing by an appropriate scientific, historical, or archeological authority that a district, site, building, structure, or object that has been found to be nationally significant in illustrating natural history or the history of the United States and that has been designated as a natural or historic landmark may be irreparably lost or destroyed in whole or in part by any surface mining activity, including exploration for or removal or production of minerals or materials, the Secretary shall notify the person conducting the activity and submit a report on the findings or notification, including the basis for the Secretary's finding that the activity may cause irreparable loss or destruction of a national landmark, to the Advisory Council on Historic Preservation, with a request for advice of the Council as to alternative measures that may be taken by the United States to mitigate or abate the activity.

§ 100735. Civil actions for just compensation by mining claim holders

The holder of any patented or unpatented mining claim subject to this subchapter that believes the holder has suffered a loss by operation of this subchapter, or by orders or regulations issued pursuant to this subchapter, may bring a civil action in United States district court to recover just compensation, which shall be awarded if the court finds that the loss constitutes a taking of property compensable under the Constitution.

§ 100736. Acquisition of land by Secretary

Nothing in this subchapter shall be construed to limit the authority of the Secretary to acquire land and interests in land within the boundary of any System unit. The Secretary shall give prompt and careful consideration to any offer made by the owner of any valid right or other property in Glacier Bay National Monument, Death Valley National Monument, Organ Pipe Cactus National Monument, or Mount McKinley National Park to sell the right or other property if the owner notifies the Secretary that the continued ownership of the right or property is causing, or would result in, undue hardship.

(2) PREFERENTIAL RIGHT OF RENEWAL.—The term "preferential right of renewal" means the right of a concessioner, subject to a determination by the Secretary that the facilities or services authorized by a prior contract continue to be necessary and appropriate within the meaning of section 101912 of this title, to match the terms and conditions of any competing proposal that the Secretary determines to be the best proposal for a proposed new concession contract that authorizes the continuation of the facilities and services provided by the concessioner under its prior contract.

§ 101912. Findings and declaration of policy

(a) FINDINGS.—In furtherance of section 100101(a), Congress finds that the preservation and conservation of System unit resources and values requires that public accommodations, facilities, and services that have to be provided within those System units should be provided only under carefully controlled safeguards against unregulated and indiscriminate use, so that—

(1) visitation will not unduly impair those resources and values; and

(2) development of public accommodations, facilities, and services within System units can best be limited to locations that are consistent to the highest practicable degree with the preservation and conservation of the resources and values of the System units.

(b) DECLARATION OF POLICY.—It is the policy of Congress that the development of public accommodations, facilities, and services in System units shall be limited to accommodations, facilities, and services that—

(1) are necessary and appropriate for public use and enjoyment of the System unit in which they are located; and

(2) are consistent to the highest practicable degree with the preservation and conservation of the resources and values of the System unit.

§ 101913. Award of concession contracts

In furtherance of the findings and policy stated in section 101912 of this title, and except as provided by this subchapter or otherwise authorized by law, the Secretary shall utilize concession contracts to authorize a person, corporation, or other entity to provide accommodations, facilities, and services to visitors to System units. Concession contracts shall be awarded as follows:

(1) COMPETITIVE SELECTION PROCESS.—Except as otherwise provided in this section, all proposed concession contracts shall be awarded by the Secretary to the person, corporation, or other entity submitting the best proposal, as determined by the Secretary through a competitive selection process. The competitive process shall include simplified procedures for

small, individually-owned entities seeking award of a concession contract.

(2) SOLICITATION OF PROPOSALS.—Except as otherwise provided in this section, prior to awarding a new concession contract (including renewals or extensions of existing concession contracts) the Secretary—

(ii) make the prospectus available on request to all interested persons.

(3) INFORMATION TO BE INCLUDED IN PROSPECTUS.—The prospectus shall include the following information:

(A) The minimum requirements for the contract as set forth in paragraph (4).

(B) The terms and conditions of any existing concession contract relating to the services and facilities to be provided, including all fees and other forms of compensation provided to the United States by the concessioner.

(C) Other authorized facilities or services that may be provided in a proposal.

(D) Facilities and services to be provided by the Secretary to the concessioner, including public access, utilities, and buildings.

(E) An estimate of the amount of compensation due an existing concessioner from a new concessioner under the terms of a prior concession contract.

(F) A statement as to the weight to be given to each selection factor identified in the prospectus and the relative importance of those factors in the selection process.

(G) Other information related to the proposed concession operation that is provided to the Secretary pursuant to a concession contract or is otherwise available to the Secretary, as the Secretary determines is necessary to allow for the submission of competitive proposals.

(H) Where applicable, a description of a preferential right to the renewal of the proposed concession contract held by an existing concessioner as set forth in paragraph (7).

(4) CONSIDERATION OF PROPOSALS.—

(A) MINIMUM REQUIREMENTS.—No proposal shall be considered that fails to meet the minimum requirements as determined by the Secretary. The minimum requirements shall include the following:

(iii) Measures necessary to ensure the protection, conservation, and preservation of resources of the System unit.

(B) REJECTION OF PROPOSAL.—The Secretary shall reject any proposal, regardless of the franchise fee offered, if the Secretary determines that—

(i) the person, corporation, or entity is not qualified or is not likely to provide satisfactory service; or

(ii) the proposal is not responsive to the objectives of protecting and preserving resources of the System unit and of providing necessary and appropriate facilities and services to the public at reasonable rates.

(C) ALL PROPOSALS FAIL TO MEET MIMIMUM REQUIREMENTS OR ARE REJECTED.—If all proposals submitted to the Secretary fail to meet the minimum requirements or are rejected by the Secretary, the Secretary shall establish new minimum contract requirements and re-initiate the competitive selection process pursuant to this section.

(D) TERMS AND CONDITIONS MATERIALLY AMENDED OR NOT INCORPORATED IN CONTRACT.—The Secretary may not execute a concession contract that materially amends or does not incorporate the proposed terms and conditions of the concession contract as set forth in the applicable prospectus. If proposed material amendments or changes are considered appropriate by the Secretary, the Secretary shall resolicit offers for the concession contract incorporating the material amendments or changes.

(5) SELECTION OF THE BEST PROPOSAL.—

(A) FACTORS IN SELECTION.—In selecting the best proposal, the Secretary shall consider the following principal factors:

(i) The responsiveness of the proposal to the objectives of protecting, conserving, and preserving resources of the System unit and of providing necessary and appropriate facilities and services to the public at reasonable rates.

(ii) The experience and related background of the person, corporation, or entity submitting the proposal, including the past performance and expertise of the person, corporation or entity in providing the same or similar facilities or services.

(iii) The financial capability of the person, corporation, or entity submitting the proposal.

(iv) The proposed franchise fee, except that consideration of revenue to the United States shall be subordinate to the objectives of protecting, conserving, and preserving resources of the System unit and of providing necessary and appropriate facilities to the public at reasonable rates.

(B) SECONDARY FACTORS.—The Secretary may also consider such secondary factors as the Secretary considers appropriate.

(C) DEVELOPMENT OF REGULATIONS.—In developing regulations to implement this subchapter, the Secretary shall consider the extent to which plans for employment of Indians (including Native Alaskans) and involvement of businesses owned by Indians, Indian tribes, or Native Alaskans in the operation of a concession contract should be identified as a factor in the selection of a best proposal under this section.

(6) CONGRESSIONAL NOTIFICATION.—

(A) IN GENERAL.—The Secretary shall submit any proposed concession contract with anticipated annual gross

receipts in excess of $5,000,000 or a duration of more than 10 years to the Committee on Natural Resources of the House of Representatives and the Committee on Energy and Natural Resources of the Senate.

(C) ENTITLEMENT TO AWARD OF NEW CONTRACT.—A concessioner that successfully exercises a preferential right of renewal in accordance with the requirements of this subchapter shall be entitled to award of the proposed new concession contract to which the preference applies.

(8) OUTFITTER AND GUIDE SERVICES AND SMALL CONTRACTS.—

(A) APPLICATION.—Paragraph (7) shall apply only to the following:

(i) Subject to subparagraph (B), concession contracts that solely authorize the provision of specialized backcountry outdoor recreation guide services that require the employment of specially trained and experienced guides to accompany System unit visitors in the backcountry so as to provide a safe and enjoyable experience for visitors who otherwise may not have the skills and equipment to engage in that activity.

(ii) Subject to subparagraph (C), concession contracts with anticipated annual gross receipts under $500,000.

(B) OUTFITTING AND GUIDE CONCESSIONERS.—

(i) DESCRIPTION.—Outfitting and guide concessioners, where otherwise qualified, include concessioners that provide guided river running, hunting, fishing, horseback, camping, and mountaineering experiences.

