October Peony Price List

Issued October 1st, 1923

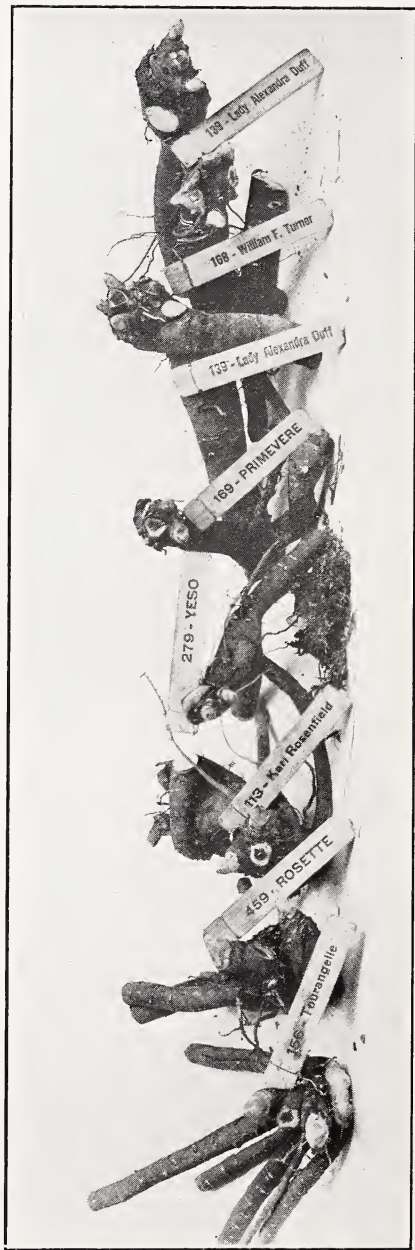

An undivided two year old plant of M. Jules Elie, grown from a Bonnewitz Strong One Eye Division

LEE R. BONNEWITZ

VAN WERT, OHIO

Bonnewitz Strong One Eye Divisions Ready for Shipment

Owing to the reduction necessary in making this plate, the picture does not show the "eyes" as prominently as they appear on the division, but the experienced Peony enthusiast can readily note them.

For that First Party Boy

An Epitaph for the one who
is a Hero in the eyes of the world

In order to be a hero, one must
be a man of action, a man of
deeds, a man who is not afraid
to die for his country.

That is the way to live,
that is the way to die.

It is not enough to be a man
of words, it is not enough to be
a man of letters, it is not enough
to be a man of science.

For the first party boy,
the hero of the hour,
the man who is not afraid
to die for his country,
the man who is not afraid
to die for his country.

That is the way to live,
that is the way to die.

A Word of Explanation

Have you been somewhat disappointed in not receiving a reply to that last letter you mailed me? Do you feel that the shipping date I promised on your last order should have been two or three weeks earlier? Have you become a little impatient in not receiving your Peony order which I had booked for shipment the second week of September?

Let me explain!

The first week of September was one of continuous rain, and during the second and third weeks, we have had rain nearly every other day. You can easily realize what such conditions do to a shipping schedule. However, I am making every effort possible to overcome this handicap. I have just finished wiring my "dividing and packing" shed so that we will have ample light for dividing and packing during unfavorable weather and at night. This permits my force to label and dig Peonies whenever the weather conditions are at all favorable for outside work. Sometime in the very near future I hope to have shipping facilities that will not be dependent upon weather conditions, but for this season at least the weatherman is an important factor in all our plans and schedules. I wish you could drop in and see my force at work. Of course, we could not take much time to talk, but I believe you would find the activity most interesting. I used to think that the concentrated work about a threshing outfit represented the acme of busy, rush industry, but it cannot compare with a Peony garden during the shipping season. Our working day starts at five a. m. or earlier, and many, many days, ten p. m. finds us still at work. Of course, I could pick up extra men and rush through our accumulated orders, but each order is so important to me that I like to feel that it is handled in every detail by an experienced and reliable man, and that each order has my personal inspection before it is packed and shipped. This, naturally, takes a little more time, but the satisfaction this plan affords me is, I feel, worth the little delay it causes.

Present conditions do not permit me to snatch much time for handling correspondence, but if you can be a little patient, I will work with my secretary and office force, and handle your letter with the least delay possible. I will be glad when the peak of the rush is passed so I can devote more time to my correspondence for I do enjoy the letters I receive.

I have accepted sufficient orders to keep my force busy

digging and shipping Peonies until October twentieth, or possibly later, and so I am not in position to accept orders for shipment before that date. Here is a list of varieties on which I am not oversold, and in it you will find a few varieties which I am offering for the first time this season. I can accept orders from this list for shipment after October twentieth, which in most localities is an ideal time for planting. Nearly all my own planting is done the latter part of October and the first of November, and last year I had marked success with divisions of Alice Harding planted in late November.

