MILLERAND NEW PRESIDENT OF FRANCE

Miners Reject Plan of Leader to Submit Arbitration Ballot

Motion of Robert Smillie to Take Second Vote Defeated By Representatives of Miners' Federation; Premier Suggests Impartial Tribunal.

London, Sept. 23.—The representatives of the Miners' Federation, meeting separately this afternoon, rejected a motion by Robert Smillie, their leader, to take a second ballot on the question of striking and submitting the miners' demand for a two-shilling increase in wages to arbitration.

Triple Alliance

London, Sept. 23.—Decision regarding a nation-wide strike of miners and the according of support to the movement by important labor organizations was expected when the executive committees of the Miners' Federation, the National Union of Railwaymen and the Transport Workers' Union met here to-day. The representatives of these unions—the "Triple Alliance" of labor—considered the reply of Premier Lloyd George to the miners' demand for an impartial tribunal for decision, and that the miners work out with the mine-owners a system by which they might augment their wages by increasing production.

Mr. Lloyd George proposed that the matter of wages be submitted to an impartial tribunal for decision, and that the miners work out with the mine-owners a system by which they might augment their wages by increasing production. Statements made by union leaders have indicated they have reached a conclusion that they are entitled to a wage advance, and that the railwaymen and transport workers will heartily support a strike.

TORONTO CONGRESS RUSHING BUSINESS

Controversial Motion by Sheffield Delegate Modified Before Passage

Toronto, Sept. 23.—In an effort to complete the business of the ninth Congress of Chambers of Commerce of the British Empire here yesterday, sixteen resolutions were discussed and carried, but it was found that another session would be necessary. The resolutions dealt with were carried in subject, and embraced matters of importance to the nation's affairs relating to the organization of the Congress and matters of a secondary nature. The most controversial subject that has yet come before the Congress was a proposal by J. A. Hobson, of Sheffield, Eng., that all business arising out of the proposed federation of the various parts of the Empire should be controlled by the British Imperial Council of Commerce.

There was strong opposition to the motion, and finally a modified form of Mr. Hobson's resolution was carried. A number of delegates took the ground that the effect of such a resolution was that it would be to create a bureaucracy in London, and in the modification of the original resolution, this feature was removed. The Congress approved of all the Chambers of Commerce and Boards of Trade throughout the Empire becoming affiliated with the British Imperial Council of Commerce.

Former Canadian Officer Arrested For Embezzlement

Seattle, Sept. 23.—Captain Charles A. Morgan, twenty-seven years old, a former officer in the Canadian and American armies, was brought to Seattle last night in the custody of two Federal deputy marshals on his way back to Washington to answer charges of desertion, embezzlement and obtaining money under false pretenses. He was arrested in Fairbanks, Alaska. Morgan's war record is said to be of the best. He enlisted with the Canadian forces in 1915, and was invalided home where he got his discharge. When the United States entered the war, he was appointed to the first training camp and later overseas as a captain in a machine-gun battalion.

LABOR PARTY TO CONTEST WINNIPEG CIVIC ELECTIONS

Winnipeg, Sept. 23.—Intent on making a fight for the mayoralty and all the aldermanic and school trustee seats, the Dominion Labor Party took the first step in its civic election campaign last night when it instructed the executive to call a convention of the membership for the purpose of nominating candidates.

STRIKERS AT TURIN REJECT AGREEMENT

Pact Between Employers' and Workers' Repudiated, Says Rome Dispatch

Occupation of Plants Will Be Continued; Bomb Explosion at Milan

London, Sept. 23.—A referendum among the strikers at Turin has resulted in the rejection of the agreement arrived at in Rome between the employers' representatives and the workers in the metal trades, says a Rome dispatch to the Exchange Telegraph to-day.

Occupation of the Dufour Automobile Works, the Ansaldo Aviation Works and the factories chiefly textile, will be continued, the dispatch says. Tuesday night royal guards were fired on, one being killed and several wounded. Three armed Red guards were arrested. At Milan a bomb was exploded on the threshold of the residence of a manufacturer, who was leader of the opposition to the workers' claims. Employers Depressed.

DYNAMITE PACKAGE FOUND IN BROOKLYN

Patrolman Reported to Have Located Bomb With Fuse Attached

New York, Sept. 23.—While investigators were still seeking to solve the mystery of the Wall Street explosion a week ago, police headquarters announced a package containing a stick of dynamite had been found to-day on the platform of the Reed Avenue Elevated Station in Brooklyn.

The Bureau of Combustibles at police headquarters assumed that the dynamite package was a bomb with fuse attached and burning when a patrolman found it and "put it out." At the same time an announcement came from police headquarters that a tag found in Wall Street near where the horse and death car had been identified as one issued by the Health Department in 1918 to the Reid Ice Cream Company of Brooklyn, certifying that the horse was not afflicted with glanders. Detectives left immediately to question company officials as to whether the horse had been sold within the last two years.

Recall of warning in anonymous letter that the Grand Central Terminal would be blown up at two o'clock this afternoon was followed by extraordinary action to protect the terminal. Extra guards also were thrown around the Pennsylvania station and Manhattan's two main post-offices.

Coleman Wanted in Montreal as Material Witness

Montreal, Sept. 23.—The local police to-day admitted that Allan A. Coleman, alias Durand, who was yesterday sentenced in Victoria, B.C., to two years imprisonment for passing worthless checks, is wanted in Montreal as a material witness in the case of Constable Thomas Chicoine, murdered on June 13 last.

TONNAGE SURRENDERED BY TEUTONS TO ALLIES

Paris, Sept. 23.—Germany had surrendered 1,944,565 gross tonnage of steamers and sailing vessels by September 16, according to the Reparations Commission. She has thus delivered virtually all the tonnage unquestionably due under the Treaty except some vessels under construction or repair and the vessels in the Schlawitz district, held pending the plebiscite decision.

Fighting Near Grodno Halts Riga Conference

Riga, Sept. 23.—(Associated Press).—The next meeting of the Peace Conference will probably be Friday. The two delegations did not communicate to-day. Reports showing heavy fighting near Grodno apparently are responsible in part for the delay in negotiations. The wisdom of having the Conference in a neutral state has been demonstrated by the good feeling between the delegations, which the Lettish officials are prompting through their efforts as intermediaries. But the gulf is so wide between the Polish and Bolsheviki positions that the indications are the Conference will be long, if it is not disrupted by the aggravated military situation and the extreme militarists at Moscow and Warsaw, who at present, however, do not dominate the delegations, both of which undoubtedly desire peace.

TORONTO ORANGEMEN PROTEST HOLDING OF SINN FEIN MEETING

Toronto, Sept. 23.—Prominent local Orangemen strongly protested last night at a meeting in this city against the Irish Self-Determination League being permitted to hold a meeting in Toronto shortly, as proposed, and requested the police commissioners to prohibit the meeting. It was declared that the object of the proposed meeting was to "promulgate the nefarious doctrines of Sinn Fein in Canada." Among the speakers were H. C. Hocken, M.P., and Hon. W. D. McPherson, ex-M.P.P., former provincial secretary for Ontario.

Negotiate Agreement With Ex-Service Men on Dock Employment

An agreement regarding the employment of returned soldiers and British subjects in the construction of the new Esquimaux drydock is being negotiated at present between the Federal Department of Labor and the returned soldier organizations of the city. Senator Gideon Robertson, Federal Minister of Labor, yesterday morning met representatives of the ex-service men on this matter and plans to conclude a satisfactory arrangement on the drydock question during a second conference to-day.

Forty Hours Time for Long Flight

Route of Continental Air Marathon is Announced By Air Board

Ottawa, Sept. 23.—(Canadian Press).—A complete list of the emergency stopping places for the proposed trans-Canada flight, which incidentally discloses the actual route to be taken, was announced by the Canadian Air Board officials to-day. Altogether the flight will cover 3,297 miles, and if started next Monday as anticipated, will be completed in about forty hours. The route is by way of Halifax, Fredericton, Fraserburg, Quebec, Montreal, North Bay, Sault Ste. Marie, Port Arthur, Kenora, Victoria Beach, Selkirk, Winnipeg, Portage la Prairie, Brandon, Virgins, Grenfell, Regina, Moose Jaw, Swift Current, Medicine Hat, Bassano, Calgary, Melfrey, Golden, Revelstoke, Vernon, Merritt, Agassiz and Vancouver.

Proceeds to Station. Winnipeg, Sept. 23.—Captain G. A. Thompson, local airman, who will pilot a plane in the trans-Canada flight between Calgary and Vancouver, left to-day for Morley, Alta., the Canada Air Board station. Captain G. B. Home-Hay, who is to pilot a plane from Winnipeg to the station, arrived here yesterday. Captain Pitt, Vancouver, who will fly from Moose Jaw to Calgary, is expected in the city Sunday to confer with Captain Home-Hay.

Vatican Organ Says Socialists Plan to Invade Churches

Rome, Sept. 23.—The Observatore Romano, the Vatican organ, says that Monday night Socialists attempted to invade a church in a popular quarter but did not succeed. It breaks through the door. They postponed the undertaking to a later date, when, the paper asserts, they will attempt to occupy the Lateran Palace, which was once the residence of the Pope. The newspaper also asserts that Socialists are threatening to invade the Catholic Club and two nunneries.

CABINET WILL HEAR APPEAL ON RATES

Manitoba and Saskatchewan Have Filed Formal Petitions

Ottawa, Sept. 23.—A thorough discussion of the railway situation may be expected when the appeal is heard before the Cabinet on Wednesday, September 29, against the ruling of the Railway Commission increasing freight and passenger rates. The Provinces of Manitoba and Saskatchewan have filed formal petitions of appeal and from various authorities and organizations throughout the country have come intimations that they wish to be heard. The grounds of appeal filed by the Government of Manitoba are typical. Manitoba claims that the application for an increase in rates was made to the Railway Board by the Railway Association on behalf of the railway formation before the Commission was held, and that the order was wrongly issued and ineffective in that the Railway Act provides for applications by incorporated railway companies and not by any association. Manitoba claims further that the order creates unjust and unreasonable rates. Manitoba also argues that Western freight rates were higher than Eastern and that before any advance should be made in Western rates the Eastern rates must first be advanced to a parity with Western rates.

BANK CLEARINGS

Vancouver, Sept. 23.—Bank clearings for the week are announced as follows: Vancouver, \$15,684,000; New Westminster, \$697,870.

JAPANESE DIVISION IS WITHDRAWN FROM KHABAROVSK REGION

Washington, Sept. 23.—Withdrawal of the Japanese Fourteenth Division from the vicinity of Khabarovsk, north of Vladivostok, has been announced by the Japanese General Staff, the State Department was informed to-day by the American Embassy at Tokyo. The Embassy's dispatch also said that the brigade of the Eleventh Division, which has been stationed at Vladivostok, would be reinforced south by the remaining troops of that division.

VARIOUS LINES OF MERCHANDISE TAKE TUMBLE IN CHICAGO

Chicago, Sept. 23.—Price reductions from ten to twenty per cent in several lines of merchandise were announced here to-day by Sears, Roebuck & Company and Montgomery, Ward & Company, two large mail order houses. Cotton staples, such as muslins, cambrics, sheetings and poplins, led the list in amount of reductions. Cuts also were made in men's and women's ready-to-wear clothing and shoes. Food prices, as a whole, were not affected, although sugar was quoted at \$17.95 a hundred pounds and the representative of one company predicted it would drop from \$12.50 to \$19 after the coming season. One of the companies reported a heavy sale of sewing machines, which, it was said, indicated more women were making the family clothing.

MACKENZIE KING TO LEARN OF PIER PLANS

Liberal Leader Is To Be Familiarized With Local Problems

So that he will be properly informed about conditions here and be in a position to handle them sympathetically when they come up in the House, the Hon. William Lyon Mackenzie King, leader of the Canadian Liberal party, will be shown the outer docks, now the property of the Canadian National Railway, when he is here at the beginning of next week. Prominent citizens are to accompany him to the piers and explain all the proposals that have been made to make use of the \$5,000,000 investment. The drydock site at Esquimaux is also to be visited, and the whole scheme explained. This is being done so that Victoria may fear no unfounded or hostile criticism of these measures by the Liberal party when they come up at Ottawa.

WELCOME AT WHARF

When the Liberal leader arrives from Seattle about 9 o'clock next Sunday morning he will be met by all prominent Liberals of the city. Plans for an open-welcome Sunday morning at the wharf were made at a meeting of the Liberal executive under President W. M. Ivel, last night. The Liberal leader is to go to church at eleven o'clock, taking in the service conducted by one of the local ministers who was one of his chums in college. Deputations will meet Hon. Mr. King on Monday, according to arrangements.

PUBLIC RECEPTION MONDAY

To give everybody in Victoria a chance to personally meet the Liberal leader, arrangements were completed to-day for a public reception at the Empress Hotel from four o'clock Monday afternoon to six o'clock. This will be informal. The great meeting at the Arena will start at eight o'clock. The hall has been decorated and there will be a band. Old-time Liberals who apply now are to be honored with reserved seats. Special car service is to be put on by the B. C. Electric Railway. A corps of fifty ushers has been enlisted to guide people to their seats in the Arena, and prevent any confusion among the crowds.

GERMANY PAYING FOR OCCUPATION OF RHINE

Paris, Sept. 23.—Frederick Francois Marsal, Finance Minister, stated to-day that the expenses incurred through the Rhine occupation were estimated at the end of March to have reached eight-billion francs. The amount paid by Germany on account was 13,988,000,000 marks by the end of July.

RECORD FALL WHEAT CROP IN ONTARIO

Toronto, Sept. 23.—Probably the largest Fall wheat crop in the history of Ontario was reaped this year by the farmers of the Province. According to the statistics compiled by the Department of Agriculture, the yield of wheat averages 24 bushels to the acre, which on an acreage of 762,371, gives an approximate yield of 18,374,000 bushels.

Millerand Elected Eleventh President of French Republic

National Assembly Records Overwhelming Majority in Favor of Premier; One of the Foremost Figures in Political Life of France.

Versailles, Sept. 23.—(Associated Press).—Alexandre Millerand was to-day elected President of France by the National Assembly in session here. He succeeds Paul Deschanel, who resigned because of ill-health. M. Millerand received 686 votes out of a total of 892. The complete vote was: Alexandre Millerand, 695; Gustave Delory (Socialist Deputy from Lille, Department du Nord), 69; Scatterings, 20; Blank, 108.

Proclaimed in Senate

At 4:57 o'clock, M. Millerand was proclaimed by Leon Bourgeois, presiding officer of the Senate and chairman of the Assembly, as the eleventh President of France.

Alexandre Millerand has long been one of the foremost figures in the political life of France, his entry into Parliament dating back to 1885 and his Cabinet experience to 1899 when he became a member of the Waldeck-Rousseau Cabinet. His early affiliations were with the Radical Socialists and he always has been keenly interested in labor questions and has fathered numerous measures for the betterment of the working world, notably the old age pension act which became operative in 1905.

IMPERIAL LIMITED JUMPED THE RAILS

No One Hurt, However, in Train Accident at Alfred, Ontario

Ottawa, Sept. 23.—No one was injured when the baggage and express cars of the Imperial Limited train on the Canadian Pacific Railway west-bound from Montreal, left the rails shortly after midnight last night at Alfred, Ont. The passenger coaches stayed on the rails. An investigation by railway officials into the cause of the accident is proceeding to-day at Alfred, but it is stated that the passenger train collided head-on with a freight train which had overrun a siding into the main track. The train was proceeding slowly at the time.

