## A Few "Beauses"

Why we ask for and expect your grocery trade.

BECAUSE as far as it is possible to determine our stock takes in all the good kinds, and leaves the others out.

BECAUSE if you are particular about eatables, our store will appeal to you.

BECAUSE we play the game of business fair and square. We make right any mistakes that we may make as soon as we hear of them.

BECAUSE we try awfully hard to "get there on time." We appreciate the inconvenience of waiting for goods to be delivered.

BECAUSE in spite of all these advantages your dollar is as large here as anywhere, often larger. Try and prove.

## A PROSPEROUS COUNTRY

S. G. Rodeck and R. K. Thomas Take a Trip Down the San Joaquin Valley

Describing the trip and some of the things they saw, they say: "On leaving the Niles Canyon we passed through Sunol, Pleasanton and Livermore, small towns in the Livermore Valley, a very productive and finely situated valley, where farming, dairying and stockraising is carried on and on the bottoms adjacent to the creeks a great many hops are grown. Passing on to Tracy, a small town, the junction of the S. P. R. R., one line going on to Lathrop the other down the west side of the San Joaquin Valley through the corner of San Joaquin County, from here on to Crows Landing. In Stanislaus County we saw some very fine crops of grain. Many of the farms are being summer fallowed; this land will be seeded in the fall. It was a treat to see farmers plowing with their Stockton gang plows to which were hitched ten and twelve mules. On one farm near Westley we counted fourteen of these outfits, ten mules to each, making 140 mules in one field. Imagine the melody should they all at one time take a notion to call for support! It would surpass in splendor the 'College Yell.' Some ranches have the traction engine to supply the mule power for their farms. We found in most of the valley the large ranches are being divided into small farms and are better cultivated and stocked. Irrigating canals are branching out all over the valley, and you can see the result,—fine alfalfa fields, more cattle, sleek looking dairy cows, splendid horses, sheep and hogs. Little fruit has as yet been planted on this side of the valley. The towns and stations passed through thus far were, after leaving Tracy, Westley, Vanormer, Patterson. Here the water is being pumped out of the San Joaquin River and forced back to an elevation of 100 feet then run in ditches to cover several thousand acres. The system consists of several stations, at each station electric motors with centrifugal pumps are used to raise the water 10 or 12 feet into an elevated cement canal which then runs to the next station and this is continued until it reaches the higher land. This is a fine system, but costs many thousand dollars to equip and maintain. Passing on to Crows Landing and then to Newman where we begin to see the fine dairy ranches and cows. From these parts we learned cream is sent daily to San Jose and San Francisco to be churned. Now passing through the station and towns of Gustine, Linora, Ingomar, Volta, in Merced County. For many miles here the country does not seem so fertile. The great stock ranches of Lux and Miller line the railroad for miles; cattle can be seen by the thousands, also sheep.

Immense canals are passing through this part and the sage brush is fast giving way to the alfalfa. Los Banos, Dos Palos, come next, farming and cattle raising mostly carried on here. We then pass into Fresno County, with Firebaugh, the first station. At this point on the San Joaquin river, water is diverted into the great canal of Lux & Miller which irrigates thousands of acres; then we pass through Arbios, Mendota, Jamison and on to Kern which is the junction of the S. P., one line running to Fresno, the other on to Hanford. All along the line of railroad at distances about twelve miles are the oil pumping stations of the Standard Oil Co; in some places this is all there is to the town. A few more small places, Ormus, Carothers, Lillis, Hardwick, Armona, then into Hanford, which is a thriving town with many fine orchards and vineyards. The soil seems to be very productive under proper cultivation and irrigation. We have passed through some very sandy country. We noticed wind breaks have been planted of gum trees and bamboo to shield the fruit and various crops. At Armona there is a branch railroad which runs to Coalinga and Alameda, the towns of the great oil field. At Hanford we change to the Santa Fe R. R., which takes us south through Guernsey to Corcoran about twenty miles from Hanford, where we alight at 4.30 P. M., ten hours from Campbell. Corcoran is located on the main line of the Santa Fe R. R. in Kings County, about seven miles northeast from Tulare lake and about half way between San Francisco and Los Angeles in the heart of the great San Joaquin Valley, surrounded by some very fine farming land. The soil seems to be of a sandy nature, although we saw some rather dark, heavy soil. There are occasional spots of alkali which we found more or less in our trip throughout the valley. The Security Land and Loan Company have undertaken to develop and sell off this section to the amount of 70,000 acres. The company is made up mainly of Los Angeles bankers and capitalists. We were told that about 60,000 acres of this tracts has already been sold. Corcoran is less than four years old and has many substantial build-

Junior Farce next Tuesday night. Library benefit entertainment tonight. Mr. and Mrs. Frost have gone to Hollister to reside.