The prices quoted are for **Bonnwitz Strong One Eye Divisions** which will have at least two eyes. The illustration on the inside cover page gives you an idea of the size roots on which I make my quotations.

	KELWAY'S FALSE QUEEN (Kelway).....	2.50
	This is the variety which many of the best growers have for years been selling as Kelway's Queen. For landscape purposes it is superior to the true variety, as it is taller, holds its bloom better, and its extremely good color at the center of the large bloom attracts the attention from a greater distance than any other variety I know, with only one exception.

	PERRETTE (Dessert)	10.00
8.8	PHYLLIS KELWAY (Kelway)	5.00
	An artist's Peony. He speaks of it as "The maid attired for the ball."	
	Yes, it is pink of a charming shade, and of course it shows just enough stamens to give the effect of jewels on the dancing frock.	
	It is a great pity it does not increase more rapidly.	
9.2	PHILLIPPE RIVOIRE (Riviere)	20.00
7.4	POMPONETTE (Dessert)	1.50

8.1	RUTH BRAND (Brand)	1.50
9.0	SARAH BERNHARDT (Lemoine)	2.00
	A splendid late pink variety, but not as late as Grandiflora.	
9.7	SOLANGE (Lemoine)	3.50
	This variety is increasing in popularity. Solange won the prize for the best single bloom in the National Show this year.	
	SOPS OF WINE (Secor)	5.00
	SOUV. DU GEN GALLIENI (Riviere)	4.00
	STRASSBURG (G & K)	2.50
8.0	SUZETTE (Dessert)	2.00
7.7	SULLY PRUDHOMME (Crousse)	1.00

7.3	SUPREME (Hollis)	2.00
8.3	THE GEM (Pleas)	2.00
9.8	THERESE (Dessert)	5.00
	The best pink Peony and its superiority is recognized more each year.	
8.3	TRAGEDIE (Hollis)	5.00
7.4	UMBELLATA ROSEA (Dessert)	1.00
8.0	WALTER MORGAN (Pleas)	2.00
7.9	WELCOME GUEST (Hollis)	2.00
	I do not believe this Peony is appreciated as much as it should be. To me, it has a similar charm to Phyllis Kelway, and if the true variety gets into the gardens of Peony lovers, I will expect to see it get a much higher rating.	
	W. F. CHRISTMAN (Franklin)	10.00
8.0	WIESBADEN (G & K)	3.00
	ZEST (Hollis)	3.00
	This variety gave me one of the most pleasant surprises of the Peony season. It is of a splendid shade of pink which fades to a softer, silvery tone, and the extremely long, loosely placed petals, showing a cup shape at the center, induce me to class it with Exquisite. I never saw it so fine in previous years and, as it may never be so fine again, I am not yet advising its purchase.

Deep rose pink single Peony.	
VENISE	1.00
A dainty pink single Peony.	
VESUVE	1.00
A single Peony, nearly as dark as M. Martin Caluzac.	

I find it is necessary to withdraw all my collection offers for this season. However, to meet the requirements of the beginner I have revised my Beginners Collection Number One and will still take orders on the following:

One **Bonnewitz Strong One-Eye Division** of:

M. JULES ELIE
MARGUERITE GERARD
GINETTE
KARL ROSENFELD
GERMAINE BIGOT
AVALANCHE

for.....\$5.00

My usual terms will apply on all orders for this collection.

It is also necessary for me to withdraw my "Get Acquainted" offer of three **Bonnewitz Strong One-Eye Divisions** of labeled Peonies for \$1.00 owing to the fact that the varieties listed in my circular are sold out. I will, however, accepted a few orders of three **Bonnewitz Strong One-Eye Divisions**, my selection, any varieties, to be sent postpaid for \$1.00. I will call this my 1923 Trial Collection.

T E R M S

My terms are cash with order and money will be refunded for any variety which I cannot furnish. I will under no circumstances make any substitutions, as it is my established policy to send exactly the plant you order or refund the money.

I believe that every variety I offer is absolutely true to name, but should any prove to be untrue, I will gladly refund the money paid for it.

I like to send roots by express as in that case the customer pays exactly what the transportation costs. If, however, any customer ordering a few roots wishes them sent by parcel post, he may send fifteen cents additional for each root or division, and I will not only pay the postage but will also insure the safe delivery of the package. Express is usually cheaper when five or more roots are ordered.

LEE R. BONNEWITZ.

Van Wert, Ohio, Oct. 1st, 1923.

NOTE: The prices in this list supersede prices quoted in all previous lists.
