VICTORIA, B. C., THURSDAY, OCTOBER 13, 1910.

NO. 86.

WANT NORMAL SCHOOL HERE

TRUSTEES DECIDE TO COMMENCE CAMPAIGN

All Local Public Bodies Asked to Join in Request to Provincial Government

If the steps taken at last evening's meeting of the school board are followed, Victoria will, in all probability, have a normal school of her own. Trustee McNeill presented the following resolution: "That the school board request the city council, the board of trade, Victoria branch of the Vancouver Island Development League, Trades and Labor Council and the Local Council of Women to join it in organizing a large deputation to wait on the provincial government and urge the necessity of instituting normal school work in this city."

The trustees have been contemplating this move for some time, as they recognize that the school facilities here are not sufficient. The deputation will wait on the government on Tuesday, November 1, and present their case. The committee will gather all necessary facts to prove that a normal school is required in this city.

Trustee Officer Edwards made several recommendations to the board which would enable him to follow out his work more successfully. Trustee McNeill suggested that the principals of the various schools have reports ready for the officer when he makes his calls, showing the number of absentees. At present the teachers keep him waiting and a great deal of his time is thereby lost.

Trustee Mrs. Jenkins wished to know how many children under the age of fourteen were employed in Victoria. To this Mr. Edwards said that he had only met with one case. It was decided that if there are any parents in this city who are sending their children to work, who are under the age stipulated in the School act, they should be summoned and made an example of.

The trustee officer was instructed to visit the different telegraph offices and other agencies where boys are employed, to find out whether any such youths are engaged there.

A letter was received from Fire Chief Davis, who complained of the laxity of the teachers in not having sufficient fire drills. On a motion made by Trustee Riddell, the superintendent was instructed to notify all principals that weekly drills must be held. This duty had been neglected and yet is of vital importance.

The report of the building and grounds committee was presented by Trustee Riddell. He stated that the sanitary work at the South Park school was not being done satisfactorily and he urged that the plumbers be requested to complete the job immediately. The work at the Moss Street school is progressing favorably and he estimated that the contractor will have finished their work by Wednesday next. At the George Jay school the heating (Continued on page 16)

RAIN QUENCHES SMOLDERING FIRES

CRISIS IN NORTHERN MINNESOTA OVER

Militia Officers Are Now in Charge of Situation in the Burned Area

(Times Leased Wire.)
Winnipeg, Oct. 12.—Thank God for the rain," was the message sent by Mayor Williams of Beaudette, in his report that the forest fire crisis in northern Minnesota had passed.

A soaking rain fell throughout the night and the smoldering fires in the Rapid River country were quenched. Twenty-one men and boys who walked 25 miles from the international Falls to fire that every home in the Rapid River section was destroyed by flames that raged for three days over a great area. They said, however, that they saw no human bodies.

Governor Eberhart stated that he would return to St. Paul this afternoon, leaving militia officers in charge. Martial law is still prevalent in a portion of the burned district.

Short-Sighted Policy (Special to the Times.)
Winnipeg, Oct. 12.—Fourteen thousand dollars is the sum which probably would have averted forest fires in northern Minnesota, which have taken many lives and destroyed millions of dollars' worth of property. It would have taken the amount to have maintained the forest rangers in northern Minnesota, withdrawn on September 1 because funds for their pay were exhausted.

RANCHER ACQUITTED

(Special to the Times.)
Nansimo, Oct. 12.—The jury at the assizes here, after being out thirty-four minutes yesterday returned a verdict of not guilty in the case of Donald MacDonald, a rancher, who was charged with the murder of Frank Savage at Salmon River on September 14.

JOHN A. TURNER FIRST IN FIELD

WILL BE CANDIDATE FOR THE MAYORALTY

Approaching Contest Promises to Be Liveliest in History of the City

As will be seen by advertisement in another column, John A. Turner will again be a candidate for the mayoralty at the forthcoming municipal elections. Mr. Turner was a member of the aldermanic board last year and in the elections in January last, notwithstanding that there were four candidates in the field, came within eight votes of being declared elected. His friends express the utmost confidence that he will be victorious in the forthcoming contest. Very shortly a meeting of Mr. Turner's supporters will be held for the purpose of organizing for the campaign.

The name of Alderman Fullerton is also mentioned in connection with the approaching contest for the mayoralty; and it is understood that in response to requests from many friends he has signified his intention of becoming a candidate, though he has not as yet made any formal announcement to this effect. Ald. Fullerton has served the city in the capacity of alderman for twelve years, and is therefore well qualified, on the ground of experience, for the higher position. He is popularly regarded as the champion of the rights of the workers of the city and in that quarter would get a very enthusiastic support.

Ex-Mayor Dr. Lewis Hall has been asked to run again, but has declined to do so, his private business requiring all his attention.

Signs are not wanting that the forthcoming municipal contest will be one of the most interesting in the history of the city, there being two issues at least which will arouse the electorate to a degree of activity which has been absent from municipal contests for a number of years past. These are the questions of securing a new source of water supply and that of improving moral conditions of Victoria.

Though the bylaw providing for the acquisition of the holdings of the Esquimalt Water Works company will be submitted to the judgment of the ratepayers prior to the date of the municipal elections, it is doubtful, whatever the decision, whether the improvement of the water supply of the city will be removed from the list of debatable questions during the progress of the campaign. In regard to the moral reform question, the recent order of the police commissioners to the effect that the restricted district shall be abolished at the end of the present month is likely to give rise to a situation which will furnish much food for discussion during the progress of the campaign.

SCOTT EXPEDITION

Melbourne, Aus., Oct. 12.—The steamer Terra Nova, which sailed from London on June 1 with the Scott Antarctic expedition on board, has arrived here.

MOISSANT WILL FLY AT BELMONT

Says Aviation Meet Will Increase Interest in Air Navigation

(Times Leased Wire.)
New York, Oct. 12.—That the approaching Belmont aviation meet will give tremendous stimulus to the interest in air navigation in America, is the opinion of John Moissant, who made the famous Paris to London flight recently.

"In America flying is rare," said Moissant, "and when an aviator leaves the ground it is an event. In France aviators are flying for hours at a time, and it is getting so, that one can hardly look aloft without seeing a manbird."

"Will Attempt Long Flight."
St. Louis, Oct. 12.—That he would fly from St. Louis to Kansas City at the conclusion of the Belmont aviation meet was announced to-day by Aviator Le Blanc. Le Blanc will use a Bleriot monoplane in his attempt.

JEWELS STOLEN

Men Break Windows of Winnipeg Stores and Take Jewelry Valued at \$500.

(Special to the Times.)
Winnipeg, Oct. 12.—At two this morning when the noise of a long line of cars returning to the barns drowned their operations, one man threw a stone through Fort & Markle's window and his confederate abstracted \$200 worth of jewelry. Proceeding to Main street and pursuing similar tactics they took \$200 worth from Matthew's jewelry store. The men have not been caught yet.

FINED FOR ASSAULT

(Special to the Times.)
Huntville, Oct. 12.—For applying a coat of tar and a black snake whip on the person of a young man named Baker, Thomas Spiers, a well known farmer of this district, was this morning fined \$10.

AN EARLY START.
J. A. T.—"I wonder if there will be any other entries!"

SITUATION IN SPAIN GRAVE

UNREST INCREASES IN THE PROVINCES

Report That Preparations Are Being Made for Removal of the Royal Family

(Times Leased Wire.)
Madrid, via Hendaye, Oct. 12.—A great industrial strike on the railroads of France and the unrest in Spain today threatens to precipitate the fall of the already tottering throne of Alfonso XIII.

Preparations are being made secretly for the removal of members of the royal family to a point near the French frontier, presumably San Sebastian, the summer capital. The officials of the government deny any preparations for untoward events, but it is known here and admitted officially that the British fleet at Gibraltar is prepared to aid in protecting the royal family, should revolution overthrow the dynasty it is believed the Spanish princes will be placed on board a warship to rejoin the king and queen in England. Preparations for taking the royal family into France are to be a blind to cloak the real movements of royalty in case of revolt. It is thought that they would not be safe in France at the present time and that England offers the best refuge.

Alarming reports continue to come in from the provinces through secret channels of the revolutionists. Official messages convey little information of conditions, the only intimations being the constant orders for the transfer of troops. The official dispatches, however, invariably assign the movements of the army to the operations in Morocco, each order being accompanied by the stereotyped phrase "for service in Africa."

While many garrisons in the south have actually been depleted of forces for the Rif campaign, it is known generally that reserves are constantly filling their places and that the northern garrisons, where sedition is strongest, have not been disturbed.

WILL WAGE WAR AGAINST STANDARD OIL

Texas Interests, Headed by J. W. Gates, Ready to Begin the Struggle

(Times Leased Wire.)
New York, Oct. 12.—Financiers predict one of the bitterest financial struggles in years when the Texas oil interests, headed by John W. Gates, begin operations against the Standard Oil Company.

Announcement has been made that Gates has just completed arrangements for a fight against the octopus, and is now waiting to make the initial move. With a view to underselling Standard, Gates and his lieutenants have established 22 stations in the east and will shortly open a distributing station in Brooklyn from which the lower priced oil will be sold.

Gates has opened up extensive offices in the financial district and he will direct operations there.

SEEKS GRANT FOR SELKIRK EXPOSITION

Winnipeg Deputation Interviews Sir Wilfrid Laurier and Hon. W. S. Fielding

(Special to the Times.)
Ottawa, Oct. 12.—A Winnipeg deputation headed by Mayor Evans, waited on Sir Wilfrid Laurier and Hon. W. S. Fielding to-day repeating the request urged in Winnipeg in August for a federal grant of \$500,000 towards the Selkirk Centennial Exhibition in 1914.

TO ENLARGE STEEL WORKS AT IRONDALE

James A. Moore Says \$10,000,000 Will Be Expended on the Plant

(Times Leased Wire.)
Seattle, Wash., Oct. 12.—Upon his return from a visit to New York, James A. Moore to-day announced that about \$10,000,000 will be invested in enlarging the steel works at Irondale, located on Port Townsend bay, that has an independent steel mill as its sole industry.

The millions were raised, Mr. Moore said, through the sale of bonds. Two million dollars' worth of the bonds have already been sold, and every dollar of the balance will be available, according to Mr. Moore, the moment funds are needed for enlarging the Irondale plant. Mr. Moore announced yesterday that the Carnegie Trust Company of New York City is acting as trustee for the bonds, and that friends of that institution have purchased the securities.

WILL WAGE WAR AGAINST STANDARD OIL

Texas Interests, Headed by J. W. Gates, Ready to Begin the Struggle

(Times Leased Wire.)
New York, Oct. 12.—Financiers predict one of the bitterest financial struggles in years when the Texas oil interests, headed by John W. Gates, begin operations against the Standard Oil Company.

Announcement has been made that Gates has just completed arrangements for a fight against the octopus, and is now waiting to make the initial move. With a view to underselling Standard, Gates and his lieutenants have established 22 stations in the east and will shortly open a distributing station in Brooklyn from which the lower priced oil will be sold.

Gates has opened up extensive offices in the financial district and he will direct operations there.

EXPANSION BY SCHOOL BOARD

LARGER OFFICE STAFF IS NOW REQUIRED

Possible Also That New Office Quarters Will Be Arranged For

It was the unanimous opinion of the school trustees, who met last evening, that the office staff of the school board should be re-organized. Trustee McNeill moved the following resolution, which was seconded and carried: "That a committee of three be appointed to report on the best means for the re-organizing of the school board staff."

In support of his motion Trustee McNeill said that there was too much work for the present staff to attend to. The city is growing and the work is daily increasing and it is time that the staff was enlarged. At times E. B. Paul, M. A., superintendent of the public schools, has to give up his professional work in order to attend to office duties.

"Our work has outgrown the staff," said Mr. McNeill. "As we have a great deal of money to expend this year. It would be a good plan to engage the services of an expert book-keeper, who would greatly relieve the pressure of school-board work."

He further said that he had no desire to cast any reflections on the present staff, as he believed that they had done the work faithfully and satisfactorily under the circumstances.

Trustee Staniland seconded the motion and believed that the financial committee should at the same time be re-organized. He felt that the rapid growth of the city demanded a larger staff to look after the work in a creditable way.

Trustee Riddell not only favored the re-organizing of the staff but all wished that the school board secure new offices. The present office, he said, was badly situated and he hoped that the board would see its way clear shortly to have more commodious offices erected.

Trustee McIntosh stated that he would support the views of Trustee Riddell in the matter of securing new offices. He hoped if the board did consider the proposition, that the offices would be situated on the ground floor. He thought that if a book-keeper was engaged the difficulty of the office staff would be overcome.

Trustee Mrs. Jenkins thought the present staff was too small to cope with the work.

ATTEMPT TO OVERTHROW FRENCH GOVERNMENT

Bloodshed Marks Strike Which is Deve'oping Into Revolutionary Movement—Police and Strikers Fight in the Capital

(Times Leased Wire.)
London, Oct. 12.—A dispatch to the Globe from Paris this afternoon says: "The railroad strike has developed into a revolutionary struggle for the purpose of overthrowing the government."

"Bloodshed and rioting are imminent. Scenes approximating the French revolution are expected when with the troops half-loyal to the republic and half favorable to the syndicate are ordered to suppress anti-government demonstrations."

Strikers Defy Police.
Paris, Oct. 12.—Blood flowed in the streets of Paris to-day when the first real fight between strikers and soldiers was waged for more than two hours. At least six men and two women were seriously hurt. One soldier was reported killed.

The battle began when 200 police discovered a meeting of strike leaders in progress in the office of the La Humanite, a Socialistic newspaper, and demanded that they submit to arrest. The leaders refused and barricaded the doors of the building.

Under Premier Briand's instructions, that they were enemies of the republic and plotters against it, the police ordered them to surrender, threatening to fire through the windows if the order was not obeyed.

M. Jaures, leader of the men in the building, appeared at a window and shouted defiance.

"We will surrender only when you come and take us," yelled Jaures.

As he stepped back into the building, a bullet crashed through the window above his head. It was answered from within the building and a battle which lasted nearly two hours was on.

Immense throngs surrounded the building on the outside and the police charged and counter charged them in an effort to keep the space around the building clear. Men and women were run down and one woman was reported killed.

Reinforcements were rushed to aid the sorely tried police and after a sharp conflict the mob was dispersed.

