5. The duties of the Council shall be to:

a. Initiate and present to the Munitions Board recommendations with respect to policies and plans, including procedures for the implementation thereof, in the fields of procurement responsibilities and operations of the Military Services in the accomplishment of the following primary objectives:

- (1) Development of maximum coordination in all aspects of current procurement by the military departments.
- (2) Elimination of duplication of efforts in all elements of current military procurement to the maximum extent practicable.
- (3) Development of procedures to accomplish an expeditious and efficient transition from methods of current procurement to those anticipated to meet the expanded requirements of a major emergency.
- (4) Development of any changes in current methods of operation or assignment of responsibilities considered necessary or desirable to meet the requirements of a major emergency.

b. Coordinate the work of the Munitions Board Committees engaged in procurement functions to insure adequate progress, allocation of work load, and resolution of differences. Receive all reports and review the major recommendations submitted by these committees. For these purposes, it will have direct access to the committees.

c. Perform such other related functions as the Board may suggest from time to time.

6. Liaison officers and a Secretary from the Munitions Board will be designated.
