

NEAR TRAGEDY

QUICK ACTION OF MOTORMAN DARNLEY SAVES WOMAN'S LIFE

Quick action on the part of Motorman Harden Darnley, of 625 North Louise street, was responsible for saving a woman's life Tuesday afternoon. A Pacific Electric car in charge of Mr. Darnley and Conductor H. T. Clark also of Glendale, was coming south on Brand boulevard. When between First and Second streets, Mr. Darnley saw the body of the woman lying on the right of way with her head across one rail, about a hundred feet north of Second street. By a clever manipulation of the air he was able to apply the brakes just in time to stop the car a few feet from where the woman was lying. Aghast at the near tragedy, the crew carried the woman into a nearby grocery store and summoned Dr. J. L. Flint. She gave her name as Miss Irene Kelley, of 1305 1/2 Hawthorne street and admitted that she had attempted to end her life.

Had Mr. Darnley been careless or less quick to think and act a horrible tragedy would have been enacted. His friends are congratulating him and giving him the credit he merits.

FELLOWSHIP MEETING

Members of the Glendale Board of Trustees will entertain at dinner at Hotel Gray next Thursday evening, members of the Tropico Board of Trustees, and there will be a little informal program in connection with the regular Trustees' meeting the same evening to mark the consolidation of the two cities.

An invitation is extended to all the citizens of the united cities to attend this meeting and extend the glad hand of fellowship of Greater Glendale.

QUESTIONNAIRES OUT

EXEMPTION BOARD COMPLETING RECORDS PREPARATORY TO NEXT CALL

All the Questionnaires on the official list of the Exemption Board have now been mailed to registrants. Henceforth it will be the work of the Board to finish the classification of registrants and to complete official records in preparation for the next draft call, which is expected in the near future. This morning Chairman Lanterman was classifying registrants who have failed to show up at headquarters and preparing a list of such men which will be published in the Evening News tomorrow.

The chairman reported with satisfaction that thus far all the decisions of the local Board have been sustained by the District Board in every appeal which has been acted upon.

This morning registrants were assisted by Attorneys Mackay, Flint, Ely, H. S. Clewett, Olin Spencer and C. B. Andrews. Last evening Fred E. Burlew, Richardson D. White, and A. J. Van Wie assisted Mr. Mackay. Mattison B. Jones was present to direct the work of the Board.

SOCIAL AFTERNOON

A very delightful afternoon was given Tuesday by Mrs. O. L. Howard, of Sycamore avenue, and her sister, Mrs. D. L. Reed, to members of the R. T. W. Class of the Baptist Church and a few outside guests. About twenty-five ladies were invited. It was an informal affair devoted to needlework and social chat with a few musical numbers contributed by Mrs. T. W. Balkenh, who sang, and Mrs. Arch Guthrie who gave a piano solo. The ladies last mentioned were out of town guests. At the close of the afternoon dainty refreshments were served by the hostess assisted by Mrs. Fred Latter and Mrs. Roy Kent.

MOTLEY FLINT TO SPEAK

Motley H. Flint, of Los Angeles, will speak on thrift in the home and how to encourage it in children, at the regular monthly meeting of the Pacific Avenue Parent-Teachers Association, Thursday, January 10, at 3:30 sharp. Mrs. Robert Yost will sing.

Fortunately the flag raising will be over in time to allow all to attend this splendid program. Thrift being a most important subject at the present time a cordial invitation is extended to both men and women to attend.

A business meeting will be held at 2:30 sharp and all interested in the work are invited. Through the courtesy of Mrs. Heasley, chairman of the kindergarten committee a competent person will be present to care for the children.

HONORS MRS. MORRIS

FORMER PRESIDENT IS GUEST OF CLUB AT TUESDAY'S MEETING

For days it had been generally understood that something unusual was scheduled for yesterday's session of the Tuesday Afternoon Club at the Masonic Temple at 2:30. The program committee had announced that a social time was being planned and a big surprise was hinted at, but so carefully guarded were the details that few indeed were prepared for the happy denouement, least of all the little "club mother" who, quite as curious as the rest, came prepared to enter into the spirit of the occasion with zest and enthusiasm, despite her four score years and six. The expectant audience was held in suspense until the minutes of the previous meeting had been read and approved and various sectional announcements made. This formality being over, the president, Mrs. Wm. W. Ramsay, explained to those present that it was the 86th birthday of their beloved past-president, Mrs. Martha Morris, at the same time requesting the courtesy committee to escort Mrs. Morris to the platform. Turning to her, Mrs. Ramsay extended greetings in especially well-chosen words. Commenting upon the warmth of the esteem in which she was held and the very special place she occupied in the hearts of all members of the Tuesday Afternoon Club, who had come to look upon her as their club mother, she said in part: "Our friend, on this day we wish you happiness! The glee that fills the heart, the joy that throbs with expectation and wanes not with fulfillment; the happiness of health, with the peace of undisturbed restoring sleep; dreams of beauty and restful pleasantness, such happiness we wish you—the happiness that holds all things, the length and breadth and depth of a perfect life."

In a voice clear and strong, but with lips quivering with emotion, the little lady responded feelingly and with characteristic readiness of thought. As she finished speaking, members of the courtesy committee again stepped forward and placed her in an arm chair provided for the occasion.

"Mother Machree" was the appropriate vocal number selected to follow. This was sung in splendid manner by Spencer Robinson. Mrs. L. N. Hagood, who presided at the piano, continued playing a pleasing variation of melodies as a tea wagon garlanded with violets and bearing a gorgeous birthday cake surrounded by 86 candles was brought into view and placed by the side of the guest of honor. From the rear of the hall came dainty little Ruth Tower and presented a bouquet of violets and sweet peas, as past-presidents, members of the board, section curators, committee chairmen and members of committee to the number of 86 formed into line. Each bearing a lighted taper proceeded to the platform and lighted one at a time the 86 candles. This little ceremony being over, all flocked forward to extend personal greetings and further admire the cake which bore the date and was most beautifully decorated with violets and sweet peas. Groups were then formed for conversation and the hum of voices continued for some time over the tea cups, delicious home-made cake being a much enjoyed accompaniment to the social cup.

The hall was made beautiful by huge bunches of eucalyptus boughs artistically disposed and by a rare collection of oil paintings loaned by Dr. C. Stuart Steelman. To this collection was added the oil painting executed by Eugene C. Frank and presented to the club by his widow, Mrs. E. C. Frank. Flags of the allies grouped over the stage gave a brilliant touch of color to the scene.

One of the important notices read at the opening of the meeting was that of the Seventeenth Annual Convention of the L. A. District, California Federation of Women's Clubs, which will be held at Santa Barbara, February 6, 7, and 8, by invitation of the Federated Clubs of that city. There will be four delegates from the Tuesday Afternoon Club, and Mrs. Mattison B. Jones, District President, will be one of the principal speakers.

LADIES' NIGHT

The Federated Brotherhood of Glendale will celebrate Ladies' Night January 17th, with a banquet which will be held at the First Methodist Church in this city. Rev. Charles Edward Locke, D. D. of Los Angeles, will be the orator of the occasion.

WEATHER FORECAST—Fair and colder tonight and Thursday. Killing frosts. Northwesterly winds.