(ii) WHEN ENTITLED TO PREFERENTIAL RIGHT.—An outfitting and guide concessioner is entitled to a preferential right of renewal under this subchapter only if—

(I) the contract with the outfitting and guide concessioner does not grant the concessioner any interest, including any leasehold surrender interest or possessory interest, in capital improvements on land owned by the United States within a System unit, other than a capital improvement constructed by a concessioner pursuant to the terms of a concession contract prior to November 13, 1998, or constructed or owned by a concessioner or the concessioner's predecessor before the subject land was incorporated into the System;

(II) the Secretary determines that the concessioner has operated satisfactorily during the term of the contract (including any extension); and

(III) the concessioner has submitted a responsive proposal for a proposed new concession contract that satisfies the minimum requirements established by the Secretary pursuant to paragraph (4).

(C) CONTRACT WITH ESTIMATED GROSS RECEIPTS OF LESS THAN $500,000.—A concessioner that holds a concession contract that the Secretary estimates will result in gross annual receipts of less than $500,000 if renewed shall be entitled to a preferential right of renewal under this subchapter if—

(i) the Secretary has determined that the concessioner has operated satisfactorily during the term of the contract (including any extension); and

(ii) the concessioner has submitted a responsive proposal for a proposed new concession contract that satisfies the minimum requirements established by the Secretary pursuant to paragraph (4).

(9) NEW OR ADDITIONAL SERVICES.—The Secretary shall not grant a preferential right to a concessioner to provide new or additional services in a System unit.

(10) AUTHORITY OF SECRETARY NOT LIMITED.—Nothing in this subchapter shall be construed as limiting the authority of the Secretary to determine whether to issue a concession contract or to establish its terms and conditions in furtherance of the policies expressed in this subchapter.

(11) EXCEPTIONS.—Notwithstanding this section, the Secretary may award, without public solicitation, the following:

(A) TEMPORARY CONTRACT.—To avoid interruption of services to the public at a System unit, the Secretary may award a temporary concession contract or an extension of an existing concessions contract for a term not to exceed 3 years, except that prior to making the award, the Secretary shall take all reasonable and appropriate steps to consider alternatives to avoid the interruption.

(B) CONTRACT IN EXTRAORDINARY CIRCUMSTANCES.—The Secretary may award a concession contract in extraordinary circumstances where compelling and equitable considerations require the award of a concession contract to a particular party in the public interest. Award of a concession contract under this subparagraph shall not be made by the Secretary until at least 30 days after—

(i) publication in the Federal Register of notice of the Secretary's intention to award the contract and the reasons for the action; and

(ii) submission of notice to the Committee on Energy and Natural Resources of the Senate and the Committee on Natural Resources of the House of Representatives.

§ 101914. Term of concession contracts

A concession contract entered into pursuant to this subchapter shall generally be awarded for a term of 10 years or less. The Secretary may award a contract for a term of up to 20 years if the Secretary determines that the contract terms and conditions,

including the required construction of capital improvements, warrant a longer term.

§ 101915. Protection of concessioner investment

(a) DEFINITIONS.—In this section:

(1) CAPITAL IMPROVEMENT.—The term "capital improvement" means a structure, a fixture, or nonremovable equipment provided by a concessioner pursuant to the terms of a concession contract and located on land of the United States within a System unit.

(2) CONSUMER PRICE INDEX.—The term "Consumer Price Index" means—

(A) the "Consumer Price Index—All Urban Consumers" published by the Bureau of Labor Statistics of the Department of Labor; or

(B) if the Index is not published, another regularly published cost-of-living index approximating the Consumer Price Index.

(b) LEASEHOLD SURRENDER INTEREST IN CAPITAL IMPROVEMENTS.—A concessioner that constructs a capital improvement on land owned by the United States within a System unit pursuant to a concession contract shall have a leasehold surrender interest in the capital improvement subject to the following terms and conditions:

(1) IN GENERAL.—A concessioner shall have a leasehold surrender interest in each capital improvement constructed by a concessioner under a concession contract, consisting solely of a right to compensation for the capital improvement to the extent of the value of the concessioner's leasehold surrender interest in the capital improvement.

(2) PLEDGE AS SECURITY.—A leasehold surrender interest may be pledged as security for financing of a capital improvement or the acquisition of a concession contract when approved by the Secretary pursuant to this subchapter.

(3) TRANSFER AND RELINQUISHMENT OR WAIVER OF INTEREST.—A leasehold surrender interest shall be transferred by the concessioner in connection with any transfer of the concession contract and may be relinquished or waived by the concessioner.

(4) LIMIT ON EXTINGUISHING OR TAKING INTEREST.—A leasehold surrender interest shall not be extinguished by the expiration or other termination of a concession contract and may not be taken for public use except on payment of just compensation.

(5) VALUE OF INTEREST.—The value of a leasehold surrender interest in a capital improvement shall be an amount equal to the initial value (construction cost of the capital improvement), increased (or decreased) by the same percentage increase (or decrease) as the percentage increase (or decrease) in the Consumer Price Index, from the date of making the investment in the capital improvement by the concessioner to the date of payment of the value of the leasehold surrender interest, less depreciation of the capital improvement as evidenced by the condition and prospective serviceability in comparison with a new unit of like kind.

(6) VALUE OF INTEREST IN CERTAIN NEW CONCESSION CONTRACTS.—

(A) HOW VALUE IS DETERMINED.—The Secretary may provide, in any new concession contract that the Secretary estimates will have a leasehold surrender interest of more than $10,000,000, that the value of any leasehold surrender interest in a capital improvement shall be based on—

(i) a reduction on an annual basis, in equal portions, over the same number of years as the time period associated with the straight line depreciation of the initial value (construction cost of the capital improvement), as provided by applicable Federal income tax laws and regulations in effect on November 12, 1998; or

(ii) an alternative formula that is consistent with the objectives of this subchapter.

(B) WHEN ALTERNATIVE FORMULA MAY BE USED.—The Secretary may use an alternative formula under subparagraph (A)(ii) only if the Secretary determines, after scrutiny of the financial and other circumstances involved in the particular concession contract (including providing notice in the Federal Register and opportunity for comment), that the alternative formula is, compared to the standard method of determining value provided for in paragraph (5), necessary to provide a fair return to the Federal Government and to foster competition for the new contract by providing a reasonable opportunity to make a profit under the new contract. If no responsive offers are received in response to a solicitation that includes the alternative formula, the concession opportunity shall be resolicited with the leasehold surrender interest value as described in paragraph (5).

(7) INCREASE IN VALUE OF INTEREST.—Where a concessioner, pursuant to the terms of a concession contract, makes a capital improvement to an existing capital improvement in which the concessioner has a leasehold surrender interest, the cost of the additional capital improvement shall be added to the then-current value of the concessioner's leasehold surrender interest.

(c) SPECIAL RULE FOR POSSESSORY INTEREST EXISTING BEFORE NOVEMBER 13, 1998.—

(1) IN GENERAL.—A concessioner that has obtained a possessory interest (as defined pursuant to the Act of October 9, 1965 (known as the National Park Service Concessions Policy Act; Public Law 89–249, 79 Stat. 969), as in effect on November 12, 1998) under the terms of a concession contract entered into before November 13, 1998, shall, on the expiration or termination of the concession contract, be entitled to receive compensation for the possessory interest improvements in the amount and manner as described by the concession contract. Where that possessory interest is not described in the existing concession contract, compensation of possessory interest shall be determined in accordance with the laws in effect on November 12, 1998.

(2) EXISTING CONCESSIONER AWARDED A NEW CONTRACT.—A concessioner awarded a new concession contract to replace an existing concession contract after November 13, 1998, instead of directly receiving the possessory interest compensation, shall have a leasehold surrender interest in its existing possessory interest improvements under the terms of the new

concession contract and shall carry over as the initial value of the leasehold surrender interest (instead of construction cost) an amount equal to the value of the existing possessory interest as of the termination date of the previous concession contract. In the event of a dispute between the concessioner and the Secretary as to the value of the possessory interest, the matter shall be resolved through binding arbitration.

(3) NEW CONCESSIONER AWARDED A CONTRACT.—A new concessioner awarded a concession contract and required to pay a prior concessioner for possessory interest in prior improvements shall have a leasehold surrender interest in the prior improvements. The initial value in the leasehold surrender interest (instead of construction cost) shall be an amount equal to the value of the existing possessory interest as of the termination date of the previous concession contract.

