4. Subjects discussed

(1) The Regulations for the Personnel Quota of the School Board Office.

The Superintendent of Education explained on the drafted Regulations to the effect that ~~we~~ they decided the number of the regular official at 82 and that of the other employees at 60, totalling 142, through the negotiations held with the prefectural authorities after the previous meeting.

Then followed discussions
Some one suggested that the un-paid part-time officials who have teachers' lisenses may well be adopted as teachers within several years, establishing a plan for employment of them as teachers.

The Superintendent of Education's answer to this suggestion is thus: "They cannot be adopted as teachers at once, but will gradually be employed as regular officials. I will endeavor to get about ten of them adopted as teachers at this time"

Next, a desire is expressed that when unpaid non-regular officials who are licensed as teachers are adopted as teachers, measures be taken for not inviting any trouble from replacing them, conducting negotiations with the prefectural authorities.

Thus the drafted Regulations were passed.

(2) Planned principles for supplementary shift of teachers to be conducted at the end of 1949.
The Chief of School Affairs Section explained on the plamned principles.
Then followed discussions

A desire was expressed that T B patients be put outside the regular members of teachers and be protected as much as possible.

The other desire is that every means be exhausted for evading possible obstacles to be expected from the supplementary shift, such as the number of teachers.

The other desire is that every means be exhausted for evading the shortage of teachers compared with the number of the classes and obstacles for teaching lessons owing to shifts of teachers in charge of the said lessons, when the supplementary shift is conducted.

Thus, the planned principles were passed.

MINUTES FOR (2nd) EXTRAORDINARY MEETING
OF KAGAWA PREFECTURAL SCHOOL BOARD
IN JULY 1949.

Date: July 26, 1949.

Held on July 26, 1949 from 10. 20 a.m.

1. List of School-Board members present:

Yoshie Ohnishi, Vice-Chairman of School Board.
Nobuo Mori, member of School Board.
Motoki Miyawaki, "
Hideo Kuroi, "
Tomomi Uasa, "
Junichi Ueta, "

2. List of Other attendants:

Eiichi Kubota, Superintendant, Secretariat of School Board.

Takayoshi Kubo, Chief of School Affairs Sec. "
Gishi Sakaguchi, Chief of General Affairs Sec. "
Ken-ichi Kobayashi, Chief of Social Education Sec. "

3. The Minutes of the previous meeting were reviewed and approved by the School Board.

4. Subjects for deliberation:

a. Bill for revision of Regulations for Secretariat of Kagawa Prefectural School Board.

There was an explanation by Superintendant of School Board Secretariat concerning the outline of the above-subject draft to the effect that since the setup of the School Board Secretariat was temporarily fixed in its inauguration on November, 1948, it is now considered as appropriate, in view of the current situations involved, to so revise the Regulations for Secretariat of Kagawa Prefectural School Board as to abolish the Health and physical Culture Section and transfer that part of its duties covering school management affairs to the Guidance Sec., that part covering social education and physical culture to the Social Education Sec., and the other part covering management of materials and facilities involved, and also to change titles of the reassinged jobs in accordance with actual substance of their duties, so that all jobs of the Secretariat may be appropriately readjusted for furtherance of efficiency. This rough explanation was followed by a detailed interpretation by Chief of the Guidance Sec. on individual articles to be revised. In answer to questions made on the primary duties of the Guidance Sec. and on relations between the Section and teacher-consultants (Shido-shuji), he explained to the effect that the Section will be engaged chiefly in guidance affairs, burdened with as little clerical affairs as possible, so as to allow teacher-consultants to work to their best along their own special line.

Vigorous discussions were made on this matter, in which main subjects were the question of five-section setup of the Secretariat, the question of whether or not it be appropriate to make a hasty change of setup of the Secretariat after the elaspe of only half a year since its inauguration, and the question of unifying 'school management' and 'guidance' under the command of one Section. And it was also explained in this connection that since the beginning of the Secretariat inauguration there had been a proposal voiced from some circles for abolishing the physical Culture Sec., in spite of which due to certain special circumstances the Sec. has been left as it is now with Health later added to its title. It was added that in the Education Ministry the Physical Culture Bureau has already been abolished.