GERMANS CRY FOR PEACE

WHEN NEWS OF BREAKING OFF NEGOTIATIONS WITH RUSSIA BECOMES KNOWN PEOPLE RIOT IN STREETS

(Special Service to Glendale Evening News)

GENEVA, Switzerland, January 9.—Crowds marched through the streets of Berlin, Leipzig and Essen today shouting "We must have peace," when news of the breaking off of the Brest-Litovsk peace negotiations became known, according to reports received here.

HOSPITAL SHIP SUNK

GERMAN SUBMARINE TORPEDOES RED CROSS SHIP IN BRISTOL CHANNEL—WOUNDED ARE SAVED

(Special Service to Glendale Evening News)

LONDON, January 9.—A hospital ship was torpedoed and sunk Friday at midnight by a German submarine, the British Admiralty announced today. The ship was sunk in the Bristol channel en route to Gibraltar. Three of the crew are missing. The wounded on board were placed on board transports standing by. The ship carried all lights and markings of a hospital ship and was not in the so-called German barred zone.

NINE SAILORS MISSING

MEMBERS OF THE CREW OF THE AMERICAN STEAMER LUCKENBACH SUNK JANUARY 6 UNACCOUNTED FOR

(Special Service to Glendale Evening News)

WASHINGTON, January 9.—Nine members of the American steamer, Luckenbach, which was torpedoed January 6, are unaccounted for today, the navy department announced. A dispatch from Vice Admiral Simms stated that 22 members of the crew had been rescued.

PLEBISCITE FOR EGYPT, IRELAND AND INDIA

GERMAN LEADERS DEMAND LLOYD-GEORGE APPLY HIS RULE FOR SELF GOVERNMENT OF COLONIES AT HOME

(Special Service to Glendale Evening News)

AMSTERDAM, January 9.—German political leaders want Premier Lloyd-George's plans for the self determination of all peoples applied to Egypt, Ireland and India, according to interviews with Germans here today.

"If Lloyd-George really is sincere," declared Philip Scheidemann, German Majority Socialist leader, "how about Egypt, Ireland and India?"

"I suppose England will remove all her troops from India when the plebiscite is taken there," said Count Wespar, leader of the German conservatives.

MERGE TO RATIFY PROHIBITION AMENDMENT

PROHIBITIONISTS MAY COMBINE WITH NEW NATIONAL PARTY AT CHICAGO CONVENTION IN MARCH

(Special Service to Glendale Evening News)

CHICAGO, January 9.—The Prohibition party here will consider on March 5 the merging of the party with the new national party and outline a nation-wide program for the ratification of the federal prohibition amendment, Virgil Hinshaw, chairman of the prohibitionists, announced today.

BRITISH GAINS IN WEST

MAKE SLIGHT ADVANCES NEAR YPRES AND SOUTH OF LENS FIELD MARSHAL HAIG REPORTS

(Special Service to Glendale Evening News)

LONDON, January 9.—British counter attacks early today immediately ejected enemy groups from two advance posts north of the Ypres-Staden railway, according to reports from Field Marshal Haig. South of Lens the Canadians carried out a vicious raid against the enemy, taking prisoners and two machine guns.

FRENCH PENETRATE ENEMY LINES

(Special Service to Glendale Evening News)

BERLIN, January 9.—Violent French attacks west of Fliry penetrated the German line at isolated points, the German war office admitted today. The attack was in the afternoon following a violent bombardment. The Germans countered, driving the French from their gains.

CARRANZISTA SOLDIERS CAPTURED

(Special Service to Glendale Evening News)

EL PASO, January 9.—Col. Escobar and 60 Carranzista soldiers whom he commanded, were captured by Zeserno, a Villista leader, at El Valle, Chihuahua, through the treachery of the bandits today. The bandits sent word that they would surrender, and when entering the town they attacked Carranza's soldiers, taking them prisoner. Afterward they sacked the town and attacked women.

K. OF P. TO ENTERTAIN

JOINT INSTALLATION—KNIGHTS OF PYTHIAS AND PYTHIAN SISTERS

On Tuesday evening, January 17, 1918, the newly elected officers of the Twin City Lodge - Knights of Pythias and Lahalla Temple Pythian Sisters will hold a joint installation at the Castle Hall, corner Park and Brand, at which installation every friend of both lodges are particularly invited to attend. The installation exercises will commence at 7:30 o'clock sharp and at the close a special entertainment has been prepared that will be well worth witnessing. A dramatic impersonation of the story of Damon and Pythias, given by members of the Los Angeles Central Avenue lodge of Knights of Pythias, whose delineation of the characters do credit to professionals.

The story of Damon and Pythias is one well known by all Pythians, for it is upon this that the order is founded. Pythias, who would give up his life to save his friend.

Damon was a Senator of Ancient Syracuse, noted for his honesty and determination to avoid political intrigue. Pythias was his friend, whose deeds of valor on the field of battle placed him in the ranks of ancient men of war.

Philiastius, president of the Senate, and Dionysius, a Grecian General contrive to dissolve the Senate and Dionysius is elected King. Damon discovers the plot and denounces the new king whereupon he is thrown into prison and condemned to death.

Pythias arriving in the city learns of his friend's plight and he visits the prison. Damon's only request is that he be allowed to visit his wife and child before paying the penalty. Pythias goes to Dionysius and pleads to be allowed to act as hostage for his friend and is granted the request. Damon leaves for his home, Pythias taking his place in the prison for the few short hours allowed. Failure to return means that Pythias must suffer in Damon's stead, but his belief in his friend overshadows every barrier.

Dionysius conspires to make away with Damon. Failing in this he calls upon Pythias disguised and endeavors to tempt him to betray Damon.

The hour of the execution draws near and Damon has not returned. Pythias is led to the block. This he does, still strong in his faith. The minutes drag and still no Damon. Suddenly in the distance is heard the sound of hoofs. Will Damon be too late?

Damon arrives in time to save his friend and Dionysius has a turn of heart and Damon is pardoned.

The story depicts Friendship, Charity and Loyalty. Special scenery and costumes are used and those who avail themselves of the opportunity to see this beautiful drama will never regret it.

It is desirable that a large crowd assemble and the hour is 7:30 o'clock. Come and enjoy a pleasant evening.

HONORED IN THE EAST

Edward Weston of Tropico, who has a big reputation in the East as an artist in photographic work, is about to send to the Portland (Me.) Society of Arts, an exhibit of about forty prints. Portland is something of an art center in which citizens are very appreciative of such work as Mr. Weston is doing. It will be a one-man exhibit, i.e., no pictures other than those entered by Mr. Weston, will be shown. It will be his first exhibit there although he has been a contributor to the leading exhibits, notably the Pittsburg Salon which is held annually in March in the Carnegie Institute. Membership in this salon is a much sought honor. He was elected a member last year on receipt of his first exhibit and is the only professional photographer in Southern California who has that distinction.

In March he will give his annual exhibit and talk before the Friday Morning Club of Los Angeles.

ROBBERY

A bold robbery was perpetrated on Atwater Tract on Friday night. Early in the evening, Mrs. Hugo Jacobsmyer, of Atwater avenue, on returning to her home, discovered that someone was in the house, and at once gave the alarm. The neighbors came, but the thief escaped through the window and took with him two good suits of Mr. Jacobsmyer's, discarding his own old suit. The police were summoned but could not locate the thief. Several other neighbors have been relieved of garden hose, milk, etc., and it is needless to say any other persons bent on mischief of that kind will receive a warm reception if discovered.

