VICTORIA, B. C., WEDNESDAY, JUNE 11, 1913

NO. 136

PLEBISCITE ONLY SATISFACTORY WAY TO DETERMINE WISHES OF PEOPLE ON NAVAL ISSUE SAYS HENRI BOURASSA

Three Distinct Views for Public Decision Says Montreal Nationalist, Who Points to Borden's Preference of Senatorial Death to His Bill Rather Than an Appeal to Seven Millions

NO DECISIVE VOTE GIVEN ON IMPERIAL COMMITTEE MAKES SITUATION MORE ACUTE

Edmonton, Alta., June 11.—Henri Bourassa, the Montreal Nationalist, yesterday said that apart from the question of the pledges, he did not blame Hon. R. L. Borden for not declaring for a general election, for he did not consider that such a course was best calculated to ascertain the real opinion of the people on the matter. He added that he had always favored a plebiscite, as in the case of a naval bill, there were three distinct views, some favoring the Laurier policy of an imperial navy, some supporting the Borden scheme of contribution, while others were opposed to both schemes. Under these circumstances, Mr. Bourassa thought a plebiscite offered the only satisfactory method of arriving at a solution.

"If Mr. Borden really has faith in his naval bill," said Mr. Bourassa, "why does he allow it to be destroyed by some fifty old gentlemen in the senate instead of appealing to the seven million or more people of Canada?"

That it was not the actual sum concerned but the principle at stake, that the Nationalists were opposed to, Mr. Bourassa said.

The statement that there was an emergency, first found by Mr. Borden in 1909, lost by him in 1911, and resuscitated again in 1912, was regarded by Mr. Bourassa as a childish argument which he would not deal with.

The situation had become more acute, Mr. Bourassa thought, in view of the definite statement of Premier Asquith and Right Hon. L. Harcourt that Canada would not be given a decisive voice in the committee on imperial affairs.

CLINTON ASSIZE JURY CHOSEN IN VICTORIA

Sheriff and Lillooet Magistrate Attend Call From Attorney-General

CASE WILL BE HEARD BY COURT OF APPEAL

Defence in Trial of Antoine Alleges Grand Jury Improperly Selected

INTERFERENCE WITH RIGHTS OF ACCUSED

Clinton, B. C., June 11.—Rex vs. Antoine was the first case taken up at the Assize court, on Monday morning, when Stuart Henderson appeared for the defence and raised the objection that the grand jury which had brought in the true bill was not properly summoned, and his lordship expressed the opinion that the objection was well taken. When the court assembled yesterday the crown prosecutor intimated that his instructions from the attorney-general were to proceed. The court then overruled the objection, granting Mr. Henderson a stated case, so that the matter may come before the Court of Appeals.

It is not usual for the attorney-general to interfere with the selection of jurors, but such appears to have been the case at the present assizes, according to the sworn testimony of Deputy Sheriff R. D. Cumming. Counsel for Antoine challenged the array of grand and petit jurors on the ground of partiality and wilful misconduct on the part of the sheriff, who selected them.

On being sworn, the sheriff deposed that Alexander Lucas, the member for Yale in the local House, had intimated to him that the attorney-general wanted to consult with him before selecting the jury for the assizes. He had received a telegram from the attorney-general, in response to which he went to Victoria, and in an ante-room off the attorney-general's office he and William Saul, a stipendiary magistrate, residing in Lillooet, which is outside the jurisdiction of Cariboo, selected the jury list. The reason of this procedure was to obtain an impartial jury to try the Paul and Spintium case.

Mr. Henderson, in addressing the jurors appointed by the judge to determine the merits of the challenge, stated that the sheriff or deputy sheriff who selected the jury were not in any way responsible to the attorney-general, but were sworn to perform their duties impartially.

He further contended that the attorney-general was the prosecutor in all criminal cases, and should not under any consideration be allowed to suggest anyone for a juror or make any representations to the sheriff. To do so was to interfere with the right of everyone accused of a crime to a fair trial by an independent jury.

Inasmuch as the sheriff had sworn that he had not gone to Victoria, or that he had not the assistance of Mr. Saul, he would have summoned the same jury, the triers were of opinion that the challenge should not be sustained. The trial of Antoine then proceeded.

The crown brought in evidence to show that the accused, an Italian, had murdered his wife in January last at Lytton. The defence called witnesses, and the jury at a late hour last night were still deliberating.

RENO JUDGESHIP WAS MEAGRE IN PROFIT

Marriage Breaker Provides Decree Absolute for Howard and His Money

WORKED REAL ESTATE FAKE IN VANCOUVER

Wanted Young Farmer to Manage Office With English Lord and Other Directors

JUDGE GRANT GIVES JUDGEMENT FOR MONEY

Vancouver, June 11.—Judge Grant has little respect for the judges of Reno, Nev., who grant divorces in two minutes. He said so yesterday in the case in which H. H. Howard sought to recover \$400 from M. O. Fitzmaurice, former judge at the divorce court, who on a trip to Vancouver recently, got the plaintiff to part with his money in a get-rich-quick scheme. The only one enriched was the Reno judge, who, it was said, is now practicing as an attorney in San Francisco. Judgment was given for the amount claimed with costs.

The county court judge said he could understand why Fitzmaurice had come to Vancouver, when there was so much easy money to be picked up. His only regret was that he was not appearing before him on a criminal charge. He would soon find himself in the penitentiary.

Howard alleged that Fitzmaurice got the \$400 from him by fraud. There was an advertisement in a local paper asking for a man to learn the real estate business, young farmer preferred. Howard called at the hotel where Fitzmaurice was staying. The latter introduced himself as Judge Fitzmaurice, of Reno. He said he was the agent for a company capitalized at \$1,000,000, and Judge Emery, of Regina; Attorney-General Bowser and an English lord were the directors.

He wished to appoint an exclusive agent in Seattle for the sale of lots and suggested that Howard should take an interest in a townsite called Groundard. The purchase price for the whole was \$2,000. Fitzmaurice was to pay half, Howard to pay the other half, \$400 cash and the balance by quarterly instalments.

An agreement of sale was drawn up, purporting to be made between the Peace River Valley Land Company, of Vancouver, and the plaintiff. It was signed by Fitzmaurice in behalf of the company, which is not registered in British Columbia.

In conformity with the agreement, Howard went to Seattle but, later, believing matters were not as they should be, returned. He then made inquiries at the Peace River Securities Corporation, Ltd., of Vancouver, and then heard that the company of a similar name was not incorporated here.

Suit was immediately begun but the judge had fallen. He was located in San Francisco, where his evidence was taken on commission. This evidence was to the effect that he had not misrepresented facts to Howard. He said that he was a judge for two days in the divorce court at Reno but threw up the job because there was nothing in it.

CZAR OF RUSSIA TRIES TO MAKE PEACE REVISION OF SERBO-BULGARIAN TREATY SAYS SERBIA ALONE CAN PREVENT WAR

Vienna Indicates Success in Efforts of Powers to Prevent Balkan States Flying at Each Others' Throats; Germany Advises Moderation and France Tightens Purse Strings Withholding Financial Assistance

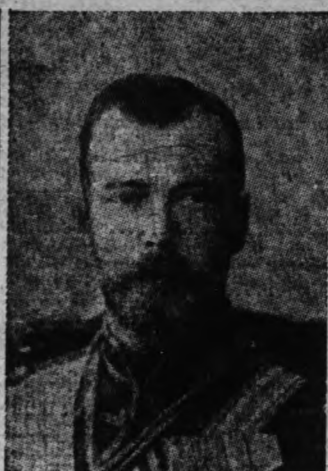

London, June 11.—The great powers are exerting every effort to prevent the Balkan states from flying at each other's throats, reports from Vienna indicate, with some success.

Russia and Germany particularly are busy counselling peace and moderation, and the French government is supporting them, and as the principal creditor, is giving both Serbia and Bulgaria clear warning that in event of war no financial assistance will be forthcoming either before or after hostilities.

Since Serbia has declared definitely she would avoid all provocations towards Bulgaria, even should the latter refuse revision of the treaty of alliance, and would wait before proclaiming annexation of the occupied territories, and since Bulgaria has expressed readiness to do everything possible to maintain peace, it is still hoped that war may be averted.

A Belgrade dispatch says the Russian emperor has addressed telegrams to King Peter and King Ferdinand, imploring them to avoid a fratricidal war and expressing the hope that they will accept the intervention of arbitrators.

Vienna, June 11.—The Neus Abendblatt states that Bulgaria to-day replied in the affirmative to the telegram from the Emperor of Russia asking the Bulgarian government to submit its dispute with Serbia to arbitration. According to the Reichs Post the Emperor of Russia's telegram urging arbitration on Bulgaria and Serbia also requested as a preliminary condition that the two countries should demobilize their armies.

CZAR OF RUSSIA.

Belgrade, June 11.—"Serbia and Bulgaria are bound to fight," said Minister of War Boyovitch here yesterday, "unless the powers can induce Bulgaria to consent to a revision of the Serbo-Bulgarian treaty. In any event the Turkish territory Serbia now holds must remain Serbian. If Bulgaria objects this war will follow."

SIX SUCCEED WITH SUBMERGENCE TEST

Went Under Water Yesterday and Expect to Remain Below To-day

Long Beach, Cal., June 11.—Six men, seated up in a new type submarine boat, surpassed the submergence endurance record on the bed of the ocean off here to-day. They went down yesterday morning at 5 o'clock, and in a message telegraphed shortly before noon over a marine cable leading from the submerged boat to shore, it was declared that the entire crew of six men were well and expected to remain down until 5 o'clock, this afternoon.

The old record was established in 1907 by the United States submarine Octopus, which remained under water 24 hours. The boat which has established the new submergence record differs from other types in having gasoline motors, which by a special exhaust device are able to run while the vessel is submerged without polluting the air for the crew.

MEXICAN GOVERNMENT MAY WANT DIAZ BACK

Paris, June 11.—A brother-in-law of ex-President Diaz left for Mexico to-day to discuss with the government there the question of the return of the former dictator, who recently received a delegation of Mexican friends requesting him to return to Mexico to assist by his counsel in the restoration of tranquillity to that country.

The reply of the old dictator is said to have been: "I should have been pleased to return and reside in my country, but I am determined not to participate in its politics."

BOMB USED BY SILK STRIKERS AT PATERSON

Pateron, N. J., June 11.—Pateron was shaken early to-day by the explosion of a bomb in front of the home of three brothers who had persistently refused to join the silk strikers. The house was damaged, but the sleeping occupants were uninjured, and later they went to work as usual, under escort of police. It was the second attempt to dynamite their home since the strike began.

VIOLATE NEUTRALITY LAWS.

Los Angeles, Cal., June 11.—Indictments charging several persons with violation of the neutrality laws were reported by the federal grand jury, which completed last night an investigation of the smuggling of aeroplanes across the international border to help Mexican rebels in Sonora.

GRAND VIZIER OF TURKEY MURDERED

Mahmoud Scheffket Pasha and Ibrahim Bey Assassinated by Armed Men

DEED PLACED TO THE YOUNG TURKS' SOCIETY

Scheffket Pasha Was Moving Spirit in Fostering of Military Revolution

SULTAN ABDUL HAMID MADE HIM FAVORITE

Constantinople, June 11.—The Turkish grand vizier, Mahmud Scheffket Pasha, was assassinated at noon to-day by two men armed with revolvers who attacked him while he was proceeding in his motor car to the suburban porte.

Ibrahim Bey, the aide de camp of Mahmud Scheffket Pasha, was also killed by the assassins. It is understood that the men who committed the crime are civilians.

It is believed in government circles here that the assassination of the grand vizier was the outcome of a plot against the committee of union and progress (Young Turks).

Mahmud Scheffket Pasha had held the office of grand vizier since January 23 this year, when Kiamil Pasha resigned. On the same day Nazim Pasha, the commander of the Turkish army at the Tchatalja lines was shot dead during a demonstration in Constantinople.

Mahmud Scheffket Pasha was a pure Arab and a native of Bagdad. He was brought to Constantinople with his family when he was a boy. After the organization of the Young Turks he was graduated at eighteen years of age with the highest honors. He was a great favorite of the former Sultan Abdul Hamid, who appointed him to the general staff. Afterwards he proceeded to Germany and stayed there ten years studying the organization of the German army. Mahmud Scheffket Pasha, despite his close intimacy with Abdul Hamid, was the moving spirit in fostering the military revolution which brought about the sultan's fall.

Soon after the outbreak of the Balkan war, Mahmud Scheffket Pasha was appointed chief of the commissary department of the Turkish war office, and he was one of those present at the grand council of the empire which decided last January to accept the proposal of the European powers to bring the war to an end.

WOMAN IS WATCHING SENATORIAL INQUIRY

"Mother" Jones, Strike Leader, Prompts Lawyers for West Virginia Miners

INVESTIGATE MILITARY LAW THEN IN FORCE

Charleston, W. Va., June 11.—With the basis of their inquiry firmly laid, the members of the senate commission investigating the West Virginia coal situation to-day proceeded to lay bare the processes by which the civil courts were stripped of their power and more than 150 square miles of West Virginia were placed under martial law. Senator Borah, of Idaho, took charge of the inquiry under that section of the senate resolution directing a probe of the charge that citizens had been deprived of their rights under the constitution.

The military officers who were concerned with the proclamation of martial law in the strike district, and with the administration of affairs under martial law, whom the committee summoned yesterday were the first witnesses to be called to-day. Their records were needed to make clear the procedure followed by former Governor Glasscock in the proclaiming of martial law. Judge Advocate-General George Wallace, Adjutant-General Charles D. Elliott, Major James A. Pratt, Captain Charles A. Morgan and Captain Samuel L. Walker, were on the list.

Former Representative Joseph H. Gaines, an impromptu witness furnished the committee with the testimony which will form the basis of the investigation with regard to the superintending of the civil authority by the military forces. Mr. Gaines detailed to the committee the judicial institutions of West Virginia, showing that the courts of justice of peace, the intermediate and the circuit court, had jurisdiction over all offenses committed in the strike zone.

He said that throughout the period when the military tribunal was in charge of the strike district these courts were open, and were conducting their business.

In the midst of the groups of lawyers representing the miners, headed by Frank S. Monnet, former attorney-general of Ohio, sat a gray-haired, stout, old woman with sparkling gray eyes snapping from beneath heavy brows, who watched every witness with intent gaze. She was "Mother" Jones, leader of the striking miners, but lately come from the "bull pen" of the military court, and she directed the questioning by astute lawyers to the points in the miners' case as she had watched it develop in her two years in the coal fields of the state.

"Mother" Jones will herself be called as one of the witnesses for the miners later in the investigation.

FIRE AT PORTLAND.

Portland, Ore., June 11.—Fire which started in the mattress department of J. G. Mack & Company from an unknown cause, did damage late last night that amounted to \$100,000 to the furniture stock of the company and to the building.

HADLOCK MILL IS RUINED BY FLAMES

Loss at Port Townsend \$65,000 When Water Supply Cut Off

Port Townsend, Wash., June 11.—The Hadlock mill, owned by the W. J. Adams Estate Company, is a smouldering mass of ruins as a result of a fire which occurred at 1 p. m. yesterday. The origin of the fire is unknown. The loss is estimated at \$65,000, which is partially covered by insurance. The mill was built in 1888 and had been operated almost continuously until about three years ago, when it was closed shortly after the death of Mr. Adams, head of the company, after which the concern went out of the lumbering business.

At the time it was operated it was the second largest sawmill on the Sound. The mill secured its water supply from the Olympic gravity system which supplies this city, the water being conducted from the pipes on a trestle which was burned shortly after the fire started, cutting off the supply, rendering the plant at the mercy of the blaze.

No wind prevailed, and to this fact may be attributed the saving of the two hotels, a store and several other buildings in close proximity.

A few months ago the company was offered \$45,000 for the plant but the offer was refused.

ILLINOIS WILL GET WOMEN'S SUFFRAGE

Springfield, Ill., June 11.—The woman's suffrage bill which passed in the state senate several weeks ago was taken up in the House to-day. A test vote on a motion to delay action on the bill showed enough members in favor of the measure to pass it.

The formal roll call to pass the bill was delayed temporarily by speeches and efforts to force adjournment. The vote to delay action showed 34 members against such delay and 57 for delay.

LONDON POLICE SEIZE SHIPMENT OF RIFLES

London, June 11.—The police raided a warehouse in London last night, and discovered between 3,000 and 4,000 rifles and a similar number of bayonets, packed in boxes ready for shipment. The raid was a sequel to the seizure of a consignment of rifles and bayonets on board a steamer arriving at Dublin, June 6, from Liverpool. This consignment was addressed to Baron Farnham, an Irish peer, at his country home in County Cavan, and were traced to the same warehouse.

VOTES FAVOR SMITH.

Lethbridge, Alta., June 11.—The election of J. H. Smith, of Fernie, as president of No. 18 of the U. M. W. of A., is practically assured. The following figures so far have been received: Smith, 1,024; Stubbs, 618.

COAL MINE STRIKERS GET \$15,000 WEEKLY

Telegram From Indianapolis Providing Union Funds for Men at Nanaimo

Vancouver, June 11.—That the coal miners of Vancouver Island who are now on strike need have no fear about their strike pay was the news received at the labor temple yesterday afternoon. Edwin Perry, secretary-treasurer of the U. M. W. of A., telegraphed from Indianapolis, the headquarters of the organization: "Will forward \$15,000 weekly, and more if necessary, as long as the strike continues."

This news was immediately telephoned across to Nanaimo and will be disseminated throughout the coal districts of the island. The local representatives of the U. M. W. assert there is not the slightest prospect of the miners going back to work, and add that they are receiving accessions every day from the ranks of the men who are now at work, nearly a dozen having come to Vancouver since Sunday.

JAPAN STRENGTHENS NOTE BY OMISSION

Constitutional Contention Left for Discussion by Ambassador and Secretary Bryan

Tokyo, June 11.—It is learned that Japan has decided to omit from the text of its rejoinder to the United States government's reply to the protest against the California alien land law, the contention that it violates the fourteenth amendment, and will leave this point for discussion between Viscount Chinda, the Japanese ambassador at Washington, and Secretary of State Bryan.

The reason for this decision was the conviction that Japan's case as a nation would be stronger if based on the contention that the land bill violates the treaty. The idea here is that the fourteenth amendment, as well as the constitutional prohibition against states passing laws impairing obligation contracts, might eventually be the basis of suits brought by Japanese individuals.

LORD MAYOR ENTERTAINS.

London, June 11.—The Lord Mayor to-day entertained the Duke of Connaught at the Mansion House. The company included Lord Strathcona and Hon. W. J. Roche. The duke has become patron of a fund for erecting an Imperial memorial to Lord Wolseley.

DISTRIBUTE MANY BOOKS.

Sacramento, Cal., June 11.—More than four hundred thousand state school books have been distributed free to the children of the state this year, according to an official report issued to-day.

HADLOCK MILL IS RUINED BY FLAMES

Loss at Port Townsend \$65,000 When Water Supply Cut Off

Port Townsend, Wash., June 11.—The Hadlock mill, owned by the W. J. Adams Estate Company, is a smouldering mass of ruins as a result of a fire which occurred at 1 p. m. yesterday. The origin of the fire is unknown. The loss is estimated at \$65,000, which is partially covered by insurance. The mill was built in 1888 and had been operated almost continuously until about three years ago, when it was closed shortly after the death of Mr. Adams, head of the company, after which the concern went out of the lumbering business.

CLINTON ASSIZE JURY CHOSEN IN VICTORIA

Sheriff and Lillooet Magistrate Attend Call From Attorney-General

Clinton, B. C., June 11.—Rex vs. Antoine was the first case taken up at the Assize court, on Monday morning, when Stuart Henderson appeared for the defence and raised the objection that the grand jury which had brought in the true bill was not properly summoned, and his lordship expressed the opinion that the objection was well taken. When the court assembled yesterday the crown prosecutor intimated that his instructions from the attorney-general were to proceed. The court then overruled the objection, granting Mr. Henderson a stated case, so that the matter may come before the Court of Appeals.

It is not usual for the attorney-general to interfere with the selection of jurors, but such appears to have been the case at the present assizes, according to the sworn testimony of Deputy Sheriff R. D. Cumming. Counsel for Antoine challenged the array of grand and petit jurors on the ground of partiality and wilful misconduct on the part of the sheriff, who selected them.

On being sworn, the sheriff deposed that Alexander Lucas, the member for Yale in the local House, had intimated to him that the attorney-general wanted to consult with him before selecting the jury for the assizes. He had received a telegram from the attorney-general, in response to which he went to Victoria, and in an ante-room off the attorney-general's office he and William Saul, a stipendiary magistrate, residing in Lillooet, which is outside the jurisdiction of Cariboo, selected the jury list. The reason of this procedure was to obtain an impartial jury to try the Paul and Spintium case.

Mr. Henderson, in addressing the triers appointed by the judge to determine the merits of the challenge, stated that the sheriff or deputy sheriff who selected the jury were not in any way responsible to the attorney-general, but were sworn to perform their duties impartially.

He further contended that the attorney-general was the prosecutor in all criminal cases, and should not under any consideration be allowed to suggest anyone for a juror or make any representations to the sheriff. To do so was to interfere with the right of everyone accused of a crime to a fair trial by an independent jury.

Inasmuch as the sheriff had sworn that he had not gone to Victoria, or that he had not the assistance of Mr. Saul, he would have summoned the same jury, the triers were of opinion that the challenge should not be sustained. The trial of Antoine then proceeded.

The crown brought in evidence to show that the accused, an Italian, had murdered his wife in January last at Lytton. The defence called witnesses, and the jury at a late hour last night were still deliberating.

FRENCH LANGUAGE SOCIETY MEETING

Edmonton, Alta., June 11.—Delegates from all over eastern Canada and the eastern states are attending the second annual convention under the auspices of the French Language Society of Alberta, which opened here last night. Among the more prominent visitors are Henri Bourassa, the Nationalist leader and editor of Le Devoir, of Montreal; A. Denaut, of the permanent committee of the French Language Society of Quebec, and Judge Prudhomme, of St. Boniface.

Monsieur Legal, archbishop of Edmonton, in an address of welcome to the delegates prophesied that the new Jesuit college which is shortly to be opened in their city would have an important effect on the future of Alberta. English and French pupils, he said, would meet in the college on common grounds, and the result would be the establishing of a better understanding.

The delegates this morning attended pontifical mass, and a discussion on the propaganda of the French language in its bearing on the school, the church, the family business and the press followed. Mr. Denaut said the race without a mother tongue could not maintain its existence.

RENO JUDGESHIP WAS MEAGRE IN PROFIT

Marriage Breaker Provides Decree Absolute for Howard and His Money

Vancouver, June 11.—Judge Grant has little respect for the judges of Reno, Nev., who grant divorces in two minutes. He said so yesterday in the case in which H. H. Howard sought to recover \$400 from M. O. Fitzmaurice, former judge at the divorce court, who on a trip to Vancouver recently, got the plaintiff to part with his money in a get-rich-quick scheme. The only one enriched was the Reno judge, who, it was said, is now practicing as an attorney in San Francisco. Judgment was given for the amount claimed with costs.