It was agreed that this proposal of unifying school management and guidance affairs under the command of one section would be regarded as inappropriate, as a general rule, in the light of the spirit of the School Board Law outlawing the old school inspection system, and that, therefore, jobs should be assinged to corresponding section on a division-of-work basis. Regarding this question, a recent instruction from the Education Ministry clearly affirms the above policy, concerning which it states agreement has been reached among organizations concerned.

After Superintendant's assurance that with regard to appropriate management of each section and mutual liaison among the sections utmost efforts would be made, the draft was passed without amendment, ruling reorganization of the Secretariat into five sections, i.e. General Affairs, School Management, Guidance, Research, and Social Education.

Then came the debate of whether or not, with the duties of the old Health and physical Culture Section now to be divided and transferred correspondingly to new three sections, i.e. School Management, Guidance, and Social Education, appropriate collaboration be possible between management and guidance.

(Recess from 12. 10 to 10. 50)

It was temporarily agreed that after vigorous discussion the proposal that the business of 'health and physical culture' and of 'guidance' be managed as unified under the single command of the Guidance Section, should be given appropriate consideration and also relevant questions on personnel to stuff the sections were discussed. It was concluded, however, that for the sake of thoroughness of careful consideration the above questions would be carried forward to next meeting for final decision.

b. Bill providing for Regulations for Social Education by Kagawa Prefectural School Board.

A draft providing, in accordance with the instruction from Vice-Education Minister in Oct. 1948, for regulations for social education administration and also for utilization of projectors released from Occupation Forces was presented with appropriate explanation by Chief of the Social Education Sec. and after questions and answers on progress of establishment of institutions for social education in cities, towns, and villages, and also on their recent activities, the bill was passed without amendment.

c. Regarding fixed number of personnel for the Secretariat in connection with the forthcoming personnel cut.

This question, of which a conference had informally been made on July 21, was presented to the present meeting for formal deliberation. Superintendant explained that a formal resolution was necessary as it would be used as a base in formal negotiation with the Prefectural Assembly. After careful deliberation of the question it was agreed that the fixed number of personnel for the Secretariat be set either at 172 as fixed in proposal No. 1, or 155 as fixed in proposal No. 2, the latter of which is substantially almost equal to the former, and that dealing with the Prefectural Assembly would be conducted on the basis of above either proposal for personnel organizatien.

d. Regarding question on construction project of Shikai Lower Secondary School.

The results of on-the-spot survey by School Board Member Ueda of the ground and other relevant questions, who had been commissioned in the previous meeting to conduct the survey as representative of the School Board, were reported by him to this meeting as well as to the conference on July 21 prior to it. He concluded that it was a little too late now for considering such a school construction project and that, accordingly, measures should be taken as soon as possible to decide whether the project be permitted or not by the authorities concerned.

There was further explanation by Chief of the School Affairs Sec. on this question to the effect that an application for construction permit had already been submitted by the organization concerned to Governor and that views on the question on the part of the School Board were now to be surveyed.

After all discussion it was agreed as a view by the School Board on the question that permission be given to the applicant for the proposed construction provided that the construction and operation of the school would bring about no financial and other embarrassment to the village and that school management could be continued adequately.

5. Scheduled date of next meeting: August 2.

6. Subjects of resolutions reached in the present meeting:

a. Reorganization of the Secretariat into five sections through revision of the Regulations for the Secretariat of the Kagawa Prefectural School Board.

3. Acknowledgement of the minutes of the previous meeting.

4. The agenda discussed

(1) On the draft of the Regulations of Kagawa-ken Traditional Manners and Customs Investigating Society.

