

CANADA'S WILD LIFE IN PICTURES

Photographs Are Now on Exhibition at Provincial Museum

An interesting exhibition of photographs of the wild life to be found in all parts of Canada, may be seen at the Provincial Museum during the whole of the present week.

This collection of pictures was assembled originally by the Ottawa Field Naturalists' Club, and was shown first at the federal capital under the auspices of the Governor-General and Lady Byng.

The Natural History Society of B. C. was responsible for getting together the section which deals with the wild life of this province.

Arrangements will be made during the week for all the school children to see the collection.

MALE RITES TO BE BURIED ALIVE IN NIGERIA, LECTURER SAYS

A land where the mysterious rites of Ju-Ju, and the sacrifice of human life still remained to be stamped out by the advance of civilization, British West Africa, was the subject of an absorbing address by Major A. W. Gelson to the Kiwanian Club luncheon at the Dominion Hotel at noon today.

Major Gelson spent four years in the land known as the White Man's Grave by virtue of the high mortality among white residents. In the year 1917, and previously 80 per cent. of the white men who entered the country died in less than a year.

COMMUNISTS HOLD CONFERENCE

Meet in Frankfurt, Germany; Men From Several Countries There

Frankfurt-on-Main, March 20.—"Exertion of all efforts against a fresh outbreak of war on the Continent and the conversion of such a movement later into an inter-revolutionary movement of the United States of Europe, were advocated at today's session of the international Communist Conference by J. W. Newbold, Communist member of the British House of Commons.

The duty of the Communists, he asserted, was to ward off the danger of a new world war, and the world will be thrown into an imperialistic carnage not to be compared with that of 1914.

Other speakers were made by French, Russian, Dutch, Polish and Bulgarian representatives.

CANADA'S DAIRY EXPORTS REPORTED

Ottawa, March 20.—The United States was by far Canada's largest customer for butter during February, 1923.

Exports of cheese from Canada in February amounted to only 4,275 hundredweight, as against 17,477 hundredweight in February, 1922.

Exports of cream from Canada in February amounted to 66,513 gallons and fresh milk 69,132 gallons.

HOUSE DECLINES TO CHANGE RULE

No Amendment to Amendment to Budget in Commons

Ottawa, March 20.—Without dividing the House, the House of Commons last night re-affirmed its stand of 1919 against the granting of titles in Canada. By a vote of 121 to 14, a majority of 107 against the principle, the House defeated a motion offered by Mr. Laidner, Conservative, South Vancouver, which would have permitted the granting of decorations, save those carrying titles, for distinguished service or high attainment in education, literature, art and science.

READY MOTIVE AGAINST TITLES

Commons, by Majority of 107, Reaffirms Its Stand of 1919

Ottawa, March 20.—The House of Commons last night re-affirmed its stand of 1919 against the granting of titles in Canada. By a vote of 121 to 14, a majority of 107 against the principle, the House defeated a motion offered by Mr. Laidner, Conservative, South Vancouver, which would have permitted the granting of decorations, save those carrying titles, for distinguished service or high attainment in education, literature, art and science.

COAL INQUIRY IS STARTED AT OTTAWA

Question of Canada's Supply Referred to Commons Committee

Ottawa, March 20.—The Standing Committee of the House of Commons on Mines and Minerals will take up the question of Canada's coal supply. After a debate covering yesterday afternoon and part of last evening's sitting, the House adopted a resolution, on the motion of T. L. Church, Conservative, North Toronto, declaring the time has arrived for Canada to have a national policy in relation to its coal supply, and no part of Canada should be left dependent on a United States coal supply.

As originally submitted, the motion accepted by Mr. Church, the latter feature was struck from the motion and it was referred to the Mines Committee.

Hon. D. D. McKenzie, Solicitor-General said there was enough coal in Nova Scotia to last many centuries and to supply the whole Dominion.

Mr. Laidner, Independent, Comox-Alberni, pointed out that the Canadian duty on bituminous coal handicapped the export of British Columbia coal to the United States in just the same way that it hampered the export of Alberta lignites. Yet it did not produce any compensating revenue in British Columbia.

Hon. G. P. Graham, was quite satisfied to let the question go to the standing committee. Mr. Graham pointed out that the transportation difficulty was in bringing coal from the West. The cars had to return empty, so that every ton hauled had to pay the rate both ways. In other words, it was a matter of carrying coal 1,800 miles in competition with coal brought from 500 to 800 miles away.

Hon. Charles Stewart said that without opening another mine and without building another mile of railroad, Alberta could satisfy Canada's entire demand for coal. It was simply a question of rates.

In answer to a question Mr. Stewart said Alberta produces a very fine grade of semi-anthracite, as well as bituminous coal.

REPORTS ABOUT SMEETS CONFLICT

London, March 20.—According to a dispatch to The Daily Express from Cologne, Joseph Smeets, the German separatist leader, who was shot and wounded at Cologne last Saturday, died yesterday. Several other dispatches assert Smeets is still living, but is in a very serious condition. A Reuter dispatch from Cologne says it is believed he will recover from his wounds.

NO GRAND JURIES IS MANITOBA PLAN

Winnipeg, March 20.—If a resolution to be brought down by the Government during the present session is carried by the Legislature, grand juries in Manitoba will become an institution of the past and an annual saving of \$50,000 will be effected. If the grand jury is eliminated each case will go direct to a judge or petty jury from the preliminary hearing. No true bills or no bills would be required.