FIRE APPARATUS

FIRE CHIEF SUGGESTS CONVERSION OF PRESENT APPARATUS INTO SERVICE TRUCK

Electors of Glendale will remember that the \$17,000 bond issue recently voted for the purchase of fire apparatus, included an item of \$1500 for the installation of a Junior Pump on the present apparatus.

But, in view of the vote by which Tropico consolidates with Glendale, and the fact that the Tropico pumping engine—while it will be located in Tropico Fire House, will be a part of the combined Fire Department, and the further fact that with the purchase of new apparatus which it is proposed to secure with a portion of this bond issue the city will have two first class pumping engines, which will be quite sufficient for Glendale's needs for some time to come, also in consideration of the growth of the business section and the need there of a service truck equipped with ladders long enough to reach to two and three-story windows, a change in the original plan is being discussed by Glendale's City Trustees.

The Fire Chief has recommended, in view of these facts that the original program be changed and the present apparatus be converted into a service truck and that ladders and other apparatus be purchased in place of installing a Junior Pump.

When interviewed in regard to the matter City Manager Watson said:

"The Board of Trustees desires to place these matters before the people of Glendale and is therefore extending an invitation to all persons interested to attend its regular meeting Thursday evening and express their views on the subject, as the Board does not desire to make any change in the plan announced at the time of the election unless such change is satisfactory to the people."

FLAG RAISING

INTERMEDIATE SCHOOL TO PRESENT SERVICE FLAG TO GLENDALE

Thursday afternoon at 2 o'clock at the corner of Brand and Broadway an important ceremony will take place when the pupils of the Intermediate school will present to the city a service flag bearing a star for each of Glendale's sons in any branch of the country's service. The beautiful banner was fashioned by the girls of the school and will be presented to the city by Stanley Walker of the Intermediate school. Superintendent Richardson D. White will preside at the ceremonies that have been planned to take place when the service flag is unfurled from the flag pole below the American flag and the Red Cross flag that were dedicated a few weeks ago. The following program has been prepared:

Presentation of Service Flag, Stanley Walker.

Response, J. S. Thompson, Chairman of the Board of Glendale City Trustees.

Salute of Service Flag, Intermediate Pupils.

Prayer, Rev. C. H. Norton.

Music, "Keep the Home Fires Burning," Intermediate Pupils, led by Miss Wetherby.

Music, "Star Spangled Banner."

Salute to our National Flag.

HARDSHIPS OF NEW YORKERS

A member of the staff of the Evening News is just in receipt of a letter from a friend in New York City which conveys quite a vivid impression of the discomforts of life there under the hardships imposed by war conditions. She writes:

"Out there you may have to fight some things but you don't have to fight nature. Here life is just one long struggle to be comfortable enough not to be conscious of real physical discomfort. For instance, I am today sitting in my flat with an ulster wrapped about me, and I have just taken off my gloves. My hands are so stiff I can hardly write. Up to eleven o'clock today there was no heat at all. Every few days the coal gives out and there is no heat and no hot water, though I am paying for them. You have heard of the coal shortage, I suppose, though you are probably not as hard hit as we are."

STEREOPTICON LECTURE

Under the auspices of the Ladies Mission Circle, Mr. and Mrs. Ross, of Sendai, Japan, will give a stereopticon lecture this (Wednesday) evening at the First Baptist church at 8 o'clock. Friends are most cordially invited to come and enjoy this missionary evening.

GLENDALE, CALIFORNIA, WEDNESDAY, JANUARY 9, 1918.

T. N. T. HAS INNOCENT ANCESTOR

Trinitrotoluene, the trotyl of the Germans and the T. N. T. of the Americans and British, is the most powerful and the most commonly used explosive of today. High explosive shells are loaded with it. It is the force which makes the torpedo effective, or which endangers submarines when, in depth bombs, it is exploded in their vicinity. It is trinitrotoluene which caused the recent disaster at Halifax.

And this substance, holding such great potential powers of destruction in its seemingly innocent pale yellow or white crystals is a product of our harmless domestic coal tar. Or rather it is a grandson, as it were, of coal tar. Toluene, more commonly known as methyl benzene, is the base of trinitrotoluene and toluene is derived through a process of distillation from coal tar.

Toluene contains much hydrogen, and in the process of manufacturing trinitrotoluene, these hydrogen atoms are replaced by nitro groups. This process of nitrosubstitution permits many variations in the arrangement of the nitro groups, and hence chemists are able to produce twelve different trinitrotoluenes, each varying from the others in boiling point, melting point, solubility, specific gravity, and sensitiveness to detonation.

Trinitrotoluene, in its natural state, is in the form of pale yellow or white crystals, but in loading shells or bombs, these crystals are melted, and in a fluid state the explosive is poured around its case, where it is sealed under pressure. In the form most commonly used its sensitiveness to detonation is so slight that it is necessary to use a detonator of mercury fulminate. Because of this lack of sensitiveness it is one of the safest explosives to handle, but at the same time its explosive force, occasioned by the rapid expansion of a small quantity of the solid into a great volume of gas, is greater than that of any of its cousins, such as dynamite and nitroglycerin. —K. C. Star.

USE PAPER MONEY

The secretary of the treasury has issued an appeal to the people of the country to make use of currency in their ordinary business transactions and save the gold.

There is considerable loss of gold due to abrasion in the ordinary course of business. This loss is absolute waste which can never be made good.

In the circulation of gold, too, there is loss due to hoarding by those who prefer the actual metal to the paper, which serves the same purpose and is more convenient to handle.

If the people will ask for currency instead of gold they will help the bankers and the treasury officials in conserving the gold supply of the nation.

There are certain demands which can be met only by gold. That metal should be reserved for that purpose. In times of war gold takes on an importance far greater than it has at any other time because that metal has been made the foundation of our entire financial system.

The place for the gold is in the bank vaults and treasury, where it can be held as the reserve back of our currency, the ultimate money of the nation.

Assist the country in the war by conserving the gold. Conserve gold by using currency, as a large part of the country is doing already.—Sacramento Union.

LOST ART RECALLED

Somewhere in the American army a soldier boy will wear a pair of stockings that ought to be preserved for what they represent. A Nebraska woman raised the sheep, sheared its fleece, carded the wool, spun and dyed the yarn and knitted the socks, which she presented to the Red Cross. Yes, she belongs to a bygone generation. Fifty years ago, when she was young, her feat would have attracted little notice and called forth no comment. Such operations were then carried on as a matter of routine on every farmstead. Not only was wool so handled, but flax was raised, bleached, scutched, heckled, pulled, spun and woven into cloth for home uses. Modern factories have destroyed this household industry, but the possession of a tablecloth or bedspread woven by grandmother, or her mother, reminds many a home circle of the simpler life of the nation. The utmost comfort when contrasted with daily experiences of that time. The lost art of home spinning and weaving is not likely to be revived generally, but it is helpful to be reminded now and then of the way things were done not such a long time ago in America.—Omaha Bee.

