WHOLESALE PRICE-LIST

Of Hardy Decorative Flowering Shrubs and Plants, Ornamental Trees, Evergreens, Roses, Bulbs, Herbaceous Plants, Fruits, Etc., Etc.

1840.

B. M. WATSON,

1893.

OLD COLONY NURSERIES,

PLYMOUTH, MASS.

DEAR SIR:—I have the pleasure of handing you my **WHOLESALE** list of Shrubs and Plants and Young Trees, etc. My system of packing, after more than fifty years' experience, is so complete that I am enabled to send plants to the most distant parts of the Continent in perfect safety. Plants packed for Europe with great care. I give you the benefit of the lowest prices and hope to have your orders in full.

To persons about to ornament their grounds, I shall be happy to show the extensive plantations here, agreeably laid out in the modern style, covering fifty acres, containing many thousands of the leading hardy Ornamental Trees, Shrubs, Evergreens, Fruits, etc. My plantations now forty years old, are perhaps the most extensive in New England.

Agents and Clubs.—Agents are wanted in every town in the United States for the sale of Trees, Plants, and Shrubs. These prices are net; agents must make their own prices.

Please remit by check or P. O. order. Autumn delivery begins October 1, and Spring delivery begins March 10. If you receive more than one list, please distribute to your friends. I will send lists to any address you may send me.

Yours respectfully,

B. M. WATSON.

Decorative Perennial Herbaceous Plants.

These plants are all hardy and produce an immediate effect, as they bloom the first year they are planted. They should be planted in the autumn, which is the best time for planting herbaceous plants, and should be covered with a forkful of dung to protect them from being thrown out by the frost. I offer the following choice collections of my own selection, in the very finest and most useful sorts. This class of plants is fast taking the place of bedding plants, as they do not have to be renewed every year.

NEW CHINESE AND JAPANESE HERBACEOUS PÆONIES. Well established plants, from the open ground.

I have a very large and complete collection of this gorgeous flower, many thousand plants. Of these I offer the following assortments at very low rates. They consist of the most celebrated sorts known, and include many that are yet very rare. This is now the most fashionable of all showy, hardy garden plants, both here and in Europe.

These fine Japanese and Chinese pæonies are well known to be the most showy flowers in cultivation, and are particularly adapted to our climate. They are entirely hardy and bloom a long time. They are accordingly very much used now for large masses in cemeteries, parks, and pleasure grounds; and may be followed by Lemoine's beautiful new French *Gladolus* (see p. 14), the stiff foliage helping to support the spikes of gladiolus. They should be planted among the pæonies in May.

Plants are fifty cents each; your choice, 12, all different, named sorts, my choice, \$4.00 25, all different, named sorts, my choice, 9.00 50, all different, named sorts, my choice, 20.00 50, very choice named sorts, my choice, 15.00 100 very choice named sorts, my choice, 30.00 For cheaper plants, see below.