(4) DE NOVO REVIEW OF VALUE DETERMINATION.—If the Secretary, or either party to a value determination proceeding conducted under a Service concession contract issued before November 13, 1998, considers that the value determination decision issued pursuant to the proceeding misinterprets or misapplies relevant contractual requirements or their underlying legal authority, the Secretary or either party may seek, within 180 days after the date of the decision, de novo review of the value determination decision by the United States Court of Federal Claims. The Court of Federal Claims may make an order affirming, vacating, modifying or correcting the determination decision.

A successor concessioner shall have a leasehold surrender interest in the capital improvement under the terms of a new concession contract and the initial value of the leasehold surrender interest in the capital improvement (instead of construction cost) shall be the amount of money the new concessioner is required to pay the prior concessioner for its leasehold surrender interest under the terms of the prior concession contract.

The Secretary shall approve rates and charges that the Secretary determines to be reasonable and appropriate. Unless otherwise provided in the concession contract, the reasonableness and appropriateness of rates and charges shall be determined primarily by comparison with those rates and charges for facilities, goods, and services of comparable character under similar conditions, with due consideration to the following factors and other factors deemed relevant by the Secretary:

(A) Length of season.
(B) Peakloads.
(C) Average percentage of occupancy.

(a) IN GENERAL.—A concession contract shall provide for payment to the Federal Government of a franchise fee or other monetary consideration as determined by the Secretary, on consideration of the probable value to the concessioner of the privileges granted by the particular contract involved. Probable value shall be based on a reasonable opportunity for net profit in relation to capital invested and the obligations of the concession contract. Consideration of revenue to the United States shall be subordinate to the objectives of protecting and preserving System units and of providing necessary and appropriate services for visitors at reasonable rates.

(b) PROVISIONS TO BE SPECIFIED IN CONTRACT.—The amount of the franchise fee or other monetary consideration paid to the United States for the term of the concession contract shall be specified in the concession contract and may be modified only to reflect extraordinary unanticipated changes from the conditions anticipated as of the effective date of the concession contract. The Secretary shall include in concession contracts with a term of more than 5 years a provision that allows reconsideration of the franchise fee at the request of the Secretary or the concessioner in the event of extraordinary unanticipated changes. The provision shall provide for binding arbitration in the event that the Secretary and the concessioner are unable to agree on an adjustment to the franchise fee in those circumstances.

(c) SPECIAL ACCOUNT IN TREASURY.—

in which the funds were collected. The funds deposited in the special account shall remain available until expended.

(2) SUBACCOUNT FOR EACH SYSTEM UNIT.—There shall be established within the special account a subaccount for each System unit. Each subaccount shall be credited with 80 percent of the franchise fees (and other monetary consideration) collected at a single System unit under concession contracts. The funds credited to the subaccount for a System unit shall be available for expenditure by the Secretary, without further appropriation, for use at the System unit for visitor services and for purposes of funding high-priority and urgently necessary resource management programs and operations. The funds credited to a subaccount shall remain available until expended.

(A) the protection, conservation, or preservation of the resources of the System unit; or

(B) the provision of necessary and appropriate facilities and services to visitors at reasonable rates and charges; and

(3) the terms of the transfer or conveyance are likely, directly or indirectly, to—

(A) reduce the concessioner's opportunity for a reasonable profit over the remaining term of the concession contract;

(B) adversely affect the quality of facilities and services provided by the concessioner; or

(C) result in a need for increased rates and charges to the public to maintain the quality of the facilities and services.

(c) MODIFICATION OR RENEGOTIATION OF TERMS.—The terms and conditions of any concession contract under this section shall not be subject to modification or open to renegotiation by the Secretary because of a transfer or conveyance described in subsection (a) unless the transfer or conveyance would have an adverse impact as described in subsection (b)(2).

(6) Congress needs to weigh in on the new regulations to ensure that unelected bureaucrats and judges cannot again override the 2d amendment rights of law-abiding citizens on 83,600,000 acres of System land.

(3) AVAILABILITY OF DEPOSITS.—Notwithstanding section 200303 of this title, money deposited in the Fund under this subsection shall remain in the Fund until appropriated by Congress to carry out this chapter.

§ 200303. Appropriations for expenditure of Fund amounts

Amounts deposited in the Fund shall be available for expenditure for the purposes of this chapter only when appropriated for those purposes. The appropriations may be made without fiscal-year limitation. Amounts made available for obligation or expenditure from the Fund may be obligated or expended only as provided in this chapter.

§ 200304. Statement of estimated requirements

There shall be submitted with the annual budget of the United States a comprehensive statement of estimated requirements during the ensuing fiscal year for appropriations from the Fund. Not less than 40 percent of such appropriations shall be available for Federal purposes.

§ 200305. Financial assistance to States

(a) AUTHORITY OF SECRETARY TO MAKE PAYMENTS.—The Secretary may provide financial assistance to the States from amounts available for State purposes. Payments may be made to the States

by the Secretary as provided in this section, subject to such terms and conditions as the Secretary considers appropriate and in the public interest to carry out the purposes of this chapter, for outdoor recreation:

(1) Planning.

(2) Acquisition of land, water, or interests in land or water.

(3) Development.

(b) APPORTIONMENT AMONG STATES.—Amounts appropriated and available for State purposes for each fiscal year shall be apportioned among the States by the Secretary, whose determination shall be final, in accordance with the following formula:

(1) Forty percent of the 1st $225,000,000; 30 percent of the next $275,000,000; and 20 percent of all additional appropriations shall be apportioned equally among the States.

(2) At any time, the remaining appropriation shall be apportioned on the basis of need to individual States by the Secretary in such amounts as in the Secretary's judgment will best accomplish the purposes of this chapter. The determination of need shall include consideration of——

(A) the proportion that the population of each State bears to the total population of the United States;

(B) the use of outdoor recreation resources of each State by persons from outside the State; and

(C) the Federal resources and programs in each State.

(3) The total allocation to a State under paragraphs (1) and (2) shall not exceed 10 percent of the total amount allocated to all of the States in any one year.

(4) The Secretary shall notify each State of its apportionments. The amounts shall be available for payment to the State for planning, acquisition, or development projects as prescribed. Any amount of any apportionment that has not been paid or obligated by the Secretary during the fiscal year in which the notification is given and for 2 fiscal years thereafter shall be reapportioned by the Secretary in accordance with paragraph (2) without regard to the 10 percent limitation to an individual State specified in this subsection.

(5) For the purposes of paragraph (1), the District of Columbia, Puerto Rico, Guam, American Samoa, the Virgin Islands, and the Northern Mariana Islands shall be deemed to be one State, and shall receive shares of the apportionment in proportion to their populations.

(c) MATCHING REQUIREMENTS.—Payments to any State shall cover not more than 50 percent of the cost of planning, acquisition, or development projects that are undertaken by the State. The remaining share of the cost shall be borne by the State in a manner and with funds or services as shall be satisfactory to the Secretary.

(d) COMPREHENSIVE STATE PLAN.—

(1) REQUIRED FOR CONSIDERATION OF FINANCIAL ASSISTANCE.—A comprehensive statewide outdoor recreation plan shall be required prior to the consideration by the Secretary of financial assistance for acquisition or development projects. The plan shall be adequate if, in the judgment of the Secretary, it encompasses and will promote the purposes of this chapter. No plan shall be approved unless the chief executive official of the State certifies that ample opportunity for public participation in plan development and revision has been accorded. The

Secretary shall develop, in consultation with others, criteria for public participation, which criteria shall constitute the basis for the certification by the chief executive official. The plan shall contain—

(A) the name of the State agency that will have authority to represent and act for the State in dealing with the Secretary for purposes of this chapter;

(B) an evaluation of the demand for and supply of outdoor recreation resources and facilities in the State;

(C) a program for the implementation of the plan; and

(D) other necessary information, as determined by the Secretary.

(2) FACTORS TO BE CONSIDERED.—The plan shall take into account relevant Federal resources and programs and shall be correlated so far as practicable with other State, regional, and local plans. Where there exists or is in preparation for any particular State a comprehensive plan financed in part with funds supplied by the Secretary of Housing and Urban Development, any statewide outdoor recreation plan prepared for purposes of this part shall be based on the same population, growth, and other pertinent factors as are used in formulating plans financed by the Secretary of Housing and Urban Development.

(3) PROVISION OF ASSISTANCE WHEN PLAN NOT OTHERWISE AVAILABLE OR TO MAINTAIN PLAN.—The Secretary may provide financial assistance to any State for projects for the preparation of a comprehensive statewide outdoor recreation plan when the plan is not otherwise available or for the maintenance of the plan.