Chief of Social Education Section explained the original draft, saying that the above Regulations were established for study and investigation of traditions which came down among the prefectural inhabitants and that the Membership of the said Society was entrusted to the Members of the Standing Committee of the Sanuki Folklore Society. After questions and answers were exchanged on the budget for the said Society and the entrustment of the Membership, partial revision necessary for words and phrases used in the draft of the said Regulations was determined to be conducted by the Office of the School Board.

Addition of Yoshiaki Nakano and Kinshiro Kusanagi to its Members was decided to be put into consideration. Thus the original draft was passed.

(2) On selecting the text-books for 1950. Chief of Guidance Section explained on the above subject as follows.

The conference on deciding the text-books which had been determined to be held at the previous meeting was opened on 11 July. At this meeting, answers were given for the questions of (1) the substantial transfer to the principal of each school of the right of selecting the text-book and (2) the establishment of a "Council" on selecting the text-books per each lesson for the upper secondary schools and per each county and city for the middle and primary schools:

The establishment of the principles of selecting the text-books and the actual selection of them will be entrusted to each principal.

After answers and questions were exchanged on the participation of the learned and exprienced in the said Council, period of exhibiting books preferable to be adopted as text-books and their catalogue, the original plan was passed.

(3) On change of the use of the former upper secondary school buildings.
Discussions had been made at the previous meeting on this subject. Members of the School Board heard about the number of the total students, number of the classes, teaching situation and distance of attending school from the representatives of 2-bancho middle school and its P.T.A. who were asked for their presence at this meeting.

The said representatives expressed their desire that all the buildings of the said school would be lend out to the said middle school.

Concerning this matter, it was decided that the Assistant Mayor and the Chief of Municipal School Affairs Dept would be asked for their presence at this meeting in the afternoon.

Entered recess at 11:50 a.m.

Reopened at 1:20 p.m.

The Assestant Mayor and the Chief of the Municipal School Affairs Dept explained thus:

Authorization has not yet been given on the raise of the loan for the construction of the buildings of the middle school on the 6-3 system. As soon as the authorization is given, the municipal authorities will make efforts for the materialization of the works on the program. At present, however, circumstances are preventing us from doing it. I hope you will grant your help on making the 2-bancho middle school attain its desire.

Hereupon, we met with whether this problem is to be entrusted to the Assets Disposal Committee or to be solved independently. After consultations, this problem was decided to be entrusted to the Assets Disposal Committee which will immediately be convened.

(4) On busses for Kotohira upper 2ndary school.

Of the above problem on which decision had been made to be deferred at the special meeting in May (2nd meeting), Principal Mimoto reported on the donation of the purchase funds thereafter.
Decision was reached on the perchase with the money which will be disbursed within the budget

4. Superintendent of education's report. (as shown in attached sheets)

In addition to the matters shown in attached sheets, Superintendent of education told the meeting as follows:

The School Board Office completed investigation during last week of the problem of "Household course" of Kannonji 2nd Upper Secondary School. Therefore, it planned to present the results of the investigation to the meeting of the School Board. However, as the opinion of the Education Ministry is unclear about this problem the School Board Office postponed the presentation of them to the next meeting.

5. Matters discussed at meeting.

(1) Plans for basic principles of reorganization of the curriculum for part-time system upper secondary school.

The report made by the Superintendent of Education is outlined as follows:

The regular number of teachers who recieved national subsidy last year was 302, but that of teachers this year seems to be reduced by about 100.

Secondly, there were some whose opinion was to discuss on Education Ministry Notice "hatsu gaku" No. 534, and the future of the part-time system upper secondary school after completing the reorganization of the full-time system upper secondary school also at a meeting of the School Board. Then, Members of the School Board inquired of the Superintendent about the relation with the full-time upper secondary school, time of opening, establishment of detached school, distance of attending school, member of classes, number of students, vista of the regular number of teachers who are to recieve national subsidy etc. They also expressed their opinions about the above matters.

