

TO CANVASS VOTERS ON NEW SCHOOL SITE

A plan to ascertain the willingness of the residents of Narberth to vote for a bond issue to provide funds to build a new centrally located public school for the lower grades, was launched last Tuesday night at a meeting of The Narberth School Welfare Association. The meeting was held at the Y. M. C. A. Community Center.

This association is composed of the voters of the borough who have been actively interested during the last two years in an effort to have a new school for the smaller children built in a central part of the town.

So far as "OUR TOWN" has been able to learn there is practically no opposition to the providing of additional school facilities. The need of more room and greater physical facilities is generally conceded. The defeat of the two proposed school loans at the last two elections has been generally attributed to the popular understanding that the new school building was to be located on a site adjoining the present school on Essex avenue near Montgomery Pike.

The School Welfare Association at its meeting Tuesday evening appointed a committee of members to make a house-to-house canvass of the borough to learn how many citizens will vote for a loan which provides for a bond issue to pay the cost of a new school house to be located within a radius of 1,000 feet of the railroad station, said bond issue also to furnish the necessary money to pay off the existing school indebtedness and make the necessary repairs to the present school building.

It is the intention of the association to embody its findings in a report to the Board of Education.

CIVIC ASSOCIATION'S NEW BOARD OF DIRECTORS ORGANIZE.

Coming Year Promises to Be Crowded With Activities.

Tuesday evening, April 6, eleven of the fifteen directors of the Civic Association recently elected for the year 1915, met in the Civic Association room at the Y. M. C. A. Community Center.

President Geo. M. Henry outlined the plans for a proposed central council to be composed of representatives of civic associations along the Main line and from nearby communities—to act on things of common interest. He was empowered to appoint representatives as soon as was deemed advisable.

Secretary Samuel T. Atherholt read several communications which were referred to the Executive Committee for action. One was from the American Civic Association, soliciting affiliation: one was from the Ardmore Civic Association requesting co-operative effort toward the end of improving conditions on Lancaster Turnpike: one was from a group of citizens requesting that by some effective campaign, the handbill and flying paper nuisance be abated in Narberth. Mr. Stites reported that Councils had requested the Borough Solicitor to draw up an ordinance to relieve the paper nuisance—both the distribution of handbills and the waste paper on dumps. He suggested an educational campaign that should instruct the householder how to dispose of waste paper. This was referred to the new Efficiency Committee (appointed to co-operate with a like committee from Councils) for immediate action.

The matter of an open cesspool off Woodside avenue was referred to the Executive Committee for action, and the secretary was instructed to advise the Board of Health of the condition and ask for their recommendations.

The directors chose the following named persons to serve on the Executive Committee for 1915: Geo. M. Henry president; Samuel T. Atherholt, secretary; H. C. Gara, E. A. Muschamp, W. Arthur Cole.

THE NEW LIBRARY IS UP AGAINST A SNAG

Here's How You Can Help

Now it's a question of providing more shelves for the books already contributed to our Free Public Library in the Y. M. C. A. Community Center. "I wouldn't publish that condition," advised a friend. "The people may think the library has enough books and stop contributing!"

But OUR TOWN doesn't think the people of Narberth are that kind of folks.

A ten dollar bill will buy enough lumber to build the needed shelves, and we believe that "tenner" will be quickly forthcoming when the people learn that

a group of Narberth men who have the tools and know how to use them have volunteered to give their time and services in making the new shelves if the materials are provided.

If you don't think that is a real contribution and genuine sacrifice, try a day's hammering, planing, sawing, etc., some of these fine, warm spring days and then watch the expression on your face—in a mirror—when your neighbor asks you to give him a lift in digging up the garden or rolling the lawn.

Who'll give the ten dollar bill, or any part thereof? Mr. H. C. Gara is the manager in charge of the library. He's the one to whom the money should be sent, even though he knows nothing about this appeal.

Yes, you're right, it costs money to do everything; and if it's not one thing it's another, but at the same time remember the fellow who said:

NARBERTH TO PLAY OAKMONT.