SHORTAGE OF FOOD

The United States is regarded primarily an agricultural country and one of the world's great treasure houses of food, yet our food exports are slightly exceeded by our food imports. That is, with all our rich and broad acres, we are scarcely able to feed ourselves.

Many people have been feeling that food scarcity is caused by the war only, and that these conditions can be depended upon to cease when peace is signed. Yet all over Europe there has been a lack of fertilization of the soil for the past three seasons. Vital elements of plant food have either been cut off, or have been so high priced that the ordinary farmer could not get them. Germany has had a practical monopoly of potash, but even in Germany soil fertility has declined.

Soil production cannot be kept up by the forced labor of prisoners or by the work of women, old men and children. Europe will feel this reduced production for five years after the war, say good authorities. Our own soil also shows lack of proper fertilization. This is partly due to negligence, partly to the cutting off of our supplies of potash.

The great numbers of men killed and crippled will make agricultural labor scarce for years. Europe will keep calling on us for food and may demand even more than now.

Evidently food shortage is no temporary condition, and far

WANT ANNEXATION

RESIDENTS OF GRAND VIEW DISTRICT PRESENT PETITION TO ANNEX TO GLENDALE

Tuesday evening fifteen representatives of what is known as the Grand View District attended a special meeting of the Glendale Board of Trustees and presented a petition signed by nineteen electors within the district—which is probably half of the actual voters of the territory—petitioning the Board to call an election for the annexation of said district to the City of Glendale.

The petitioners stated that fully two-thirds of the residents of the district had expressed a desire to become a part of Glendale because they desire the service of Glendale's water and light departments. They stated that the district is developing to such an extent that they need a little more service in that line than is given by the County. They showed considerable enthusiasm in their desire to become a part of Glendale.

The petition was referred to City Clerk Sherer with instructions to check it and ascertain the correctness of the signatures attached thereto, with a view to calling an election at an early date.

A full grown black ostrich is seven feet high and can easily carry on its back, with the speed of a horse, a man of average size.

reaching measures of relief need to be taken. First, of course, is the improvement of our own production, on which our government experts are working. Then there is the possible development of unused resources in other countries.

Of these undeveloped resources probably the fields of South America are the most extensive. They form a great reserve against the needs of the future, though they cannot be depended upon for immediate results.—Berkeley (Cal.) Gazette.

TEUTON AND ANGLO-SAXON

The Teuton makes up a program with well studied detail. He imagines all possible eventualities; he tries to foresee every obstacle; and then he creates a machine to carry out the program. The Anglo-Saxon does not prepare. He knows through experience with the different races and peoples that the will of human nature can not be made to crystallize and shape itself according to some made program. The soul of man is led by inspiration.

In critical moments men's consciences are prompted to do unexpected things. New and astonishing truths are revealed. Things we believed were right yesterday are not right today. The Anglo-Saxon knows this. He respects a man's conscience. In his colonizations he has helped men to live up to their own standards of right, not enforced his own. The Teuton is a materialist; he believes in a material solution. For this reason he believes in material laws.—David Edstrom in the Saturday Evening Post.

MANY ARTICLES USED IN EMERGENCY RATIONS FOR FIGHTING MEN

The equipment of no soldier is complete without emergency food rations. United States troops are supplied with three different parched maize-meal packets and three chocolates. The former is a revival of the maize-meal of the American Indians, on which they could exist for days while hunting or on the warpath.

The "chain-shot" ration furnished Belgian, French and Teutonic soldiers is a winter food of compressed meat. There are more than a dozen varieties of compressed teas used by the Russian commissary. Compressed rice and macaroni is supplied Oriental forces. Oat-bread in sausage form is used by some of the North British troops.

A curious ration is the compressed fig coffee of the Central Powers, which may either be utilized for food as it is or converted into a coffee-like drink. Smoke-dried pears are used in the same armies. The Swiss soldier receives an emergency ration of white chocolate, made entirely of cocoa-butter and sugar.

An Italian army chocolate is in sausage-length form, while their plum duff goes into a beef membrane.

WHAT WILL BE THE NEXT STEP

The industrial accident commission of California, in ruling on the compensation to be allowed a waiter for injuries sustained while he was employed in a San Francisco restaurant, recently rendered a decision to the effect that tips are a legal part of a waiter's wages. What will be the next step? Will the commission decide on the size of the tip to be paid waiters by patrons of eating houses on a basis of the amount of taxes the patron pays to the state and the price he pays for his meals? Since the commissions are making the laws as well as construing and administering them, such a decision would not be the least surprising.—Watsonville Pajaronian.

BUT 15 PER CENT OF MEN WEAR SHOES THAT FIT

Figures from examinations made by Army and civilian shoe experts at Army camps show that only about 15 per cent of the men wear shoes which fit properly. Of the several groups of men examined 28 per cent wore shoes one-half size short, 26 per cent wore shoes a full size short, and 8 per cent wore shoes two sizes short.

Reports ascribe the high proportion of misfits to the inclination of men to choose shoes too small, faults of method and supervision of fitting, insufficient numbers of larger and narrower sizes, and incorrect marking of sizes by manufacturers.

REGISTERED MEN MAY BE INDUCTED INTO AIR SERVICE

While men registered under the selective-service law are not being accepted at recruiting office for enlistment in the Aviation Section of the Signal Corps, they may be inducted voluntarily into service by their local boards if they are physically fit, sufficiently skilled, and not required to fill the current draft quota. They will be sent to Camp Kelly, Texas, for distribution into trades, training, and formation into squadrons, with ranks and salaries running from \$30 a month as private to \$81 a month as master signal electrician, food and quarters provided by the Government.

We Have in Stock These Few Used Cars at Real Prices:

If you are in the market for a used car it would be worth your while to investigate and look them over. Make us your own proposition.

1 4-cylinder Studebaker speedster or racing type with high tension Bosch magneto. All new tires, in A-1 mechanical condition. Will do about 65 or 70 miles. This is a real buy at \$275.

1 1914 4-cylinder, 5-passenger Michigan with good rubber upholstery like new. This car has had very little use and is an exceptionally good buy for toning and heavy work. Price, \$400.00.

Personals

J. H. Mellish, the Brand Boulevard Jeweler, has the new service pins at 25 cents and 35 cents each. 108t4*
 Mr. and Mrs. T. S. Woodard, of Denver, Colorado, are visiting their daughter, Mrs. Otto Nelson, of 1531 West Fifth street.
 Friends of Mrs. E. W. Kinney, 1223 West Seventh street, are sympathizing with her in the loss of her father, L. B. Cohen, prominent Los Angeles pioneer, who was buried Tuesday.
 Mrs. D. L. Reed and her little sons Cecil and Howard, of North Yakima Valley, Washington, are spending the winter in California. Mrs. Reed is a sister of Mrs. O. L. Howard, of Sycamore avenue.

Smith's Cyclery, located on Broadway, opposite the Sanitarium, is reaping a great harvest of bicycle sales from the pre-Christmas advertising in the Evening News and the Sentinel-Progress.

Mr. and Mrs. Will J. Myers, who were formerly residents on Jackson street, Glendale, but who now reside at Bell Vernon, Los Angeles, are the parents of a daughter Mary Adelaide, born December 31, 1917. Mr. Myers is employed by the Sierra Paper Co., Los Angeles.