(4) WETLANDS.—A comprehensive statewide outdoor recreation plan shall specifically address wetlands within the State as an important outdoor recreation resource as a prerequisite to approval, except that a revised comprehensive statewide outdoor recreation plan shall not be required by the Secretary, if a State submits, and the Secretary, acting through the Director, approves, as a part of and as an addendum to the existing comprehensive statewide outdoor recreation plan, a wetlands priority plan developed in consultation with the State agency with responsibility for fish and wildlife resources and consistent with the national wetlands priority conservation plan developed under section 301 of the Emergency Wetlands Resources Act of 1986 (16 U.S.C. 3921) or, if the national plan has not been completed, consistent with the provisions of that section.

(e) PROJECTS FOR LAND AND WATER ACQUISITION AND DEVELOPMENT OF BASIC OUTDOOR RECREATION FACILITIES.—

(1) IN GENERAL.—In addition to assistance for planning projects, the Secretary may provide financial assistance to any State for the types of projects described in paragraphs (2) and (3), or combinations of those projects, if the projects are in accordance with the State comprehensive plan.

(2) ACQUISITION OF LAND OR WATER.—

(A) IN GENERAL.—Under paragraph (1), the Secretary may provide financial assistance for a project for the acquisition of land, water, or an interest in land or water, or a wetland area or an interest in a wetland area, as identified in the wetlands provisions of the comprehensive

plan (other than land, water, or an interest in land or water acquired from the United States for less than fair market value), but not including incidental costs relating to acquisition.

(B) RETENTION OF RIGHT OF USE AND OCCUPANCY.—When a State provides that the owner of a single-family residence may, at the owner's option, elect to retain a right of use and occupancy for not less than 6 months after the date of acquisition of the residence and the owner elects to retain such a right—

(i) the owner shall be deemed to have waived any benefits under sections 203 to 206 of the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 (42 U.S.C. 4623 to 4626); and

(ii) for the purposes of those sections the owner shall not be deemed to be a displaced person as defined in section 101 of that Act (42 U.S.C. 4601).

(3) DEVELOPMENT OF BASIC OUTDOOR RECREATION FACILITIES.—Under paragraph (1), the Secretary may provide financial assistance for a project for development of basic outdoor recreation facilities to serve the general public, including the development of Federal land under lease to States for terms of 25 years or more. No assistance shall be available under this chapter to enclose or shelter a facility normally used for an outdoor recreation activity, but the Secretary may permit local funding, not to exceed 10 percent of the total amount allocated to a State in any one year, to be used for construction of a sheltered facility for a swimming pool or ice skating rink in an area where the Secretary determines that the construction is justified by the severity of climatic conditions and the increased public use made possible by the construction.

(f) PAYMENTS.—

(1) CRITERIA FOR MAKING PAYMENTS.—The Secretary may make a payment to a State only for a planning, acquisition, or development project that is approved by the Secretary. The Secretary shall not make a payment for or on account of any project with respect to which financial assistance has been given or promised under any other Federal program or activity, and no financial assistance shall be given under any other Federal program or activity for or on account of any project with respect to which the assistance has been given or promised under this chapter. The Secretary may make payments from time to time in keeping with the rate of progress toward the satisfactory completion of a project. The approval of all projects and all payments, or any commitments relating thereto, shall be withheld until the Secretary receives appropriate written assurance from the State that the State has the ability and intention to finance its share of the cost of all of the projects, and to operate and maintain by acceptable standards, at State expense, the properties or facilities acquired or developed for public outdoor recreation use.

(2) PAYMENT RECIPIENTS.—Payments for all projects shall be made by the Secretary to the chief executive official of the State or to a State official or agency designated by the chief executive official or by State law having authority and responsibility to accept and to administer funds paid under this section for approved projects. If consistent with an

approved project, funds may be transferred by the State to a political subdivision or other appropriate public agency.

(3) CONVERSION TO OTHER THAN PUBLIC OUTDOOR RECREATION USE.—No property acquired or developed with assistance under this section shall, without the approval of the Secretary, be converted to other than public outdoor recreation use. The Secretary shall approve a conversion only if the Secretary finds it to be in accordance with the then-existing comprehensive statewide outdoor recreation plan and only on such conditions as the Secretary considers necessary to ensure the substitution of other recreation properties of at least equal fair market value and of reasonably equivalent usefulness and location. Wetland areas and interests therein as identified in the wetlands provisions of the comprehensive plan and proposed to be acquired as suitable replacement property within the same State that is otherwise acceptable to the Secretary, acting through the Director, shall be deemed to be of reasonably equivalent usefulness with the property proposed for conversion.

(4) REPORTS AND ACCOUNTING PROCEDURES.—No payment shall be made to any State until the State has agreed to—

(A) provide such reports to the Secretary in such form and containing such information as may be reasonably necessary to enable the Secretary to perform the Secretary's duties under this chapter; and

(B) provide such fiscal control and fund accounting procedures as may be necessary to ensure proper disbursement and accounting for Federal funds paid to the State under this chapter.

(g) RECORDS.—A recipient of assistance under this chapter shall keep such records as the Secretary shall prescribe, including records that fully disclose—

(1) the amount and the disposition by the recipient of the proceeds of the assistance;

(2) the total cost of the project or undertaking in connection with which the assistance is given or used; and

(3) the amount and nature of that portion of the cost of the project or undertaking supplied by other sources, and such other records as will facilitate an effective audit.

(h) ACCESS TO RECORDS.—The Secretary, and the Comptroller General, or any of their duly authorized representatives, shall have access for the purpose of audit and examination to any records of the recipient that are pertinent to assistance received under this chapter.

(i) PROHIBITION OF DISCRIMINATION.—With respect to property acquired or developed with assistance from the Fund, discrimination on the basis of residence, including preferential reservation or membership systems, is prohibited except to the extent that reasonable differences in admission and other fees may be maintained on the basis of residence.

(j) COORDINATION WITH FEDERAL AGENCIES.—To ensure consistency in policies and actions under this chapter with other related Federal programs and activities and to ensure coordination of the planning, acquisition, and development assistance to States under this section with other related Federal programs and activities—

(1) the President may issue such regulations with respect thereto as the President considers desirable; and

(2) the assistance may be provided only in accordance with the regulations.

(k) CAPITAL IMPROVEMENT AND OTHER PROJECTS TO REDUCE CRIME.—

(1) AVAILABILITY AND PURPOSE OF FUNDS.—In addition to assistance for planning projects, and in addition to the projects identified in subsection (e), and from amounts appropriated out of the Violent Crime Reduction Trust Fund, the Secretary may provide financial assistance to the States, not to exceed $15,000,000, for projects or combinations thereof for the purpose of making capital improvements and other measures to increase safety in urban parks and recreation areas, including funds to—

(A) increase lighting within or adjacent to public parks and recreation areas;

(B) provide emergency telephone lines to contact law enforcement or security personnel in areas within or adjacent to public parks and recreation areas;

(C) increase security personnel within or adjacent to public parks and recreation areas; and

(D) fund any other project intended to increase the security and safety of public parks and recreation areas.

(2) ELIGIBILITY.—In addition to the requirements for project approval imposed by this section, eligibility for assistance under this subsection shall depend on a showing of need. In providing funds under this subsection, the Secretary shall give priority to projects proposed for urban parks and recreation areas with the highest rates of crime and, in particular, to urban parks and recreation areas with the highest rates of sexual assault.

(3) FEDERAL SHARE.—Notwithstanding subsection (c), the Secretary may provide 70 percent improvement grants for projects undertaken by a State for the purposes described in this subsection.

§ 200306. Allocation of Fund amounts for Federal purposes

(a) ALLOWABLE PURPOSES AND SUBPURPOSES.—

(2) ACQUISITION OF LAND, WATER, OR AN INTEREST IN LAND OR WATER.—

(A) SYSTEM UNITS AND RECREATION AREAS ADMINISTERED FOR RECREATION PURPOSES.—Amounts shall be allotted for the acquisition of land, water, or an interest in land or water within the exterior boundary of—

(i) a System unit authorized or established; and

(i) IN GENERAL.—Amounts shall be allotted for the acquisition of land, water, or an interest in land or water within inholdings within—

(I) wilderness areas of the National Forest System; and

(II) other areas of national forests as the boundaries of those forests existed on January 1, 1965,

or purchase units approved by the National Forest Reservation Commission subsequent to January 1, 1965, all of which other areas are primarily of value for outdoor recreation purposes.

(ii) ADJACENT LAND.—Land outside but adjacent to an existing national forest boundary, not to exceed 3,000 acres in the case of any one forest, that would comprise an integral part of a forest recreational management area may also be acquired with amounts appropriated from the Fund.

(iii) LIMITATION.—Except for areas specifically authorized by Act of Congress, not more than 15 percent of the acreage added to the National Forest System pursuant to this section shall be west of the 100th meridian.