TWO MINERS IN INDIANA KILLED

New Carlisle, Ind., March 20.—Richard Eddleman and Bert Fredericks, shot-firers at the Carlisle Coal Company Mine here, were killed by an explosion which wrecked the shaft yesterday. Their bodies were recovered by rescue parties late last night. The cause of the explosion has not been determined.

REORGANIZING FRUIT SHIPPING TRADE

Mayor Sutherland of Kelowna Organizer for New B. C. Mainland Co-operative

Vernon, B. C., March 20.—Mayor Sutherland, of Kelowna, who has been active in the re-organization of the fruit business, has been appointed organizer of a new co-operative concern, it is announced. He will work with the executive committee in effecting complete re-organization of fruit shipping trade of the interior. The committee is composed of Colonel Scott, Salmon Arm, chairman; R. J. Hoag, Peachland; Basil Stuart, Summerland, and F. Lewis, Kelowna, who represents the vegetable growers.

In a statement Mr. Sutherland said an active campaign would be inaugurated to get the growers who have stood outside the organization to sign contracts and that negotiations were proceeding for the appointment of a general manager. This position was but temporary, he said. Definite financial arrangements for the taking over of independent packing houses had been made and money for carrying on activities was in hand. With the appointment of Mr. Sutherland the larger committee has disbanded and it is expected that the work of completing organization details will be proceeded with without delay.

"I Had Terrible Backache From Kidney Disease"

Mrs. M. A. McNeill, Cannan Sta., N.B., writes:
"I was troubled for years with terrible backache, resulting from kidney disease. At times in each month I remained in bed, the pain was more than I could stand, and to walk was almost impossible. I used about \$50.00 worth of other medicines, but with little result. Now I am completely better, after using only five boxes of Dr. Chase's Kidney-Liver Pills."

Remember — It's Pure and Safe!

CARNATION is twice as rich as ordinary milk! About sixty per cent of the water is removed by evaporation. Nothing else is taken away—nothing added!

The cream, the butterfat, all the rich goodness of this carefully-selected milk remain in it.

Carnation is made safe for you by sealing it in air-tight tins and sterilizing it thoroughly. You can trust Carnation, always.

When you pour Carnation out of the container you have pure, rich, safe milk in its most dependable form.

If you want it for cream purposes—for coffee, cereals, fruit, etc.—you use it as it comes from the tin. For milk uses reduce its double richness to regular strength simply by adding an equal quantity of water.

Carnation is always ready for every milk or cream purpose.

Carnation keeps for several days after opening and its high quality never varies. Thousands of housewives find it economical and most convenient. Many buy it by the case or dozen.

Your Grocer will be glad to sell you Carnation — he knows it will prove satisfactory.

- Try These Seasonable Carnation Recipes**
- CARNATION CREAM OF SPINACH SOUP**
Wash half pound of spinach thoroughly and cook 30 minutes in boiling water. Drain and rub through sieve. Melt 2 tbs. butter, add 2 tbs. flour and 1 cup Carnation diluted with water. Cook five minutes. Add spinach and season with salt and pepper. This recipe serves six people.
- CARNATION LEMON CREAM PIE**
Mix 3/4 cup flour and 1 cup sugar; add 1 1/2 cups boiling water, stirring constantly. Cook five minutes; add 2 tbs. butter, 3 beaten egg yolks, 1/2 cup Carnation, 4 tbs. lemon juice and 1/2 tsp. grated lemon rind. Line plate with pastry, bake in hot oven. Cool. Fill with lemon cream mixture. Cover with meringue. Bake in slow oven until meringue is golden brown. This recipe makes one pie.
- CARNATION COCOA**
Mix 4 tbs. cocoa and 6 tsp. sugar in a cup. Have water boiling. Heat cocoa pot by allowing hot water to stand in it for few minutes. Heat 1 cup Carnation by standing in basin of hot water for 5 minutes or more. Pour a little boiling water into cup of cocoa or sugar to dissolve them. Pour into cocoa pot, add remainder of water, boiling hot, then hot Carnation and 1/2 tsp. salt. Serve at once. Makes 4 cups.

HISTORIC GIFTS AS WELL AS LINES FOR HOSPITAL SHOWER

St. Joseph's Yesterday Received Dr. Helmecken's Chair and Instruments

The surgical instruments and office chair used by the late Dr. J. D. Helmecken were among the many valued gifts presented to St. Joseph's Hospital yesterday afternoon on the occasion of the annual linen shower. In addition to welcome donations of linen of all kinds, together with cash, there was on display—on a silver trowel with which the late Hon. J. S. Helmecken laid the hospital's foundation stone on August 21, 1875. This trowel was presented to him by the Right Rev. Charles J. Rogers and the Sisters of St. Ann.

The visitors were welcomed in the corridor which in conjunction with the nurses' recreation room was bright with Spring flowers and greenery while the tea-table with its bowl of pink sweet peas and rose-shaded lamps was presided over by Mrs. Chas. E. Wilson and Mrs. Arthur Gates. The reception committee included Mrs. August Campbell, Mrs. Alex. McDermott, Mrs. T. S. McLaughlin, Mrs. J. M. Fowler, Mrs. M. W. Thomas, Mrs. Lee Acton, Mrs. H. T. Henderson, Mrs. P. A. Dabington, Mrs. C. H. O'Halloran, and Miss Macnamara.

