WIKIPEDIA CLEANUPWORKLISTBOT

TUTORIAL BY THE PHILADELPHIA WIKISALON

What is CleanupWorklistBot?

Do you participate in one or more WikiProjects?

Are you looking to help improve articles within a specific topic scope?

If so, you might be interested in CleanupWorklistBot, a tool that gathers cleanup information for all Wikipedia articles within the scope of a WikiProject into one convenient listing. It is currently maintained by Bamyers99.

A list of articles needing cleanup associated with this project is available. See also the tool's wiki page and the index of WikiProjects.

{{WikiProject cleanup listing|Craft}}

Why is CleanupWorkListBot Useful?

- Easy way to see which articles within a WikiProject need work

- Useful categorization of the flags and issues found among the articles of a WikiProject

- Ability to download CSV files to create custom worklists for edit-a-thons, meetings, and special editing projects

- Ability to link to the tool from any Wikipedia page using templates

Important Considerations

Cleanup listing for WikiProject Craft as of August 22, 2023.

Of the 1153 articles in this project 503 or 44% are marked for cleanup, with 984 issues in total.

- The tool indexes the data from Wikipedia every **Tuesday** on a **weekly** automated schedule. This means that the listings are **not up to the minute** but are current to the **last Tuesday**.

- The cleanup history will show cleanup progress for as many weeks as the tool has data for, as of the date the WikiProject was added to the tool's target list.
  The line graph will show the **total number of cleanup issues per year.**

- If you don't see the WikiProject that interests you among the master cleanup listings, the project may need to be added to the tool's target list.

How to Add a Project: Register the Project Name

- To add a new project to the Bot:
  - Go to the Project Test Tool:
    - https://bambots.brucemyers.com/CleanupWorklistBot.php
  - Enter the project name into the form and click on **Submit**.
    - Do not include the WikiProject Prefix.
  - If "Master project list configuration line:" is displayed, the project is recognized.
  - If "Project articles category: *Not found*" is displayed, leave a message on the talk page and the bot operator will assist you.

CleanupWorklistBot Category Test

Project name Philadelphia   ex. Pinball (do not include WikiProject prefix)

Category override (optional)   ex. amphibian_and_reptile

Submit

Results

Master project list configuration line: WikiProject_Philadelphia
Project articles category: Philadelphia_articles_by_quality (child categories)
Project member category type: 0

How to Add a Project: Edit the Master Project List

■ When your name test is successful, edit the [master project list](#) wiki page and enter the name of the project in alphabetical order. Save your edit.

■ Check the list to see that your project has been added.

■ N.B.: Once you add the project to the Bot, it will start collecting data the following **Tuesday** and will appear on the master list.

How to Use the CleanupWorklistBot Templates

- ■ Templates can be placed on a WikiProject page or on a personal user page or sandbox page.

- ■ To add a box with a cleanup list by category, add this template with the project name:
  - – {{WikiProject cleanup listing|**name**}}
  - – {{WikiProject cleanup listing|Craft}}

- ■ To add a stylized box with cleanup list by category, add this template with the project name:
  - – {{WikiProject cleanup list|**name**}}
  - – {{WikiProject cleanup list|Craft}}

- ■ To add a stylized box with cleanup list for a specific issue category, add this template with the project name:
  - – {{WikiProject cleanup group|**category**|**name**}}
  - – {{WikiProject cleanup group|Categories needed|Craft}}

A list of articles needing cleanup associated with this project is available. See also the tool's wiki page and the index of WikiProjects.