ILFORD ELECTION KEENLY CONTESTED

Lloyd George and Bonar Law Urge Support of Coalition Candidate

Which, it is assumed, will be assumed office in the following month. Premier Lloyd George, as is customary on the accession of a new Chief Executive, has accepted the task of forming a new Cabinet in which he took the Premiership and Ministry of Foreign Affairs, succeeding Clemenceau. When Clemenceau resigned, he assumed office in the following month. Premier Lloyd George, as is customary on the accession of a new Chief Executive, has accepted the task of forming a new Cabinet in which he took the Premiership and Ministry of Foreign Affairs, succeeding Clemenceau.

UNITY IS STRENGTH OF BRITISH EMPIRE

Tendency Towards Voluntary Co-operation Should Be Encouraged, Says Lord Cave

Calgary, Sept. 23.—"No one wishes to impose further bonds on any part of the Empire," said Lord Cave, who will encourage that tendency towards voluntary co-operation which will make for the strength of the British Empire, which means in the highest sense the welfare of the world; any man who seeks to weaken the links of Empire is doing harm to the whole of civilization, the consequences of which no man can escape," said Right Hon. Viscount Cave at the dinner given here last evening in his honor by R. B. Bennett, K.C., and the members of the Bar Association of Alberta.

Splendid Attendance at Exhibition at Willows

All Victoria and district appeared at the Agricultural Fair at the Willows yesterday, the grounds, buildings and grand stand being densely crowded throughout the afternoon with an attendance which came close to marking a record. A notable feature of the attendance was the presence of the children, the special half-holiday granted by the School Board resulting in hundreds of families visiting the show. While in the earlier hours of the afternoon the race course was the premier attraction, the musical mounds the housed displays all became the centre of interest. Progress around the various halls was slow, and it was variously remarked that the exhibition is so extensive that it is impossible to see more than a cursory examination at one visit. (Continued on page 4)

MASKED MEN LOOT BANK IN DUBLIN

Damage in Ballybrigan Extensive; Lynch Shot Resisting Arrest

Dublin, Sept. 23.—Eight armed and masked men entered the Camden Street branch of the Uster Bank, Dublin, yesterday and held up the staff. They decamped with a considerable sum of money.

The coroner, having announced for today an inquest on the body of Councillor Lynch, has received official notification from the Castle not to hold it as arranged.

The damage done by the "Black and Tans" in Ballybrigan in their raids Monday night and Tuesday after the shooting of two police officers in that town is estimated at \$200,000. Among the dwellings destroyed by the raiders were the residences of Mrs. Andrew White, sister-in-law of Eamonn de Valera, and Lawrence Lannigan, brother-in-law of de Valera.

The third soldier injured in the affray in Dublin on Monday, died from his wounds today.

An official report issued concerning the shooting of Councillor Lynch was issued yesterday. It says that twelve soldiers, accompanied by two members of the Royal Irish Constabulary, went to the Royal Exchange Hotel to arrest Mr. Lynch. As they opened the door to Mr. Lynch's room a shot was fired at them and the military replied to the fire, Lynch falling dead. He was shot through the mouth. The report adds that Lynch was violently resisting arrest when he was killed. Mr. Lynch's home in Kilmallock, frequently had been raided.

A motor lorry containing six policemen was ambushed near Lanchin by 100 men yesterday. Four of the policemen were wounded. Two military lorries came to the rescue. The attacking party fired, and two soldiers are reported to have been killed. Thirty arrests were made. Two houses in an adjoining village were burned, supposedly as a reprisal.

The military authorities have commenced an investigation of the Ballybrigan affair. A public inquiry will be held at which citizens of Ballybrigan having knowledge of the trouble will be urged to testify. The "black and tans" in the vicinity of Ballybrigan have been confined in barracks.

PILOTS NAMED

Victoria Officer Standing Pilot in Trans-Canada Flight

Ottawa, Sept. 23.—A complete list of the men scheduled to make the first attempt at a trans-Canada aerial flight was announced by the Air Board yesterday afternoon. Major H. L. Leckie and Captain Hobbs are to pilot the seaplane from Halifax to Winnipeg on the first leg of the journey, and the remaining half of the flight will be made in relays. Captain J. B. Home-Hay will take the first relay, Winnipeg to Moose Jaw; Captain Pitt, Vancouver, from Moose Jaw to Calgary; and Captain G. A. Thompson, Winnipeg, from Calgary to Vancouver. Captain A. E. Cudmore, a Victoria man, is to be the standing pilot.

All the men chosen have left for their taking-off points, the last together with mechanics, leaving last night. The flight is scheduled to be attempted early next week, and officials are quite sanguine as to its success.

Mother—"Tommy, are you not tall enough to reach that bottle on the kitchen shelf, Tommy?" "Not if it contains cod liver oil."

PROTEST REMOVAL OF BALFOUR PATIENTS OPERATION WAS NOT NECESSARY

Responding to Public Demand, Mayor of Nelson Calls Meeting

Nelson, B. C., Sept. 23.—Mayor Macdonald, in response to public demand, has called a public meeting for tonight to protest against the proposed removal of the returned soldiers from the Balfour sanatorium to Tranquille against their desires.

Major A. P. Proctor, of Vancouver, arrived at Balfour today for his investigation. In reply to Major Proctor's statement to the press in Vancouver representing as a fabrication the Nelson dispatch reporting an Ottawa message to the patients and the removal order, the text of the Deputy Minister's letter to the patients has been made available.

After acknowledging the various communications and promising consideration, the Deputy Minister wrote on September 14: "I have not been notified officially of the refusal of patients to report to Tranquille or other sanatoriums and trust that the intention of some patients at Balfour, as expressed in your telegram, was not followed out, since it could only have meant that such patients would be shown as absent without leave, and thereby not entitled to pay and allowances and other privileges at the hands of the Department."

PROPAGANDA FOR FUSION OF AUSTRIA AND HUNGARY, REPORT

Vienna, Sept. 23.—A sensational report, vouchsafed for as authentic, is published by The Arbeiter Zeitung, showing that the Hungarian delegation is expending large sums for propaganda for the use of the Government, with the object of the fusion of Austria and Hungary. An official is quoted as stating that the Austrian Government fears that Hungary is seeking a pretext for military occupation in order to obtain needed arms.

CANADA IS SECOND IN TELEPHONE USE

Ottawa, Sept. 23.—An interesting comparison showing the popularity of the telephone in Canada has been made by officials of the Bell Telephone Company, with that company's applications for increased rates before the Board of Railway Commissioners. The figures compiled show that Canada stands second only to the United States in the matter of percentage of the population. The Postmaster-General of Great Britain, in a recent statement on the number of telephones in the principal countries, gave the figure for Great Britain as 10.5 per cent. of the population. On the same basis the United States has 13.6 telephones per hundred. Canada comes next with 10.8 per hundred, peopled by Sweden, 6.4; Norway, in 1917, 4.5; Germany, in 1914, 2.2; France, 1.0, and Italy, in 1917, 0.3.

FLOODS IN CHINA NOW SUBSIDING

Nanchang, Kiangsi Province, China, Sept. 23.—Floods said to be worse than any recorded in the last 20 years in the district north of Nanchang are reported to be subsiding after having devastated a wide area. The people of the districts flooded were on the verge of starvation. The district that has suffered most extends northward from Nanchang along the east bank of the Kan River to Poyang Lake. At one time the streets of Nanchang were under water. It is estimated that about 100 persons lost their lives in the floods.

DROP IN CLOTHING PRICES PREDICTED

Chicago, Sept. 23.—Recent price reductions of from twenty to twenty-five per cent. announced by textile manufacturers would be reflected in the price of men's clothing next Spring. E. H. Strouse, president of the National Clothing Manufacturing Association, asserted at the Association's convention. Mr. Strouse added that "men's clothing prices cannot go down more quickly than the high cost of labor and materials."

Good Advice for Nervous People

What Worn, Frazzled, Unstrung "Jumpy" Nerves Really Need.

When you are run down, out of sorts, tire easily, have lost confidence in your ability to do things and ambition seems to have deserted you, it's a pretty good sign that your nerve force has run down and that your nerves need nourishment to restore to your system its old time strength and endurance—bringing back the good old "pep" and energy that used to make you famous.

Nearly all the leading drug stores in Victoria and vicinity are selling a highly effective nerve remedy called FERRO-PEPTINE, on a positive guarantee of satisfaction or money back. It's simply amazing, in many instances, how quickly FERRO-PEPTINE tones up the system, calms and steadies the nerves and puts vim, vigor and vitality into men and women who are fagged-out, nervous, despondent and ambitious.

Thousands can testify to the great value of FERRO-PEPTINE in cases of nervous depression, nervous prostration, nervous dyspepsia, trembling, palpitations, "fidgets" and the generally unstrung nerves that come from excessive work, worry, lack of sleep, or over-indulgence.

If you are blue and feel as though you didn't give a hang, or are cross, irritable and your nerves right on edge, you should get a package of FERRO-PEPTINE right away. It comes in 42 tablets to a box. Take one with every meal for a few days and notice the quick improvement in your health.

"Fruit-a-tives" Restored Her To Perfect Health

153 Papineau Ave., Montreal. "For three years, I suffered great pain in the lower part of my body, with swelling or bloating. I saw a specialist who said I must undergo an operation. I refused."

I heard about "Fruit-a-tives" so decided to try it. The first box gave great relief, and I continued the treatment. Now my health is excellent—I am free of pain and I give "Fruit-a-tives" my warmest thanks."

Mme. F. GAREAU. 50c. a box; for \$2.50, trial size 25c. At all dealers or sent postpaid by Fruit-a-tives Limited, Ottawa.

PREMIER ARRAIGNS NEW FARMERS' PARTY

Aligned With Seditious, Declares Rt. Hon. Arthur Meighen

Granby, Que., Sept. 23.—Addressing a large audience in the open air last night Premier Meighen dwelt on the policy of the Government in prosecuting the war and the subsequent policy in the reconstruction period. As far as he was concerned in framing the "Conscription Act" he abided by what had been done. The problem of prosecuting the war and of re-establishing the soldiers having been solved the Government was now facing another issue, which is that of the tariff. On this question the Government was being challenged, although the people had decided on it three or four times already.

The Premier proceeded to show how the Farmers' Party was committed to free trade, and that the strength of that organization was enhanced by the undoubted fact that it had joined hands with and dragged behind it, all the malcontents and restless elements of the country.

"I do not say that the leaders of the Farmers' Party much resemble their followers, want to overturn responsible government," said the Premier, "but I do say those with whom they have signed themselves as, for instance, the Winnipeg and other seditious, had as their goal the upsetting of the system of government in Canada. They almost achieved success in this—does not come frequently, I say, the addition of the group to the Farmers' Party constitutes the party which is the most formidable antagonist of the present administration."

"FLYING TRAMP"

New Type of Freight Machine Tested Out in England

London, Sept. 23.—(By Canadian Press)—Preliminary tests which have recently been made of a new type of freight airplane are reported to have proved entirely satisfactory. The new plane, called a "flying tramp," is radically different from any type of plane now in use, with the exception that it is of the monoplane type and has the same sort of construction.

By means of a new curve the single wings of the plane, which are constructed of mahogany planking, are said to make possible large loads and much cheaper service than the old type. The cylindrical body also is made of mahogany planking. The new wing is known as the "Aulid" and has a weight-lifting capacity 25 per cent. greater than the ordinary wing.

A feature of the machine is the type of cargo container. The body of the plane is fitted to hold a container that will hold four tons of freight when properly packed. The container is loaded in a warehouse or storehouse and the plane is run up to a loading platform and the container shoved into the body of the plane on roller bearings. A similar procedure is followed in unloading.

TWO UNDER ARREST IN CONNECTION WITH MON...AL MURDER

Montreal, Sept. 23.—Two men have been arrested, one in Toronto and another in Victoria, B. C., as possible material witnesses in the case of Constable Thomas Chioque, who was murdered on his beat on the night of June 11 by men he interrupted while committing a burglary. The local police have been advised. The police are holding two more men here as witnesses. The police give the name of the man taken in custody in Toronto as Harold Ahearn. The name of the witness held in Victoria has not been divulged here.

RACIAL PROBLEM.

Tokio, Sept. 23.—(Associated Press)—The Washington government will be asked to appoint a commission to effect a solution of the Japanese-American problems, and in the event of the passage of the California anti-Japanese legislation the Japanese government will arrange for a body in Toronto to Harold Ahearn. The name of the witness held in Victoria has not been divulged here.

HOUSING IN ONTARIO.

Toronto, Sept. 23.—By the end of this year there will have been about 2,200 houses erected in this Province under the Ontario Housing Act, the total cost of the houses and land being approximately \$5,500,000.

A Little Talk on Suit Styles

ONE might call our Suit style individualized, so skillfully are the preferences of our patrons taken into consideration. The requirements of type are catered to with an understanding always noted here. In each grouping one sees a style distinctively new—here a handsome model trimmed with fur; another with delicate embroidery. Some of equal distinction are trimmed with self materials. In fact, each suit has some distinctive attribute which distinguishes it as out of the ordinary.

SCIENCE PROVES THE DANGER OF BLEEDING GUMS

Medical science proves that unhealthy gums cause serious ailments. People suffering from Pyorrhoea (a disease of the gums) often suffer from other ills, such as rheumatism, anaemia, nervous disorders, or weakened vital organs. These ills have been traced in many cases to the Pyorrhoea germs which breed in pockets about the teeth.

Four out of five people over forty have Pyorrhoea. It begins with tender and bleeding gums. Then the gums recede, the teeth decay, loosen and fall out, or must be extracted to rid the system of the infecting Pyorrhoea germs. Guard your health and your teeth. Keep Pyorrhoea away. Visit your dentist often for tooth and gum inspection, and make daily use of Forhan's For the Gums.

Forhan's For the Gums will prevent Pyorrhoea—or check its progress—used in time, and used consistently. Ordinary dentifrices cannot do this. Forhan's will keep the gums firm and healthy, the teeth white and clean.

35c and 60c tubes in Canada and U.S. If your druggist cannot supply you, send price to us direct and we will mail tube postpaid.

CROWN PROSECUTOR.

Vancouver, Sept. 23.—Mr. Alex Henderson, K. C., has been appointed by Attorney-General Farris to act as Crown prosecutor at the forthcoming Vancouver assizes, it was announced by Hon. Mr. Farris last night. It is understood that Mr. Justice Gregory will be the presiding judge. The assize promises to be a lengthy one with many important cases. Hon. Mr. Farris left last night for Victoria, but will return to address the life insurance men of the city at their luncheon on Friday.

To Use Up Cold Mashed Potatoes

Women show much inventive ability—see if it economizes? It seems like this. In many homes nothing is wasted. Mrs. Revold uses cold mashed potatoes as a basis for a most delicious dish. She takes two cups of the potatoes, stirs in two eggs (beaten stiff) and adds one cup of Pacific Milk and a little salt and pepper. This is baked in a greased pudding dish in a hot oven until it is browned. Try it.

PACIFIC MILK CO. LIMITED

28 Drake St., Vancouver, B. C. Factories at Ladner and Abbotsford, B. C.

COTTON REDUCTIONS

Manchester, N. H., Sept. 22.—A reduction of 33 1/2 per cent. in the price of manufactured cotton goods was announced today by the Amoskeag Manufacturing Company of this city. The present weekly production of the company, which employs 10,000 operatives in its cotton departments, is 4,000,000 yards.

MILK IN MONTREAL

Montreal, Sept. 23.—It was announced yesterday by the Milk Producers' Association that beginning the first of next month its Montreal will be sold at 17 cents a quart.

ECZEMA

You are not the only one suffering from it. It is a skin disease that is not contagious. It is caused by an irritation of the skin. It is relieved by one and a half boxes of Chase's Ointment free if you mention this paper and send a stamp for postage. See a list of all dealers or, Foxman, Bates & Co. Limited, Toronto.

