FRANK EBERLE, in writing of California's display at the St. Louis, among other things, says:

"The gorgeous climate of California" and the wonderful products of that State are much in evidence at the World's Fair. A glance at the beautiful booths in the Agricultural Palace filled with the finest products of that State speaks volumes for California's soil and climate, for among these exhibits are fruits peculiar to the torrid as well as to the temperate zone.

California's State building is unique and strikingly attractive, being modeled after the famous old Santa Barbara mission building. It occupies a place of prominence and is one of the most frequently visited state buildings at the Fair. It is conducted with true California hospitality and is open to the public every day until late in the evening, not being closed at sunset like many of the other buildings. The interior of the building is a very cosy place and is growing in popularity with World's Fair visitors.

So accurately has the old mission been reproduced that even the coloring has been duplicated by giving to the California building a tone to indicate the age of the structure after which it has been modeled, a building erected before California became a part of the United States.

In the Palace of Agricultural California is seen to best advantage, where several of the leading agricultural counties have separate exhibits. San Jose and Santa Clara county have reproduced an old Spanish mission church and covered the entire building from dome to floor with California fruits, dried peaches, prunes and apricots serving that purpose. The building attracts the attention of all visitors and is getting admired for the originality and the artistic taste with which it was arranged. On top of the building is a miniature reproduction of Stanford University, resting like a white crown upon the quaint old mission.

The Fresno and Kings county display is one of the most beautiful in the building, with an exhibit of raisins that excite the envy of the great raisin producers of southern Europe.

Los Angeles and the southern counties are grouped together in the center of the California section, and the exhibit is like a little palace decorated with rows of oranges set in clusters of moss on a dark green velvet background. Between the pillars are portiers of peanuts tastefully arranged, while cases of wine and jars of nuts and fruits and boxes of dried fruits form a delightful picture in a frame of golden oranges.

Sacramento Valley with a bear made of prunes, a horse made of hops and a towering reproduction of the California capitol dome attracts no little admiration, and the fine products displayed proves the wonderful richness of that section of the golden state.

Santa Barbara county's exhibit contains an obelisk made of 2000 bottles of olive oil. Olives and honey in jars, bunches of grapes, peanuts, grain and grasses, and fruits of various kinds comprise the decorations of this pretty pavilion.

Orange county has a pretty exhibit of grasses and grains, jars of nuts and fruits. Ventura county has a fine exhibit of fruits, nuts, vegetables, olives and olive oil and a large elk made of beans.

California's horticultural exhibits in the Palace of Horticulture contain a most beautiful collection of fine fruits, which must be seen to be appreciated. Here are the fresh fruits, while in the Palace of Agriculture are both preserved and fresh fruits.

In the Forestry, Fish and Game building California has another great exhibit. Here the beautiful woods of California are shown, both in the rough and polished state great slabs of timber from the California forests being shown.

In the Mines and Metallurgy building, California, the great gold producer has an appropriate display showing its wonderful mineral resources and diversified products. In fact, California figures quite prominently in every important department of the World's Fair and the outside world is given a better idea of the wonders of this great wonderland by seeing the California exhibits at St. Louis.

MAJOR H. S. FOOTE, finance clerk of the Board of Supervisors, says the VISITOR was in error last week when it stated that the delinquent tax list was given out by the Supervisors, and as Major Foote is law around that office we stand corrected. He says that Tax Collector January gave the printing of the list according to law, and that the Supervisors only have power to give it to additional papers, and this they refused to do this year. If they are not responsible for the list being published in the San Jose "News," they are responsible to a certain extent for the meager advertising the list secured, for a proposition was made to them by the country papers to publish the same, but which was turned down. We are glad to make the correction, not intentionally wishing to do them an injustice. Friend January has always stood loyally by the country press, and if he had to give the list to but one paper, it is natural that a San Jose daily should get it, but as to the paper he selected, there are others who would have done differently.

CONGRESSMAN WM. WYNN is receiving the congratulations of the residents of this county upon the successful carrying through of the project of deepening Alviso slough. Word has recently been received from Washington that the government engineers have consented to go ahead with the deal, notwithstanding the fact that former Congressman Loud had repeatedly said it could not be accomplished. It is surely a compliment to Congressman Wynn to be able to do in his first session, what Loud failed to do in twelve years, or twenty-four sessions, and having his party in power almost continuously. Congressman Wynn was with the minority party and a stranger. The San Jose Chamber of Commerce has recognized the value of Congressman Wynn's services to this county by naming a committee to confer with a like committee from the South San Francisco Bay Yacht Club, to make arrangements for a reception soon to be tendered the congressman.

PRESIDENT HALE has said that if no obstacles are placed in the way, the people of Campbell can ride to San Jose on the new Inter-urban electric road by next Christmas.

CAMPBELL

(THE ORCHARD CITY)

Lies 50 miles south of San Francisco on the Santa Cruz division of the Southern Pacific Railway, 5 miles from San Jose, in the famous Santa Clara Valley, the garden spot of the State.