Mr. and Mrs. Oscar Dennison, of Mira Loma, were made happy on Tuesday by the arrival of their son, Nathan Dennison and wife, who came from Battle Creek, Mich., to spend three months in the sunny south. They left cold weather and good sleighing in their eastern home.

Mr. and Mrs. J. M. Johnston, of Bradley, S. D., who are spending the winter at Long Beach, were weekend guests of Mr. and Mrs. H. M. Beckman, at 447 S. Belmont St. The two families renewed an acquaintance begun many years ago, making the visit a very delightful one.

Miss Margaret Burchfield of 342 N. Kenwood, leaves this evening for Norwalk, California, where she has accepted a position in the accounting department at the state hospital at that place. Miss Burchfield is an expert in her line of work having just completed seven years in the offices of the Salt Lake Route, in Los Angeles.

Miss Alice Frank is anxious that philanthropists who own automobiles should some day give a treat to little children in the Avenue Eighteen Grammar School. She says they are Italians and Mexicans who have few pleasures and who know so little of the country that a ride through the orange groves and canyons would delight them beyond measure.

H. B. Lynch, head of the Public Service Department, reports the installation of a considerable number of electric ranges, water heaters and home heaters in the last few weeks since the winter months began and since the reduced rates have been effective. The results to the users have been most gratifying, and it is altogether probable that the number of users of electric heat will materially increase.

INTERMEDIATE GRADUATION

The Intermediate school is preparing for the midway graduation exercises which are to be held on the evening of February 1. The following young people will be promoted into the High School at that time:

- Arthur Barnard Allyne,
- L. Chalmers Balch, Jr.,
- Norman James Begg,
- George Leslie Blanchard,
- Estella Marion Bradbury,
- Agnes Brown,
- Emma Virginia Butterfield,
- Oliver Daniel Clark,
- Victor Theron Colburn,
- Glenn M. DeLane,
- Martha Ida Eilers,
- Emil L. Escalle,
- Ernest Frederick Erhardt,
- Stephen J. Fairchild,
- Edwin A. Farrand,
- David F. Folz,
- Carolyn Anderson Grey,
- Ruby Isabel Hawn,
- Corinne Heacock,
- Dorothy May Howard,
- Elsie Hadessah Jenson,
- Faith Evangeline Kennedy,
- Burlin Lankford,
- Edwin T. Mason,
- Dorothy Anna McPherson,
- George Kohle Mills,
- Andrew Monsello,
- Elizabeth Irene Morgan,
- Walter Raymond Puffer,
- Esther Louise Ralston,
- Francis W. Read,
- Dorothy Hampton Salyer,
- Harry Phillips Speck,
- Samuel Thompson,
- Clifford W. M. Van Osdoll,
- Howard C. Varney,
- Courtney L. Wagoner,
- Stanley O. Walker,
- Harold H. Whitaker.

"Papa, what is a man who is a mixer?"
 "Any one, my son, who prefers the society of everybody else to himself."
 —Life.

HEADQUARTERS' NEEDS

FURNISHINGS AND EQUIPMENT NEEDED FOR NEW QUARTERS OF RED CROSS CHAPTER

This morning members of the Surgical Dressing class under direction of Mrs. Eva Tuft, are getting adjusted in the new Red Cross workroom under conditions which are ahead of anything the class has ever enjoyed since its organization. The work of this department will be greatly increased by the change.

Reception Room
 The Chapter is very anxious to furnish the Ante-Room, which is such an important feature of its new home, since that is the place where the public will be received and where visitors can chat without disturbing the workroom. Rugs, comfortable chairs, pictures or other suitable furnishings which any friend of the Red Cross is willing to give or loan for use in this ante-room, will be gratefully received. The telephone number of Chapter Headquarters, Glendale 1147, is unchanged, and Mrs. Blackburn, Cashier, or A. L. Lawshe, Vice Chairman, can be reached through it at any time. This reception room will also be a comfort station. It is hoped that citizens will make a special effort to visit the Chapter and inspect its work.

Luncheon Committee
 The committee which serves cooked food on Saturdays at 318 South Brand boulevard would very much like donations of plates, cups and saucers, knives and forks, sauce and vegetable plates. This section has been very popular and the source of considerable revenue to the local Chapter. In order to increase its usefulness, any one who has and can spare these articles and who will give or loan them for the use mentioned, will be giving substantial help to the cause. They are asked to communicate with Mrs. J. Boettner of 1228 W. Ninth street, or to call at 318 So. Brand. Any loans or contributions will be very much appreciated.

Ladies' Aid Helps
 Thursday, members of the Ladies' Aid of the Congregational church will come to the workroom and sew for the Hospital Garments and sewment, of which Mrs. Ellis is chairman.

OFFICIAL NOTICE

The Board of Trustees of the City of Glendale invites all citizens interested to attend its regular meeting Thursday evening and express themselves in regard to a proposed conversion of the present fire apparatus into a service truck, and the use of a portion of the fire bond funds for the purchase of long ladders and other apparatus instead of purchasing a Junior Pump, as proposed at the time the bonds were voted.

T. W. WATSON,
 City Manager.

CONGREGATIONAL AUXILIARY

The Woman's Auxiliary of the First Congregational church will meet Thursday at 10 a. m. at the new Red Cross headquarters. Mrs. Ellis informs us that there will be plenty of work for all, and that there is great need of workers. Bring lunch.

W. C. T. U. WAR WORK

INTERESTING REPORT READ AT MEETING OF WEST GLENDALE UNION

The West Glendale W. C. T. U. met Tuesday afternoon, January 8 at the home of Mrs. Reithmaier, 1418 West Seventh street.

The meeting was opened by singing "America."

Mrs. Florence Smith conducted the devotional services.

Mrs. Maude Smith read several interesting articles from the "Southern California White Ribbon."

Mrs. Pierce read a letter from Corporal Wadleigh stating that out of one company, 18 men have given up the use of tobacco and 14 men have given up cigarettes as a result of the W. C. T. U. work and literature.

The West Glendale W. C. T. U. has donated thirty comfort bags, one sweater and a pair of wristlets to our soldier boys, also a great deal of literature.

After the meeting adjourned the hostess served dainty refreshments and a social time was enjoyed.

VARIOUS MATERIALS USED TO PROVIDE EQUIPMENT

Raw materials of many kinds are needed for the equipment of United States troops. Jute, silk, fur and linen, all find their way into the uniform of an infantryman, in addition to the wool and cotton which are used in greater quantities.

A half ounce of silk is used in the standard yellow gloves and a slightly larger quantity in the riding gloves. Silk is also found in the service hat and undershirt. Linen enters the equipment list in only one article, the shelter tent. Jute is used in the breeches, coat, and overcoat; fur in the service hat.

Mussel pearl, ivory nut, and bone form the buttons on different articles of the uniform. Aluminum is used in the bayonet scabbard, canteen, cup, knife and meat can. In the slicker are nine and a half ounces of rubber.

Horsehide and leather, wood, iron steel, bronze, brass, zinc, copper, tin, and lead are used in various articles.