The county court judge said he could understand why Fitzmaurice had come to Vancouver, when there was so much easy money to be picked up. His only regret was that he was not appearing before him on a criminal charge. He would soon find himself in the penitentiary.

Howard alleged that Fitzmaurice got the \$400 from him by fraud. There was an advertisement in a local paper asking for a man to learn the real estate business, young farmer preferred. Howard called at the hotel where Fitzmaurice was staying. The latter introduced himself as Judge Fitzmaurice, of Reno. He said he was the agent for a company capitalized at \$1,000,000, and Judge Emery, of Regina; Attorney-General Bowser and an English lord were the directors.

He wished to appoint an exclusive agent in Seattle for the sale of lots and suggested that Howard should take an interest in a townsite called Groundard. The purchase price for the whole was \$2,000. Fitzmaurice was to pay half, Howard to pay the other half, \$400 cash and the balance by quarterly instalments.

An agreement of sale was drawn up, purporting to be made between the Peace River Valley Land Company, of Vancouver, and the plaintiff. It was signed by Fitzmaurice in behalf of the company, which is not registered in British Columbia.

In conformity with the agreement, Howard went to Seattle but, later, believing matters were not as they should be, returned. He then made inquiries at the Peace River Securities Corporation, Ltd., of Vancouver, and then heard that the company of a similar name was not incorporated here.

Suit was immediately begun but the judge had fallen. He was located in San Francisco, where his evidence was taken on commission. This evidence was to the effect that he had not misrepresented facts to Howard. He said that he was a judge for two days in the divorce court at Reno but threw up the job because there was nothing in it.

MEXICAN GOVERNMENT MAY WANT DIAZ BACK

Paris, June 11.—A brother-in-law of ex-President Diaz left for Mexico to-day to discuss with the government there the question of the return of the former dictator, who recently received a delegation of Mexican friends requesting him to return to Mexico to assist by his counsel in the restoration of tranquillity to that country.

The reply of the old dictator is said to have been: "I should have been pleased to return and reside in my country, but I am determined not to participate in its politics."

EIGHTEEN-YEAR-OLD HIGHWAYMAN IS SHOT

Fight With Pistols at Seattle Terminus Results in Wounding of Two

Seattle, June 11.—Abe Turner, 18 years old, was shot and probably fatally injured and City Detective Giles Humphrey was shot and dangerously wounded last night when Humphrey and another detective engaged in a pistol fight with Turner after he had attempted to rob a street car conductor at the end of the Beacon Hill carline.

There have been several street car holdups recently, and last night two policemen were assigned to the end of each carline to catch the highwaymen. Detectives Humphrey and Ralph Jones hid at the end of the Beacon Hill carline, and when a car came up and the conductor went to the telephone to report to the dispatcher, the officers saw a man run from behind a tree who ordered the conductor to hold up his hands. As soon as Turner shouted his command, Detective Humphrey ran from his hiding place and called to the highwayman to surrender. Turner immediately began shooting. Humphrey falling at the second shot. Detective Jones then ran forward and began firing, shooting three times, the last two shots taking effect.

SUGGESTS VICTORIA AS MEETING PLACE

Grand Assembly of Rebekahs at Nanaimo Names Officers and Hears Reports

Nanaimo, B. C., June 11.—The session of the grand lodge, I. O. O. F., in this city, has been the most successful from the standpoint of attendance in the history of the order in this province.

The Grand Assembly of Rebekahs opened yesterday, forty-three delegates attending, representing twenty-three lodges. Past Presidents Elizabeth Evans, of Rossland, and M. E. Keith, of New Westminster, were among those present. The report of the finance committee showed a balance of \$1,112.62 in cash on hand on December 31.

The officers elected for the new term are: President, A. E. Walker, Cranbrook; vice-president, M. J. Grant, Victoria; warden, Annie G. Butterfield, Vancouver; secretary, Frances A. Walker, Victoria (sixth term); treasurer, Elizabeth E. Gilchrist, Victoria.

The grand encampment opened with the largest attendance in its history, among the distinguished visitors being R. H. Fairly, Calgary, grand master of Alberta, who extended fraternal greetings from the grand lodge of his province.

The officers elected for the new term are: Grand patriarch, A. A. Cleland, Vancouver; high grand priest, R. A. Anderson, Victoria; senior warden, F. D. Lemieux, Rossland; scribe, Fred. Davey, Victoria; treasurer, J. A. McKay, Vancouver; junior warden, N. J. Jensen, Vancouver; grand representative, E. L. Webber, Pentticon; inside sentinel, W. J. Jackson, Trail; herald, William Grievie, Nanaimo; outside sentinel, Hugh Fulton, Ladysmith.

The grand encampment endorsed the idea of holding a jubilee celebration in Victoria next year in commemoration of the fifth anniversary of the founding of Odd Fellowship in the province, and voted \$2,000 towards the expenses.

SHOOTS HOMESTEADER AND DEFILES POLICE

Man at Coronation Believed Insane From Lonely Life Surrounded by Posse

Edmonton, Alta., June 11.—The police of this city yesterday received a telephone message which seemed to tell of another Ponberg case. It came from Dr. E. T. Armstrong, of Coronation, saying that Robert Metcalfe had been shot and killed by a homesteader who was barricaded on his ranch ten miles from Coronation.

The mounted police say that the slayer's name is Main. His victim also was a homesteader. Main is surrounded by the residents of the district under the leadership of three mounted policemen. The mounted police here say that Main was driven insane by his lonely life and that for some time he has been shooting at persons who ventured too near his shack. Coronation is southeast of here.

Main is plentifully supplied with food and ammunition. It is reported he has wounded one of the posse in the shoulder with a bullet. The crime happened Saturday three miles from where he is barricaded. He was found there early yesterday morning. He is a crack shot and never tires shooting at the posse.

Sergeant McBraine, of Stettler, has arrived with reinforcements in automobiles. He will relieve the original posse which has been on duty forty hours. Main is fortified in the open in a coulee and all approaches can be swept from the house.

HAND SEVERED BY MOTORCYCLE CHAIN

Alameda Manufacturer Has Shocking Accident When Trying Out Machine

San Francisco, June 11.—John A. Bacon, a manufacturer, residing at 309 Central avenue, Alameda, was the victim of a shocking motorcycle accident, by which his right hand was completely torn from the arm. Former Superior Judge John Ellsworth, uncle of Bacon's wife, was a helpless witness to the accident.

Bacon, who is in business in Hayward, Alameda county, wished to purchase a motorcycle, so he and Judge Ellsworth came to San Francisco in Judge Ellsworth's automobile and drove out to a motorcycle shop in the Mission.

Though he was unfamiliar with the operation of motorcycles Bacon confidently mounted a machine and started out for a trial spin. He soon lost control of the machine and it dashed against the coping of a sidewalk and upset. Bacon was thrown partly under the machine and his right hand was caught in the rapidly revolving driving chain.

Almost instantly Bacon's hand was torn from the arm.

CARNIVAL FLOATS BLAZED IN LIGHT

Blackfoot Indian Girl Causes Unlooked for Sensation in Water Tank

Portland, Ore., June 11.—The principal attraction of Portland's Rose Festival yesterday was the allegorical electrical pageant, "Flowers and Gems of Oregon," that took place at night. Eighteen floats ablaze with many-colored electric bulbs, each depicting a flower of Oregon and a gem, constituted the display which attracted the largest concourse of people of the festival week to date.

An uncarded event that nearly cost the lives of two persons occurred at the Oaks park, where the Press Club had sent their Black-foot Indian guests from Glacier park to take in the sights. The band was allowed to swim in an enclosed tank, and all except the granddaughter of Chief Three Bears could swim.

As soon as the girl struck the water she began floundering about, to the amusement of the crowd, and it was not until the girl had gone down twice that the lifeguards realized that she was drowning.

One of the guards was seized with a vicelike grip by the girl, and it required the combined efforts of another guard and several people on the shore to save both lives. The girl was unconscious nearly half an hour before she was revived.

ALASKANS RESENT VOLCANO STORIES

Say Highly Colored News Based on Intermittent Activities is Injurious

Seattle, June 11.—Alaskans who believe their territory is being injured by undue exploitation of highly colored news stories based on intermittent activities of several volcanoes in the southern part of the country have appealed for publicity of the fact that the disturbances in reality are not at all serious and in no way a menace to life or property.

The truth of the matter is that every once in a while one of the several mountains gets into action, emitting huge volumes of smoke and occasionally light ashes. It is hardly possible they could do any serious damage even if they threw out molten lava, as there are few white people in the adjacent territory and in some instances the only human beings living anywhere near are small scattered bands of natives.

Mount Shishaldin, for instance, is in a region totally uninhabited. This is one of the star peaks among the volcanic performers, however, and it smokes up strongly enough every few months to give foundation for many columns of imaginative description in the press of the East. Wrangell is another smoke-generator of high capacity and for decades it has been an object of interest to travelers through the North. Redoubt, St. Augustine and Iliamna also are among the group to be depended upon for occasionally smoky eruptions.

The Bogosloff islands, barren rocks standing just off the southern coast, are the most interesting of all, however, for the contour of these changes nearly every year and occasionally the family group is enlarged by the "birth" of a new islet.

All these activities are immensely interesting to scientists who for years have been giving them deep study, but these scientists all agree that none of the volcanoes is dangerous.

SEWARD BUSINESS MEN OPERATE LINE

Rolling Stock and Trackage Rights Turned Over for Benefit of Community

Seward, Alaska, June 11.—The rolling stock and trackage rights of the Alaska Northern Railroad were turned over to a committee of local business men to-day, to be operated for the benefit of the community. This action was taken by Chief Engineer Swanton, of the railroad, because of a demand by the United States for payment of \$27,000 mileage tax which tax the railroad company says congress expressly relieved the company from paying until 1914.

Contributions were made by Seward business men to hire crews and operate cars which will carry supplies to the miners and settlers in the interior. No fixed charge for this service is made, but the committee will accept part of this money.

ASK FOR COMMISSION ON VICE AT TORONTO

Toronto, June 11.—A delegation of women representing the Local Council of Control this morning asking that a civic vice commission consisting of lawyers, medical, church, business and university men, labor interests and others be appointed to report on the various aspects of the social evil and allied vice in the city. They represented 46 societies, with a membership of nearly 1,000. An effort may be made later to have a provincial commission appointed on the question.

SECOND READING OF HOME RULE PASSED

Division Not Taken; Amendment by Mr. Balfour for Rejection Lost

FIERY SPEECHES ARE MADE BY OPPOSITION

London, June 11.—The House of Commons passed the second reading of the Home Rule for Ireland bill without division last night, an amendment by Mr. Balfour for the rejection of the measure having been defeated previously, by a vote of 358 to 270. The announcement of the figures was received with cheering by Liberals and Nationalists.

The debate was marked by fiery declarations by the opposition speakers, who predicted the imposition of home rule would result in civil war in Ireland.

Sir Edward Carson, the Irish Unionist leader, said: "For my part I will continue to support the Ulstermen and will take full responsibility for their resistance. You may seize their arms or send troops, but you will not settle the Irish question."

Lord Charles Beresford declared: "If the government sends troops to Ireland, I shall offer my services, poor as they may be, and help my fellow countrymen."

John E. Redmond, the Irish Nationalist leader, said Sir Edward Carson had taken upon himself a grave responsibility and did not represent Ulster's opinion. The Nationalists were willing to make any concessions. "But," added Mr. Redmond, "twenty-four counties will not allow themselves to be intimidated by four."

Andrew Bonar Law, opposition leader, said that if there were a bargain between the government and Nationalists, the House ought to know.

Mr. Redmond denied the existence of a bargain and Premier Asquith supported the denial.

Mr. Balfour's amendment was defeated, 367 to 270. The bill then passed the second reading without division. The bill now enters the committee stage before its inevitable rejection by the Lords.

To Protest Against Bill.

Sir Edward Carson, after the passage of the bill, said the Irish Unionist members would refuse to take part in any further discussion, because it was largely an elaborately staged farce in which their suggestions would certainly be rejected. Those members, in a body, will tour the principal cities in England and Scotland, holding meetings to protest against the bill.

The Nationalists are down-hearted at the possibility that the government will not last for the third passage of the bill necessary to make it a law.

Dissenting from John Redmond, who declared that the overseas dominions were overwhelmingly in favor of the bill, Major Morrison Bell said the issue had never been clearly put before the Canadian people. He challenged the Nationalists to get a resolution in favor of it passed through the House of Commons at Ottawa.

Hamar Greenwood said there was not a single public man in Canada who was not in favor of home rule for Ireland. Because the plan had worked well in Canada, it was regarded there as a long stride in the federation of the Empire.

Mr. Law said: "Anyone who has the smallest acquaintance with Canada knows that the statement made by the last speaker is absolutely wide from the mark. Had he said that the majority of Canada were in favor of home rule, I should have not contradicted it, but to say that the whole of Canada is in favor of home rule is utterly at variance with the facts. The honorable member said further that no member of Premier Borden's cabinet had taken any part in anti-home rule demonstrations. I hope and believe this is true. There is not one of them who is not wise enough to recognize that just as we have no right to interfere in their domestic affairs, they have no right to interfere with ours."

"The honorable member tells us that the Canadian parliament has passed resolutions in favor of home rule. When was the last resolution passed? I defy him to obtain from any Canadian parliament to-day an expression of opinion on this subject. No one knows better than the honorable member what nonsense it is when he says that the Canadians approve of this home rule bill because they like their own. Let him propose to Canada that one province should be given separate customs and separate post office, and see what the Canadians will say."

TREATY RATIFIED.

Madrid, June 11.—The commercial treaty replacing the recently-expired treaty between Spain and Japan was ratified by the Senate to-day. It expressly stipulates that Japanese may acquire land in Spain. The treaty already has been ratified by the Chamber of Deputies.

CHURCH UNION WILL GET LARGE MAJORITY

Opposition Smaller Than Anticipated Being Less Than One-Fourth

MINORITY COMMITTEE REPORT IS DEFEATED

Toronto, June 11.—By a vote of 251 to 57 the general assembly of the Presbyterian church in Canada for the eighth time put its imprimatur on the movement in Canada for organized union with the Methodists and the Congregationalists yesterday. The vote was taken in the matter of the consideration of the report of the minority in the union committee. After it was taken, and before the report of the majority on the committee was submitted, Rev. Mr. Christie presented an amendment to the majority report. Rev. Mr. Christie was dissatisfied with the majority report because it was not decisive enough in favor of union. His amendment was submitted to a vote and was carried by 181 to 65.

Rev. Dr. Gordon, of Winnipeg, was still dissatisfied and wanted the report of the majority still stronger. He had a new amendment to suggest and was ready to lay it before the assembly when the hour of adjournment arrived. It is considered certain that the amendment of Dr. Gordon will also be carried, and that the statement which came from the union committee will be made clearly more decisive in favor of the proposed change.

The vote in the assembly is regarded very favorably by the friends of union. A few days ago it was said that from an actual canvass of members of the members in ten were opposed to union. The vote indicated that the opposition was smaller than had been anticipated, the showing being less than one-fourth of the total.

The speeches of the afternoon were of an interesting character, and were chiefly in favor of the change. Prominent Toronto men told of the gradual alteration in the manner in which the matter was regarded in the east, and western ministers told of the demand which was being made in Manitoba and other provinces for union congregations.

Rev. Miller, of Sperling, Man., said that in his Presbytery of Glenboro there were twelve self-sustaining churches, and that in five of these a demand was made for practical union with the Methodists. Many of the churches in rural Manitoba were growing smaller rather than larger, and union was essential in order to continue existence. In most of the congregations where practical union was being considered, the people were proceeding slowly. In one of the congregations of the Presbytery people had taken the bit in their teeth and proceeded without reference to the Presbytery or conference.

This was the case in the town of Wausau, in that place the two congregations had got together and had advertised in the church papers for a pastor. Other places in the same Presbytery, in which practical union was under consideration, were Glenboro, Syrus River, Elgin and Elm Creek.

Rev. S. E. Beckett, of the Presbytery of Brandon, spoke along the same lines. There were, he said, seven or eight congregations in that single Presbytery which were considering actual union, and in all the prairie provinces the same idea obtained. Lots of churches were simply waiting for the sanction of the Supreme Court. Rev. Mr. Beckett suggested that if the Presbyterians were going to hesitate the Methodists and Congregationalists would go forward and form a united Canadian church, and such action would absorb a large number of the new union churches of Western Canada.

Rev. A. W. Smith, of Silverton, Man., told of the action which had been taken in the Presbytery of Minnedosa, where an honest effort had been made to work out a scheme of co-operation. This had, however, failed and had served only to show the need of an organic union.

J. E. MacDonald, the well-known Toronto financier; J. A. Paterson, a Canadian lawyer of the church, and D. R. A. Turnbull, of the Presbyterian church, all spoke for union.

An amendment submitted by Rev. Dr. Clay, of Victoria, B. C., secured only a few votes.

The report of the minority on the union committee was submitted, and was defeated 25 to 75. The amendment of Rev. Mr. Christie, making stronger and more definite the majority report was submitted, and was carried by 181 to 65.

DESOPDENT WOMAN DIES FROM POISON

San Francisco, June 11.—Desopdent because of the failure of her husband, from whom she was estranged, to send her a ticket that she might return to her two baby girls, Mrs. W. F. Povich, of Vancouver, B. C., drank a quantity of poison in a local hotel Sunday night and died at the emergency hospital to-day from its effects.

Among the effects in her room was a letter from her husband in Vancouver, dated May 14, refusing a request for money and bitterly upbraiding her for what he termed neglect of her two children.

Ladies May Save Money by purchasing their millinery at half price from "Haddfield" 749 Fort Street.

SMITH'S LIABILITIES ARE TWENTY MILLIONS

San Francisco, June 11.—The task of tabulating the total liabilities of Borax Smith has appeared at times to the trustees a never-ending labor. One total was determined only to be superseded by a greater, and it now appears that the full amount will be in excess of \$20,000,000. The former estimate of the committee had been \$14,500,000, including both Smith's

personal borrowings and the liabilities of the Realty Syndicate, in which Smith owns all the stock. In addition to this it now appears that the Borax Company is liable for \$3,000,000 of bonds and debentures issued by the Tonopah and Tidewater Railroad, which, in addition to the \$3,000,000 it is claimed he owes the United Properties Company, brings the total over the \$20,000,000 mark. This figure is also the estimate which has been made of Smith's resources, not counting the prospective value of the lands held by the Realty Syndicate.

FOSTER TO VISIT OZ.

Ottawa, Ont., June 11.—A cable received yesterday announced that Hon. G. E. Foster is sailing from Australia to visit China and Japan to promote closer trade relations.

When Mr. Roberts Met Dr. Dewar

"BY the way, doctor, why did you decide on a McClary's Sunshine Furnace for your fine new home?"

"Well, Mr. Roberts, principally because the Sunshine's water pan is correctly placed over the fuel door, so that the moisture, as it is evaporated, immediately ascends into the pipes leading to the rooms. The air passing through the registers thus contains plenty of healthful moisture."

"Dry air is bad for anyone to breathe, Mr. Roberts. It parches the throat, lips and skin. It excites the nervous system. Makes people restless, irritable, without knowing why. Makes them subject to colds too, when they go out into the moister air of out doors."

"Great Scott! Doctor. You surprise me. I never dreamt the placing of a water pan in a furnace was so important."

"And there are other features about McClary's Sunshine Furnace that are conducive to good health, Mr. Roberts. There's the Automatic Gas Damper that provides for the escape of coal gas up the chimney instead of into the house when the pressure in the combustion chamber becomes too great. There's the dust-flue, too, that carries away all the dust from falling ashes. But I've got a case across the road, so you'll have to excuse me. Drop in, tonight, and I'll show my 'Sunshine' to you."

THERE'S a McClary agent in your locality, who will be glad to show you McClary's Sunshine Furnace and explain all its healthful, convenient and economical features. If you would like to read the latest Sunshine booklet, write to our nearest office.

HOME RULE.

The second reading at the second stage of the Home Rule Bill has been carried by a majority representative of the strength of the political parties in the Imperial House of Commons. The debate preceding the adoption of the bill was bitter in the extreme, some of the more prominent members of the House indulging in threats of taking the lead in armed resistance should the measure finally be adopted and a parliament be re-established in Dublin. All interested in the peace and security and solidarity of the British Empire will join in an expression of a hope that these outpourings are but the vapourings of politicians eager for an opportunity to find a weakness in the case of their opponents. Yet it may be well to consider that while politicians may be insincere in their expressions and indifferent to ultimate results, there is behind the opposition in the House of Commons a very determined, if numerically weak, element in the province of Ulster. The fact that attempts are being made to smuggle arms into Ireland indicates a determination upon the part of this element to resist Home Rule to the last extremity. Old animosities and bitterness, the heritage of ages when illiberality of thought and darkness of deed brooded over the world, die hard. Let us hope that a spirit more in accord with modern thought and modern institutions may yet prevail.

THE MONOPOLISTIC GRIP.

In expressing its views upon matters of public policy in which the concern of all the people is distinguished from the interests of a few of the people, the morning paper is sometimes as oracular and generally as coherent as Captain Bunsby. The probability of tariff revision, the Colonist says the matter is one for experts to deal with. That is precisely the opinion of the Canadian Manufacturers' Association, of the Bankers' Trust and of the great transportation corporations, all of which contributed handsomely to the election funds of the high tariff party during a late election campaign in which the ordinary people as distinguished from experts were given an opportunity of pronouncing on the tariff issue. And although in the final analysis the height of the tariff determines the rate of taxation the people shall impose upon themselves, the issue in the late election was so confused by the designed clamor of grasping tariff beneficiaries disguised in the garb of Imperialists that the popular judgment became upset for the time, and the protectionists achieved a temporary triumph.

But the interests which now claim the tariff is a matter for experts to deal with realise that their victory was not a Waterloo. They feel that the campaign for fiscal relief has but begun. The downfall of the party which has held aloft the banner of high protection in the United States for a great many years has been accepted as a clear intimation that at last the eyes of the people have been opened to the true inwardness and utter selfishness of "protectionist principles." Hence we hear no more in Canada from the representatives of the manufacturers that the tariff ought to be raised "as high as Haman's gallows." The plea now is that "the tariff is a matter for experts to deal with."

The Finance Minister, therefore, is coming West to inquire into the grievances of those ebullient, restless, discontented people who want to know why they have to pay more for the things they need in their business than people in Great Britain, in Australia and in Argentina, thousands of miles away, can purchase the same articles for. Some disagreeable persons may even want to know why flour grown as wheat on the prairies and ground only

a few miles away is cheaper in London than it is in every city of the plains. Mr. White could find out all about that in short order by simply asking the millers' combination; but he will take care not to do that. And the millers in company with the other protected interests will take care that they choose the "experts" who will fix the tariff—or the rate of taxation imposed upon the people—for Mr. White. That is the very reason why the Big Interests of Canada, and not Mr. Borden, chose Mr. White as Finance Minister.

