DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 175013

Monthly Labor Relation Special Report
(for December)

(1) Analytic report on a noticable change during the period of report. State any matters showing trend.

As the end of the year approaches, every labor unions throughout Kagawa Prefecture seem to have begun frequent negotiation with the management on the request of payment for year-end allowance.

The amount of year-end allowance of which payment requested by these Labor Unions is, in general, as much salary as their one month's salary.

The highest amount of year-end allowance, which became the most attractive topics of the conference of Prefectural Government Workers Union held on 20 December was ¥ 20,000 (twenty thousand yen) of year-end allowance that was paid to an employee in one of the Chemical Industry plants.

Some labor unions of Soy Brewing Companies in Shodoshima Island seem to have been succeeded in obtaining the year-end allowance, with better condition of payment than that of other labor unions, it is said.

On the other hand, there are some unions who are in trouble due to the delinquent of the payment of their salaries.

(2) Schedule of main conference and meetings to be held within two months concerning the labor matters of Kagawa Prefecture and Shikoku.

SPECIAL REPORT

Substance:

(1) Analytic report on any noticeable change during the period of report. State any matters showing trends.

例年の如く県下一円の会社事業場に於て年末資金獲得の運動が活潑に展開されたが労使の間で自主的な団体交渉が持たれ解決がついた結果が本年度に於ては地労委に提訴された問題は一件に過ぎない。

(年末資金の要求)

As seen in every year, the struggle for the acquisition of the-year-end-allowance was actively staged by companies and factories throughout Kochi Prefecture. But judging from the fact that there was only one case concerning the-year-end-allowance demand appealed to this Committee during this year, the unions demands ~~seem~~ seem to have been settled through autonomous negotiations between managements and unions.

(c) Number of workers:

Total : 205

Male : 153
Female : 52

(d) Nature of dispute:

For these three months, the Management has paid no money to the workers and so the Union officers demanded the company to pay the wages as early as possible.

The Management is insisting that the company cannot accept the Union's proposal because the proposal shows only the one sided will of the Union members and does not include the will of non-Union members of the company.

Moreover, the Management seems to have an intention of putting off a negotiation for the time being for the production system is still in poor condition and the company needs some adjustments.

The Union went on strike in the form of such tactics as "Leaving-the-Workshop" from 23 to 28 November.

Efforts are now being made by the Local Labor Relations Committee members to settle the problem but it seems very difficult to expect the early settlement of disputes, and to forecast how the dispute will develop in the future.

Demand: Making regular advancement in wages and payment of Bonus money.

(e) Settlement, date, and condition:

30 Nov., 1950.

After successive negotiations the dispute was brought to an amicable settlement on 30 Nov.

The development of negotiation was as follows.

16 Nov. A mediation plan was offered by the LRC to both sides.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 175013

Term included in the plan.

1. Regular advancement is to be made from the month of December.

2. The problem of Bonus Money is to be voluntarily settled by 15 December.

   But this mediation plan was refused by the Union members.

   The Management gave an answer as follows.

   1. The company has no intention of making periodical advancement in wages.

   2. About the problem of Bonus Money, we are ready for entering into negotiation to settle the problem.

Thus the both parties concerned are now trying to do their best in order to settle the problem voluntarily, following the advice of the LRC.

G. Problem (bottleneck and difficulties)

None.

H. Trends:

Due to financial tightness, the arrear payment in wages seems to be very common among the smaller and medium enterprises.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 175013

As the end of the year is just around the corner seems to be widely extended by many labor groups of various enterprises to get year end allowances.

But the real situation is that most of the labor unions of smaller and medium enterprises have so far been unable to get a satisfactory acceptance from the Management despite of vigorous efforts on labor's side.

At any rate there are very few labor unions who have succeeded in making the Management agree to the payment of reasonable year-end allowance.

本月中の提訴事件は高知縣運送労働組合の提訴にかゝる未払賃金並に労働協約締結に関する事件のみであり特記すべき問題はないが縣下二三の會社に於ては年末を控え越冬資金要求の問題が労使間に起つてゐる様であるが未だ提訴上には紛争として具体化されてゐない。

There was no appeal to be specially reported during this month except that made by Kochi-Ken Transportation Workers Union with regard to the unpaid wages and trade agreement conclusion.

But with the year end drawing near, problems over the payment of year-end-allowance seem to be taking place in two or three companies in Kochi-ken.

But there is no appeal of that nature so far.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 175013

Monthly Labor Relations Special Report
(for November)

1. Analytic report on a noticable change during the period of report. State any matters showing trend.

The most hardest problem to settle down by mediation in this month was the application submitted by Noda Industry Co., Ltd on the periodical advancement and payment of special allowances for the employees of the company.

In order to settle down the disupte quickly, the LRC gave the Labor Union of Noda Industry Co., a mediation bill which they refused to accept.