Mayor Hayward who was present referred with pleasure to his early boyhood days at the Academy of St. Ann, and to the solicitous care which had been bestowed upon members of his family during their several stays in the hospital. He commended the work of the Sisters and wished the hospital generally, and the linen shower particularly, all success.

The members of the executive of the Ladies' Musical Club were the guests yesterday afternoon of Mrs. Clarence Hoard at the tea hour at her home on Rockland Avenue.

Mrs. J. D. Helmecken formally handed the gifts of linen to Sister Superior who accepted in the following words: "The recurrence of the linen shower is always a new and great pleasure to the Sisters of St. Joseph's. We are permitted to exchange kind greetings, and often meet many of our good friends who otherwise we do not frequently see. We assure you the deep interest you evince by your presence as well as your generous donation of linen is very sincerely appreciated. We thank you one and all for your timely assistance."

The Ladies' Auxiliary, we wish to extend special thanks: the valuable help they are steadily bringing to us in many ways, in fact and in spirit, and which I could thank them as I would wish to do.

"To Mrs. McDermott, the convener of the linen shower who gives herself so much attention, we feel deeply grateful; and to Miss Mayer, the organizer of the shower, we are likewise thankful. To the ladies and gentlemen who contributed to the musical programme, and to those who donated linen, refreshments or anything by means of which St. Joseph's Linen Shower enjoys its special reputation, we are all very grateful."

KUMTUKS LEARN OF SOCIAL CASE WORK

Miss Snyder Explained Movement at Last Night's Meeting

The history of the social service movement was briefly reviewed by Miss Olive M. Snyder, local case worker, in an interesting talk before the Kumtuku Club last evening at its monthly business meeting. Miss Lottie Downon presided and there was an excellent attendance of members.

Tracing the growth of the social service movement Miss Snyder remarked on its transition from the period when the parish priest was at the head of any schemes for helping the distressed and needy of his parish. Dr. Chambers of Glasgow, Scotland, was the medical man responsible for the first organized attempt to alleviate the conditions of the poor and needy but his system died with him.

The first charitable organization was founded in London, England, in 1859; the United States followed in 1873 when a similar organization was formed in Germantown, Pa., and it was not until 1900 that the first was formed in Canada, at Montreal, Toronto following a few years later. Miss Snyder then dealt with social service in its more modern sense, including case work, child welfare, mental hygiene, and outlined the work of the local committee. At the close of her address a number of questions directed at the speaker were indicative of the close attention with which her address had been followed.

"Correspondence read at the business meeting included an invitation from the Gryo Club asking the service clubs to co-operate in a joint dance, the proceeds to be given to any charity designated by the joint clubs. The Kumtuku Club signified its willingness to co-operate, in the event of the other service clubs being agreeable.

During the committee reports, Miss Roberts for the finance committee, presented a scheme of general assessment for the club membership as a means of raising funds, instead of bridge parties and other schemes. Much discussion was created and the matter will be laid over, pending its consideration by the whole membership.

Announcement was made that Miss Holland will give an illustrated lecture before the club on "The Old Masters" some time during the second week in April. The protection of the West Coast was also discussed and the meeting decided to frame a resolution, along similar lines to that sponsored by the Rotary Club, to be forwarded to the marine authorities at Ottawa.

Miss Charlotte, Miss Olive Snyder and Mrs. Willis were appointed new members and the announcement of Miss Mason's pending departure was received with sincere regret.

YOUR HOME AND YOU

By HELEN KENDALL

The Village Mender

In a certain suburban village out of New York City, there is a co-operative scheme worked out which ought to be followed by many groups of busy, helpful women. The organization back of it is the local Red Cross, which has contained its war work by lending a hand to the poor and needy of the neighborhood, and especially to the sick and suffering.

It all began at a meeting of the executive committee, one of whose members was a complaining crocheter, that she needed help more than the poor of the village, as everything in her house needed mending! In the same breath, a woman across the room was saying: "Ladies, what can we do for old Mrs. Ackerman? She used to be a good dressmaker, you know, but she cannot run the sewing machine now, with her rheumatism, and she can't get out at all. Yet she wants so much to earn her own living and not be a burden to the community."

"Why shouldn't she do my mending?" Suddenly ejaculated the woman who had first spoken. "I could drive by and take it to her and call for it again. I'd be glad to pay her well to do it."

"Can I take her my darning basket to clean out for me?" said another.

"She could hem my new napkins," said another.

The upshot of that merry conference was that old Mrs. Ackerman, a kindly, smiling old lady, became the Village Mender. In her big chair by the window she sat hour after hour, darning, patching, buttonholing, hemming. Her manual skill remained even if her rheumatic knees had failed her, and as one of the homemakers remarked, "Our mending baskets haven't been emptied before in years!" The children ran in to her little house to have buttons sewed on, or three-cornered shirts patched up, and had it "charged to mother."

"I've found she can crochet beautifully too," announced a young mother, "and I'm having her make edge net, a lot of luncheon doilies. I wouldn't have been able to finish them in a month of Sundays, but she will have them ready in a week or so."

The Village Mender is a very grateful old woman these days.

NEWS IN BRIEF

To-morrow afternoon at 2:30 at the Girls' Club, 1208 Stanley Avenue, Miss Olive Snyder will continue her study classes on social service work. A letter from the trustees, received by her, who are interested will be welcomed.