TO HONOR DR. PEBBLES

Mrs. Cora J. Stewart gives a reception tomorrow afternoon at her spacious home, 919 South Brand boulevard, which will be beautifully decorated for the occasion, in honor of Dr. James M. Peebles, noted writer and traveler, who will soon celebrate his ninety-sixth birthday.

Dr. Peebles was United States consul at Constantinople under President Lincoln's administration. Many noted speakers will be invited guests, the list including: Professor Larkin, Professor Whipple, Dr. Ida Patterson, William Barker, Mrs. Aletha Head Rogers, and Mrs. Ida Mansfield Wilson, pastor of the New Civilization Church.

The reception will last from twelve to six and Mrs. Stewart will be assisted in receiving by Mesdames R. Julian, H. E. McMullin, William Bachman, and M. Montgomery.

Probably the poorest economy in the world is to buy things you don't want in order to make acquaintances you don't need.—Galveston News.

COFFEE

We have mentioned the fact before this, that in buying Coffee in Cans you pay for the can—in other words, to sell you a 40c Coffee in a can would be about a 30c value in our bulk Coffee.

In order to prove our statement we will guarantee our 30c Coffee to be as good as any 40c Coffee in cans sold in Glendale. All we ask is a trial order.

ARCHIE PARKER

RATIFY CONSOLIDATION

TELEGRAM FROM SECRETARY OF STATE ANNOUNCING FILING OF CERTIFICATE

City Clerk Sherer received this morning the following telegram:
 "Sacramento, Cal. 9:47 a. m. January 9th, 1918.

To City Clerk of Glendale:
 Certificate of consolidation of the City of Tropic and the City of Glendale under election of November 21, 1917, filed in office of Secretary of State January 9, 1918.

FRANK C. JORDAN,
 Secretary of State."

"Do you think your boy Josh is going to remember the advice you gave him when he left home for the army?"
 "Not this trip," replied Farmer Cornstossel. "By sheer force of habit his mother told him to be sure and keep out of trouble."

Don't let yourself get into the habit of being bored. It is not worth while. When you feel it coming on plunge at once into some task that will take all your time and energy. It is better to run away from certain things than to let them irritate you.—Exchange.

"When I got home at 2 this morning my wife met me in the hall and for a full minute she regarded me in silence."
 "At length she spoke?"
 "Yes; also she spoke at length."—Boston Transcript.

"ONE TOUCH OF SORROW MAKES THE WHOLE WORLD KIN."

Melville Stone, Sr., president of the "Associated Press," New York City, lost a son on the Lusitania, that German illegal act violating common "Open Sea Laws," that took so many Americans.

On top of that loss came with accumulated force, the death of a younger son, Melville Stone, Jr., at Aladena a few days ago, and whose funeral was held Monday afternoon at that place.

The passing of these young men, who had demonstrated great business ability and managerial skill, could not fail to be forcibly felt by the father who, from the character of the office he holds, has a world wide acquaintance and from this source will come such a flood tide of sympathy as to partly make up for the loss, were this ever possible.

Lapping over three generations of the Stone family, Rev. E. Stone, a well known M. E. minister with a record to be proud of in Illinois and elsewhere and with whom I fellowshiped and greatly loved for forty years in Centenary Church, Chicago, and where for nearly the same period I met and knew, intimately, Melville E., Senior. It has been my pleasure to express my sympathy in this way. Oh how much of our better feeling cannot be reduced to words. I stand a unit in the long line, tendering sympathy to you today.

SAMUEL PARKER,
 Glendale, Calif.

TAG-YOUR-SHOVEL DAY

The Federal Fuel Administrator for California, Albert E. Schwabacher, received advice from Washington today that January 30th will be National Tag-Your-Shovel Day. The twenty-one million three hundred fifty thousand school children of the country will perform the patriotic work of tagging coal shovels in American homes.

In this extra effort to save coal for war purposes, the Government seeks the widest publicity through the co-operation of the daily, weekly and periodical press, the motion picture theatres, and individuals.

Tag-Your-Shovel Day falls on Wednesday, and it is expected that Governors, mayors and teachers will unite in arranging for a school holiday—one of the few special national school holidays ever proclaimed. Two great printing plants are now turning out the tags and posters, and it may be taken for granted that all the children everywhere except those who are unfortunate enough to be down with measles or mumps or something will be on the job January 30th for Uncle Sam.

The tags, on the face, bear this wording: "Save that shovelful of coal a day for Uncle Sam." On the reverse are these hints on saving coal:

- "1. Cover furnaces and pipes with asbestos, or other insulation, also weather strip your windows, or stuff cracks with cotton.
- "2. Keep your rooms at 68 degrees (the best heat for health.)
- "3. Heat only the rooms you use all the time.
- "4. Test your ashes by sifting. If you find much good coal, there is something wrong with your heater. See a furnace expert.
- "5. Write to the maker of your furnace or stove for practical directions for running economically.
- "6. Save gas and electric light as much as possible—this will save coal for the nation."

The Fuel Administrator points out that this tag day is different from all other tag days. Instead of asking for cash contributions, the school children will demand that householders save money—save money for food, for war savings stamps, for liberty bonds, and at the same time add to the Government's coal pile.

A million car loads of coal more than ever was taken out of the ground in this country in a single year and have been mined and delivered in 1917. Another million car loads were needed, but no human power could make so sudden an increase in production where the bare physical requirements were on so vast a scale. But the necessities of the war cannot wait and the American people must face a typical American problem, meeting and satisfying an unheard of increase in demand for coal with inadequate facilities for creating increased supply.

The school children will not neglect any coal shovels, no matter how humble or how exalted they may be. President Wilson's shovel at the White House will be tagged, as well as the shovels of Governor Stephens, mayors, millionaires and wage-workers of California and the nation.

In the minds of the Fuel Administration officials and the boys and girls of the Schools Tag-Your-Shovel Day will be a serious occasion. Its main purpose is to help supply the machine power to help the man power win the war.

SONGS OF THE SAMMIES

By J. W. PEGLER
(United Press Staff Correspondent)
WITH THE AMERICAN EXPEDITIONARY ARMY, FRANCE, Dec. 8. (By Mail)—"Gee, I hate to go up there on a wiring job and get killed with a month's pay coming to me."

When a young Sammy named Meadows laughingly made this remark in a dug-out in the second lines the rest of the fellows laughed.

"I'll spend it for you," said one of his friends, "and think of you as I hand out each five-franc note."

Meadows finished his chow and went out through the tunnel. He shouldered a bolt of wire and disappeared toward the front lines with a wiring party.

It was pitch dark. The rest of the fellows who were in that dug-out that evening recall now that Meadows' laugh wasn't altogether mirthful.

Maybe he had a premonition and was trying to kid himself out of it. Shrapnel killed him half an hour later as he was stringing the wires.

NO DISCRIMINATION

"I'm afraid father-in-law doesn't care much about me," said the young man. "He finds fault with most everything I do."

"Nonsense!" replied his wife. "You don't know his ways. He is treating you just like one of the family."—Exchange.

NOW FOR A KAISER-LESS DAY

My Tuesdays are meatless,
My Wednesdays wheatless,
I'm getting more eatless each day.
My house it is heatless,
My bed it is sheetless—
They have gone to the Y. M. C. A.
The barrooms are treatless,
My coffee is sweetless,
Each day I get poorer and wiser;
My stockings are feetless,
My trousers are seatless—
Je-roosh, how I hate the d—m Kaiser.
—Ex.