EXHIBITION HAS EDUCATIONAL VALUE

Displays By Dominion Government Attract Attention; Wonderful Poultry, Shown

The Dominion Department of Agriculture is taking a pronounced interest in the educational value of the Victoria Exhibition, and is displaying, among other entries, a remarkable collection of wools and woolen products, which is the centre of considerable interest on the part of the farming element of the visiting public.

Taking up half of the south end of the main building is a glass display showing various grades of wool in their natural state as clipped from the sheep. Comment on the values of the 19 grades shown is made, and specimens of wool in all its stages of manufacture into fine worsteds, woollens and mohair materials are displayed.

In addition to wools, the display features a representation of prime pork and mutton carcasses and urges on the farming community the practise of keeping sheep on every farm in the same way as pigs and cattle are raised. All through the

past two days there has been a constant crowd in front of this display, many comments on its applicability to Vancouver Island agriculture being made.

Egg Demonstration. Immediately contiguous to the wool display is an eye-catching egg demonstration, also the work of the Dominion Department of Agriculture. This features the wonderful egg-standing methods which the Dominion Government has in effect in the Eastern egg producing centres. So satisfactory has this system proven in practice that the authorities of a large number of the States in the Union have adopted the regulations as the model on which they are framing their own standard eggs. The display shows in an easy manner the results of carelessness in any stage of the egg's progress from hen to table, and also shows the methods used in grading.

District Exhibits. At the extreme end of the main building the displays of the Sooke and Saanich farmers respectively attract great attention, the products of Sooke being remarkable for variety as well as quality and proving a great surprise to many of the visitors inspecting the show.

As was forehanded, at the Saanich Fair, the Saanich farmers have arranged a display which is a credit to the district, and the tasteful manner in which the produce has been arranged, as well as the vast variety of produce shown, have brought the committee in charge many compliments.

The Victoria District display is also to be noted as having some of the finest items of produce ever seen

in the district, but the manner in which everything is closely packed together makes it almost inevitable that many excellent items should be overlooked in the massed effect.

Remarkable Poultry Display. In the poultry building there are gathered together some 900 entries, varying from the everyday utility bird such as the Wyandotte to fancy birds such as a group with horned combs and birds with purple flesh.

The display is of remarkable educational value as showing the source from which many of our modern birds have been bred, and while there are over 500 local entries of excellent quality it is to the enterprise of J. H. Warrington of Cornwall, Ont., and S. Cross of Killarney, Ont., that the show owes the ability to display strains which have not previously been seen in British Columbia. Each of these exhibitors brought a carload of birds, the four hundred entries including such stock as white turkeys, Chinese and African geese, little bantams of strains which are about to die out through inbreeding and mighty birds of the Brahmin strains.

The judges were busy all through Wednesday in awarding the prizes for the big display, and in comment on some of the local exhibition entries they stated that the quality was so high as to assure a strong series of triumphs throughout the coming Winter even though the Vancouver Island fanciers should ship their birds to the great shows of the East.

Rabbits. In the rabbit display shown by the Victoria and District Rabbit Breeders' Association, Judge J. Needham, late of the Crystal Palace, London and now of Seattle, stated many of the entries were good enough to win anywhere on the Coast, there are over 200 entries in all, practically every one of them being by Island breeders, the weather conditions prevailing on the mainland during the past few days having caused the cancellation of a large number of entries expected from breeders of Vancouver district and the interior.

Dancing. The dance, which is being held each evening, has proved very popular, hundreds joining in the function. It will be continued nightly at the show, the affair last evening being well attended. Two special nitrogen lamps have been installed giving a wide range of lights, and the Home Products building has been illuminated with nitrogen filled lamps, through the courtesy of Hawkins and Hayward.

The following additional prizes are from yesterday's judging:

That's Why You're Tired

Out of Sorts—Have No Appetite—Your Liver Is Sluggish

CARTER'S LITTLE LIVER PILLS will help you get right in a few days.

They act quickly though gently and give nature a chance to renew your health. Correct the immediate effects of constipation, relieve biliousness, indigestion and sick headache.

Rinso

Not a Cake Soap—not a Washing Powder—a wonderful new cleansing soap in fine granules. So rich and pure that it dissolves instantly in water and stirs up in a bubbly tubful of lather. So great is its cleansing power that clothes need be soaked in it but a few hours—then rinsed—and they're clean! Yet Rinso is as absolutely harmless as pure water itself.

Use Rinso continuously and your clothes will stay new and fresh in color, because they are never boiled or rubbed.

AT NIGHT— Soak the clothes with Rinso.
MORNING— Rinse them out—that's all.

Rinso at your grocer's get a package to-day.

9 P.M.

Soak the clothes over night and rinse—that's all.

A FAR-FETCHED ARGUMENT

Mr. Flumerfelt's argument before the Tariff Commission in favor of the protective tariff as a decisive factor in the agricultural development of Western Canada must strike the average prairie farmer or anybody else conversant with the record of Canadian farming as one of the most bizarre contributions of special pleading to the controversy on the question of the Dominion's fiscal policy ever made before a responsible body.

The famous band in the House of Commons a few years ago who advocated a tariff as high as "Haman's gallows" propounded many novel and unique economic theories, but the imagery of none of them devised anything quite so weird as that which Mr. Flumerfelt submitted to the Commission here yesterday.

Mr. Flumerfelt says the development of industries under the "national policy of protection," by providing the transportation companies with traffic from the industrial centres to the grain-growing areas, enables those companies to charge such low freight rates to the seaboard that the western farmer, despite his long rail haul, can compete with the wheat producers of Argentina, Australia and elsewhere "where the grain fields are comparatively near the water."

We are surprised that Mr. Flumerfelt should so solemnly lead such a lame duck before the eyes of the Commission. Surely, he is not serious in his suggestion that the rail transportation rates in Canada are the chief determining factors in enabling Canadian wheat to compete with wheat from Argentina, Australia and elsewhere in the markets of, say, the United Kingdom or the United States? Is that the reason also why Canadian wheat competes so successfully with American wheat abroad and even in the American home market?

It was not the "national policy of protection" that built up the agricultural industry of western Canada. On the contrary, that industry has developed in spite of the policy which makes the western producer pay a super-tax on everything he requires in the development of his land. What is known as the National Policy was brought into operation in 1878. In 1896, although that policy had been in force for nearly twenty years, not more than 1,500,000 acres in western Canada were under wheat and the total wheat production was about 25,000,000 bushels. Then came the land settlement policy of the Laurier Government, the big immigration campaign conducted in the United States and in Europe and the homesteaders, who before then had been arriving in hundreds, began to settle on the land in thousands.

Canada to the expansion of industry fostered by the National Policy.

DRYDOCK EMPLOYMENT.

Senator Gideon Robertson has promised that preference of employment on the construction of the drydock will be given to returned soldiers, and that British subjects will be employed "as far as possible." It is obvious, of course, that the Minister of Labor would not encourage the employment of aliens; nor should it be necessary unless there is sufficient activity in this Province to absorb every idle man capable of doing work of the character that will be included in the various branches of this undertaking. Nevertheless, it may be assumed that the Government will establish this as a condition upon which the contractor will be permitted to sub-let the subsidiary contracts. This and other local enterprises should be made the agency to relieve unemployment, primarily among the returned citizens, and afterwards in the more general sense among British subjects.

RIVERS INLET RUNS.

With the condition of the Fraser River salmon run as a striking commentary upon the effect of unheeded warnings it ought to be possible to avoid similar consequences at Rivers Inlet where Dr. Gilbert sees the danger of history repeating itself. In this expert's contribution to the report of the Provincial Fisheries Department just issued by the Hon. William Sloan it is pointed out that the runs of the past four years have dwindled to little more than half their size, a condition that prohibits the justification for classing the record poor years with the fluctuations which occurred in previous cycles. In fact Dr. Gilbert says in plain language that unless the intensity of the fishing is at once diminished there is every probability that the tragic history of the Fraser will be repeated. No further warning should be necessary. British Columbia's salmon fishing industry already is at a low ebb and unless steps are taken to conserve and preserve it the consequences to one of this Province's most valuable natural assets will not be difficult to estimate.

BALFOUR SANITARIUM.

It is easy to detect from the statement of the men's case that the patients of Balfour Sanitarium have every reason to insist that the institution shall remain open. They are contented with their treatment and happy in their surroundings, two factors which medical science slates as essential to recovery from tuberculosis. It is a matter of fact, too, that the limited accommodation for civilian sufferers at Tranquille would be taxed to a dangerous point were eighty more patients to be sent there. Apart from that particular phase of the controversy, however, it must be taken into account that four score former members of the C. E. F. have contracted tuberculosis while in the service of their country, and if there is more hope for their recovery by the continued operation of the Balfour institution than by their transference elsewhere the duty of the Dominion Government is plain. It has only to consider what would be demanded of the public treasury were eighty prize bred stock in danger of the corresponding bovine ailment. Why then permit a species of petty officialdom to trifle with men's health, and returned men at that?

NOTE AND COMMENT

Unless the unexpected happens the Old Country will be in the throes of a gigantic industrial upheaval next Monday. It will be an extraordinary thing if the eleventh hour does not produce the spark which will touch off just that peculiar volume of British public opinion which has averted calamities in the past.

The London Daily Mail says that the responsibility for not winning a more decisive victory at the battle of Jutland is about to be put upon the shoulders of Lord Jellicoe, who is alleged to have ignored Beatty's tip. But are the people interested in these

post-mortems which are written either by those "wise after the event" or those with axes to grind?

THE NATIONAL COUNCIL OF FRIENDS OF IRISH FREEDOM IN THE UNITED STATES HAS PROTESTED AGAINST ENGLAND'S DESPERATE EFFORTS TO OVERTHROW THE REPUBLIC OF IRELAND, AND DEMANDS THAT THE UNITED STATES INSIST UPON THE IMMEDIATE RELEASE OF THE LORD MAYOR OF CORK. WHY NOT SUGGEST THAT LONDON'S AFRICAN COLONY INSIST THAT THE UNITED STATES GOVERNMENT RELEASE JACK JOHNSON FORTHWITH?

WHY DOES A LAMP BURN BETTER WITH A CHIMNEY?

Without a chimney, a lamp will usually burn with a thick, oily smoke, which will leave a heavy black deposit upon anything on which it settles. The reason for this is that the oil, supplied through the medium of the wick, is being partially burned. The carbon, which forms nearly half of the oil, is not being consumed, and the heat generated by this waste of energy is being lost in the form of tiny black specks because an insufficient amount of oxygen is present. Completely to burn the carbon in the oil, it is necessary to mix it with a sufficient amount of oxygen at a certain temperature, and the easiest way of accomplishing this is by using a chimney which creates a draft of air. This draft, entering at the bottom under the chimney, brings a continual stream of air upward to the flame, causing the carbon to be entirely burned and the lamp then gives out a steady yellow flame, marked by an almost complete absence of smoke. The heat generated by this flame rises in the chimney, and more air comes in to take its place, thus maintaining a steady draft. The chimney also protects the lamp flame from outside drafts and helps to make a brighter light, because a light which is steadily brighter than one which flickers.

WHERE IT STARTED SILK. (Copyright, 1920, By The Wheeler Syndicate, Inc.) Although silk is mentioned in the Bible, many authorities doubt its use by the people of those times. Chinese records show the cultivation of the silk worm in China, by Sing-tse, wife of Emperor Pao-ting in 2600 B.C. The culture of the silk worm was introduced into Europe in about 1560.

SPLENDID ATTENDANCE AT EXHIBITION AT WILLOWS

Stalls Are Busy. The demonstrators in charge of many of the exhibits in the main hall, the Women's Building and the Home Products hall had a busy time yesterday, apparently meeting with a concentrated interest in their displays, especially those of local manufacture. Those in charge of stalls of interest to housekeepers were constantly busy answering queries, and demonstrations such as that carried out by a large milk canning concern kept a large throng in close attendance.

It was common comment that the Willows grounds had never witnessed a greater gathering of automobiles than the collection which yesterday occupied every available foot of parking space. The cars were well arranged by the supervising officials, so that easy departure was possible, and the great throng testified to the universal use which now marks the automobile.

Socialization of Mines in Germany is Object of Bill. Berlin, Sept. 22.—Preparation of a bill by which Socialization of mines throughout Germany might be carried out was decided upon today at a meeting of the Cabinet, the Minister of Public Economy being instructed to frame the measure. The Cabinet also decided to extend the power of the Minister of Finance.

Faculty Requests Radium Institute. Montreal, Sept. 23.—The Faculty of Medicine of the University of Montreal has put in a request to the Provincial Government to found an "Institute of Radium." The request has been put before Hon. Athanas David, Provincial Secretary, who has promised the immediate attention to the matter. The amount necessary for the foundation of this Institute will be between \$400,000 and \$500,000, covering the cost of two grams of radium, the establishment of laboratory and organization expenses.

MINISTERS ALSO HOPEFUL

Mr. Sloan Glad to See Iron and Steel Statement of Mr. Fleming

With the establishment of an iron and steel industry in British Columbia appreciably nearer, Hon. William Sloan, Minister of Mines, stated to The Times representative this morning that the proposal now being considered by the Canadian Collieries Commission, Limited, was of considerable interest to him and fully justified the hope that, with the assistance of the Provincial Government, the industry, a course will be recommended to the company by President Fleming which, he expected, would shortly lead to a definite announcement by the Government of great importance to this Province.

Mr. Sloan's statement gratified Fleming, who has made a thorough investigation of local conditions with respect to the iron ore resources of the country and the market that may be relied upon for such an enterprise on the Pacific Coast. That Mr. Fleming already has left for New York to take up other and important phases of the proposal also has been noted by Mr. Sloan with satisfaction.

Department's Work. Mr. Fleming called on me yesterday and we discussed the matter at length, he observed the Minister. "It is very satisfactory to know that he has found conditions right for the immediate launching of the industry. This result, however, is not unexpected as the researches which have been carried out by the department in the last three years have shown conclusively that we have iron ore of the highest quality and in adequate quantity for the establishment and the maintenance of a plant capable of a large daily output. It is pleasing to have Mr. Fleming support the position we have taken in this respect."

NOVA SCOTIA MINERS WANT SLIDING SCALE CLAUSE ELIMINATED

Spring Hill, N. S., Sept. 23.—At a meeting of the Spring Hill local held last evening the report of the Royal Commission on miners' wages and the recommendations of the union executive at Sydney were exhaustively discussed. The attendance at the meeting was the highest in the history of the town. Two motions passed, calling for ballots on Saturday, first to accept or reject the original report, and secondly to accept or reject the recommendation of the executive.

IMPERIAL PREFERENCE MUCH MISREPRESENTED SAYS LONDON TIMES

London, Sept. 23.—(Canadian Associated Press)—The Times, referring editorially to the passing of resolution in favor of Imperial Trade Preference by the members of Commerce Congress at Toronto, says the case for preference is much misrepresented in Great Britain. Its enemies, who are not only British but Dominion statesmen, have shown their only desire is to recommend to the people what they regard as a policy which they have found advantageous to British interests in general. The decision of the Congress again supports that view.

terfered to any considerable extent, and now when the rights of the people of the community want to move the very evil from their midst, move a lot about moderation.

To the Editor.—The letters of Dr. Hall regarding prohibition are very valuable contributions to the question. It must also be admitted that his opponents have assisted in placing the views of the "other fellow" before the public.

Let me suggest this thought to the opponents of prohibition: namely, that their trend of their arguments merely tends to "get back." They wish to revert to the "old order of things." The past was "good enough." The bar, the night club, the weekly drink were satisfactory. For appearance sake they would be willing to pare down this or that, to "limit or restrict" a little, but the underlying demand is open and unrestricted liberty to buy, sell and use alcoholic liquors for all and sundry.