The police then turned their attention to those in the newspaper office. The Laborites were still barricaded. Most of them appeared to be armed and shots were fired from the windows. A scattering fire was returned by the police and soldiers, who charged and captured the men in the building.

Four men were treated at La Broca and De La Carite hospitals and many more are said to have been injured and taken elsewhere.

In charging the crowds, the troops and police had orders to use the flat of their swords, which probably was

LABOR UNIONS AND OSBORNE JUDGMENT

Conference Will Be Held in England to Consider Line of Action

(Times Leased Wire.)
London, Oct. 12.—Intense interest is being manifested throughout the British Isles in the effort organized labor is planning to make in the next session of parliament to have the "Osborne judgment" set aside. The Osborne judgment virtually makes political activity on the part of any labor union illegal.

A joint committee, representing the three national labor organizations of Great Britain—the Trades Union Congress, the Labor party and the General Federation—has determined on a conference just prior to the opening of parliament on November 17, when it is hoped to get such a unanimous and emphatic expression of opinion against the Osborne judgment from the entire labor element that the lawmakers will not dare to allow it to remain effective.

SAILS FOR SOUTH AFRICA

Duke of Connaught En Route to Cape Town to Open First Union Parliament

London, Oct. 12.—The Duke of Connaught has taken his departure for South Africa to open the first union parliament. King George, Queen Mary, Duke of Argyll, Lord Roberts and Earl Grey were present at his departure to bid him farewell.

The Union Castle liner Balmoral Castle, on which the Duke of Connaught is voyaging, has recently undergone considerable alterations. In the reconstruction which has taken place some fifty or sixty cabins, have been thrown into ten large rooms—five on each side of the ship.

NARROW ESCAPES AT MONTREAL

MEN DRIVEN TO ROOF OF BURNING BUILDING

Several Firemen Sustain Injuries—Property Loss Estimated at \$100,000

(Special to the Times.)
Montreal, Oct. 12.—Twenty-five business concerns, including banks, dentists, dressmakers and others, were wiped out, three men narrowly escaped death, being caught on the top of the building, and several firemen sustained severe injuries at a fire early this morning, which practically wiped out the King's Hall, situated on St. Catherine street, west, between Drummond and Mountain streets, in the heart of the up-town business area.

John Jones and Edward Coates, who were asleep in the building when the fire broke out, and whose escape was out off, were forced to the roof of the building and were in great danger before rescued by the firemen. Dr. H. H. Adams, dentist, who happened to be in his office when the fire broke out, also had a thrilling escape, being forced to descend from the third story by means of a rope.

The loss is estimated at \$100,000.

ALLEGED CONSPIRATOR

Mexico City, Oct. 12.—Gustav Madeira, a brother of Francisco Madeira, is in prison here charged with having tried to induce a number of army officers to inaugurate a revolution in Mexico against the government.

GIRL'S BODY FOUND IN CREEK

Colgate, Ohio, Oct. 12.—The nude body of a white girl was found in a creek near here to-day. The head had been cut off and one foot was severed. No identification was made when the body was found.

AMERICANS AND GIANTS MEET

SERIES OF BASEBALL GAMES OPENS TO-DAY

Will Decide Question of Superiority of Rival New York Clubs

(Times Leased Wire.) New York, Oct. 12.—The New York Giants and the New York Americans met to-day in the first of a series of games before some 32,000 baseball fans.

In the first four games the winners get sixty percent of the players' share, and the club owners the balance, less the national commission's 10 per cent.

There were no runs in the third or fourth innings. Catcher Sweeney of the Highlanders broke a finger of his right hand in the third inning and was relieved by Mitchell.

Neither side scored in the first inning. The Highlanders put one over in the second inning. Knight singled and scored on error by Merkl and Meyers. The Giants did not score in their half of the inning.

Table with 2 columns: Team, Score. Highlanders 5, Giants 10. Results by innings: 1-2 4 5 6 7 8 9.

SIX REPORTED DEAD IN MONTREAL FIRE

(Special to the Times.) Montreal, Oct. 13.—It is reported that six persons perished in the fire which destroyed King's hall this morning. The victims are supposed to be Whitehall, his wife and four children.

NEW REALTY COMPANY. The Shibley Realty Company, 1107 Langley street, Mahon block, has just embarked in business in Victoria.

**ATTORNEY RECEIVES
THREATENING LETTER**

Is Engaged Investigating Recent
Explosion in Building of Los
Angeles Times

Los Angeles, Cal., Oct. 13.—Earl Rogers, in charge of the Times dynamiting investigation for the Merchants and Manufacturers Association, admitted yesterday that he has received several threatening letters demanding that the espionage to which certain men are being subjected, cease immediately.

Rogers refused to make the letters public. He said, however, that they may furnish the others further material in their search for men who may know something of the dynamiting.

The guard about the home of one of the men who is being watched, has been increased. Other operatives are trying to trace his movements before coming to Los Angeles. The officers still refuse to divulge his name.

Prisoner Released.

Sacramento, Oct. 13.—Detective W. J. Burns arrived here yesterday morning to investigate the case of George Wallace, suspected of connection with the dynamiting of the Los Angeles Times building.

Following his investigation, Wallace was released last night by order of Chief of Police Ahern. The chief stated that the man's release was due to the fact that he had investigated Wallace's statements and found that the man knew nothing of the affair. In the belief of the police, Murray, Wallace's Los Angeles correspondent, wanted to make it appear to his friends that he knew about the dynamiting. Both are union men and sympathize with the dynamiters.

When asked as to the capture of men who dynamited the Times, Burns said: "I will land the perpetrators of the outrage, but it will take some time. They are shrewd crooks, the men who committed the job, and I am positive they are members of the gang who have committed like outrages in various parts of the country. I do not expect to catch them on the coast, but figure on landing them in the Middle West."

**DEMOCRAT SCORES
THEODORE ROOSEVELT**

Declares Former President is the
"Apostle of Discord and
Dissension"

Thompson, N. Y., Oct. 13.—Calling Theodore Roosevelt the "apostle of discord and dissension," and charging that he is able to disturb business to the verge of panic, John A. Dix, Democratic nominee for governor of New York, virtually opened his campaign here yesterday with a speech accepting formal notification of his nomination. The new leader of the New York Republican forces was scored in blistering terms by Dix.

"Any American occupying a position of authority and having the public ear, who assails the courts, should be regarded as a public enemy and should be so branded by reasonable men," said Dix. "Already we have ample proof of his ability to disturb business and create a condition of panic. If he is permitted to weaken and destroy the power of the Supreme court and substitute the president's for the people's will, all sacrifices of the founders of the republic and all the blood shed for its preservation will have been in vain, and we shall see in times of peace a dangerous disturber bringing destruction to a free people against which all the forces of the world are arms can be hurled vainly."

Declines to Reply.

Peoria, Ill., Oct. 13.—When informed of the attack made by John A. Dix, Democratic candidate for governor of New York, roundly denouncing his attitude toward the Supreme court and branding him generally as a "dangerous disturber," Colonel Roosevelt declined to make a reply, saying he would probably decline to answer any "personal attacks."

When told that Judge Alton B. Parker predicted Roosevelt would flatly refuse a third term nomination, the colonel grinned.

"I have nothing to say—absolutely nothing," was his comment.

DIABETES

It was not easy for us to believe that Diabetes is curable, but the first case we came in personal touch with was astonishingly convincing.

We were interested in the purchase of Fulton's Compound and were looking for cases to try them out on. One of our number knew Charles A. Newton, the Yardmaster of the S. P. R. R. Co. at Sacramento—a very worthy man. He also knew that Newton had Diabetes and was in a hospital in the Capitol City, and that his recovery seemed impossible when he last heard from him. A letter was written to Newton that Fulton's Compound cured Diabetes and that we wanted to know from OUR friends if this was so, and that if he (Newton) would take it that we would send him a supply of it. Newton replied to the effect that some four or five months before we wrote him he had heard about the compound, had taken it, that the sugar was nearly out and he was almost well. His complete recovery followed, and he told an S. P. Engineer who had Diabetes and he recovered.

We also saw Gen. Theo. Reichert, of San Francisco, go on this treatment and get a complete recovery after physicians had declared that the case was hopeless. Gen. Reichert is a 3rd degree Mason and is one of San Francisco's most widely and favorably known citizens.

We have seen hundreds of recoveries since not there is no longer any question as to Diabetes in people of middle age—and over being curable.

For free literature, address John J. Fulton Co., 645 Battery Street, San Francisco, Cal.

Fulton's Diabetes Compound can be had of our agent in your city, D. E. Campbell. We desire all patients to write us who are not noting the usual improvement by the third week.

EXPRESS RATE FIGHT.

Chicago, Oct. 13.—By order of United States Judge Kohlsaat, the Illinois state railroad commission was yesterday enjoined from enforcing its order for a general reduction of rates made by express companies in Illinois.

**DOCTOR
ADVISED
OPERATION**

Cured by Lydia E. Pinkham's Vegetable Compound

Canifton, Ont.—"I had been a great sufferer for five years. One doctor told me it was ulcers of the uterus, and another told me it was a fibroid tumor. No one knows what I suffered. I would always be worse at certain periods, and never was regular, and the bearing-down pains were terrible. I was very ill in bed, and the doctor told me I would have to have an operation, and that I might die during the operation. I wrote to my sister about it and she advised me to take Lydia E. Pinkham's Vegetable Compound. Through personal experience I have found it the best medicine in the world for female troubles, for it has cured me, and I did not have to have the operation after all. The Compound also helped me while passing through Change of Life." Mrs. LETITIA BLAIR, Canifton, Ontario.

Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has proved to be the most successful remedy for curing the worst forms of female ills, including displacements, inflammation, fibroid tumors, irregularities, periodic pains, backache, bearing-down feeling, flatulency, indigestion, and nervous prostration. It costs but a trifle to try it, and the result has been worth millions to suffering women.

MINING IN THE LARDEAU.

Vancouver, Oct. 13.—Messrs. O. B. N. Wilkie, B. C. L. S., Newton W. Emmons, E. M. A. M. Craig, J. C. Murray and Robert Madden, from the Trout Lake district, are all Vancouver visitors. The primary object of their visit is the interesting of capital in various projects which they have in hand.

"The Lardeau country," Mr. Murray said, "will soon come into its own. Its immense riches cannot help but in time attract the necessary capital for its development. The day of the 'Wild Catter' is over, and what work is now being done is along legitimate business lines. The high cash prices hitherto asked for properties by their owners had a tendency also to retard progress. The best properties can now be had on favorable development terms, the owners realizing the fact that to get matters moving the capitalist has to be met at least half way and receive every encouragement."

"The several properties working are all showing improvements both in the quality as well as the size of the ore bodies. Work of a development nature has been done on many claims this summer, which promise to make good in the near future."

**EXPENSES OF RAILWAY
LARGELY INCREASED**

Pennsylvania President Says Advance in Wages Have Cost Road \$7,000,000 Annually

Washington, D. C., Oct. 13.—Representatives of railroads and various commercial organizations appeared before the Interstate Commerce commission and conferred upon the question of whether the increased rates east of Chicago are justifiable.

President McCrea, of the Pennsylvania system, declared that the railroads should earn a surplus as well as dividends. The Pennsylvania's surplus for ten years, he said, averaged \$12,000,000 annually, which was expended for improvements in the system's equipment.

McCrea declared that increases in wages have cost the road \$7,000,000 annually, and that the percentage in operating expenses during the past five years increased from 69 to 75 per cent.

**CRIPPLED FOR LIFE
AT LODGE INITIATION**

So Declares Seattle Man Who is Now Claiming \$47,500 Damages

Seattle, Wash., Oct. 13.—Ludwog A. Peterson, a cable applier, aged 23, has entered suit against Seattle camp 49, Woodmen of the World, and its initiation committee, for \$47,000 damages, alleging that he was crippled for life by injuries received on the night of April 12 last, while being initiated into the order. At that time Peterson alleges he sustained a broken left leg and ankle, his right hip was severely bruised, lacerated and injured, and his back and spine wrenched and injured, with the result that he is permanently deformed and unable to pursue his vocation.

Peterson alleges that the initiating committee "needlessly and wantonly required him to do and perform certain stunts, capers, acrobatic feats, rush acts, evolutions, gymnastic gyrations, aerial flights" and other bewildering phantasmas which utterly unnerved him and nearly bereft him of his reason and judgment, and that "during said process of initiation he was handled in a rough, cruel, inhuman and barbarous manner, and he was unnecessarily, wantonly, wrongfully and willfully injured, maimed and maltreated."

**QUARTERLY MEETING OF
THE BOARD OF TRADE**

Subject of Good Roads to Receive Consideration To-morrow Afternoon

The quarterly general meeting of the board of trade will be held to-morrow afternoon at 3 o'clock. Among the business to be considered are the president's report of the work of the council since the last quarterly meeting and the question of securing improved wagon roads on Vancouver Island and throughout the province generally.

The question of connecting up the various trunk roads in the province with the idea of the creating of a provincial highway from the coast to Alberta will be considered, in connection with the scheme which has been mooted by the Pacific Highway Association for a through road from

Mexico to British Columbia and via this province, possibly to Winnipeg.

Proposals relative to the opening up of the Buttes Lake Park reserve will also be considered, members of the board who have visited that district giving their views of the most desirable means of ingress and egress to that park area. Moreover, in view of the representations recently made to the provincial government by the Vancouver Island Development League with regard to roads on the island, it is expected that many interesting views and recommendations will be made regarding these.

The general proposal in connection with island roads is to provide trunk routes not only from north to south of the island, but also from east to west, thus connecting up the coast lines and facilitating transportation.

ORPHANAGE DESTROYED.

San Francisco, Cal., Oct. 13.—Four hundred children wrapped in their nightclothes, from the fire which destroyed the Mount St. Joseph orphan asylum, The wooden building caught

fire from some unknown cause and in a few minutes was a mass of flames. The 18 sisters quickly aroused the children, each marshalling her particular charges in the long corridors, and despite the excitement and confusion, marched them through smoke-filled halls, out of the burning building, without injury to anyone. The asylum was built in 1869. The loss is estimated at \$100,000.

UNREST IN LATIN NATIONS.

Portugal has succeeded, without a serious convulsion, in changing her form of government. But there must be a change in the substance as well as in the form of the government if the ancient nation, whose glory has long departed, is to be lifted from the slough of poverty and ignorance in which she has wallowed for a great many years.

generally used in the majority of churches, although it is supposed to be on special occasions. It is introduced something like this: "Whoever will be saved it is necessary that he hold the Catholic faith, which faith except he do keep whole and undefiled without doubt he shall perish everlastingly."