Next Saturday Narberth plays the Oakmont Baseball Team of the Twin-County League, on Narberth's grounds. Game called 3.30 P. M.

Narberth defeated the Towanda A. A. last Saturday, by the score of 9-2.

BAPTIST USHERS' BANQUET.

Over fifty persons—men and women—gathered around a well-set T-shaped table in the community room at Y. M. C. A. Community Center last Monday evening to help the Baptist Ushers' Association inaugurate their first annual banquet.

It was a pretty event, pleasing in its variety and most neighborly and cordial in general atmosphere, a genuine get-together spirit pervading the proceedings.

It is safe to prophesy that this banquet will be one that shall grow to be one of the big events of the year for Narberth folk, if the future programs are as interesting as was that of the first one.

Rev. Emerson L. Swift acted as toastmaster, first introducing the president of the association, J. W. Shinn.

Mr. Shinn quickly dispensed with a short order of business which included a review of the work of the association over a period of six years by James C. Simpson, secretary-treasurer; the report of the nominating committee and the election of officers.

It is the custom of the association not to re-elect its presidents, so the nominating committee reported the names of H. M. Hanks for president, and James C. Simpson for secretary-treasurer.

W. Arthur Cole sang two tenor solos, following which Mr. Shinn, retiring president, happily introduced his successor.

Mr. Hanks spoke briefly in appreciation and then the toastmaster once more took charge of the program.

Mrs. William S. Horner gave several whistling solos that were a genuine treat, her unusual talent winning the very generous appreciation of her auditors.

H. C. Gara, who represented the Men's Club of the Presbyterian Church, spoke in a happy mood, bringing greetings from the club and introducing a clever play on the names of many of the members of Ushers' Association which made a hit with the banqueters. It follows:

TENNIS SEASON WILL START ON SATURDAY

The "forty-love-white-duck-trouser" season in Narberth will soon be in full swing. The courts of the Narberth Tennis Club at Essex and Elmwood avenues, will receive their 1915 baptism this coming Saturday afternoon. A contractor and a gang of workmen have been busy all this past week getting the ground in shape. A new clay top has been put on the courts and it is expected that they will be better this spring and summer than they have been in any past season. All the "regulars" including Bill Kirkpatrick, Bill Hall, Fred Warner, Doc Kanaga, "Prof" Snyder and "Boss" Cowin are reported to be waiting around the corner, rackets in hand.

The newly elected officers of The Narberth Club are:

President—Walter Cowin.
Vice-President—George M. Henry.
Secretary and Treasurer—William J. Kirkpatrick.

Board of Managers—W. R. D. Hall, Stanley Kitchel and A. P. Redifer.

The Woodside Tennis Club has also elected new officers as follows:

President—William B. Maddox.
Secretary and Treasurer—C. B. Metzger.

The Woodside Club too is having its courts put in shape and expects to open its season Saturday week.

The several private courts about the borough are also being made ready. So by the end of the month every lover of the game will be "engaged" for Saturday afternoons, and the garden—well the garden will have to wait until some Monday afternoon, "right after dinner."

CHILD LIFE CHAPTER MEETING.

The Narberth Child Life Chapter will hold its bi-monthly meeting at 3 P. M., Friday, April 23, in the Y. M. C. A. There are some matters of special interest to be discussed at this meeting so it is urged that each member try to be present.

Mothers who wish to or find it more convenient to do so may bring their little ones and leave them in the care of a competent person in the adjoining room, thereby enabling them to fully enjoy the program arranged for this time.

BIG DEMAND FOR CHERRY TREES

The "Cherry-blossom-time-in-Narberth" movement started by Mrs. Norman Jefferies, has met with decided favor, as will be seen from the following communication Editor "Our Town":

The demand for flowering cherries has been quite strong and large enough to absorb all the available trees of the 6 to 8 ft. size. We can now supply only 3 to 6 ft. trees at \$1.50 each, and the 8 to 10 ft. size at \$2 each. However, all the orders now on hand will be taken care of at the original price of \$1.85. Orders booked after the publication of this notice will be at \$2 each, but the trees will be larger; in fact, very considerably larger.