No "fills" or any "unnecessary education" are provided for in the City School Board's annual estimates, the City Council was assured in a letter from the trustees, received last night. The letter was received and filed.

Rev. P. E. Baisler has been holding a series of Lenten cottage services in various sections of the city. On Wednesday, March 21, at 8 p.m., the service will be in the church, Blanshard and Queen's, and will be an illustrated lecture on the Life of Christ by Mr. James Bryant.

An unruly furnace at 1044 Craigdarroch Road, and was overheard chimney at 2036 Graham Street brought the Fire Department out shortly after nine o'clock last night. The outbreak occurred within a few minutes of each other, neither proving serious.

The local branch of the G. A. U. V. held their regular meeting last night with President Crouch in the chair. W. A. McLean resigned the position of secretary, and A. C. Howard, hitherto first vice-president, was appointed his successor. Sam McVie, Sr. was selected as first vice-president.

The City Council last night received a letter from the Chamber of Commerce suggesting it be so ordered as to complete the St. John's Memorial Memorial Avenue to Hillside Ave. The Council will ask for further particulars on the scheme. Alderman R. S. Woodward urged that the Memorial Avenue be cared for carefully.

The ladies of the congregation of Christ Church Cathedral have gathered together a host of attractive and useful articles for sale at the Spring bazaar which is to be held to-morrow afternoon in the cathedral school-room. The proceeds will be added to the cathedral building fund, and the ladies therefore solicit the most generous patronage of the affair. Afternoon tea will be served and a musical programme will be given.

Provision of funds for the Victoria and Island Publicity Bureau was again laid over last night by the Saanich Council, when Councillor Brooks unsuccessfully endeavored to file the application of the bureau for a \$5,000 grant. The item will again be considered on Wednesday, when the estimates are being finally dealt with. Councillor Simpson favored no grant, Councillors Macneil and Robertson securing another chance for the bureau.

Daylight Saving last night, at the Saanich Council, came in the customary rough treatment meted out by past Councils, when the Lake Hill Women's Institute urged no regard be this year given to clock advancement. Councillor Kirkham at length succeeded in having the request filed, pending the course to be taken by Victoria. Councillor Brooks demanded no clock-shaking scheme, while Councillor Macneil recalled "the ridiculous position of last year's Council."

Over Reeve Watson's protests, the Saanich Council last night authorized the laying, by the Inter-municipal Cemetery Committee, of a woodlark six inch watermain, from Royal Oak to the new cemetery. Reeve Watson objected on grounds of the short life to be expected. Councillor Simpson pointed out that initial cost would be less than half iron piping and would pay even if relaid in fifteen years, and Councillor Kirkham objected to interference as being a private undertaking.

Esquimalt Rummage Sale.—Mrs. R. S. Ross, Old Esquimalt Road, is convenor for the superfluous rummage sale which is to be given in aid of the Esquimalt Friendly Help at the Sailors' Club, Esquimalt, on Saturday afternoon next. Others on the committee are Mrs. Gordon Hardie, Mrs. Francis, Mrs. Youngman, Mrs. Gould and Miss Pooley. Donations from anyone wishing to assist the above society are solicited and may be left at the club any time previous to the sale or will be called for by telephoning Mrs. Ross, 4717, or Mrs. Hardie, 981, or Mrs. Francis, 7388 L. Anything such as furniture, clothing, ornaments, etc., will be gratefully received.

On Saturday afternoon the pupils of Miss Vivian Moxey, L. A. B., entertained their mothers and friends at her home on Vancouver Street. Refreshments were served and a programme which included numbers by Frederick Green, Rita Jalland, Willie Van Munster, Arthur Maynard, Lena and Madeline Finson, Gwendolyn Dawson, Edith Green, Catherine Atherton, Gwendolyn Wood, Peggy Ditchburn, Maile McLean, Vincent Dawson, Marjorie Raymond and Miss Moxey.

In an effort to secure a greater contribution of Provincial liquor profits, the Saanich Council will endeavor to convince the Government that Saanich now had a population of 12,500. Reeve Watson last night reminded the Council that last year's tentative figure of 10,500 had been set at a conservative mark in order to prevent refund of overpayment being later demanded by the Government. He pointed out that Oak Bay and other municipalities were successful in establishing methods of calculating which, if applied to Saanich, would work out at 12,500 inhabitants, this being supported by the municipal inspector's report, which estimates Saanich population at 12,000.

A dispatch from Montreal, referring to a case of local interest, states that leave to appeal to Privy Council has been granted in connection with the Wilson estate. Senator Wilson died in 1917, leaving an estate of \$1,500,000 to be divided among his great-grandchildren when the last of them became twenty-one years of age. The youngest great-grandchild now living is twenty-one and the Quebec court has ordered the estate divided. The point at issue is whether the division should be made at this time, in view of the fact that there may still be other great-grandchildren. Among the heirs are the children of Mrs. Duchesney, who lives at 449 Moss Street in this city.