HIGH HEELS DOOMED DURING WAR

By GEORGE MARTIN
WASHINGTON, January 9.—High heels must go! High shoes also! They are going by government edict in France. They will go by government request in the United States. They have gone in England by common consent.

Thus will women be brought down to man's level in the war to make the world safe for democracy. By demanding low shoes with low heels from their dealers, they will get them. Maryland women do.

And the idea of it all is to save leather for the lads who are larruping the Hun.

There will be less leather in shoes generally, too. That goes for England, France, Italy and the United States. England has a drastic law regulating the height of footwear. The Commercial Economics Board of the Council of National Defense is trying to eliminate high shoes in America, particularly milady's high-laced boots.

On this subject an editorial translated from Le Matin, Paris, by the Women's Foreign News Bureau of the Council exclaims at the disproportion between the height of boots for French women, and the scarcity of leather for military purposes.

The writer complains even more sharply, however, of the height of the heels, declaring that this is no time to deliberately under-mine health and usefulness by such a fashion. If, he says, it were a fashion to carry the nose several inches further forward, he would have nothing to say, though it would be as unlovely to look at, were it raised to this unnatural angle. But seven out of ten feet subjected to high heels are tortured by being thrown out of balance, the toes are turned, the heels are treacherously thrown out of line, and soon worn over. And when one thinks that two centimeters less of heeling would end all this, and restore normality, one is obliged to reflect "like feet, like head."

A few days after the editorial appeared, the writer admitted that he had received many letters from women saying that they would gladly wear better shoes, but they must buy whatever there are in the stores, and that those who make the styles should be scolded, not they. Supply is regulated by demand, and demand is largely guided by education. Manufacturers will co-operate with women who demonstrate patriotism by continually asking for conservative styles which save leather for military uses.

AUTOMOBILE THEFTS

With the closing of the records for 1917 in the automobile theft situation, it is shown by figures compiled yesterday at the local headquarters of the Automobile Club of Southern California, that 225 more machines were stolen last year than during 1916, and that the total value of cars taken reached the staggering sum of approximately \$1,109,900.00.

Of the 1587 automobiles stolen in Southern California during the past twelve months, 1320 were recovered and returned to their owners through the efforts of the Theft Bureau of the Automobile Club, the police and the Sheriff's Office. Thus more than \$924,000 was saved to motorists.

But with the commendable increase in the efficiency of the thief-catching authorities, there has been an increase, not so commendable, in the carelessness of the car owners themselves, it is reported. This has accounted for fifty per cent in the growth of the thefts, and the other fifty per cent has been accounted for in the development of this part of America as a mecca de luxe for the cleverest of thieves in this line.

There were thirty-four arrests during 1917 of persons alleged to be concerned in the stealing of cars. Of these, seven are serving terms of from one to ten years in the penitentiary and seven were granted probation. Four youths are in lone for periods of years. Only one jail sentence of thirty days was given, indicating very strongly that less leniency is being shown automobile thieves than in the past.

Four cases were dismissed because the owners refused to prosecute; seven are now awaiting trial in the Superior Court and one in the Juvenile Court. There has been one case appearing for defrauding garage owner. There has been one instance of probation being violated.

At the present time there are 267 cars outstanding or unrecovered, which have been stolen during the year. The number of cars unrecovered at the end of last year was 294.

First Lady (reading a newspaper)—This golf seems to be a very dangerous game. Did you see what happened to a man named Taylor? He went into a bunker and was in two when he came out.

Second Lady—How dreadful!
"Yes, here are the words. 'Taylor getting out in two; Braid secured a half.'"
"Does it say what happened to the other half?"
"No, but there was worse to follow. According to the report, Taylor then fell completely to pieces."—Ex.

ATWATER TRACT NEWS

Mrs. Mary Parkinson, a former resident of Atwater avenue, but now of Hollywood, was visiting friends and neighbors on Tuesday.

Harry L. Foster is in Phoenix, Arizona, where he has a fine position. Mr. Foster was a former resident of Atwater Tract.

Mrs. Henry Grauel entertained the following people at dinner on Friday: Rev. and Mrs. Bud Robinson and J. H. Metcalf of Pasadena, Mrs. Sallie McCormell of Greenville, Tex., Mr. and Mrs. R. J. Wall and Mrs. Zeigler of Los Angeles, Mr. and Mrs. W. S. Grauel and Miss Virginia Miller of Meadville, Pa., Mrs. M. M. Schout and Miss Adda Burch of Perleta avenue.

Mr. and Mrs. F. P. Miller returned on Wednesday from San Francisco and are the guests of Mrs. Schout.

Miss Adda Burch was the guest of Mrs. Wood of Los Angeles on Sunday.

Block No. 1 Bible Study class meets on Monday evening at Mr. West's, 615 Gardena avenue.

TO BIBLE STUDENTS

The following is worthy of preservation in your reference books:

In the Bible the word "Lord" is found 1853 times.

The word "Jehovah" 4855 times. The word "Reverend" but once and that is the 9th verse of the 111th Psalm.

The 8th verse of the 117th Psalm is the middle verse of the Bible.

The 9th verse of the 8th chapter of Esther is the longest verse.

The 35th verse of the 11th chapter of St. John is the shortest verse.

In the 106th Psalm four verses are alike, the 8th, 15th, 21st, and 31st.

Each verse of the 136th Psalm reads alike.

No names or words with more than six syllables are found in the Bible.

The 37th chapter of Isaiah and the 19th chapter of Second Kings are alike.

The word "girls" occurs but once in the Bible, the 3d verse, 3d chapter of Joel.

In both books of the Bible there are 3,586,843 letters, 773,693 words, 31,373 verses, 1130 chapters and 66 books.

The 26th chapter of the Acts of the Apostles is the finest to read.

The most beautiful chapter in the Bible is the 23d Psalm.

The four most inspiring promises are: John, 16th chapter, 2d verse; John, 6th chapter, 37th verse; St. Matthew, 11th chapter, 28th verse; 37th Psalm, 4th verse.

The first verse of the 60th chapter of Isaiah is one for the new convert.

All should read the 6th chapter of Matthew.

All humanity should learn the 6th chapter of St. Luke from the 20th verse to the end of the chapter.

WHY HIS SALARY WAS NOT RAISED

He came into the store like a snail. He left the store like a greyhound. He never offered to work overtime.

He always ate when he was hungry. He always rested when he was tired.

He telephoned to his friends during business hours.

He always kept his pockets filled with good cigars at the expense of the firm.

He didn't know whether he was saving money for the firm or not.

He didn't dress neatly, and yet he was always afraid of soiling his clothes.

He did not try to read up on subjects connected with his business.

He never gave his employer any excuse to raise his salary, because he objected to earning more than he was paid.—Selected.

CHILD WAR VICTIMS RECEIVE AID

Nearly twenty-five thousand children in France are receiving aid from the American Red Cross at the present time, according to recent cable advice from Paris. Seven hundred children are receiving complete medical care at the hands of American Red Cross doctors, and 3,060 are being treated at the medical dispensaries of the American relief society. In addition, there are 20,300 orphans and other children in France who are being aided by the Red Cross, directly or indirectly.