Respectfully yours,
(Signed) A. E. WOHLERT.

If you haven't yet placed your order do so immediately. Mrs. Jefferies will be glad to have you phone her or write her.

The way the cherry trees are being ordered certainly indicates that Narberth will soon possess an attractive and distinctive feature that will mark it, not only among Philadelphia suburbs, but throughout the whole country.

UNCLAIMED LETTERS.

Letters addressed to the following named persons remain unclaimed in the Narberth post office:

Mr. Alf. Delmont, Walter G. Care, Mrs. J. Hunt, Mr. and Mrs. L. Ott, Jr., Mr. Carl Marx, Mrs. E. C. Wood, Miss Mary Wilson.

EVERYBODY GARDENS.

A short walk around the borough last Saturday afternoon would have quickly convinced any resident, or visitor, that Narberth folks are proud of their town and intend to make it bright and attractive during these coming summer months. Old gardens were being raked over, and new ones were being dug. Seeds were being planted and lawns rolled. The sun shone brightly and a light breeze kept the perspiration down to a reasonable minimum.

It was a good beginning and augurs well for Narberth's appearance this spring and summer. Let's keep it up. Have ready all the blooms you can for the flower show but even after that is over and you have carried home the "blue ribbon" or whatever it is that is given as a prize at flower shows, remember that gardens require a little attention all through the warm weather. Not a whole lot of work, but a little regular attention. Let's make Narberth brighter and more attractive this summer than ever.

CIVIC ASSOCIATION DIRECTORS MEET.

(Continued from First Page)
The secretary read the resignation of Robt. Pattison as a director, which was accepted with regrets. Mrs. Edwin C. Towne was chosen to serve in his place.

At the suggestion of A. C. Shand, the president was empowered to divide the Board of Directors into small groups, to have the town districted and to designate a section for each group to patrol. It is the plan that each of these groups have a written report to bring to the meeting of the board and that the things that need attention be referred regularly to Borough Councils or to the proper authorities.

It was resolved to have at least a monthly meeting of the Board of Directors—oftener if their arises the need. Fletcher Stites, who organized the Flower Show, was made chairman of the committee from the Civic Association.

The dumping places about the borough came in for considerable discussion. This is a very serious problem and needs the earnest co-operation of householder, borough officials, land owner and private teamsters in order to perfect a solution. The Disposal Committee (H. C. Gara and J. B. Nesper), has been hard at work on an investigation of this problem, and may soon have a plan to offer.

It was left to the Executive Committee whether or not a clean-up campaign should be conducted this year. The Executive Committee met immediately after the board meeting and chose E. A. Muschamp and W. Arthur Cole as editors of "Our Town." H. C. Gara, advertising manager, and H. A. Jacobs, subscription manager.

Those attending the exhibition of the Great Hind-Paws Circus, to-morrow night, Friday, April 23, will receive ample police protection. Doors open 7.30. Admission to the big show, 50 cents.

Hind-Paws Circus, exhibiting to-morrow night, Y. M. C. A., Narberth, has decided not to have noon-day parade.

The bareback riders with the Hind-Paws Circus exhibiting to-morrow night at the Y. M. C. A., Narberth, are the best the management can secure. Their daring acts are the sensation of the circus world. Don't miss them. Y. M. C. A., to-morrow night. Doors open 7.30. Admission, 50 cents.

HAVE YOU READ IT?

Concerning "The Harbor," one of the newest of the new books at the Free Library at the Y. M. C. A. Community, the New York Times makes this interesting statement:

"This first book of his (the author, Ernest Poole) is by all odds the best American novel that has appeared in many a long day. It is earnest, sincere, broad in scope and purpose, well balanced, combining intellect and emotion. . . . The characters are ably drawn, strikingly contrasted, essentially American. . . . Absorbingly interesting and very significant."