TRIAL JUDGE TO BESTOW REWARD IN MURDER CASE

That Is Council's New Plan; Withdraw Old Offer and Propose "Honorarium"

Police No Claim to Money, Aldermen Assert; Only Doing Their Duty

The trial judge in the murder proceedings will be asked to decide who is entitled to the \$1,000 reward offered by the city to the person supplying information which would lead to the conviction of the person or persons who shot and killed Lionel Lorenz here recently. This is the City Council's new plan for making the reward as explained to-day by Council members who last night put through a motion rescinding the formal reward offer. The trial judge, it was explained, will be in a better position than anyone to decide who is entitled to the reward, provided there is a conviction, aldermen explained.

As a result of its motion last night formally rescinding an offer of a \$1,000 reward, the Council now has an absolutely free hand as far as the reward is concerned. The money will be given not as a reward but as an "honorarium" to the person or persons entitled to it. These persons will be picked by the trial judge.

Feared Legal Difficulties.—The reward offer was rescinded by the Council last night at the suggestion of Alderman R. H. E. Ker, who feared that unless action of this sort were taken the city might find itself in legal difficulties. Alderman Ker said he had been surprised by Mayor Hayward's statement that the reward should be given to the police if it were proved that they were responsible for the conviction of the murderer or murderers of young Lorenz. The reward was not entitled to any reward for doing what was part of their duty, he said.

Other aldermen are in agreement with Alderman Ker on this point so that the police seemed to-day to have a slim chance of getting any of the reward or honorarium money.

The legal point which caused the Council to rescind its previous reward offer was this: Can the Council offer a reward for the conviction of a murderer after it has been informed by the Mayor of the arrest of suspects?

Just before authorizing the reward last week Council was told by Mayor Hayward, Chairman of the Police Commission, of the arrest of two boys who stand charged with the murder. City Solicitor H. S. Pringle was doubtful that the Council could legally authorize the reward under these circumstances.

LINEHAM URGES LIQUOR PROFITS TO START THINGS

B.C. Must Get Out of Rut, He Tells Premier

Says His Scheme Will Turn Emigrants to Immigrants

Utilization of Government liquor profits to get British Columbia wakened up, was proposed to Premier Oliver late yesterday by Arthur Lineham, originator of the Lineham tourist scheme. A large part of liquor profits come from visitors, it was pointed out.

"We have got to do something to get out of the rut and this money will convert a tide of emigration from this Province into a tide of immigration," Mr. Lineham said to the Premier.

Mr. Lineham said that five Cabinet Ministers are now behind the tourist scheme, which calls for the establishment of tourist bureaux at important points over the Province in order to capitalize the natural attractions of the Province. An influx of 250,000 tourists chiefly from California during the hot season there, is proposed the first year under the scheme, and at \$100 each, it is estimated they would circulate \$25,000,000 here.

The Premier will discuss with his Cabinet the proposals which call for expenditure of \$150,000 this year and \$500,000 annually afterwards in preparation for another conference in the first week of next month.

The Lineham scheme was endorsed by the Associated Boards of Trade in Vancouver last week, and by the Chamber of Commerce here yesterday.

READY NOW TO FIX TAX RATE

With Assessment Figures Out Council Can Now Close Budget

Now that complete and improved assessment figures have been prepared by City Assessor William Scowcroft and his special staff of clerks, the City Council will be able to complete its estimates this week and fix the annual tax rate. If city officials are ready by that time the Council will transact this business next Friday afternoon.

As a result of assessment cuts ordered by the City Court of Revision, Victoria's net land assessment now stands at \$24,997,152 and the improvement assessment at \$2,652,650—a total of \$27,649,802. Before the Court of Revision put into effect its reduction policies the total assessment amounted to \$66,225,312—\$37,359,052 on land and \$28,866,260 on improvements. The 1922 assessment amounted to \$45,779,665, or \$21,297,769 more than this year's total as fixed by the Court of Revision.

Communications regarding amalgamation was taken up at the executive meeting of the Canadian Legion last night when Col. F. A. Robertson presided. The questions were referred to the general membership for consideration. Arrangement for the general business meeting which is to be held to-morrow evening at 8 o'clock, in the club rooms, have been completed. Napier, Dunlop has kindly consented to give an illustrated lecture on "Weather and Storms of North America," at 8:30 to-morrow night, and the public will be admitted at that hour to hear the speaker.

BEACON HILL SWAN TOOK AIRING ON SOUTHGATE STREET

The Victoria swans have started their winter season. The first ambulatory symptoms were observed by C. Hadland, a driver for Acton Bros., who caught one of the Beacon Hill swans "jay walking" across Southgate Street to-day. Thinking that the adventurous bird had strayed far enough from home he kindly offered the graceful swan, which was strutting up and down showing off her plumage, a ride back. Like all modern "flappers" she accepted the ride, and is now safely swimming around on the placid waters of Goddard Lake at Beacon Hill.

DEFINITE RACING ACTION POSTPONED

Definite action on horse racing here has been postponed again but probably will be taken at the Oak Bay Council's next meeting, late this week. At this meeting the Oak Bay Council will be asked to approve a tentative racing agreement negotiated between the B. C. Agricultural Association and the Taylor and McPherson interests. Meanwhile the Vancouver Island Racing and Breeding Association is pressing its rival offer with the assertion that racing should be kept in local control.

LADIES' CHOIR TO TRAIN FOR MUSICAL FESTIVAL

The Ladies' Choir, under Professor J. D. Towne's direction, is about to commence rehearsal for the coming British Columbia Musical Festival to be held in Vancouver on May 29. The adjudicators are well known men, Professor Plunket Green, England, and Professor Granville Bantock, England. The competition is also open in this class to competitors in the states of Washington and Oregon. There are a few vacancies in the choir.