A GARRULOUS MINISTER'S TRAVELS.

Hon. G. E. Foster is constrained to admit that his mission to Australia in search of reciprocity has been a failure. The futility of his mission the commissioner ascribes to the unsettled political conditions in the Antipodes and the possibility of a change of government. At the same time Mr. Foster points out that he has collected a great deal of valuable information. Of course it would never do for the Minister of Trade and Commerce to admit that he has been practically spending all his time and the money of the people of Canada in a wild-goose chase. Yet that is precisely what Mr. Foster has been doing since he joined the Borden government, after swallowing the affront of relegation to a subordinate position in favor of Hon. Tom White, the nominee of the manufacturers and big financial interests for the position of Finance Minister. First Mr. Foster went to Great Britain, and no man can tell what he accomplished there for the promotion of trade with the Mother country, except make a few hifalutin speeches. Then there was the mission to the West Indies, which instead of promoting trade resulted, if it accomplished anything at all, in the restriction of trade in certain directions, with possible relief in minor matters; the general result being heavier imposts upon consumers. After all, the government is pledged to restriction instead of to relief for the people, and men in these latter days, any more than in older times, cannot expect to gather grapes from thistles.

A MODERN MONARCH.

Congress was foolish enough to think it had clipped the wings of the Standard Oil Company. The company, or that portion of the concern which operates in New York state, has declared a dividend of 400 per cent. You cannot set bounds to the operations of men like our good Christian friend John D. All that can be done apparently is to protest against the price of gasoline, and at that the rates in New York are only about half what they are in Victoria. Does it not speak highly for the unique gifts of this man that he compels Canadians to become heavier contributors to his pocket than the people of his own country? Evidently John is a patriot as well as a devout Christian—or should we say "Churchman"? While on the subject of the Standard Oil King it may be well to point out that he is quite as much the product of America as the crude oil from which he refines many millions of dollars a year. The United States by its fiscal system—a system based on narrowness and selfishness—created John an absolute monarch, and he has extended his kingdom to the uttermost parts of the earth. Which goes to prove the kingly qualities of mind of the man. If he had lived in other days and had been given the opportunity he would have had a castle on the Rhine or a formidable fastness on the coast or in some of the shires of Great Britain. Conditions change, but human nature is ever the same. Even if John D. were put where he belongs we would probably create conditions favorably to the activities of some other just like him, but operating in a different manner.

A FLOWER OF KNIGHTHOOD.

Sir William Mackenzie is the chief owner of the Toronto street railway. The city is talking about buying this railway from Sir William at a price of twenty-eight million dollars. The noble knight also owns a goodly number of other properties whose value lies principally in the franchises which go with them. Sir William is one of the richest men in Canada, if not in the world. He began his career a few years ago about where most of us are to-day. But Sir William had the advantage of the average man in that he "got in right" with the concerns which have the power of conveying franchises and conferring favors. Now this knight of the twentieth century cannot by common consent be admitted to be as impetuous as his predecessor in the ranks of knighthood, Don Quixote. He is never likely to apply for an old age pension nor for admission to the poor house. Yet with all the millions at his command he goes with his beggar's bag in his hand and implores the Canadian government to assist him, with the money of the people, in completing his railway. And the thing we cannot understand, and we think cannot be satisfactorily explained, is that the Canadian government takes pity on this knightly beggar and hands him out sixteen million dollars, the money of the people of Canada. The question may be asked by some inquisitive person some day, why does not Sir Wil-

MONEY

We have calls for loans for the following sums on good first mortgages—\$4,000, \$2,000, \$1,500,

The \$4,000 loan would be a first mortgage on a \$12,000 property on the half-mile circle.

E. C. Anderton

Room 6. 1323 Douglas St. Phone 1910.

Man invest a few millions of his own money in property which assuredly is his own? Those high financiers unquestionably have a way of coming over legislators who are supposed to look after the interests of the public. If they hadn't, they would probably pass through the world and out of it just like the rest of us.

We welcome the announcement that an arrangement between the city council and the Worwick Paving Company has been reached whereby some of the paving work left in an unfinished state owing to the financial stringency shall be completed. It is to be hoped that ere long arrangements may also be made for finishing up the sidewalks and boulevards commenced on several thoroughfares. The unfinished appearance of some of the streets is not pleasing to the eye of residents, and it must have an unfavorable effect upon the minds of visitors. Still, under the circumstances, it is well to remember that the city council has a very difficult problem to solve, and the people must wait patiently for more toward conditions.

The excursion to Alberni calls attention anew to the rapidity with which communication between Victoria and various parts of the island of Vancouver is being established. Trains will soon be running regularly to Cowichan lake, a large and very attractive sheet of water, and one of the best trout-fishing spots in the world. The electric railway to the northern end of the Saanich peninsula will be in regular operation in a few days, giving probably hourly communication with a region that is not excelled in attractiveness by any portion of the Pacific Coast. There may be some people yet in Victoria who do not fully realize that the city is rapidly becoming the hub of a wheel carrying somewhat extensive trade ramifications.

BITS OF WISDOM.

Find out what your temptations are, and you will find out largely what you are yourself.—Beecher.

Every man stamps his own value upon himself, and we are great or little according to our own will.—Samuel Smith.

Every noble crown is, and forever on earth will be, a crown of thorns.—Carlyle.

A man must be one of two things, either a reed shaken by the wind, or a wind to shake the reeds.—Hansford.

A man is rich in proportion to the things he can afford to let alone.—Thoreau.

A straight creed will not atone for a bad life or crooked character.—Emerson.

BORDEN'S TORONTO LIE.

The Nationalists and Liberals one! What a lie, uttered in cold blood and with the most brazen effrontery. The Nationalists are not in the cabinet as Liberals. They are not serving the Liberals in any way. Those who voted against the government are afraid to do anything else, and want to save their faces. One of them has been challenged by Mr. Laverne to meet his constituents and explain his conduct, his open and unconscionable betrayal of his party.

WE KNOW IT HERE.

From Toronto Star. The decline in the purchasing power of the weekly pay-envelope is, for many, the most vital fact of 1913.

June White Sale News

WOMEN'S WHITE UNDERWEAR BEAUTIFULLY MADE AND TRIMMED

WOMEN generally, and Summer Brides in particular, are revelling in the wonderful assemblage of Snowy Undermuslins we have gathered in from the foremost makers of dainty whitewear.

LADIES' GOWNS, REGULAR UP TO \$4.50, FOR \$2.90

No Old Stock is included in the half-price sale at "Haddfield, 749 Fort St.

Saanich Court of Revision.—Reeve Nicholson, Councillors McGregor, Williams, Quick and Dunn were appointed a court of revision on the assessment roll, at the meeting of the council last evening. The first sitting of the court will be held on Tuesday.

Thrown From Vehicle.—When the vehicle in which she was driving overturned at the corner of Carey road and the Saanich road yesterday morning, Richardson, of the Prince George hotel, sustained a fracture of the right arm, and had to be taken to St. Joseph's hospital for attention. The horse was a spirited one and it booted with the overturned vehicle, casting into a tree and being badly cut about the head and chest.

Services at St. Barnabas.—To-day is St. Barnabas' Day, and special services are being held at St. Barnabas' church in celebration of its patronal festival. At 8 a. m. to-day there was a celebration of the Holy Eucharist, while at 11 o'clock a second celebration and short address by the Rev. E. G. Miller took place. This evening the Rev. Hume Smith, rector of St. James' church, Vancouver, will preach, and the services will include special festival music appropriate to the occasion.

Recruiting for the Fifth.—Eleven men signed on yesterday as members of the Fifth Regiment, Canadian Garrison Artillery, and the corps now lacks but fifteen men to be up to full strength. This point Lieut.-Col. Currie and his officers are confident will be reached before the regiment goes into camp, and the fact will be gratifying to all the friends of Victoria's fine pioneer militia corps. Since Thursday thirty-five men have signed on, and last night Sergt.-Major McDougall's team was leading in the race for the most recruits by four.

WED THIS AFTERNOON

Mr. A. O. G. Crawford and Miss Lillian Meiklejohn, Principals in Pretty Event.

The marriage of Lillian, daughter of Mr. Alexander Meiklejohn, of Bridge of Allan, Scotland, and Mr. Alexander O. G. Crawford, son of the late Rev. J. G. Crawford, of Limekilns, Scotland, was quietly celebrated at 1 o'clock to-day at the residence of the bridegroom's brother, Capt. W. Crawford, 1314 Dallas road. Rev. Herman A. Carson, B. A., performing the ceremony. The bride was beautifully gowned in soft satin crepe, trimmed with lace, the draped skirt being caught in place with sprays of orange-blossom and white heather, while a wreath of the same was worn over the long veil of Brussels net. Her only ornament was a pearl and peridot pendant, the gift of the bridegroom. Attending the bride as bridesmaid was little Miss Grace Slugett, while the best man was Mr. Clement Goss. Immediately after the ceremony the wedding party sat down to a dainty wedding breakfast. Mr. and Mrs. Crawford are leaving for the mainland for their honeymoon. On their return they will make their residence in Victoria, where the bridegroom is a well-known and popular business man.

ENLARGE COMMERCIAL HOTEL. Permit Taken Out to Bring Building Up to 30-Room Requirement.

Remodelling the Commercial hotel at the corner of Cormorant street and Douglas street is to be undertaken by the Victoria Phoenix Brewery Company at a cost of \$10,000. The building is to be completely fixed up and increased to give an accommodation of 34 rooms. This decision is taken as a result of the requirement coming into effect next March that all hotels have at least 30 rooms. W. Ridgeway Williams has prepared the plans for the alterations and work will begin at once, the building permit having been taken out this morning.

Case Remanded.—The case of H. P. Winsby, charged with an attempt to bribe Councillor Fred G. Quick, of Saanich, in connection with a paving contract, and the case of Frederick D. Hurd, charged with aiding and abetting, were called in the police court this morning, but were remanded until to-morrow to enable counsel to appear.

Worked Sore Horse.—Lee, a Chinese laundry driver, was fined \$10 by the police magistrate this morning for having worked a horse with a sore back. Evidence was given by Inspector Russell, of the P. C. A., and Constable Varney, that the animal was in a bad condition and should not have had a saddle put on its back.

Lecture Postponed.—Experimental legislation by the labor government of New South Wales was to have been the subject of a lecture by Rev. Edgar Vanhee, a Unitarian minister from Australia, at the New Thought Temple in Pandora avenue last night, but it was decided to postpone the event for a week. Mr. Vanhee will lecture upon this subject at 8 o'clock next Tuesday evening.

Minor Secured Liquor.—A sailor was in the dock in police court to-day on a charge of being intoxicated. It turned out that he is not yet of age, but he was not able to give any clear idea of where he obtained the liquor beyond that he was in several saloons towards the waterfront. He was fined for his own offence, but it apparently was out of the question to get any reliable evidence as to where the offence of supplying liquor to a minor was committed.

Suspended Sentence.—J. McGregor picked up a hundred-foot coil of hose from the contractor's shanty at the corner of Government and Pembroke streets at an early hour this morning and was on his way home with it when a constable asked him to explain himself. He had no explanation either then or when he appeared in police court later on. George Morphy, who represented him, asked for suspended sentence, as the man had a family who would suffer if he was sent up. Magistrate Jay took a merciful view of the case and, after a serious talk to the man, let him out on these conditions.

On the steamer Polaris just arriving at Boston there is a shipment of 274,500 pounds of tea, consigned to the Salada Tea Co., Toronto. This is believed to be the largest consignment of tea ever made to one firm on the American continent.

A LINE O' CHEER EACH DAY O' TH' YEAR

By John Kendrick Bangs

COMING.

"We never seed a mornin' yit When I expected nothin' That if I'd jest git up an' git Has failed to bring me suthin' Doesn't really matter wha-ya-ya Are there's suthin' comin' to yer!

STILL UNCERTAIN

Sailing Date of the Stefansson Expedition Has Not Yet Been Announced.

Vilhjalm Stefansson returned to Victoria last evening from Vancouver where he addressed the Canadian Club of that city. To-day he spent with the other scientists of the expedition at the naval yard, where the coaling of the Karluk is now going on. A member of the expedition stated this morning that the definite sailing time of the Karluk was not absolutely decided on yet, but it would be either at the end of this week or the beginning of next. The only part of the equipment yet incomplete is a few instruments which are on the way here from London. Last evening the members of the expedition, except Mr. Stefansson, were entertained at the home of W. J. Sutton, where they met members of the Natural History Society.

It is announced that Mrs. Murray, wife of the chief scientist of the expedition, will not accompany her husband to Nome, as was formerly stated, but will return to London, England, immediately on the sailing of the Karluk.

WILL SEE THE LINE. President of Pacific Great Eastern Railway Visits City.

The president of the Pacific Great Eastern railway, and a partner of the famous contracting firm of Foley, Welch & Stewart, is in the city to-day in the person of J. W. Stewart, who is in conference with D'Arcy Tate, the vice-president, over important matters connected with the railroad. Mr. Stewart spent some part of the day in interviewing the ministers in the parliament buildings.

According to Mr. Stewart, everything in connection with the line is in a satisfactory condition and the work of construction is progressing most favorably, while the negotiations concerning certain rights in which the company were interested, were practically completed. Mr. Stewart expressed his intention of going along the line of the Pacific Great Eastern at an early date, as he had not travelled over the route of late.

Freckle-Face. Sun and Wind Bring Out Ugly Spots, How to Remove Easily.

Here's a chance, Miss Freckle-face, to try a new remedy for freckles with the guarantee of a reliable dealer that it will not cost you a penny unless it removes the freckles; while if it does give you a clear complexion the expense is trifling.

Simply get an ounce of othine—double strength from D. E. Campbell, and a few applications should show you how easy it is to rid yourself of the homely freckles and get a beautiful complexion. Rarely is more than one ounce needed for the worst case.

Be sure to ask the druggist for the double strength othine as this is the prescription sold under guarantee of money back if it fails to remove freckles.

OPENS FIRST OF KIND. Kaiserhof Hotel Adds Attractive Features to Equipment—Tastefully Arranged.

Herr Kostenbader, proprietor of the Kaiserhof hotel, opened up last night for his many customers a novel and delightful refreshment where they may come with their wives and friends and sit and enjoy refreshments. Beer gardens have been unknown in Victoria hitherto, and for that matter, in Canada, until Herr Kostenbader's enterprise procured this one. Dark mission furniture, a characteristic gravel floor only partially screened from the starlight by a rustic arbor hung with luxuriant potted plants and dimly lighted with colored electric light globes constitute an exceedingly pleasant little spot to sit and chat with a friend during a warm summer afternoon or evening. A great many people realized this last night, the first night that the place was opened for the tables were always well occupied but never over-crowded. The saloon and cafe are also being decorated with typical German mural paintings.

THE PREMIER COMPANY. Four outstanding facts give The Mutual Life of Canada a unique place among the old, well-established financial institutions of Canada.

(1) It earned the largest percentage of profits to premium income in 1912 of any Company in Canada.

(2) It holds the largest unapportioned surplus of any company in Canada.

(3) It is paying the largest dividends to policyholders of any Company in Canada.

(4) It is the only Company in Canada that pays all profit earned to policyholders.

If you wish to be insured in a company that is not only earning the largest profits but is paying every dollar of them to its policyholders, apply to The Mutual Life of Canada. R. L. Drury, Manager; Fred M. McGregor, Special Agent; Official, 918 Government Street.

THE JUNE BRIDE and the GERHARD HEINTZMAN PIANO

—the gift you give her who is dear to you at the time of her wedding is always the worthiest and greatest gift of which your heart and your purse are capable. Think of this: You can give the bride, this June, a gift that will be a benefit and a delight to her throughout her whole, happy married life, a gift that will enrich her new home both as regards appearance and spirit, and yet, by reason of the special system of easy payments perfected by Western Canada's Greatest Music House, this great gift will not inconvenience your purse in the very least.

GIVE HER CANADA'S BEST PIANO

Nothing short of the best is worthy of the bride, and every bride will rejoice in the acceptance of such a gift. The Genuine Gerhard Heintzman Piano has no peers in the whole Dominion. In design and finish, in action and tone it is alone, the one great piano.

If there is a bride this month who is dear to you, come in and talk over with us this greatest gift. Let us demonstrate the Gerhard Heintzman Piano for you; hear it and see it and let it "speak for itself." See all other instruments first, if you will, and then see the Genuine Gerhard Heintzman; the comparison will prove to you its superiority without further praise from us.

ENTERTAINED AT RECTORY. Ladies Attending Meeting of Cathedral W. A. Invited to Garden Party.

At the monthly meeting of the Christ Church cathedral branch of the Women's Auxiliary on Monday afternoon last, Mrs. Doull, the vice-president, took the chair in the absence of the president, Mrs. Hilscocks. There was an excellent attendance of members, and the secretaries of the various branches reported. The meeting decided to increase the pledges for the ensuing year, and it was also announced that the regular Monday sewing meetings would continue until and including the last Monday of this month. A pleasant surprise awaited the members, who, at the close of the meeting, were invited by Mrs. Doull to attend a garden party in the cathedral rectory grounds, the kindly hospitality of the hostess being immensely appreciated by the ladies. The gardens were looking their best, and the time was pleasantly passed in chatting and partaking of the delicious tea, ices and other refreshments provided, assisted by Mrs. Doull in entertaining and serving her guests being Mrs. Barton and Mrs. Dawe. Nearly 20 guests were present, all of whom were unstinted in their expressions of enjoyment, and were loth to take their departure when the time came for the party to adjourn.

Be Independent of Horse, Railroad and Trolley. If You Get it at PLIMLEY'S it's All Right! Several models ranging in price from \$290. Call and see our extensive Motor Cycle Department. Ride the 1913 Indian Motorcycle. With new Cradle Spring Frame. Make it part of the equipment of your farm. Always ready for any trip, long or short. Takes you there and back at any pace from 4 to 50 miles an hour. Strong, reliable, easy to control. Low upkeep cost. Most economical and practical means of conveyance for the farmer. The Indian 1913 type is a wonder for comfort and efficiency. Plenty of reserve power for hilly country. Takes you over roads not possible to any other vehicle. New style luggage carrier. 730 Yates Street Phone 698 THOS. PLIMLEY 727-735 Johnson Street Phone 637

Shipping News from Day to Day

COLUSA IS COMING ON MAIDEN VOYAGE

New Grace Liner on Fresh Service, is Reported at Salina Cruz

The new Grace liner Colusa, on her maiden trip, is reported at Salina Cruz on the long journey from the Clyde. She will be regularly operated in service between Victoria and the west coast of South America, via San Francisco. She is undoubtedly one of the finest combined freight and passenger boats which ever came out from Scotland for service on this coast. She should arrive here about the end of next week.

In addition to carrying cargoes of Teahantep freight north, the Colusa will also bring shipments of nitrate for northern chemical works from the Chilean ports, such as Antofagasta and Iquique. The run from San Francisco to Victoria can be done in 50 hours. The Colusa is equipped with good passenger accommodation amidships, and has several passengers aboard on her maiden trip. She is a steamer of 8,000 tons capacity, and has the following leading dimensions: Length, 424 feet; breadth, 58 feet; depth to upper deck, 29 feet 2 inches; register tonnage, 5,782 gross, 8,622 tons net. She is built to Lloyd's highest class on the Isherwood system, with double deck and four masts, longitudinal framing, and has a poop, topgallant forecastle, long bridge, with promenade deck above and navigating deck.

Accommodation is provided on the bridge deck for 25 first-class passengers. The dining saloon is placed immediately below the passenger accommodation, and is arranged in restaurant fashion. At the sides of the saloon are four special cabins en suite. On the promenade deck is the drawing-room, and at the after end is another deckhouse containing the first-class smoke-room and bar. On the navigating deck provision is made for a Marconi-room, chart-room, wheel-house and shelter. Under the bridge deck is fitted a refrigerating chamber. Ten steam winches, four masts, 18 derricks of steel tube, and a steel derrick suitable for dealing with 20-ton lifts, and steam steering gear in a house aft, with telemotor control for navigating bridge, are installed. In addition to life-saving appliances in accordance with British Board of Trade requirements, she carries a motor launch for use in the open roadssteads of South America. The machinery consists of quadruple expansion engines on the Yarrow, Schlick and Tweedy principle, and three multi-tubular boilers fitted with Howden's forced draught. Oil fuel will be burned by the Colusa, the vessel having a steaming radius of 18,000 miles. She is commanded by Capt. Minister, formerly master of the S. S. Belle of Spain.

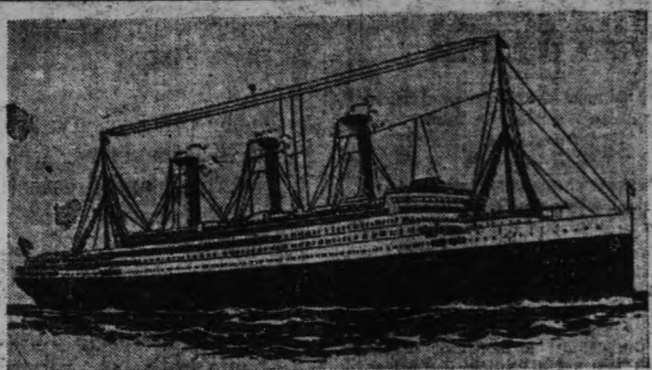

CAPTAIN TROUP BACK TO-MORROW FROM TOUR

Captain Troup, manager of the B. C. Coast Service, arrives from the old country to-morrow after letting contracts to Denny Brothers, of Dunbar, for the two new turbine driven Princesses for the triangular run. Mrs. Troup returned to Victoria last week, having crossed by an earlier boat. He wired from Field to-day that he expected to be in Vancouver early to-morrow, and would come over during the day. Advice as to the character of the vessels have already been conveyed by wire from Montreal, where he conferred with leading representatives of the Canadian Pacific railway. They will be oil burners, like most of the B. C. coast fleet now, with three passenger decks, and three funnels, and a considerable advance in tonnage on the Princess Charlotte. The speed is to be 22 1/2 knots. Since Captain Troup has been away the Princesses Maquanna has made a considerable advance, and some information concerning the future activities of the company in this matter should be forthcoming.

STARTS MAIDEN VOYAGE TO-DAY

THE IMPERATOR

Of the great Hamburg-American line, leaves the Elbe to-day on her maiden voyage across the Atlantic. She is the world's largest ship, being 50,000 tons and having a length of 919 feet, a beam of 98 feet. As with most of the great liners constructed, or reconstructed, since the Titanic disaster there is an inner hull rising above the water line as a precaution against accidents. She is due in New York on Wednesday and will leave for Europe again a week later.