I do not accuse advocates of non-prohibition of avicious motives, yet I wonder why or wherefore they are so willing to support a system which has wrought such havoc to the human race. It is indisputable that mankind has suffered through liquor. No one rises to deny this, and no strongly was this felt that thousands of men and women in this Province were voluntarily relinquished it in order to help others and to remove the temptation from all.

The "Liberty League" at once protests and says: "We do not want the bar again; we do not ask for open demand in open and unrestricted liberty to get as much liquor as we require for moderate use. We hate drunkenness as much as you do, but you have no right to say what we shall eat or drink or how much."

Just so. This plea is the plea of selfishness the world over. It made the world war and precipitated the holocaust of nations. Germany asked for freedom to wreck Belgium, and for a place on the map of the world. Humanity said, "Stay!"

The plea for moderation is centuries old, and because moderation is a so-called liberty failed hopelessly, utterly and absolutely, it became necessary to prohibit.

The Province has tried this prohibition system to wreck because of provincial constitutional powers, but still it has been an immense stride forward.

Special Sale of Trunks and Handbags Continues This Week

Those who are about to travel will welcome this opportunity to purchase high-grade luggage at money-saving prices. To-morrow, come and inspect these very attractive values.

HOROSCOPE

Wednesday, September 22, 1920
(Copyright, 1920, by The McClure Newspaper Syndicate.)

MERCURY and Mars are in strongly benefic aspect to-day, according to astrology. Uranus is in a faintly friendly position.

This should be an unusually favorable planetary government for the signing of leases or agreements, since it presages harmony between the parties to any written contract.

There is a forecast of some sort of a diplomatic message regarding war or military matters, which is most stimulating for the future.

Construction comes under a stimulating influence of the stars. There will be much building, even through the winter. It is probable that Massachusetts will benefit from some sort of an investigation or survey of conditions affecting the housing problem.

PIONEER OF SALT SPRING ISLAND DIES

Salt Spring Island has lost her oldest settler in the person of Michael Gyves, who died yesterday at the age of eighty-seven years. The late Mr. Gyves was born in Ireland and came to America at the age of nine years. After serving for five years with the forces in the American Civil War he came West by way of the Isthmus of Panama, and joined in the gold rush to the Cariboo.

ELECTED PRESIDENT

Ottawa, Sept. 23.—Bryce M. Stewart, of the Labor Department, Ottawa, was again elected president of the American Association of Public Employment officers at the closing session here yesterday. Thomas Malloy of Regina, was elected to the executive. The name of the organization was changed to International Association of Public Employment Services, and Buffalo selected for the next convention.

SAYS OATMEAL MUST HAVE TARIFF

Americans Have Duty Protection Against Canadian Product, Millers Explain

Oats, oatmeal and rolled oats grown and manufactured in British Columbia must continue to have healthy tariff protection, Sir Henry Drayton's tariff commissioner was informed late yesterday afternoon in a written statement submitted by H. A. Leigh, of the Brackman-Ker Milling Co.

Mr. Leigh informed the commissioner that his company has an investment of \$1,000,000 in Victoria and employs 100 persons. The company every year buys 12,000 tons of the oats grown by British Columbia farmers who rely on the local mills for their market. As there is a duty against Canadian oats going into the United States, B. C. oats would otherwise have to compete with those of Alberta on a feed basis, which is lower.

"The Brackman-Ker Milling Co. has lost money for the last three years, and it was barely breaking even for a considerable period before that time," Mr. Leigh stated.

"The company has been handicapped by the fact that the local home market can supply only a limited volume of business. That condition will improve as the population of B. C. is enlarged by industrial development."

"The present Canadian customs duty on imported oatmeal and rolled oats under the general tariff is only 60 cents per hundred pounds, and we ask that this protection be continued. If the Canadian tariff duty on oatmeal and rolled oats were withdrawn or reduced, the local milling company could not remain in business, since the Canadian market for its products would be cut into by United States competition and economical operation would no longer be possible."

MAY EXPECT EARLY ANNOUNCEMENT ON STEEL PLANT SCHEME

H. S. Fleming, President of the Canadian Collieries (Dunsmuir), Ltd., who left to-day for the East, states that he has for the past three months been carefully investigating all phases of steel industry on the coast, and feels convinced the conditions are opportune for such a plant here. He has conferred with the Hon. William Sloan, and is satisfied with the assurance received for the full support of the Government in the proposed enterprise. Mr. Fleming will now take immediate steps to get the matter forward, and it is hoped that within a short time a definite announcement may be made.

GENERAL SEELY DID NOT CATCH SALMON

Though other members of his party were successful, Major-General the Right Honorable John E. Seely, C. B., D. S. O., failed, during a fishing trip in the Sooke district yesterday, to catch any salmon. General Seely was particularly disappointed, as one of his chief reasons for coming to the island was his desire to hook a big fellow. General Foss, G. O. C., who was a member of the party, failed also to land a fish, but John Seely, son of the distinguished general, Major Goodève, L. A. Cornelius, formerly directing engineer of Aircraft Production in the United States, and P. Storch, one of the Sooke residents who accompanied the visitors, each secured one salmon. A total of five fish were landed. P. Oiderhot, another local authority on fishing, and H. W. Barker, a prominent American lumberman, were of the party, the latter succeeding in landing two starfish to the amusement of the others.

During their stay at Sooke the visitors looked over the salmon traps and had tea at the Sooke Hotel. While at this well-known hostelry, they saw three deer which had just been shot.

Last night General Seely was the guest of His Honor the Lieutenant-Governor at Government House.

MRS. WHITE HAS NOW RECOVERED

After Months of Suffering From Effects of Flu Victoria Woman Regains Strength—Gives Tanlac Credit

"The benefit I have derived from Tanlac is greater than I can ever express in words," said Mrs. T. W. White, of 1968 Boucher Street, Victoria, B. C.

"After a severe attack of the flu last February, I was so weak I could hardly get around, and never seemed to be able to pick up strength. I had no appetite and the little I did force myself to eat upset my stomach and caused me severe pain.

"I had such pains between the shoulders and across the small of my back I could hardly stand it, and got very little sleep at night. I suffered a great deal from headaches, and my nerves were so unstrung that any unusual noise would make me tremble all over.

"But Tanlac has built me up to where I am like a different woman. Why I can eat anything I want now without being troubled in particle from indigestion, and have gained in weight right along.

"I never have headaches or pain in the back now and my nerves are as steady as can be. I am a much stronger I can do all my housework without getting tired, and I sleep like a child at night. My husband has also been taking Tanlac with splendid results and we both think there is nothing like it."

Tanlac is sold in Victoria by D. E. Campbell, corner Fort and Douglas, and Lang's Drug Store, Esquimalt Road.

DELIGHTED PRINCE RUPERT AUDIENCE

Mrs. MacDonald Fahey Won Many Admirers on First Appearance in North

Mrs. MacDonald Fahey, who is to appear in recital at the Metropolitan Methodist Church to-morrow evening, recently made her first appearance at Prince Rupert, meeting with an enthusiastic welcome in the northern city. The local press, in referring to Prince Rupert, says that she has the opportunity to hear a vocalist of the ability of Madame Logrin Fahey, who charmed a large audience at the Westholme Theatre last night with her wonderful singing. It was, as the secretary of the Musical Society said, a red-letter day in the history of that association and of the musical people of the city. From the moment she opened with 'Angels Ever Bright and Fair,' with its strong religious appeal, she captured the audience and established sympathetic relations which carried through to the close. The only regret of many was that others of their friends were not there to enjoy the treat. Tickets for Friday's concert are now on sale at Fitcher's Music Store.

HOUSEHOLD ADVICE. To prevent eggs popping when frying, sprinkle a little corn starch in the grease before putting in the eggs. To keep olive oil from becoming rancid after the bottle has been opened, add four lumps of leaf sugar to two quarters of oil: if it comes in a can, open and put in a jar. Try greasing the griddle with a spoonful of salt, tied in a thin piece of muslin; saves fat and smoke. Try painting the outside of your soapstone sink and tubs with asphaltum and they will look fine. Mend your own china and glass-ware by applying to the broken parts a common alum that has been melted in an iron spoon. When thoroughly dry, these pieces will stand washing in hot water. When washing lace curtains, after washing, allow them to dry only a few minutes and while they are still wet, hang them at the window on their rollers. They will fall into place and dry in a short time. By this plan, they require no stretching, ironing or fastening on stretchers, which very soon causes them to tear.

LIEUT.-GOVERNOR PATRON OF NURSES' ANNUAL BALL

The Lieutenant-Governor and Mrs. Prior have kindly consented to act as patrons of the ball to be given under the auspices of the Graduate Nurses' Association on October 1 at the Alexandra Club. Other patrons will be the Hon. Dr. MacLean, Minister of Education, and Mrs. MacLean, Dr. H. E. Young, Provincial Health Officer, and Mrs. Young.

TO-DAY'S JEWELS

THURSDAY, SEPTEMBER 23 The emerald ranks supreme among gems to-day, since it is both the talismanic and the romantic. It should always be worn upon the index finger, curious to relate. Though this is an antique, the vintage Jack Tar would be very much at a loss in Victoria, and seamen from all quarters of the globe have every reason to cherish the memory of the women who have done so much for their comfort while in this city.

The present high cost of the necessary luxuries makes the maintenance of the two clubs a serious financial problem and the ladies' committees are hoping that with the support of the public the institutions will be able to maintain this year without the aid of the British and Foreign Sailors' Bible Society, which in the past has had to come to the rescue on innumerable occasions. The Melrose company have kindly offered their store on Fort Street as headquarters for the day, the general convenor being Mrs. Willis Dean, 1103 Douglas St. Mrs. Dean will be in attendance at headquarters throughout Saturday. Mrs. A. Thomson, president, Ladies' Guild; Mrs. Stewart, secretary; Mrs. Gordon Smith, secretary, with the assistance of H. Wright-Hill. Boxes may be secured after 8 a. m. on Saturday at the Melrose store.

Parliament Buildings, C. P. R. Docks, Empress Hotel, Rev. A. de B. Owens and Flower Guild; Belmont Building, Post Office, Mrs. E. L. Miller; B. C. Electric, Mrs. Willers; Spencer's, Mrs. Robt. B. McKicking; Bank of Montreal, Miss D. Schweitzer; Dominion Bank, Miss Scott; Merchants Bank, Miss Lewis; Royal Bank, Miss Helen Starr; Bank of Commerce, Mrs. Hibben; Bank of Montreal, H. K. A.; Mrs. B. B. Insler; Moffatt; Williams' Drug Store, Miss Roberts; C. H. Bowes, Miss B. Barnett; Terry's Drug Store, Miss Hodgins; Dean & Sons, Mrs. Wootton; Cochran's, Miss Scott; Hall & Co., Miss M. Lewis; D. E. Campbell, Mrs. Weston; Wellers, Miss Sweet; Angus Campbell's, Miss Helen Landy; H. B. MacKay, Mrs. M. Scott; Union Club, Mrs. Miller; Fletcher Bros., Miss Dorothy Dean; Pitt-Ritte, Miss Virginia Stevenson; Miss Maxwell; Mitchell's, Mrs. Duncan; Misses Bennett and K. Bagnshaw; Drysdale's and Sayward Bldg., Miss Levi; Gordons Ltd., Miss M. Ballard; Copas & Son, Mrs. Moore; Pemberton Bldg., Mrs. D. D. Currie; Kingham; C. P. R. Ticket Office, Miss Starr; Times Bldg., Misses Peggy and Grace Humber.

The following have kindly offered to assist the various station convenors: The Misses Kay, Hope, Winter, MacLure, Watson, Sheerwood, Mrs. Edward Currie, the Misses D. H. Brown, Mrs. M. A. Crook, Misses Chopin, Miss T. Burgess, Mrs. McAdam, Mrs. Haddow, and others.

WHAT'S IN A NAME?

Facts About Your Name: Its History, Its Meaning, Whence It Was Derived; Its Significance; Your Luck and Lucky Jewel. By Mildred Marshall. (Copyright, 1920, by The Wheeler Syndicate, Inc.) EUGENIA. Born to queenly honors is she who bears the name of Eugenia. Its origin is in the Greek language, where it is derived from the word 'Eugeneia,' its modern adaptation by the French into Eugenie is famous throughout the world. Eugenia is one of the most illustrious women of history. Its popularity in France is enormous and its antiquated version, Eufenia, has a great vogue in England and America. Its history dates back from Eufenia, a Greek goddess, who was worshipped as the name most popular in classical times. It was carried on as Eugenia by the Roman Emperor, Augustus, who was another Eugenia was Bishop of Toledo in 646. Indeed, it has always been a favorite as a masculine name and has been borne by men of power and prominence. Eugenia was the name of that high-spirited Savoy called 'Mett' Abbe du Roi, who was later the Prince Eugene, dear to England and Austria, and terrible to France and Turkey; yet curious to relate, for that he was his name enjoys greater popularity in France than in his native country.

CANVASSERS NEEDED FOR SALVATION DRIVE

Public-spirited citizens who are willing to assist the Salvation Army in its work by acting as canvassers during the present drive for funds are urgently needed at the Drive headquarters, Room 37, Arcade Building, according to J. C. Wilson, head of the campaign committee, and men or women volunteers will be cordially welcomed. Mr. Wilson stated this morning that the drive is going splendidly, as far as is compatible with the small staff of canvassers working, and refusals are rare. The Home service branch for which the drive is being carried on, has proved an invaluable factor in the community by aiding the poor and destitute, finding employment for out-of-work men and women and generally assisting the needy. According to figures supplied by manufacturers, women wore more waists last year than ever before. For the last sixty-seven years Miss Miranda Scheib, eighty-four years old, has been employed in the same mill in Claremont, N. H. Mrs. John Condon is the only woman fire observer on Cape Cod, and probably in Massachusetts.

The WEATHER

Daily Bulletin Published by the Victoria Meteorological Department. Victoria, Sept. 23—5 a.m.—The barometer remains abnormally low on the coast, accompanied by rain, while in Central B. C. colder weather may prevail. Fair, moderately warm weather continues in the prairies. Reports: Victoria—Barometer, 29.48; temperature, maximum yesterday, 60; minimum, 48; wind, S.E., 12 miles; raining. Vancouver—Barometer, 29.50; temperature, maximum yesterday, 59; minimum, 48; calm; raining. Kamloops—Barometer, 29.58; temperature, maximum yesterday, 60; minimum, 44; wind, S., 4 miles; cloudy. Barkerville—Barometer, 29.58; temperature, maximum yesterday, 42; minimum, 30; calm; fair. Prince Rupert—Barometer, 29.58; temperature, maximum yesterday, 54; minimum, 40; wind, S., 4 miles; cloudy. Cranbrook—Barometer, 29.48; temperature, maximum yesterday, 58; minimum, 48; wind, S.E., 4 miles; raining.

Table with columns for location, barometer, temperature, wind, and weather. Locations include Victoria, Vancouver, Kamloops, Barkerville, Prince Rupert, Cranbrook, and others.

OBITUARY RECORD

Yesterday afternoon at the family residence, 1224 Rockland Avenue, the death occurred of Mrs. Peter, wife of Albert A. Davis, of Victoria and Nanaimo. The late Mrs. Davis had been a resident of Victoria for many decades and was well known by most of the older residents of the city. She was 85 years of age and was born in the United States. She is survived by her husband, also four sons, A. J. Bittancourt, of Ganges, B. C.; E. Bittancourt, of Los Molines, Cal.; and Walter W. R. Bittancourt, of San Francisco. There are also five granddaughters and two grandsons. The remains are resting at the B. C. Funeral Chapel, whence the funeral has been arranged to take place on Friday afternoon at three o'clock. Interment will be made in the family plot at Ross Bay cemetery.