ROCKEFELLER, JR., GETS POSSESSION OF OLD TAPESTRIES

New York, March 25.—John D. Rockefeller, Jr., to-day gained possession of the six famous Fifteenth Century tapestries, "Hunting for the Unicorn," which he bought from Count Gabriel de Rochefoucauld at a price somewhere between \$1,000,000 and \$1,500,000. The tapestries had been held up by customs authorities while the Internal Revenue Department investigated to determine whether a tax could be collected from their American seller. They were released when the revenue men determined that the sale was consummated in London. Mr. Rockefeller had been assured from a customs list, there being no provision for duty on such art treasures.

Maroons Even Count With Sparking Win

Ottawa Unable to Keep Pace With Vancouver, Who Showed to Great Form With Skinner Doing a Terrific Amount of Work; Boucher and Duncan Each Scored Two Goals, While Best Ottawa Could Do Was to Count Once; Senators' Subs Failed to Show Form; Next Game Friday

Vancouver, March 20.—Excelling their opponents in all departments of the game, Vancouver Maroons evened the count on the Ottawa Senators last night in the second game of the semi-final of the world's series hockey. The Easterners were delivering good hockey but Vancouver skated off the ice with a 4-1 score in their favor. It was clean hockey from gong to gong.

George Boucher, who was the only Ottawa man to beat Lehman, was about half the visiting team. Playing his position well, the Ottawa flash gave a remarkable exhibition and time and again drew down tumultuous applause.

Ottawa's Subs Weak.

Ottawa lacked substitutes of top caliber. The regulars were worked to death, but they went down fighting gamely. They played the entire first period with their first string line-up and it was not until the second chapter was well under way that they used Clancy, Hitchman, the other reserve, and upon only once or twice. Helman was not pressed into service.

The Maroons made frequent use of Parkes and Harris, and the pair performed brilliantly and Charlie Cotch was given a chance to perform in the latter stages of the game.

It was a good game to watch. The visitors never really trying but were beaten from the face-off. The locals took the lead one minute after the opening of the proceedings and never looked back. They went after more goals and got them. In the dying moments of the game they were sending out three men down and keeping control of the play.

Gerard played a hard game throughout but was given a rough time. He was checked off his feet a dozen times, but always came back for more. He checked back some effort into the fray in the first half of the last game and then retired from sheer exhaustion. Broadbent was the pick of the Ottawa line, but was not showing up better. Cy Denenny's game was below that of Friday night.

Lehman Good As Usual.

Lehman made remarkable saves at close quarters and showed a keen sense of position. He was the only shot that beat him was a long winger in the last session. Benedict was also brilliant but his play was not so brilliant as he was in the first game. He had the misfortune to get hit in the face with the puck three minutes after the game started, but this apparently did not affect his work.

A Fast Goal.

Cy Denenny scored the puck from the face-off and made headway as far as the Vancouver blue line, where he checked back. The puck was in his hands when he shot, but he was not in a hurry. The puck was in the net and he was not in a hurry.

A Beautiful Goal.

Billy Boucher broke away but was cut short at the Vancouver blue line. Skinner carrying the puck through for a steady shot on Benedict. Gerard rushed on Lehman but was headed into the corner. Cook returned with the rubber and tried a backhand shot which Benedict easily saved. The Vancouver forwards attacked desperately and several times were partly through the Ottawa defence. MacKay came down the left wing and shot; Skinner picked up the rebound and passed to Boucher, who scored Vancouver's second goal in 3:37.

Vancouver Scores Again.

The spirited attacks of such light players as Parkes and Frank Boucher were telling, and the latter two combined, however, on a play which beat Benedict. Boucher scored from a pass from Parkes at 14:45. The period ended with George Boucher skating furiously to escape his young brother, Frank, who clung to his heels in an effort to hook the puck away from him.

Not Many Shots.

At the opening of the second period the teams changed ends and the battle was on. After snappy play in the first period, Boucher took the puck and tried a long shot from centre ice. Skinner repeated a moment later and scored in trying for the rebound. Denenny tried a shot on Boucher, who was guarded by a three-man rush. Cook, MacKay and Boucher tried the three-man combination in their turn. Both teams were using the bodies in the checkline. Denenny tried a shot from centre ice which caught in Lehman's pads. The Vancouver goalie put out clear of his goal line before the puck dropped. Cook came up centre

SIKI'S CONQUEROR

MIKE MCTIGUE
The Irish-Canadian battler, who won a decision over the Senegalese boxer, at Dublin on Saturday. There is some doubt as to whether or not McTigue won. Siki's title as lightweight champion of the world. In many quarters he is given that honor, New York putting him down as the new title-holder. McTigue was searching for a bout with Joe Beckett, the heavyweight champion of the British Empire.