Rev. John F. Wilson and family spent the day at Santa Cruz last Saturday. Mr. and Mrs. C. E. Hanger drove to Santa Cruz Tuesday for a few days' outing.

Don't fail to attend the Library Benefit Entertainment at Congregational church tonight.

The Campbell schools will dismiss for next Wednesday, Thursday and Friday, on account of the Rose Carnival.

H. L. Morebeck is relieving Mr. Berry of his duties at the station while the latter is taking a few days' vacation.

M. H. Bell, of New Hampshire, who had been visiting his daughter, M. Chas. Berry, left for Los Angeles last Tuesday.

The members of the Methodist Sunday school will hold their annual picnic tomorrow. They will drive to a beautiful grove near Alma.

Mrs. W. W. Stewart left last week for Yuba county to spend a few weeks with her mother who is in quite feeble health. She was accompanied by the two youngest children.

The Epworth League held their annual business meeting and social at the parsonage last night. About fifty were present, and all pronounce Mr. and Mrs. Wilson royal entertainers.

Chas. Berry and family went to Los Angeles Wednesday evening for a week's vacation. They had expected to make the trip some time ago but were unable to get a man to relieve Mr. Berry of his duties with the S. P. Co.

At the recent G. A. R. convention in Oakland Rev. C. W. Merrill, Post Commander of E. O. C. Ord Post, of Los Gatos, was elected Department Chaplain. The Campbell veterans are affiliated with the E. O. C. Ord Post.

## BEAUTIFUL FLOAT DESIGN

Improvement Club Enthusiastic Over Coming Carnival—W. C. T. U. Will Have Charge of Booth

At the Campbell Improvement Club meeting last Monday night an enthusiastic crowd discussed and planned for the coming Rose Carnival. Owing to ill health Mr. Rodeck was obliged to resign as chairman of the float committee and Russell Kennedy was appointed in his stead. As the original design for a float would require such an abundance of flowers, it was found necessary to adopt a new plan. The committee secured the aid of Miss Chamberlain and other teachers in designing a float and succeeded in producing a plan that will give Campbell the glories of the whole floral parade. It combines the skill of the carpenter, the painter and the decorator; and, when completed and graced by a bevy of beautiful young ladies—of which Campbell has many—it will surely be a pleasing sight.

The large wagon of Mr. Rodeck's will be used and the work of fitting up will be done in the yards on North First Street.

Surely everybody in the community is interested in this float and can help by bringing flowers for the decorators. The great floral parade will be at 2:00 o'clock Thursday afternoon. On Wednesday it is desired that English Ivy be brought to the committee, and early Thursday morning an abundance of white roses, besides red and pink ones. Branches from running roses will also be needed. Ferns will be used but will probably be brought from the hills.

All work must be completed before noon Thursday.

Two beautiful teams of horses have been engaged to haul the float, Mr. Miracle's blacks and Mr. Custers' grays. These magnificent animals hitched to such a float as the committee will produce will in itself be a spectacle well worth witnessing.

The Campbell booth in the great pavilion will be in charge of the W. C. T. U., and a ladies' rest room will be a feature. Comforts will be provided and the ladies of Campbell are invited to make use of the booth. It is needless to say, what these ladies attempt will be well done.

## ANNUAL MEETING AND BANQUET

Congregational Church Celebrates 21st Anniversary—Reports Show Prosperous Condition

On Thursday evening, April 28th, the local Congregational church people held their annual meeting and also celebrated the twenty-first anniversary of the organization. A large number were present, including many former members.