Six editions of this book were published in six weeks. The man who gave "The Harbor" to the library had to try five book stores in Philadelphia before he could get a copy—each place had had it and each had ordered more, but they hadn't arrived from New York. Evidently a popular novel, and quite likely the stores you tried wouldn't have it in stock if you wanted to buy it.

But why try to buy it? The book is in the library, which is free to all residents of Narberth. If it is "out" when you call at the Y. M. C. A. ask Secretary Hampton to save it for you when it comes in, and phone you immediately. As soon as you have finished it return it to the library, so that others may get it.

NEW LIBRARY UP AGAINST A SNAG.

(Continued from Page One)
"I want the money,
To get the time,
To get the things,
That money won't buy."

Meanwhile the library is booming. When the "rejuvenation of Aunt Librarian" was started a few weeks ago someone said: "How are you going to get the people to use the library?"

Why bless your soul, you don't have to beat people into a state of unconsciousness to "put them wise to a good thing."

All you have to do is tell them the "good thing" is about to be served. Nor is this Russia, where you have to go down in the cellar to read a revolutionary-agitating document like the Declaration of Independence.

People read because they like to read. Some prefer all stories; some a mixture of fiction and any one of a wide variety of subjects.

But whatever you like, you can find it in our Public Library—and the folks are taking advantage of that fact. The demand for books is increasing steadily. New books are being added right along—new "old" books and new "new" books.

From Dr. and Mrs. C. L. Faries the library has received a complete and splendidly bound and illustrated set of Thackeray. From another of the "600" contributors a set of Bulwer Lytton has been received.

A genuine surprise contribution has been received from Samuel Wagner, of Philadelphia, president of the Wagner Free Institute of Science, and a noted collector and authority on books. Mr. Wagner read in Our Town of the new library and sent a half a hundred volumes from his personal library at his home on South Fifteenth street. Many of these books are exceedingly rare and make a valuable addition to the library.

By the way, one of the books of a lighter vein sent by Mr. Wagner is a collection of editorials from the New York Sun. Our Town takes particular pleasure in recommending this volume and especially the editorials in defense of pie. Doc Wiley and others may scowl and hold up the finger of warning, but after all is said and done good old pie "like mother used to make"—"leads all the rest." Nothing in all the wide world ever equaled REAL PIE, unless it was old-fashioned short-cake, and the "open season" for this altogether heavenly dish is so short that it hardly seems fair to make comparison.

So if you like pie, stop in the library and ask Secretary Hampton to get you that volume of Sun editorials. But don't delay, else Henry Rose—who claims to be the only living man who has read The New York Sun every morning since the days of Charles A. Dana, will beat you to it.

Just two more paragraphs and you may turn to Lady Narberth. The library catalogue is not yet completed. There are a number of volumes in the Y. M. C. A. not yet listed. Maybe their titles and authors will be published in next week's issue. We would rather not announce them until there is shelf-room for them. Maybe that little difficulty will be solved by next week.

Finally, are there any new books that you would especially like to see in the library? This applies to everybody in Narberth. If there are, write the titles and authors on a post card and address it to the editor of OUR TOWN. We can't promise that every such book will be purchased immediately, but some of them will. A number of the "600" contributors have asked if there were any particular books that were wanted. What new book would you like to read and see in the Narberth Library?

WITH HIND-PAWS CIRCUS.

Rajah, the Hindu fortune-teller. He's a wonder—tells your past, your future, your likes, your dislikes. By special arrangement, ladies' ages will not be told. Rajah-Rajah, the Hindu. To-morrow night, Friday, April 23, Y. M. C. A., Narberth. Doors open 7.30. Come early.

Hind-Paws Circus, Y. M. C. A., Narberth, to-morrow night, Friday, April 23. Doors open 7.30. Admission to big show, 50 cents.

Count Hisnobski, the great Russian wizard, the first time in America for this great magician. He shows with the Great Hind-Paws Circus, to-morrow night at 7.30, Y. M. C. A., Narberth.

BAPTIST USHERS' BANQUET.