CHICAGO MARU WILL ARRIVE ON SATURDAY

Osaka Liner Has Over Hundred Chinese; Protesilaus Left This Morning

Next to show up at the outer wharf from the Orient will be the Osaka Shosen Kaisha liner Chicago Maru. She will be here at daylight on Saturday, bringing 109 Chinese and 170 tons of cargo for this port, and 2,850 tons for Tacoma, 118 bales of silk, and 42 passengers for the Sound city. The Holt liner Protesilaus left this morning with a capacity cargo, clearing from the outer wharves before noon. She carried 26 Chinese from here and the remains of another departed Celestial, whose bones are to rest in the home soil. Arriving soon after noon the Keeman, of the same line, took her place as the representative of the Blue Funnel line, and will be engaged for the next two days discharging cargo, totalling some 1,600 tons from old country and Oriental shippers for this port. The Norwegian steamer Arna was able at length to run up the Blue Peter this morning as she will get away for Vancouver this afternoon with the object of discharging cargo from New York. Removal of steel rails from her hold has been a long job, and the work is now completed. The Pacific coast steamship Queen left the outer wharf this morning early and the City of Puebla, of the same line will arrive to-morrow from San Francisco with 219 tons for this port.

PATROL OF HARBOR IS NOT NEGLECTED

There has not been the neglect of the patrol of the harbor which is alleged in the communication of T. C. Sorby, secretary of the Inner Harbor Association, to the city council at the last meeting. Such as any rate is the statement of officials of the department of marine and fisheries, who state that supervision of the minor craft in the harbor, particularly in respect of holidays and Sundays, has not been neglected, and that owners of vessels have been warned from time to time of the breaches of the regulations which have occurred on many occasions through ignorance. Notices have been posted up at the boathouses along the waterfront drawing attention to the regulations and a patrol boat has been doing quiet but effective work on occasions when the mosquito fleet is most industrious on the waters of the harbor. No objection is taken to the transfer of patrol to the police, who are generally called in when arrests in tidal waters become necessary, whether in harbor, or within territorial waters, as the powers of the officers of the department are limited in this regard. It is agreed that improvements in the observance of rules are to be desired and that the subject should receive attention.

TAKES SUPPLIES FOR NEW LIGHTHOUSE

For the new lighthouse at Cape St. James, the southern extremity of Prevost island, which is to be built this summer, the Leebro is in port to-day taking on supplies for construction. The precipitous character of the promontory, which marks the southern limits of the Queen Charlotte group, was examined by Colonel Anderson, chief engineer of the department, when he made his visit last July, and it was decided to protect the point by a modern lighthouse, which will probably take from four to five months to construct. The new aid to navigation will be welcome to deep sea mariners from the Orient, and also to those engaged in coastwise shipping. The promontory takes its name from having been first rounded by a white navigator on St. James day, 1787, when Captain George Dixon, in the Queen Charlotte, sailed into Hecate strait.

CAPTAIN COMMENTS ON VICTORIA PILOTAGE

Vancouver Association Official Discusses Local Conditions; Objects to System

In dealing with the question of compulsory pilotage, which is receiving considerable attention in Vancouver just now, Capt. J. R. Stewart, secretary of the Vancouver Shipmasters' Association, refers to the Victoria situation as follows: "Does it not seem absurd to have an act compelling pilotage in ports of this province, which are easy of access, practically free from fog and protected from abnormal weather conditions? Is not the absurdity of this demonstrated by the fact that a few pilots sit in Victoria shielded by such an act, and having power to collect pilotage dues from ships entering or leaving such ports as Ladysmith and Union Bay, where they don't even keep a pilot stationed to assist the mariner who may not have felt justified or inclined to lose the night cruising about Victoria bay, very probably until daylight, before getting the pilot, while he felt confident that he could be at Ladysmith wharf first thing in the morning ready for cargo or bunkers." "On the general principle he says: "Compulsory pilotage is undoubtedly contrary to law and justice, as it now stands, and as there must be someone upon whom responsibility must rest, the pilotage authority need hardly expect to escape when the ship gets clear. It is up to the shipping community, especially the shipowners, and the board of trade, to bring about reforms and do everything possible that will facilitate and encourage the shipping to our port, as our cousins across the border are getting wise to many things which they will not fail to point out to the shipping world in the struggle that is now being made to secure advantages on the increased traffic through the Panama canal."

CHICAGO REPORTS TWO DAYS BEHIND

Tacoma, June 11.—Anxiety for the safety of the Osaka Shosen Kaisha liner Chicago Maru, bound from the Orient to the Sound and two days behind her regular time, was relieved at noon to-day when a wireless was received from the vessel. The message says she will reach Victoria on Saturday. The vessel left Japan on schedule. The loss of the two days is not explained in the message.

SEATON PARK ALBERNI

This property consists of plots of five acres or so (which have proved most suitable for mixed farming and fruit and vegetable growing), and is situated less than two miles from the Alberni city limits and less than one mile from Sprout Lake. The Trunk Road from Alberni to Sprout Lake and the West Coast, being a continuation of the Canadian National Highway from Halifax to Alberni, runs right through it. It is one of the best sections of land in the Alberni district and was specially selected by experts of considerable farming experience. The soil is of the finest quality, being nearly all Alder and Crab Apple bottom—excellent for crops of all kinds, also for fruit raising. It has a beautiful river frontage, and the fishing at this point is of the best. Altogether this property, both for location and quality of land, is adjudged much above the average in the Alberni district.

LET HIMSELF DOWN OTHERS PULLED UP

Porter on Princess Victoria Did Strange Act on Victoria-Vancouver Trip

Vancouver, June 11.—Divesting himself of all his garments, which he knotted together and tied about his waist, George Griffiths, smoking-room porter attached to the steamship Princess Victoria, attempted to commit suicide by lowering himself overboard while the vessel was bound here from Victoria at 5 o'clock yesterday afternoon. He was restrained from accomplishing his purpose by the interference of some passengers and sailors, who as fast as Griffiths let out the slack, hauled it in, and finally managed to land him safe and dry on the deck. On arriving here later in the evening First Officer S. A. Porter turned the man over to the police, by whom he will be held until his sanity is investigated. For almost the entire day aboard the vessel Griffiths had been acting strangely, and about 4.30 p. m. retired to his cabin. Half an hour later passengers in that vicinity were astonished to hear loud cries, and the affrighted porter suddenly appeared on deck with remnants of his clothing fastened about his waist. From a line twenty feet long, the end of the knotted clothing was hastily tied to the rail, and Griffiths sprang overboard. The line, however, was too short to reach the water, and for a time he dangled between the deck and the sea. By this time passengers and crew had responded to the call and despite his resistance, and the visible weakening of the impromptu rope, he was hauled to safety.

HEAD LIGHTS

The Camouan arrived yesterday from Bella Coola and way points and left again later with considerable cargo and freight for the canneries and camps.

NIAGARA BERTHS TO-DAY AT SUNDOWN

With a large passenger list, including several prominent men well-known in the public life of the Antipodes, the Niagara, of the Canadian-Australian line, will leave port this evening after a brief stay. She is expected between 8 and 7 o'clock, and will pick up local passengers here. The voyage is notable as being that of the largest oil-burning vessel which ever left a British port on an ocean voyage.

COMEDIAN IS NEXT OF HARRISON LINERS

Next in the schedule of the Harrison direct line, the local agent, R. P. Rithet & Company, are informed, the Comedian, from Liverpool, has 413 tons of cargo for this port. She should show up here about the end of the month, having left Antwerp on April 2, Glasgow a week later, and sailed from Liverpool on April 26. The Crown of Galicia, which recently arrived here, has not yet received an outward charter, and Capt. Halliday expressed the opinion that it was very uncertain when he would get away from the North Pacific ports. Captain Netherton is bringing the Comedian, a steamer of 4,889 tons, to this coast.

HALIBUT SCHOONER LANDS HER CATCH

A short cruise sufficed for the Jessie to assemble some 28,000 lbs. of halibut for the local market and the schooner came into port this morning after three days at the banks. Captain Heator says the weather has been unusually good in the last trip or two and this fact has enabled him to get through the work of filling the holds with expedition. The halibut schooner emptied her hatches in good time this morning, and expects to start out again to-morrow on another trip to the banks.

Comfort Your Stomach

We pay for this treatment if it fails to promptly relieve indigestion and Dyspepsia.

Rezal Dyspepsia Tablets remedy stomach troubles because they contain the proper proportion of Pepsin and Bismuth and the necessary assimilatives that help nature to supply the elements the absence of which in the gastric juices causes indigestion and dyspepsia. They aid the stomach to digest food and to quickly convert it into rich red blood and material necessary for overcoming natural body waste.

Carry a package of Rezal Dyspepsia Tablets in your vest pocket, or keep them in your room. Take one after each heavy meal and prove our assertion that they will keep indigestion from bothering you.

We know what Rezal Dyspepsia Tablets are and what they will do. We guarantee them to relieve indigestion and dyspepsia, or to refund your money, if they fail to do so. Doesn't it stand to reason that we wouldn't assume this money risk were we not certain Rezal Dyspepsia Tablets will satisfy you? Three sizes, 25 cents, 50 cents, and \$1.00.

You can buy Rezal Dyspepsia Tablets in this community only at our store:

D. E. CAMPBELL,

The Drug Store
Victoria.

There is a Rezal Store in nearly every town and city in the United States, Canada and Great Britain. There is a Rezal Store in nearly every ordinary human life—each especially designed for the particular life to which it is recommended. The Rezal Stores are America's Greatest Drug Stores.

COLLIER FOUNDERS, THREE MEN DROWN

Charlottetown, P. E. I., June 11.—The schooner Polar Star, which left Pictou for Charlottetown yesterday morning with one hundred tons of coal for her owners, C. Lyons & Co., foundered off Point Prim last evening. Captain Cormer, aged 60 of Souris, Henry Bushy, Charlottetown 55, and Andrew C. Macdonald, Charlottetown 45, three men on board were drowned. The schooner Borea, which left in company with the Polar Star, said her companion sank, but being about three quarters of a mile away to leeward, with a heavy sea running, could not reach her in time to save the crew.

ASK FOR CONCRETE IN SAANICH PAVING

Representatives of Local Companies Attend Council Meeting; Majority Stands

Limited by the fact that there was an action arising out of the paving contract, the Saanich council last evening discussed the subject and heard representations.

The phase of the debate covered appeals for using a concrete instead of a bitulithic surface, representatives of the cement companies pleading for open competition. The council, however, did not take any action in the matter, and left the subject where the resolution of the previous meeting carried it, upon which the advertisement is based.

Ward Four Deputation.
A deputation from Ward Four Ratepayers' Association, laid the protest of the meeting, held on the previous evening at the Colquitz hall before the council.

James O'Connell and Capt. Walker opposed the present character of the tenders, on the ground that the council had closed the door to competition. The Reeve combatted the idea of stifling competition in the present advertisement, saying that the ratepayers' associations wanted to run the business of the council, and that it would be better for the councilors to resign and give place to them.

There was some discussion between the Reeve and Capt. Walker, the latter contending that the tenders should have been thrown absolutely open.

Councillor Williams renewed objections to the present advertisement, and Councillor McGregor asked for the production of correspondence.

The agreement with the bitulithic patentees was then read by Clerk Carmichael.

H. K. G. Bamber, on behalf of the Associated Cement Company, Bamberston, asked whether they were giving justice to their local industries, and pointed out that concrete construction had given good results. He thought it strange to capital introduced into this country that it should find its enterprise discouraged by the introduction of a foreign material covered by a foreign patent. He was surprised that the council should take the line it did, after the effort to introduce capital into the island.

Cement Interests.
Representatives of the Vancouver Portland Cement Company, Tod Inlet, joined in the appeal for open tenders, saying they had a large quantity of cement which they might reasonably expect to see utilized by the contractors. Chehalis, Washington, was quoted as an example of the success of concrete paving. It was represented to the council that it would be better to do the work by day labor under the inspection of its own officials, and so support home industries.

One representative wanted to know why the Warren Brothers' company required a pledge only to use their surfacing. Cement companies would not place that limitation.

The council was asked further to investigate the experiments at Chehalis and other places, before letting a contract.

Councillor Williams objected to a policy of putting all eggs in one basket, and using Warren Brothers' own specifications. He declared that the license agreements were dated on May 9 and 14, whereas the meeting to decide the question had not been held till the end of May. It looked too much as if the arrangements were made in a cut and dried manner.

Money and Labor.

Councillor McGregor again advocated an open competition for the paving. He appealed for a reconsideration of the council's previous action. Money and labor had to be had in this country, and if capital was available labor would follow.

Councillor Borden stated that the

council must bow down to the force of public opinion which had been extremely critical of the methods of the council recently.

Councillor Dunn declared that the works committee had made a recommendation to the council, after seeing work in Portland and near Seattle carried through by Warren Brothers. This recommendation was favorable to bitulithic paving. Opposition to the scheme was only Peckhamian anyway.

The Reeve said that the opinion sought to be conveyed by Councillor Williams was that the majority had stifled competition, and this was all "bunkum" and a bogey.

The council then passed to the next business.

SAANICH TO DEFEND TWO SUITS ENTERED

One Plaintiff Insists on Receiving Water; Another Proceeds as It is Cut Off

At the meeting of the Saanich municipal council last evening the municipal solicitor, J. A. Aikman, intimated in a communication that he had accepted service of two writs of summons, one issued on behalf of Williams, Treese and Williams to compel the council to allow them to connect certain houses in Mount Tolmie district with the water pipes, and the other against the city of Victoria, McPherson and Fullerton Brothers and the council, with reference to the permit granted at the instance of the firm in connection with water pipes in the Garden City district.

The council approved the action, and will proceed to defend the actions mentioned.

The Canadian Financiers, Limited, were appointed fiscal agents for the municipality.

In order to give effect to the arrangement which was made a month ago with the city to appoint Dr. G. A. B. Hall, the city health officer, as assistant medical officer in the district municipalities so far as isolation cases are concerned, a resolution to appoint an assistant health officer was formally adopted, on the motion of Councillor Quick.

To the works committee was sent a suggestion from the light and power department of the British Columbia Electric Railway Company with regard to the consideration of street lighting for the municipality.

Councillors Borden and McGregor were appointed as a committee to act with the committees of the city and Oak Bay in connection with the extension of the city boundaries to embrace part of the Willows district and sections 25, 26 and 27.

A deputation from Ward Four Ratepayers' Association drew attention to the necessity for improvements at the Burnside road, which has been a subject of discussion since the construction of the British Columbia Electric Railway Saanich extension. The deputation was composed of President Rogers, Secretary O'Connell and Captain Walker.

Captain Walker strongly pressed for an improvement of conditions on Burnside road between Colquitz road and Tillicum road, styling the existing state of things as dangerous.

The Reeve declared that the dangerous portion had never been accepted from the British Columbia Electric Railway Company.

The council determined to notify the company that unless improvements were carried out immediately, an injunction would be sought.

\$1,000 Reward.—For particulars, see next Friday's announcement of F. A. Gowans' sale of genuine high class men's wear, at 1114 Government St.

Crows Are Never the Whiter for washing themselves.—but a 10c glass of genuine imported Pilsner will make you cool as a cucumber "at The Kaiserhof."

OUR LETTER BOX

Letters for publication in Daily Times must be received at the Times office not later than the day before the day of publication. When received later they will be held over until the following day.

While unobtainable anonymous communications will be published, the name and address of every writer of such letters must be given to the editor.

ORIENTAL MENACE.

To the Editor:—You deserve great credit for taking this Oriental question up. The Colonist absolutely ignored a letter I sent to them. It is hardly to be wondered at. They pose as the white man's friend around election time, but they simply have no time for the white working class after. Their motto is Oriental and cheap labor; open wide the gates and let thousands pour in.

I see the Empress of Russia and all the ships arriving lately were packed with this yellow cheap labor. But what does the government care. Last election all we could hear from the McBride government was reciprocity, appealing to the workman not to let the Americans, our cousins, grab our trade and flood our markets. What bogey. But never a word do they say when this yellow labor invades this country and is simply sucking the life's blood out of our city and our industries.

Their wonderful railroad policies would make work for all white labor. But instead I see stagnation on every hand; hundreds out of work; building almost at a standstill; real estate dead. How can people settle here and buy homes when the Oriental is simply taking the money out of the country in large quantities? I, like hundreds more, believe this question will finish up before very long in a blood-thirsty war, a fight for supremacy in our province. Why not settle it peaceably by restricting them right now? The Colonist says the government is powerless. What rot; childish nonsense. This is a terrible state of affairs. Well, let them force this question on their friends at Ottawa. I am sure if Mr. Asquith and all our Liberal British M. P.'s knew the real state of affairs existing along our coast they would cry shame and help to remove them. The Conservative friends of the Chinese into Africa after the Boer war, to the disgust of the British race. But the Liberal party, by overwhelming majorities, were returned to power and sent them all back, and they are still in power to-day. McBride, Barnard, Bowers and company all employ them in their homes. They like to have the military band and play "Rule Britannia, Britons Never Shall Be Slaves," but they will not employ the Britons. They prefer the Chin Japs. They like to wave the Union Jack, but their true flag should be the Oriental.

I say any government who encourages the Oriental to the detriment of his own race and flag are traitors to the core. For they are taking the bread out of the mouths of thousands of white men, women and children in our coast cities to-day. Workingmen, I appeal to you. You have the power to overthrow your enemies, as you have the vast majority of votes at the next election. The capitalists like this cheap labor. They have no thought or care for the Britisher, only in the time of war. I say this is the most vital question affecting British Columbia to-day. I contend it is a crime to bring men from the Old Country here. In many cases they spend their life's savings. They find on arrival no work. Nearly all industries run by Chin Japs.

It is not enough to make Capt. Vancouver and the men who fought and bled for this country turn in their graves, if they could but hear the horde of Chin Japs and Japs marching through our streets as every ship arrives from the Orient, and say, is this the country we fought for? White men, I again appeal to you before it is too late. For the sake of your wives and families take this question up now. The power is in our hands. Stand shoulder to shoulder. Form a strong Asiatic Exclusion League, and down with the enemies of our race.

SMITH.

Victoria, B. C., June 10, 1912.

EXAMINATIONS TO-MORROW
McGill University Matriculation Tests Start at High School Time Table.

The McGill University matriculation examinations will start to-morrow morning and will be held in the Victoria High school. Following is the time-table:

Thursday, June 12.—9-11, English literature; 2-4, English composition; 4-5.30, physics.

Friday, June 13.—9-11, Latin authors and grammar, arithmetic; 2-4, Latin composition and sight translation, English grammar.

Monday, June 16.—9-11, algebra, part I; 2-4, algebra, part II; 4-5.30, botany.

Tuesday, June 17.—9-11, French grammar; 2-4, French translation; 4-5.30, chemistry.

Wednesday, June 18.—9-12, geometry, part I; 2-4.30, geometry, part II.

Thursday, June 19.—9-10.30, trigonometry; 10.30-12.30, German grammar; 2-4, German translation.

Friday, June 20.—9-11, history; 11-1, Greek authors; 3-5, Greek composition and sight translation.

OBJECT TO STREET NAME

Saanich Ratepayers Would Not Have Mount Douglas Avenue; Progress Made.

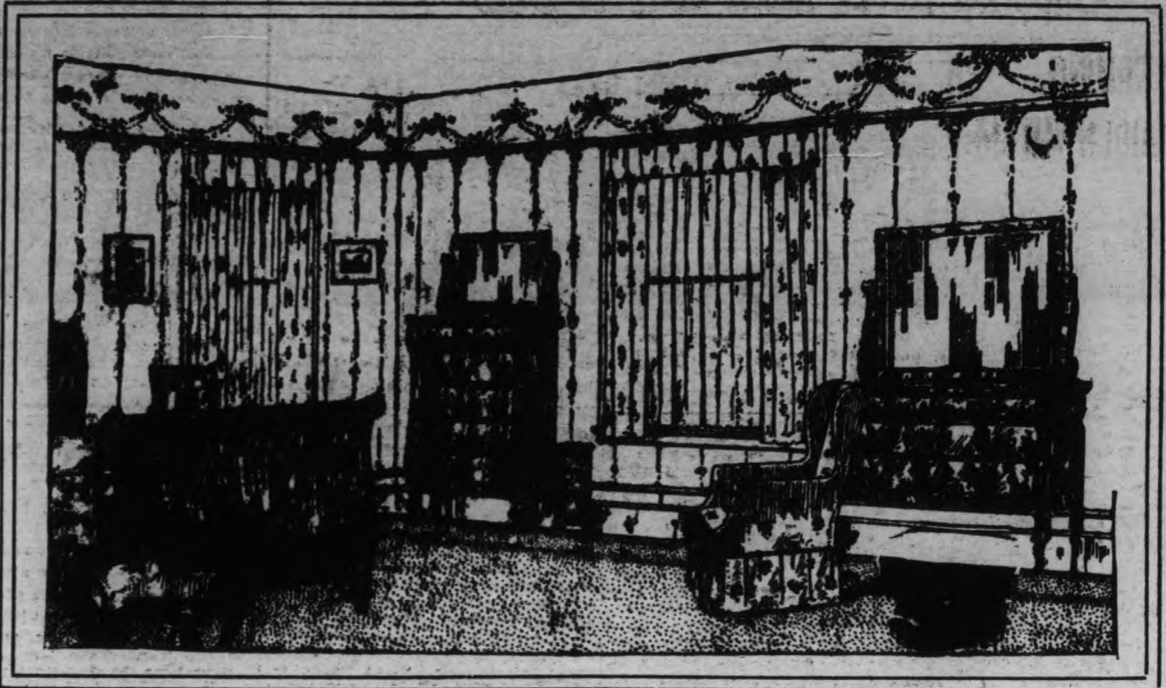

Such good progress has been made upon the extension of Shelbourne street that 10,000 feet of the necessary 15,400 has been secured for a street 75 feet wide, and of the 5,400 feet remaining provision has been made on subdivision plans for 3,000 feet for the road. Conveyances will now be prepared transferring the land to the municipality of Saanich for the purposes of the road.

Ratepayers of Ward II. of the municipality have lodged a protest against calling the street Mount Douglas avenue, holding that it will inevitably lead to confusion with Douglas street, a trunk road which will be extended towards Swan lake in the near future. No action has yet been taken as to the name.

London, New York and Paris Models all at half usual prices from "Hudsonfield," 719 Fort St.

Official figures show that the average ages at which men and women marry are rising.

An Artistic and Serviceable Style

Before furnishing your bedrooms, visit the fourth floor of this store and inspect the new importations of furniture in the Colonial and other pleasing styles.

The journey will prove profitable to you. Better furniture is not to be had in the west; our prices are lower than the average and when you consider the fact that you get 10 per cent. discount for cash, or may secure such terms as will make paying for the goods an easy matter, there should be no reason why you should delay the visit.

A Beautiful Bedroom Suit As Illustrated Above

Comes in a rich mahogany finish, is substantially finished, has commodious drawers, and is built to stand a lifetime. Here are a few details, but a visit to the store is necessary before you can appreciate their value.

THE DRESSER has a top measuring 22x42 inches; bevelled glass 28x30 inches; top drawers have shaped fronts as shown in the illustration. Price \$40.00

THE DRESSING TABLE to match measures 21x32 ins. over the top and the glass is 18x20 ins. Price, only \$22.50

PRINCESS DRESSER, top 22x42 ins., and bevelled plate mirror 24x36 ins. Price \$40.00

CHIFFONIERE is 20x34 ins. over the top and the glass is 18x20 ins. Price \$35.00

BEDS to match are to be had in the full size at, each, \$75, \$60 and \$35.00

Buy the pieces separately if you like.