The funeral of the late George Bishop, who passed away at his home, Cowichan Lake, last Sunday, took place yesterday afternoon at 2 o'clock from the Sands Funeral Chapel. Relatives and many friends were present at the service, conducted under the auspices of Vancouver-Juanda Lodge, No. 2, A. F. & A. M. The casket was hidden beneath a profusion of beautiful flowers. The pallbearers were: W. Bro. George Glover, W. Bro. Chas. I. Harris, W. Bro. A. S. Ashwell, W. Bro. Alex. Stewart, W. Bro. W. W. Northcott, and Brother J. J. Robinson. W. M.

John Woolcock read the Masonic burial rites at the graveside.

The remains of the late John Gillingham, who was accidentally killed last Sunday, were laid to rest in Ross Bay cemetery yesterday afternoon. Rev. J. L. Batty conducted the funeral services at the Sands Funeral Chapel, in the presence of sorrowing relatives and friends. Many lovely floral tributes covered the casket. The hymns sung were "Abide With Me" and "Safe in the Arms of Jesus." The pallbearers were: Messrs. Gerald Gary, Joseph Britton, Fred Littlefield, Harry Walker, Wm. Richardson and Joseph Crayton. Interment was made at Ross Bay cemetery.

Robert C. Wilson, a former Health Officer of Victoria, and well-known to a wide circle of friends here, died suddenly at his home at Sacramento, Cal., on Tuesday according to a message received by his widow, who with her little daughter, has been visiting her parents in this city. The late Mr. Wilson was born at Glenmorris, Ont., 15 years ago, coming with his parents to Victoria in 1894. He held the position of Health Officer in Victoria for several years before leaving for California some years ago to make his home. He leaves his wife and one daughter to mourn their loss, also five brothers, A. C. Wilson and James Wilson, of Victoria, Colin, of Seattle, George and Norman of Calgary, and four sisters, Mrs. F. W. Templar of Vancouver, Mrs. Agnes Henderson, of Oakland, Ca., Mrs. Jack Mcgridge of Alberta, and Mrs. A. March of Seattle. The remains will be brought to Victoria for interment and funeral arrangements will be announced later.

The funeral of little Donald Keates Gibbs, the five-and-a-half-year old son of Mr. and Mrs. Frank B. Gibbs, 1192 Yates Street, took place yesterday afternoon from the family residence, where a most impressive and appropriate service was read by Rev. Dr. Perkins, of the First Unitarian Church, of Seattle. Much sympathy for the bereaved family was expressed in the large attendance of sorrowing friends, and the beautiful floral tributes which accompanied the little remains to their rest in the family plot in Ross Bay Cemetery. The pallbearers were: H. A. Leigh, F. P. Rand, W. H. Whiteley and W. H. Gropp.

Yesterday the death occurred of Mrs. Agnes West, wife of T. P. West of 726 Pisgah Street, at the age of sixty-four years. The late Mrs. West was born in Ireland, and had been a resident of this city for the past thirty-two years. She is survived by her husband, one brother, James Giblin, of Carbondale, Penn., and one sister, in Boston, Mass. The funeral will take place on Friday, the cortege leaving the Sands Funeral Chapel at 2:30 o'clock; ten minutes later mass will be celebrated at St. Andrew's Cathedral by the Rev. J. Leterme. The remains will be forwarded Friday afternoon, via Seattle, to Carbondale, Penn., where interment will be made in the family plot.

VATICAN DUBIOUS. Rome, Sept. 22.—Vatican officials, replying to reports from Constantinople, declare that no communication has been received from the Ottoman Government with reference to the establishment of a Turkish legation at Rome.

ONE LOCAL CONCERN ON COMPANIES LIST

Certificate Has Been Issued to New Power Company

 - Southern Exporters, Ltd., private company; authorized capital, \$20,000. Registered office, Fernie.
- The following trust company also has been registered:
- The Canada Trust Co., registered under Trust Companies Act; authorized capital, \$1,000,000. Offices, Victoria, B. C., and London, Ontario.

ROTARIANS STAGE MOCK CONVENTION

Enjoy Travesty on Big Conference Held Here Last Spring

A mock convention for the most part farcical, but with an occasional serious note was staged as the feature of the mock convention of the Rotary Club luncheon in the Empress Hotel to-day. The mock convention was a travesty of the big international Rotary Convention held here in the Spring. Representatives were present to express the views of such well-known "Rotary centres" as Sooke, Prospect, Lake and Chinatown while the delegates from Edinburgh to-day marched into the room headed by bagpipes. Rotarian Lester Patrick was elected to take the chair at the momentous conference—a duty which he fulfilled to perfection.

While most of the speeches delivered at the mock convention were of a frivolous nature, a serious note to the programme was afforded by an address on Rotary by Rotarian Rev. F. A. P. Chadwick and a description by Rotarian C. H. French of a journey to Nome, Alaska. Mr. French told of meeting the famous explorer Captain Amundson, and of the things he had seen in the far North.

A DESPERATE CRIMINAL. Warden—"Your wife's here to see you." Prisoner (desperately)—"Tell 'er I'm out!"—Fairplay (Vancouver, B.C.)

BANK HEADS HERE, ALL OPTIMISTIC

Dominion Directors Say Big Crop Encourages Whole Country

Dominion Bank officials headed by C. A. Bogert, general manager, arrived in Victoria to-day on their annual tour of inspection. They were in conference most of the morning with Hylton Morris, manager of the local branch of the Dominion Bank, and looked over enterprises here in which the Dominion Bank is interested.

All members of the party are optimistic over conditions in Canada in this fall because of the large crop in the Northwest. Mr. Bogert is president of the Canadian Bankers' Association, a powerful organization. "We have found everything through the West encouraging," said Mr. Bogert.

Sir Henry Drayton, who is here on the Tariff Commission, met the Dominion Bank party to-day.

Heads of Big Business. Sir Augustus Nanton, chairman of the Canadian advisory committee of the Hudson's Bay Company, director of the C. P. R., Ogilvie Milling Co., and the Dominion Bank, is a member of the party. Sir Augustus is interested in the new store of the company which is now being completed for the opening next May. Others in the party are: A. W. Austin, vice-president, and son of the late James Austin, founder of the bank and president of the Consumers' Gas Co., of Toronto; R. S. McLaughlin, vice-president of General Motors, Ltd., of United States and head of the McLaughlin Motor Car Co., of Canada at Oshawa; F. L. Patton, assistant-general manager of the Dominion Bank at Winnipeg; R. J. Christie, head of Christie, Brown & Co., biscuit manufacturers, Toronto; W. W. Neer and Eric A. Hamber, of Vancouver.

To Tour Island. Lieutenant-Governor Prior entertained the whole party at lunch to-day at Government House. To-night they are to be the guests of George G. Bushby at a dinner and party at his St. Charles Street home.

To-morrow they will set out on a motor trip to see Vancouver Island and fish in the Alberni district. They will be away two days. They will leave Victoria for the East on Sunday. When making arrangements for the trip to-day the bankers said they wanted to forget for a while they were bankers and have a real good time in the rugged wilds of the Island.

Prices Have Reached Top. "It is folly for merchants to buy more than for their immediate needs," said Mr. Austin. "There is a feeling that prices have about reached their top. This is one of the reasons why Canadian banks have tightened up on their loans." "Speculation should be stopped and overstocking ended. When things happen prices tend to normal again." "Money from the banks, however, is available for all legitimate undertakings." Mr. Austin has a big fruit ranch at Port Dalhousie, Ontario. He expects a big crop there this season. He is going through the Okanagan on his way East to see if the fruit there compares with what he raises on his estate. This farm is being run by his son, shell-shocked in France.

HON. F. W. AYLMER IS DEAD AT CHASE

Was Resident Dominion Engineer For Twenty-five Years

Hon. Frederick Whitworth Aylmer, resident engineer of the Dominion Department of Public Works, died on Tuesday evening at his home at Chase, B. C., in his seventy-first year. The late Mr. Aylmer was the third son of the seventh Baron Aylmer, and was born at Melbourne, Quebec, in 1850. He served as a captain of militia in the Second Red River expedition, and subsequently took up engineering. For twenty-five years the late Mr. Aylmer has been with the Dominion Department of Public Works, and was in the party of engineers which discovered the famous Kicking Horse Pass in the Rocky Mountains. He was one of the pioneers of the Kootenay, where he laid out the townsite of Atholmer. He leaves his widow, who is a sister of Mrs. William Lewis of Oak Bay Avenue, one brother, Lord Aylmer, of Queen's Bay, B. C., and one sister, Mrs. H. E. Aylmer, who recently came from England to visit her brother.

FIVE KILLED IN IRISH CLASH

London, Sept. 22.—A dispatch to the Central News from Ennis, County Clare reports a collision between police and soldiers and civilians at Rinfren, midway between Milltown and Malbay, in which four policemen and one soldier were killed and a constable badly wounded. The military made thirty-six arrests.

BAN ON MOVIES LIFTED IN ZION

Zion, Ill., Sept. 22.—One thousand Zion school children, and nearly as many of their elders saw their first moving pictures last night when Overseer Wilbur Glenn Voliva lifted the church ban on the movies.

MEIGHEN CLUB. Montreal, Sept. 22.—The Meighen Club, the principal object of which will be to carry into effect the platform of the National Liberal and Conservative Party, was organized here yesterday. W. M. Cowper, K. C., presided at the meeting.

BURBERRY COATS

The Opening Displays of Women's Apparel

Will Continue To-morrow and Saturday

Nothing so clearly demonstrates the result of our specialization in correct apparel as this showing of the season's smartest styles.

The wraps are indeed beautiful, not only in silhouette but in quality.

The suits and frocks will strongly appeal to the most fastidious women.

For instance, these:

Distinctive Suit of navy broadcloth; coat has opossom collar and is belted with waist seam effect, box pleat at back below the belt, with fancy stitching above; is lined with novelty silk; the skirt has a wide belt with smart pockets—\$149.50.

Suit of Pekin blue goldtone cloth, has box back effect, with a row of buttons down each side; sleeves are trimmed with buttons and fancy stitching; has Hudson seal collar and patch pockets; is lined with novelty silk and half belted; the skirt is plain—\$159.50.

Other Fur-Trimmed Suits from \$95.00 to \$295.00.

Stylish Frock of navy serge has knife pleated skirt and plain bodice, tunic effect, embroidered in silk and gold; has tie belt and elbow length sleeves embroidered in silk and gold—\$89.50.

Charming Frock of beautiful tricotine; has plain skirt with apron effect at front and back; the bodice, aprons and three-quarter length sleeves are elaborately embroidered in silk of self and Pekin blue—\$105.

Other Fur Trimmed Coats from \$65.00 to \$245.00.

Novelty Three-Quarter Coat of Pekin polo cloth of exceptional quality; has box back effect with belt; has pockets and deep cuffs; has a sumptuous Hudson seal collar, and is lined with figured satin—\$135.00.

Very smart Coat of sand color velour, has Hudson seal collar, cuffs and wide band of same at foot; is lined with self color satin of beautiful quality; is trimmed with fancy stitching—\$175.00.

Other Fur Trimmed Coats from \$65.00 to \$245.00.

A Display of the New Blouses

Beautiful Blouse of jade or folly colored Georgette, embroidered in contrasting shades and steel beads; has elbow length sleeves, is in slip-over style and can be had in other new colors—at \$19.50.

Over-Blouse of navy Georgette, embroidered in beautiful design in silk; round neck, showing small opening, with sand vest effect; short sleeves, open cuff, and is belted below the waist—\$25.

The Vamp-Over-Blouse is of taupe taffeta; has high neck with high pleated frills, elbow length sleeves pleated with turn-back cuff; panel effect front, embroidered in navy silk; belt effect at back—at \$25.00.

Beautiful Over-Blouse, is of grey Georgette, heavily elaborated with jet and blue beads; has panel front brought into a wide waist belt to fasten at the back; round neck and short sleeves—\$39.50.

You Will Find Hats of the Uncommon Kind Here

Modes which delineate the new style features in a most worthy manner, each one designed to express the individuality, the charm and personality of the wearer.

The rich deep colorings and exquisite fabrics are characteristics that will be of special interest to women of refined taste who seek becoming hats for the new season.

Your inspection is invited.

Support the Y.W.C.A. Linen Shower to be held at present headquarters, on Friday, September 24th—Tea served from 3 to 6.

SIXTY MILLIONS FROM SALMON-PACK

Such is Estimate For Alaska, Puget Sound, Columbia, and B. C. Districts

Valued at more than \$40,000,000 the canned salmon pack of reds, kings, cohoes, sockeyes, springers, pinks and chums in Alaska, Puget Sound, the Columbia River, and British Columbia this year totals 6,955,000 cases, according to the revised estimate of the Pacific Canned Fish Brokers' Association...

The Alaska pack this year aggregates 4,225,000 cases, as compared with 4,392,000 last year. The Puget Sound pack this year is 1,500,000 cases, as compared with 1,200,832 last year. The Columbia River pack the present season totals 650,000 cases, as compared with 680,000 in 1919. The British Columbia pack this year totals 1,580,000 cases, as compared with 1,336,455 last year.

EMPERESS OF CANADA WILL COST \$300,000 FOR ROUND TRIP

Rise in Cost of Ship Operation Startles Builders Is Latest Report

Ottawa, Sept. 23.—The Trade Commissioner for Canada in Glasgow in his communication says that interesting comparisons of current and pre-war costs of building and operating ocean liners were given by Sir Thomas Fisher in an address he delivered after the launching of the C.P.O.S. Empress of Canada.

Sir Thomas Fisher stated that the Calgarian, a ship built by the Fairfield Company of Govan, Glasgow, before the war and somewhat similar to the Empress of Canada, cost the C.P.O.S. \$250,000. He believes the cost of the Empress of Canada will run into \$1,700,000.

His startling conclusion is: the Empress of Canada will cost \$20,000 more per round trip than did the Calgarian before the war.

Roughly, fares across the Atlantic have risen during the past six years for first class from \$19 to \$24; second class, \$11 to \$28; and third class, \$8 10c to \$19. That is to say passenger fares have been increased by 185 per cent, whereas the cost of operating a ship has risen by not less than 350 per cent.

EMPERESS WILL SAIL THIS EVENING

Will Carry Large Party of Missionaries to Orient From This Port

The C. P. O. S. Empress of Russia, Captain S. Robinson, is due here at 10 o'clock to-night, and will be tied up at the Outer Wharf until about midnight, when she will clear for the Orient.

LINE OF PROHIBITION AGENTS ON BOUNDARY TO STOP SMUGGLING

Fargo, N. D., Sept. 23.—Establishment of a line of prohibition enforcement agents along the Canadian boundary and a system of close communication between officers of the Dominion and United States is expected to follow a meeting of prohibition agents, sheriffs and prosecuting attorneys from several North Dakota and Minnesota counties held today at Grand Forks. A list of 40 automobiles known to be in the hands of professional whisky-runners now in Canada or near the border, for the purpose of bringing liquor back into the United States, was before the conference. Fargo officials declared.

DECISION IN ABBREYANCE.

Toronto, Sept. 23.—Pending the return to Toronto of Sir Adam Beck, chairman of the Ontario Hydro-Electric commission, who left at his home in London, the Ontario Government will not give a decision on the application of E. W. Backus, head of an American syndicate for the English River Pulp limits. The whole matter, outside of the question of waterpowers and potential hydro-electric power, was before the Government yesterday.

Firemen's Dance.—The firemen's dance has been arranged to take place this evening at 8:45 o'clock at Headquarters.