(Continued from Page One)

Ushers' Association is so successful. For, while I would not even intimate that they are fast men, they are surely Swift men. And about the Baptist Church any one who Shinn's around Swift enough may approximate a Hopper or go faster and be a Trotter. Then some of your men Seymour than others. If the cellar is empty, you tell Horner to Cole up—and it's done. Now I might exceed the speed limit and reel off Hanks and Hanks of these yarns; but I'll spare you, believing you will Chaiker up to my credit if I don't—so I won't."

Mrs. C. R. Jones sang several soprano solos that were delightfully rendered and the toastmaster then introduced the speaker of the evening, Mr. E. J. Cattell, statistician for the City of Philadelphia and a far-famed after-dinner speaker. He made good on his enviable reputation as a storyteller—and more. He had a worthwhile message on "How to Get the Most Out of Life," crowding his talk with interesting facts, uplifting thoughts, contagious optimism, concrete suggestions and statistics that listened more like poetical prose than mere cold-blooded compilations, because of the human-interest element that predominated his narration of the achievements of industries and of the value of natural resources. He put special emphasis on our present opportunity to take part in the greatest history making epoch that America has ever seen—socially, politically, morally and industrially. He said he believed the next five years would be the most prosperous era the United States has ever experienced.

The evening's program was concluded by all singing a hymn written by Rev. Emerson L. Swift for the occasion—"The Church We Love,"—set to the music of the Billy Sunday hymn, "The Little Church in the Wildwood." The words follow:

"The Church We Love."
There's a church o'er the way called Evangel,
No lovelier place can be found;
No spot rings so true for the Gospel.
As the little stone church ivy crowned.
As you measure off the miles of life's journey,
Seek strength in the church o'er the way;
Shed its light on this world's pilgrims weary,
Till they come to God's glad and happy day.

Refrain:

Come to the Church of the Evangel,
Oh, come to the church o'er the way;
No spot rings so true for the Gospel,
None sheds such a bright and happy ray.

Miss A. L. English was at the piano, accompanying all soloists and playing the hymn.

The committee responsible for the success of the banquet was composed of A. A. Chalker, H. M. Hanks and W. S. Horner.

HAVE YOU READ THIS?

Although Our Town has already published the following verses, two residents of the borough sent in copies during the last week and requested that we print the timely rhyme. So here goes:

IT ISN'T YOUR TOWN—IT'S YOU
If you want to live in the kind of a town,
Like the kind of a town you like,
You needn't slip your clothes in a grip
And start on a long, long hike.

You'll only find what you left behind,
For there's nothing that's really new,
It's a knock at yourself when you knock your town,
It isn't your town—it's you.

Real towns are not made by men afraid
Lest somebody gets ahead,
When everyone works and nobody shirks,
You can raise a town from the dead.

And if while you make your personal stake,
Your neighbor can make one, too,
Your town will be what you want to see,
It isn't your town—it's YOU.

During the year twelve infants were baptized by the pastor, six funeral services were conducted and three marriage ceremonies performed. The church contributed \$908 to various benevolences, and \$5548 to the support of the local church. This is an increase of \$648 over last year's report.
 On next Sunday the Bible School will meet at 10 o'clock. This will be preceded by a fifteen-minute song service conducted by Prof. Wm. T. Melchior. At 11 o'clock the pastor will preach on the theme "Measuring and Comparing." In the evening there will be the usual union meeting in the Baptist Church. Mr. Van Ness will preach on the theme, "Winning Victories Over Giants."
 Next Tuesday, April 27, the ladies will hold their monthly "All Day Meeting."

NARBERTH TO HEAR D. L. MOODY'S TEACHER.

The man whom Dwight L. Moody declared knew more about the Bible than any man in America, will speak in the Narberth Y. M. C. A. Monday, April 26. The great evangelist himself used to set at the feet of this man, Dr. W. J. Erdman, who is now living in Germantown.