For the above inquiries, Superintendent of Education and Chief of School Aff. Section answered as follows:

The time of the anforcement will be after the regular number of teachers in the national subsidy list is decided at the end of June, unrelated to the re-organization of full-time upper secondary school.

Secondly, the new establishment of detached school will not be approved.

Thirdly the distance of attending school is about 2 ri (about 8 kilometers) at the farthest.

Fourthly, the number of classes will be put into consideration and the number of students per a class will be more than twenty.

Fifthly, the Governor now in Tokyo is requesting the national subsidy from the Ministry concerned. We will utilize every chance to ask the Education Ministry to disburse it.

Thus the original plans were passed.

(2) Bill of Regulations of Long Range Studies by Kagawa-ken Educational Servicemen.

Chief of General Aff. Section reported that a bill of the above Regulations was provided in accordance with the Law of the Special Cases of Educational Servicemen, and then, gave explanation on the relation between vacancies for long range studies and replenishment of the said vacancies. Then, inquiries were made of the present situation of long range studies and the number of teachers expected to be assigned for the said studies.

Answers were given for the above queries as below:

The number of teachers expected to be assigned for long range studies is about 70, then the present situation of the said studies was reported.

There was same one who insisted that the detailed regulations of disbursing subsidies be established.

The original bill was passed.

6. Date of next meeting: 13 June.

7. Matters to be discussed.

(1) Basic principles of reorganizing the courses of part-time upper secondary school.

(2) Regulations of long range studies by Kagawa-ken Educational Servicemen.

Chief ofGuidance Section: Nasuo Honda

Chief of Social Education Section: Kenichi Kobayashi

3. Acknowledgement of the minutes of the previous meetings.

4. Matters discussed:

(1) On selection of text-books to be used for 1950

The Guidance Section Chief gave explanations on this matter as follows:

As no local educational committee has been established at present, the prefectural Educational Committee is to select and adopt the text-books.

The method of selecting the text-books is thus: A"Council" organized by about 50 persons will select the text-books through the principles and method which are subject to the approval of the prefectural Educational Committee.

For this purpose, an exhibition of books which are preferable to be adopted as text-books will be held.

Then the Guidance Section Chief told the situation of adopting text-books last year, which was followed by "answers and questions". On the component members of the said Council, the Chairman gave a suggestion to the effect that around ten members be selected from city and "gun" educational relations and that some learned and experienced persons other than teachers be got to partifipate in it.

Ueta and Mori both Members of the School Bord, stated that the component members be selected from experts of all the lessons and that at present it would be better not to establish detailed standards for the component member to be selected from city and "gun" educational relations because each city and "gun" may establish its own Council.

Thereupon, the Component members from city and "gun" educational relations were left untached. About five learned and experienced persons have been decided to be got to enter. Thus the original plan was pas ed without any other revision.

(2) On Appraisal list of principals and teachers.

The School Affairs Section Chief said that the appraisal list of principals and teachers will be compiled for rationalization of personnel shifts, and that it will be put into effect this year or the second year after the diffusion of its object, because it has been misunderstood in a certain prefecture as materials of personnel readjustment.

A member of the School Board stated that the proposed appraisal list should not be the very cause which will control all the shifts or wither the activities of principals and teachers.

Then, opinions were expressed on the measures to be taken for appraisal of principals and teachers. The School Affairs Chief answered that close connections will be established with the offices concerned for the measures to be taken, in order not to obstruct a further development of education.

The members of the School Board, studying on this matter, will decide on it at the next meeting.

(3) On charge of use of the former Takamatsu Upper 2ndary School.

The Chairman reported as follows:

On 30 June, a consultative meeting was held on this matter between the prefectural and municipal authorities. The prefectural authorities proposed that the building on the south side will be lent out to the Central Hospital and the building on the north side which is now being used jointly by Takamatsu Upper Secondary School and 2-bancho Lower Secondary School will be left as it is.