PRESS OPINIONS

Silence Strikes.

The "silence strike," inaugurated by the West Point cadets, is spreading. The high school students at Bayonne, N. J., indignantly at having their recitation hours increased, refused to answer any questions put to them and asked none.

For the Old Flag.

It is one thing to march down the home streets with the crowds applauding and the friends and relatives smiling welcome and the old town all alight with the sweetness that belongs nowhere but home.

Strange Circumstance.

It is a strange circumstance that while in every normal community the proportion of devout law-abiding citizens is very much greater than the other class, that it is the latter who nevertheless govern the community.

Small Minority.

The Socialist party of Canada, which seems to have its headquarters at Toronto, has elected Mr. James Simpson from its membership because he took a job as one of the technical education commission from the capitalistic government at Ottawa.

McGill University.

McGill is boosting her science standard so high that the number of students registering in that faculty is being markedly reduced.

THE FAIR LAKES OF CANADA.

Bright are their waters as under the sparkle And glimmer of sunshine they lap, and they say Soft are their wavelets when night's shadows darken.

There is no truth in reports from Ottawa that the meeting of the Dominion Parliament will be postponed owing to the illness of Hon. W. S. Fielding, Finance Minister.

The London Times is right for once in its diagnosis of the political situation in Canada. There is no serious movement in this country in favor of free trade.

REVISION OF THE BOOK OF COMMON PRAYER.

The Church Congress is at the present time making an attempt to revise the Book of Common Prayer. "The Church," always spelt with a capital, means in England the Anglican Church.

Taft to Visit Panama.

Beverly, Mass., Oct. 13.—Following a conference between Col. Geo. Goethals, U. S. A. chief engineer of the Panama canal, and President Taft, this afternoon, it was decided that the president would visit Panama soon.

CHARGE AGAINST DOCTOR.

ARRANGING DETAILS OF NEW HIGH SCHOOL SITE

City Solicitor Explains Terms of Agreement With the School Board

For the purpose of submitting the agreement between the school board and the city council in connection with the site for the new high school at Spring Ridge, City Solicitor McDiarmid attended last evening's meeting of the board on behalf of the council.

After the agreement, which was before the city council recently, had been read, Trustee Riddell said that he had been a member of the committee appointed to draft an agreement with the city, but that he had not heard a word about it.

Trustee Stanland, who was also a member of the committee, stated that he could not see why a committee should be appointed if its services were not required.

Chairman George Jay said that all terms of the agreement with the city had been settled, and all that was necessary was to put it in concrete form. He pointed out that under the agreement the lands were held in trust by the city council and were not conveyed to the school board.

Trustee McNeill questioned whether the board ought not to be permitted to hold its own land, a committee should be appointed if its services were not required.

Mr. McDiarmid stated that in the province of Ontario the school boards held all lands which were set aside for school purposes, and that he had originally drafted the by-law to the effect that the local board hold the documents for the Spring Ridge site as by method employed in the east. When he presented the agreement to the legislative committee of the council, they, however, wished it placed in the name of the city.

The decision which followed occupied some time, when owing to the quantity of other business before the board it was decided to call a special meeting on Tuesday evening next to consider the agreement.

Court Maple Leaf, A.O.F., will hold a social and dance at the conclusion of the regular meeting to-morrow evening, to which all Foresters and friends are cordially invited.

Every arrangement has been made looking to the success of the Wagner concert to be held this evening in the auditorium of the Christian Science church. The programme is an excellent one.

The nineteenth drawing for an appropriation was held last evening at the secretary's office, 617 Trowace Avenue. George McCandless was in the chair. The following members acted as the drawing committee: Messrs. G. D. Pink, William Sowercroft and Thomas Roberts. The first drawing resulted in 120 A and B, held by Harry Dunnell. The second drawing produced 20 A and B, held by Sidney Booth.

Hon. Price Ellison leaves the beginning of next week on a holiday trip to the Old Country. He expects to be absent until the end of the year. Mr. Ellison has not paid a visit home for a number of years. While there he will interest himself as minister of agriculture, which portfolio he holds, in addition to that of finance, in the provincial exhibition of fruit at the various shows in the Old Country. During his absence Hon. W. J. Bowser will act for him.

The late M. J. Heney, the well known railroad builder who has just died in San Francisco at the age of 46 years, settled first in Victoria when he came west from Ottawa in 1888, and moved afterward to Seattle. He was married. He was born in Pembroke county, Ontario. His first work in contracting, and the basis of his fortune, was the construction of the north end of the Seattle, Lake Shore & Eastern railroad, between Sedro-Woley and Sumas, about 40 miles, and he made money on the work. After completing this contract he embarked in the general contracting business and went to Alaska in 1896, two years ahead of the Klondike rush. Mr. Heney is survived by his mother, Mrs. Thomas Heney, of Ottawa, Canada; four brothers, of whom Joseph lives at Ottawa; John at Pakenham, Ont.; Thomas at Green Bay, Wis., and P. A. Heney in Seattle, at 414 Thirteenth Avenue north.

FINE PROGRAMME FOR THE CHARITY CONCERT

Musical Treat Promised All Who Attend Victoria Theatre To-morrow Evening

The following fine programme has been prepared for the benefit of the Victoria theatre to-morrow evening in aid of the local fund for the victims of the great fire which wiped out the town of Campbellton, New Brunswick, some months ago.

- Part I. Rondo from 3rd Concerto..... Beethoven Played on two grand pianos by Mrs. Maclure and Mrs. A. J. Gibson. Song—Land of Hope and Glory..... Elgar Mr. Alford A. Codd. Song—A Little Prayer..... Leoni Mrs. R. H. Pooley. Musical Reading..... Mrs. Guy Goddard. Song—Selected..... Mrs. Harry Briggs. Part II. Chorus—The Long Day Closes..... Sullivan The Arion Club. Song—Waiting..... Millard Mrs. Alfred A. Codd. Piano—(a) Papillons..... Ole Olsen (b) Nachts..... Schumann (c) Dance Caprice..... Greig Miss Phillips. Song—Cavaliers and Roundheads..... Cobb Mr. Alford A. Codd. Chorus—Soldier's Chorus from "Faust" The Arion Club. God Save the King.

The concert will be under the patronage of the Lieut-Governor and Mrs. Patterson, the Premier and Mrs. McBride, the Mayor and Mrs. Morley, Lieut-Col. Wadmore and the officers of Work Point barracks, and Lieut. Hoel, Currie and the officers of the 5th Foot.

The best local talent will assist and the concert promises to prove most enjoyable. The band of the 5th Regiment will give selections from 8 to 8.30 and during the interval, by kind consent of Bandmaster Rogers. The use of the theatre has been given free by Mr. Cliff Denham, the manager, on behalf of Mr. E. R. Ricketts, the lessee.

KNOX CHURCH YOUNG LADIES GIVE BANQUET

Enjoyable Affair Last Evening Was Very Largely Attended

The recently organized Young Ladies' Club of Knox church gave a most enjoyable banquet in the church last evening. The tables were, very prettily decorated with autumn foliage and laden with home-made eokery which was greatly appreciated by their guests.

Miss McLaren, the president, presided, and on either side of her sat the honorary president of the club, Mrs. Wm. Gleason, and Rev. Joseph McCoy, pastor of the church. The toast list was as follows:

"The King," R. G. Howell, responded to by all singing the National Anthem. "Our Country," Miss Harkness, responded to by the singing of The Maple Leaf, followed by a speech by Mr. Warren, a South African volunteer, who has seen many countries but gives the palm to Canada and the women of Canada.

"Our Church," by Miss Kinnaird, responded to by Rev. Mr. McCoy, who in a few well chosen words commended the Presbyterian church at large and Knox church in particular, to the loyalty and support of its adherents.

"Our Girls," proposed by the vice-president, Miss Laing, was most ably responded to by Mrs. Graves. The latter said she had done many things in the course of her life but that she was the first occasion on which she had been called upon to respond to a toast at a public banquet, and she considered it emblematic of the age that ladies were now doing what had for so long been the prerogative of the men, giving banquets and having a toast list. She hoped it was also a sign that the ladies would soon be seen marching in a body to the polls and electing good men to office. She hoped that the members of the club would always take a broad outlook on life and know what was going on in the world. She hoped also that wherever a member of the Knox Young Ladies' Club was found, she would represent all that was best and purest in womanhood. She ended by congratulating the club on its entrance into new and wider fields and recommended that in their course of study they should not neglect Ruskin's Sesame and Lillies.

"Our Mothers," proposed by Miss Jackson, and responded to by Mrs. Howell, and "Our Society," proposed by Miss McGlenn, and fittingly responded to by Mrs. W. Gleason, the organizer and honorary president, brought the toast list to a close.

Mrs. Gleason, who entertains the club at her home once a fortnight, spoke briefly of the good she hoped might be accomplished by the banding together of young girls for mutual help and improvement, along religious, social, and literary lines, and ended by saying that if she could help her young friends to build memory bridges which as they grew older they would be glad to cross and re-cross, her efforts would not have been in vain.

The toast list was enlivened by well rendered vocal solos contributed by Mrs. Sessamond of First Presbyterian church; Mr. Kinnaird, Mrs. Ruth Wilson and Mrs. Jameson, all of which were very much enjoyed.

Mr. Brown, the church organist, played the accompaniments in a very satisfactory manner, and the singing of the doxology followed by the benediction from the pastor brought a most enjoyable evening to a close.

WEATHER BULLETIN

Daily Report Furnished by the Victoria Meteorological Department.

Victoria, Oct. 13—5 a. m.—The pressure is giving way on the British Columbia coast, but is high over the North Pacific states. Light to moderate rainfall has been general on the Coast from California to Vancouver Island. In the prairie provinces rain is falling at Qu'Appelle and the weather is chiefly cloudy and cold.

Forecasts: For 24 hours ending 5 p. m. Friday. Victoria and vicinity—Easterly winds, chiefly cloudy, with showers.

Lower Mainland—Light to moderate

UNIVERSITY 3 HIGH SCHOOL 0

FIRST INTER-SCHOOL RUGBY MATCH PLAYED

McGuigan for Winners Registers Only Score of Game One Minute Before Time

The first of the annual Rugby games between the High School and the University School teams took place at the University ground yesterday afternoon and resulted in a win for the University team by one try, which was scored by McGuigan less than sixty seconds before the end of the game. It was the only score made during the match, the High School finding this year a team that is far better able to cope with the University team than that of last year.

Playing the senior student aggregation to a level all the game and then having a try put across in the last few seconds was hard luck for the High School, but against High School the winning players had McGuigan, a member of the Victoria Rugby club, but still a student at the University.

McGuigan, playing outside three-quarters, the same position he may occupy in the Victoria line up, was the life and soul of the University team, and without this star playing the University would have no doubt been beaten. The score came from the High School's throw-in near the line. Clark throwing, the ball was well taken by McGuigan, who, before he could be tackled by the High School, was away and had covered the ten yards lying between no score and one try. The try was not converted and before the ball could be centered the whistle blew.

For so early in the season it was a good game for the schools to put up. There is, however, on both sides a lack of combination which the team coaches need to instill into the players.

The two fullbacks are safe players, but the three-quarters have very little idea of formation and concerted action. This can easily be overcome with practice.

In one of the attacks of the University, Wild made an attempt to touch down but was forced over the side line and the touch did not count. McGuigan was given a free for an off-side as a result of the scrimmage which followed but failed to negotiate. On one occasion Spruce and Clarke almost got the necessary to open their score, but timely play by the University prevented it. From the general play the game might have been won by either side at any time. The teams are very even. As it was the University just got there in time and the first

SPORT SPECIALS BY TIMES LEASED WIRE

Chicago, Oct. 12.—Over 12,000 certified cheques for reservations in the Chicago grand stand during the world's series were received in the mail of the National baseball commission to-day. It is predicted that all records for attendance will be broken at the coming series.

San Francisco, Oct. 12.—Batting Nelson was to-day offered a guarantee of \$5,000 with a provision of a percentage if he will box "Nine Round" Jack Hogan at San Francisco for Promoter Griffin the latter part of this month.

New York, Oct. 12.—Prizes and bonuses to players for competitive stunts are a detriment to the national game," said President Lynch of the National Baseball League, to-day. "The whole thing is wrong and should be checked before it has done any further harm."

TWO RUGBY MATCHES LIKELY ON HOLIDAY

Vancouver Rowing Club Team Negotiating to Play Victoria—Argos Here Also

Negotiations are pending between the Rowing Club Rugby team of Vancouver and the Victoria Rugby Club for a match to take place here on Thanksgiving Day, October 31, and if Victoria club officials can make the arrangements complete without clashing with the James Bay club's fixture on that day the rugby followers will see the Vancouver aggregation here.

James Bay has definitely fixed for a match October 21 with the Argonauts here, but the Vancouver Rowing Club team is anxious to meet the other city fifteen, and if the match cannot be arranged otherwise the Vancouver team may play here on the morning of Thanksgiving Day, and the game be followed in the afternoon by the J. B. A. A.-Argos fixture.

The Victoria club tried to get a team over to Vancouver so as not to interfere with the Bays' fixture, but because the day is a holiday and the Victoria team would not be able to get back the same night owing to the transportation facilities, the fifteen players, able to get away from Victoria for the extra half day, could not be got together.

If the Vancouver team is satisfied to play the game during the morning there will be two Rugby attractions for the holiday, the season being auspiciously ushered in. To have both games here is held to be the means of boosting Rugby and to provide splendid practice for the Capital City teams prior to the selection of the representative fifteen that plays for the championship of the province next month.

EXPRESS RATE FIGHT.

Chicago, Oct. 12.—By order of United States Judge Kohlsaat, the Illinois state railroad commission, was yesterday enjoined from enforcing its order for a general reduction of rates made by express companies in Illinois.

