ROBINSON'S.

LOUISVILLE, KY.

GENERAL REMARKS. Please Read Carefully.

QUALITY should be your first consideration in placing a seed order. **Blue Ribbon Qualities** mean more than ordinary grades. They are the **Highest**.

Wood, Stubbs & Co's Blue Ribbon Seeds were awarded Gold Medal at the Louisiana Purchase Exposition, St. Louis, 1904.

We receive annually hundreds of testimonials speaking in highest praise of the products grown from Blue Ribbon Seeds, and they are endorsed by the best gardeners and growers everywhere.

Why Blue Ribbon Seeds are the Best.

1st. They are grown especially for us on contract by reliable and experienced growers and under our personal supervision.

2nd. They are tested both for germination and in field trials at the Blue Ribbon Seed Farm, constant care being used for most careful selection.

3rd. They are not the "left overs" which are sold so miscellaneously especially to wholesale trade.

PRICES. Only one word "**COMPARISON.**" If any other reputable seed house offers lower for equal quality stocks, all other things being equal, we cannot expect the order. We do not mean by this that on special large orders lower prices cannot be made. We would like to estimate on such orders ourselves.

SHORTAGES FOR 1905. Owing to the failure of crops in many sections, prices given in this Catalogue are subject to change and being unsold. In some cases seed crops have turned out very short, and while we have endeavored to make prices reasonable on all items, we may find it impossible to supply all orders, therefore we would advise that orders be sent in just as soon as possible after receiving this Catalogue. Stocks of Corn, Beans, Peas and Cantaloupe, for wholesale orders, will be supplied as long as such as are reserved for this purpose last.

Why Not ORDER NOW?

You have everything to gain. Nothing to lose. We guarantee that if there is a reduction in prices in our regular wholesale list issued in December you will get the benefit of same. If there is an advance, however, you do not pay it. Further you are not so liable to disappointment on short items.

TERMS OF SALE.

Sixty days, or 2 per cent. discount for cash in 10 days from date of invoice.

Bags, Barrels and Boxes are charged at cost, and not subject to return for credit.

We deliver all goods **F. O. B. Louisville** to Depots or Express Offices, but are not responsible after we have a signed Bill of Lading in good order from the Transportation Co. for delays, accidents or loss of goods in transit.

10 pounds will be supplied at 100 pound rate.

½ pound and ½ bushel at pound and bushel rate.

Smaller quantities will be charged at higher rates.

ABOUT WARRANTING SEEDS. While we exercise the greatest care to have all seeds pure and reliable, we give no warranty, expressed or implied, as to description, quality, productiveness, or any other matter connected with the goods we send out, and will not be in any way responsible for the crop. If the purchaser does not accept the goods on these terms they are to be returned at once, and any money that has been paid for them will be refunded. Every order received for articles in this catalogue will be executed on these conditions only.

Read the following letters which are self explanatory.

ANCHORAGE, KY., Nov. 5, 1904.

We formerly purchased our supplies of Garden Seeds from eastern seedsmen, but for the last two years used yours almost exclusively.

Our trade has increased in this line in spite of competition, and we believe that it is due mainly to the high qualities of the stocks which we have been supplying our customers, who have had general satisfactory results.

Yours very truly,

HAUSGEN & FULTON CO.

SHELBYVILLE, KY., Oct. 29, 1904.

I have been using your seeds for several seasons, and find that my trade is increasing all the time. I have used lots of seeds personally for my own use, and supply most of the best growers with Garden Seeds in our City.

Your seeds have given general satisfaction, and prices are reasonable.

Very truly yours,

E. P. HALL.