If the ~~increased~~ additional construction and expansion of the ground of Takamatsu Upper 2ndary School and the 2-bancho Lower 2ndary School buildings are completed, the Central Hospital will be extended to the north building, the prefectural authorities requested.

No objection was expressed by the city authorities. The city authorities said that they will introduce it to the committee meeting concerned.

Discussions were made among the members of the School Board on the object of the reorganization of Upper Secondary Schools, relations between the number of the present total classes and school buildings and citizens' public halls, whether it is suitable or not to establish concurrently a hospital and a school in the same ground, etc.

Decision will be made on this matter at the next meeting.

Sakaguchi Gishi, Chief of General Affairs Sec. "

Kubo Takami, Chief of School Affairs Sec. "

Honda Masuo, Chief of Guidance Sec. "

3. After reviewing of the minutes of last meeting, School Board gave its approval to the record.

4. Reports by Superintendent

a. On Administrative Readjustment

The report said that it was temporarily decided that in view of special conditions in the educational organization with regard to personnel establishment following the enforcement of the new School Board system, the Secretariat of the School Board would be free from the forthcoming administrative readjustment.

b. On Reorganization of Administrative Structure

The situations of practice of measures for reorganization of the Secretariat structure, or abolition of such functions as vice-superintendent(Jicho), department-Chief(bucho), superintendent's room, etc. now under way in other prefectures, were explained in the report, and it was added that this prefecture also is obliged to have some part of the set-up revised and that a measure for the revision would be drafted soon to be presented before a School Board meeting for deliberation.

c. On Secretary Tada's becoming full-time officer of prefectural Teaching Employees' Union.

It was informed to the meeting that Secretary Tada, of Research and Statistics Sec., was going to take the office of secretary-general of the Prefectural Teaching Employees' Union, and that approval of the shift by the School Board was now required.

d. On receiving a letter from the Takamatsu Labor standard Bureau, telling this Secretariat that there was some suspission that those supposedly retired teachers as affected by the yearly personnel shift in the end of the 1948 accademic year really did not "retire", but "was dismissed" in the sense of the term defined in the Labor Standard Law, this Secretariat took an appropriate step to investigate the matter, having its Chief of School Affairs Sec. hold a consultation thereon with the Labor Standard Authorities.

It was requested in this connection, the report added, that a careful investigation would be conducted, covering every smallest unit of the interested organizations, so that there might be no such case of unlawful discharge of teaching personnel.

e. On System of Management of Lower Secondary Schools by Associations(Kumiai-ritu Shinsei Chugakko)

A survey on situations of progress of the above-subject system in cities, towns, and villages in this prefecture revealed that as of June this year,

out of 166 schools surveyed, 6 schools have already such institution established, 30 schools have completed preparation for its establishment, 18 schools desire to adopt the system but have made no preparation therefor, and 54 schools have no desire for the system.

(Continued)

5. Commissioner Mori reported to the meeting on the petition submitted to the School Board by a group of teachers who are 1930-class graduates of the 2nd Dept. of the Kagawa Normal School that as the salaries for male-teachers and female-teachers of the 1930-class are set by ¥694 and ¥456 lower respectively than the general level for average teachers in the new ¥6,300 basic wage system, consideration should be made so that their salaries be appropriately raised up to the average level, and it was also reported that the petition, accepted by the School Board, was now under appropriate investigation by the Secretariat, based on results of which careful consideration will be made not only on the wage-level adjustment for the case but on general phases of wage questions related to teaching personnel.

6. Subjects for Deliberation.

a. Regarding addition of some remarks to the regulations on school-district system for upper secondary schools.

b. Regarding regulations on change of schools and on change of specializing-in departments.

Rough explanation on the draft of each subject above was made by Chief of School Affairs Sec. As the result of the deliberation made on the drafts it was agreed that with respect to Subject a. a sentence "Other important matters will be provided for in separate regulations" should be added to the end of Remarks (3) and that with respect to Subject b. the draft was passed without amendment. It should be added that the latter subject was deliberated upon as apart from the question concerning the Domestic Science class of the Kannonji Daini Upper Secondary School.

c. Regarding additional budget for 1949 fiscal year.