BRIEF LOCALS

Want Cable Ship Here.—The City Council Monday night endorsed the Rotary Club's resolution asking that the cable ship "Restorer" be returned to Esquimalt as soon as possible.

Bank Clearings.—Bank clearings for the week ending today were \$2,595,377, as compared with \$2,025,103 in the corresponding week of 1919.

To Entertain Children.—The management of the Variety Theatre has invited the children of the B. C. Protestant Orphanage to witness a comedy picture at the theatre tomorrow afternoon.

To Hold Rummage Sale.—Queen of the Island Review, L.O.B.A., will hold a rummage sale on Friday, October 1, in St. Barnabas school-room.

College Students to Meet.—Students of the Victoria Arts College will meet the Principal and Faculty of that institution at the High School on Saturday morning at 10 o'clock to receive advice concerning the courses to be undertaken and the books required.

First Battalion Canadian Pioneers.—The First Battalion Canadian Pioneers will hold a smoking concert in the Social Room at the Comrades of the Great War quarters on Douglas Street on Saturday, beginning at 8:30 p. m. All members are invited to attend.

Testator Left \$87,000.—Ralph Reid appeared before Mr. Justice Gregory of the Supreme Court today and obtained probate of the will of William Evans, former Empress Hotel employee, who died at his home, 3187 Quadra Street, on August 1. The estate was put through at \$87,000.

Women's Auxiliary, G. W. V. A.—The regular general meeting of the Women's Auxiliary to the G. W. V. A. will take place on Friday at 8 p. m. at the G. W. V. A. club rooms. After a short session dealing with the business of the organization, a dance social will be given. All ex-servicemen and their lady friends are cordially invited.

Married Last Night.—Rev. Dr. Clay quietly solemnized the marriage of St. Andrew's Manse last evening of Christian Utke, a native of Bessarabia, and Miss Annie Salisbury, daughter of William Salisbury of Michigan Street. After a honeymoon trip, Mr. and Mrs. Utke will make their home on Bay Street.

Fined in Police Court.—In the City Police Court this morning Magistrate Jay fined D. Craigie \$50 for having liquor in other than a dwelling-house yesterday. A suitcase of whisky bottles had been found in a paper warehouse on Store Street by the police, and was the basis of the charge.

Entertained Craigdarroch Patients.—The concert held by the Women's Auxiliary to the G. W. V. A. at Craigdarroch Hospital last night was a most enjoyable event. The patients and friends being entertained in a varied and pleasant manner. Col. Winsby acted as chairman. The musical programme was of the highest quality, the artists including Mrs. H. Pooley, R. Morrison and Arthur M. Gore, with Mrs. A. J. Gibson at the piano. An interesting lecture was given by Carvel Wells, describing life in the jungle of the Malay Peninsula. The convener of the entertainment was Mrs. Lewis.

Court Sitting This Afternoon.—Charges against A. P. Parkin of obtaining funds by fraud from the Canadian Bank of Commerce, which have been adjourned from day to day since last Saturday, will be heard at 2:30 o'clock this afternoon in the city police court, when Magistrate Jay will also hear the evidence against R. Hayes, who is charged with an unlawful offence. A similar charge against A. Halpeny will be concluded at the same time.

Ask Drydock Work.—Before they held a formal session of the Tariff Commission yesterday the Federal Ministers composing the Commission listened at the Empress Hotel to the statements of a delegation from the Great War Veterans' Association which urged that returned men be given preference in the employment of workers for the construction of the new Esquimalt drydock. The fair wage question also was discussed at the conference, which was of an informal and private nature. The Ministers assured the veterans that the Government would give British subjects and returned men preference in dock employment.

Clifford Cameron, Minister of Labor, invited the delegates to meet him again to-day when the discussion would be continued.

INTEREST CREATED BY ANNOUNCEMENT OF MARINE PACT

Round the World Service For Passengers and Freight May Be Result

Interest in the recent announcement of the various shipping agreements made between the Canadian Merchant Marine and other commercial transportation companies to inaugurate a trans-Pacific and Pacific European passenger and freight service has been greatly enlivened by the suggested operation of the various services. According to Captain McGregor, of the Victoria Tug Company, the new pacts will mean something akin to a round-the-world service commencing on this coast, wherein the two continental canals will be used, on the out and incoming voyages, respectively. Boats going by way of the Panama Canal to the Old Country and European points will continue to the Far East by the Suez Canal and so complete the circuit.

Incidental to the first leg of the voyage will be the trade expansion through Mexico, which is once more ready to ship extensive cargoes, as in former days. In the old days here, stated Captain McGregor, the Mexican shipments amounted to some 2,000 tons for every boat that piled between those points, and they should be as great to-day. One feature of the European shipments, which used to be transhipped in Mexico, was the fact that considerable pilfering was indulged in by the natives, while the goods were in transit in that land. Cases of goods used to arrive here, apparently complete, but the ultimate consumer used to find half of his cartons empty. At the customs and other points of examination the cases would present no appearance of having been tampered with, so clever was the work of the Mexican pilferers.

With this one drawback the opportunities for cargoes at Mexican ports is as good to-day as in former years. The new Canadian Merchant Marine projected services, and should take a vast source of productive shipping there, in the pacts arranged with the H. M. British-Indian and Cunard Companies just made.

Every Girl Who Earns Her Living Read This!

Very complex in her physical relations to life, disease easily seizes upon the woman who works, and she must therefore guard jealously anything that would tend to destroy her vitality or health.

Probably nothing is of more service than Dr. Hamilton's Pills, and every girl and woman can employ this grand remedy with gratifying results.

As a system tonic and blood renovator, no treatment gives such results.

For maintaining good digestion and healthy appetite, it is impossible to equal Dr. Hamilton's Pills.

Dusky, sallow complexion is changed to a healthy, ruddy glow, which gives the face the appearance of health and vitality.

Weak organs are filled with new life and vitality, weakness, irregularities and the common ills are prevented.

When you feel poorly, when the head aches, back feels lame, and a drowsy, tired feeling creeps through you—that tells of the need of Dr. Hamilton's Pills, try them.

Sold in yellow boxes, 25c.

Trial To Follow Motor Crash.—A. W. Staples appeared before Mr. Justice Gregory of the Supreme Court today and on behalf of Mrs. Kate Johnson, got him to order Kendall Johnson, of Yakima, to put up \$125 security for costs in the court action for \$1,100 damages that Frank Higgins, K.C., for Mr. Johnson, is bringing. Mrs. Cameron is the wife of Clifford Cameron, automobile man of this city, who was convicted in the police court and fined \$40 for blocking the Island Highway with a heavy motor truck two months ago. Evidence showed that the Cameron truck was on the wrong side of the Malahat road, and when the Johnson car loaded with tourists came down the hill it crashed into the truck. The passengers were injured and the Yakima car smashed. The conviction in the police court is also being appealed by Mr. Staples.

TO CLAIM DAMAGES.

Coquitlam, B. C., Sept. 23.—At a regular meeting of the City Council here notice was received from solicitors of Robert Wilson & Company and other firms that they intend to claim damages from the city for losses incurred in the fire here on August 5, which was caused, they allege, by the negligence of the city.

A motion condemning Fire Marshal J. A. Thomas's report because of alleged misstatements therein and urging the author's dismissal was agreed to.

LIQUOR LOOTING.

Toronto, Sept. 23.—Looting of liquor from cars on the Canadian National Railways at Horne Payne, Ont., a village forty miles east of Port Arthur, Ont., also at Jelliffe, Peterbell and Foleyville, Northern Ontario, has been going on since the railway was opened, with practically little or no attempt to put a stop to it, because of the lack of provincial police in the north country, Mr. W. D. Grey, secretary of this city, reported yesterday to Attorney-General Raney.

CANADIAN TRAVELLER

The launching of the Canadian Traveller will probably take place on September 23, at three o'clock, it was officially stated this afternoon.

HAD BIG WHISKEY SHIPMENT IN SHOP

Police Haul Consignment to Court For Henry Emert's Trial

Persons around Bastion Square stopped and became interested in what was going on to-day when they saw city police hauling to one another and then carrying in their arms into the Court House eight bottles of Johnny Walker Scotch whiskey, seven bottles of Golden West Rye whiskey, six bottles of rye draft whiskey and two bottles of gin. All these were piled in the elevator. By-standers saw a ten gallon keg of whiskey rolled out of the wagon by the police and pushed into the Court House. A half minute later a big whiskey demi-john was also brought in.

Upstairs before Judge Lampan the trial of Henry Emert was being opened by having liquor in other than a dwelling house.

Had Big Prescription.

On June 9, police walked into his carpenter shop at 1924 Store Street, as a result of information received, and found this load of whiskey.

Accused explained that the liquor had been prescribed for him for his asthma, but the police said that such a prescription was too generous.

Ernest Miller, defending Emert, claimed that Mr. Emert lives in the carpenter shop, that it is really not a place of business, and that there is really no difference between this place as a dwelling house and any \$50,000 home in the city.

C. L. Harrison, city prosecutor, claimed that the Emert carpenter shop was not a dwelling house within the meaning of the Prohibition Act.

Judge Lampan reserved his decision.

Never Out Lats.

Henry Emert went into the box and swore that he had been living in the old office building at 1924 Store Street for three or four years.

"The place is simply my dwelling house," Mr. Miller testified.

"I have not and I'm not living in it later than 9 o'clock every night. I'm never out on the street at night to see such men as these police here."

Had in Supply.

"Is there any necessity for you to have liquor?" Mr. Harrison asked.

"It was prescribed for me by Dr. Fraser," Mr. Emert replied.

"Why did you lay in a stock?"

"The eight-ounce quantity came up and accused was advised to lay in a stock."

Get Other Men's Whisky.

"Mr. Harrison asked how it was that he came to have in his carpenter shop a case of Johnnie Walker addressed from Calgary to J. Burke, a Burnside resident and a consignment of rye whisky addressed to J. Bird, 327 Head Street."

"How do you account for that?" Mr. Harrison asked.

"Well, I've got it, that's all I know," replied Mr. Emert. "I don't see why I should go to work and inspect the table under when the cases are delivered to me."

"How is it you got so much Johnnie Walker?"

"Because the rye whisky was too strong for me,"

"That keg, did you order it?" asked Mr. Harrison, pointing to an eight-gallon barrel of strong whisky. "Is it your keg?"

"How do you know?"

"I paid for it."

Ordered to Cool Down.

"Did you drink those four bottles of Johnnie Walker that are gone out of this case?"

"You bet your life."

"Did you give any away?"

"Nothing doing."

When Mr. Harrison attempted to press his cross-examination, Mr. Emert suddenly turned to him with the words: "Nothing doing."

"Don't impose on my good nature, young man. Put that in your pipe and smoke it. I don't lie and you're trying to make a liar out of me, you know."

The judge called Mr. Emert to order and Mr. Miller advised him to "cool down."

Police Visit "Shop."

Detective Sergeant O'Leary told the court of paying a visit on June 9 to a carpenter shop on Store Street just opposite the B. C. Electric car barns. It was the old office building of Ruddy & Jardon. He said that Mr. Emert had a dwelling room in the back of the building, but the front was used as a carpenter shop.

Detective Sergeant O'Leary said that he had visited the place last Fall and Mr. Emert was at work in the carpenter shop.

Watching at Night.

Police Sergeant John Fry also testified to visiting this carpenter shop several times, at where he had found Mr. Emert at work. He swore that he had been observing the shop closely at night for some time and spent part of the night before June 9 in front of the shop. This was because he had received certain information.

Sergeant Boulton swore that he had been in the Emert shop, which was fitted up as a workshop at the time he found Emert making fly screens.

Frederick Nicholas, secretary of the Lemon, Gousson Co., said that his firm had been doing work for Mr. Emert for years.

LIVESTOCK MEN HEAR MINISTER'S VIEWS AT LUNCH

Function at Willows Attended By Dr. S. F. Tolmie, M.P., Hon. E. D. Barrow, M.P.P. and Senator Robertson

Over a hundred stockmen sat down to the official luncheon held today in the restaurant at the Exhibition, the guests of the day being Hon. S. F. Tolmie, M. P., Dominion Minister of Agriculture, Hon. E. D. Barrow, M. P. P., Provincial Minister of Agriculture, and Senator, Gideon Robertson, Dominion Minister of Labor.

Before introducing the speakers Mayor Porter, as President of the British Columbia Agricultural Association, officially thanked the exhibitors in the livestock sections for their participation in the Fair, stating that it was in great part due to their support that the show has been such a great success. He stated that it is the intention of the Board of Directors to make the prize list for next year's show higher in order that the expenses incurred may be more nearly met.

Senator Robertson congratulated the livestock men on the results of their work, stating that the results were of permanent value to the country as a whole.

Hon. E. D. Barrow said "there is to-day a marked improvement in the livestock of this country, compared with that of even fifteen years ago." He pointed out that much of the stock shown at this exhibition is of a grade high enough to compete anywhere on this continent.

Touching on the work of the Provincial Department of Agriculture in the control of cattle diseases she pointed out the general elimination of tuberculosis from British Columbian herds would be a financial asset of the first order as soon as it is accomplished, a feat well under way towards completion.

Dr. S. F. Tolmie was received with rounds of applause when he commenced his address, and with witty stories and tales of the early days he interlarded much instructive advice and information, urging that a keen eye be kept on improving breeding.

OPPOSITION LEADER IN NEW BRUNSWICK RETIRED TO-DAY

St. John, N. B., Sept. 23.—Hon. J. A. Murray, retired as leader of the Opposition in the New Brunswick Legislature to-day.

The resignation of Mr. Murray as preliminary to the reorganization of the Conservative Party in New Brunswick for the Provincial election fight now on, has been hinted at for some weeks. Mr. Murray was Premier of the Province from February 19 to April 4, 1917, and became Leader of the Opposition when his Government was defeated in the elections held in that year.

SIX DECREES GRANTED.

Winnipeg, Sept. 23.—Eight divorce cases were heard to-day by Mr. Justice Curran, and six decrees were granted. Decisions were not rendered in the remaining two applications.

WEIRD MURDER MYSTERY

Los Angeles, Cal., Sept. 23.—Discovery of the body of Jacob Charles Benton, Los Angeles capitalist, who disappeared four months ago, buried under three tons of earth in a hermetically sealed box in the cellar of a house here to-day brought to light what the police characterized as the most weird murder mystery in the history of the city.

"THREE WIVES, THREE YEARS"

Winnipeg, Sept. 23.—"Three wives, three years," said Magistrate Sir Hugh John Macdonald in police court today, as he sentenced Harry Wilbur Scott, bigamist.

Victoria Team Lead League in Fielding

Capitals Went Through Season With Average of .956 After Leading League For Best Part of Season in Hitting, Caps Fell to Third Place During Closing Weeks of Race.

Victoria had the best fielding team in the Pacific International Baseball League, according to the averages issued by Stubby Nelson, official statistician.

Table with 5 columns: Club, PO, A, E, Ave. Lists fielding averages for various teams.

Victoria did not have a leading fielder in any of the departments, but the average ability of each player made it possible for the team to lead the league.

Cole Was Leading Pitcher With Morton Close Second

Table with 6 columns: Player and Club, Games, Innings, BB, SO, W, L, Ave. Lists pitching statistics for various players.

Pitchers who worked in less than five games are: Steifler, Weller, Blossom, Ginglard, Moran, Dashback, Shoats, Kirkpatrick, Derr, Johnson, Gillespie, Smith, Fitchner, Grise, Mentz, Davis, Hesse, Grant, Zinke, Collins, Brindza, Engle, Anderson, Schindler, Maylor, Gomes, Lewis, Jones.