London, March 20.—(Canadian Press Cable)—Siki, the Senegalese pugilist who was defeated by Mike McTigue in Dublin last Saturday in the fight for the world's light heavyweight championship, has challenged McTigue to another fight. The wager mentioned by Siki in this latest challenge is £500 a side, the winner to take all. McTigue's manager, who is the promoter of the fight puts up a purse in accordance with McTigue's expectations which he declares are reasonable.

ice and passed to Skinner, they lost the rubber to George Boucher who fell on his way down the ice but from a recumbent position did some nice stickhandling and passed the puck to Nighbor. Neither team were able to get much beyond their opponent's line for some time and shots were few and far between. After an interval Skinner and Frank Boucher both shot on Benedict. With the arrival on the ice of "Smoky" Harris a gymnastic element introduced and players were hurtling through the air in curves which threatened breakages. This was repeated to be more nearly than in the first period although Vancouver secured three shots on Ottawa's one. Frank Nighbor outplayed the whole Vancouver team in centre ice and worried his way through for a splendid shot which brought applause from the crowd.

Ottawa Speeds Up.

Ottawa took a new lease of life and attacked with fresh impetus but were unable to make much impression on the Vancouver defence. At the six-minute mark Eddie Gerard retired and he was replaced by his twin brother, Clancy. Benedict was checked for a shot which he missed. Clancy came down the right wing but fell by the wayside after he passed the Vancouver blue line. One of his powerful rushes and shot past the left flank of the defence. His effort nearly beat Benedict. Benedict was checked by a sharp blow in the Western players were playing a strong defensive game. Several openings occurred.

Ottawa's Combination Failed.

Ottawa again came back and endeavored to beat Vancouver with snappy hockey but failed to return scores before Cook's return to the ice. Vancouver took a backcheck and skated better than Ottawa appeared to do, and as a result secured more shots on Benedict and prevented the visitors from being very dangerous as they crossed the Vancouver blue line. Harris and Broadbent were penalized for questionable tactics in mid-ice. The teams continued with five men a side. Cy Denenny drove through from left wing and shot on Lehman. MacKay came back with a whirling rush down centre ice. He beat the Ottawa defence but so great was his speed that he was past the net before he could shoot. "Fighting" men a side proved very telling on both teams and the pace took severe toll. The Vancouver players found the Eastern League rules very confusing and the play was frequently stopped owing to kicking the puck in the Ottawa area.

Ottawa Scores.

With the resumption of the third period Cook remained on the bench serving the balance of his penalty. Duncan rushed down the right wing and scored behind Benedict. He came out for a backhand shot. Denenny tried a long shot on goal and some very fancy tricks in combination. Harris took the puck and sped down centre ice for a long shot. George Boucher picked up the rebound and skated the full length and scored Ottawa's first goal of the evening in 1:58.

B. C. Golf Title At Stake Easter Week

"Bob" Bone, Present Champion, Will Defend His Laurels Over Oak Bay Course; Victoria's "Big Four" Out to Bring Title Back to This City; Largest Entry List In History of Competition Is Expected; Golfers Putting Edge On Their Play

Golfers are glad to see the weather settling down as it will give them a chance to put an edge on their play before entering the British Columbia amateur championship, which is to be staged at the Victoria Golf Club between March 30 and April 2. Entries for this competition close Wednesday, March 28, with Secretary Perks, at the Oak Bay clubhouse.

COLOWOOD ARRANGES GOLF FOR EASTER

Bogey Competition on Good Friday and Mixed Foursomes on Monday

In view of the fact that many of the male members of the local as well as the Pacific Northwest Golf Clubs will be taking part in the open amateur British Columbia Golf Championship, at the links of the Victoria Golf Club at Oak Bay, during the Easter week-end, the directors of the Colwood Golf and Country Club have arranged the following competitions:

Good Friday—On this day at Colwood there will be a competition against bogey in which three-quarters of the handicap will be allowed. The entries will be open to members of all recognized golf clubs eligible to take part in the British Columbia amateur championship event. It is to be noted, however, that only members of the Victoria Golf Club will be permitted to play without payment of green fee. This rule applies to all members of the Colwood Golf and Country Club on both Friday and Saturday. Entrance fee for the event itself will be fifty cents.

JOY OF HEALTH WOMAN'S RIGHT

Mrs. Evans Freed from Female Weakness by Lydia E. Pinkham's Vegetable Compound

Detroit, Michigan.—"I had female weakness with pains in my back, and I could not stand on my feet for any length of time. I was working in a factory but had to quit as I was too much on my feet. A friend recommended Lydia E. Pinkham's Vegetable Compound to me, and I can hardly believe it well. Oh, it is a grand thing to have your health! I feel well all the time and can go out like other women and not feel that awful torture. When I took your medicine first I thought it would cure after the first bottle, but I am glad my husband kept me at it. I have had nine bottles and now I am well."—Mrs. JENNY EVANS, 1601 Lafayette Blvd., Detroit, Michigan.

If you are suffering from displacements, irregularities, backache, nervousness or other forms of female weakness, you should take Lydia E. Pinkham's Vegetable Compound.

The reason is given in letters like these, and we have published thousands of them. You may expect that a medicine that has helped other women will help you. Try it.

RADIO BY-LAW IS NEEDED HERE, KER WARNS CITY COUNCIL

A new by-law to regulate the use of radio sets here should be drawn up by the City Council immediately, Alderman R. H. B. Ker told the City Council last night.

"It's time we had regulations to govern radio because radio sets are becoming so numerous," he declared. Alderman Ker's suggestion arose out of the request of Sidney Child for permission to hang a radio wire across the street. This request was referred to City officials for report.

