(*v*) Importers and manufacturers of pharmaceutical products should not apply multiplying factors of more than 2.50, 3.00 and 3.50 on the landed/ex-factory Costs of Over-the-Counter, Ethical and Biological Drugs respectively, to arrive at the retail selling price.

(*vi*) Applications for an increase in rentals paid for the hire of machines and equipment should be made in the manner stipulated in paragraphs D (*i*) and D (*ii*) above.

(*vii*) Applications for increases in service charges for the maintenance of technical equipment e.g. generators and computers, lifts, photocopiers should be made in the manner stipulated in paragraphs D (*i*) and (*ii*) above.

AUDITORS' REPORT

As auditors appointed under Section 44 (1) of the Central Bank of Nigeria Act (Chapter 30), we have examined the above Balance Sheet and Income and Expenditure Account and Notes 1 (*a*) to 1 (*h*) and 2 which are in agreement with the books of account. We have obtained all the information and explanations we considered necessary and in our opinion, proper books have been kept.

During and at the end of the year, there was a breach of Section 28 of the Central Bank of Nigeria Act, 1958 as amended by Section 3 of the 1967 Act, relating to the minimum level of external assets the Bank is expected to maintain relative to its total demand liabilities.

In our opinion, these accounts together with the Notes thereon show a true and fair view of the state of the Bank's affairs at 31st December, 1985 and of the Operating Surplus ascertained and apportioned in the manner indicated for the year ended on that date.

To the best of our knowledge and from our examination of the books and records, no contravention of the Productivity, Prices and Incomes Board Policy Guidelines has come to our notice in respect of the year ended 31st December, 1985.