(C) ENDANGERED SPECIES AND THREATENED SPECIES; FISH AND WILDLIFE REFUGE AREAS; NATIONAL WILDLIFE REFUGE SYSTEM.—Amounts shall be allotted for the acquisition of land, water, or an interest in land or water for—

(ii) areas authorized by section 2 of the Refuge Recreation Act (16 U.S.C. 460k–1);

(iii) national wildlife refuge areas under section 7(a)(4) of the Fish and Wildlife Act of 1956 (16 U.S.C. 742f(a)(4)) and wetlands acquired under section 304 of the Emergency Wetlands Resources Act of 1986 (16 U.S.C. 3922); and

(iv) any area authorized for the National Wildlife Refuge System by specific Acts.

(3) PAYMENT AS OFFSET OF CAPITAL COSTS.—Amounts shall be allotted for payment into miscellaneous receipts of the Treasury as a partial offset for capital costs, if any, of Federal water development projects authorized to be constructed by or pursuant to an Act of Congress that are allocated to public recreation and the enhancement of fish and wildlife values and financed through appropriations to water resource agencies.

(4) AVAILABILITY OF APPROPRIATIONS.—Appropriations allotted for the acquisition of land, water, or an interest in land or water as set forth under subparagraphs (A) and (B) of paragraph (2) shall be available for those acquisitions notwithstanding any statutory ceiling on the appropriations contained in any other provision of law enacted prior to January 4, 1977, or, in the case of national recreation areas, prior to January 15, 1979, except that for any such area expenditures shall not exceed a statutory ceiling during any one fiscal year by 10 percent of the ceiling or $1,000,000, whichever is greater.

(b) ACQUISITION RESTRICTIONS.—Appropriations from the Fund pursuant to this section shall not be used for acquisition unless the acquisition is otherwise authorized by law. Appropriations from the Fund may be used for preacquisition work where authorization is imminent and where substantial monetary savings could be realized.

§ 200307. Availability of Fund amounts for publicity purposes

(a) IN GENERAL.—Amounts derived from the sources listed in section 200302 of this title shall not be available for publicity purposes.

(b) EXCEPTION FOR TEMPORARY SIGNING.—In a case where significant acquisition or development is initiated, appropriate standardized temporary signing shall be located on or near the affected site, to the extent feasible, so as to indicate the action taken is a product of funding made available through the Fund. The signing may indicate the percentage amounts and dollar amounts financed by Federal and non-Federal funds, and that the source of the funding includes amounts derived from Outer Continental Shelf receipts. The Secretary shall prescribe standards and guidelines for the usage of the signing to ensure consistency of design and application.

§ 200308. Contracts for acquisition of land and water

Not more than $30,000,000 of the amount authorized to be appropriated from the Fund by section 200303 of this title may be obligated by contract during each fiscal year for the acquisition of land, water, or interest in land or water within areas specified in section 200306(a)(2) of this title. The contract may be executed by the head of the department concerned, within limitations prescribed by the Secretary. The contract shall be a contractual obligation of the United States and shall be liquidated with money appropriated from the Fund specifically for liquidation of that contract obligation. No contract may be entered into for the acquisition of property pursuant to this section unless the acquisition is otherwise authorized by Federal law.

§ 200309. Contracts for options to acquire land and water in System

The Secretary may enter into contracts for options to acquire land, water, or interests in land or water within the exterior boundaries of any area the acquisition of which is authorized by law for inclusion in the System. The minimum period of any such option shall be 2 years, and any sums expended for the purchase of an option shall be credited to the purchase price of the area. Not more than $500,000 of the sum authorized to be appropriated from the Fund by section 200303 of this title may be expended by the Secretary in any one fiscal year for the options.

§ 200502. Federal assistance

(a) ELIGIBILITY DETERMINED BY SECRETARY.—Eligibility of general purpose local governments for assistance under this chapter shall be based on need as determined by the Secretary. The Secretary shall publish in the Federal Register a list of local governments

eligible to participate in this program, to be accompanied by a discussion of criteria used in determining eligibility. Criteria shall be based on factors that the Secretary determines are related to deteriorated recreational facilities or systems and physical and economic distress.

(b) ADDITIONAL ELIGIBLE GENERAL PURPOSE LOCAL GOVERNMENTS.—In addition to eligible local governments established in accordance with subsection (a), the Secretary may establish eligibility, in accord with the findings and purpose of the Urban Park and Recreation Recovery Act of 1978 (Public Law 95–625, 92 Stat. 3538), of other general purpose local governments in metropolitan statistical areas as defined by the Director of the Office of Management and Budget.

(c) PRIORITY CRITERIA FOR PROJECT SELECTION AND APPROVAL.—

(1) IN GENERAL.—The Secretary shall establish priority criteria for project selection and approval that consider such factors as—

(A) population;

(B) condition of existing recreation areas and facilities;

(C) demonstrated deficiencies in access to neighborhood recreation opportunities, particularly for minority and low- and moderate-income residents;

(D) public participation in determining rehabilitation or development needs;

(E) the extent to which a project supports or complements target activities undertaken as part of a local government's overall community development and urban revitalization program;

(iii) both; and

(G) the amount of State and private support for a project as evidenced by commitments of non-Federal resources to project construction or operation.

(G) Programs that show the greatest potential of being continued with non-Federal funds or that can serve as models for other communities.

(d) LIMITATION OF FUNDS.—Grants to discretionary applicants under subsection (b) may not be more than 15 percent of the total amount of funds appropriated under this chapter for rehabilitation grants, innovation grants, and recovery action program grants.

§ 200503. Rehabilitation grants and innovation grants

(a) MATCHING GRANTS.—The Secretary may provide 70 percent matching rehabilitation grants and innovation grants directly to eligible general purpose local governments on the Secretary's approval of applications for the grants by the chief executive officials of those governments.

(b) SPECIAL CONSIDERATIONS.—An innovation grant should be closely tied to goals, priorities, and implementation strategies expressed in local park and recreation recovery action programs, with particular regard to the special considerations listed in section 200504(c)(2) of this title.

(c) TRANSFER.—If consistent with an approved application, a grant recipient may transfer a rehabilitation grant or innovation grant in whole or in part to an independent special purpose local government, private nonprofit agency, or county or regional park authority if the assisted recreation area or facility owned or managed by the transferree offers recreation opportunities to the general population within the jurisdictional boundaries of the grant recipient.

(d) PAYMENTS.—Payments may be made only for a rehabilitation project or innovation project that has been approved by the Secretary. Payments may be made from time to time in keeping with the rate of progress toward the satisfactory completion of the project, except that the Secretary, when appropriate, may make advance payments on an approved rehabilitation project or innovation project in an amount not to exceed 20 percent of the total project cost.

(e) MODIFICATION OF PROJECT.—The Secretary may authorize modification of an approved project only when a grant recipient adequately demonstrates that the modification is necessary because of circumstances not foreseeable at the time at which the project was proposed.

§ 200504. Recovery action programs

(a) EVIDENCE OF LOCAL COMMITMENT TO ONGOING PROGRAMS.—As a requirement for project approval, local governments applying for assistance under this chapter shall submit to the Secretary evidence of their commitments to ongoing planning, rehabilitation, service, operation, and maintenance programs for their park and recreation systems. These commitments will be expressed in local park and recreation recovery action programs that maximize coordination of all community resources, including other federally supported urban development and recreation programs. During an initial interim period to be established by regulations under this chapter, this requirement may be satisfied by local government

submissions of preliminary action programs that briefly define objectives, priorities, and implementation strategies for overall system recovery and maintenance and commit the applicant to a scheduled program development process. Following this interim period, all local applicants shall submit to the Secretary, as a condition of eligibility, a 5-year action program for park and recreation recovery that satisfactorily demonstrates—

(1) systematic identification of recovery objectives, priorities, and implementation strategies;

(2) adequate planning for rehabilitation of specific recreation areas and facilities, including projections of the cost of proposed projects;

(3) the capacity and commitment to ensure that facilities provided or improved under this chapter shall continue to be adequately maintained, protected, staffed, and supervised;

(4) the intention to maintain total local public outlays for park and recreation purposes at levels at least equal to those in the year preceding that in which grant assistance is sought except in any case where a reduction in park and recreation outlays is proportionate to a reduction in overall spending by the applicant; and

(5) the relationship of the park and recreation recovery program to overall community development and urban revitalization efforts.

(b) CONTINUING PLANNING PROCESS.—Where appropriate, the Secretary may encourage local governments to meet action program requirements through a continuing planning process that includes periodic improvements and updates in action program submissions to eliminate identified gaps in program information and policy development.