Outsiders Lead Fields in Six of Seven Races

Favorites Fared Badly—Dehra Was Big Winner, Nosing Out Cobrita by a Head in Mile Race—Pharmacy and Tom Goose Repeated With Second Win in Two Days—Gretna Green Surprised Many.

Favorites had a hard day at the Willows track yesterday. Outsiders kept continually poking their noses across the wire ahead of the ponies which were carrying the money.

Dehra, from the Greenow stable, was the big surprise of the afternoon and repaid her backers 11 to 1. In a thrilling driving finish the mare was able to ward off a strong rally by Cobrita, which was the favorite for the race, the mile, the longest on the card.

Pharmacy Wins Again. Pharmacy, the local bred thoroughbred from the Broadacres Christiania stable, again surprised followers of the track, and was the second best payer of the afternoon.

Pharmacy, the local bred thoroughbred from the Broadacres Christiania stable, again surprised followers of the track, and was the second best payer of the afternoon.

Variety—"Down on the Farm."
Princess—"The Wolf."
Royal Victoria—"The Slim Princess."
Dominion—"The Copper Head."
Pantages—Vaudeville.
The Criterion—Belmont House.

COLUMBIA

When Douglas Fairbanks began the filming of "One of the Blood," says the management of the Columbia Theatre, where the big picture will be run for the balance of this week, he broke away from every production tradition that he knew. From every standpoint of production—settings, atmosphere, players and mechanical equipment—"One of the Blood" is reported to outshine anything that Mr. Fairbanks has heretofore attempted. The story deals with the adventures of a young New Yorker who lives on excitement. His unquenchable thirst for new thrills, leads him across two continents, and the settings necessary for the portrayal of the story have cost a tidy fortune. Elmer Lincoln in "Elmo the Fearless" is the added attraction.

VARIETY

The days of "Jack Dalton" and "Nelle, the Cloak Model" are outdone in the degree by the type of "meller-drammer" in his latest five-reel comedy, "Down on the Farm," which was recently released by the United Artists and will be shown at the Variety Theatre again to-day. The plot is typically sennett with that inimitable twinge of melodrama, but with a treatment that gives it a delightfully hilarious variety that thrills and chills. There are moments in it that make one shout, others that with its unique satire prompts chuckling of real mirth, while the dramatic climaxes bring it to such heights that it grips you if it was the type of most strenuous drama.

TALE OF NORTHLAND CONVINCELY TOLD

Mildred Page Players Present
Finest Character Work of Season in "The Wolf"

Possibly the most convincing evidence of the sterling quality of Victoria's stock company, the Mildred Page Players, is being presented this week, for the company scores a real dramatic triumph with "The Wolf," a play of the Canadian Northwest. At last night's opening performance it was difficult to say which of the players carried his lines through with greater effect. The play might well have been written to fit the company instead of being presented by a stock aggregation changing its bill every week.

The story is built around a soured ancient Scotsman, Andrew McTavish, who lives in a shack with his despicable daughter, Hilda, a difficult part carried out with success by Miss Page, and between his canny love of cash, perverted religion and cruelty to the girl McTavish earns the name of "The Madman of the North." As the Scotsman Joe Lawless scored a triumph, both in personality and in his justice to the lines.

William McDonald, an engineer, comes to the shack in advance of the railway yet to be built. Thomas Sullivan has this part, and as the utter villain, deceiver of women and cool calculating blackguard he makes a tremendous success, so much so as to bring a sigh of relief to his audience when he is satisfactorily killed at the close of the play.

With the engineer is his assistant George Huntley, a noisy jokemith "Poughkeepsie" is the comedy act which is offered by Herbert Denton & Company. It is a very smart and lively dialogue, taking second place for comedy of the vaudeville. A pronounced dislike of wifely housekeeping is shown by Mr. Denton, who appears as a traveling man. He is well supported in series of humorous situations by Miss Alice Walsh.

"Bashfoolery" is a special added attraction staged by Arthur Silber and Eva North. The act is full of amusing troubles between a timid swain and his fearful sweetheart. Both comedy entertainers keep their audience in a convulsion of laughter.

Nora Jane and Company present some very artistic dances. The very effective background in this act is replete with action. A splendid series of exhibition dances is given by both principals.

A succession of popular and classical songs is offered by Silvia Filbert and Lillian Gray. The dainty act is very interesting and should attract all vaudeville lovers.

The picture "Trailed by Three" has reached its fourth episode.

SEAT PLAN FOR SYMPHONY CONCERT OPENED TO-DAY

The Minneapolis Symphony Orchestra was founded by three or four wealthy men of Minneapolis who believed a great city should have a great orchestra. The development of the orchestra has been the work of Emil Oberholfer, whose genius was just beginning to reveal itself when he was made conductor of the Minneapolis Orchestra fifteen years ago. Simultaneously, Mr. Oberholfer has been recognized as one of the great powers in music and his orchestra as one of the really wonderful symphony orchestras of the world.

who apparently has nothing to his system except levity. Frank Ellis has this part, and his skill at the expense of the ancient McTavish makes the heartiest amusement, while his acting in scene two, when he tells McDonald that he is in for trouble if he molests the girl Hilda, is an altogether admirable contrast.

The central figure of the drama is the Frenchman Jules Beaubien, played in a convincing style by Byron Aldern. Intensely proud of his nationality, "I Am Canadian," permeates both his words and his sunny presentation. The part is one which gives Mr. Aldern opportunity for all his skill, and he gives the part a vivid life which holds the closest attention of the audience all the time he is on the stage.

Arthur Elton takes the remaining character of Baptiste LeGrande, trapping the henchman of Beaubien, in the initial lines of the play, when he reproves old McTavish for his treatment of Hilda. "You Are a Ver' Bad Man," he wins the favor of the audience and holds their sympathy throughout the evening as his tale of past suffering at McDonald's hands is incidentally unfolded in the course of the present action.

ROYAL VICTORIA

The Royal Victoria will present again tonight George Ade's famous musical comedy success "The Slim Princess," featuring Mabel Normand. When the stage plays were produced audiences were convulsed by his whimsical conception of an Oriental country where women were esteemed for their weight, and no girl under two hundred pounds had a chance of winning a husband. This delightful farce has been pictured, with Mabel Normand as the gay little princess whose ninety-eight pounds made her taboo with both sexes. It is one of the best farce comedies that has been produced for some time.

DOMINION

To duplicate with absolute realism a reunion of the Grand Army of the Republic for the production of "The Copperhead," the great picture featuring Lionel Barrymore at the Dominion Theatre this week, the National Headquarters of the organization was appealed to with a proposition to have several hundred "Civil War" veterans appear in the film. Because of the patriotic appeal and Americanism quality of "The Copperhead," the G. A. R. agreed to give their hearty support. As the result, a regular reunion of ex-fighters was held before the camera. They brought with them not only their wartime uniforms but some scores of battleworn flags and cannon—properties which it would be difficult to duplicate.

"The Copperhead" is in every respect a big picture, and the performance of Lionel Barrymore as the hero, Mitt Shanks, is as effective and striking as his characterization of the misjudged patriot on the stage. The production is a Paramount Art-Craft and was directed by Charles Maigne.

PANTAGES PRESENTS "LITTLE CINDERELLA"

Musical Comedy is Star Turn of This Week's Programme at Theatre

"Little Cinderella" is the title of the musical comedy which is staged on the Pantages programme for this week. The act throughout is a sparkle of music and song. Exquisite settings and beautiful costumes are supplied, and make the act a great success. It is well played under the direction of William Brandell. Several new hits are introduced by the ten chorus beauties in the form of catchy songs and music. Eva La Rue is the star of the cast, leading the fun makers with three songs and music. A lot of vim is contributed to the production by Ina Mitchell and Truman Stan.

"Poughkeepsie" is the comedy act which is offered by Herbert Denton & Company. It is a very smart and lively dialogue, taking second place for comedy of the vaudeville. A pronounced dislike of wifely housekeeping is shown by Mr. Denton, who appears as a traveling man. He is well supported in series of humorous situations by Miss Alice Walsh.

"Bashfoolery" is a special added attraction staged by Arthur Silber and Eva North. The act is full of amusing troubles between a timid swain and his fearful sweetheart. Both comedy entertainers keep their audience in a convulsion of laughter.

Nora Jane and Company present some very artistic dances. The very effective background in this act is replete with action. A splendid series of exhibition dances is given by both principals.

A succession of popular and classical songs is offered by Silvia Filbert and Lillian Gray. The dainty act is very interesting and should attract all vaudeville lovers.

The picture "Trailed by Three" has reached its fourth episode.

AMERICA'S FAMOUS TENOR HERE SOON

Orville Harold, who today is America's most famous tenor, accompanies the Scotti Grand Opera Company, and will be heard in the well known opera "La Tosca" at the Royal Victoria Theatre next Saturday. Last season at the Metropolitan Opera New York, he reached the pinnacle of his powers, and created a veritable sensation by his singing in two widely contrasted characters as Rodolfo in "La Boheme" and the title role in Wagner's masterpiece "Parsifal." He also sang several other leading roles at New York's premier opera house and won not only the enthusiastic approval of probably the most critical audiences in the world, but also of the newspaper critics themselves. From a lyric tenor he has developed into a dramatic tenor of exceptional powers. His voice has acquired a ringing quality compared with that of the famous Tamagno, while at the same time he can pour out notes of exquisitely lyrical quality in the most tender passages of the roles which he essays.

IS DESCENDANT OF THANE OF CAWDOOR

Florence Macbeth, considered to be the most beautiful and charming of all singers of the present day, will appear here on Monday next with the famous Minneapolis Orchestra, is not, as the name suggests, from Scotland, though she does happen to be a descendant of the Thane of Cawdor of Shakespearean fame.

Of course everybody in the musical world of the two continents knows her though we can imagine some of those who have been neglectful of earth's greatest gift, saying "Who is Florence Macbeth?" Perhaps, one might be heard to venture timidly as if he feared the sarcasm of some youthful humorist whose glimpse into historical literature still remains interwoven with the memory of frequent applications of erudite epithets to the pliant cane—"she is akin to that historical character, who, by the strokes of Shakespeare's quill became implanted in the memory of fleeting generations." Or may be some of our conjectures, "she was discovered during the great war, along with some of the remains of Palestine's biblical characters."

HELLO, ALEXANDER.

At the Royal theatre Monday and Tuesday, Sept. 27 and 28, will be disclosed the big new spectacular extravaganza "Hello, Alexander," in which the Messrs. Lee and J. J. Shubert present McIntyre and Heath, undoubtedly the most famous comedy team in all the world. Coming directly from the 44th Street Theatre in New York, where it has enjoyed a long and highly prosperous run, "Hello, Alexander" is declared to have given the favorite black-face comedians the best vehicle of their long and honorable career. It is frankly stated that the work is a legitimate relative of "The Ham Tree," in which McIntyre and Heath appeared several years ago, but in every respect the offering is upon a scale of greater magnitude, and the company, numbering nearly one hundred people, has been selected with fine care and discrimination. Among those best known in this city are Homer Dickinson and Gracie Deacon, Vivian Holt, Lillian Rosedale, Mabel Alaine, Bety Lewis, Dorothy Moore, Dan Quinan, Edward Scanlon, Dan McNeil, Earl Richards, Phyllis Ray, Bronzie and Griffin, Chic Barrymore and others. "Hello, Alexander" has been written by Edgar Smith and Tommy Young, while Alfred Bryan provided the lyrics and Jean Schwartz composed the music, of which there are some twenty numbers.

Some startling effects in costuming have been arrived at, and the big minstrel scene in which every member of the company appears is said to be quite the most magnificent ever revealed.

Ladies May Now Have Beautiful Hair; the Owl Drug Store Now Sells DELMAY'S FRENCH HAIR TONIC and Guarantees It to Grow Hair, or Refund Your Money.

Your druggist is backed up by the manufacturers of DELMAY'S FRENCH HAIR TONIC, the Great Hair Grower. It is guaranteed to grow hair. DELMAY'S FRENCH HAIR TONIC destroys dandruff in ten days. The roots of the hair are so nourished and fed that a new crop of hair springs up to the amazement and delight of the user. The hair is made thicker, fluffier. Like all French preparations DELMAY'S FRENCH HAIR TONIC is daintily perfumed. It is hard to find an actress who does not use DELMAY'S FRENCH HAIR TONIC continually. Ladies of society and influence use no other.

DELMA'S FRENCH HAIR TONIC is a non-sticky preparation, and is the ladies' favorite. Price \$1.00.

A Washington official tells of two Britons he met some years ago while crossing from Europe. The Englishmen were both of a serious and conservative turn of mind; and, although they shared the same state-room, had seats at the same table, and sat side by side in their deck chairs, they did not address each other since they had not been introduced. When New York was near at hand, one of them decided that it was time to wave conventionalities and make the acquaintance of his fellow-countryman. They were standing side by side at the rail. The man with the initiative was lost in thought. Finally, when he had decided upon a timely introductory remark, he asked—"Going over?" "Yes," replied the other Briton, "I rather thought I would. Are you?"

ADVERTISE IN THE TIMES

CANADIAN MINERS WILL NOT STRIKE, THINKS MINISTER

Will Not Walk Out With British Miners, Says Senator Robertson

CANADIAN CONDITIONS BEST OF ANY COUNTRY

Minister Explains Work of Labor Bureaux Throughout the Country

There is no danger that Canadian coal miners will strike in sympathy with a miners' strike in Great Britain, Senator Gideon Robertson, Federal Minister of Labor, who is in the city at present, assured The Times in a course of an interview this morning.

"We are watching the situation in the Old Country very carefully just now as a most critical condition undoubtedly has developed there," the Minister remarked. "A tie-up in the coal mines in England would disrupt the transportation system, the breakdown of which would interrupt distribution of foodstuffs. This, of course, would be serious in the extreme. However, there is no danger that Canadian miners will strike in sympathy with a walk-out in England. At present they are working under an agreement by which they would have to get the consent of the international union headquarters in Indianapolis before they could strike. The international union would never permit them to go out in sympathy with the British miners though it might agree to allow the miners to refuse to mine coal for export to Great Britain—coal which would be used to ease the situation there. However, as Canada is exporting no coal practically to England this would have little effect upon Canadian industry."

LABOR SITUATION WORLD'S BEST. "Our labor and industrial situation," Senator Robertson declared, "is the best in the world to-day. Compared to that of other countries it is most satisfactory. Not a single man in Canada need be out of work if he will take work where it is available. It is impossible, of course, to supply all labor with work in any particular locality. If we could be remarked with a smile, 'I dare say all labor would come to Victoria which, it is claimed, is the most beautiful spot in the Dominion! Yes, as far as industry and industrial peace is concerned, Canada is very fortunate.'"

NO LABOR SHORTAGE. "The crop this year appears most satisfactory and though it will not be as large as once before it will be worth more than any previous crop and in Quebec and Ontario, I believe, there has never been a better crop. For this reason there has been during the harvesting season, a considerable demand for labor in the harvest field."

NO LABOR SHORTAGE. "There is no shortage of labor in Canada to-day," Senator Robertson stated, "nor is there any particular surplus. By the middle of November or so there may be some unemployment following the end of the harvest season. The lumbering industry of the East will absorb some considerable proportion of the harvesters, while in British Columbia, on the other hand, things are rather slack in the lumber business during the winter. There is no doubt, however, that there will be no such serious unemployment as there was in the winter of 1914 and 1915. Last winter, of course, the unemployment trouble was confined almost entirely to the cities of the Pacific Coast, and this was due to a considerable extent to the fact that many men did not wish to leave those cities for places where work was to be secured."