Superintendent explained on measures for revision of the regulations on salary for School Board commissioners of this prefecture to put into effect from July, citing in this connection some examples of neighboring prefectures such as Tokushima and Kochi now taking measures of similar nature; and the bill for additional budget thus explained was passed by the meeting without amendment.

3. Approval of the Minutes of the Previous Meeting.

4. Report of Educational Superintendent.

Difference of salary between male and female teachers:

As for this question the officials concerned had consulted with Pay Bureau of Finance Ministry and Education Ministry and reached to a conclusion that this is a national problem and it should not be settled solely within this prefecture, and that the chief of General Affairs Section, Labor Standard Bureau, Labor Ministry would submit a notification on this matter to Kagawa-ken Labor Standard Office, he stated.

He added that this difference of salary between male and female was not always similar in its rate in every prefecture of Japan.

5. Agenda Placed on:

(1) Return of Mr. Dobins Chief of Education Section, Kagawa M.G.T.:

Vice Chair-man of Committee Onishi proposed a plan to submit an application to Kagawa M.G.T. and Shikoku M.G.R. for delay of return of Mr. Dobins Chief of Education Section, who was expected to return to his home, and whose character and leadership was so respectable that we all heartly desired him to stay a little further.

After repeated considerations it was decided that we left this matter to Vice Chair-man Onishi and Memoer of Committee Yuasa and let them devise some proper means.

(2) Revision of budget for 1949.

Chief of General Affairs Section stated the outline of above budget and after discussions the budget passed in its original form.

(3) Objection against designated school district.

We adopted the above objection of Nagao-cho regarding school district under the jurisdiction of a senior secondary school, and after repeated consultations came to a settlement that we should operate school business, in spite of this objection, in accordance with the already designated section of school district and that at the end of this fiscal year we would consider on this matter again and revise this regulation with other unsatisfactory provisions in order to operate business for the next year more profitably.

(4) Loan of buildings of the former Kannonji Senior Secondary School:

We adopted an application of mayor of Kannonji-cho for the loan of buildings as above to Kannonji Junior Secondary School and settled to make it leave temporarily to the school expected to receive, on condition that the rate of charge would be settled afterward.

(5) Creation of Assets Transaction Committee (provisional name) following reorganization of senior secondary schools.

It was decided that we make up a draft concerning the above committee and place on the order of the next meeting, in order that we immediately establish the committee and have them conduct business of handling not only school buildings but other equipments and furnitures to meet the purpose of the new education.

(6) Petitions of Kagawa-ken Teachers Union.

Secretary Takigawa stated the outline of petitions as above regarding the difference of salary between male and female, the over-time allowance, the difference of treatment between the first department and the second department of Normal School, etc., and explained on the letters of answer, which passed in its original forms.

(7) Procedures of creation and abolition of schools following reorganization of senior secondary schools.

As for above subject that was a agenda of the previous meeting, the chief of Educational Affairs Section explained and the draft passed in its original form.

(8) System of school sanitary guidance.

As for above subject proposed by Vice Chair-man Onishi, we decided to submit the notifications to each school calling special attention to appointment of health secretary of school in the respect of the importance of school sanitary affairs.

3. Re-consideration on the Contents of the Proceedings of the Previous Meeting:
Subject deliberated
a. Re-organization of Public Upper Secondary High School.

(1) Petitions for using of school buildings at Sakaide and Marugame by the upper secondary schools in new structure:

The chairman informed of above petitions PTA at Sakaide-shi and PTA of both Marugame Upper Secondary School and Marugame Girls Upper Secondary School submitted to this board and all members attended debated on our measures against above matter.
After above proceedings it was desided to settle this question formally in the next meeting basing on the results of investigation and reseach of Board Office.

