Dear Sir:

I have complaint from Mrs. E. B. Stettler, of  
Bridgeville, re. damage to her coal trestle at that point  
account car coming in contact with same. The damage, I  
am advised, is very slight, and repairs can be made in a  
short time by a carpenter.

Will you please have this taken care of?

Dear Sir:

I have your letter June 1st, addressed to Superintendent McCann, Scranton, requesting permission to erect a building at Bridgeville to hold two cars of feed, and I regret very much it will not be consistent to permit this as it is the policy of our company not to place buildings on its property such as suggested.

Yours truly,

Dear Sir:

Your letters May 20 and 29, re. damage to doors on Mrs. E. B. Stettler's coal chute, Bridgeville.

Agent advises impossible to determine on what date, or by what car damage was done. During this period there were several cars of lumber placed on and taken from this track. Agent advises damage is very slight and that repairs can be made within ten or fifteen minutes with a hammer and few nails.

Yours truly,

Dear Sir:

I wrote you May 20th as follows:

"Your letter May 18th, again returning papers re. damage to doors on Mrs. E. B. Stettler's coal chute, Bridgeville. You will note Mrs. Stettler states the car which did the damage was a lumber car which stood there several weeks.

Cannot agent Kinney advise crew moving this car, and if so, will it not give you information with which to make thorough investigation as to responsibility?"

Please advise.

Mr. Ryan

Dear Sir,

Some of your  
train-men have broken  
in my coal chute doors.  
It was done by putting  
cars on my trestle the  
one which did the damage  
was a lumber car which  
stood there several weeks. Will  
you kindly have the  
doors repaired?