EASTERN OPINIONS.	
Toronto News.—If the last letter in Mr. Dan Mann's front name was changed to the one preceding it alphabetically, no doubt it would pretty well describe the feeling of the officers of the C. L. A. in regard to the donor of the cup. Not that the members of the association have anything but the kindest feeling toward the magnate, but his gift has been the cause of a	
San Francisco, Oct. 12.—In spite of the declarations of District Attorney Fickert that he will prevent four-round fighting in San Francisco on the ground that they are as much prize fighting as the longer contests, arrangements are going ahead for the Hogan-Lalonge fight scheduled for tomorrow night. The Golden Gate club, which is managing the fight, has a permit for an "amateur" show, granted it by the board of supervisors. Fickert said to-day he would instruct the police to stop all four-round and other contests.	
San Francisco, Oct. 12.—Promoter Tom McCarty is planning to rehabilitate the fight game at Vernon, just across the municipal boundary. He has wired Owen Moran and Abe Attell, an offer for a 20-round bout on Thanksgiving	

DAY, AND A SIMILAR OFFER FOR EARLY IN DECEMBER TO FRANKIE CONLEY AND DANNY WEBSTER

The city ordinance passed yesterday puts an end to all professional bouts in Los Angeles. McCarty said to-day that he anticipated no opposition from the authorities against his Vernon plans. The amateur bouts will be held at Naud Junction.

Chicago, Oct. 12.—President Johnson of the American league, to-day investigated the scandal charges that have been hurled since La Jole won the prize batting automobile in last Sunday's game at St. Louis. Armed with La Jole's official average as forwarded him by the secretary of the league, President Johnson interviewed several players on both the Cleveland and St. Louis teams. The scorer also was questioned. While Johnson announced this morning that he would reserve his decision for a future date, it is the general belief that La Jole's hits will be allowed to stand. Johnson intimated as much when he said all whom he had questioned had declared the hits were not scratches.

Chicago, Oct. 12.—The proposed third league in opposition to the American and National leagues was given a severe knock to-day by Jeff Livingston, a Cincinnati capitalist, who has been generally credited with being one of the league's backers. Livingston denied he was interested in the proposed enterprise in any way. "I think the scheme is impracticable," said Livingston. "I have never favored it, all reports to the contrary notwithstanding. Such a scheme is almost impossible, as there are not enough players in the country to supply sixteen additional clubs. And if there were, it would take at least \$5,000,000 to swing such an enterprise."

New York, Oct. 12.—The Giants-Highlanders post season which starts this afternoon holds as much interest for New York as does the argument to settle the question of which team shall be hailed as world's champions. The New York teams finished second in each league, and although Manhattan is evenly divided over the merits of the Giants at odds of 10 to 8, Mathewson, and Ford will be the opposing pitchers, and will share a percentage of the gate receipts. The second game of the series will be at Highlanders park, and the teams will alternate between the Polo grounds and the American league park throughout the series. The gates were thrown open to-day at 11 o'clock, and thousands of persons were in line at the ticket offices.

San Francisco, Oct. 12.—In spite of the declarations of District Attorney Fickert that he will prevent four-round fighting in San Francisco on the ground that they are as much prize fighting as the longer contests, arrangements are going ahead for the Hogan-Lalonge fight scheduled for tomorrow night. The Golden Gate club, which is managing the fight, has a permit for an "amateur" show, granted it by the board of supervisors. Fickert said to-day he would instruct the police to stop all four-round and other contests.

PECK OF TROUBLE AS FAR AS THEY ARE CONCERNED. IT HAS BEEN RESPONSIBLE FOR MANY STATEMENTS DEROGATORY TO THE C. L. A. AS AN AMATEUR ORGANIZATION, AND HAS GIVEN AN OPPORTUNITY TO CERTAIN PERSONS AVOIDING INIMICAL TO THE ASSOCIATION A CHANCE TO EXPLOIT THEIR ENMITY.

In years past the C. L. A. was not all probably what it should have been in an amateur sense. Professionalism was rampant throughout the country and there were very few teams that could stand a strict investigation. But of late this has not been the case. Every effort has been made to make the teams and players live to the line and there has been little cause for complaint. It was unfortunate that just as things were going along so smoothly that the present embroglio should arise, but perhaps it was for the best; needed "housecleaning" may follow.

New York Herald.—There is a doubt if Jack Johnson and Sam Langford will ever meet in the ring. They have been doing a battle royal in a few newspapers and cafes, but that is as far as they have progressed. As champion, Johnson is under no obligation to put up a deposit until Langford puts down a roll amounting to \$1,000, not necessarily for publication, but as an evidence of good faith. To be frank, there is no loud call for a fight between the men outside of the circle of men who back them. Johnson is said not to be aching for a fight, and the referee is afraid to meet Langford, but he thinks a contest between two colored men would not be a financial success. And the champion, he it is known, is purely commercial; he is in the "profession" for the money there is in it. Jack is well off now. He "spotes" an automobile and his diamonds talk. His financial success at Reno has given him an exalted idea of his monetary value. A mere victory without cash return would not interest Johnson.

Calgary Herald.—The price of a hockey player has risen to such a height that the teams cannot take a chance in letting the weak clubs remain in the league. Rumors of present piracy are cropping up on all sides. The present league has a rule which says the teams cannot take players away from one club without permission of the team. It is well known that the creamery town management would like very much to have a couple of Ottawa star hockeyists migrate this winter, and should the National league go under, every hockey team association would practically be knifed. The organization of the new hockey club in Montreal is not causing any serious thinking in Ottawa. The supporters of the Ottawa Free Press.—That the supporters of the Canadian Rugby game

CONSIDER THE SPORT MORE THAN CHILD'S PLAY IS SHOWN BY THE FACT THAT THE PRESIDENT OF THE OTTAWA ROUGH RIDERS HAS HAD EVERY MEMBER OF THE TEAM INSURED AGAINST ACCIDENTS TO THE EXTENT OF \$1,000 EACH.

In the event of an injury the victim is entitled to ten dollars a week on his policy. Frank Lukeman, the famous sprinter, who is now in Ottawa, is counted upon to turn out and play with the Rough Riders, and it is believed with the regular \$100 weekly insurance will be put on his legs. Surely football in Canada is not so dangerous a game that such precautions are necessary.

J. McCleave's RIDING AND DRIVING ACADEMY HORSE SHOW BUILDING

A few horses boarded. Horses broken. Saddle riding school continued.

The McLaughlin Buick Car Still Leads

MR. ERNEST G. MAYNARD, 216 Park Boulevard, Victoria, writes the following:
Western Motor Supply Co., Victoria, B. C.:
Gentlemen:—I have driven my McLaughlin Buick Car continually since May 18th, 1909, covering OVER 12,000 MILES, and during this period my repairs and replacement account has only been \$7.00, for one park plug and one spring. My car is running as well now as when I purchased it. I have travelled over some of the roughest roads on this island, also been over the Summit several times, and still running on the same tires I got with the car. I feel safe in saying it is THE BEST CAR ON THE MARKET FOR THE MONEY.
This is only one of the many unsolicited testimonials that have been received. Better come in and let us demonstrate one for you.

WESTERN MOTOR & SUPPLY CO., LTD. BROAD STREET, R. P. CLARK, Mgr. Tel. 622.

THORPE'S SODA WATER

Made From Water From Which All Germs Have Been Removed

quickly stops coughs, cures colds, heals throat and lungs. 25 cents.

Our Last Shipment of MEN'S SUITS

We were never in a better position to offer such a complete line of Men's Clothing. Never were our wardrobes replete with such an assortment of styles and sizes—everything to suit the most exacting. The fact that they are the best make of the celebrated House of Hobberlin is description enough. The prices explain the rest:

- \$20.00 SUITS for - - - \$15.00
- \$22.00 SUITS for - - - \$17.00
- \$25.00 SUITS for - - - \$19.50
- \$30.00 SUITS for - - - \$23.50
- \$35.00 SUITS for - - - \$27.50

Finch & Finch

1107 Government St. Victoria, B. C.

SPORT NOTES.

The Victoria and District Association Football League meets to-night. The meeting will be held at the Victoria sporting goods store on Government street.

To-night there is a practice of the James Bay Athletic Club Rugby team in the club gymnasium. The boys will select the team to-night to represent the club against the Victoria team at Oak Bay next Saturday.

A. D. E. Scott, secretary of the Victoria Hockey Club, wants all members to get into line for the season. As soon as he hears from sufficient to form the team, a club meeting will be held. Old and new members are requested to communicate with him through post office box 718.

Miss Dorothy Campbell, who is expected to win in the finals of the American golf championship now being played at Flossmore, Ill., is not a Canadian lady. She is a prominent English player who has been visiting Canada for about five months and is staying at Hamilton, Ont.

Sir Marcus Samuel, president of the Kent County Cricket Club, gave a dinner at the Savoy hotel, London, to celebrate the team's success in the championship of 1910. Among the guests were Lord Harris, Viscount Hardinge, Sir W. Hart Dyke, Mr. E.

W. Dillon, captain of the club, and Mr. J. R. Mason, the former captain.

The J. B. A. A. Soccer Club will have a new player in the forward ranks when the meeting takes place with the Victoria West Club next Saturday week. There is talk in the club of having Schwengers on the forward line also.

A soccer eleven from Vancouver will play at Ladysmith on Sunday, October 23rd if the plans of the Ladysmith officials and Con Jones are fulfilled. This is a game between professionals from Vancouver and Ladysmith amateurs.

It will be called an exhibition game because no gate money is charged at Ladysmith on Sunday. Here is just where the R. C. A. A. U. constitution falls to the ground. Because these teams play and a collection is taken up no action can be taken. If an admission fee were to be charged the Ladysmith team could be professionalized. The spirit of the matter is the same, however.

The Gold Seal prize list this year aggregates \$22 in value. This is a record for the race. Last year the total amount spent in prizes was \$212. The first prize is a \$65 clock and a \$20 gold medal. The distance is about 11½ miles.

There will be one hundred days' racing in California this winter. The California Jockey Club, which is Thomas H. Williams, announces opening day for November 12 and a distribution of

One Pound Makes 200 Cups Your Grocer Sells It

Yearly Sale Over 20,000,000 Packages

enough gold to fill up the large hollow in the other.

I should like to know why there was not somebody bold enough to take up an ego-sumthin' or a pettifogging brain-storm story on behalf of Allan. Is it because they can't invent a phrase so original and assuring, or is the thing too expensive, I wonder? I am not going to advocate the banishment of capital punishment. The Times has pointed out with good judgment the baneful effect such a procedure would in all probability entail. But it seems to me there is plenty of room for further investigation in this affair. According to his own evidence (which was corroborated by one of his superior officers), regarding the cartridges used being different to the ones at the barracks, there seems to have been little or no importance attached. Then the fact that he had an enemy should have given rise to an investigation. Why was the man Corrigan not brought to account? It looks as if the law were very lax in these points. There is a wide discrepancy in the Crispin case and this. Even if the man committed the deed, he did not do it in the same brutal manner nor apply the same revolting means of hiding his guilt as the cowardly Crispin. Yet such a point of evidence as this would have been seized upon and fought tooth and nail. Then there is some excuse for Allan apart from this, as Dr. Ernest Hall has testified, and as is a well known fact, that it is a common occurrence for soldiers who have served in hot countries to become demented upon partaking of strong drink, even in moderate quantities. I have heard several instances cited of soldiers who were affected in this way after returning from the South African war. Conditions being thus in so many instances, instead of being wondered at when a thing like this happens it is a matter of surprise that men who have served their time under strict surveillance as being incapable of controlling their actions whilst under the influence of drink. I should think it would be a great inducement to other men to join the army if Allan has to pay the penalty of his crime committed under such circumstances. Howbeit and whichever way you look at it, it must be apparent to everybody that law is one thing and justice another.

LA SIMPATHE.

WEEKLY WEATHER SYNOPSIS.

Victoria Meteorological Office, October 6th to 11th, 1910.
 Victoria—Bright sunshine, 10 hours 24 minutes; highest temperature, 69 on 6th; lowest, 28 on 11th; rain, 77 inch.
 Vancouver—Bright sunshine, 24 hours 20 minutes; highest temperature, 61 on 6th; lowest, 28 on 11th; rain, 77 inches.
 New Westminster—Highest temperature, 69 on 6th; lowest, 28 on 11th; rain, 2.25 inches.
 Kamloops—Bright sunshine, 18 hours; highest temperature, 72 on 6th; lowest, 28 on 11th; rain, 2.25 inches.
 Barkerville—Highest temperature, 44 on 24th and 28th; lowest, 20 on 11th; precipitation, 2.75 inch.
 Prince Rupert—Highest temperature, 54 on 24th, 6th and 11th; lowest, 28 on 10th; precipitation, 4.6 inch.
 Dawson—Highest temperature, 32 on 11th; lowest, 2 below zero on 8th, 9th and 10th; precipitation, 3.2 inch.

A German dictionary for the blind, printed at Vienna, even though condensed as much as possible, makes five big volumes.

CHAS. PROVIS, 407 Wilson St., Oct. 12th, 1910.

LAW AND JUSTICE.

To the Editor—The peaceful calm of the atmosphere and beautiful sunny sky this morning reminded me forcibly of that unfortunate man who is at this moment forced to a most unenviable form of soliloquy, all tending to shorten that fateful hour so soon to come, when the sun will set for the last time on this earth for him. In expressing myself thus, I am aware that some people will look upon it as pure sentiment, and as sentiment does not seem to enter into the nature of everybody, nor at all coincide with law, I will proceed to state my reasons for showing any interest on behalf of Gunner Allan.

In contemplating this case I am reminded of another which occurred near the district in which I then lived, about the same time as the scandalous Thaw affair, the condemned man in this case being one Jones, a quiet man, having nothing against his character, only that at times he took too much drink. There was a little difference about some property he had owned and which the man's daughter and her husband seemed to have appropriated. He killed his son-in-law under almost parallel conditions as Allan shot Elliston—that is, under the influence of drink, and after a long term of brooding over a wrong, or fancied wrong. There was a trial, or the semblance of a trial. But it seems to me that there is a deplorable shortness of justice pertaining from the respective benches of England and elsewhere, when the culprit happens to hail from the obscure ranks. Everybody knew that Jones was as good as hung from the moment he committed the deed, just as well as they knew that all the quibbling and delay from the lawyers, backed up by Thaw's fat purse, was going to get him off. We have another example of the wonderful results obtainable from the services of these powerful law-twisters in the Crispin case. It will be interesting to note the effect of the publicity and reconstruction of evidence by the magician, Mr. Arthur Newton, and how much will depend on the mere turn of a word. I believe that public opinion would hang Crispin tomorrow. Yet public sympathy would gladly unite the nose that is to be the finish of Allan, and public opinion should be accounted something after all. I take it that the majority of people in this country are intelligent and humane, but still just; and when the people go so far as to draw a distinction between two criminals it is pretty safe to conclude that they have weighed up the evidence of both cases, one man's life being of no more consequence to them than another's. But what does it signify if all the people sympathize or condemn? A clever lawyer can hold a man's fate in the hollow of one hand, provided there is

SERGEANT SHUTE DEAD.