SCENERY SUPERB

With the Santa Cruz Mountains to the west and south and the Coast Range to the east, a majestic amphitheatre is formed, the beauty of which can not be excelled anywhere. Campbell has an altitude of 195 feet. The cool breezes from San Francisco bay at the north insure an even and comfortable temperature throughout the summer months, while the winters are warm and pleasant. Flowers bloom out of doors the year around.

EDUCATIONAL ADVANTAGES

Campbell has a population of about 600. It maintains a (third class) post-office which distributes mail to 3,000 patrons, covering over 30 square miles of orchard homes. There are two churches—Methodist and Congregational—a first class High School and Graded School, and within a few miles are two Universities, two Colleges, a State Normal School and several Business Colleges and private schools.

The Stanford University with its marvellous architecture is only 20 miles away.

NO SALOONS

Campbell has a complete water system of its own. It has electric lights and power for mechanical purposes, which is distributed throughout the orchard district. A telephone exchange serves over 40,000 people. A prohibitory clause in all deeds to property within the town limits, prevents the saloon from being established.

MINERAL SPRINGS

The hot springs of Alum Rock Canyon and Congress Mineral Springs are within two hours' drive, giving a panoramic view of the entire valley.

The Almaden Quicksilver Mines, the largest in the world are within easy access by rail or team.

The largest seed farms in the world only 10 miles distant.

FINE ROADS AND RESORTS

The Santa Clara Valley boasts of the finest roads to be found in the State. It has over 350 miles of sprinkled rural highways. In attractions for tourists the Santa Clara Valley can not be surpassed. Thirty-two miles eastward over a magnificent mountain road is the famous Lick Observatory on Mt. Hamilton, 4,444 feet above sea level. There are numerous mountain retreats within two hours' drive for those who love the camp and sparkling brook. The sea beach to the southward 27 miles by rail or carriage drive, and through the most beautiful mountain scenery in the world.

A trip to the Big Trees, twenty feet in diameter and two thousand years old, will furnish a delightful day's outing.

FRUIT CENTER

Campbell's mammoth fruit dryer and packing house is the largest in the world. It has a capacity of over 10,000,000 lbs.

The Campbell Orchard District is noted for the quality of its fruits. For delicacy of flavor and beauty and perfection of color, its cherries, apricots, peaches, apples, plums, grapes and pears, have no equal in their fresh state, and command the highest market price. As cured or dried fruit the Campbell prune, apricot, and peach is shipped to every civilized country on the globe. Nearly one-half of all the prunes grown on the continent are from Campbell orchards. One and a half million cans of fresh fruits are packed in Campbell every season.

The demand for intelligent labor is increasing every year. Families desiring profitable employment in orchards, packing houses and canneries find this an ideal home.

LAND VALUES MODERATE

Land values are very moderate—bare land brings from \$100 to \$300 per acre and when set to trees sells from \$200 to \$1,000 per acre, according to location and age of orchard. Ten to fifteen per cent is an average net income, while many places yield a much higher rate.

Short a Campbell home is one surrounded with HEALTH, WEALTH AND PLEASURE.

CONGREGATIONAL CHURCH.

REV. GEO. E. ATKINSON, Pastor.

We are always glad to see strangers at our services. We should be pleased to welcome you and to have you worship with us. Feel free to make this your church home.

You will find our meetings bright, brief and brotherly.

Services every Sunday morning and evening. Sunday School after morning service and Endeavor just preceding the evening service. Our midweek service is Wednesday evening.

"Come thou with us and we will do thee good."

METHODIST CHURCH.

REV. J. F. JENNESS, Pastor.

The following services will be held next Sunday:
10:15 a. m. Class meeting.
11:00 a. m. Morning worship.
12:15 p. m. Sunday-school.
6:00 p. m. Senior and Intermediate Leagues.
7:00 p. m. Evening worship.
A cordial welcome will be extended to all these services.

Beginning next Sunday morning (July 24th) the pastor will preach a series of sermons on Immortality, treating the subject under the following heads:

I. The Doctrine of Immortality Historically Considered, with Illustrations from the Teachings of the Egyptians, Greeks and Hebrews.

II. What Jesus Christ has done for the Doctrine of Immortality.

III. The Doctrine of Immortality in the Light of Modern Scientific Research.

In the evening of the same date the pastor will deliver the first of a series of practical discourses on the Nature of Religion. These will continue through the month of August, and will be based upon the definition of religion given in James 1:27.

I. Religion Practical and Designed for the Present Life.

II. Religion and Business.

III. Religion and the Home.

IV. Religion and the Unfortunate.

V. Religion and the Personal Life.

VI. Religion and the Life to Come.

Special music will be an attractive feature of all the summer services.

Next Sunday evening there will be a street meeting under the auspices of the Methodist Church. The young people are especially requested to come and help with the singing. All who can attend are invited to meet at the church promptly at six o'clock for a brief preparatory service.

Notice.

