## PREFACE

WITH the initiation in 1947 of the Third Series of the *Catalog of Copyright Entries*, an enlarged format and other changes designed to increase and extend the usefulness of the compilation were adopted. Additional features have been added in most parts of this second volume. Inquiries, suggestions, and comments on all details of the *Catalog* are solicited and should be addressed to the Chief of the Cataloging Division, Copyright Office, Library of Congress, Washington 25, D. C.

**Contents.**—This part of the *Catalog* contains a list of published music, both domestic and foreign, registered in the Copyright Office from January 1, 1948 through June 30, 1948, together with selected musical works registered in other classes. Renewal registrations of music made in this period are listed in Part 14B of the *Catalog*.

**Arrangement.**—This part of the *Catalog* is in two sections: an alphabetical list of authors, and an index by title for all registrations listed. In the first section complete information about each item is given in the main entry under the name of the person mainly responsible for the work (composer, editor, arranger or compiler). Cross-references are made for the names of all others who participate in the work.

**Entry.**—The names under which the entries are listed are given in the fullest known form, with cross-references from pseudonyms, nicknames, and forms contrary to normal usage in a particular language.

MARAIS, JOSEF, pseud. See Pessac, Joseph.

GRASSI, ANTONIO DE. See De Grassi, Antonio Joachim.

Under the main heading each entry includes the title, followed by the names of all authors. Name of publisher and place of publication are given when

the publisher and claimant are not the same. Filing titles are supplied in some entries to bring together all excerpts from one work, or to file works with non-distinctive titles under the name of the musical form. Filing titles are placed in curves in front of the title as taken from the work, for example.

\*(Roberta) The touch of your hand, from the musical play Roberta.

\*(Concerto, violin, no. 2, A minor) Deuxième concerto pour violon & orchestre.

The asterisk preceding the title indicates that Library of Congress printed cards are available for purchase. Orders and inquiries should be addressed to the Card Division.

**Copyright Data.**—The statement giving the facts of copyright registration begins with the copyright symbol ©, which is followed by the name of the claimant, and for claimants other than individuals, the place of publication, the date of publication given on the application, and the registration number. If the claim is based on new matter, a brief description of the new matter is given between the date and the registration number.

**Abbreviations.**—Definitions are not given for abbreviations in common use and included in standard reference works. The following abbreviations are used in the *Catalog of Copyright Entries* with the meanings shown: 1c—one copy deposited; a. k. a.—also known as; d. b. a.—doing business as; t. a.—trading as.

**Deposit of Copies.**—In the case of every copyright entry listed in the *Catalog*, the deposit of copies (or copy) as required by Title 17, U. S. C., secs. 12 and 13 has been made.

**Authority.**—The *Catalog of Copyright Entries* is published by authority of Title 17, U. S. C., secs.

210 and 211. Section 210 provides that the *Catalog* "shall be admitted in any court as prima facie evidence of the facts stated therein as regards any copyright registration."

**Organization of the Catalog.**—This issue of the *Catalog* is part of Volume 2 of the Third Series. The parts are numbered according to the alphabetical sequence of classes as listed in Title 17, U. S. C., sec. 5. Letters are added to the part numbers to indicate subdivisions.

The classes of material principally contained in each part are listed, together with their respective symbols, under the title of the part in the Table which follows. In each case, the first letter of the symbol is that of the class under which registration is made; the second, if any, is a designation added by the Copyright Office for purposes of statistical analysis of registrations. The symbols R and RR

do not represent classes designated by the Copyright Act, but have been adopted by the Copyright Office to distinguish renewal copyright registrations. Each part may also contain registrations made under other symbols if the subject matter or type of material of these registrations is similar to that generally included in the part.

**Publication and Subscription.**—The annual subscription price for all parts of the complete yearly *Catalog of Copyright Entries* is \$20, payable in advance to the Superintendent of Documents, Government Printing Office, Washington 25, D. C.

Each part of the *Catalog* is published in two semi-annual numbers covering, respectively, the periods January-June and July-December. The prices given in the table are for each semiannual number. Orders for the complete *Catalog* or any of its parts should be addressed to the Superintendent of Documents.