Passed Away Suddenly at Aldershot—Had Lived at Esquimalt.

The death occurred at Aldershot, Eng., on Sept. 20th, of Sergt. I. W. Shute, who was formerly stationed at Esquimalt. The Aldershot News, referring to the death, says: "Mr. W. E. Foster, deputy coroner for North Hants, held an inquest at the Cambridge hospital on Saturday morning on the body of Lionel William Shute, a sergeant of the wireless company, Royal Engineers, who died suddenly on the previous day near Tottenham Station, where he was out exercising some horses. The jury returned a verdict of death due to natural causes."

The funeral of the deceased sergeant took place at the Aldershot military cemetery on Tuesday afternoon, and was attended by nearly all the members of the corps who were left behind from the manoeuvres. The cortege started from the mortuary of the Cambridge hospital, headed by a firing party and the band of the Norfolk Regiment.

Then followed the gun carriage, bearing the coffin, which was drawn by a team of horses in charge of Sergeant-Major Essam and Sergeants Hanson and Matthews, Royal Engineers. Then followed the deceased's charger, with reversed boots, and immediately after came the chief mourners and the deceased man's comrades.

The deceased sergeant had an interesting career, for outside his military service he was twice decorated by the Royal Humane Society for bravery. He won the first award in Hongkong on the 29th June, 1899, when a boat containing a number of coolies was capsized in the harbor, and Shute jumped from the pier and saved four of the men, bringing them out one by one. For this act he was awarded the bronze medal. On the 1st August, 1909, he again saved a man from the harbor, and he was awarded a testimonial on vellum.

The deceased, who was only 23 years of age, had 19 years' service; he had served

RHEUMATISM CURED

Zam-Buk Will Give You Relief!

When you have any deep-seated pain in the joints, the back, the wrists or elsewhere, place a liberal supply of Zam-Buk on the fingers or on the palm of the hand and rub it in. The penetrating power of this "embrocation-balm" is very great. It kills pain and removes stiffness. Mrs. Frances Wyatt, of 25 Guy Avenue, Montreal, says: "I have found Zam-Buk most soothing and valuable in a very bad case of rheumatism, and also for stiffness of joints and muscles. I suffered long and acutely from rheumatism, and tried one ointment after another in vain. I also took medicines internally, but it remained for Zam-Buk to effect a cure. I began applying this balm whenever I felt the aches and pains of rheumatism coming on, or felt any of the stiffness. The result was truly wonderful. Zam-Buk seemed to penetrate to the very seat of the pains, driving them completely out, and I am now quite cured."

So many of the ordinary embrocations and liniments are imperfectly prepared and not sufficiently refined to penetrate even the skin—much less the underlying muscles. Zam-Buk is totally different. Zam-Buk is so refined, and its essence and juices are so concentrated, that when rubbed into the muscles for rheumatism, sciatica, sprain, etc., its effect is very quickly felt.

If rubbed on to the chest and between the shoulders in cases of bad cold on the chest Zam-Buk will give relief. Apart from its use as an embrocation, Zam-Buk will be found a cure for all ordinary forms of skin disease and injury. It cures eczema, rashes, ringworm, cold sores, ulcers, abscesses, chapped hands, piles, varicose veins, cuts, burns, bruises, etc. All druggists and stores at 50c., or post free from Zam-Buk Co., Toronto, for price. Refuse harmful imitations.

Discussing the Important Question.

WHEN you talk over the question of Dress for men, we shall be glad to present the text in the Quality, Style and Value of Semi-ready Tailoring.

We can prove that our Garments at \$15, \$20 and \$25 are "better than the best tailor's best," and save you money and gain you the advantage of good dress.

abroad in Hongkong and Esquimalt (British Columbia). He was the eldest son of Captain W. J. Shute, who was quartermaster of the troops and companies in Aldershot in 1906, when he retired. Deceased leaves a widow and two young children.

The inquest on the body found on the Summit, near Seventeen-Mile post, believed from the papers discovered nearby to be that of Robert Carlisle, of Vancouver, is being held here this afternoon. The remains having been brought to the city by the midday train. Provincial Constable O'Hara has just returned from an official visit to the scene of the tragedy in which he was accompanied by Deputy Game Warden G. Terrell. Reports indicate that there is little likelihood of deceased having been the victim of foul play, and circumstances surrounding the finding of the body do not suggest suicide. The body is in such an advanced stage of decomposition that the man has evidently been dead for the past four or five months.

It is an extraordinary fact that men buried in an avalanche of snow hear distinctly every word uttered by those who are seeking for them, while their most strenuous shouts fail to penetrate even a few feet of the snow.

Every player when he takes up his cards at a game of whist holds one out of 623,012,556,600 possible hands. The total number of variations possible among all the players is so enormous as almost to exceed belief.

A PRETTY WEDDING AT CHRIST CHURCH

Gordon Patrick Heinekey and Miss Lily Simpson Joined in Holy Bonds

A pretty wedding took place at 7.30 last evening in Christ Church cathedral with the dean, the Rev. A. J. Doull, officiating. The groom was Mr. Gordon Patrick Heinekey, late of Johannesburg, South Africa, and the bride Miss Lily Simpson of this city.

The bride, who was given away by her father, was very prettily gowned in white silk mull with tulle veil and orange blossoms and carried a bouquet of brides' roses and white chrysanthemums. She wore the groom's gift, a beautiful pearl and amethyst necklace, and was attended by Miss Agatha Heinekey, the groom's sister, wearing a dainty lingerie dress over pale blue, with becoming picture toque of pale blue silk and fur and carrying a bouquet of pink roses and carnations. She wore the groom's gift to her, a pretty gold bangle. The groom was supported by his brother, Mr. Gilbert Heinekey, to whom he gave a handsome scarf-pin. The cathedral was beautifully decorated with a triple arch of white and yellow chrysanthemums over the choir railing, the base of which was banked with sword ferns and palms.

After the ceremony, a reception was held at the home of Mr. and Mrs. James Simpson, the bride's parents, 957 Johnson street, at which about fifty guests were present. The drawing room where the young couple received the congratulations of their friends was very prettily decorated in pink and green, while the refreshment room was equally pretty in the same colors carried out with sweet peas and roses.

A great many beautiful and appropriate gifts were received, among them being several substantial checks.

Amid the customary showers of rice and good wishes, Mr. and Mrs. Heinekey left in motor, out to their pretty home at Parson's Bridge. The bride's going away suit was a blue tailored broadcloth with toque to match.

SOCIAL AND PERSONAL

A. Wilmut, Kamloops, is registered at the Balmoral hotel.

Capt. Clive Phillips-Wolley left this afternoon for the east.

H. S. Griffiths left last night to spend a few days in Vancouver.

N. B. Maymuth has gone over to the Terminal city on business.

A. B. McNeill crossed over to Vancouver last night on the Charmer.

Mr. and Mrs. Patrick, Salt Spring Island, are enjoying a visit in this city.

A. H. Styles went over to the Terminal city last night on the Charmer.

A. G. Snelling was among last night's passengers for Vancouver on the Charmer.

Mrs. W. M. Pheasant has left to spend the winter months with friends in Mexico.

W. E. Monteith was among the passengers on last night's steamer for the mainland.

W. E. Scott, deputy minister of agriculture, left last night on a business trip to Vancouver.

Miss Delorne, who has been for some time the guest of Mrs. McMordie, 127 Menzies street, returned to Prince Rupert on Monday last.

Mrs. Harry Currie will receive on the second Friday in October and November at Cherry Bank, instead of the second and fourth Fridays at Government street.

Harley Knevitt, of the British ship Kinrosshire, now at San Francisco, is visiting his sisters, the Messrs. Vera and Frieda Knevitt, and other friends in this city.

Mrs. Janion, of this city, who was for some time in Vancouver the guest of her son, H. C. Janion, has returned home, accompanied by Mr. and Mrs. R. C. Janion.

Mr. and Mrs. W. S. Parker, who have been spending a delightful holiday in Victoria visiting relatives and friends, left yesterday on their return to their home in Winnipeg.

Mrs. Oscar Lucas was another Niagara street hostess yesterday afternoon, and received in a very becoming lingerie gown of pale rose silk with white lace insertions.

Mrs. Herbert M. Fullerton, formerly of McPherson avenue, Victoria West, will receive at her new home, 1630 Hollywood Crescent, Foul Bay, to-morrow afternoon, and hereafter on every second Friday in the month.

A. L. Mitchell, publicity manager for the Hotel Oregon, Portland, and the Hotel Seattle, Washington, arrived in town yesterday, and will spend the balance of the week here. Mr. Mitchell will represent the Wright-Dickenson Hotel Company throughout the north-west.

E. B. Cadwell, who is largely interested in the holding of the Michigan Pacific Lumber Company, at Jordan River, and in the local sawmill interests which that company recently acquired from J. A. Sayward, of this city, is a guest at the Empress hotel. Mr. Cadwell leaves to-day for Jordan River on a trip of inspection to the timber area.

Mrs. D. C. Reid received yesterday for the first time this season at her pretty home on Niagara street, which was gay with sweet peas and pink carnations. Her pretty little daughter, Roma, in a dainty white frock and blue ribbons, opened the door for the guests, and Mrs. Reid welcomed them wearing

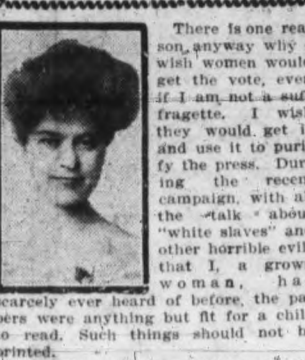

NEW IDEAS IN Artistic Brassware

Our windows are reflecting many beautiful designs in Brassware, including hammered, polished and rubbed effects. These consist of desk sets, jardiniere, compotes, etc. But we would particularly draw your attention to a special design in sherbet cans. These are glass lined. Prices exceptionally moderate.

The Evening Chit-Chat

BY RUTH CAMERON

There is one reason, anyway why I wish women would get the vote, even if I am not a suffragette. I wish they would get it and use it to purify the press. During the recent campaign, with all the talk about "white slaves" and other horrible evils that I, a grown woman, had scarcely ever heard of before, the papers were anything but fit for a child to read. Such things should not be printed.

That was actually said by a grown woman before a large women's club recently. I clipped it from the paper. Think of it. It almost made me an anti-suffragist. It would if I thought there were many women as dangerously narrow and shortsighted as this.

To me it is one of the most splendid signs of the times that papers are giving so much space to "all this talk about white slaves and other horrible evils." I wish they gave double. The more space they give, the more rapidly the betterment of conditions that is undoubtedly coming through the awakening of the public conscience, will be brought to pass.

Let me tell you, Mrs. Modesty Club Woman, what Eva Booth, the head of the Salvation Army in this country, a woman who ought to know as much as anyone in America of conditions in the underworld, said to me about the white slave traffic in New York.

"There has been a tremendous falling off of this kind of business in the last year, not so much through the enforcement of laws as through the fear which so much publicity has inspired in the white slave dealers and procurers."

"The Rockefeller Investigation and the newspaper accounts of it have not only awakened the eyes of mothers of young girls all over the country to the dangers that lie in wait for them, but they have thoroughly frightened these wicked men."

Would you have such things left out of the papers because the papers might be pleasanter to read?

Would you have such things left out of the papers because of the possibility that your child might learn some of the facts of life?

Do you know the only kind of child that will get any harm from such articles?

The child who has reached the age when children begin to wonder about the mysteries of sex, and whose father

A pretty wedding and one of interest to Victorians was solemnized on Monday last in Fairview Methodist church, Vancouver, when Miss Ida Bond, eldest daughter of Mr. and Mrs. J. E. Bond, Lincoln, England, was united in marriage with Mr. C. Ross McLachlan, of Vancouver, eldest son of Mr. and Mrs. A. D. McLachlan, Caledonia avenue, Victoria. The bride, who was given away by her father, was looking charming in a white silk mull dress made with lace overskirt. She wore a bridal veil and orange blossoms, and carried a bouquet of brides' roses and maiden hair ferns. The bridesmaid, Miss Annie Armstrong, of Victoria, was prettily gowned in pale blue mull over silk, with which she wore a large picture hat. She carried a bouquet of pink carnations. Baskets of carnations also were carried by the two little flower girls, Ida and Ethel Bond, nieces of the bride. Mr. Morton M. McLachlan, Victoria, acted as groom.

After the ceremony a dainty wedding breakfast was partaken of at the home of the groom's uncle and aunt, Mr. and Mrs. James H. Craig, Kitsalano. The presents were numerous and costly. The happy couple left on the afternoon boat for Vancouver Island where they will spend their honeymoon. Returning they will take up their residence at 2145 Eighth avenue west.

THE QUICKEST, SIMPLEST COUGH CURE

Easily and Cheaply Made at Home, Saves You \$2.

This recipe makes 16 ounces of cough syrup—enough to last a family a long time. You couldn't buy as much or as good cough syrup for \$2.50.

Simple as it is, it gives almost instant relief and usually stops the most obstinate cough in 24 hours. This is partly due to the fact that it is slightly laxative, stimulates the appetite and has an excellent tonic effect. It is pleasant to take—children like it. An excellent remedy, too, for whooping cough, sore lungs, asthma, throat troubles, etc.

Mix 2 cups of granulated sugar with one cup of warm water and stir for 2 minutes. Put 2 1/2 ounces of Pinex (50 cents worth) in a 16-oz. bottle and add the Sugar Syrup. It keeps perfectly. Take a teaspoonful every one, two or three hours.

Pinex is one of the oldest and best known remedial agents for the throat membranes. Pinex is the most valuable concentrated compound of Norway white pine extract, and is rich in galic acid and all the other natural healing elements. Other preparations will not work in this formula.

The prompt results from this recipe have endeared it to thousands of housewives in the United States and Canada, which explains why the plan has been imitated often, but never successfully.

A guarantee of absolute satisfaction, or money promptly refunded, goes with this recipe. Your druggist has Pinex or will get it for you. If not, send to The Pinex Co., Toronto, Ont.

STRIPED TOP COAT.

