Too Many Prisoners in Hiroshima Police Jurisdiction

* * * *

Each police station in the jurisdiction of the Hiroshima Police Headquarters is now distressed with too busy affairs, owing to the use of its detention room as for substitude of prisons, such as watching of those prisoners taking and bringing back them to and from the court, attending the court etc.

Of all the 368 stations in the jurisdiction, 191 stations have detention rooms each.

As so many persons detained have been remarkably increased since the end of war, the rooms for the joint use by the national and the community polices have now 8,453 detained to the fixed number of 1,677 persons, the rooms for the community police only have 3,506 persons to 833, and the rooms for national police only have 1,084 to 397, at present.

After all the number of the detained is about five times as the fixed number in the average.

A majority of them are those left in the polices' charge by the courts and prosecutorsoffices.

The number of escorting them between polices and prosecutors' offices or courts has averaged 1,930 times every month.

Moreover, the revision of the criminal case regulations has increased the difficulty of searching so much that each police is extremely distressed by the lack of personnels.

The headquarters has now decided to petition for the newly establishment of the prison branches and the increasing of special prison wards.

1. During the period of transition from the former Justice Ministry to the Attorney-General's Office it was necessary for the Region Legal-Government Section to come to the aid of the prisons in Chugoku Region in maintaining a minimum supply of clothing and blankets.

2. Previously supplies were obtained from Central Government sources through the Kure District Demobilization Bureau. However, with the closing of this agency further assistance of such nature cannot be vouch-safed. Prison executives were warned of this probability and, accordingly, advised to go into the problem of next winter's requirements now, making a complete survey, stocktaking and forecasting their needs against expected increase of inmates.

3. This has been done, and requisitions have been placed with the Attorney General's Office. However the Chief Warden doubts that any action will be taken, unless supplies can be uncovered locally. In this regard, BCOF has large stocks of surplus materials suitable to the requirements of the prisons, and these are ready for immediate release thru the Board of Trade.

4. Could action be taken at high level to determine what planning has been undertaken by the A.G.'s Office to meet a recurring problem?

REPORT

1 July 1948.

From: Director, Chugoku Regional Prison.
SUEHICHI SUYAMA.

To : Chief of Legal & Government Section, C.M.G.

Subject: A report of public poinion poll held at Tottori Prison concerning to the treatment for prisoners.

* * * * * * * *

I hereby send a report concerning said matters but the same report had been presented to the Chief of Correction and Rehabilitation General Affairs Bureau of Legal Affairs Office.

* * * * * * * *

1. The circumstances of the case carried out the public opinion poll.

Prisoner IN-YU-GEN (31 years old)
(Tottori Prison convict, robbery and injury, first offence, penal servitude 8 years.)

He is one of the transfered 400 prisoners who transfered from other prison on August last year for the purpose of relieve over attention. On March this year when an accomplice KONRYU (Formosa) was trialed at Provost Court.

IN-YU-GEN was transfered to Kyoto Prison as a witness and stayed in Prison till 13 May.
During this term he contributed an article to H.Q. of First Army-Corps through the lawyer Capt. Jonson concerning to the violence of jailers at Tottori Prison. After the time this contribution was transfered to Chugoku M.G. and I received a order of investigation from C.M.G. to clear up the details of the contribution. So I dispatched quickly a Chief-Clerk of Rigional Prison NORIO SASAKI to Tottori Prison in view of the important matter. His investigation report, various results investigated by him according to the matters and treatments written in the contribution, previously had been reported to C.M.G. by CHUGYO-HATSU No. 758, dated 22 June.

In other respects Warrent Officer TRAVANNER, changed to the Chief of Legal & Government Team of Tottori M.G. on 14 June from C.M.G. took a inspection at Tottori Prison after changed his new position and especially investigated for the treatment of prisoners by a point of his view.

However the said report had not been presented to him still at the time. After the inspection, as a means to an end to know the concreatly treatment in prison, the following method, a public ppinion poll by secret, was decided to carried out.

09.100

On the 23 June taking a form this method was proposed by Public Procurator YOKOGAWA, Tottori District Procurators' Office, the public opinion poll at Tottori Prison was held in the presence of a newsman belonged to the SAIIN-NICHINICHI and NIHONKAI-SHINBUN. It cost about 3 hours from 3:00 p.m.

2. The matters of question and results of public opinion poll.
As annexed paper.

3. After considered for the results of the ballot.
Mr. TRAVANNER recognized the fact consisting in some ill-treated action, as it was impossible to put trust all from the figures appeared at ballot. So he held a round-table conference on 26 June recognizing a necessary to establishes a improvement policies.
I attended to the conference accompayied by Chief-Clerk according to a request of our presence from him.

4. State of conference held on 26 June.
Mr. TRAVANNER appointed me the chairman of the conference and all attendances discussed for the matters appeared in the ballots under the chairmanship of myself.

Name of attended men.
1. Vice-procurator of Tottori District Procurators' Office
Public Procurator UOKOGAWA.