RESTRICTED LABOR IMMIGRATION. In reference to the general labor situation throughout Canada, Senator Robertson stated that it was the policy of the Immigration Department to restrict, to a very great extent, the immigration of laborers from Europe. At present, he said, Canada possessed plenty of workers to man her industries and till her fields. It was certainly not the desire of the Government to allow outside workers to come into the country and swell the numbers of the unemployed. "As for our own men," he remarked, "we expect to be able to take care of them pretty well."

SATISFIED WITH EMPLOYMENT SYSTEM. The Minister of Labor expressed himself as highly satisfied with the work which is being done by the present system of Government employment offices, which was inaugurated in 1918. Prior to this time, he pointed out, private employment offices had been in vogue, and for a number of reasons had proved unsatisfactory. Perceiving that the return of ex-service men to civil life and the absorption of munition workers in the industries of peace would create a tremendous problem, the Government, Senator Robertson recalled, had created the present system. Sixty-four employment offices throughout Canada had been inaugurated, the Federal and Provincial Governments bearing the expense, and the Provincial Government administering them. As a result of this national system, he stated, it had been possible to deal with the labor situation from a national standpoint—an impossibility under the system of private employment agencies.

GET ALL LABOR REPORTS. "Every day," said the Minister, "the various employment offices send in reports to the Provincial offices, which are clearing houses for the Province, and the provincial offices report to the two clearing offices at Winnipeg and Ottawa for Western and Eastern Canada. Thus, every morning, there is placed upon the desk of the Minister of Labor at Ottawa a summarized report of the labor situation throughout Canada. The Department of Labor knows exactly where men are wanted and where men are to be secured, and can supply industries with workers and workers with employment. This of course is possible only under a national system."

"The new system," Senator Robertson affirmed, "is working out most satisfactorily. In the first year of its operation more than 12,000 men who could not have obtained work in the localities in which they were living were transported to some other Province—and given work. Not only were they served, but the employers of labor secured the labor they needed to keep the machine of industry going. Moreover, the system was able to supply 8,000 men living in Canada with employment in industries whose operators were applying to the Government for permission to bring in workers from other countries. In this way the work was kept for Canadians who were out of employment."

TRANSPORT WORKERS. "It has been possible under the new system, too, to get reduced rates on the railways for the transportation of workers from one part of the country to another as they are required. And in this connection I might mention that for the first time since it was possible this year to get reduced rates on the lines for western labor required on the prairies on the harvest fields in the past it has been usual for labor, harvest hands, to follow the harvest from the south-western states northward, and then across the Canadian boundary into the Canadian prairies, the Government granting these men temporary naturalization certificates. This year, however, on account of the cheap rates inaugurated and the scope of the national employment system, harvesters were secured from other parts of Canada—some three or four thousand went from British Columbia to the prairies and it was unnecessary to bring in any men from the United States. This was a most satisfactory arrangement, as it is certainly the duty of the Government as far as possible to keep its own citizens in employment."

REDUCE LABOR TURNOVER. "The new employment system," Senator Robertson continued, "has tremendously reduced the labor turnover and thus increased the production of the country. From March 1, 1919, when the system was inaugurated, until August 1, of this year, over 551,000 men and women were placed in employment by this system without any cost either to them or to employers. The cost, which has been divided between the Provincial and Federal Governments, amounted to less than \$1 a head whereas in the old days the private employment agencies were in the habit of charging about \$3 for placing a man in a job. "The whole system has been regarded as something entirely removed from the political arena, and the relations between the Federal and Provincial Governments in the matter have been and are most harmonious." Senator Robertson declined to discuss the One Big Union, about which he thought the "less said the better."

MAKES PRESENTATION TO THEIR CHOIRMASTER

At the close of the regular weekly choir practice in the First Congregational Church, the choir members were entertained to supper by the choirmaster and his wife, Mr. and Mrs. Frederic King.

Tables, beautifully arranged and decorated, had been set in the church parlor, and some forty members sat down to partake of the hospitality of the host and hostess.

After supper the annual business meeting of the choir was held, and then the members were addressed by the pastor of the church, and by some of the members of the church board. All spoke in highest praise of the choir's work under the able leadership of Mr. King, and showed appreciation of their faithfulness in attendance.

A very pleasing surprise was given Mr. and Mrs. King when Mrs. W. Ozard, on behalf of the members, called upon the host and hostess to accept from the members a piece of table silverware as a token of the choir's appreciation of their services and help. After a hearty vote of thanks the meeting closed by the company singing "Auld Lang Syne."

EXPENSIVE LETTERS

First Father: "My daughter's letters always send me to the dictionary."

Second Father: "That's nothing. My daughter's always send me to the bank."

GUTTA PERCHA TIRES Make Another Record

The above photograph of Mr. Percy Gomery and his Pathfinding car, equipped with "GUTTA PERCHA TIRES," cross-tread pattern, was taken on the completion of his "Across Canada" Pathfinding trip.

He covered the distance of 3,840 miles without a puncture or tire trouble of any kind, and states that the tires show so little wear that it is hard to believe that they have been run more than a few hundred miles.

Gutta Percha and Rubber, Limited, are to be congratulated on having produced a tire which stood up so magnificently under such an arduous test.

1009-1011 Blanshard St. A. MCGAVIN Phone 3869 Vulcanizing and Retreading

While at the Exhibition do not fail to visit the Auto Show Building and inspect our complete display of GUTTA PERCHA TIRES; also the various stages of re-treading and vulcanizing.

The tires used by Mr. Gomery are on exhibition in my booth, and demonstrate in a remarkable way the superlative wearing qualities of "GUTTA PERCHA" CROSS-TREAD TIRES. Are these not the tires with which to equip your car?

FORESTRY DISPLAY MAKES GREAT HIT AT WILLOWS FAIR

Realistic Camp Scenes Tell Vivid Tale of Results Attending Camp Carelessness

One of the displays which attracted tremendous interest at the Willows Exhibition yesterday afternoon was the fire prevention exhibit, prepared by the Forestry Section of the Provincial Lands Department, which holds a commanding position facing the main entrance to the Agricultural Hall.

Two scenes are presented, and the manner in which detail has been studied, and incorporated to promote realism, is incredible to any who have not viewed the display.

The first view shows the conditions which prevail when careful hunters and campers are in the woods. There is a beautiful view of timber-covered hills, a rapid stream and a clear and sunny sky. This is a well-executed backdrop, of the stage screen order. The foreground is a typical miniature camp, fire is made on a base of stones, there are no loose charred embers lying around, the greenery of the forest comes right up to the tent site, and peeping forth from the foliage are birds, wild animals, and an impudent squirrel has invaded the camp in an effort to steal the flapjack from the frying pan on the blaze.

The second setting shows the effect of carelessness. "Don't leave a tender-foot," says a flaring sign, and the point is carried home with a gloomy conclusion in the demonstration. The hills are bare, smoky clouds obscure sunshine, burnt stumps abound on the eroded mountain sides and the brook has become a raging torrent. That again is the backdrop effect, but the point where it merges into foreground is well hidden with piles of charred and yet smouldering timbers, and there is nothing but the complete empty tin cans, camp rubbish and smoke, and the effect of desolation through carelessness is extraordinary.

So great is the effect of the contrast that a dense throng was clustered in front of the display through the entire afternoon, and the "why" was generally commented upon as being one of the hits of the whole Exhibition.

POULTRY MEETING AT FAIR TO-MORROW

Breeders Will Convene to Discuss Subjects Affecting Their Industry

Secretary Sangster announces that the Poultry Breeders' Convention will be held on the grounds to-morrow morning, starting promptly at 11 a.m. In addition to speakers previously announced, Mrs. Robinson, dietitian to the Soldiers' Settlement board, will speak of the feeding value of eggs, especially for children. Her address at the Vancouver Convention recently was listened to by a large audience of ladies, who asked many questions relative to the subject.

H. E. Waby, who judged the poultry exhibits at the Fair, will talk on "Poultry Keeping—A Profitable Side Line for the Mixed Farmer." He is a breeder of registered cattle, sheep and poultry in the Okanagan Valley and his address should be of particular interest to the returned soldiers and others who are engaged in mixed farming.

Professor E. A. Lloyd, B.C. University, will be the first speaker on the programme, the other speakers being H. E. Upton, Soldiers' Settlement Board, Vancouver, and J. R. Terry, Chief Poultry Inspector.

STILL KEEPING OUT FOREIGN SECURITIES

Sir Henry Drayton's Order Aims to Equalize Unfavorable Trade Balance

The statement by Sir Henry Drayton, Minister of Finance, that he had requested banks and bond houses to decline to facilitate the importation or carrying of Canadian bonds and other securities which have been held abroad is a repetition of the request made six months ago to the Canadian people. It was dictated by the fact that since the falling off of the export of war munitions, the favorable balance of trade was being supplanted by an unfavorable one.

"This first request," said a leading dealer in securities, was in the nature of a gentlemen's agreement, and has been lived up to strictly by the banks and bond houses of Canada. For six months we have not imported any foreign-held bonds into Canada, although some of the less reputable firms have reaped large profits. Although we are not in favor of the ruling, since it excludes a useful investment commodity and allows luxuries to come in without question, this latest request cannot effect us, as we are already complying with it. Since the first request was issued, affecting every class of municipal, state, industrial and foreign bond except the Canadian Victories, our business has fallen off about 50 per cent.

"This latest announcement is a warning to Canadians that the balance of trade is very unfavorable, and that they must patronize domestic markets. The present strength of Canadian exchange is due to a large offering of grain bills and not to any large trade balance, but it is further complicated by the large cash balances of Americans held in Canada waiting to redeem them in American coin as soon as the discount is lowest. Thus the ruling cannot stop, but if exerted in the purchase of securities they can hamper its operation considerably. While working a hardship on the security dealers it is expected that the ruling will aid materially in keeping a large floating circulation of capital at work in the processes of Canadian reconstruction."

RE-ARRESTED AFTER SIX YEARS' FREEDOM

Italian Jail-Breaker Falls In to Police Toils on First Venture to Town

Diario Diodarno, alias Julio John, Stellan, was last night re-arrested here by Detectives Heather and Macdonald after six years of liberty in the lumber camps, after breaking jail in 1914.

Diodarno had only been in Victoria for a few hours, and explained when arrested that he had been careful to keep out of the way of police authorities, and had been working steadily in the lumber camps of Vancouver Island for some years past.

Although his appearance was greatly altered since his conviction at New Westminster in 1914 on a charge of using the mails to rob his fellow countrymen, the two detectives were certain that the clean shaven suspect was the man who had broken from the Provincial Prison Farm after serving but two months of his one

DUTY OF CITIZENS TO HOLD BONDS SAYS SIR HENRY DRAYTON

That is as Great an Obligation as Was Purchase, Finance Minister Asserts

"It is just as much the duty of Canadian citizens to hold their Victory Bonds now as it was their duty to buy them last year," Sir Henry Drayton, Federal Minister of Finance, declared in the course of an interview with a representative of The Times at the Empress Hotel this morning. "Canadians must hold their bonds as a matter of duty just as they invested in them for huge amounts of money at present are necessary to finance the country, and particularly the big grain crop this fall."

"Of course, it was necessary to drop the price of bonds a bit," Sir Henry admitted, "so as to keep them in the hands of the original investor, but even now they are an excellent security," he asserted. "Canadian bonds are in far better shape than the war bonds of other countries like the United States, and even than the bonds of countries like Holland, which never entered the war."

Asked whether there was any prospect of Victory Bond prices rising, Sir Henry replied, "It is well nigh impossible to foresee that. If, however, the crop is good and there is more money in the country this fall I fancy all securities will be more valuable."

Sir Henry was likewise guarded in reference to the exchange situation, which, of course, depended entirely upon trade conditions. The harvesting of the crop, he pointed out, had affected American exchange, satisfactorily from the Canadian point of view.

"The new luxury taxes are coming in satisfactorily," Sir Henry remarked. "There was some outcry against them at first," he admitted, "but everyone is getting into line pretty well now."

Sir Henry spent yesterday afternoon at the B. C. Agricultural Association's Fall Fair in company with Hon. S. F. Tolmie, Minister of Agriculture, and one of his colleagues on the Tariff Commission. The Finance Minister was loud in his praises of the Exhibition and expressed himself as amazed with the wealth of the exhibits from various sections of the Island like Saanich. Indeed, he had spent practically the whole afternoon, he said, in looking over the agricultural products and manufactured articles on display.

The Japanese woman is entirely responsible for the management of her household affairs.

SIMPLE TREATMENT FOR RHEUMATISM

Gives Relief Even in Acute Forms of Every Type of Trouble

Can rheumatism be driven from the system? This is a vital question to many on this coast, especially at this season when rheumatic tendencies develop rapidly to a painful stage. Every person afflicted with such tendencies will welcome the news of a treatment which has given relief in thousands of cases, especially as the treatment may be taken at home and is most inexpensive.

The basis of the treatment is the medicinal properties of herbs for the purification of the blood and the alleviation of the soreness of the muscles and tissues incident to the disease. Although the preparation used is sold at drug stores it is not a patent medicine. It is the private prescription of a great herbalist which he has placed on the market under the name of Wonder Health Restorer.

An illustration of the work of Wonder Health Restorer is the case of Mrs. I. Glenday, of Calgary. This lady was afflicted with inflammatory rheumatism in the limbs so that every movement caused her excruciating pain. Medical attention was not successful in giving her permanent relief, and she was utterly discouraged. She started taking Wonder Health Restorer, and in a short time was able to get around and, a month or so later, to take a trip by train. "This is only one of many cases showing the merit of this treatment."

No person need be afraid to take Wonder Health Restorer. It contains nothing but herbs—no alcohol or drugs. It will pay any sufferer to ask their druggist for a copy of "The Road to Health," which tells all about the treatment and gives many testimonials as to its work.

Wonder Health Restorer is sold in Victoria at Ivel's Pharmacy, Merryfield & Dack (all stores), Clearhouse's Drug Store, Reilly's Drug Store and the Fernwood Pharmacy, in Esquimalt at Lang's Drug Store, and at most drug stores throughout the province. If your druggist cannot supply you, send direct to the distributors, the W. Y. McCarter-Burr Co., Ltd., 646 Hilsdale Avenue, Victoria, Phone 6950.

FALSE CLAIMS.

WE hope there is no Mother who thinks she can treat her sick baby without calling in a Physician, or with remedies that she uses for herself.

Most Mothers know that Baby requires remedies especially prepared for babies, yet there are some who think that what is good enough for them is good enough for Baby, and it is to these Mothers we appeal to give nothing to their babies that is not specially prepared for babies or recommended by their Physician.

False claims may kill, but false claims can never restore your child.

For over thirty years Fletcher's Castoria has been aiding in the reduction of the deaths among infants as Mothers have become more and more acquainted with it. Always keep it in the house.

CHILDREN CRY FOR FLETCHER'S CASTORIA

Are You Prepared?

A doctor in the house all the time would be a good idea. Yet you can't afford to keep a doctor in the family to keep baby well or prevent sickness. But you can do almost the same thing by having at hand a bottle of Fletcher's Castoria, because it is a wonderful remedy for indigestion, colic, feverishness, fretfulness and all the other disorders that result from common ailments that babies have.

Fletcher's Castoria is perfectly safe to use. It is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. Children cry for Fletcher's Castoria, and mothers recommend it because they have found it a comfort to children and a mother's friend.

If you love your baby, you know how sweet it is to be able to help baby when trouble comes. You cannot always call upon a doctor. But doctors have nothing but good to say of Fletcher's Castoria, because they know that it can only do good—that it can't do any harm—and they wouldn't want you to use for baby a remedy that you would use for yourself.

MOTHERS SHOULD READ THE BOOKLET THAT IS AROUND EVERY BOTTLE OF FLETCHER'S CASTORIA

GENUINE CASTORIA ALWAYS Bears the Signature of