The Labor Union started to stage a strike in spite of our mediation.

The L.R.C., therefore, recommended them to stop strike giving the suggestion that LRC would do their best to make continuous efforts to settle down the dispute by mediation even if they are refused to accept the mediation bill submitted by L.R.C.

Finally the Union of the company came back to their work again from 22nd of November and is working as usual under the cover of continuous mediation taking by LRC.

The other problem was the case in Marutaka ~~Net~~ Paper Manufacturing Co., Ltd.

The labor Union of the company staged into the strike on 23rd requesting their wages which had been unpaid for those 4 months.

Efforts have been made by LRC to settle down the dispute by mediation smoothly.

H. Trends

The recent low tide of concluding labor agreement can be attributable to little consciousness on the part of laborers but we cannot miss such outer causes as social and financial situation which will undoubtedly affect the union activities.

It is very desirous for labour unions to conclude labor agreement as early as possible to tide over such reluctant situation because one of the chief causes for many disputes is considered mainly due to such inactive attitude on the part of labor unions toward the conclusion of labor agreement.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 115013

C. New cases appealed to the L.R.C. during this month:

(a) Date of appeal	(b) Name of plant and location	(c) No. of workers	(d) Contents of dispute
Oct.10	Nagahara Gyogyoamikai (fishing net association), Nagahara, Matsushige-Son, Itano-Gun	No. of workers unknown, No. of unionists M. 98 F. 41	Nagahara Fishermen's Labor Union intended to conclude an union contract with fishing net owners Yoshichika IWATA and 8 other persons who form the Nagahara Fishing Net Association, but their proposal was rejected and in the meantime, as there was an act likely to be unfair labor practice by some of the owners, the union entered into strike on Oct. 6 and appealed to L.R.C. on Oct. 11 for settlement.
Oct.19	Toyo Shigyo K.K. (Paper industry), Komatsushima factory, Komatsushima-Cho, Katsuura-Gun	M. 16 F. 3	As reported in September monthly report, the dispute was once settled on Sept. 3 and the Union informed the company of names of voluntary retirers in accordance with the memorandum, but as the company could not fulfil payment of outstanding wages and retirement allowance etc. nor did show good faith to carry it out as agreed, the union appealed for mediation on Oct. 19. However, as the L.R.C. did not think that such mediation would be received by the company, the committee had consultation with the union and it was agreed that the tripartite conciliation would first be tried and in case of its failure, conciliation would be converted to mediation and on the same day, the committee received an application of conciliation.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 175813

The L.R.C. tried to conduct conciliation, but the factory superintendent did not appear at the meeting under pretext of headache, money-raising, absence etc. and to make it worse, he tried to reject his attendance, sending in a single letter of his resignation. Thus, the company's eagerness could not be seen, which stiffened the attitude of the L.R.C.

Thereupon, the factory superintendent, getting wind of his unfavorable standing, hastened to raise money and paid up outstanding wages and retirement allowance. Consequently, the union offered to withdraw its appeal and the dispute was voluntarily settled.

D. Old and new cases settled by L.R.C. during this month:

Date of appeal	Name of plant & location	No. of workers	Natureof dispute	Date and conditions of settlement
Oct.10	Nagahara Gyogyoamikai, Nagahara, Matsushige-Son, Itano-Gun	M. 98 F. 41	same as in Item C	Date of settlement: Oct. 11 The union was on strike, but as the owners carried out business as usual with temporary employees, they stood strong. With a view to early settlement, the L.R.C. intended to conduct mediation only in point of wage system which makes key point of union contract and to let others be settled by mutual talking and the following memorandum was exchanged on Oct. 11. (1) the union will break the strike right away, (2) basic wage will be fixed at ¥70 per day per man and ¥50 per day per woman in case of work day,

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 175013

				(3) Extra basic wage will be half of nett proceeds of total catch, (4) In case total catch proceeds fall short of necessary expenses, basic wage will be paid by net owners.
Sept.29	Kondo Tekko K. K. (Iron works), 4-Chome, Showa-Cho, Tokushima-Shi	M. 27 F. 2	The company discharged 4 employees due to business depression. In this connection, the company insisted on payment of discharge notice allowance only, while, the union claimed for retirement allowance and appealed for conciliation.	Date of settlement: Oct. 2 Settlement conditions were as follows: (1) Discharge of 4 employees will be dated on Sept. 25. (2) Besides discharge notice allowance, the company will pay ¥1,000 each as the president's small present. (3) As to discharge notice allowance, the company will pay tax thereof.
Dec.27, 1949	Tokushima Pref. Office, Mandai-Cho, Tokushima-Shi	M.2,200 F. 300	Former officials appealed on account of alleged undue discharge	Please refer to October special report.