We are told that stripes have renewed their popularity in all sorts of fabrics, and some stunner top coats are made from striped serge and cloth. A smart and serviceable model of this type is shown to-day. Heavily stitched seams and bone buttons are the only decoration, but every line is perfect. Note the unique cut of sleeve where it joins on the shoulder.

and mother have not done their duty in explaining such things to him, and who is consequently trying to piece together an explanation from everything that he hears and reads.

The child will morbidly devour such articles and may be harmed by them.

But I do not think that any other child or any clean minded man or woman will derive anything from the reading of such evils, except a burning desire to try better conditions.

I hope the newspapers will go on giving all the space they can spare to telling about such things, and for those who still disagree with me and still disapprove, I want to tell a little story that I always think of when I meet people like Mrs. False-Modesty Club Woman.

When Dr. Samuel Johnson published his famous dictionary, a woman came

Made in 98 different styles.

If your bedstead has the "Ideal" Guarantee on the footrail, you have bought wisely. For "Ideal" Metal beds are made to satisfy, not merely to sell.

You cannot see the difference between one metal bed and another—except in externals. Nor need you see, if you look for the "Ideal" Guarantee. It is put on beds you can safely buy with eyes shut.

Learn why before you buy another bed. Tell us to send you "The Philosophy of Sleep," free, but interesting. Ask for Booklet No. 144.

NEW CRUISER ADANAC LAUNCHED YESTERDAY

Power-Boat for B. C. Machinery
Inspectors Leaves Ways at
Watson's Shipyard

Yesterday afternoon the 40-foot power cruiser Adanac, built for the British Columbia machinery inspection service, was launched from the ways at Watson's shipyard. She will take her trials on Saturday, a six hour test having been planned.
The Adanac was built at a cost of approximately \$5,000 and is a trim craft

of original design. A 20 h. p. Gardner engine, using either coal oil or gasoline, has been installed by Hutchinson Bros., and the Hinton Electric Co. has supplied the electrical fittings. The cruiser was christened by John Peck, chief inspector of machinery for B. C., whose office is at New Westminster.
In designing the Adanac, J. C. Robertson, the well known North Vancouver marine architect, paid especial attention to the matter of convenient control, and the cruiser can be handled from her pilot house or from a small bridge, by one man. She is copper fastened throughout, and the house and interior fittings are of Australian mahogany. There is a cabin forward and pilot house, engine-room and galley, amidships and cabin aft. The fuel tanks are located aft of the after cabin, with watertight bulkheads. There are two tanks, one for the storage of coal oil, the other for gasoline in case it should be required to burn gasoline. Sleeping accommodation is provided for five persons. The Adanac has a military mast which is fitted with hall-lights for signalling and a jib or stay-sail can be used, if required. The dimensions of the cruiser are: length, 40 feet; breadth, 9.5 feet; depth, 3.5 feet.

NEW STEAMSHIP SERVICE TO PANAMA

Four Steamers of Line Will
Make the Run to
Seattle

(Times Leased Wire.)
San Francisco, Cal., Oct. 13.—Seven new steamships for service in the Seattle-San Francisco-Panama service have been chartered, according to an announcement to-day by H. S. Bates, head of the Bates & Chesapeake Company, the newest rivals of the Pacific Mail steamship line. Three of the seven vessels will run only as far north as San Francisco, and the other four will complete the run to Seattle. With these four steamships it is planned to maintain a 14-day schedule in order to compete with the service of the Hawaiian-American line, which maintains a bi-monthly schedule via the Tehautepoc railroad.
The new service was inaugurated to-day when the steamer Mackinaw sailed for Panama with a cargo of nearly 20,000 cases of salmon on board. The regular 14-day schedule will not go into effect until after the first of the year.
Efforts to float the steamship Damara, ashore at San Francisco, have so far been unsuccessful.

G. T. P. STEAMER SHOWS SPEED

PRINCE GEORGE GOES 22 MILES AN HOUR

Comes From Vancouver in 3 Hours
and 43 Minutes—Brings Many
Passengers South

Picking up time lost through encountering fog outside of Prince Rupert, the G. T. P. steamer Prince George did some of the steaming on her way south. Between York Point and Bella Bella, a distance of 107 miles, she averaged 18 miles an hour and her time from Vancouver to this port was 3 hours and 43 minutes, or nearly 22 miles an hour.
The George arrived last night with 40 passengers from northern points. At Vancouver 150 were landed. She will sail north again to-night with several passengers including H. C. Briggs, who is booked to Prince Rupert, and A. E. McCulloch, who is going to Masset, Q. C. S.

CROWDED WHARVES ARE AWAITING HOLT LINER

Hundreds of Tons of Whale Products and Salmon Piling Up in Sheds

Whale oil, fertilizer, gill bone and other products of the British Columbia whaling stations, together with hundreds of empty drums and barrels are crowded on the outer wharves awaiting shipment—the oil to Scotland, the fertilizer and gill bone to the United States, and the empty drums to the stations. Awaiting the Holt liner Teucer, which comes here to load next week, are several thousand tons of oil and general freight, including 26,000 cases of salmon and temporary clearance of the crowded warehouses is looked for when the Blue Funnel steamship clears.
The steamer Otter is discharging 154 drums and 182 barrels of oil, 1,700 sacks of guano and 9 bales of gill bones from Kyugot and Sechart stations, and will take up a full load of empty drums and barrels.

JAPANESE LINER HAS AN UNEVENTFUL TRIP

Awa Maru Arrives From Orient With Record Cargo for This Port

Over 1,300 tons of general freight, the largest cargo yet brought to Victoria by a N. Y. K. liner, is being discharged at the outer wharf by the steamship Awa Maru, which arrived from Hongkong and way ports this morning, after an uneventful trip across the Pacific.
Included in the local cargo, which is largely consigned to the C. P. R., are nine bales of silk goods worth about \$3,000 and large shipments of tea, big tubs, curios and provisions. The steamer Princess Beatrix will load 500 tons for Vancouver to-morrow.
The Awa Maru made a good passage, experiencing strong, but favorable, winds. She brought over 3,000 tons of general cargo and 120 passengers, of whom 1 salmon, 19 second-class and 51 stowage landed here, the latter including 28 Chinese.

SHIPPING REPORT

October 12, 8 a.m.
Point Grey—Cloudy; calm; misty seaward; 30.09; 53; no shipping.

London—Arrived: Oants, from Seattle.
Southampton—Sailed: Kronprinz Wilhelm, for New York; Teutonic, for New York.

DREDGE WILL STEAM 10,000 MILES TO B. C.

Mud-Thrower for Vancouver Harbor Will Be Largest of Its Kind on Pacific Seaboard

Under the terms of the contract awarded by the Dominion government to William Simons & Company, Renfrew, Scotland, for the large bucket ladder dredge to be used in the Narrows at the entrance to Burrard Inlet, the dredge is to be delivered at Vancouver within six months. As delivery entails a long trip of 10,000 miles, which will be made under the vessel's own steam, construction will be started immediately. Heavy penalties for delay are included in the contract signed. The Scottish firm tendered for the dredge through their Canadian agents, Messrs. John Reid & Co., of Montreal. The dredge will be the largest and most powerful on the Pacific seaboard. Messrs. Simons & Co. were recently awarded a contract for the construction of a large bucket ladder dredge, similar to the one intended for Vancouver, to be used on the Panama canal.

OBITUARY RECORD

Marie Angelina, the six-months-old daughter of Mr. and Mrs. Messerschmidt, passed away yesterday at the family residence, 1028 Yates street. The funeral has been arranged to take place at 10.30 o'clock to-morrow morning from the residence. Rev. H. A. Carson will officiate and the remains will be interred in Ross Bay cemetery.
This afternoon at 2.30 o'clock the funeral of the late James William Court, the five-year-old son of Mr. and Mrs. Stephen Court, took place from the Hanna parlors, where Rev. W. Stephenson conducted an appropriate service. The attendance of friends was large and the little casket was laden with numerous floral tributes. The remains were interred in Ross Bay cemetery.

There passed away early this morning at the family residence, 942 Couture Way, one of the best known residents of this city in the person of Mrs. Elizabeth L. Maltby, the beloved wife of J. B. H. Rickaby. Deceased was 51 years of age and was born in Leeds, Yorkshire, Eng. The funeral has been arranged to take place on Saturday afternoon at 2.30 o'clock from the residence and at 2.30 o'clock at Christ Church cathedral. The remains will be interred in Ross Bay cemetery.

MAP APPROVED
 Ottawa, Oct. 12.—The Minister of
 Railways heard applications yesterday
 for the approval of several route maps
 submitted by railway companies.
 Messrs. J. T. McNaught and E. W.
 MacLean of North Vancouver, asked
 approval of a route map of the Burrard
 Inlet Tunnel and Bridge Com-
 pany. The Minister of Railways ap-
 proved of the tunnel and bridge com-
 pany's route with an understanding
 that the company does not encroach
 upon or occupy any of the V. W. & Y.
 Company's right-of-way and besides,
 that the company's railway does not
 cross the surface of Stanley park or
 run through Hastings park.

HIS DAUGHTER KNEW THE RIGHT REMEDY
 To Cure Kidney Trouble.
 The United States is all right, you
 know, but Uncle Sam's doctors have
 not found a cure for serious Kidney
 Trouble. When sick folks down there
 want to get well, they send to Canada
 for Gin Pills.
 At least, that is the way Mr. H. S.
 Ball, of Oxford, Ohio, was cured of a
 bad case of Kidney Disease.
 Mr. Ball took the usual remedies
 prescribed by the doctors, and wore
 plasters, and was rubbed with lin-
 iments—but steadily grew worse. In a
 letter to his daughter, who lived in
 Canada, Mr. Ball wrote of his serious
 condition. His daughter immediately
 sent him two boxes of Gin Pills, which
 did him so much good that he knew he
 had found the right remedy at last.
 July 25th, 1909.
 "Find enclosed one dollar for which
 please send me two boxes of Gin Pills.
 My daughter sent me two boxes and I
 had a bad case and am getting well fast.
 I find lots of men down here in the
 same fix that I was in, and I shall
 surely recommend Gin Pills to every-
 body."
 H. S. BALL.
 Gin Pills are a product that every
 Canadian may take pride in, and one
 that thousands endorse. They are
 made by the largest wholesale drug
 house in Canada, who fully guarantee
 every box. In fact, Gin Pills are sold
 with a positive guarantee. If, after
 taking Gin Pills according to direc-
 tions, you can honestly say that they
 have not done you any good, simply
 return the empty boxes to your dealer
 and your money will be promptly re-
 funded.

GREATER YOKOHAMA.
By Combining Suburban Districts Population Would Be Nearly Half a Million.

With the increase of the population of the city of Yokohama, houses in the city and suburbs are gradually increasing so much so that the suburbs and city are now nearly connected. Accordingly Governor Sufa has approached the Yokohama municipality as well as the local communities of Hodogaya, Okazawa, Koyasu and other suburban districts as to the advisability of other wise of combining them with the city of Yokohama.

It is reported that as the people in the suburban districts will enjoy various privileges such as the increase of the police force, supply of waterworks, hygienic and other arrangements as a result of the combination, though their taxes will be slightly increased there will be no serious objection to the proposal. When the combination is realized, the population of the city will be increased to about 430,000.

For rheumatism, gout and other signs of disordered kidneys or for stomach trouble, there is a real therapeutic value and pain alleviation in

MAGI
THE WATER OF QUALITY

PREPARING FOR APPLE SHOW

VANCOUVER ISLAND WILL BE REPRESENTED

Fruit Growers of Victoria and Adjacent Districts Active in Matter

It is likely that at the quarterly meeting of the board of trade to be held to-morrow some definite decision will be reached in regard to assisting the fruit growers of Vancouver Island in making an adequate exhibit, at the National Apple Show in Vancouver.

Two carloads of Vancouver Island products will be on exhibition at the Vancouver show. While this exhibit of island products was arranged for, the growers are in some difficulty in getting together the necessary funds to meet the expenses in connection with the gathering, packing and freighting of the goods, and the appointment of an expert to assemble the exhibits. The amount of money necessary for these purposes is \$2,500, and the co-operation of the board is asked in the matter of arranging for the collection of this sum.

A Vancouver correspondent writes as follows, explanatory of the preparations looking towards the success of the apple show:

"With the success of the first Canadian National Apple Show from an exhibition standpoint now assumed, there is every indication of a large attendance of visitors from the entire province and even throughout the Dominion. The engagement of the 48th Highlanders military band, a leading band of Canada and one of the world's best musical organizations, has added very much to the attractions of the big show.

"The 48th Highlanders' band, which has never been west of the Rockies, will play twelve concerts, two daily, with an entire change of programme at each performance.

"The management believes that every obstacle to the success of the big undertaking has now been removed by the Canadian Pacific Railway Company granting a one-way first-class fare for the round trip from all points in the Dominion of Canada; and in addition have granted selling dates in advance of the regular selling dates to the public, for the benefit of the exhibitors, thus giving to all exhibitors the same privileges as granted to the public.

"Exhibitors' tickets will be sold on the certificate plan. The dates of selling for British Columbia, Alberta and Saskatchewan being Friday, October 21st, to Saturday, October 29th. Any exhibitor desiring the advantage of the one fare round trip rate must notify the secretary of the Canadian National Apple Show, who will furnish him with a certificate. This certificate, on being presented to the nearest C. P. R. ticket agent, will entitle the holder to a ticket to Vancouver and return at lowest one way first-class fare. No certificate will be required on the open selling dates to the public."

FOREST FIRES.

Carters Lake, Col., Oct. 12.—The forest fires which swept Big Chief mountain Tuesday, yesterday jumped to Sheep mountain. Efforts to control the fire by the forestry men proved unavailing, the fire jumping the cleared space made by back firing and setting the work of the fighters at naught. So far as known, there has been no loss of life, and no ranches are in immediate danger. The timber loss is estimated at about \$150,000, with destruction still proceeding. The fire area is now about 10 miles long, and in its widest part about five miles deep.

\$500.00 IN PRIZES
given away by the publishers of this well-known illustrated weekly magazine.

THE CANADIAN CENTURY

Canada's Illustrated Weekly
Special October Offer

One Year for One Dollar
The regular price is \$2.00 per year and The Canadian Century is sold at all news-stands and by boys for 5c. a copy. This offer, One Year for One Dollar, is good only for the month of October.

We will give \$500.00 to the persons sending in the greatest number of subscriptions by October 31.