He is coming to Narberth next Monday evening as the guest of the Narberth Bible class. Perhaps you did not know that there was such an organization. It was started the night Miss Grace Saxe, Bible teacher of the Billy Sunday party, came to Narberth and drew the largest crowd that ever attended a Y. M. C. A. meeting. That was eleven weeks ago, and every week since, the Community Bible class has been meeting in the Y. M. C. A. about seventy-five have attended one or more meetings and the average attendance has been from 40 to 50. The last regular meeting was held Tuesday, April 20.

As a special treat at the close Dr. Erdman is to give the Bible talk. Everybody in Narberth who is likely to appreciate it is cordially invited to hear this veteran Bible teacher. There will be an opportunity to ask questions on any part of the Bible, and have puzzling difficulties cleared up. The meeting will begin at 7.45 promptly and close at 9.00 o'clock. Bring a friend and come early before all the good seats are taken.

PROMINENT EDUCATORS SPEAK AT NARBERTH SCHOOL.

Five well-known school men visited the Narberth schools during the past week and delivered addresses to the pupils. They were: Dr. P. M. Harbold, formerly superintendent of Lancaster city schools, and now principal of Millersville Normal School; Prof. Ira Kraybill, superintendent of the Training School of the same institution; County Superintendent J. H. Hoffman, of Bucks County; Principal Carmon Ross, of Doylestown, and Dr. Phillips, principal of the West Chester Normal School. These men had been in Philadelphia attending School Men's Week at the University of Pennsylvania.

The visiting educators were present at the opening exercises on various days and were strong in their commendation of the attitude of the pupils toward the exercises and the general school spirit, particularly the evident co-operation between scholars and faculty.

Dr. Wagner, Commissioner of Education of Delaware will address the school next week.

News Notes of the School.

Narberth was well represented at the sessions of the School Men's Week. Every one of the fifteen teachers was regularly enrolled in one or more of the sessions.

The Narberth School Track team is scheduled for the following events: University of Pennsylvania, April 23; Glen Mills, May 8, and Perkiomen Seminary, May 22.

The warm school lunch system is no more a vision for Narberth. It is here and in full swing. With very little expense temporary arrangements have been made for serving. Of course, what is lacking is room, but the committee has done the best that was possible under crowded conditions.

This is Mothers' Week in the elementary grades. The children have written personal invitations to their own mothers to visit the school. This unique idea has been of value in more ways than one. The principal also addressed a letter to each home. The plan includes one grade each day of the week, an inspection of regular school work and a round table conference of mothers, teacher and principal.

PLAY FOR BASEBALL TEAM.

Remember to buy tickets for the play in Elm Hall, May 7 and 8, to be given by the Y. M. C. A. Glee Club, for the benefit of the baseball club. You will not be called on this year to buy stock to pay semi-professional players. All men are volunteers, mostly local boys. Get in early on this, so that suits and other equipment may be purchased at once.

Hind-Paws Circus, Narberth Y. M. C. A. to-morrow night, Friday, April 23. Doors open 7.30. Admission to big show, 50 cents.

THE TEST TRAIN A DAILY SIGHT AT NARBERTH STATION NOWADAYS

ELECTRIC TRAINS IN SERVICE JUNE FIRST

In preparation for the early establishment of electric train service throughout the entire suburban section of the Main Line, from Broad Street Station to Paoli, the Pennsylvania Railroad is now testing out the cars and drilling the motormen and other employees who will operate the trains. It is expected that trains will be running regularly by June 1.

Test trains are being run daily between Overbrook and Bryn Mawr. Ninety-three cars will be used in the new service. The cars are of the all-steel type adopted several years ago by the Pennsylvania Railroad for its suburban lines, and differ from those used on the steam trains only in being equipped with motors.

In order to have a thoroughly drilled force ready to man the trains on the

inauguration of the new service, as well as to build up a reserve of trained men which can be drawn on at any time, the company is instructing upward of 600 employees in the operation of electric trains. All of the men selected for the duties of motormen in the electric service are fully qualified enginemen of steam locomotives.