2. Chief of Legal & Government Team, Tottori M.G.

3. Newspaper-man.
OSAKA MAINICHI
OSAKA ASAHI
YOMIURI SHINBUN
SANIN NICHINICHI
NIHONKAI SHINBUN

4. Chief of Tottori Prison.
Mr. SATO
Chief of Custody.
Mr. SHIRASU

The conference was held from 8:00 a.m. to 3:00 p.m. and throughly discussed the matters from various point.
According this conference the following matters were cleared.
In the bollot there are many votes that recognized the fact of ill-treatment for prisoners, unexpectedly, but from the figures of the votes we canot catch the trues.
Whatever a votes number are vast it liable to appears the numbers of ill-treatment fact directly ratio for votes number because when one fact were recognized by 500 prisoners there at tolerable cross-purpose within its figures and

action cases. About the figures, ill-treatment, had been looked by prisoner I doubutful.

Aboot 150 prisoners within 400 prisoners which transfered from KINKI Regional Prison on August last year were bad prisoner as long terms, mass robbery or armed burglar etc,.

They displayied their oppresive request and brutality with backing the mass powers for the betterment of accommodation, discontent of meal and betterment of treatment.

If leave them alon at his pleasure there were surely feeling of get into danger of mass violence.

There was nothing for it but to handcuffed the ringleaders and instigators, and so arrest them in solitnde cell.

At that time the use of these violence by jailer were necessary evil. Concerning to the full information of the matter Chief of Prison and Chief-Clerk both reported at conference and all attendances acknowledged it.

Concerning to the investigation matter paragraph 5. For the paragraphs' figure showed 201 cases but we cannot overlook the figure without watching that in this figures include the mamber of legal reduce diet pernishment and gambled away diet.

Concerning to the matter paragrph 7. - Did you illigal act by order of jailer ?

For this question answer was 46 but a definite reply was only 14, other 32 was based on mistaked. So from 46 votes we cannot catch hold of truth. In regared to the question the fully investigatiom will be continued by Pyblic Procurator YOKOGAWA.

At anyway we are willing to recognize regrettable matters for prisoners' treatment. So we agreed on some policies of provement of prisoner treatment as following policies.

1. Inprove a jailers' culture.
   Re-educate presint staffs and at the time employee new jailees select good man in knowledge, in character and in quality by good treatment.
2. Train convict to observe the rules.
3. Enforcement of discipline for violators based on rules.
4. Call a democratic conscience of convicts.
5. Give ear to convicts' discontent.
6. Make uniform the staffs' clothes.
   Incidentally for the matters all the opinion agreed that the staffs clothes especially jailees' are not dressed all alike given bad infulence for jailers' prestige and indistinguishable at clothes jailer and convict damps jailers' sprits.
7. Build an addition to the factory in Prison.

Many of convicts are compelled to work in the cell together owing to these circumstances factory is only one. This cause the dissatisfaction of convicts.

8. Inforcement of the recreation.

All attendances stressed the practric said matters and M.G. authority also speaked the mined of compliment agreement for improvement of prison affairs in future. This agreement given us gladness.

Mr. TRAVANNER seeked an understanding with the matters investigated as this mithod and said "There are nothing such intention to discharges prison staffs. This poll was held only for the purpose of establishes the democratic exemplary prison improving the condition of fault."

About an announcement of the result of the public opinion poll on a newspapers there were adverse criticism in some people but M.G. stressed a need of announcement but other hand following considerations should have much weight that the prison policies always apt to advanced in secretly hitherto.

If had not made continude progress from the idea it would be difficult to receive a cooperation and recognition of publics so decided to make hold announces on newspapers thinking that it will be necessary to encounter impertial criticism from publics by announcement of the naked fact of prison affairs.

But according to the announcement results there were a innacurate reports like the NIHONKAI SHINBUN. It was keen regret that did not report the details of agreement matters truly.

Aor Chief of Prixon and other staffs I gave following notice:

"What I most regret was the result of public openion poll. I had been always cautioning you against use of violence for convicts but in spite of the caution thus violation was appeared by this public opinion poll. In future these action prohibit prositively but for the observance of rules or orders must deal with resolute manner more in future, fearless of the announcement results. For all troubles arose in prison must be conduct by lawful means. In conclusion I should akk a word that nothing would settls troubles for prisoners but benebolent affection."

等を强調し軍政部當局としても今後充分協力して行刑の改善に資したいと云ふ意志表示があつたことは洵によろこばしいことであつた

最後に斯る調査方法で調査したことをトラブナー准尉は非常に許を乞ふと云ふ態度に出られ向これによつて職員を被免すると云ふのでなく斯る事實があれば早期に改善し最も優秀な民主的な鳥取刑務所たらしめたい念願から斯る調査をしたことを諒承されたいとの申出があつたことも考慮せられたか軍政部の意見は發表することを强調し終始不變

のものであり反面行刑が鬼角密行主義と云ふ從來の考へから一歩も頭を出さなかつたならば社會の認識を得ることも協力を得ることも至難であるので行刑の赤裸々な姿を正しく報導して公正な批判を得ることも此際是非必要のことと思われたので思ひ切つて紙上に發表することとした

海新聞の如きは協議の内容を正確に報導して居らない點は遺憾である

は監察の際又通牒に依つて屢々暴力に不拘今尚かゝる投票の結果を見たことを甚だ遺憾とし將來斯の種制裁の絶體廢止を深く戒めると同時に今られたことに因つて却つて職員が委縮投票の結果が社會に報導せたる態度ることなく規律と秩序の遵守については將來一層斷乎魏然たる愛情の以つて臨み飽迄も合法的に處斷すべきことを要望し結局頭と注意して置いた