KAGAWA LRC (Oct)

1. Analytic report on a noticable shcange during the period of report. State any matters showing trend.

Both the management and the labor union of Electric Industry Company in Kagawa prefecture accepted the mediation bill, which was presented them as media for suggestion to settle down the dispute of payment for the period of the strike, and they are ready to discuss about the concrete methods of payment in accordance with the mediation bill which were accepted by themselves.

Red purge announcement was made, next to purge in such communities as newspaper offices, radio stations and electric industry companies, four, Nittsu Transportation Co., Shikoku Branch and, eight, Kotoden Electric Railway Co., Ltd., Takamatsu to shut out the red elements from their companies.

The announcement has already been accepted by these four, Nittsu Co., in Shikoku Branch.

The attitude of these eight towards the announcement of their purge in Kotoden Electric Railway Co., Takamatsu is not known yet whether they will accept it or not.

It is, however, expected, that the announcement will be accepted by themselves before long.

2. Shcedule of main conference and meetings to be held within coming two months concerning the labor matters of Kagawa Prefecture and Shikoku.

Labor disputes appealed to the Kochi-Ken Local Labor Relations Committee during this month are those concerning conclusion of trade agreement and the Red Purge. The disputes over conclusion of trade agreement have not yet come to the surface noticeably presumably because of the fact that the "Trade Agreement conclusion Acceleration movements" have just been pushed forward.

As for the purge of the communist party members, the unions are making appeals, asking for the clarification of the dismissal standards concretely. It is anticipated that similar problems would take place in the future.

Content:

Surveying report on special problems and phenomena, and comments on tendencies and trends during the month of report.

(1) Settlement of the case of unfair labor practice occurred at Tokushima Prefectural Office.

In this case Seiten Okubo and four other men who were suspended from the office or dismissed from the office, dated Sept. 17, 1949 instituted the suites of unfair labor practice against the prefectural office, privately on Nov. 10, 1949, while the same suite was instituted by the Labor Union on Dec. 27, 1949, demanding the abolition of the disposition mentioned above in order to relieve them. Since that time we have done every effort in making voluntary reconciliation between the two sides along with the investigation of the case, and at last they reached an agreement under the following conditions and the suit was withdrawn and the dispute was settled.

With the success of reconciliation the suit instituted to the Local Court was withdrawn, in which they made an application for provisional disposition to preserve their posts.

The conditions of reconciliation:

a. To abolish the suspension from the office for Seiten Okubo, Yoshiaki Shima and Tomoyuki Taho, dated Sept. 17, 1949 and dismissal for Shigenobu Moriuchi and Hiroaki Katsuse, dated Sept. 17, 1949, and at the same time to affirm their retirement from the office at their own request by the two sides concerned, dated Oct. 12, 1949 for Okubo and Shima, dated Sept. 16, 1949 for Taho, and dated Sept. 17, 1949 for Moriuchi and Katsuse.

b. To pay ¥30,000 to them respectively as settlement money.

c. Okubo, Shima and Taho shall not demand the difference of salary for the days between the date of suspense and the date of retirement.

d. To withdraw the suit for unfair labor practice to Tokushima Local Labor Committee on Oct. 10, 1950.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 175015

Settlement of the unfair labor practice case at the Tokushima Pref Govt

The case is one where OKUBO Uminori and 4 others, who were suspended from duty or discharged by the Tokushima Prefectural Govt on 17 Sept 1949, appealed in individual capacity to the LLRC on 10 Nov to request the cancellation of discharge, claiming it unfair labor practice. Subsequently the union re-appealed to the same Commission for the same cause. The Commission, trying to attempt conciliation side by side with the investigation, brought to conciliation, 10 Oct this year, on the following terms. The appeals to LLRC and the application to Tokushima District Court for injunction guaranteeing the workers' status were thereby withdrawn.

Conciliation terms:

(a) It shall be understood by both parties that the suspension of duty inflicted on 17 Sept 1949 to OKUBO Uminori, SHIMA Yoshiaki and DEMPO Tomoyuki and the discharge given on the same date to MORIUCHI Shigenobu and KATSUSE Hiroaki were cancelled and that they resigned

Regular 2

Extraordinary 0

Total 2

2. Public benefit committee meeting 1

3. Other committee meeting 11

G. Problems: None.

H. Trends:

To scrutinize appeals, there are many cases of outstanding payment of wages due to business depression of medium and small enterprises and gradual increase is seen in personnel cut resulting from reduction of factories, and claims for payment of outstanding wages and retirement allowances occupy more than half of the appeals.

By the way, there may be seen an indication that recent weakness of labor union enables the enterpriser to discharge their workers as he please.

I. Recommendations: None.

H. 趨勢傾向

提訴をみるに中小企業不振のため賃金未拂多く工場公傾少による人員整理に新しく増し未拂賃金退職金支拂要求等が大半をしめてゐる 尚最近の勞組の弱力化は企業主の解雇を思いまゝにしてゐる様に思はれる