There will be a caucus of the Republicans of the Campbell precinct at Campbell Hall, on Tuesday evening, July 26th, for the purpose of nominating delegates to the county and the State conventions. Hamilton precinct is invited to join with Campbell in nominating one delegate for the State convention. All Republicans are requested to be present at 8 o'clock, P. M.

SILVER BELLS

**Revolution in
 Bread-Making**

We have found the flour that is going to make a revolution in Bread Making.

WHY?

It is made from Blue Stem Wheat and Hard Wheat from Minnesota, and it is blended in such proportions as to produce flour for bread making that has never before been offered in this community.

Silver Bell Flour, the miller tells us, contains 28 per cent gluten.

Housekeepers coming here from the East ask why they can not obtain flour equal in quality to Pillsbury's Minnesota Flour.

The answer is that most California flour is made from Australian Wheat, while Minnesota's best Patent Flour is made from Hard Wheat.

SILVER BELL FLOUR is put on the market with the assurance that it is not excelled in quality by any flour whether made here or in the East. We claim for Silver Bell Flour that it will make from eight to ten more loaves of bread to the barrel than flour made from Australian Wheat and we are going to offer this carload of Silver Bell Flour at the regular prices for our local flour:

Barrel.....\$5.10
 100-pounds.....\$2.55
 50 pounds.....\$1.30

It is our expectation that every bread maker in Santa Clara county will not rest satisfied with her bread until she has given the Silver Bell Flour a trial.

LOCAL NOTES.

Mrs. Powers is back from her vacation.

H. C. Plimpton, wife and niece are at Capitola.

Campaign buttons in great variety at Miss Lawrence's.

Charles Townsend is able to be around, but not able to work.

P. F. Farrington is home from an extended vacation at coast.

Stuart Quillen, a cousin of S. L. Hayes, is here on a visit from Arizona.

Try some of the California Prune Table Syrup. Very fine. At Putnam's.

Mr. and Mrs. Rose have moved into the Shelly house on Harrison Avenue.

Mrs. J. D. Blaine and Mrs. E. C. Hurlbert and children are home from Capitola.

Miss Letha McCollough, from Halsey, Ore., will pay an extended visit with Miss Tillie Hayes.

J. D. Blaine has had good luck catching salmon at Capitola this week, having secured some large fellows.

R. W. Kennedy, is in Shasta county for his health, and was when last heard from about to take a hunting trip with relatives back into the fastnesses some 100 miles or more.

Mr. and Mrs. C. W. Gilman and the latter's sister, Miss Florence Perry, of Litchfield, Minn., have been spending 10 days at Pacific Grove, and Mr. Gilman, who has returned, leaving his wife and sister there, reports a splendid time.

FOR SALE—New, modern, Los Angeles style, 4-room cottage; bath and pantry; east front; lot 45x150 feet; good fruit trees. House hard-finished. A bargain at \$1150, and in a good neighborhood in Campbell. Hurlbert & Kennedy, agents.

The Visor's typesetter having accepted a position at the cannery it now devolves upon the boss to act as news gatherer, editor, collector, typewriter, pressman, job printer, printer's devil, and numerous other things, so it is no small thing to get out a great moral educator like this on time and just the way one would like under such circumstances.

Last Thursday night Morning Light Lodge, No. 42, I. O. O. F., installed officers. District Deputy Patch and staff of Cupertino, were the installing officers. Refreshments were served at the close. Following are the officers: Past Grand—H. J. McGee; Noble Grand—E. C. Merrill; Vice Grand—W. R. Coupland; Recording Secretary—Fred Baumgartner; Financial Secretary—R. E. Gates.

The republicans will caucus on Tuesday evening at Campbell Hall, for the purpose of electing

delegates to county and State conventions. Louis Onealis now our State Senator by act of the last legislature in having redistricted the State. Of course our good republican delegates will see to it that "Slippery Louie" is turned down when he comes up for renomination. It would be real funny to see him hobnobbing with the character of men who are supposed to direct the destinies of the G. O. P. at Campbell.

FEMALE WEAKNESS

5421-2 Congress St. PORTLAND, MAINE, Oct. 17, 1902. I consider Wine of Cardui superior to any doctor's medicine I ever used and I know whereof I speak. I suffered for nine months with suppressed menstruation which completely prostrated me. Pains would shoot through my back and sides and I would have blinding headaches. My limbs would swell up and I would feel so weak I could not stand up. I naturally felt discouraged for I seemed to be beyond the help of physicians, but Wine of Cardui came as a God-send to me. I felt a change for the better within a week. After nineteen days treatment I menstruated without suffering the agonies I usually did and soon became regular and without pain. Wine of Cardui is simply wonderful and I wish that all suffering women knew of its good qualities.

Wilhelmina Snow
Treasurer, Portland Economic League

Periodical headaches tell of female weakness. Wine of Cardui cures permanently nineteen out of every twenty cases of irregular menses, bearing down pains or any female weakness. If you are discouraged and doctors have failed, that is the best reason in the world you should try Wine of Cardui now. Remember that headaches mean female weakness. Secure a \$1.00 bottle of Wine of Cardui today.