Start to-day—get subscriptions for THE CANADIAN CENTURY at this "special October offer" rate. Secure one of the large prizes—you would, you have 43 chances. Here's the list:

\$150.00 to the person sending in the largest list of subscribers.
\$50.00 for the second largest list.
\$25.00 for the third.
\$10.00 each to the next fifteen longest lists.
\$5.00 each to the next twenty-five longest lists.

Send in your name, we will send you sample copies of the magazine. Tell your friends about it—show them the magazine. Just One Dollar for a whole year's reading.

Let us have your subscriptions daily—a dollar with each one. We will keep a careful tally.

The Canadian Century MONTREAL

TRANS-ATLANTIC AIRSHIP FLIGHT

WELLMAN'S BALLOON OF FLEXIBLE TYPE

Has Two Engines, Each Capable of Propelling Craft Twenty Miles an Hour

The following article on the Wellman trans-Atlantic air voyage appeared in a recent number of the Scientific American:

The start will be made from Atlantic City, and the very shortest distance across is close to 2,000 miles, whereas no airship has as yet made a record of as much as 500 miles of uninterrupted travel, and even the record of a drifting balloon is much less than half that proposed by the Wellman expedition.

The airship is not the same as the one with which the polar expeditions were undertaken. The balloon has been enlarged to an over-all length of 228 feet, while its diameter is 52 feet, giving a lifting capacity of nearly 42 tons, or to be more exact, 23,650 pounds. The envelope itself weighs over two tons, and is made up of two layers of silk and one layer of cotton gummed together with rubber, so that leakage of hydrogen gas is reduced to a minimum. Unlike the zeppelin type, the balloon itself is flexible, but the airship is rendered rigid by attachment to a long car made up of steel tubing in the form of a truss of triangular cross section. This car has been entirely rebuilt, and now measures 156 feet in length. The bottom chord of the structure is a steel tank 7 1/2 feet long, which is used for storage of gasoline.

The airship is provided with three gasoline engines, two of which are used for power purposes, while the third serves as a standby engine. The power engines are rated at 80 to 90 horsepower, and are situated near the center of the car.

The engine shafts are disposed at right angles to the car, and each shaft drives a pair of screws through the medium of bevel-gearing. Unlike other airships of this type, no stabilizing planes are provided, and there is no sliding weight by which the airship may be directed upward or downward. Instead, the propellers of the airship are mounted, so as to be capable of angular motion in a plane parallel with the car, and thus drive it either upward or downward.

This mechanism is made possible by the use of miter gears, between the power shaft and the propeller shaft. The propeller shaft journal is carried by a conical support projecting laterally from the car, and this conical support is itself capable of being revolved upon its axis by means of a worm gear operated by a hand wheel. As the propeller shaft is turned through an angle, the gear it carries is free to travel on the gear key to the power shaft. The forward propellers are 11 feet 8 inches in diameter and the after pair 10 feet 4 inches.

The "donkey engine," which is rated at ten to twelve horse-power, is used for a variety of purposes. One of the most interesting of these is the office of cranking the power engines. The donkey engine shaft is geared in the power engines by means of clutches which are automatically thrown out as soon as the power engines are started.

The donkey engine also serves to drive a blower, by means of which the balloons may be filled with air to keep the balloon inflated. There are four of these forward and two aft, all fed from a common duct. Each balloon, however, is provided with its own individual valve, so that the distribution of weight (for air in this case is ballast) can be controlled and the ship be kept on an even keel.

The rudder at the rear of the car consists of three vertical planes. The central plane is broader than the other two, which are set back a few feet so that when the rudder is turned sharply to the right or left, the inner side of the turn will not close against the car and cut off or screen the centre plane.

The sleeping quarters of the crew will probably be in a lifeboat swung beneath the car. This lifeboat, which is 27 feet long and of six-foot beam, weighs less than a thousand pounds, being constructed of layers of mahogany veneer and canvas. It is provided with two water-tight compartments fore and aft, and is self-bailing.

The boat will be plentifully stocked with provisions, so that in case of accident to the airship the crew may take to it until picked up by a passing vessel. The boat is provided with a jury mast and sail. If it is necessary to cut the balloon open for a sudden descent, it may be done by means of a rope which passes around the body of the balloon, and at one end carries an anchor-shaped knife.

When this rope is pulled, either of the points of the anchor-shaped knife dig into the envelope, ripping it open. As soon as one seam is cut the strain will be sufficient to part the other seams as well. The boat is suspended on self-releasing hooks, so that by slashing a rope it may be released instantly.

The wireless telegraph apparatus of the expedition will be located in the forward compartment of the lifeboat. The current for this system will be taken from a storage battery charged by a small dynamo driven by the donkey engine.

This same storage battery will serve to energize an electric lighting system for the car and the boat. The radius of action of this system will be about 100 miles. In addition to this there will be telephonic communication between the car and the boat.

In the Arctic expedition the main problem was that of food, as the expedition had to be prepared to make an overland journey in sledges in case of accident to the balloon. In the present expedition the food problem is insignificant, because it is proposed to make a short but quick passage of the Atlantic, and to effect this the balloon must be kept at high speed. The engines, therefore, have the most voracious appetite of the expedition. Each

GOOD BUYING IN HOMES

163-5—BELCHER AVENUE—Good 2-storey dwelling of 4 bed rooms, 5 living, bath and toilet. Large lot, 60x140. Street to be asphalted, boulevarded and cement sidewalks. Between two car lines. Terms \$650 cash; balance \$33 per month, including interest. Price.....\$3,150

Specialists in Auctioneering. Business Locators, Rents Collected and Rental Agents.

engine is capable of driving the balloon at the rate of twenty miles an hour. The combined power of the engines will be but twenty-six miles per hour. It will, therefore, be more economical to run one engine at a time, using the other as a reserve in case of accident; or if it should be necessary to avoid and ride out contrary winds, both engines might be used together for a short time. Taking a speed of twenty miles an hour, it would require six days for the airship to cross the ocean in a perfect calm, and without any assistance from the wind. It has been thought best to provide for ten days' travel at this rate.

Each engine consumes 1,000 pounds of gasoline per day, which means that 10,000 pounds, or five tons, of gasoline must be carried. About four tons can be stored in the steel tank forming the base of the car. The remaining ton will be carried in what is known as an "equilibrator."

The problem of navigating the airship is one that will doubtless prove quite puzzling. To be sure, the sextant and chronometer can be used in the ordinary way to determine the position of the balloon from time to time. However, since the winds are so changeable, it will be necessary to keep a practically constant watch on the motion of the airship with respect to the water.

NO MORE TORTURE FROM ECZEMA
Relief Quick and Cure Certain When DR. CHASE'S OINTMENT IS USED

There is no form of itching skin disease which can defy the extraordinary curative powers of Dr. Chase's Ointment.

This is a strong statement and is only made after years of experience with the use of this preparation in the most horrible cases of eczema which you could imagine.

Relief from the terrible itching comes with the first few applications, and then it is a question of patiently applying the ointment and watching the natural process of healing which is set in operation by this great healer.

There are lots of cures to refer to, but what you want is actual, trial in your own case, when you will soon realize that there is no disputing the wonderful healing power of Dr. Chase's Ointment.

If you have Eczema or any form of itching skin disease—don't let an hour pass before sending for this treatment. Sixty-cents-a-box, all dealers, or Edman's, Bates & Co., Toronto.

FATHER PAT MEMORIAL.
Consecration of New St. George's Church at Rossland.

Rossland, Oct. 12.—After eight years of effort the new St. George's church in this city, built as a memorial to Father Pat, has been consecrated. Rev. Henry Irwin came to this camp as its first rector on January 27, 1896, when the gold boom was at its height, and he left to take up fresh pioneer work at the request of the bishop. The old St. George's church was first used for service at Christmas, 1896; the building having cost \$2,200. But when Father Pat died on January 13, 1902, after being lost in the snow near Montreal, the project was started of the new church as a memorial to him and his work. But owing to quiet times in the camp the monument hung fire, until it was revived by the present rector, the Rev. H. W. Simpson, M. A. The first sod of the excavation was cut on October 8, 1908, and the actual building begun on August 23, 1909. On January 20 of this year the opening service was held. The edifice has cost \$6,100, including the original purchase of the lots and the excavation of the site, but not including extras, such as fittings, etc.

PRICE \$2,900.
Terms \$500 cash, balance can be paid \$25 monthly.

Vancouver, Oct. 12.—The first two cases to be presented at the criminal assizes were speedily disposed of. Watakabi a Japanese charged with manslaughter in connection with the death of his countryman Kawasaki, at Rose Harbor last June, was found not guilty, as the evidence showed clearly that he had done the stabbing in self-defence.
Chong, a Chinaman, charged with breaking into the house of Harry Christenson near Steveston, and stealing a Panama hat, was found guilty on a charge of simple theft.
Mr. Justice Murphy in addressing the grand jury, remarked that they had to deal with a very formidable list of cases, some twenty in number, which included some very serious crimes, most of them originating with the foreign races in our midst.
The grand jury returned with true bills against Watakabi and Chong, but not in the case of Klopant, an Indian. A troop of Indian witnesses who had gathered for the latter case was accordingly dismissed.
The first case considered was that of Watakabi.
A. H. MacNeill, K.C., for the crown, explained to the jury that the prisoner with a number of Japanese had been living in a bunkhouse at Rose Harbor, contiguous to their work. On the day of the alleged crime in June last, the prisoner had been drinking and did not go to work. Instead he went early to his bunk in a room above the dining room. The deceased man, Kawasaki, had had some quarrel with Watakabi, and appeared to have been drinking also, for later on he came into the prisoner's room with an axe and threatened to kill him as he lay in his bunk. Some of them in the house heard him and got him out of the room, but soon afterwards he returned with a club and a knife and renewed the attack. Watakabi got out of his bunk and struggled with him, forcing the knife out of his hands. In the struggle that followed Kawasaki was stabbed twice in the back, and died a few days afterwards. It was plain that the prisoner had received a great deal of provocation, and of course, the jury must consider that in any verdict they might arrive at.
Mr. J. W. DeB. Farris, who appeared for the accused, made a strong appeal to the jury on behalf of his client, showing that it was clearly a case of self-defence.
Mr. Justice Murphy summed up on the whole rather in favor of the prisoner, and after a very short absence the jury returned with a verdict of "not guilty."
Chong, charged with breaking into the cabin of Harry Christenson, fisherman, at Steveston, had a very simple defence. He said that his house had been burned down, and he had no food and was short of clothes. He wished to go and get work, but could not do so without clothes. For that reason he had entered Christenson's shack, but had been unable to find anything he wanted except the hat which he had taken.
Christenson said that he had found a door forced and the hat missing. He was told that Chong had been seen in there, and giving chase he caught him at a neighboring cannery with the hat in his possession.
Mr. Justice Murphy said the most serious part of the charge was that of housebreaking though there was also a charge of theft.
The jury after an absence of five minutes returned with a verdict of guilty of theft only. Chong was held for sentence till the end of the assizes. He was undefended.

Nelson, Oct. 12.—That the Big Bump mine, adjoining the Second Relief at Erie, has \$300,000 worth of ore blocked out ready for shipment, that a 20-stamp mill will be erected on the property within a few months and that the property will be operated in future by the recently incorporated Salmon River M. & M. Company, Limited, was the statement made by W. S. Hofferman of Edmonton, who is heavily interested in the new company.
"We have eight men at work on the Big Bump at present, under the management of W. B. Kehoe of Spokane, cleaning things up and repairing the mine buildings," said Mr. Hofferman. "In two weeks' time we intend to increase this force to 15 and will commence shipping at once, probably to Trail. As soon as we can obtain the machinery we will erect a mill with a 20-stamp capacity. We have \$300,000 of ore blocked out ready for shipment. There is already over 1,000 feet of tunnelling on the Big Bump."
The feature of last week's mining returns was the entry of the Number Seven mine, of the Consolidated Mining & Smelting Company, into the shipping list.
The following are the week's returns of the ore shipments:
Boundary.
Granby 11,767 882,385
Mother Lode 8,673 256,559
Snowshoe 2,265 117,951
Jack Pot 684 10,141
Rathville 1,500 3,900
Other mines 5,522
Total 24,475 1,290,173
Roseland.
Centre Star 2,925 165,921
Le Roi No. 2 452 24,433
Le Roi No. 2, milled 300 12,000
I. X. L. 8 228
Other mines 12 496
Total 3,696 196,098
Slocan-Kootenay.
St. Eugene, milled 2,775 111,000
Van Rot, milled 800 32,000
Queen, milled 400 16,800
Granite-Poorman, milled 210 10,000
Nugget, milled 110 4,400
Highland, milled 450 7,150
Wilcox, milled 75 525
Richmond-Eureka 55 3,312
Emerald 48 1,920
Sullivan 797 15,074
Number Seven 73 73
Other mines 35,111
Total 5,978 241,193
The total shipments for the week, including the estimated amount milled, were 39,499 tons, and for the year to date, 1,727,464 tons.
The total smelter receipts, including concentrates, at the smelters, were, for the week, 29,182 tons, and for the year to date, 1,531,619 tons.

ELECTRIC LIGHT BY-LAW CARRIES
Operations to Commence at Duncan—Brick Station Will Be Erected
(Special Correspondence.)
Duncan, Oct. 12.—The electric light by-law which was submitted to the property owners of the North Cowichan municipality on Saturday last passed by a majority of more than the required three-fifths. An electrical engineer who has just been installing the electric plant in Stewart has already begun operations. The old Eaton property near the station has been secured and a brick building will be put up. For the present at least the electricity will be generated by steam.
Rev. Dean Doull of Victoria, preached the sermon at St. Peter's Sunday, it being the harvest festival service.
A very pretty wedding was solemnized in the South Cowichan church on Monday. The contracting parties being Mr. Evelyn Norrie, son of Mr. Henry Hay Norrie, W.S., of Edinburgh, and Miss Jean Ritchie of Edinburgh. The groom was supported by his brother, Mr. Harry Norrie, and little Miss Mary Norrie made a dainty bridesmaid dressed in a white frock and white picture hat and carrying a shower bouquet of pink roses. The bride, who was dressed in cream satin and carried a shower of pink roses, was given away by Mr. Wallick, and the ceremony was performed by Rev. F. Granville Christmas, rector of the church. The decorations for the harvest festival were in place and the effect was very pleasing. The wedding march was played by Mrs. Souper of South Cowichan. Mr. and Mrs. Norrie will spend the honeymoon in Vancouver and the Sound cities, after which they will make their home in South Cowichan.