WITH THE SEA FLAVOR

The American Red Cross is also aiding 6,000 Belgian children, of whom it has 1,000 in complete charge. Hospitals and other shelters for orphans and children from the ruined areas are maintained as an important activity of the American Red Cross abroad. Children who have long gone unwashed, many of them infected and seriously ill, receive tender and intelligent care. Not only as a work of mercy, but because it helps insure the welfare of the coming generation, this child welfare work of the American Red Cross is regarded as of immense value.

TROPICO TRUSTEES

HOLD WHAT WILL DOUBTLESS BE THEIR LAST REGULAR MEETING

The Tropico Board of Trustees met Tuesday evening for what was in all probability their last regular meeting. Present were Frank E. Peters, president of the Board, and Trustees F. A. Alspach, Charles H. Henry, W. C. Seal and Stephen Veselich. Also present were S. E. Brown, City Treasurer, Arthur J. Van Wie, City Clerk, Hartley Shaw, City Attorney, E. C. Fairfield, Building Inspector, J. S. Ripley, Street Superintendent, E. C. Fairfield, Fire Chief, Dr. William C. Mabry, Health Officer, and Marshal William Gould.

The only communication submitted by the City Clerk was from the Southern California Edison Company enclosing a statement of additions and betterments which bring the total value of the lighting system to \$40,486.83.

Sam Rich appeared in person and asked for a permit to make additions to a dwelling at 512 Dunbarton street. The request was granted subject to the approval of the Building Inspector.

Reports

The report of City Treasurer Brown for the month of December was then read by the City Clerk as follows:

Balance in General Fund	December 1st	\$ 2967.17
Receipts during the month		1616.03
Total		\$4583.20
Disbursements		1154.45

Balance		\$ 3428.75
Library Fund		
Balance Dec. 1, 1917		\$ 291.42
Receipts during month		137.36

Total		\$ 428.78
Expenditures		91.42
Balance		\$ 337.36

Bond Fund		
Balance on hand Dec. 1		\$ 538.53
Receipts during month		201.01

Total		\$ 740.54
Disbursements, none.		
Brand Boulevard Imp. Fund		
Balance, Dec. 1		\$ 128.00
No receipts or disbursements.		

The report of the City Clerk showed: Balance on hand Dec. 1, 1917 \$ 2838.03 Receipts during the month 1724.27

Total		\$ 4562.30
Disbursements		954.48
Balance		\$3607.82

The report of Building Inspector Fairfield showed fees from permits issued for buildings, electric wiring and cess pools, \$8.50.

Report of City Marshal on license fees collected, \$8.00.

On motion of Trustee Henry the reports were ordered placed on file.

Marshal Gould presented a request from Charles Klamm residing at Central avenue and Gardena for permit to remove a pepper tree from parkway. The permit was granted.

Municipal Play Ground

At the suggestion of Dr. William C. Mabry the Board voted to appropriate \$50, for the maintenance of the Municipal Play Ground, the motion being made by Trustee Seal and seconded by Trustee Veselich.

Demands

The following demands were then approved and ordered paid:		
Title Guar. & Trust. Co., for water		\$ 78.60
Baker Hardware, (Fire Dept.)		1.10
W. E. Roake, (for Fire Dept.)		2.20
Jennings (Police Dept.)		1.75
Andrew Baker (Street labor)		3.75
Laundry (Fire Dept.)		.40
Newton Electric Co. (light globes)		20.46
Same,		4.13
Pacific Garage (Police Dept.)		6.50
S. E. Brown		5.37
Puente Oil Co. (Fire Dept.)		1.40
E. C. Fairfield (Police Dept.)		6.00
A. J. Van Wie (expense)		2.25
The Board then adjourned.		

SCHOOL CHILDREN TO TAG COAL SHOVELS JANUARY 30

The Fuel Administration expects school children throughout the country to do the tagging work on "Tag-Your-Shovel-Day" which has been set for January 30, planning to make it a school holiday.

In this extra effort to save coal for war purposes, the Fuel Administration will try to get a tag on every coal shovel in the country. On the face of each tag are the words: "Save that shovelful of coal a day for Uncle Sam." On the reverse side are hints for saving coal.

BACK TO THE SIMPLE LIFE

**Glendale Sanitarium
Glendale, California**

The patient is taught that health, like disease, comes gradually by a process of growth and change. He comes to understand that good health can be attained and retained by intensive cultivation; and that harmful habits of living, like noxious weeds, can be rooted out.

Write for Descriptive Booklet

FACTS NOT COMMONLY KNOWN

An embargo has been placed on the exportation of butter, except to nations associated with the United States in war.

Christmas gifts for the expeditionary forces aggregated 650 tons. Hundreds of thousands of pounds of turkeys, purchased in eastern markets and refrigerated on the ships together with great quantities of cranberries, sweet potatoes, and mince-meat went to the forces overseas. In the United States every camp was supplied with fresh turkey and the usual Christmas accessories.

Upon the recommendation of General Pershing commissions have been issued to several American citizens who have seen service with the Lafayette Escadrille of the French Army.

Christmas mail this year was 25 per cent heavier than ever before, according to the Post Office Department. The congestion was less, however, because the packages were mailed earlier than in former years.

Vigorous campaigns are on in several States to increase the use of wood for fuel in place of coal. In Virginia convict labor is employed to provide wood for fuel.

All wooden Christmas boxes for soldiers of the expeditionary forces received too late for shipment will be returned to the senders if return postage is mailed to the superintendent, Railway Mail Service, New York, N. Y.

The Department of Agriculture is urging poultry raising to increase the food supply. A bulletin "Back-Yard Poultry Keeping" has been issued, and may be secured without cost by application to the division of publications, Department of Agriculture.

The Federal Trade Commission has granted to three American firms licenses to manufacture and sell two drugs, which heretofore have been controlled by enemy aliens under American patents.

The military-service flag of the Lighthouse Service, Department of Commerce, contains 1,206 stars, one for each officer and employee of the Lighthouse Service now serving in the military forces of the United States.

PICKED MATERIAL USED IN AIR-PLANE CONSTRUCTION

No part of an airplane is subject to greater strain than the landing gear when the machine is brought to earth. Because of this each piece of the wooden material is made from carefully selected spruce, reinforced by binding. The metal joints are further strengthened by the rubber windings which also increase resiliency. All parts are cut to air-stream shape to decrease resistance.

In the construction of one airplane of the more simple type 244 feet of spruce, 58 feet of pine, 31 feet of ash, and 1 1/2 feet of hickory are used. The list of material, exclusive of the engine, also includes 3,262 feet of wire, 798 forgings, 921 steel stampings, 57 square feet of veneer, 11 gallons of varnish, 59 gallons of "dope," 201 square yards of linen, 34 feet of rubber, and 65 pounds of aluminum. Over 4,000 nails are used, 3,377 screws, and 276 turnbuckles.

**Just as a
Mighty Oak**

Can grow from a small acorn,—so can a fortune grow from a small bank account.

Both when well started have a steady growth. You can start your account this month. Even though it be a small one at first, if you will steadily add to it in a few years you will have a capital worth working for.

If you live in Glendale, make up your mind to start an account in this Glendale Bank and watch your money grow with the bank and the town.
