ANTVERPIENSIS
PICTORIS ET A CVBICVLIS
SER.^{MIS} PRINCIPIBVS
LEOPOLDO GVIL. ARCHIDVCI
&
IOANNI AVSTRIACO
THEATRVM PICTORIVM,
In quo exhibentur ipsius manu delineatæ , ejusque curâ in æs incisæ
Picturæ , Archetipæ Italicæ , quas ipse Ser.^{mus} Archidux
in Pinacothecam suam Bruxellis collegit.
E IDEM SER.^{MO} PRINCIPI
LEOPOLDO GVIL. ARCHIDVCI. &c
AB AVCTORE DEDICATVM.

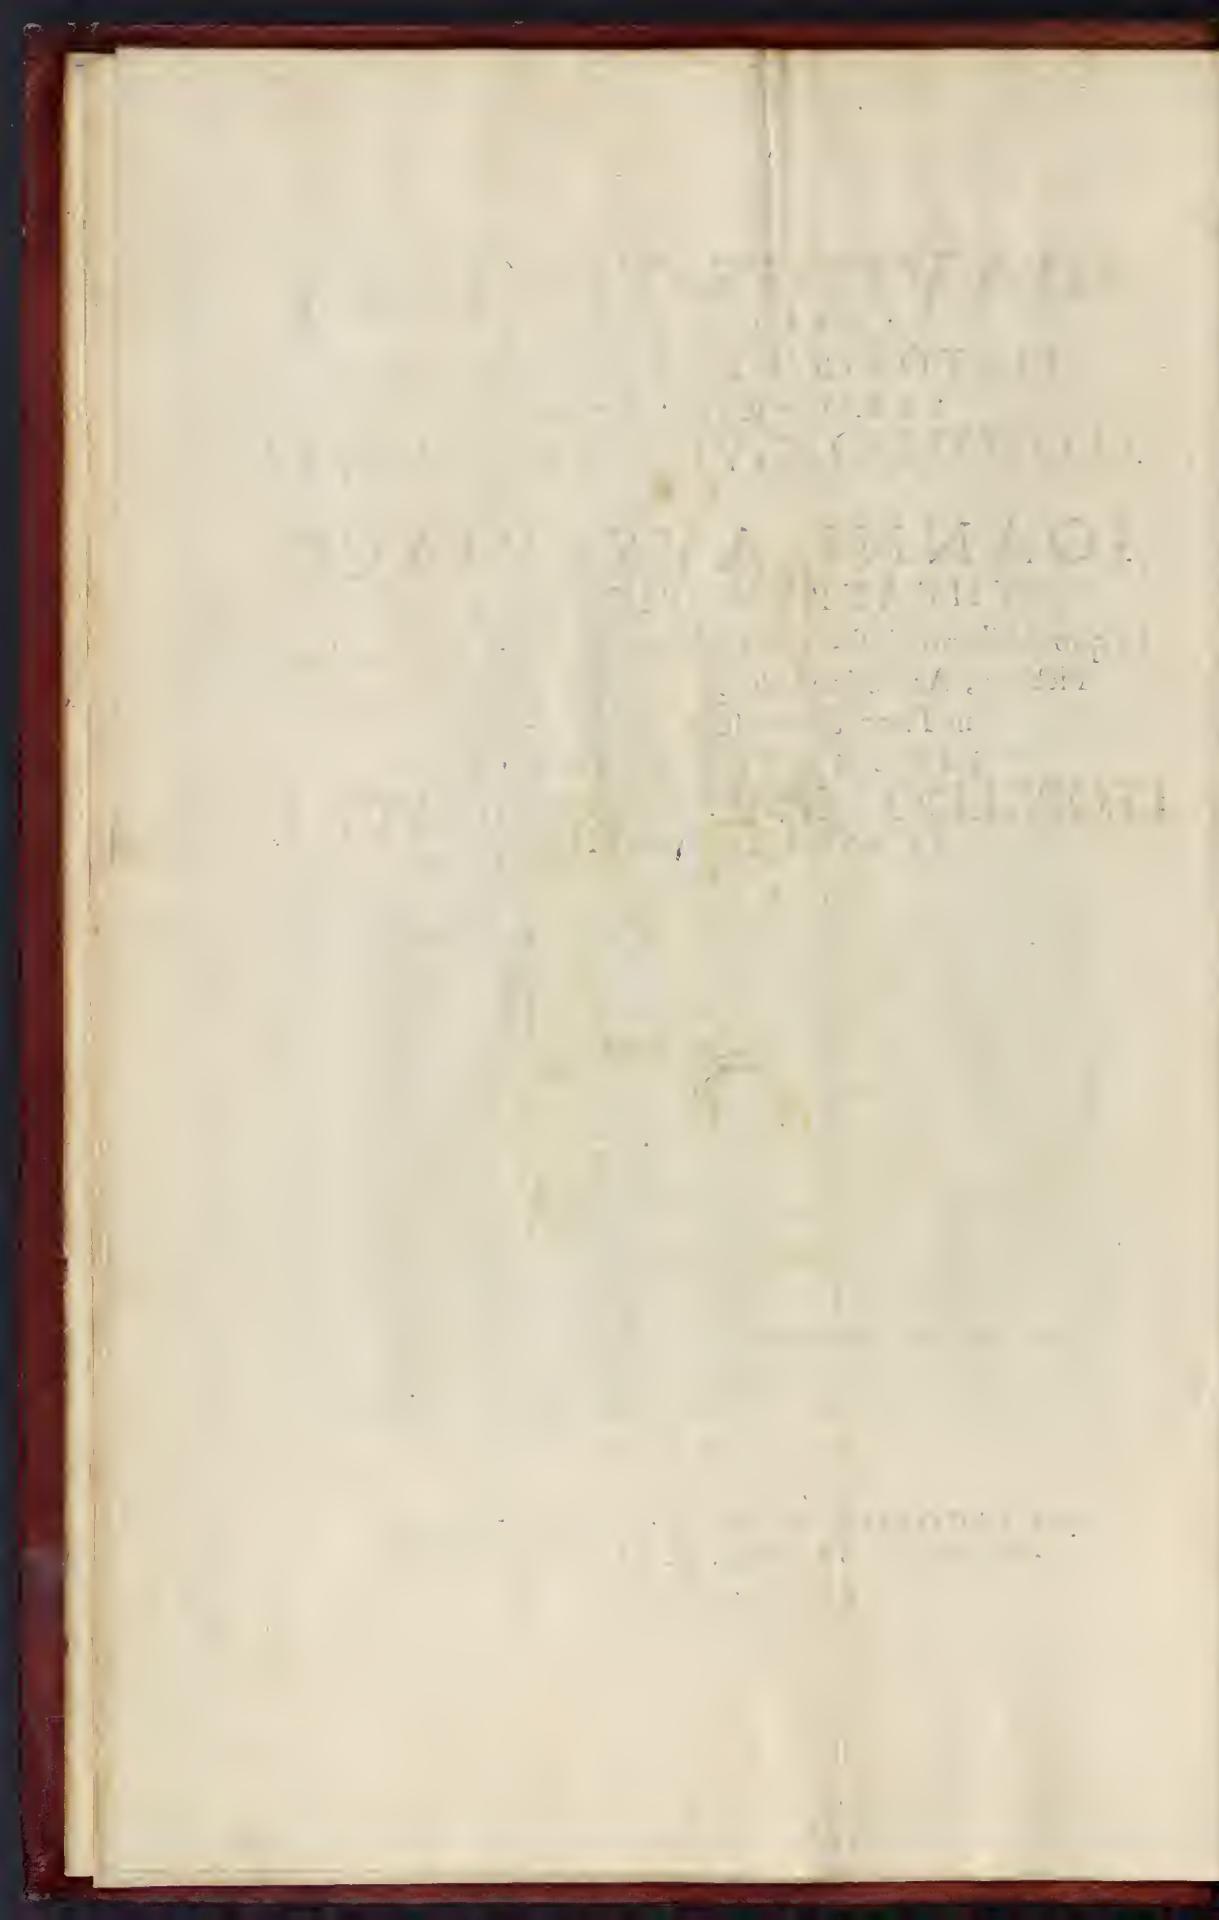

ANTVERPIÆ.

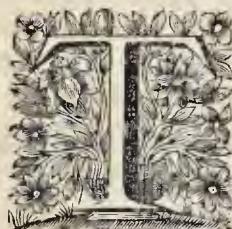

Venales extant

Apud IACOBUM PEETERS, in foro Calceorum
sub signo Montis Agnorum. M. DC. LXXXIV.

Cum Privilegio Regio.

SPECTATORI SALVTEM.

Abulæ Archetypæ , quarum imitationes
hic vides , non ejusdem formæ aut magni-
tudinis omnes sunt ; omnes tamen revoca-
ri oportuit ad eandem , ut majori con-
cinnitate se tibi sisterent in hoc libro ;
Qualis & quanta sit unaquæque Tabula
Archetypa , si quem scire juvet , palmos unicuique ad-
scriptos , & palmi hic in margine appositam magnitudi-
nem metiatur . Si quem verò delectet videre numerum
Tabularum totiusque Pinacothecæ Serenissimæ suæ Cel-
litudinis , uti jam Viennæ ercta est , constitutionem , se-
quentes paginas revolat , in quibus reperiet quanti operis
fuerit repræsentare omnia ; Immensi utique laboris , &
temporis consideratio ; in jam utcumque etiam proiecta
extate & (quæ causa omnium maxima) Clementissimi
Domini & Mœcenatis mei in Germaniam discessus opus
abruptit : ut verò simul Italicæ omnes Tabulæ hoc in The-
atro repræsententur , libuit & sequentem addere Schenam ,
quæ & multas etiam comprehendet , quæ antehac Viennæ
collectæ fuerant , nec ad meam notitiam nisi per literas
singularis amici devenerant . Earum literarum de hoc ar-
gumento agentium partis exemplum hisce subjungo stu-
diose Lectori considerandum : ibi Statuarum , Tabula-
rum , & quæ ejusmodi , ipsorumque Artificum nomina &
numerus indicantur . Vale , & fruere labore meô quando
& ego velim favore tuô .