FOUR MILES OF CEMENT SIDEWALKS
Contract Will Shortly Be Awarded by Ladysmith City Council
(Special Correspondence.)
Ladysmith, Oct. 12.—The awarding of the contract for the four miles of cement sidewalk was laid over by the city council for another week at the request of the Worwick Paving Co., and the Pacific Coast Construction Co., who both wished to tender. Parfitt Bros., of Victoria, have also tendered.
About 3 o'clock on Sunday morning burglars entered the jewelry store of J. A. Hartley on Gatacre street and decamped with about \$200 worth of jewelry, mostly in the shape of watches and chains. About that hour Mr. Harrison, who rooms in the same building, heard a noise in the rear of Mr. Hartley's store. He got up, and taking his shot-gun, went to investigate, but all was quiet. Later it was found that a hole large enough to admit a man's hand had been sawn in the rear door and the night lock was opened through this hole. The thief or thieves got clear away with their booty.

HOTEL DESTROYED.
New Westminster, Oct. 12.—By a fire which started at 11 o'clock Monday night the Cloverdale hotel and Bernard & McIlroy's livery barn were completely destroyed, the property loss being estimated at about \$5,500. The hotel was run by Pickard Brothers and carried some insurance. The Presbyterian church and H. C. Powers' store, both of which are close to the hotel, escaped the flames.
When the fire broke out a number of guests were asleep in the hotel. All of these effected their escape from the building without being seriously endangered.

SLOCAN MAP IS NEAR COMPLETION
Statement by Member of Geological Survey Branch of Dominion Department of Mines
Nelson, Oct. 12.—That the geological and topographical map of the Slocan district which O. E. LeRoy and W. H. Boyd of the geological survey branch of the department of mines at Ottawa have been preparing for the past two years will be completed early next year, was the statement made by Mr. Boyd, who has recently returned from the Slocan.
"The map will embrace all the large mines between Kaslo in the east and New Denver in the west," said Mr. Boyd, "and will, of course, take in Roseberry, Whitewater and Slocan basins. Sandon, Silverton and Slocan City. The work has been stupendous as the map will be on a scale of one mile to the inch with 100 foot contours and has been prepared with the greatest exactitude.
"The work was somewhat delayed this summer by the heavy smoke from the forest fires, otherwise it would have been completed this year."
Mr. Boyd mentioned that the geological and topographical map of the Lardeau country upon which he and R. W. Brock have been working at intervals since 1902 will be issued this winter as will also the detailed map of the Phoenix camp prepared by Messrs. Boyd and LeRoy.
Mr. LeRoy is at present in the Deadwood camp completing a map which will include surveys of the Mother Lode, Sunset and Marguerite mines on a large scale.

WHARF REPAIRS AND PILEDIVING
The noted diver, M. McDonald, who has of late contracted in pilediving and wharf repairs, wishes to have people believe that I have been interested with him. Such is not the case. He has had use of my piledriver and gear at a small rental. T. F. WEST,
725 Fisgard St.

DEMANDS APOLOGY.
Mayor of New Westminster Declines to Sign Cheque for \$2,000, City's Contribution to Fair.
New Westminster, Oct. 12.—A mild sensation was caused at the council meeting Monday night when Mayor Lee announced that he would not sign the cheque for the grant to the R. A. & I. Society until the manager of the society had apologized for certain remarks made at the annual meeting of the society held last Friday night. A request from the R. A. & I. Society for the payment of the usual grant of \$2,000 from the city was the cause of the announcement.
The letter was read and referred to the finance committee when Mayor Lee remarked that he had a word to say. He then made the following statement, which he requested the clerk to spread on the minutes:
"I very much regret that I cannot concur in the passing of this grant until the manager withdraws statements reflecting on the city of New Westminster made at the annual meeting of the R. A. & I. Society on Friday night, the 7th inst. I have nothing but words of commendation and congratulation for the management of the recent exhibition. It was a credit to the society and the city. The city council, citizens generally and press all contributed their quota to make it a success and I cannot imagine how any man would so far forget himself as to allow his personal animosity to lead him into making statements of a personal nature reflecting on the city or any of its officials. We were all working to one end, namely, a successful exhibition, and it shows an entire lack of dignity for any person in authority to belittle the efforts of any individual, company, or section of the community. The personal references are so contemptible that I am loath to mention them, but until a public apology is made I refuse to concur in the passing of this grant and will not sign the cheque."

FIRE INSURANCE WRITTEN AT LOWEST RATES.

NANAIMO TRAMWAY PROPOSAL.
Nanaimo, Oct. 12.—At the weekly meeting of the city council the tramway proposal was considered in committee. On motion the following clause was added to section 5 of the proposed agreement:
"For the first five years and until all arrears of interest due to the city have been paid by the company, no directors shall draw any fees or be paid any salaries with the exception of one who may be nominated by the company and whose salary shall not exceed \$750 per annum."
Ald. Leicester moved that section 1 of the proposed agreement be amended by adding the following section:
"The full amount of \$300,000 together with all the revenue from the company's business shall be deposited in the bank and credited to the company's account and the city shall only be called upon to pay that portion of the interest on the bonds which cannot be met from the said account of the company."
Ald. Leicester moved that section 28, amended at the last meeting giving the city the option of purchase at the end of ten years, be reconsidered, the original clause (privilege of purchase at end of 25 years) substituted, and the following section added:
"The purchase price of the company's tram line system shall be the actual cost of construction and equipment of the road, together with the other legitimate expenses as shown by the books of the company."
Ald. Watson moved in amendment the same as amended, last meeting night. Ald. Young seconded the motion.
Ald. Leicester informed the council the Dominion Stock & Bond Corporation would not accept such a proposition, and no such proposition would be put before the people or the council.
Ald. Busby moved in amendment, seconded by Ald. McRae, the discussion on the clause be postponed for one week. The amendment carried.
Ald. Leicester moved the city clerk write the Dominion Stock & Bond Corporation asking them if they would accept a fifteen year purchase clause. Ald. Forrester seconded the motion, which carried.
"The committee rose, reported progress and asked leave to sit again, which was granted."

UNCLE WALT THE POET PHILOSOPHER
I walk through the streets of the city, as gay as a bumblebee, and my heart it is singing a ditty of gladness and sunshine and glee; and then I encounter some fellows—the heart music suddenly stops; for they lean on their green umbrellas, and talk of the weather and crops. I call at the home of lady; my heart and my soul are at ease; I swallow some drinks lemonade, and pretzels, and fragments of cheese; I'm speaking of poets and mystics—how quickly the mercury drops! For some one is springing statistics concerning the weather and crops!—Attired in my modest alpaca, and collar of Byronic roll, I call at the store for tobacco, for smoke always comforts my soul; I light up my trusty old brier, when in come some chin-whiskered Pops; their voices rise higher and higher, discussing the weather and crops. Sometimes, when I contemplate dying, I feel a cold thrill of despair; I fear that the seraphim flying around in the ether up there, may weary of singing their chorus, and send their harps back to the shops, and sit in a circle and bore us with talk of the weather and crops.

I walk through the streets of the city, as gay as a bumblebee, and my heart it is singing a ditty of gladness and sunshine and glee; and then I encounter some fellows—the heart music suddenly stops; for they lean on their green umbrellas, and talk of the weather and crops. I call at the home of lady; my heart and my soul are at ease; I swallow some drinks lemonade, and pretzels, and fragments of cheese; I'm speaking of poets and mystics—how quickly the mercury drops! For some one is springing statistics concerning the weather and crops!—Attired in my modest alpaca, and collar of Byronic roll, I call at the store for tobacco, for smoke always comforts my soul; I light up my trusty old brier, when in come some chin-whiskered Pops; their voices rise higher and higher, discussing the weather and crops. Sometimes, when I contemplate dying, I feel a cold thrill of despair; I fear that the seraphim flying around in the ether up there, may weary of singing their chorus, and send their harps back to the shops, and sit in a circle and bore us with talk of the weather and crops.

UNCLE WALT THE POET PHILOSOPHER

DIES WITH WEALTH WITHIN HIS GRASP

Scientist and Explorer Passes
 Away When Returning From
 Interior of Columbia

(Times Leased Wire.)

Los Angeles, Cal., Oct. 13.—Two as-
 sociates, Fuller and Stewart, less
 known in the world of adventure than
 himself, reached this city to-day with
 the personal effects of Dr. Charles P.
 Holt, of Santa Ana, the distinguished
 journalist, scientist and explorer, who
 died of fever alone in a far off port of
 Columbia, South America, with wealth
 within his grasp.
 The lure of gold had drawn Dr. Holt
 to every part of the globe where the
 precious metal is found. He was
 among the first that invaded Alaska,
 when rich strikes were reported, and
 after an adventurous career in the
 Klondike, sought other fields. He was
 obsessed of finding the mother lode and
 believed he had located it in South
 America whither he went at the age of
 75 years, strong and self-reliant.
 After incredible hardships he reached
 the Rio Mata and almost his last
 words written in a diary are: "I am
 rich at last. I have found gold." A
 month later consumed by fever, he
 died while making his way back to the
 United States to interest friends in
 financing his property.
 Holt was a learned man, and long
 associate editor of the New York Sun.

WANT NORMAL SCHOOL HERE

(Continued from page 1.)

plant has not come up to the require-
 ments of the school board.
 Ridgway-Wilson was selected to
 prepare plans and specifications for
 the extension of the Victoria West school.
 Mr. Graham was appointed as the
 architect for the new Bank Street
 school.

The following resolution was moved
 by Trustee McNeill: "That the school
 board extend to Mr. Huxtable, janitor
 at the Boys and Girls Central schools,
 its sympathy in the bereavement
 which recently befell him in the loss
 of his wife and that in view of the cir-
 cumstances he be given leave of ab-
 sence until December 31." This car-
 ried unanimously.

J. W. H. King, of the Boys Central
 school, asked for leave of absence for
 five days in order to attend a Sunday
 school convention in Vancouver. The
 request was granted.

A discussion took place as to which
 flag should fly at the head of the flag-
 poles. Some suggested the Canadian
 ensign should be selected. Trustee
 Christie said that the Dominion would
 soon be an independent country, and
 that the flag may as well be accepted
 first as last. The majority, however,
 favored the Union Jack and it will fly
 over every public school in Victoria.

The services of E. V. Bodwell, K. C.,
 will be secured by the board in the
 discussion of the agreement with the
 city relative to the new High school
 site.

W. H. Smith was awarded the con-
 tract for improving the grounds sur-
 rounding the Moss Street school, his
 figure being \$2,719.95.

It was decided to advertise for two
 manual training teachers to occupy po-
 sitions in the manual training center,
 to be opened shortly, at the South Park
 and George Jay schools.

There were present at the meeting
 last evening, Chairman Trustee Jay
 and Trustees Riddell, McIntosh, Stan-
 land, Christie, McNeill and Mrs. Jen-
 kins.

PREPARING FOR ANNUAL MEETING

International Convention of Y. M. C. A. Will Be Held at Toronto

Toronto, Oct. 13.—Extensive prepara-
 tions are being made in connection
 with the 37th International Convention
 of the Young Men's Christian Associ-
 ations of North America to be held
 here, from October 28 to 31, next.

The city council has voted \$1,500 for
 the entertainment of the host of dele-
 gates, while the citizens are raising an
 equal sum. The social events will prob-
 ably include a government and civic
 reception, a great athletic demonstra-
 tion will be held in the armories, il-
 lustrating this department of associa-
 tion service, and many other interest-
 ing features will make the occasion a
 memorable one.

Among the topics which will be pre-
 sented for general discussion will be:

- (1) Safeguarding the boys of con-
 tinent.
- (2) In view of (a) the growth of
 church brotherhoods and kindred or-
 ganizations; (b) our civic and indus-
 trial opportunities; (c) the modern as-
 sociation building; (d) the development
 of work outside of the building; what
 is the association objective, and what
 changes, if any, are required in our
 religious work methods?
- (3) Report of the commission cre-
 ated by the Washington convention, to
 ascertain what is the practice of the
 associations with reference to the
 evangelical test of membership.
- (4) Report of the commission created
 by the Washington convention, to con-
 sider the question of the desirability of
 rephrasing the definition of the word
 "evangelical," as contained in the Por-
 tland test.
- (5) The forthcoming "Men and Re-
 ligion" campaign. Addresses will also
 be delivered upon the following
 themes: (1) a decade of progress in
 work among young men and boys at
 home and abroad; (2) conservation of
 rural manhood; (3) the unifying power
 of Christ and His service; (4) the tim-
 eliness of the association to meet the
 needs of Canada; (5) the association's
 message to young men; (6) character
 the basis of efficiency in the industrial
 world; (7) the latent powers of the
 men of North America; (8) our world-
 wide obligations; (9) what can the as-

RECOVERING BODIES OF VICTIMS OF DISASTER

Remains of Forty-Eight Men Have
 Been Found in Mine in
 Colorado

(Times Leased Wire.)
 Starkville, Colo., Oct. 12.—Twenty-
 six more bodies have been found in the
 depths of the Colorado Fuel & Iron
 Company's mine here, according to a
 report reaching the surface this after-

Wheat for Poultry

noon. The bodies are reported to have
 been found in a tunnel three miles
 from the mouth of the mine.

Officials of the company will not
 deny or confirm the report.
 The ghastly find brings the total
 dead to 48.
 It is now believed certain that a
 score of victims at least were not kil-
 led by the force of the explosion, but
 died from asphyxiation caused by ar-
 terdamp.

The work of removing the corpses,
 all horribly mutilated, is revolting. It
 is necessary to carry the bodies for a
 mile through the dungeon-like tunnels
 before they can be brought up the
 main shaft to the surface of the pit.
 It will be days before the bodies of all
 the victims can be recovered.

Asks for Investigation.
 Denver, Colo., Oct. 12.—The lower
 house of the state legislature to-day
 asked Governor Shafroth to investigate
 the Starkville mine disaster in which
 at least 30, and possibly 60 miners lost
 their lives. The governor also was
 asked to investigate conditions in the
 Colorado fields generally.

T. P. O'CONNOR'S TOUR.

Winnipeg, Oct. 12.—T. P. O'Connor
 left late yesterday for the Pacific coast
 in the interest of the Irish parliamen-
 tary party. After filling northwestern
 dates he will leave for Chicago and
 New York. On November 4 he will sail
 from Quebec for England.

The first lightning rod in the world is
 said to have been erected at Prendis
 Bohemia, in 1474, by a learned priest.