SPORTING NEWS

ERRORS COUNTED AGAINST LOCALS

Seattle Handed Second of the Series; Shea Gets Two Homers

The Bees could have had Walter Johnson in the box with a team of Ty Cobbs to boot, and still lost last night. Never has the Seattle Club fallen into a softer victory than last night's game, which was handed to the Tillikums by the Bees, who persisted in booting two-thirds of the chances that came their way, and completed a dismal showing by heaving the pill all over the lot. It was a weird display on the part of Mike Lynch's hired help, and twelve hundred fans were certainly a bit peeved over the outcome. With any kind of support the locals would have tacked up a win, as they outbatted Teasley Raymond's athletes, only to chuck the game away by their crude defensive playing.

Many Juicy Errors. It was a free hitting contest, but the brilliant fielding of the visitors pulled them through to a win. Time and again they stopped Victoria's run-getting with two-ply killings that brought the crowd to their feet, and their nifty handling of the globe was more than enough to back the game away. The locals spotted the Tillikums five runs in the second inning, after Charlie Alberts had betted the ball over the fence for the first run of the day. Narveson got himself into a hole by walking Cadman, but after Killilea and

Jackson had singled, Rawlings fell down on a chance to get Cadman at the plate and start a double fooling Wilson's grounder. Lambie followed this up with another miserable effort on Raymond's piny hit to third, and the run-getting continued. Five was the total, but with perfect support, Narveson would not have allowed a run. In the fourth two more runs came through on Nordyke's failure to handle an easy bouncer, while in the sixth, three more rolled when another error was chalked up to Rawlings.

Shea's Two Homers. Fitzgerald, who succeeded Narveson in the third was hit freely, but no twirler could have won with such wretched support. Melkie wavered at times, and was finally derrieked in the sixth after the Bees had started a general riot on his offerings. Gipe effectively stopped the locals' run manufacturing. Jackson's hitting and base running were some of the bright spots of the twilight bill, though Danny Shea, our talkative backstop, poled a couple of homers at the expense of Melkie.

VICTORIA GOLFERS ENTERTAIN STARS

Charles Evans and Party Guests at Oak Bay Links; Some Friendly Matches

While several friendly international matches were played at the Oak Bay links yesterday afternoon, the real contests between the eastern and western golfing stars will not take place until next year. Capt. Chambers and A. V. Macan, Victoria, defeated Charles Evans, Chicago, and H. Davis, of Portland, one up in a fourteen-hole foursome. The eastern contingent, in company with a number of Seattle and Portland golfers, spent a pleasant day on the links of the Victoria Club, and will return to Seattle on Wednesday afternoon. On Saturday they play their first big match at Seattle, returning again to Victoria next week.

Included in the Middle Western party are: Charles (Chick) Evans, Jr., and Warren K. Wood, of Chicago; Harry G. Legg, of Minneapolis; D. E. Sawyer and Carl B. Dewey, of Chicago; Howard B. Lee, of Detroit; Fraser Hill, of Chicago, and Philip Stanton, of Grand Rapids, Michigan. The following will be the line-up of the Pacific Northwest team which will play the Middle Westerners: H. Chandler Evans, Medford, Ore.; Harry Davis and Roderick MacLean, Portland, Ore.; Jack Neville, Claremont, Cal.; A. V. Macan and W. Chambers, Victoria, B. C.; Dixie Fleeger and C. P. Spooner, Seattle. Kerry will be the substitute of the team.

MOTORCYCLE STAR

EARL GODFREY
Champion motorcycle rider of British Columbia, who will ride at the Willows in Saturday's speed carnival.

BIG CROWD AT THE WILLOWS LAST NIGHT

Over one hundred and fifty motorcycle enthusiasts say Ted Christy set an ugly spill at the Willows yesterday afternoon while driving around the Willows track at the rate of 44 1/2 seconds for the half mile. Christy, with a number of local riders, was trying out the track. They are gradually cutting down the time limit, which began at 51 seconds for the half mile, and as the track is being ridden by the boys it will become faster and safer. This afternoon Superintendent Turner will give the track a heavy sprinkling and this will aid greatly in putting it in fine condition for the motorcycle races next Saturday. It was not believed that a sufficient number of local riders could be secured to fill one race, but so great has the racing fever taken hold that two races will be put on, one at five miles and another at ten miles for amateur drivers.

These will cause almost as much excitement as the professional races. In the way of a novelty a side car race will also be added to the programme with only three entries allowed to start. H. Pashley will have charge of this race and regulate the conditions and distances. It is expected that a very large crowd of spectators will witness some very sensational and clean sport on Saturday afternoon. Some of the professional riders are expected to-day or to-morrow, but the majority of them will not be here until early Saturday morning. A big motorcycle and bicycle demonstration is being prepared for Friday night.

BARBARA II. WINS BERMUDA RACE

Hamilton, Bermuda, June 11.—The motorboat Barbara II. crossed the finishing line twenty-five minutes and twenty seconds past three o'clock this morning in the race from Philadelphia, which started on Saturday at 1:30 p. m. She was first sighted at ten minutes after midnight. The Barbara II. came into Hamilton at 7:15 this morning. She had not suffered any damage. Up to 7:50 nothing had been heard of the Dream of the Toomsan. The elapsed time of the Barbara II. since its departure from Philadelphia, deducting forty-one minutes for the difference of time between that city and Bermuda is unofficially calculated at 35 hours, 14 minutes, 20 seconds.

PACKEY TOO LATE

San Francisco, June 11.—Wiring from Chicago to Promoter Eddie Graney, Packey McFarland announces his willingness to make 134 pounds ringside for Willie Ritchie, the light-weight champion, and also to post \$5,000 as a forfeit. As a Ritchie-Riviera match is practically settled for July 4, no attention will be paid to McFarland's telegram.

EXPECT FIRST GAME TO BE KEENLY FOUGHT

At Sidney, Saturday, June 14, at 2:30 p. m., his honor, the Lieutenant-governor, will face the ball in this the first home fixture for Sidney. The Sidney team are practicing faithfully for the game and looking to do better than against the Oak Bays. The referees will be announced soon, and it is expected a large crowd will turn out for the game which ought to be close and interesting. Sidney will pick their team from the following: Simpson, Roach, E. Munro, W. Munro, F. Humber, S. Humber, Forester, Tester, Bedford, Jamieson, Norton, Gerke, Sanders, Webb, Laird, Bob Johnson, Robertson and C. Erithour.

WILL FIGHT AT BRIGHOUSE STATION

Vancouver, June 11.—"Freddie" Welsh, champion lightweight of England, will meet Ray Campbell in a fifteen-round contest at the Brighthouse Arena to-morrow night instead of at Steveston, as originally planned. The reason of the change is owing to the stadium at Steveston catching fire Monday night, sufficient damage being done to the dressing rooms and jolts supporting the west side of the arena to make it unsafe to accommodate the crowd which is sure to attend the contest.

Summary: Two-base hits—Jackson, Cadman. Home runs—Alberts, Shaw (2). Stolen bases—Jackson, Raymond. Double plays—Nill to Raymond to Jackson; Shaw to Raymond to Jackson. Innings pitched—By Melkie, 6, runs 6, hits 12; by Narveson, 2, runs 5, hits 4. Struck out—By Narveson, 1; by Fitzgerald, 1; by Melkie, 4; by Gipe, 2. Bases on balls—Off Narveson, 1; off Fitzgerald, 1; off Melkie, 3; off Gipe, 1. Wild pitch—Narveson. Passed balls—Cadman (2). Hit by pitcher—Shaw by Narveson. Time of game—1:45. Umpires—Eddinger and Gleason. Credit victory to Melkie; charge defeat to Narveson.

AS SEEN FROM THE PRESS BOX

The Bees played like amateurs last night. The same thing happened last night again, Lynch forced Meek at second or Mike hit into a double play. Kiddo Wilson thinks if he faces the Bees this season that he will apply the white wash. The Bees, however, have an idea that if Kiddo lasts two innings he will be doing well. Kiddo may work on the mound for Brown against Victoria next week. Joe McGinnity pitched a good game against Spokane, winning by the score of 4-3 in twelve innings.

PHYSICIAN INSTRUCTOR RAYMOND, OF THE VICTORIA ATHLETIC CLUB, IS HIRING UP A GREAT NUMBER FOR THE NEXT BOYS WHICH WILL BE STAGED FOR THE V. A. C. MEMORIAL ON JUNE 25.

The bill is easily the most pretentious boxing card ever shown in the capital, and Manager Raymond looks for a great attendance upon the part of the club members. Cyclone Scott and Joe Swain, two of the best known middleweights on the coast, will be the headliner, while Clarence Rothus and Eddie Shaanon will also provide a lot of action. Rothus made a big hit in the capital when he was boxing amateur, and has a large crowd of supporters here. Charlie Southall and Kid Dobbie will clash in a bout which will arouse a lot of interest, while Barney Mullen and Joe Cragger will complete the bill. Hank Griffin will referee. Several of the boys are already working out at the V. A. C. gymnasium.

See Our Special Display of Outing Apparel

The spirit of out-of-doors is abroad in Victoria. Each day, joyous parties leave the city in launch, canoe or automobile, bent on getting the utmost enjoyment from the brilliant weather. Are you ready to start off when your turn comes to join one of these gay parties? Are you equipped with everything you must have?

Overhaul your outfit to-day and check up what you have with what you can't do without.

Outing Trousers, for instance, such as we are showing, in white flannel or serge, pearl grey or stripes.

Negligee Shirts—You'll need plenty of them, with the soft French double cuff and reversible collar. Straw Sailor, too, unless you prefer a Panama; stylish Neckwear, a belt and other things.

All these and many more will be displayed in our windows to-morrow. Look at them and consider awhile whether you can do without them. One thing you should not be without is a Rug for use when the evenings are chilly, sitting on the grass, or to keep off the draught in the car. We're showing a dandy just now at \$6.50.

"You'll Like Our Clothes—Rgd."

JONES WILL HAVE SOME MORE STARS

Vancouver Mogul Prepares to Strengthen Terminal Twelve; Oak Bay Grounds Improved. "Many changes are necessary at Oak Bay, and when the present plans for the renovation of the grounds are complete, Victorians will be agreeably surprised," was the statement of Con Jones, the Vancouver lacrosse magnate, who paid a visit to Victoria yesterday. Mr. Jones, in company with Lionel Yorke, was busy for the better part of the day, interviewing local lacrosse officials. Work will be started at once improving the Oak Bay grand stand, and improving the accommodation for the thousands who are expected to be on hand for the first pro match here on June 28. Lionel Yorke will remain in the capital to look after the preparations. Will Make Changes. Manager Jones is not satisfied with the manner in which his Vancouver lacrosse club is performing. He states that the club did not perform up to the mark last Saturday and says that changes will be made in the team. "One thing I do know, there has got to be a big change in the work of some of the performers or there will be some blue envelopes flying around where they are little expected. I have plenty of strings on good men I can secure by purchase, and they will be out here in short order unless the players now performing show that they are of a calibre to compete with the best in the country. They are getting better pay than players on any other team in the country, and they will have to show a capacity for earning it."

CLUB DOUBLES AT BEACON HILL CLUB

The draw for the club doubles at the Beacon Hill Park Lawn Bowling Club was made this morning and resulted as follows: R. Green and Mr. Phipps vs. G. V. J. Greenhill and E. H. Hiscocks; Thos. McCosh and Forree R. Craig vs. Peter Turner and J. Hepburn; Dr. F. G. Moody and J. Rutherford vs. R. Dunn and P. Richardson; W. Oliphant and A. Fairfull vs. A. E. Banister, Jr., and W. H. Murphy; W. H. Westby and J. E. Ramsden vs. John Gray and Jas. S. Murray; H. Molony and J. Dillworth vs. J. A. Turner and W. Davison; J. Yates and Jimmy Hickey vs. A. R. Langley and E. H. King; W. Melville and R. McDonald vs. Alex. Stewart and G. Young; Geo. Vallance and A. E. Allen vs. J. Anderson and J. H. Owen; B. H. John and Fred Dundas vs. W. Wood and R. J. Robertson; R. Dpwsell and H. Webster vs. W. Walker and D. McLean; Jim Lemon and A. A. Clayton, bye. The first round in this competition must be completed by July 4. ARMSTRONG CHAMPION. Portland, Ore., June 11.—Earl Armstrong, of Denver, holder of the middle western motor cycle title, is to-day champion of the northwest following his sensational performance on the dirt track of the Country Club track. Armstrong won all three events in which he was entered, very decisively. During one of the races he covered a mile in 49 seconds, one second less than the best time recorded in the northwest. Two riders, Clyde Simmons and Ed. Berrett, were severely injured when Simmons was thrown from his motorcycle, and Berrett, coming up from behind at a terrific pace, collided with the machine. J. B. A. A. SMOKER. J. B. A. A. has arranged to hold a smoking concert at the club on Thursday night. In the wrestling the participants will be W. F. McMahon, of North Island, and Fred Middleton; and Blaney Scott and Peter Ogden. The boxing bouts will be: L. Davis vs. Chet Hill, C. Motherall vs. Scott Cropper, H. Motherall vs. H. Rucknam, Matt Scott vs. C. Betterton.

HOW MANY TIMES

Have you said "I wish I could get to the office without all the trouble of going there?" How many weary nights at the office have you said "I wish I might be sat down in the warm livingroom at home without the wear and tear of getting there?" How many times have you wished you could bodily be lifted without worry or effort, to this, that, or the other place? There is no chair in your home more comfortable than the seat of

FASTEST MAN.

This is one of the Portland weeks at home, though the series is played here to meet the schedule of the Coast League, the Portland Beavers being at home this week. Justin Fitzgerald, of the Colts, is the fastest man in Pacific coast baseball. At least that is what Nick Williams says and Nick is a truthful lad. Justin performs out in the right guard. He was with Portland in the Coast League last year and went up to the big-top this spring, but didn't stick.

J. B. A. A. SMOKER.

J. B. A. A. has arranged to hold a smoking concert at the club on Thursday night. In the wrestling the participants will be W. F. McMahon, of North Island, and Fred Middleton; and Blaney Scott and Peter Ogden. The boxing bouts will be: L. Davis vs. Chet Hill, C. Motherall vs. Scott Cropper, H. Motherall vs. H. Rucknam, Matt Scott vs. C. Betterton.

SPORTING NEWS

LYNCH MAKES ANOTHER SHIFT

EDDINGER GETS A CALL DOWN

Umpire in Wrong for Calling Twilight Game; Felts Sent to North Yakima

Mike Lynch has made a big shift in the batting order of the Bees. The chances of the Bees will be brighter when the cripples get back into the game, but just now Lynch has to worry along with a pitching staff that is going very badly, an infield that is shot to pieces and a makeshift outfield. Tommy Madden will join the Bees at Seattle to-morrow, and will play right field, while Bert Delmas will be back at short stop, Johnny Rawlings going to second base and Lou Nordyke to the bench.

Boatman Signed. It is announced that the club has secured pitcher Boatman, the sensational University of Washington right hander, who created havoc amongst the Northwestern League teams at the beginning of the season. He will be a big help to the pitching staff, and one of the regulars may be let out. Elbert Felts, the speedy outfielder, who has suffered a big batting slump, has been sent to the North Yakima Club of the Washington State League, but will be given another trial in the spring. He has speed, a good throwing arm, and is a grand fielder, but he has not yet learned how to hit. Madden, who will go to right field, hits over .300, is a

nice fielder and a regular flash on the bags. Vancouver will be here next week for three games, and the Bees are out for revenge because of the fearful walling that the Brownies handed our "bees" when they last appeared here. Kiddo Wilson and Jimmy Conannon are now with the Beavers, and they will probably work during the series. Lynch will have his ball club pretty well in shape by that time, and he figures on taking a majority of the series at home and also at Vancouver. President Wattleit certainly gave Eddie Eddinger a grand old bawling out for calling yesterday's game at the end of the seventh because of darkness. Eddinger exceeded his authority not a little by doing so, and the local management may report him to the league. Seattle tried to kill time when they went into a big lead at the start, but they should have been compelled to finish the game. The fans paid their good money to see a full ball game, and the Bees' president had a good reason to be annoyed at the hasty action of the umpire. In the future, there will be no games called for darkness.

Joe Cohn announced before going home to Spokane that he would keep Risberg at shortstop, being convinced that the young fellow cannot make good as a pitcher. Joe thinks the boy will develop into a fast shortstop. Joe will hand out a couple of releases soon, and it would occasion no surprise if Harrison got one of them.

AMERICANS WIN OPENING CONTEST

Meadowbrook Club, L. I., June 11.—Out-riding and outplaying the English polo challengers, the American cup defenders won the opening game yesterday of the sixth international match by a score of 53 goals to 3. A better idea of the actual difference in the playing ability of the two teams is shown by the gross score, which was 7 to 3 in favor of the defending four.

Much to the surprise of the spectators and polo experts, the English players did not show the vaunted team play which had been credited to them before the game. Neither did their ponies outclass the American mounts. In fact the reverse was the case and in almost every rush down the field the American players either held their own or out-rode their opponents in the race for the ball. The combination work of the American four, with Larry Waterbury at No. 1, J. M. Waterbury, Jr., and L. B. Stoddard at No. 2, Capt. Whitney at No. 3, and D. Milburn at back was superb. The challenging team, consisting of Captain L. St. George Cheape at No. 1, Capt. Edward at No. 2, Capt. Itison at No. 3 and Lockett at back appeared unable to work together in any plan, due in all probability to the close covering of the Americans.

The score by periods and penalties was:

Goal.	Name.	Time.	Nation.
1	J. M. Waterbury	1.36	America
2	L. Waterbury	2.28	America
3	D. Milburn	3.33	America
Second Period—			
4	Capt. Cheape	4.04	England
5	L. Waterbury	3.03	America
Third Period—			
6	J. M. Waterbury	0.31	America
Fourth Period—			
7	L. Waterbury	7.19	America
Fifth Period—			
8	Capt. Itison	2.02	England
9	Capt. Cheape	3.25	England
Sixth Period—			
No score.			
Seventh Period—			
No score.			
10	L. Waterbury	2.37	America

Gross score—United States, 71 goals; England, 3. Penalties—United States, 13 points on fouls by L. Waterbury in the second period; L. Waterbury in the fourth period; D. Milburn in the seventh period. Net score—United States, 53 goals; England, 3 goals.

KELLY BEATEN BY THE GREEK

Outweighed by about ten pounds and completely outmatched as regards strength, Charlie Kelly was thrown in two straight falls by Peter Buzukos, the claimant of the world's lightweight wrestling honors, in the feature bout at the Victoria Athletic Club last night. The Celt was willing enough and made his opponent wrestle all during the contest, but the superior strength of the Greek made it impossible for Kelly to pin Buzukos' shoulders to the mat, even though he had the swarthy one in jeopardy several times. It was a nice, clean exhibition, with Kelly on the defensive most of the time. Though the match was supposed to be at the lightweight limit of 125 lbs., the Greek entered the ring at about 145, with Kelly just under the limit. The difference in the weight of the two men soon made itself apparent when Kelly went to the mat. Buzukos worked carefully over his man, and while the Celt broke loose from a number of dangerous holds, the Greek finally clapped on a leg scissors that forced his man to the mat. Previous to the first fall, Buzukos had secured a rolling fall which Referee Bennett had allowed, but the Greek refused to accept it, and gave Kelly another chance. The pair had been grappling for 31.05 for the first fall, and the second came in short order. Buzukos applying another leg scissors and arm hold in 14.22 that ended the match. Geo. Milne won the preliminary from Eugene Fats in the first round. Hank Bennett acted as referee, with Cal Campbell as timekeeper.

MAKE GOOD TRIAL

Foughkeepsie, N. Y., June 11.—It was learned to-day that the Washington crew covered the four miles last evening in 20.28. The twelve crews of Cornell, Wisconsin, Pennsylvania and Columbia were on the river simultaneously this morning, and all the varsity crews had time trials over the course. None of the coaches would make public the time of their crews.

CANUCKS MAY PLAY END OF THIS WEEK

London, June 11.—Events are shaping themselves towards the final arrangement of the various teams that will compete here in the Davis cup preliminary rounds. The win of the American team over Australia has aroused a great deal of interest in this country and it is felt that the Americans will make a bid for the cup. In fact, the opinion is general that the United States will be pitted against England in the final.

The tie between the Canadians and South Africans will be played in a few days, but the venue and date are as yet unfixed, though it is quite possible to be June 13, 14 and 15 at Queen's Club. Canada will have four players, from whom to select, viz., E. P. Schweengers, R. B. Powell, G. H. Mays and Capt. J. F. Foulkes.

The South Africans will be represented by V. R. Gauntlett, R. F. Le Sueur and R. Leach, all of whom hail from the Transvaal.

O'BRIEN BANKRUPT.

Philadelphia, Pa., June 11.—"Philadelphia Jack" O'Brien, pugilist and prize fight promoter, filed a petition in bankruptcy in the United States court here yesterday, with liabilities of \$101,934 and assets of \$10,027. The petition was filed under the name of Joseph F. A. Hagan, the real name of the pugilist. Hagan several years ago built a large hall in West Philadelphia in which to stage six-round bouts, but the venture was unsuccessful.

HIGH SCHOOL BEATEN.

At Beacon Hill last evening the Wards defeated the High school in a junior league game by a score of 17 to 4. The Wards while short one man played good ball. Credit especially must be given to Balcom, who tyfied excellently, and who was ably assisted by Plows, behind the bat. Gordon for the High school also pitched good ball. The batteries for the game were Balcom and Plows for the Wards, and Gordon and McIlvride for the Students. The standing of the league at the present time is as follows:

Wards	F. W. L.	Pct.
Wards	3 3 0	.1000
Cubs	8 2 1	.666
High school	4 0 4	.000

The next game in the Junior League will take place at the North Ward park Friday evening between the Cubs and North Wards.

MOTOR BOAT RACE.

A race for the Rickaby cup, under completely revised rules, is to be run over the Cadboro Bay course at 4 p. m. Saturday. It is expected that a large attendance will be present and provision has been made for tea to be served on the veranda of the new R. V. Y. C. A copy of the rules governing the above race may be obtained at the club float from the secretary R. V. Y. C. motor boat committee just previous to the start.

EXHIBITION GAME.

It is probable that the Sequim, Wash., baseball club will play an exhibition match with the James Bay team at Oak Bay, the latter part of July. The management of that club has written for dates and promises to bring 200 of an excursion here for the match.

YOUNG BISLEY TEAM.

London, June 11.—The Australian rifle team for Bisley arrives here this week. Col. Dean confesses that they are probably the youngest crowd ever sent from the island to compete at the Empire matches here. Every man is Australian born.

SCHWENGERS WINS.