(c) SPECIAL CONSIDERATIONS.—Action programs shall address, but are not limited to—

(1) rehabilitation of existing recreational areas and facilities, including—

(A) general systemwide renovation;

(B) special rehabilitation requirements for recreational areas and facilities in areas of high population concentration and economic distress; and

(C) restoration of outstanding or unique structures, landscaping, or similar features in parks of historical or architectural significance; and

(2) local commitments to innovative and cost-effective programs and projects at the neighborhood level to augment recovery of park and recreation systems, including—

(A) recycling of abandoned schools and other public buildings for recreational purposes;

(B) multiple use of operating educational and other public buildings, purchase of recreation services on a contractual basis;

(C) use of mobile facilities and recreational, cultural, and educational programs or other innovative approaches to improving access for neighborhood residents;

(D) integration of recovery program with federally assisted projects to maximize recreational opportunities through conversion of abandoned railroad and highway rights of way, waterfront, and other redevelopment efforts

and such other federally assisted projects as may be appropriate;

(E) conversion of recreation use of street space, derelict land, and other public land not now designated for neighborhood recreational use; and

(F) use of various forms of compensated and uncompensated land regulation, tax inducements, or other means to encourage the private sector to provide neighborhood park and recreation facilities and programs.

(d) PUBLICATION IN FEDERAL REGISTER.—The Secretary shall establish and publish in the Federal Register requirements for preparation, submission, and updating of local park and recreation recovery action programs.

(e) ELIGIBILITY FOR AT-RISK YOUTH RECREATION GRANTS.—To be eligible to receive at-risk youth recreation grants a local government shall amend its 5-year action program to incorporate the goal of reducing crime and juvenile delinquency and to provide a description of the implementation strategies to achieve this goal. The plan shall also address how the local government is coordinating its recreation programs with crime prevention efforts of law enforcement, juvenile corrections, and youth social service agencies.

(f) MATCHING RECOVERY ACTION PROGRAM GRANTS.—The Secretary may provide up to 50 percent matching recovery action program grants to eligible local governments for program development and planning specifically to meet the objectives of this chapter.

§ 200505. State action

(a) ADDITIONAL MATCH.—The Secretary may increase rehabilitation grants or innovation grants authorized in section 200503 of this title by providing an additional match equal to the total match provided by a State of up to 15 percent of total project costs. The Federal matching amount shall not exceed 85 percent of total project cost.

(b) ADEQUATE IMPLEMENTATION OF LOCAL RECOVERY PLANS.—The Secretary shall encourage States to assist the Secretary in ensuring—

(1) that local recovery plans and programs are adequately implemented by cooperating with the Secretary in monitoring local park and recreation recovery plans and programs; and

(2) consistency of the plans and programs, where appropriate, with State recreation policies as set forth in statewide comprehensive outdoor recreation plans.

§ 200506. Non-Federal share of project costs

(a) SOURCES.—

(1) ALLOWABLE SOURCES.—The non-Federal share of project costs assisted under this chapter may be derived from general or special purpose State or local revenues, State categorical grants, special appropriations by State legislatures, donations of land, buildings, or building materials, and in-kind construction, technical, and planning services. Reasonable local costs of recovery action program development to meet the requirements of section 200504(a) of this title may be used as part of the local match only when the local government has not received a recovery action program grant.

(2) NON-ALLOWABLE SOURCES.—No amount from the Land and Water Conservation Fund or from any other Federal grant program other than the community development block grant programs shall be used to match Federal grants under this program.

(b) ENCOURAGEMENT OF STATES AND PRIVATE INTERESTS.—The Secretary shall encourage States and private interests to contribute, to the maximum extent possible, to the non-Federal share of project costs.

§ 200507. Conversion of recreation property

Public Law 113–291

An Act

Dec. 19, 2014
[H.R. 3979]

To authorize appropriations for fiscal year 2015 for military activities of the Department of Defense, for military construction, and for defense activities of the Department of Energy, to prescribe military personnel strengths for such fiscal year, and for other purposes.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

Carl Levin and Howard P. "Buck" McKeon National Defense Authorization Act for Fiscal Year 2015.

SECTION 1. SHORT TITLE.

(a) SHORT TITLE.—This Act may be cited as the "Carl Levin and Howard P. 'Buck' McKeon National Defense Authorization Act for Fiscal Year 2015".

(b) FINDINGS.—Congress makes the following findings:

(1)(A) Senator Carl Levin of Michigan was elected a member of the United States Senate on November 7, 1978, for a full term beginning January 3, 1979. He has served continuously in the Senate since that date, and was appointed as a member of the Committee on Armed Services in January 1979. He has served on the Committee on Armed Services since that date, a period of nearly 36 years.

(B) A graduate of Detroit Central High School, Senator Levin went on to Swarthmore College, and graduated from Harvard Law School in 1959, gaining admittance to the Michigan bar. He served his State as assistant attorney general and general counsel of the Michigan Civil Rights Commission from 1964–1967, and later served his hometown of Detroit as a member of the Detroit City Council from 1969–1973, and as the council's president from 1974–1977.

(C) Senator Levin first served as chairman of the Committee on Armed Services of the United States Senate for a period of the 107th Congress, and has remained chairman since the 110th Congress began in 2007. He has exercised extraordinary leadership as either the chairman or ranking minority member of the committee since the start of the 105th Congress in 1997.

(D) Each year, for the past 52 years, the Committee on Armed Services has reliably passed an annual defense authorization act, and this will be the 36th that Senator Levin has had a role in. In his capacity as member, ranking member, and chairman, he has been an advocate for a strong national defense, and has made lasting contributions to the security of our Nation.

(E) It is altogether fitting and proper that this Act, the last annual authorization act for the national defense that Senator Levin manages in and for the United States Senate

as chairman of the Committee on Armed Services, be named in his honor, as provided in subsection (a).

(2)(A) Representative Howard P. "Buck" McKeon was elected to the House of Representatives in 1992 to represent California's 25th Congressional District.

(B) Chairman McKeon was born in Los Angeles and grew up in Tujunga CA. He served a two and a half year mission for the Church of Jesus Christ of Latter-Day Saints and attended Brigham Young University. Prior to his election to Congress, he was a small business owner, and served both on the William S. Hart Union High School District Board of Trustees and as the first mayor of the City of Santa Clarita.

(C) In the 111th Congress, Chairman McKeon was selected by his peers as the Ranking Member of the House Armed Services Committee and has served as Chairman since in the 112th and 113th Congresses. Previously Chairman McKeon had served as the Chairman of the House Committee on Education and the Workforce.

(D) Chairman McKeon is a champion of a strong national defense, the men and women of America's Armed Forces and their families, and returning fiscal discipline to the Department of Defense. His priority has been to ensure our troops deployed around the world have the equipment, resources, authorities, training and time they need to successfully complete their missions and return home.

(E) For 52 consecutive years, the House Armed Services Committee, in a bipartisan, bicameral tradition, has passed and enacted an annual defense authorization act. Chairman McKeon had said it has been the privilege of his life to shepherd that tradition under his tenure.

(F) It is therefore fitting this Act, the last national defense authorization act of his tenure, be named in Chairman McKeon's honor, as provided in subsection (a).

(c) REFERENCES.—Any reference in this or any other Act to the "National Defense Authorization Act for Fiscal Year 2015" shall be deemed to refer to the "Carl Levin and Howard P. 'Buck' McKeon National Defense Authorization Act for Fiscal Year 2015".

SEC. 1015. SENSE OF CONGRESS REGARDING SECURITY IN THE WESTERN HEMISPHERE.

(a) FINDINGS.—Congress makes the following findings:

(1) The stability and security of the Western Hemisphere has a direct impact on the security interests of the United States.

(2) Over the past decade, there has been a marked increase in violence and instability in the region as a result of weak governance and increasingly capable transnational criminal organizations. These criminal organizations operate global, multi-billion dollar networks that traffic narcotics, humans, weapons, and bulk cash.

(3) Conflict between the various transnational criminal organizations for smuggling routes and territory has resulted in skyrocketing violence. According to the United Nations Office on Drugs and Crime, Honduras has the highest murder rate in the world with 90 murders per 100,000 people.

(4) United States Northern Command and United States Southern Command are the lead combatant commands for Department of Defense efforts to combat illicit trafficking in the Western Hemisphere.

(5) To combat these destabilizing threats, through a variety of authorities, the Department of Defense advises, trains, educates, and equips vetted troops in the region to enhance their military and police forces, with an emphasis on human rights and the rule of law.

(6) As a result of decades of instability and violence, tens of thousands of unaccompanied alien children and their families have fled to the border between the United States and Mexico. In fiscal year 2014, approximately 66,000 such children were apprehended crossing into the United States from Mexico.