The change from steam to electric motive power is expected to make possible a somewhat faster and also more frequent service than can be maintained with steam. Tentative schedules have been prepared which provide for the operation of several additional trains in each direction, and also a reduction of some minutes in running time both east and west bound. The prompt handling of both ar-

riving and departing passengers at Broad Street Station will be materially facilitated by the use of electricity in suburban service. This is because each car in an electric train is equipped with its own motor and can run with equal ease in either direction. The operation of such trains in and about a busy terminal is much simpler than is the case with trains pulled by steam locomotives. Both the public and the company will benefit from the more efficient use that can be made of Broad Street Station.

The electrification work from Philadelphia to Paoli cost approximately \$4,000,000 and, with the numerous tests and experiments that were necessary, has taken about two years to complete.

WELL-KNOWN NOVELIST VISITS NARBERTH.

Miss Caroline Lockhart, the well-known novelist, was a visitor to Narberth last week. She was the guest of Miss Mabel Seymour of Woodside avenue. Miss Lockhart is the author of "Me Smith" and "The Lady Doc," but will be better remembered perhaps, as "Suzette," whose clever writings in The Evening Bulletin a few years ago won for her a wide popularity among Philadelphians, and something of a national reputation. Her two best known novels were written after she left the newspaper business and went to live on her ranch at Cody, Wyoming.

Miss Lockhart regards her occasional visits to the East as genuine treats for, as she said to the reporter for Our Town who interviewed her: "It is true that my 'town house' in Cody is right next door to the Opr'y House, but then, you know, Cody isn't New York or Philadelphia and Caruso and John McCormack come out our way only once in a great while."

People who imagine writers and literary folks to be so full of temperament and eccentricities that they are interesting to look at, perhaps, but quite outside the pale, you know, when it comes to meeting them socially, would do well to meet Miss

Lockhart and talk with her. Sure, she writes stories, and her novels have sold very well, thank you, but as a matter of fact, she is more interested in her ranch and her horses. At least, she prefers talking about her horses.

"We haven't asked our advertising and business managers whether we can give you all this free publicity," said the reporter, "but, presuming that we get away with it, do you care to say whether you are doing or contemplating doing any writing for the 'movies'?"

Miss Lockhart smiled. Isn't it funny how interviewed people have a way of smiling even when asked such a personal question?

"Is this for the paper; I mean to say, am I being interviewed—will my answer be printed in full in next week's issue?" asked Miss Lockhart. Your reporter assured her that the interview was official.

"And did I understand you to say that practically every one of the 2000 and more people in Narberth would read it, and that the New York Sun and the Chicago Tribune and possibly the San Francisco Bulletin might copy the interview?" Miss Lockhart queried.

"We nodded our editorial head. "Then I don't mind saying," contin-

ued Miss Lockhart, "that—you're getting this down right, I hope, word for word—that I consider Mary Pickford one of the most talented young women in America."

Further than that Miss Lockhart would not go, adding: "I wouldn't have said this much if Miss Seymour had not assured me that you were a most careful reporter and not at all given to exaggeration and misstatement." She did say, however, that almost every writer person she met in New York had a moving picture scenario hidden under his or her coat and was on the way to the office of a film company to try and sell it.

Miss Lockhart was entertained at luncheon on Wednesday by the Misses Hopper and in the evening she was the guest of honor at a small party at Miss Seymour's home.

Guess that'll give you something to tell the folks out in Cody, Miss Lockhart. Come see us again.

Where the Preacher's Business Touches Yours

Among the half million persons who will read this advertisement, hundreds of different occupations are represented.

Your business may be bricks or books, cobbles or collaterals, pork or pictures, farming or finance, machinery or markets, housekeeping or hodgepodge, acting or automobiles.

Some of us do business with all the world; most of us touch only a few persons in our employ.

But the preacher has business with everybody.

His stock in trade is ideas.

Week by week he has to devote himself to thinking upon high themes, so that he may help others to think.

The work of the minister is to relate everybody's everyday life to the concerns of character and of eternity.

That is how the preacher's work touches your work, just as the architect's work affects that of the builder.