SUGGEST NEW CITY LOADING WHARF HERE

Garbally Road Ideal for a Wharf, Manufacturers Tell Council

Establishment of a public loading wharf at Garbally Road was suggested to the City Council last night by the Victoria Branch of the Canadian Manufacturers' Association. The proposal will be given full consideration by the Public Works Committee. The proposed loading wharf would be of great value to the city, and would produce considerable revenue. The Council was told by the Manufacturers' Association that Garbally Road, it was stated, formed a perfect site for a wharf, the Association added.

SPARKLING EYES FOLLOW GOOD HEALTH

Toronto, Ont.—"From the time of my earliest childhood I had always heard my mother speak in highest praise of Dr. Pierce's Favorite Prescription for women's ailments, so it is not at all strange that after I married and had backaches, nervous spells and other distresses that I should remember what my mother had always said of the prescription and I found it relieved me of my aches, pains and nervousness.

Sore Faces AND Rough Hands
THESE biting boisterous March winds mean discomfort for sensitive skins. Faces and lips soon get chafed and sore, hands and arms become red, rough and unsightly unless your skin has the aid of Zam-Buk to keep it healthy, smooth and flexible.
Zam-Buk bears no resemblance to the old fatty salves and "beauty creams." These lie uselessly on the surface of the skin, but Zam-Buk consists of rich refined herbal extracts, that are quickly absorbed by the pores. Thus Zam-Buk exerts a soothing, purifying power on all the tissue.
Soreness, irritation and inflammation by before Zam-Buk. It quickly removes the poisonous germs and pore-clogging impurities, and is a soothing, powerful remedy for eczema, tetter, salt rheum, pimples, blotches, rash and other similar skin troubles.
Zam-Buk Made Her Skin Fine & Smooth.
Miss Rosa Wallace, Menie, Ont., writes:—"When my hands were made rough and sore by the Spring winds, I just applied Zam-Buk every night and my skin was soon all healed, fine and smooth. Zam-Buk is by far the best balm I have used. It is equally good for pimples and for healing cold-sores."

TOO WEAK TO WALK
Lost All Strength After Years of Suffering
"I suffered for years with non-assimilation of food, nervousness, nervous chills, and irregular and weak heart action. I lost flesh and strength until I was scarcely able to walk. My limbs got so numb and weak that when I tried to walk even a short distance I felt I must sit down at once if I didn't want to fall down."
A friend told me that Wincarnis would be the best thing in the world for me. I took Wincarnis and such it proved to be in my case. It helped me in every way and did it quickly. I soon gained new flesh and blood, strength and vim. I feel alive once more. I always keep Wincarnis on hand for I found it a friend, tried and true.

GAS IN THE STOMACH IS DANGEROUS
Recommend Daily Use of Magnesia to Overcome Trouble Caused by Fermenting Food and Acid Indigestion.

Gas and wind in the stomach, accompanied by the full, bloated feeling after eating, are almost certain evidence of the presence of excessive hydrochloric acid in the stomach, creating so-called "acid indigestion."
Acid stomachs are dangerous because too much acid irritates the delicate lining of the stomach, and which causes gastritis accompanied by serious stomach ulcers. Food ferments and sours, creating the heating gas which distends the stomach and hampers the normal functions of the vital internal organs, often affecting the head.
It is the worst of folly to neglect such a serious condition, and to permit a few ounces of Blaured Magnesia and take a teaspoonful in a quarter glass of water, right after eating. This will drive the gas, wind and blast right out of the body, sweeten the stomach, neutralize the excess acid and prevent its formation and there is no sourness or pain. Blaured Magnesia is powder or tablet form—never liquid or milk—is harmless to the stomach, is in fact the best form of magnesia for stomach purposes. It is used by thousands of people who enjoy their meals with no more fear of indigestion.

Consigned to Hangman.
The postscripts, read to the court, disclosed a warm diatribe against the political views and moral character of the complainant. "I leave your fate in the hands of God and the hangman," concluded the letter.

A Mailed Fiat.
Morjanovich testified that he had worked for the accused and alleged that he had gone to see him about wages due. There had been a difference of opinion and opinion had turned to go. When he turned his back, continued witness, the accused picked up a glove filled with scrap iron and struck him in the face, he alleged. The blow knocked him down on the road and he rose to go to the house of a neighbor, and had the blood washed off.

Prima Facie Case.
Morjanovich testified that there was a prima facie case to meet Magistrate Jay said it was not part of function of the preliminary hearing to pass on the question as to whether the documents were libellous or not, as that was the right of the trial judge. He would commit the case for trial by a higher court and accept the personal bond of the accused to appear.

CUMBERLAND BOARD ASKS INCREASED DUTY ON IMPORTED OIL
Cumberland, March 19.—At the annual meeting of the Cumberland Board of Trade the following officers were elected for the ensuing year: President, John Sutherland; vice-president, M. P. Symons; secretary, A. J. Fouracre, and treasurer, T. H. Carey; executive, F. A. McCarthy, H. C. Lang, G. W. Clifton, James Dick, A. C. Lynn, Alex McKinnon and P. Harrison.

Telegrams, as follows were ordered sent to Rt. Hon. W. L. McKenzie King, Hon. William Sloan and A. W. Neill, M.P.:
"Rt. Hon. W. L. McKenzie King, Premier of Canada, Ottawa.
The Cumberland Board of Trade fully endorses the action of Hon. William Sloan, Minister of Mines, of the Province of British Columbia, in an attempt to secure an additional tax on fuel oil. This foreign product from which we have little or no pro-