(b) SENSE OF CONGRESS.—It is the sense of Congress that—

(1) the Department of Defense should continue its efforts to combat transnational criminal organizations in the Western Hemisphere;

(2) the Department of Defense should increase its maritime, aerial and intelligence, surveillance, and reconnaissance capabilities in the region to more effectively support efforts to reduce illicit trafficking into the United States; and

(3) enhancing the capacity of partner nations in the region to combat the threat posed by transnational criminal organizations should be a cornerstone of the Department of Defense's strategy in the region.

No funds authorized to be appropriated by this Act or otherwise made available for fiscal year 2015 for the Navy may be obligated or expended to conduct tasks connected to the inactivation of the U.S.S. SEC. 1024. SENSE OF CONGRESS RECOGNIZING THE ANNIVERSARY OF THE SINKING OF U.S.S. THRESHER.

(a) FINDINGS.—Congress makes the following findings:

(1) U.S.S. Thresher was first launched at Portsmouth Naval Shipyard on July 9, 1960.

(2) U.S.S. Thresher departed Portsmouth Naval Shipyard for her final voyage on April 9, 1963, with a crew of 16 officers, 96 sailors, and 17 civilians.

(3) The mix of that crew reflects the unity of the naval submarine service, military and civilian, in the protection of the United States.

(4) At approximately 7:47 a.m. on April 10, 1963, while in communication with the surface ship U.S.S. Skylark, and approximately 220 miles off the coast of New England, U.S.S. Thresher began her final descent.

(5) U.S.S. Thresher was declared lost with all hands on April 10, 1963.

(6) In response to the loss of U.S.S. Thresher, the United States Navy instituted new regulations to ensure the health of the submariners and the safety of the submarines of the United States.

(7) Those regulations led to the establishment of the Submarine Safety and Quality Assurance program (SUBSAFE), now one of the most comprehensive military safety programs in the world.

(8) SUBSAFE has kept the submariners of the United States safe at sea ever since as the strongest, safest submarine force in history.

(9) Since the establishment of SUBSAFE, no SUBSAFE-certified submarine has been lost at sea, which is a legacy owed to the brave individuals who perished aboard U.S.S. Thresher.

(10) From the loss of U.S.S. Thresher, there arose in the institutions of higher education in the United States the ocean engineering curricula that enables the preeminence of the United States in submarine warfare.

(11) The crew of U.S.S. Thresher demonstrated the "last full measure of devotion" in service to the United States, and this devotion characterizes the sacrifices of all submariners, past and present.

(b) SENSE OF CONGRESS.—Congress—

(1) recognizes the 51st anniversary of the sinking of U.S.S. Thresher;

(2) remembers with profound sorrow the loss of U.S.S. Thresher and her gallant crew of sailors and civilians on April 10, 1963; and

(3) expresses its deepest gratitude to all submariners on "eternal patrol", who are forever bound together by dedicated and honorable service to the United States of America.

(1) As stated in the Deterrence and Defense Posture Review:

(A) "The greatest responsibility of the Alliance is to protect and defend our territory and our populations against attack, as set out in Article 5 of the Washington Treaty. The Alliance does not consider any country to be its adversary. However, no one should doubt NATO's resolve if the security of any of its members were to be threatened. NATO will ensure that it maintains the full range of capabilities necessary to deter and defend against any threat to the safety and security of our populations, wherever it should arise. Allies' goal is to bolster deterrence as a core element of our collective defense and contribute to the indivisible security of the Alliance.".

(B) "Nuclear weapons are a core component of NATO's overall capabilities for deterrence and defense alongside conventional and missile defense forces. The review has shown that the Alliance's nuclear force posture currently meets the criteria for an effective deterrence and defense posture.".

(C) "The circumstances in which any use of nuclear weapons might have to be contemplated are extremely remote. As long as nuclear weapons exist, NATO will remain a nuclear alliance. The supreme guarantee of the security of the Allies is provided by the strategic nuclear forces of the Alliance, particularly those of the United States; the independent strategic forces of the United Kingdom and France, which have a deterrent role of their own, contribute to the overall deterrence and security of the Allies.".

(D) "NATO must have the full range of capabilities necessary to deter and defend against threats to the safety of its populations and the security of its territory, which is the Alliance's greatest responsibility.".

(E) "NATO is committed to maintaining an appropriate mix of nuclear, conventional, and missile defense capabilities for deterrence and defense to fulfill its commitments as set out in the Strategic Concept. These capabilities, underpinned by NATO's Integrated Command Structure, offer the strongest guarantee of the Alliance's security and will ensure that it is able to respond to a variety of challenges and unpredictable contingencies in a highly complex and evolving international security environment.".

(2) As stated in the Wales Summit Declaration:

(A) "Deterrence, based on an appropriate mix of nuclear, conventional, and missile defence capabilities, remains a core element of our overall strategy.".

(B) "Arms control, disarmament, and non-proliferation continue to play an important role in the achievement of the Alliance's security objectives. Both the success and failure of these efforts can have a direct impact on the threat environment of NATO. In this context, it is of paramount importance that disarmament and non-proliferation commitments under existing treaties are honoured, including the Intermediate-Range Nuclear Forces (INF) Treaty, which is a crucial element of Euro-Atlantic security. In that regard, Allies call on Russia to preserve the viability of the INF Treaty through ensuring full and verifiable compliance.".

(1) it is a high priority of the United States that the ballistic missile defense system should work in an operationally effective and cost-effective manner;

(2) prior to making final production decisions for such systems, and prior to the operational deployment of such systems, the United States should conduct operationally realistic intercept flight testing that should create sufficiently challenging operational conditions to establish confidence that such systems will work in an operationally effective and cost-effective manner when needed; and

(3) in order to achieve these objectives, and to avoid post-production and post-deployment problems, it is essential for the Department of Defense to follow a "fly before you buy" approach to adequately test and assess the elements of the ballistic missile defense system before final production decisions or operational deployment.

(b) SUCCESSFUL TESTING REQUIRED PRIOR TO FINAL PRODUCTION OR OPERATIONAL DEPLOYMENT.—The Secretary of Defense may not make a final production decision for, or operationally deploy, a covered system unless—

(1) the Secretary ensures that—

(A) sufficient and operationally realistic testing of the covered system is conducted to assess the performance of the covered system in order to inform a final production decision or an operational deployment decision; and

(B) the results of such testing have demonstrated a high probability that the covered system—

(i) will work in an operationally effective manner; and

(ii) has the ability to accomplish the intended mission of the covered system;

(2) the Director of Operational Test and Evaluation has carried out subsection (c) with respect to such covered system; and

(3) the Commander of the United States Strategic Command has carried out subsection (d) with respect to such covered system.

(c) ASSESSMENT BY DIRECTOR OF OPERATIONAL TEST AND EVALUATION.—The Director of Operational Test and Evaluation shall—

(1) provide to the Secretary the assessment of the Director, based on the available test data, of the sufficiency, adequacy, and results of the testing of each covered system, including an assessment of whether the covered system will be sufficiently effective, suitable, and survivable when needed; and

(2) submit to the congressional defense committees a written summary of such assessment.

(d) ASSESSMENT BY COMMANDER OF UNITED STATES STRATEGIC COMMAND.—The Commander of the United States Strategic Command shall—

(1) provide to the Secretary a military utility assessment of the operational utility of each covered system; and

(2) not later than 30 days after providing such assessment to the Secretary, submit to the congressional defense committees a written summary of such assessment.

(e) RULE OF CONSTRUCTION.—Nothing in this section shall be construed to alter, modify, or otherwise affect a determination of the Secretary with respect to the participation of the Missile Defense Agency in the Joint Capabilities Integration Development System or the acquisition reporting process under the Department of Defense Directive 5000 series.

(f) COVERED SYSTEM.—In this section, the term "covered system" means a new or substantially upgraded interceptor or weapon system of the ballistic missile defense system, other than the re-designed exo-atmospheric kill vehicle covered by the acquisition plan developed under section 1663.

10 USC 2431 note.

SEC. 1663. ACQUISITION PLAN FOR RE-DESIGNED EXO-ATMOSPHERIC KILL VEHICLE.

(a) SENSE OF CONGRESS.—It is the sense of Congress that—

(1) the existing models of the exo-atmospheric kill vehicle of the ground-based midcourse defense system are prototype designs that were developed and deployed without using traditional acquisition practices in order to provide an initial defensive capability for an emerging ballistic missile threat;

(2) consequently, while the deployed models of the exo-atmospheric kill vehicle have demonstrated an initial level of capability against a limited threat, such models do not have the degree of reliability, robustness, cost effectiveness, and performance that are desirable;

(3) the exo-atmospheric kill vehicle for the ground-based midcourse defense system needs to be re-designed to substantially improve the performance and reliability of such kill vehicles; and

(4) the Secretary of Defense should follow a robust and rigorous acquisition plan for the design, development, and testing of the re-designed exo-atmospheric kill vehicle.