London, June 11.—At the Kent lawn tennis championship matches Schwengers, Canadian, beat Zimmerman 6-3, 6-4.

THE PASSING SHOW

Majestic Theatre.

It is fitting that one of the greatest of landscape painters in poetry, Sir Walter Scott, should be accorded a place in the gallery of our new art for a poem laid among scenes of surpassing beauty. No work of his holds more close to the highest ideals of a verbal delineation, now revitalized by this recent vitagraph production, "The Lady of the Lake," which will be shown at the Majestic to-day and Thursday. Other films are "Picture-que Tasmania"; "His Date With Gwendoline," Pathe comedy; "Armadillo," a scientific picture; "Delivering the Goods," farce comedy.

Eddie Foy, that irresistible funny fellow, who has appeared in more Broadway musical comedy successes than any other American star, will bring his seventy-five fun-collaborators to the Victoria theatre on Thursday, June 12, and present his latest jovial musical novelty triumph, "Over the River," with the same detail of life and color that characterized its six months' run at the Globe theatre, New York.

The company includes: Eleanor Kent, Marie Fanchonetti, Marie Horgan, David Andrada, William Selley, William Pinkham, J. S. Kinslow, Charles Swickard, James Davis, Pearl Mathews, the Dancing Pages, the Eight Berlin Madcaps and a host of others, including the handsome chorus, touring for the first time in five years.

Blanche Bates.

One of the strongest plays seen in London last season, "The Witness for the Defence," will serve to re-introduce Blanche Bates to the local play-going public on Friday, June 13, at Victoria theatre. The play is the work of A. E. W. Mason. "The Witness for the Defence" tells a highly dramatic story of a nerve-shattered woman who kills her brute of a husband in sheer self defense. She is tried and acquitted, but later in life, when she wins the love of a young English officer, she is compelled to reveal her past. Miss Bates, in the character of Stella Ballantyne, a woman of noble traits, who is the victim of circumstances, gives the finest psychological study of femininity that has yet been achieved by this rarely gifted actress.

"The present day has witnessed two notable revivals—that of the drama, and of literature," says Mr. Anthony Hope.

Anthony Redfern, for many years a gardener on the estate of Mr. F. C. Arkwright, J. P., of Wiltshire Castle, Matlock, died while working in the garden.

TAKES ISSUE UPON DIVISION OF COST

Saanich Council Objects to Apportionment of Assessment for Northwest Sewer

The important question of the north-west trunk sewerage, the basis of apportionment of cost, of which was mentioned in a letter recently addressed by City Engineer Rust to the city council, engaged the attention of the Saanich municipal council last evening. So far as the peninsula municipality is concerned, the district is now asked to pay \$42,500 for the sewerage of 773 acres, whereas in 1911 the basis was the drainage of 2,000 acres at a cost of \$19,100. Under these circumstances the council said that although he had attended the conference that afternoon, he was not satisfied that the ratio was fair, in view of the acceptance of the terms in 1911. The figures were more than double, and the municipality was merely to secure an outlet in another municipality.

Councillor McGregor asked for information as to how the price was arrived at by the engineers. Reasons For Change. Municipal Engineer Topp replied that the city had declared all the circumstances since 1911 had changed. The old scheme was a smaller one, of which the cost was graduated on a proposal to drain into the harbor, against which project the provincial board of health had set down its foot. The Saanich district was charged on the basis of a trunk sewer through to the outfall at Macaulay point, while Esquimalt was only apportioned on the basis of a sewer through that district alone.

Councillor Borden pointed out that the cost of individual construction for Saanich alone would be several times more than \$42,500. Mr. Topp stated that another 75 acres had been added to the drainage area beyond that proposed in 1911, when the previous agreement was reached. Councillor Williams did not see that the council could oppose the offer, as the municipality must have an outfall. The receive continued his opposition, saying the district could not finance the trunk sewer at the present time at the figure fixed by the city. It would be necessary to submit a general local

A SUMMER HOME ON SHAWNIGAN LAKE

We have a beautifully located acreage subdivision at Shawnigan Lake, which is being offered for a short time, and which furnishes the many Victorians who have been looking for homesites in this charming district their opportunity. The property overlooks the lake. It is only a short distance from Koenig's Hotel.

TELLS OF WORK OF SALVATION ARMY
 Commissioner Lamb, of London, on Way to New Zealand and Australia
SPENDING LARGE SUMS IN THIS COUNTRY
 How the Army Cares for State Children and Hopeless Inebriates

A slight-bearded gentleman stepped off the gangway from the evening boat yesterday, and shook hands cordially with a group of friends who had come to meet him on the wharf. He was dressed in the simple uniform of the Salvation Army, and when he spoke there was the tang of Highland Scotch in his accent.
 Commissioner D. C. Lamb is one of the plenipotentiaries of the Salvation Army, if such a democratic order can be said to have such. In any case he is a vital moving individual force in one of the most vital social and religious movements of to-day. The Highlands of Scotland are the home of simple creeds and simple faiths, and before the commissioner left the little town in Forfarshire (quite close to where Sir J. M. Barrie, the novelist, was born and bred), he had been imbued with much of the spirit of the lonely moors and fells.
 To-day Commissioner Lamb is one of the international secretaries of the Army. He is in charge also of all the emigration department work to all parts of the world, and no man understands better the wide ramifications of the Army's activities, or has a broader conception of its highest ideals and aims.
 "I leave Victoria on the Niagara tomorrow," he said to the Times man last evening. "I shall spend three weeks in New Zealand with the commissioner there, and six weeks in Australia. My work will be to inquire into the various departments of Army work, spiritual, literary, economic and go about among the various districts.
 Work Among Maories.
 "The work among the natives of New Zealand," went on Commissioner Lamb, "is perhaps the most interesting as well as the most difficult of any we have in the dominions. The great thing in the native that we have to fight against is drunkenness.
 "Among people of that nature, too, particular measures are needed, and the Army officers out there have evolved the idea of sending the inebriates on to two lonely little islands off the north coast of New Zealand. Now there is there a little colony of former drunkards, who under the wonderful influences of infinite air and light, together with most healthful conditions of living, are being weaned from the vice which kills. I myself have not yet seen the islands, but the reports which have reached me are very gratifying."
 "Is there any other branch of work in New Zealand and Australia which arouses particular interest?"—the commissioner was asked.
 "There is," he said, "our work among the children; that is to say, among the state children, or those who have been neglected by their parents so that the reformatories and industrial schools have claimed them.
 "It is our idea to begin with a boy very young, and after we have trained him, to find him occupation by means of the network of agencies that we have established all over the world. This work of finding positions for the growing youth of the Empire has been most blessed with success.
 "In the old country, very naturally, the problems we have to face in this connection are far more complicated and difficult than anywhere else. In the great cities the people are so congested, and there is such a pressure of population seeking for an outlet. Of course the great bulk of the emigration from there has been to Canada, and will, I think, continue to be so.
 Canada the Bourns.
 "For you see, Canada offers so many opportunities to men who are not afraid to work . . . and that is the only kind of man the Army will help out to any country. The typical men of the slums of London, for instance, are difficult to bring out. There are so many odd jobs they can pick up, and living is so cheap, and they have no mind above the conditions in which they live. Mind you we do not bar the man who lives in the slum. We do not bar a man of any class for our work is not concerned with differences in status. It is the man that counts, not his environment and not what he has.
 "We like to cut a slice out of the whole cake of humanity so that in the layers we get samples of men from all classes, because all classes are necessary to the welfare of the community.
 "I might add that British Columbia is one of the most popular parts of Canada for emigrants. The Salvation Army have advertised it well, and with its natural and climatic advantage there is no doubt that it looms every year more attractive in the eyes of prospective emigrants. Then again the procedure is so simple. We have cars right through from Quebec to Vancouver, and we take charge of our proteges from the moment they get on board the ship at Glasgow or London.

SUFFERED EVERYTHING

For Years, Restored To Health by Lydia E. Pinkham's Vegetable Compound.

Canadian women are continually writing us such letters as the two following, which are heartfelt expressions of gratitude for restored health.

Glanford Station, Ont.—"I have taken Lydia E. Pinkham's Vegetable Compound and never found any medicine to compare with it. I had ulcers and falling of womb and doctors did me no good. I suffered dreadfully for years until I began taking your medicine. I also recommend it for nervousness and indigestion."—Mrs. HENRY CLARK, Glanford Station, Ont.

Chesterville, Ont.—"I heard your medicines highly praised, and a year ago I began taking them for falling of womb and ovarian trouble.
 "My left side pained me all the time and just before my periods which were irregular and painful it would be worse. To sit down caused me pain and suffering and I would be so nervous sometimes that I could not bear to see any one or hear any one speak. Little specks would float before my eyes and I was always constipated.
 "I cannot say too much for Lydia E. Pinkham's Vegetable Compound and Liver Pills, for there are no medicines like them. I have taken them and I recommend them to all women. You may publish this testimonial."—Mrs. STREPHEN J. MARTIN, Chesterville, Ontario, Canada.

We look after them on the train, and there is a place in Vancouver where they can stay and rest until work is found for them. Our greatest work is among the female emigrants who go out into domestic service here. Our experience is, however, that 40 per cent. are married at the end of two years.
 High Cost of Living.
 In the course of the conversation the commissioner touched on the high cost of living in Canada, particularly in the West.

"What," asked the interviewer, "do you think to be the root cause of the high cost of living."
 "I think," he answered without hesitation, "it is because the industrial development of the country is ahead of the agricultural."
 In reference to the change in leadership which followed the death of the late lamented General Booth, and the subsequent elevation of General Bramwell Booth, the commissioner remarked:

"We are proud and glad to say that all transfers of property, etc., which were necessary were accomplished without a hitch of any kind. Not a pound which had been loaned to us was called back, and there is every indication that we have embarked upon a campaign of increasing activity.
 "As the general's representative I have given approval to certain schemes put forward by Commissioner Rees of Canada, involving a capital expenditure of over a quarter of a million dollars in this country. The money will not all be spent at once, but a good part will, and we believe that in some localities the expenditure will help to relieve the money stringency which appears to be pretty general throughout the country just now.
 General Booth Coming.
 "I will be back in Canada next October," said the commissioner at parting, and General Bramwell Booth will be with me on that occasion.
 Colonel Turner, of the property department, is travelling with the commissioner.

CLAYARDS BENEFIT.

Excellent Programme for To-night in the Victoria Theatre—Watches to Be Presented.

There promises to be a very large crowd at the benefit concert to be given this evening in the Victoria theatre for the family of the late Sergeant W. H. Clayards, the full programme for which was published in the Times yesterday.
 A large advance sale of tickets has taken place and the popularity of the late officer is demonstrated in the manner in which the action of the committee is being supported by the public. Many of the best Victoria artists have consented to give their services in such a good cause, including Mrs. Harry Pooley, Mrs. Harry Briggs, Madame Clarice Davies, Miss Marlon Hemming, the Misses Palmer, Miss McGuire, Vancouver; R. B. Mackenzie, A. A. Codd, A. H. Muir, F. Muir, Harry Morden, the members of the Arion Club and Bantley's orchestra. Miss Hemming will act as accompanist.

At the close of the first portion of the programme the gold watches presented by the department of marine and fisheries to the police officers who rescued the passengers of the tug Nidge, when the little vessel went on the rocks at Macaulay Point last winter, will be handed to Mrs. Clayards and the four surviving officers by the late Sergeant's lieutenant-governor. Captain George E. L. Robertson, agent of the department for British Columbia, will represent the minister at the concert.

A demonstration of first aid by the St. John's Ambulance Corps will follow the presentation. In the organization of this work here, and the training of the police force in first aid principles, the late Sergeant Clayards took an active part, and it was felt to be very fitting that this demonstration should be a feature of the concert.

EDITOR SECURES HIS SALARY THROUGH SUIT

Dr. W. H. B. Medd Gets Consent Judgement Against Bloodsall, Limited

The sequel of some stormy company meetings, which were reported exclusively in the Times eighteen months ago, took the form of an action at law heard before Judge Lampman in the county court yesterday afternoon.

Dr. W. H. B. Medd, Mount Toimie, a well-known veterinary surgeon and an exhibitor and judge at many of the chief agricultural and stock shows, was the plaintiff in the case, suing for \$1,000 as salary while he was editor of The Agricultural Journal of British Columbia. The defendant company was Bloodsall, Limited, under whose directors the paper was got out during its brief existence. On the directorate of this company are Hon. Price Ellison, minister of finance and agriculture, Leonard Tait, Luke Pither, Cecil B. S. Phelan, and other local gentlemen interested in horse-breeding. Bloodsall is a food for horses which the company was originally formed to manufacture, and the publication of the paper was undertaken later on.

John A. Green appeared for the plaintiff and Frank Higgins for the defendant company. Mr. Green had an action made to the statement of claim, and the effect of that on or before January last the defendants had promised to pay to the plaintiff the sum of \$500 in full settlement of his claim, but that this promise had never been carried out. In addition to the suit for \$1,000 the claim was amended to ask, in the alternative, for this sum of \$500.

Dr. Medd told the court that he had for some years been a contributor to leading Canadian and American agricultural papers, had been a breeder of high-bred stock and an exhibitor at the World's Fair in Chicago and many other international shows since, had also acted as a judge at several shows, and since coming to British Columbia had been a rancher and a breeder of stock, including the dogs. After the Vancouver exhibition of 1911, as a result of conversations with C. Devonshire and C. B. S. Phelan, secretary of Bloodsall, Limited, he was engaged as joint editor of the journal with Devonshire, who was editor-in-chief. Bloodsall, he explained, was a cattle food which was to be manufactured by machinery; at least, there was machinery ordered for the purpose. Mr. Devonshire afterwards left, his disappearance from the paper leaving him, after February 1, 1912, in sole charge of the editorial conduct of the paper, as well as seeing that the paper was represented at all agricultural shows, when he joined the paper in November he had given up a lectureship under the department of agriculture, which had been the most enviable in the service as it covered the Okanagan country. Thereafter, in order to keep in touch with things, he accepted an engagement to lecture occasionally at nights.

The file of the Journal was put in and identified by Dr. Medd as covering the period of his editorship. He stated that he had supplied all the photographs from which cuts were made during that time. The office of the Journal was in the Brown Block, and the place of printing was the Colonist office. Witness identified a list of subscribers and advertisements secured by him, which was put in, and stated that he was entitled to 25 per cent. commission on these. The business end of the Journal was in the hands of Mr. Woodward at first, and afterwards of Tilley and Dawson. Harry Amphlett was in charge of the book-keeping.

Payments of salary, witness said, lagged somewhat. He pressed for payments and got a few dollars now and then. As he was able to get on without this he was not very exigent. His requests for payment of salary were made frequently at meetings of directors, at which Messrs. Phelan, Leonard Tait and Luke Pither were among those present. On October 9, 1912, at the adjourned annual meeting, it was resolved, on motion of Mr. Case, that no salaries should be paid further, and that a sum of \$25 monthly for getting out the paper should be paid to Mr. Amphlett. After consultation with Hon. Price Ellison, who was a director of Bloodsall, Limited, in which the minister of agriculture said that it had better be kept running rather than have it mutilated and its value depleted, he kept on and helped get out the October issue. A proposition was made to sell the paper to Mr. Amphlett, whereupon witness went to T. R. Cusack and got an offer from him. This offer was never acted upon, and in the end the Journal died.

Letters were admitted which showed that in January last Dr. Medd's solicitors wrote Bloodsall, Limited, offering to settle all claims for \$500, and the minutes showed that this offer was accepted. After his discharge, he said, he went back to his ranch and tried to catch up with things, which had gone very much behind while he was filling his duties as editor of the Journal.

Dr. Medd explained a couple of the items in his statement of claim. One was for \$15 for rent of office. This, he said, was paid by him to P. R. Brown as rent of an office in the Brown block for the purpose of getting out the October issue, which had been published although in a very mutilated form. Another item was that of \$2 for a cup. This was carrying out a suggestion he had made to the directors, and approved of by them, that the Journal should give a cup for competition at the dog show among owners who were subscribers to the paper, the idea being to advance the circulation in this way.

At this point in the evidence of the plaintiff, and before any cross-examination was entered upon, Mr. Higgins secured a recess for ten minutes in order to confer with his clients. On returning into court he informed his

 Anyone interested or wishing information write C. C. Pemberton, 601 Sayward Block.

honor that a settlement had been reached between the parties, and his clients consented to a judgment being entered for \$500, with \$25 costs.
 "On the understanding that I would not be satisfied to take judgment against the company, but that Mr.

Pither says it will be paid immediately," said Mr. Green.
 Mr. Higgins stated to the court that Messrs. Tait and Pither had put up most of the money for the paper. There were no other creditors, and there was money in sight. At the same time there were other contributors and it was intended that these should be called upon for their share.
 Judgment by consent was entered for the sum mentioned.

PHOTOGRAPHY REVOLUTIONIZED

BY NEW INVENTION

Films, Plates and Dark Room Made Un-necessary

New Camera Takes Finished Pictures in Two Minutes

Mr. Edmon F. Stratton, of New York City, has invented a camera that takes and completes pictures ready to see in two minutes. It does away with the expense of buying films or plates and the trouble, expense and delay of having them developed and pictures printed by a photographer.

This camera, which is called the Gordon Camera, is being manufactured by the Gordon Camera Corporation, New York. As they are desirous of making it known in every locality, they are making a special offer to our readers. For a limited time they will sell models B, C, H and J at half price. The regular price of Model B, which takes pictures 3 1/4 x 4 1/4 inches, is \$10, but it will cost our readers only \$5.00. Model C (regular price, \$15), which takes pictures 2 1/4 x 3 1/4 inches, will cost \$7.50. Model H (regular price, \$7), which takes pictures 3 x 4 inches, will cost \$4. Model J (regular price, \$16), which takes all three of the above sizes, will cost only \$8. Whichever one you order, enclose 90 cents additional to cover express charges, sensitized cards and developing powders.

The sensitized cards are wrapped for daylight loading, and the powders make the developing solution to be put into the developing tank, which is inside the camera. Model H is 5 1/2 x 9 1/2 x 10 inches in size and weighs 3 lbs. 7 oz. Models D, C and J are 6 1/2 x 9 1/2 x 10 inches and weigh about 4 lbs.

The cost of taking pictures with the Gordon camera is almost nothing in comparison to all other cameras. Extra sensitized cards (1 1/2 x 3 1/4) can be bought for 1 1/2 cents each (2 1/4 for 2 1/2 cents and 3 1/4 for 3 cents), and 10 cents worth of developer will develop over 40 pictures. The Gordon Corporation sells flash-light lamps for 80 cents, which will enable you to take pictures at night in your own parlor, or out of doors.

The operation of this new camera is so simple that any person of ordinary intelligence can easily take pictures with it after reading the directions sent with each one. There is no customs duty to be paid as the Gordon Corporation will ship to you from their Canadian branch which is near Toronto. All orders and letters, however, must be sent to their office, which is at 180 Stuyvesant Building, New York, N. Y. When ordering a camera under this special offer be sure to mention that you are a reader of the Victoria Times.

The Best Finished House in the City for the Money

Princess avenue, next to the corner of Cook street, 9 rooms, elegantly finished, hardwood floors, full sized cement cellar, steam heated throughout, elaborate electric light fixtures, bath and toilet upstairs and downstairs, lot 6x12 laid out in lawn, fruit trees and garden, garage electric lighted, with cement drive and cement walk around the house. FIRST THINGS

The first newspaper in the city of Washington was the Washington Gazette, established 117 years ago to-day, June 11, 1796. It was succeeded in popular favor by the National Intelligencer and Washington Advertiser, founded as a tri-weekly in 1806. This sheet was the organ of several administrations, and was the leading paper of the infant capital for some thirty years, the greatest statesmen of the time contributing to its columns. With Jackson's election the United States Telegraph became the "inspired" organ of the capital city, but was replaced in favor by the Globe. Other early papers included the National Journal, the Mirror, the Spectator, the Constitution, and the Union. The Daily Times was started in 1846, but it was not the parent of the present journal of that name. The oldest of the great Washington dailies now published is the Star, which began to twinkle in 1852, with Charles W. Denison as editor. About the same time "Uncle Tom's Cabin" was first published as a serial in the National Era. The Post was founded in 1877 and the Herald in 1906.

THE EVENING CHIT-CHAT

By RUTH CAMERON

They say it takes more power to start an electric car than it does to run it quite a distance without stopping.

Even so, it takes more energy to start a good habit than it does to keep it going a long time once you have acquired sufficient momentum along the right track. Especially I think is this true of the good habit of saving.

To the average person the saving habit is the hardest habit in the world to acquire. I suppose there are some people who are born with a desire to save, but then there are some people born with six toes. The average person has five toes and finds earning an effort, saving a far greater one, and spending as simple and natural a process as breathing.

Tell the average person that saving is a fascinating habit once you have acquired it, and he will look as doubtful as he feels.

And yet that is so.

If you can once get a bank account fairly started there really is a great fascination about it.

While you are getting under way, saving will come hard. Only a stern sense of duty or a fear for the future, or an ardent desire to possess something which necessitates saving, will make it possible. But by and by you will come to enjoy seeing that bank account grow just as one likes to see plants and trees and all living things grow. And then some day there will come a time when the joy of making your bank account reach some coveted milestone will be greater than the joy of gratifying some desire such as the wish for a new gown, or an automobile.

Then you will know that you have really learned to save.

After that it will come comparatively easy, perhaps too easy, although I think there is not much danger of that with the average person.

Of all the innovations in our schools it seems to me that none deserves so much credit as the school banking system, by which our children are taught about financial matters, given real bank books, and so successfully persuaded to save that the children of this country have banked thousands of dollars this past year.

Just as the muscles of the body grow stronger by use so the muscles of your character strengthen by exercise, and of no set of moral muscles is this any more true than of those of self-denial and of deferred enjoyment. The trouble is to get in the habit of exercising them. Now a bank book is the best exerciser possible. If you haven't one already why not get one for yourself and your children just as soon as possible?

Ruth Cameron

HOW TO DESTROY THE DANDRUFF GERM

By a Specialist.

That the dandruff germ is responsible for nearly all the diseases to which the scalp is heir, as well as for baldness and premature gray hair, is a well known fact, but when we realize that it is also indirectly responsible for many of the worst cases of catarrh and consumption, we appreciate the importance of any agent that will destroy its power. We are, therefore, particularly pleased to give herewith the prescription which an eminent scientist states he has found, after repeated tests, to completely destroy the dandruff germ in from one to three applications. It will also almost immediately stop falling hair and it has in numerous cases produced a new hair growth after years of baldness. This prescription can be made up at your home, or any druggist will put it up for you: 6 ounces Bay Rum, 2 ounces Lavona de Compose, one-half drachm Menthol Crystals. Mix thoroughly, and after standing half an hour it is ready for use. Apply night and morning, rubbing into the scalp with the finger-tips. If you wish it perfumed, add half a teaspoonful of To-Kalon Perfume, which unites perfectly with the other ingredients. While this preparation is not a dye, it is unequalled for restoring gray hair to its original color.