(2) Aquatic Upper Secondary School:

The superintendent of education stated that he was entrusted with handling of this matter and after repeated consideration he reached a conclusion that it is most effective for the purpose of education to make the aquatic upper secondary school be a course of the synthetic upper secondary school, not making it a branch school of the Tadotsu Technical Upper Secondary School, for the reasons that the synthetic school system is more effective and numbers of students and location of this school also are just proper for this school system and further from the results of some negotiations with authorities concerned on whether this school is to be independent school or to be synthetic school.

(3) Changes of Principal's Positions
~~subject debated~~

The Minutes of Proceedings at the Second Special Meeting of Kagawa-Ken School Board in Mar. 1949.

Opened: At 1.30 p.m. on Mar. 14, 1949.

1. Name of Board members who attended the meeting:

Chairman: Shizuma Karatsu.
Vice-chairman: Yoshie Onishi.
Members: Hideo Kuroi, Nobuo Mori, Katsumi Yuasa, Motoi Miyawaki, Junichi Ueta.

2. Name of attendance except Board-members:

Superintendent: Eiichi Kubota.
Chief of General Affairs Sec.: Yoshio Sakaguchi.
Chief of School Affairs Sec.: Takami Kubo.
Chief of Guidance Sec.: Masuo Honda.
Chief of Investigation and Statistics Sec."Yutaka Shiota.
Chief of Social Education Sec.:Kenichi Kobayashi.

3. In the minutes of proceedings at last meeting(1st special Meeting in Mar.), a correction was made as follows:

In the answer to the question made by the Teachers' union on the change in the teaching-staff, it was mentioned by mistake that the full age was sixty(60), and the figure was corrected to fifty-five(55).

After the correction was made, the minutes were recognized by the attendance.

4. Subject deliberated.

Deliberations were made on the problem of the Re-organization of the Public Upper Secondary School.

Mr. Yuasa, Board-member, reported on the result of the Second Public Hearing on the re-organization of the upper Secondary School held at Takamatsu-shi on Mar. 12 as follows:

(1) The existing Upper Secondary Schools should not be closed to keek balance with Lower Secondary Schools.

(2) It seems to be proper that three(3) school districts (attending areas) should be set up in the prefecture.

(3) It is hoped that the domestic course should be provided at Ichinomiya Agricultural School

(4) As to the live-stock breeding course of Ishida School and the agricultural engineering course of Ichinomiya School, the school district should be the whole area of the prefecture.

(5) Part of the school district, Ishida-mura, Nagao-mura, Kawazoi-mura, should be revised. It seems, on the whole, that too much importance is attached to the urban district.

(6) The name of the schools to be left should be decided according to the free will of the school authorities.

(7) A request was made by Niban-cho Lower Secondary School as to the measures for the improvement of the school house.

Mr. Kuroi, Board-member, then reported on the result of the public hearing held at Kwanonji as follows:

(1) The Kwanonji school district should temporarily be devided into two parts, and an upper secondary school of the general course should be established in each part.

(2) Saita-mura should be included in the Kwanonji School district.

Mr. Ueta, Board-member, reported on the public hearing held at Marugame-shi as follows:

(1) The upper secondary school of the general course to be established in Marugame School district should be placed at the existing Marugame Girls' Upper Secondary School, and the upper secondary school of the general course in Sakaide district at the present Sakaide Girls' Upper Secondary School. In case of Sakaide, in particular, the establishment of the upper secondary school should not be sacrificed for the foundation of the university.

(2) The fishery Upper Secondary School should be independent in view of the peculiarity of the fishing industry.

(3)That the Kotohira school district was set up newly was received with much favor by the public, but it is hoped that Gunge-mura and Takigawa-mura should be included in Marugame district, and that Fuchu-mura, Utazu-cho, Iino-mura, and Kawazu-mura should be included in Sakaide district.

(4) Deliberations were made as to whether the domestic course should be abolished or not and whether the industrial course should be set up or not at Marugame upper Secondary School.