(b) ACQUISITION PLAN REQUIRED.—The Secretary of Defense shall develop an acquisition plan for the re-design of the exo-atmospheric kill vehicle of the ground-based midcourse defense system that includes rigorous elements for system engineering, design, integration, development, testing, and evaluation.

(c) OBJECTIVES.—The objectives of the acquisition plan under subsection (b) shall be to ensure that the re-designed exo-atmospheric kill vehicle is operationally effective, reliable, producible, cost effective, maintainable, and testable.

(d) APPROVAL OF ACQUISITION PLAN REQUIRED.—The acquisition plan under subsection (b) shall be subject to approval by the Under Secretary of Defense for Acquisition, Technology, and Logistics.

(e) TESTING REQUIRED.—Prior to operational deployment of the re-designed exo-atmospheric kill vehicle, the Secretary shall ensure that the re-designed kill vehicle has demonstrated, through successful, operationally realistic flight testing—

(1) a high probability of working in an operationally effective manner; and

(2) the ability to accomplish the intended mission of the re-designed kill vehicle, including against more complex emerging ballistic missile threats.

(f) REPORT REQUIRED.—Not later than 60 days after the date on which the Under Secretary of Defense for Acquisition, Technology, and Logistics approves the acquisition plan under subsection (d), the Director of the Missile Defense Agency shall submit to the congressional defense committees a report describing the acquisition plan and the manner in which the plan will meet the objectives described in subsection (c).

SEC. 1664. STUDY ON TESTING PROGRAM OF GROUND-BASED MIDCOURSE MISSILE DEFENSE SYSTEM.

(a) STUDY.— Not later than 120 days after the date of the enactment of this Act, the Secretary of Defense shall enter into a contract with a federally funded research and development center to conduct a study on the testing program of the ground-based midcourse missile defense system.

(b) ELEMENTS.—The study under subsection (a) shall include the following:

(1) An assessment of whether the testing program described in subsection (a) has established, as of the date of the study, that the ground-based midcourse missile defense system has a high probability of performing reliably and effectively against limited missile threats from North Korea and Iran under realistic operational conditions, including an explanation of the degree of confidence supporting such assessment.

(2) An assessment of whether the currently planned testing program, if implemented, is sufficient to establish reasonable confidence that the ground-based midcourse missile defense system has a high probability of performing reliably and effectively under realistic operational conditions against current and plausible near- and medium-term limited ballistic missile threats from North Korea and Iran.

(3) Any recommendations for improvements that could be made to the testing program to—

(A) achieve reasonable confidence that the system would be reliable and effective under realistic operational conditions; or

(B) improve test and cost efficiencies.

(c) REPORT.—Not later than one year after entering into the contract under subsection (a), the Secretary shall submit to the congressional defense committees a report containing the study. The report shall be submitted in unclassified form, but may include a classified annex.

SEC. 1665. SENSE OF CONGRESS AND REPORT ON HOMELAND BALLISTIC MISSILE DEFENSE.

(a) SENSE OF CONGRESS.—It is the sense of Congress that—

(1) it is a national priority to defend the United States homeland against the threat of limited ballistic missile attack (whether accidental, unauthorized, or deliberate);

(2) although the currently deployed ground-based midcourse defense system provides a level of protection of the entire United States homeland, including the East Coast, against the threat of limited ballistic missile attack from North

Korea and Iran, this capability needs to be improved to meet evolving ballistic missile threats;

(3) the initial step in this process of improvement is to correct the problems that caused the flight test failures with the current kill vehicles, and to improve the reliability of the deployed ground-based interceptor fleet;

(4) as indicated by senior officials of the Department of Defense, continued investments to enhance homeland defense sensor and discrimination capabilities are essential to improve the operational effectiveness and shot doctrine of the ground-based midcourse defense system;

(5) given limitations with the currently deployed exo-atmospheric kill vehicles, it is important to re-design the exo-atmospheric kill vehicle using a rigorous acquisition approach, including realistic testing, that can achieve a demonstrated capability as soon as practicable using sound acquisition principles and practices; and

(6) in order to stay ahead of evolving ballistic missile threats, the Department should design the next generation exo-atmospheric kill vehicle to take full advantage of improvements in sensors, discrimination, kill assessment, battle management, and command and control, including the potential to engage multiple objects.

(b) REPORT REQUIRED.—

(1) IN GENERAL.—Not later than 180 days after the date of the enactment of this Act, the Director of the Missile Defense Agency, in coordination with the Commander of the United States Northern Command, shall submit to the congressional defense committees a report setting forth the status of current and planned efforts to improve the homeland ballistic missile defense capability of the United States.

(2) ELEMENTS.—The report under paragraph (1) shall include the following:

(A) A detailed description of the current assessment of the threat to the United Sates from limited ballistic missile attack (whether accidental, unauthorized, or deliberate), particularly from countries such as North Korea and Iran, and an assessment of the projected future threat through 2023, including a discussion of confidence levels and uncertainties in such threat assessment.

(B) A detailed description of the status of efforts to correct the problems that caused the flight test failures of the capability enhancement-I and capability enhancement-II exo-atmospheric kill vehicles.

(C) A detailed description of the status of efforts to field the additional 14 ground-based interceptors planned for deployment at Fort Greely, Alaska, including the status of the refurbishment of Missile Field 1 at Fort Greely, and the operational impact of the additional interceptors.

(D) A detailed description of the plans and progress toward improving the capability, reliability, and availability of fielded ground-based interceptors, including progress toward improving the capabilities of ground-based interceptors deployed with upgraded capability enhancement-I and capability enhancement-II exo-atmospheric kill vehicles.

(E) A detailed description of the planned improvements to homeland ballistic missile defense sensor and discrimination capabilities, including through the use of additional sensor systems of the United States, and an assessment of the expected operational benefits of such improvements to homeland ballistic missile defense.

(F) A detailed description of the plans and efforts to redesign, develop, test, and field the exo-atmospheric kill vehicle for the ground-based midcourse defense system, and an explanation of the expected improvements of such kill vehicle with respect to capability, cost effectiveness, reliability, maintainability, and producibility.

(G) A detailed description of the plans for developing, testing, and fielding the next generation exo-atmospheric kill vehicle, and an explanation of how the anticipated capabilities are intended to remain ahead of evolving ballistic missile threats.

(H) A status of efforts on, and goals for, a common kill vehicle with multiple object kill capability, and an explanation of how such capability could keep the missile defense capability of the United States paced ahead of evolving ballistic missile threats.

(I) A detailed description of the options to improve the homeland ballistic missile defense capability that would respond to the emergence of a long-range ballistic missile threat from Iran, including an evaluation of the potential benefits and drawbacks of—

(i) the deployment of a missile defense interceptor site on the East Coast;

(ii) the deployment of a missile defense interceptor site in another location in the United States other than on the East Coast;

(iii) the deployment of a missile defense interceptor site in a location other than in the United States; and

(iv) the deployment of additional ground-based interceptors for the ground-based midcourse defense system at Fort Greely, Alaska, or Vandenberg Air Force Base, California, or both.

(J) Any other matters the Director considers appropriate.

(3) FORM.—The report under paragraph (1) shall be submitted in unclassified form, but may include a classified annex.

SEC. 1666. SENSE OF CONGRESS AND REPORT ON REGIONAL BALLISTIC MISSILE DEFENSE.

(a) SENSE OF CONGRESS.—It is the sense of Congress that—

(1) the regional ballistic missile capabilities of countries such as Iran and North Korea pose a serious and growing threat to forward deployed forces of the United States, allies, and partner countries;

(2) given this growing threat, it is a high priority for the United States to develop, test, and deploy effective regional missile defense capabilities to provide the commanders of the geographic combatant commands with capabilities to meet the operational requirements of the commanders, and for allies

and partners of the United States to improve their regional missile defense capabilities;

(3) the United States and its North Atlantic Treaty Organization partners should continue the development, testing, and implementation of phases 2 and 3 of the European Phased Adaptive Approach to defend forward deployed forces of the United States, allies, and partners in the North Atlantic Treaty Organization in Europe against the growing regional missile capability of Iran;

(4) the United States should continue efforts to improve regional missile defense capabilities in the Middle East, including its close cooperation with Israel and its efforts with countries of the Gulf Cooperation Council, in order to improve regional security against the growing regional missile capabilities of Iran; and

(5) the United States should continue to work closely with its allies in Asia, particularly Japan, South Korea, and Australia, to improve regional missile defense capabilities, particularly against the growing threat from North Korean ballistic missiles.