A Demonstration Interesting to Women Is Now Going On In Our Store on the Subject of Pond's Tampons

Pond's Tampons constitute a form of treatment which has been universally employed and endorsed by leading physicians. For over six years the medical profession has demonstrated the power of this simple common-sense form of treatment to relieve and, in many cases completely cure, those distressing headaches, backaches and general nervous breakdowns peculiar to women.

The time has come when the originators of POND'S TAMPONS feel absolutely justified in their decision to place this wonderful system within the reach of every wife, mother and daughter. They believe that when modest women realize how much of unnecessary suffering can be prevented, how many cases of terror-inspiring surgical operations can be avoided, and how many women can be restored and kept in a glorious, vibrant, beauty-bringing condition of health by this simple, inexpensive, painless home treatment, that a supply of Pond's Tampons will be kept in every home in the land.

Do not fail to visit this demonstration. It lasts all this week. If you cannot visit us during the demonstration, ask some one in our Drug Department to give you a booklet of interesting information about Pond's Tampons.

Demonstration on first floor, near elevator.

NEWS OF PROVINCIAL TOWNS

NEW WESTMINSTER

Preparations to handle in the neighborhood of 800,000 cases of salmon during the big summer run are being made by the B. C. Packers' Association and, of this number almost all will be high grade fish. At present there are plenty of salmon of poorer quality on the market and packers intend concentrating their efforts on the best fish offered. Expectations are that the run will be similar in size to that of four years ago, but because of the number of low grade fish now in storage not so many salmon will be handled as at that time.

The spring salmon run is so far something of a disappointment. The numbers brought in are small and the fish poor in quality. Although the run still continues it seems to be the general opinion that the supply of spring salmon will not be large this year, and packers are counting on the mid-summer catches for the major part of their supply.

Still another labor union was added to the long list in this city in the International Union of Shingle Weavers, Sawmill Workers and Woodsmen, No. 28.

This union plans to take in all the workers in the wood industry throughout the city and district and, according to Organizer H. Knudsen, enough enthusiasm has been shown during the past few weeks to indicate the formation of one of the strongest organizations affiliated with the local Trades and Labor Council.

NELSON

"At Brandon the exhibit of the natural resources of British Columbia to be made next month will excel any display that has ever been made in the prairies," declared W. J. Brandrith, provincial exhibition commissioner, who was in Nelson recently. This year the government exhibits at the big prairie fairs will embrace all the chief natural resources of the province, announced Mr. Brandrith. Last year only fruit and some timber were displayed.

Fruit will again be the feature of the displays, but the fisheries, mixed farming, mineral and timber resources of the province will be well represented. Only ore from producing mines will be accepted for exhibition.

Winnipeg fair, on July 8, will be the first exhibition at which the government will make a display. Other fairs at which exhibits are to be made are the big Dominion fair at Brandon on July 15, the Regina show on July 28, Saskatoon on August 1, Edmonton on August 11, the Canadian National exhibition at Toronto on August 26 and the Ottawa and London, Ont., fairs.

Mr. Brandrith, who is the guest of Ald. and Mrs. James Johnstone during his stay in the Nelson district, is here for the purpose of arranging for fruit and other produce and specimens required for the displays which are to be placed before the people of the prairies and the east, the great natural resources of British Columbia. Yesterday he went to Kaslo and to-day he will visit points on the west arm.

MERRITT

A few days ago a conference was held between Dr. Tutill, president of the Board of Trade; L. R. Leyrer, vice-president of the board; Lieut.-Col. Flick and Major Matthews in reference to the selection of a site for the armory here, and the final choice rested on lots 1, 2, 3 and 4, in block 4, of the Merritt Town Addition. These lots were given absolutely free on condition that work on the armory start immediately on acceptance of the offer. Confirmation of the acceptance was received a few days ago.

The armory will measure 100 by 75 feet, and will be erected at a cost of about \$8,000 without any extras. It is to be a handsome structure and a credit to the city. We may expect the completion of this building in a short time. It is the intention of the officers of the B. C. Horse to lay out the grounds as well as possible and to do all in their power to make it worthy of the regiment.

Every provision is made in the plans for the comfort and convenience of the men and officers, including a rifle range in the basement. Credit is due to L. R. Leyrer and Mr. Derry for their liberal donation of a site so valuable as compared to some of the others offered.

Recognizing Genius—Merchant (to detective)—"Some fellow has been representing himself as a collector of ours. He's been taking in more money than any two of the men we have, and I want him col-lared as quickly as possible." Detective—"All right. I'll have him arrested in less than a week." Merchant—"Good heavens, man! I don't want to put him in jail—I want to engage him."

NANAIMO

The laying of the new cable across the Gulf of Georgia, between Point Grey and Nanaimo, by the British Columbia Telephone Company, will probably take place on Saturday, June 14. The actual work will be done by the Pacific Coast Cable Company, and it is expected, with favorable conditions to complete the contract within the day.

While it will take eight consecutive hours to lay the cable, much other work is necessary. If the laying is started at 8 o'clock in the morning, for four hours previously the plant department of the British Columbia Telephone Company will be busy fixing the shore end at Point Grey. After the cable is under the water another four hours' work will be required to fix the land end on Newcastle Island. Capt. A. R. Richardson, of the Pacific Coast Cable Company, does not anticipate any untoward feature. He has seen extensive service on this coast. He superintended the unloading of the big wire from the Crown of Galacia, which was accomplished without a hitch.

PRINCE RUPERT

Fox farming is an industry that is flourishing in certain parts of Canada, and it now looks as if the enterprise will be carried out not far from Prince Rupert.

There is a gentleman named Mr. Pendergast who has this in view. He left here a few days ago for Alaska, but will return shortly and develop what looks like a promising venture. In the basement of the Central hotel there is a large box with slats nailed across the top. In the box are half a dozen young fox, the nucleus probably of the Skenna district's latest industry. They appear to be thriving, and they scrutinize the stranger with very bright and inquisitive eyes. They were captured, it is understood, up the Skenna river.

Fox ranching, especially if fortunate enough to secure the right kind of fox, has returned huge profits. Thousands of dollars have been paid for them, and there are now men who are well fixed financially, and all through handling this line in the proper way.

ROSSLAND

The election by Rossland Miners' Union resulted as follows: For president, there were three candidates, R. Bulmer, H. A. Stewart and Ben Stout. None of the candidates received a large enough number of votes to entitle him to the office. For secretary, Herbert Yaroc was elected by a large majority. W. S. Bonner was chosen for treasurer. Hector McKenzie was chosen vice-president. There was no other candidate running. For recording secretary, Glenn Marshall was the only candidate, and he was elected. There were three candidates for conductor, P. Ferraro, Samuel Hollingsworth and P. Molinaro, but neither of the three were elected. For warden, Oscar Semanelli (no opposition) was chosen. Joseph Webb was elected trustee to fill an unexpired term by acclamation.

BEWARE YOUNG MAN

It's the Little Dandruff Germs That Are Causing Your Hair to Thin Out

Parisian Sage Stops Falling Hair and Does Not Contain Poisonous Lead or Dyes

The clever young man, of to-day doesn't take any chances on losing his hair. A man who is baldheaded at 20 looks like 45, and is placed at a disadvantage when seeking employment.

If you have dandruff it means down near the roots of your hair an army of dandruff germs are attacking the hair root and destroying its vitality. Their hair falls out; grows thin and baldness results. Young man; put your faith in delightful PARISIAN SAGE. It will stop falling hair, kill dandruff germs, abolish dandruff and itching scalp, or money back.

PARISIAN SAGE is only 50 cents a bottle at D. E. Campbell's, and dealers everywhere. Get with Auburn Lair on every carton. Ask for PARISIAN SAGE.

TO-DAY IN CANADIAN HISTORY

Upon the 11th day of June, 1806 or 1807 (there seems some little doubt about the year) Philemon Wright, the founder of Hull, in Quebec province, started for the mouth of the Gatineau river "with the first raft of square timber ever floated on its surface." It was a far more difficult and perilous undertaking than at first sight appears. The rapids in the Ottawa were dangerous and unknown to the men he had with him, and he had but seen them from the shore. The raft, itself, was poorly constructed and ill-equipped to withstand the storms and other difficulties which might occur during the voyage to Quebec. He had neither chains nor "snubbing ropes," and only birch withes to lash his cribs together. He possessed one anchor made of a large stone to which split pieces of wood were tied with hempen cord, and a second cut from the fork of an elm tree, which he used to fasten the raft to the shore. The raft, which was regarded as a great curiosity, entered the St. Lawrence at "Bout de l'Isle," and by alternate use of oars and sails safely reached Quebec after a voyage of thirty-five days.

The first Methodist sermon preached in Nova Scotia was delivered by William Black, a missionary afterward famous as "Bishop" of Nova Scotia, in a private house at Halifax 131 years ago to-day. At that time Halifax had Anglican, Dutch, Presbyterian, Roman Catholic, Swedenborgian, Quaker and Sandemanian congregations, and wrote Black, "a great swarm of Indians." The Methodist exhorter was given a cool reception, and only a handful of people listened to his first sermon. Those who came to scoff remained to pray, and within a short time the evangelist gained scores of converts. Soon afterward a store was converted into a temporary church, and was used until a permanent structure was erected. A local magistrate then built a church for the Methodists, but retained the title, and turned them out of it when he was disciplined for some laxity of conduct. The first church in Halifax owned by a Methodist congregation was Zoar Chapel, built in 1792. This was practically the beginning of Methodism in what is now the Dominion. Since then the denomination has grown until it now has nearly 350,000 members and probably a million adherents—more than any other church in Canada—and about 3,700 churches and as many ministers.

David W. Brunton, distinguished mining engineer, was born at Ayr, Ont., sixty-four years ago to-day. On this date in 1851 Pierre Flavian Turgeon was consecrated Roman Catholic archbishop of Quebec. Baron Stanley of Preston, afterward the sixteenth Earl of Derby, assumed office as Governor-General of Canada twenty-five years ago to-day. He remained in Ottawa until 1893, in which year he succeeded his brother as earl.

SCRAP BOOK.
Veteran of Indian Wars Makes War on Hell.

may be. This method of punishment was not adopted by God Almighty."

for a time it was thought that he, too, had been murdered.

It has been said of a certain Texan warrior that he "would charge hell with a bucket of water." It remained for another warrior, a veteran of many fierce conflicts with the Indians, and a major-general in the United States army, to do this almost literally. Agnostics and higher critics have long sneered at the doctrine of eternal punishment. Now it is being attacked from within the ranks of the orthodox.

Although it gained little publicity at the time, the resolution offered by the old Indian fighter has since been circulated all over the world, and has made a profound impression on Bible students. In part it was as follows:

Constantine Isopoltoff, a Russian, was arrested on suspicion, but protested his innocence, and was released.

Major-General William P. Hall, who started the anti-hell movement at the convention of the International Bible Students' Association, held in Washington last year, was born in Missouri 65 years ago to-day, June 11, 1848, and retired from active service a year ago. His military career commenced in short-point in 1868, when he was ordered west to fight Indians. He fought the Apaches in Arizona, took part in the Big Horn and Yellowstone expeditions in 1876, and took a prominent part in the battles at Indian Creek, Wyo., and Slim Buttes, Dakota. In 1879, while in command of a reconnoitering party, the camp made an attack, and Lieut. Hall performed a feat of valor that won for him a congressional medal of honor. Going to the rescue of a brother officer, he was surrounded by some 35 warriors, but escaped after a desperate conflict.

"We do not find the Bible to teach the doctrine of a literal hell fire or the punishment of the wicked, but secular history of the formation of creeds of the Middle Ages reveals the fact that for various reasons, either wisely or unwisely, the doctrine of torment in hell fire was added to the Gospel as taught by Jesus and the twelve apostles, necessitating many ridiculous interpretations of the Lord's parables."

On the 23rd Charlton was arrested in Hoboken, N. J., as he was leaving a steamer. He made a remarkable confession, in which he admitted that he had killed his wife, placed the body in a trunk and cast it into the lake.

All his life a Christian, Gen. Hall yet could not bring himself to believe in the doctrine of a literal hell, and set himself the task of extinguishing its fires. Last year his crusade resulted in the adoption of a formal repudiation of hell by 4,000 delegates representing some half million members of the International Bible Students' Association. Following the consideration of Gen. Hall's resolution, the Bible students from all over the world joined in the following conclusion:

"Hell, fire and brimstone has never been made the receiving place of any mortal who has ever lived, and will not be in the future, no matter how wicked and sinful he may have been or

one of the most glaring of recent examples of "the law's delay" is the case of Porter Charlton, confessed wife murderer.

DR. B. G. KINGSLEY GIVES ORGAN RECITAL

Wagner Enthusiast Describes in Brief the Meaning of Master's Operas

TALK ILLUSTRATED WITH LANTERN SLIDES

Beautifully Prepared Pictures Assist in Giving Graphic Impressions

An organ lecture-recital is something which it is rarely the good fortune of a Victoria audience to have the opportunity of attending, and that the idea as well as the subject appealed to was evidenced by the interest taken in Dr. Bruce Gordon Kingsley's entertainment last evening at the Metropolitan church, under the auspices of the Ladies' Musical Society.

The opening part of the programme, composed of performances on the organ of a number of classical and modern compositions, perhaps showed the genius of the instrumentalist at his best, as the various excerpts which he afterwards gave from the Wagner operas which he described were illustrated at the piano—an instrument which gave the musician little opportunity to demonstrate to the full the peculiar power of his interpretative abilities.

Commencing with a dainty and brisk gavotte, the organist proceeded to the Adagio Cantabile movement from Beethoven's famous "Septette," which briefly illustrated the performer's versatility both as interpreter and as virtuoso. A third classical selection, the three movements of which were given with great expression, was Bach's Fugue, after which the instrumentalist gave three well-known compositions by modern writers, including Lemme's descriptive "Storm," with its sweeping rain and shuddering thunders; Tchaikowsky's Dance of the Fairies from the Casse Noisettes, with its elfin measures, and the magnificent overture to Wagner's Tannhauser.

This last introduced the real subject of Dr. Kingsley's discourse, and leaving in praise of Richard Wagner, his admiration for whom amounted to a genuine hero worship. Wagner, he said, he considered one of the greatest of all the men who had lived in the past century. A wonderful musician he was also one of the greatest of the German poets, a philosopher, and one of the greatest ethical teachers of the century. Every one of his operas had had an uplifting tendency, and had given in splendid symbolism the history of the tragedy of man fighting the forces of evil.

The lecturer's further remarks were copiously illustrated with beautifully prepared lantern slides, the portrait of the great composer, Richard Wagner, a picture of his home, his theatre at Bayreuth, and various scenes from his operas forming an interesting succession of illustrations. Famous as Bayreuth has become through the annual Wagner festivals held there, the picture of Wagner's theatre and the wonderful orchestra being conducted there by Siegfried, his son, were of peculiar interest, the lecturer incidentally mentioning in connection with the stage traditions of the place that no matter how insistent the applause at the Bayreuth theatre, no dead hero was ever allowed to reappear alive before his audience.

In graphic language Dr. Kingsley told the beautiful tragedy of "The Flying Dutchman," then the story of Tannhauser, in connection with which he played excerpts from the Venusberg music, and of the Pilgrim's chorus. Succinctly came an outline of the salient features of the story of Lohengrin, which colored all the music of this sublime opera, after which the

Improve The Complexion

Sold everywhere. In boxes, 25 cents. No woman should fail to read the valuable directions with every box.

Speaker plunged into the tale of the Masteringers, Wagner's only comic opera.

An amusing slide illustrated the use of some of the instruments of torture found in the old castle at Nurnberg for the punishment of musicians who played out of tune and scolding wives, while another illustration showed the Cobbler of Nurnberg.

The Ring of the Nibelungs, which within a few years of the death of the composer, in 1883 had already become a classic, was briefly alluded to, the lecturer tracing the connection between the Valkyries and the Muses of classic mythology, pointing out with the assistance of illustrations, showing the armor-clad, steel-mounted character of the former, the more warlike nature of these inspired beings. The symbolic meaning of the opera, of Siegfried was also rehearsed, the reciter pointing out the purpose of the conflict between Siegfried and the dragon.

Tristan and Isolde, "the most beautiful love drama ever composed," was referred to before the lecturer passed on to Parsifal, the principal subject of his recital. Wagner, said Dr. Kingsley, was not writing pretty melodies; his music was the first ever written to describe the thoughts and feelings of real people. Parsifal, the last of his operas, corresponded in a sense to the Passion Play, Oberammergau, because in Parsifal's Wagner had tried to tell in one story the whole history of the tragedy and purpose of the human race. Parsifal's character is delineated in the story of his difficulties and his conquest of these difficulties.

The conflict for the recovery of the Grail and the Mystic Spear, and Parsifal's reward for his faithfulness in the pursuit of his quest were traced by Dr. Kingsley, while beautiful pictures were thrown on the screen showing the vast forests, the rocky and dangerous pathways and delvish dark ways through which Parsifal had to pass before he reached the Hall of the Grail. Some passages of the music at the beginning of Act II, the magician's music, the Flower Maiden's Chorus, and the solemn Grail music were played to illustrate different parts of the story, the lecturer concluding with some short passages from the triumphal music which comes at the close of the opera.

All the illustrative passages were given at the piano, and served the lecturer's purpose of pointing out the original and unconventional method of composition used by Wagner in his operas, while the accurate historical arrangement of the various operas also gave the hearer some idea of the advance made by the composer in his own particular class of composition. Dr. Kingsley was heartily applauded at the conclusion of his recital, although several were heard to express regret that he had not used the organ for illustrative purposes rather than the piano. The beautifully colored slides shown during the evening graphically suggested the noble character of the stage setting of the various operas, and showed some of the leading German singers who have taken part in the famous Bayreuth festivals.

OPIUM IN POCKET

Chinaman Convicted of Being in Possession of Large Quantity; Fined Heavily.

With a smile that was childlike and bland Ju Sing told Magistrate Jay this morning that the opium found by Detective Turner in a coat pocket in his room was placed there by himself to get rid of it. This was a strain on the intelligence of the court and of all who were there. It was more so when the officer got into the box and told the real facts of his visit to 526 Cormorant street last night.

In addition to the small amount of the drug which he discovered in a bottle in the pocket of the coat he got a bunch of keys, and with these he started to investigate. In an old trunk, that looked as if it had been through a fire, he found five tins of opium which he produced for the inspection of the court.

Ju Sing, through the court interpreter, Yip Wing, expressed his astonishment that the detective should have made such a find in his room. He asserted, with much vehemence, that the drug was not his, that he had not put it there and knew nothing about it, nor about how the keys came to be in the pocket of the coat in which he had got rid of the opium of which he admitted knowledge.

This story found a little credence from the court as the other, and a fine of \$100 or six months in jail was recorded against the man, with an order for the destruction of the drug.

HAD LOADED REVOLVER.

Vancouver Visitor Sent to Jail for a Month for Carrying Concealed Weapons.

When George Thompson went to the police station and gave himself up as one of the highwaymen who are said to have robbed Frederick Wilkes, chauffeur, at Mount Tolmie a couple of nights ago—his object being, he said afterwards, to get a night's lodging because he was hard up—he made the mistake of carrying a fully loaded revolver in his pocket.

He later denied that he was one of the men, and Wilkes was not able to identify him as such, but he was booked on the charge of carrying weapons, and put in the dock in police court this morning.

His story was that he was a laundry worker and had come over from Vancouver six weeks ago on a holiday with two hundred dollars, which he had since gone through. He claimed that he had bought the revolver in the street in Vancouver for two dollars, but did not know how long he had been carrying it. He told the magistrate that he had no reason for carrying arms, and he denied that it was loaded when he took it out with him that night.

The lie was given to his story so far as not knowing it was loaded by the production of the weapon just as it was taken from him, with every chamber filled, and a box of cartridges most full which was in his pocket at the same time.

One month in jail was the sentence meted out to him.

CAMPAIGN FOR FUNDS SUCCEEDING WELL

Nearly \$24,000 Collected for Carnival; Old Timers' Cricket Match Arranged

Despite the temporary lull in committee meetings in connection with the Carnival Week celebrations, owing to the absence from town of several of the members of the executive, the campaign is being carried forward as vigorously as ever, and the collections up to noon today were close in the neighborhood of \$24,000. The complete list of subscribers will be published at the end of the week, and cheques made payable to the citizens' committee will be acknowledged with most liberality. The executive committee met last evening at 6 o'clock, when a special accommodation committee was appointed to take the place of the formerly appointed committee. These are: A. von Grieswald, chairman; Dr. W. E. Home, T. D. Johnson and T. Watson. A list of hotels and other places will be published for the benefit of visitors, and hotel, restaurant and cafe managers are requested to give their co-operation. It was announced at the meeting that the Native Sons had taken up the movement, and it has been suggested, and will probably be acted upon, that they furnish a float for the parade.

Old Timers' Cricket Match. An interesting and picturesque feature which has been reported on by the cricket committee is an international cricket match which will take place between a B. C. eleven and an eleven made up from different cities along the Pacific Coast. An "Old Timers" cricket match is also being arranged. This will be run along the lines of the matches of fifty years ago, when no young men played on the teams, the players wore top hats and the ladies who served tea wore stiff corolines. One of the rules of the game will be that the players must be over 40 years of age and under 50. Particulars of the flower show will be ready for publication in a few days. Anyone wanting information should apply to E. A. Wallace or the secretary of the carnival committee, Randolph Stuart.

START NEW SERVICE

First Passenger Train to Cowichan Will Be Run June 18.

Starting Wednesday next a train will be run from Victoria to Cowichan Lake three times per week, Wednesdays, Fridays and Sundays. It is intended to keep up this schedule during the whole of the summer, and if the traffic warrants, it may be kept up as a permanent service. As a matter of fact, the service at the present time is purely experimental and its continuance in any shape or form will entirely depend upon the support that is received. But the company hopes that the beautiful resort which is at the terminus of the branch road will attract so many admirers that the railroad service will be completely justified.

Cowichan lake is one of the most beautiful of Vancouver Island's inland beauty spots. Moreover, the sport that can be enjoyed there and in the vicinity is unsurpassed in any part of the world. The fishing in the waters is superb, while there is plenty of good shooting in the vicinity. A large number of people also are building summer homes near the railway line, and their journeys back and forth will help swell the passenger traffic from this point to the city.

Up to the present time the Cowichan lake branch, which has now been completed, has been used solely for purposes of freight transportation and never before for passenger trains. The line runs through a beautifully wooded territory, and much of the freight operations which formed the raison d'etre of the line previously, were concerned with the transportation of trees for lumber to the large mills which are situated at the lake side; also for mills at Chemainus and Duncan.

TRANSFERS GRANTED.

Equimatt License Commissioners Take Action on Three Applications Before Them.

Three transfers of licences were granted by the Equimatt board of licence commissioners at their meeting this morning.

The licence of the Coach and Horses was transferred from Mrs. Simpson to Otto Nitzke and G. J. Walker.

A transfer was granted of the licence of the Rainbow saloon from Joseph Ball to Peter Corsack.