At the Chusan(central parts of Kagawa-Ken) Citizens Rally which was held after the public hearing, a rosolution was made as follows:

"Though it is scheduled that the final decision on the re-organization of the Upper Secondary School is to be made on Mar. 14 on the basis of the draft which was prepared on Mar. 9, the date shall be post-poned that the time for adequate and full steps may be afforded."

Then, deliberations were made on the basis of the result of the above-mentioned public hearings. And Mr. Suga, secretary of Board Office, explained on the revision of the draft as follows:

(1) As to the use of the house of schools to be set up in each school district, the will of the people of the district should be taken into consideration.

(2) It is innevitable that the school district is revised to some extent.

(3) There is a tendency that the schools wanting to set up the domestic course are increasing.

After the problem of the domestic course was debated, it was decided with some amendment on the draft that the domestic course should be set up at Sakaide, Iiyama, and Ichinomiya Schools.

Following the decision, deliberations were made on the facilities and capacity of Sakaide and Marugame Girls' Upper Secondary Schools.

With regard to the resolution which was made at the Chusan Citizens' Rally to the effect that the final decision should be postponed, it was decided that in view of the present circumstances the decision should be made at the latter part of this meeting.

The Board-members' opinions on the revision of the draft were summarized as follows:

Member Ueta's opinion :

(1) The school district for Fuchu-mura, Kawazu-mura, and Utazu-cho should be revised.

(2) The Fishery School should be independent.

Member Kuroi's opinion :

The school district for Zogo-mura and Takashino-mura should be revised.

Member Yuasa's opinion :

(1) As to the school district, some buffer zones should be provided.

(2) The school district for Hayashi-mura, Kawazoi-mura, and Nagao-cho should be revised.

The revision of the school district should be conducted automonously by the School-Board.

Member Kuroi delivered his opinion to the following effect :

The general course should be set up at the Girls' Upper Secondary School so far as great obstacle was not found in carrying on school education in view of the present financial situation of the Local Government.

After debates were made on the revision items presented by Board-members, it was decided as follows :

(1) The school district for the live-stock breeding course of Ishida School and the agricultural engineering course of Kagawa Agricultural School shall be the whole area of the prefecture.

(2) As to the school district, a buffer zone shall not be provided.
Exceptions, however, shall be admitted for special districts. And the concrete survey and planning shall be taken charge by the School Board Office.

(3) Part of the school district shall be revised as follows (district for the general course):

a. Kawazoi-mura is changed from Takamatsu district to Kita district.

b. Saita-mura is changed from Kotohira district to Kwanonji district. Exceptions shall be admitted for part of the district.

c. Fuchu-mura is changed from Suki district to Sakaide district.

d. Kawazu-mura is changed from Iiyama district to Sakaide district.

e. Utazu-cho is changed from Marugame district to Sakaide district.

f. As to the school district for Hayashi-mura, Hijitai-mura, Kasada-mura, Takashino-mura, and Zogo-mura, the final decision will be made after Mar., 25 on the basis of the will of the people of the districts.

g. Protests against the decision for other districts will be received by Mar., 25.

(4) As to the Fishery School, deliberations were made on the peculiarity of the school and the operation as a synthetic school, and it was decided as follows :
The decision as to whether the school should be independent or should be included in a synthetic school is reserved at this meeting, and if the final decision is made as drafted, the decision may be entrusted to the Superintendent.
But when the draft is revised to make the school independent, the measures must be conferred with the Board-members.

(5) Debates were made concerning the location of the upper secondary school to be established in Sakaide district, which is placed whether at the existing Sakaide Girls' Upper Secondary School or at Sakaide Boys' Upper Secondary School.
And it was decided that the school-house of Sakaide Girls' High School should be appropriated to the new Upper Secondary School of the general course.
A rest was taken from 3.35 p.m. to 4.15 p.m., then proceedings went on.