D. T.

A 2

Exem-

Exemplum partis Literarum de quo supra.

D Pinacothecam autem quod attinet , illius copiam ac diversitatem idoneè satis explicare per difficile; proinde suffecerit breviter tantum loci, seu Porticum faciem, Tabularumque dispositionem repræsentare. Ingredienti locum ipsum tres secundum oblongæ Porticus seu Pergulæ offerunt , in quarum cœco seu non fenestrato latere visuntur dispositæ Tabulæ seu Picturæ, in opposito autem eoque fenestris instrueto, Statuae Basibus altioribus impositæ cum Ornamentis suis, grandiores pleræquè & prisci operis, pone quas appensa parietibus sub fenestris juxtaque pictæ Tabulæ. Porrò inter alias multas ante-hâc tibi non conspectas senæ certununt hîc Senioris Brugelij manu deformatæ totidem Mensium varietatis mirâ colorum vivacitate ac proportione, eâque penicilli licentiâ, artificio, industriâ accuratissimè elaborata, adeo sanè ad vivum representantes ut spectantium oculos fallere queant , res ipsas , non figuræ earum apparere arbitrantium. Has aliæ subsequuntur cuiusque generis & argumenti. Numerum omnium & Auctorum nomina Syllabus litteris hisce meis adjunctus indicabit. Subsequuntur Hortensium (ut ita loquar) retum simulacra, Floræ hortorumque divitias quascumque & delicias repræsentantia. Inde tum ad interiores & speciosiores Officinas pergitur , cariores ac rariores omne genus Tabulas exhibentes, iucundissimo simul ac deliciosissimo oculorum & animi peritorum pabulo; ut mensium, nedum hebdomadum

madum morâ opus habeant universa singulaque pro dignitate atque ad satiem intueri, considerare, cupidi. Duæ alia Pergulæ hinc digredientes excipiunt: minor una, & Conclave quoddam potius quam Porticus dicenda, quæ varias tam Italicas quam Belgicas celebriorum Pictorum Delineationes Autographas pennâ factas ordinatè ornatae dispositas representat: major altera, maiores etiam Tabulas pro loci proportione exhibens. Succedit spatiofior non jam Porticus aut vestibulum aliquod, sed ipsa Minervæ doctioris Atrium vel Aula; pedum non minus centum & viginti longitudine, latitudine triginta; Hic videtas ampliores quascumque Tabulas artificiosè Belgarum plerorumque manu depictas, qui nupero, aut hoc ipso saeculo floruerunt: Quintini puta, Ioannis Massisij, Ioannis Malbodij, Francisci Flori, P. P. Rubenij, Antonij van Dijck, & aliorum insuper plurimorum, quos longum nimis hic recensere. Ac ne diutius in hoc Atrio (strictim enim tantummodo ac veluti percurrente hæc ipsa refero tibi) subsistamus, Bibliothecam huic Atrio contiguam, cum eaque, angulum facientem ingrediamur: Nec in ea tabernaculum (quod minimè mihi promptum aut propositum, fixuri.) Recens illa quidem & adhuc in cunis, memorabilem tamen Librorum penum: ut etiam nimio & ad usque tandem prolixorem fore me verear, si vel eorum dumtaxat Librorum qui Artis nostræ rem aut rationem tractant, numerum, nomina, inscriptiones, argumenta commemorare instituam. Ibi plurimorum Declinationes, eorum qui æreis ligneisve sculpendis laminis excelluere quævis artificiatur illorum quoque qui miniatura (ut vulgo dicimus) seu aqueis coloribus pingendo nomen obtinuere, diversa opera. Claudit agmen spatiofissima omnium Italica Offi-

cina, jam-jam à te (ut intelligo) omnibus aperienda, tuoque
Pictorio in Theatro studiosis Spectatoribus particulariter
repræsentanda. Hic subsisto & taceo, avidissimeque ejus
à te vivam jucundissimamque repræsentationem expecto,
præsentes has adjungens Imagines meliori quâ potuere ma-
nu hîc delineatas & in æs incisas, quarum unadispositionem
Porticum exteriorum cum Statuis repræsentat; addi po-
tuissent plures, si id temporis brevitas permisisset, colligere
hinc melius quam ex meis literis poteris quales Tabulæ an-
tiquis Italicis accreverint. Vale.