The licence of the Equimatt hotel was transferred from Francis W. Buckley and John Beattie to John Beattie. All the commissioners were present, Reeve Saunders, Councillor W. J. Cave, Thomas Shobolt, John Oliver and R. A. Anderson, with the clerk of the board A. B. Ellis.

How English Beauties Keep Faces Youthful

Christian Miller, F. C. I., noted English health expert, attributes the early aging of American women mainly to the "national nervousness." The women of England, she says, can teach us the inestimable lesson of repose.

Another valuable lesson to be learned from the English woman is that she does not go in much for cosmetics, the continual use of which must ruin any complexion. The beauty devotees of King George's realm have the mercurized wax habit, a more wholesome method of keeping the face girlish-looking and healthy. Ordinary mercurized wax, used like cold cream, rejuvenates the worst complexion; Canadian women may easily acquire the habit, this wax being obtainable at drugstores generally in Canada. It is applied at night and washed off in the morning. One ounce is sufficient to completely renovate a bad complexion. It has a peculiar action in keeping the face free from the particles of dead and devitalized scarf skin which are constantly appearing—Woman's Herald.

TO-DAY'S BASEBALL

NATIONAL LEAGUE. At Pittsburg—R. H. E. Brooklyn 3 0 2. Pittsburg 11 10 0. Batteries—Stack, Yingling, Kent and O. Miller, Fischer; O'Toole and Gibson.

AMERICAN LEAGUE. At Washington—R. H. E. Detroit 11 14 1. Washington 0 6 1. Batteries—Dausa and McKee; Engel, Galla, Wilson and Henry.

At New York—R. H. E. Chicago 0 0 0. New York 0 0 0. Batteries—Russell and Schalk; Fisher, Keating and Gossatt.

VICTORIA HORSES AT WINNIPEG. Winnipeg, June 11.—For the Winnipeg exhibition races to be held beginning July 8, H. M. Fullerton, Victoria, has entered Judge Direct for the 2.35 pace and Richard Lou for 2.30 pace, and the same horses for 2.17 pace.

LOCAL NEWS

Oak Bay Permits.—Two building permits were issued by the Oak Bay engineer this morning. The first was to Mr. Ralls for a 6-roomed house on Hampshire road costing \$2,500 and the second to S. Davies for a five-roomed dwelling house on Gordon street, costing \$2,300.

A New Newspaper.—It is a sign of the times that new newspapers are being started in many of the smaller towns on the Island. The latest is the Parksville Journal. George E. Norris is the manager of the paper and E. W. Kilby is the representative at Parksville. The paper contains much interesting local matter.

Weather Generally Fair.—Although only moderately cool weather is being experienced locally, snow is reported to have fallen yesterday at Montreal. The highest temperature recorded at Barkerville yesterday was 80 degrees, and at Kamloops 73. At Medicine Hat the highest temperature recorded in the Dominion yesterday was found, 92 degrees being reported from that point.

Visits Power Plant.—A. T. Goward, local manager of the British Columbia Electric railway, left for Jordan River at noon today. He will make a thorough inspection of the Vancouver Island and Power Company's plant there and in addition will overlook the large new dam which the company is now building there. Mr. Goward will return to the city to-morrow night.

New Models of Desks.—Several new models of desks have been submitted to the school board by tenderers for the contract to supply the city with 1,000 desks for the new Oaklands and Burnside schools. These tenders will probably be let to-night. The report of the judges of the singing contest and plans for several new schools for which sites have been procured will be the other business before the meeting.

Owners Sue City.—Action has been begun against the city by J. G. Winter and Edwin Frampton, through their agent C. P. Davis, asking for specific performance of an alleged agreement with the city through its purchasing agent, to pay \$2,000 for property belonging to the plaintiffs expropriated in Fairfield road. In the alternative he asks for damages for the expropriation or for a due compensation for the land taken.

City Meets Underwriters.—A committee of the city council and fire wardens met the underwriters' association this afternoon and asked for a reduction of rates as suggested by the fire chief on the strength of the increase in the water pressure and the low fire loss for this city. Comparative statistics of rates and losses in other cities were taken up and the city maintained that these figures clearly entitled the property owners here to a reduction.

St. John's Apron Sale.—On Tuesday afternoon a most successful sale of aprons was held in the schoolroom of St. John's church, Rev. A. J. Stanley Ard, in the absence of the rector, saying a few words explaining the purpose of the sale, and wishing the ladies success in their undertaking. The apron stall was in charge of Mrs. Ke and Mrs. Fulton, who were assisted by others, the aprons attracting a number of purchasers. Mrs. Carsley had charge of the tea, Mrs. R. H. Walker acting as cashier. The room looked very pretty with its decorations of broom and other flowers, and a goodly sum was netted as a result of the undertaking.

Real Estate Deal.—In county court to-day Judge Lampman heard argument in the case of George J. Riches vs. Ernest Zimmerli, in which the plaintiff sued for the amount of profit made by the defendant on the ground that there had been breach of duty as agent. Zimmerli took a commission from Riches to purchase a piece of land to be jointly owned by the two of them. He did not disclose that he was the owner of the property himself, and Riches brought the action to recover the agent's profit made by reason of this breach of duty. The amount of damages claimed was the difference between the price defendant paid for the property and the price at which he sold to plaintiff, and this honor put at \$750 after hearing the evidence. This morning he heard Mr. Vaughan for the plaintiff and A. W. Milligan for the defendant.

There are over 100,000 paupers in London. Bananas can be best ripened in a room kept at 110 degrees.

BONDS OF PACIFIC EASTERN LINE SELL

Three Millions Disposed of at Premium of One-Eighth in London

FINANCIERS IMPRESSED WITH PRICE OBTAINED

London, June 11.—Three million dollars' worth of bonds of the Pacific Great Eastern Railway, now building from North Vancouver to Fort George, guaranteed by the provincial government and bearing interest at 4 1/2 per cent. and redeemable in thirty years, have just been disposed of by Brown, Shipley & Company to a syndicate of British investors at 100 1/8. This achievement is regarded as noteworthy and as reflecting favorably on the projected enterprise and the credit of the province of British Columbia. Financiers are especially impressed with the fact that these railway bonds sold at a premium of one-eighth of one per cent. in the face of a money stringency and a declining stock market.

The only issue of the bonds of the Pacific Great Eastern Railway was made last January, when the public was invited for subscriptions to the extent of \$5,000,000 at 99. Owing to the dangerous European situation that then prevailed, the investing public did not respond cordially, and a large portion of the issue was left on the hands of the underwriters. Yesterday's sale was one of additional bonds, making the total disposed of thus far \$7,000,000. The record price secured is now regarded as proof that investors last January did not look upon the issue with disfavor, but kept out of the market owing to the dangers of a general European war. Arrangements for the sale of the first issue were made with their London agents by J. W. Stewart, president, and D'Arcy Tate, vice-president, of the Pacific Great Eastern, during their visit to England last year.

It is recalled here that the first issue of the bonds of the Canadian Pacific Railway only brought 80, and certain bond issues of the Canadian Northern Railway guaranteed bonds have recently been quoted around 87.

CONTRACTORS GO TO WORK

Worswick Paving Company Raises Money Itself to Continue Chandler Avenue Surfacing.

Financing the operations itself the Worswick Paving Company has resumed work on the resurfacing of Chandler avenue. About a dozen men are employed, and the work will be completed in three weeks.

While the city owes the company about \$40,000, and advised the company that it could advance nothing for the time being Engineer Rust said the company could go to work if it could raise the money from its own bankers, and this was done. A portion of the money coming from the recent bond sale of \$2,200,000 in England will be applied by the city to its debt to the Worswick Company.

The contractors are also ready to go on with Arnold, Stannard and Brook streets when the city finishes the underground work. The company has requested the city to do this right away, but no definite answer has been given.

MEETINGS

Ladies' Aid Meets.—The Ladies' Aid Society of the Grace Lutheran church will meet at the home of Mrs. Eric Anderson, 2704 Moss street, to-morrow afternoon at 2.30 o'clock.

Civil Engineers.—The Victoria branch of the Civil Engineers will meet on Thursday next, June 12, in the club rooms at 8 o'clock.

Welsh Meeting.—The Welsh society will meet Thursday evening at 8 o'clock at Foresters' hall, Broad street. Refreshments are to be served, the ladies bringing cakes.

OBITUARY RECORD

The funeral of the late William Bong took place yesterday afternoon at 2 o'clock from the Sands-Fulton parlors to the Chinese cemetery.

The funeral of the late Mr. L. Oppenheimer will take place to-morrow at 3 o'clock from the residence of Mr. Simon Lesler, 1005 St. Charles street.

The death occurred yesterday at the family residence, Madrook avenue, of Mary Ellen Dooley, wife of Thomas Dooley, of Victoria. The deceased, who was 42 years of age, came to this city with her husband five years ago, and is survived by her husband and several small children. She was a native of Liverpool, England, and had been ill for some months. The funeral arrangements are in the hands of the B. C. Funeral Company.

The death occurred yesterday at the Jubilee hospital of Joseph Edwards, a native of England. The deceased, who was 40 years of age, had lived in Victoria for the past three years. The remains have been removed to the Hanna-Thomson parlors, whence the funeral will take place at 2.30 on Saturday, June 14, under the auspices of the Loyal Order of Moose, Lodge No. 738, of which the deceased was a member.

The funeral of the late Robert Hanna, a native of Ballymagaff, Ireland, will take place to-morrow at 2 p. m. from the Sands-Fulton parlors, Rev. Thomas Green, of the Centennial

As long as men wear Suits at all, they will wear Blue Serge Suits. In fact, most men seem to think that a Blue Serge Suit is indispensable for summer wear, and a Fit-Reform Blue Serge Suit is just about the last word in cloth and tailoring. There's a richness to the color—an elegance to the cut—an air of perfection about each garment—that raises a Fit-Reform Serge into a class by itself. Of course, you are going to have a Blue Serge Suit, this summer. Why not a Fit-Reform Serge, with color, style and tailoring guaranteed? \$18 up.

The guests who witnessed the ceremony included the bridegroom's father and mother and the bride's mother, who came here from Manitoba in order to be present at the ceremony, the bride wearing a smart travelling suit of light grey cloth. After the ceremony Mr. and Mrs. Chambers left by the afternoon boat for Seattle, and will spend the next few days visiting the Sound cities, after which they will take up their residence in Vancouver.

GRANT NEW LICENSE

Saanich Commissioners Give Permission for Hotel at Brantwood Bay.

The finest hotel on the west side of Saanich peninsula will come into existence as a result of the granting of a license by the Saanich board this morning to E. E. Phair, the well known hotelman. There have been hotels before in the district but never anything in the nature of the ambitious project, behind which is British capital, which is now proposed. The license was granted by Commissioners Strachan, Streetfield, Councillors Quick and Verlander and Reeve Nicholson, on the understanding that the building should be on the lines of the plans presented to them. All present licenses were renewed.

A quiet wedding took place at noon to-day at "Breadalbane," the residence of the officiating minister Rev. Dr. Campbell, when Miss Gertrude Eva Wilton, of Victoria, second daughter of Mr. and Mrs. Harry Wilton, of Glenora, Man., was united in marriage to Mr. George Chambers, of the British

NOTICE

In the Matter of the Estate of Harry Prior, late of Esquimalt District, B. C., deceased. Notice is hereby given that all persons indebted to the above estate are required to pay the amount of their indebtedness forthwith to the undersigned, and all persons having claims against the said estate are requested to send particulars of their claims duly verified to the undersigned on or before the 27th day of June, 1913.

TENDERS

Will be received by the undersigned for the lease of the four-story brick building with lane at rear, situated on Yates street, south of Government, and commonly known as the Harbour Block. Tenders may be for one or any number of years up to five. The highest or any tender not necessarily accepted.

TENDERS

Are invited for Alterations and Additions to the Esquimalt School on Lamson St. Plans and Specifications may be seen at the Office of the undersigned, where tenders must be delivered not later than 12 noon on Thursday, 19th June next. The lowest or any tender not necessarily accepted.

NOMINAL RALLY IN NEW YORK EXCHANGE

Canadian Pacific Stock Breaks Fully Six Points Reaching 210

(By F. W. Stevenson & Co.) New York, June 11.—Stock prices opened with a nominal rally from yesterday's downturns, and for a time maintained their levels fairly, but were subjected to pressure so soon as weakness in Canadian Pacific was noted.

CORPORATION OF THE TOWNSHIP OF ESQUIMALT. BY-LAW NO. 22.

TO RAISE BY A BY-LAW A SUM OF \$400,000.00 FOR SEWER PURPOSES.

WHEREAS the Municipal Council of the Corporation of the Township of Esquimalt has determined to construct new sewers and install a sewer system within the Municipal Limits of the Township of Esquimalt.

AND WHEREAS it is intended to borrow the sum of \$400,000.00 for the purpose of laying and constructing such sewers by the "Sewer Rental By-Law" and "Sewer Construction Tax By-Law" passed by the Municipal Council of the Corporation of the Township of Esquimalt.

AND WHEREAS no amount of the money has been already charged upon the said rentals or other rates and charges.

AND WHEREAS the said debt is created on the security of the said Sewer Rentals imposed by the said Sewer Rental By-Law upon the principal moneys and interest thereon to be raised under the authority of this By-Law so as in no way to interfere with or prejudice the setting aside annually of the rentals imposed under the provisions of the Sewer Rental By-Law 1913, and in the event of there being any deficiency in the amount realized from the said rentals in order to make up the amount of the annual interest and sinking fund upon the said debt such deficiency shall be ascertained and paid out of the annual revenue of the Corporation.

AND WHEREAS the estimated amount of the said Sewer Rental and Sewer Construction Tax By-Law, based on the real property of the Municipality of the Township of Esquimalt as at the date of the last revised roll, namely, the roll for the year 1912, was the sum of \$453,237.00.

AND WHEREAS this By-Law shall not be altered or repealed except with the consent of the Lieutenant Governor in Council.

AND WHEREAS the estimated amount of the said Sewer Rental and Sewer Construction Tax By-Law, based on the real property of the Municipality of the Township of Esquimalt as at the date of the last revised roll, namely, the roll for the year 1912, was the sum of \$453,237.00.

AND WHEREAS the estimated amount of the said Sewer Rental and Sewer Construction Tax By-Law, based on the real property of the Municipality of the Township of Esquimalt as at the date of the last revised roll, namely, the roll for the year 1912, was the sum of \$453,237.00.

of \$2546.20 necessary to be set aside for the purpose of creating a sinking fund thereon, shall be set aside annually out of the rentals enforceable under the provisions of the Sewer Rental By-Law 1913, and in the event of there being any deficiency in the amount realized from the said rentals in order to make up the amount of the annual interest and sinking fund upon the said debt such deficiency shall be ascertained and paid out of the annual revenue of the Corporation.

AND WHEREAS the estimated amount of the said Sewer Rental and Sewer Construction Tax By-Law, based on the real property of the Municipality of the Township of Esquimalt as at the date of the last revised roll, namely, the roll for the year 1912, was the sum of \$453,237.00.

AND WHEREAS the estimated amount of the said Sewer Rental and Sewer Construction Tax By-Law, based on the real property of the Municipality of the Township of Esquimalt as at the date of the last revised roll, namely, the roll for the year 1912, was the sum of \$453,237.00.

AND WHEREAS the estimated amount of the said Sewer Rental and Sewer Construction Tax By-Law, based on the real property of the Municipality of the Township of Esquimalt as at the date of the last revised roll, namely, the roll for the year 1912, was the sum of \$453,237.00.

AND WHEREAS the estimated amount of the said Sewer Rental and Sewer Construction Tax By-Law, based on the real property of the Municipality of the Township of Esquimalt as at the date of the last revised roll, namely, the roll for the year 1912, was the sum of \$453,237.00.

AND WHEREAS the estimated amount of the said Sewer Rental and Sewer Construction Tax By-Law, based on the real property of the Municipality of the Township of Esquimalt as at the date of the last revised roll, namely, the roll for the year 1912, was the sum of \$453,237.00.

AND WHEREAS the estimated amount of the said Sewer Rental and Sewer Construction Tax By-Law, based on the real property of the Municipality of the Township of Esquimalt as at the date of the last revised roll, namely, the roll for the year 1912, was the sum of \$453,237.00.

AND WHEREAS the estimated amount of the said Sewer Rental and Sewer Construction Tax By-Law, based on the real property of the Municipality of the Township of Esquimalt as at the date of the last revised roll, namely, the roll for the year 1912, was the sum of \$453,237.00.

SPEND MUCH IN WEST

Hudson's Bay Company Has Programme Calling for Expenditure of Millions.

In further explanation of the information supplied in a telegraphic message to the Times last week, Stores Commissioner H. E. Burbridge, of the Hudson's Bay Company, states that the cost of the store buildings which are either in course of construction, or are to be built immediately will total from seven to ten million dollars.

The Victoria store, upon which a quarter of a million dollars is to be expended, will be four stories in height at first, being extended later to eight stories.

The excavations are almost finished for the company's Vancouver store, and the contract has been let for a building which will cost with its site approximately \$1,500,000. The rear portion of the store, 150x120 feet, will be first erected, at which the old store in front will be pulled down and the rear portion carried forward. The whole building will be faced with terra cotta. It will be 10 stories high.

The Calgary store, which was erected at a cost of \$1,250,000 and which is six stories high, will soon be ready for opening. It will eventually be raised to ten stories. In addition a huge warehouse, new stables and a garage have just been erected at that point.

In Edmonton the company is building a six story extension to the rear of the store, 50x100 feet, and an extra story will be placed on the old building. The store will be completed this fall, and will cost \$250,000. A five-story warehouse will also be built there.

Recently a new store was opened at Yorkton and another at Vernon, B. C., each of them costing \$100,000.

Extensions are planned which will take five years to consummate and will mean vast expenditures in the West.

The commissioner announces that a magazine is to be started in connection with the stores and that recreation grounds will be established.

A Wise Man is he who knows useful things—Know therefore that the rooms are beautifully clean comfortable and quiet "at The Kaiserhof." Special terms by week or month.

PRESENTATIONS TO NAVY YARD FOREMEN

Services of Messrs. Noel and Gibbons Recognized by Colleagues

On behalf of the committee a presentation was made yesterday to John Noel, engineering shop foreman, and Thomas Gibbons, boiler house foreman, at the Esquimalt naval yard. These two officials are leaving at an early date for the old country, and to Mr. Noel a silver tea service was presented, while to Mr. Gibbons a smoking set came as a pleasant surprise.

The addresses, signed on behalf of the employees by J. Porter, A. Clyde, G. Cameron, W. Green and J. Turnbull, were couched in the following terms: "Mr. John Noel: "In view of your early departure for the old country we, the employees of the chief engineer's department, desire to express to you our very keen appreciation of the manner in which you have carried out the duties of shop foreman during the period we have had the privilege and pleasure of being associated with you.

"If it be conceded by the powers that be that the re-opening of this factory has been attended with success, we consider that result to be due, in a large measure to the very able manner in which you have at all times conducted the general management of the various shop details, coupled with your tactful and cheery disposition.

"As a more tangible token of the esteem in which you are held, we ask you to accept this little souvenir. It will at least serve to remind you that 'way back' in far Esquimalt you have left a little group of shop mates who will always wish you well."

"To you, Mr. Thomas Gibbons, we can only repeat with equal sincerity all the words of appreciation just conveyed to your confrere.

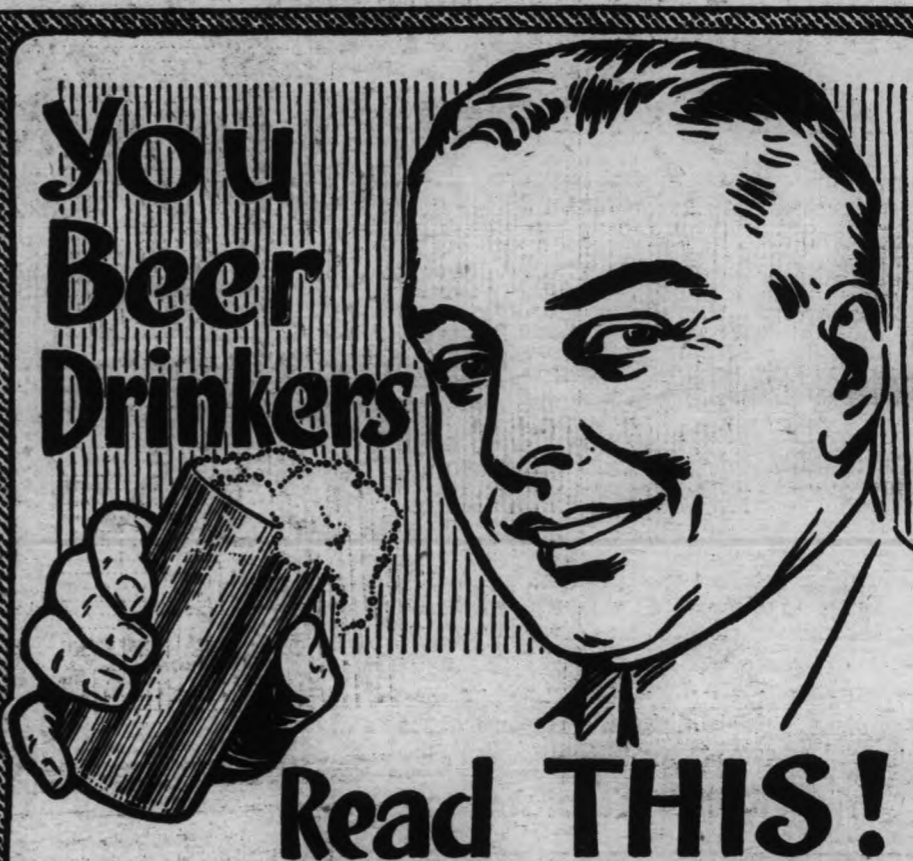

"It is our unanimous opinion that in your case as well as his, the department will suffer a distinct loss when your connections with the yard are severed. Our relations as shop mates can be truly said to have been always characterized by good will and harmony. Thus, the regret we feel at your departure, and which we take this opportunity of expressing.

"We ask you also to accept a small token of our esteem, and in conclusion we wish you both a pleasant journey home and a happy meeting with your loved ones, followed by long lives, with every prosperity."

You Beer Drinkers

Read THIS!

"Beer acted upon by light soon takes up the very disagreeable so-called 'light taste,' and also a repulsive skunk-like odor.*** Beer so affected is offensive to the palate of most consumers.*** Beer should not be exposed to light, especially to direct sunlight, as it will thereby be detrimentally affected; the light having an influence upon the albuminoids in beer, causes the beer to become hazy.***"

Extract from the "The Beer Bottlers' Handy Book," published by the Wahl-Henius Institute of Fermentology.

The Brown Bottle is not a fad. Its use by Schlitz is based on scientific principles.

The first Schlitz was brewed in a hut, over sixty years ago. Now our agencies dot the earth. Our output exceeds a million barrels a year.

Why don't you make Schlitz your regular beer? It's pure beer.
