Strategy consultation

Computer-assisted translation

- If well provided:

  - facilitates boring work

  - increases speed of translation

  - increases quality

Various tools

- Minority Translate

- Czech-Slovak Wikipedia

- WikiTrans

- Content Translation

- …

- https://meta.wikimedia.org/wiki/Machine_translation

Content Translation

Lets see!

How to utilise Content Translation

- Translate user interface (translatewiki.net)

- Promote it!

- Provide language tools:
    - machine translator
    - dictionaries
    - translation memory
    - paralel corpora by translating

And now you!