Whatever a man's employment, whatever his lot, he is bound to think about those things which have to do with his character, with his conduct and with his relation to a Supreme Being.

In a word, his ideals. And the keeping alive and the uplift of ideals is the preacher's business.

Whatever else he does, a man has got to think. A people without a perception of great ideals would soon sink to the jungle level. A purely material civilization is unworkable.

We are saved by our dreamers, our idealists, our thinkers.

Take God out of human thinking, and you eliminate the greatest incentive to noble living and the greatest safeguard of society.

As ideals of patriotism are the life of the State, so ideals of character are the life of the individual.

These ideals are the concern of religion. Week by week, in remote country cross-road churches, and in metropolitan pulpits, the Church is teaching men, women and children the great truths which are the life-sap of the tree of Christian civilization.

We advertise to-day the mission of the Church in conserving noble ideals and in stimulating thought upon themes of loftiest import.

The Great duties and the master passions—Love, Honor, Patriotism, Brotherhood, Justice—are kindled at the altars of the House of God.

The minister is a leader of thought upon the most important subjects.

In his proclamation of the word of truth there is more of social restraint than in a police force.

This is a solid reason why we should go to Church.

The preacher sets our thought-currents to a moving in a diviner direction.

His "Thus saith the Lord" toughens the fiber of our characters. His showing of the Word which is a "lamp unto my feet and light unto my path," clears up many of life's perplexities.

WHATEVER ELSE MAY BE YOUR BUSINESS, IT IS ALSO YOUR BUSINESS TO GO TO CHURCH AND THINK THE GREAT THOUGHTS.

(COPYRIGHTED)

In case of illness, death or other trouble, any minister will be glad to help.

GLEE CLUB NEWS.

The Y. M. C. A. Glee Club will give a benefit performance of eight vaudeville acts for the Y. M. C. A. Athletic Association, May 7th and 8th, in Elm Hall. The Glee Club has arranged with a booking agency in Philadelphia to place three of Keith's headline acts in the show.

There will be five acts by local talent. Miss Ruth Prescott and her girlies will appear in a vaudeville act. The young ladies assisting Miss Prescott in this act are, the Misses Hilda Smedley, Augusta Witherow, Mildred S. Smith, Elizabeth Speakman, Margaret Fowler and Thelma Fowler. The girls have worked up some very fancy steps, and the dancing of this act alone will be worth the price of admission.

We will also have with us Miss Martha Denny, who is a noted performer. She will star in an act made up of the six best young men singers of Narberth, namely, Irwin Ward, Bill W. Dennis, H. N. Compton, Vernon Fleck, Watson Owings and Earl F. Smith.

Harold Speakman and Bill McCargo, who have become famous in Narberth as Jewish comedians, will again entertain in some brand new songs and jokes. It is not necessary to dwell on the ability of these two actors—they speak for themselves.

George Rose and Walter Wright will appear in a black-face comedian act.

George and Walter have some new "stuff" to spring on the Narberthites at this performance.

The show will be given for the benefit of the Baseball Team, which is badly in need of suits for the coming year. Narberth has always been very proud of her ball team, and we know the people will be glad to see the boys in new costumes to start off the season.

Prices of admission have been made very low, 15 cents for children under twelve years, and 25 cents for adults. Tickets are good for either night. The past performance of The Glee Club speaks for itself, and you are assured of a good performance.

Side shows, red lemonade, peanuts, short change men, apple sellers, fat people, slim people, strong people, trained animals, bareback riders, chariot races. Hind-Paws Circus, to-morrow night, 7.30, Y. M. C. A. The big show—fifty cents.

The manly art of self-defense—two topnotchers—in a boxing bout, an interesting, scientific exhibition, furnished through the courtesy of the Wm. J. Herman Physical Institute, Keith Building, Philadelphia, with Hind-Paws Circus, to-morrow night (Friday), April 23. Doors open 7.30. Admission to the big show 50 cents.

Get your tickets for Hind-Paws Circus in advance—for sale at Davis' and Fiedler's.