A delightful banquet was served by the Woman's Guild. In the program that followed, Dr. Cooper, who was a member of the first building committee, gave some Reminiscences of Early Days; Mrs. E. Jones gave a Reminiscent Original Poem. Greetings were brought by Secretary L. D. Rathbone of the State work, Secretary Hinman of the A. M. A., and neighboring pastors. Letters were read from former members. A delightful feature was the unveiling of a large portrait of Dr. William Windsor, founder of the church and its pastor for fourteen and one-half years. The picture was given by Mrs. Windsor and her sons and now hangs in the parlors of the church.

The Congregational church at Campbell has been very successful since its organization, twenty-one years ago. It has had but two pastors; Dr. Windsor, the founder, serving from 1889 to 1903, and Rev. Geo. E. Atkinson from 1903 to the present time. It is one of the four churches in all Northern California which has never received aid from either the Home Missionary Society or the Church Building Society, yet has regularly contributed to both. Since the present pastor came in 1903 he has received 112 members, 38 on confession of faith 74 by letter. The membership at this time is 169, of whom 94 have joined during Mr. Atkinson's pastorate. During these seven years he has conducted 1025 services. Twice the building has been enlarged, once in 1905 and again in 1908. The morning audiences average 150, and a large proportion of these are men.

During the seven years that Mr. Atkinson has had charge of the work here he has had seven different opportunities to go elsewhere. By remaining he has evidenced the staying qualities that characterize so many of the ministers of the Congregational church, and which reflects itself in the strong characters of the lay men and women of its membership. The Press extends congratulations to the church and its pastor, and wishes them not only seven more successful years, but six times seven and then the Jubilee.

### Resolutions of Regret

At a meeting of the San Jose Grange held last Saturday afternoon the following resolutions of regret over the death of D. H. Coates, who was Past State Master of the Grange, were read:

"Whereas, Full of years and rich in honors, our beloved brother and Past Master D. H. Coates, has been called to lay down his labors on earth; be it,

"Resolved, That while we mourn his loss, our consolation is the thought that our brother has spent a long and useful life and doubt not that his reward will be great; be it further,

"Resolved, That we extend to the family our sympathy in their bereavement, and, be it,

"Resolved, That a memorial page to his memory be set apart in our records.

Campbell, Cal., April 22, 1910.

### Morning Light Lodge

The I. O. O. F. of Morning Light Lodge, No. 42, celebrated their 91st anniversary Thursday night, April 28. There was a good attendance, and the following excellent program was rendered: Opening remarks, Mr. Griffin; violin solo, Robert Scholz; address, Rev. Atkinson; recitation, Vaudine Putnam; Rebekah address, Mrs. M. J. Wilson; mandolin solo, Earle Eddleman; reading and remarks, Mr. Coupland. Ice cream and cake were served in the banquet room, which was beautifully decorated with white and red roses. The whole occasion was well arranged and much enjoyed, and great credit is due the committee.

## NEWS OF WEEK FROM ALL THE COAST STATES

**Occurrences Along the Pacific  
Slope Presented in Com-  
pendious Array.**

**Passing Events Among Your Neigh-  
bors Briefly Told in Short,  
Newsy Paragraphs.**

San Francisco.—Asparagus was such a drug in the market last week that several tons of it were distributed free to the poor.

Redding.—The handsome new Masonic temple was dedicated here a few days ago. Masons were present from a number of valley towns.

Vallejo.—The board of education has decided to hold a special election May 19 on the proposal to bond the school district for \$60,000 for a new high school.

Oakland.—Fred Hanson and Frank H. Smith, alias James Franklin, held by the Oakland police as the supposed bandits who boarded the China-Japan mail train in Solano county and robbed a mail car, were taken to Fairfield by Sheriff J. J. McDonald for trial.

Oakland.—The board of education has given permission to the Alameda County Society for the Study and Prevention of Tuberculosis to hold illustrated lectures each month in the public schools. The pupils will be taught the sanitary precautions necessary to check the spread of the white plague.

Stanford University.—Stanford University will have a course in journalism. While the University will not formally establish a school of newspaper writing, Everett W. Smith, now employed in the office of the forestry service, will come to Stanford next year to give instructions in several branches of journalism.

Watsonville.—In an unsuccessful attempt to rescue a fellow worker, August Groenfeldt was asphyxiated in a large tank at the Jones Brothers' vinegar works. Groenfeldt was attempting to save the life of Roy Phillips, who also died in the carbon dioxide fumes in the tank. Groenfeldt was 51 years old, and Phillips was 20.

Redding.—A final agreement has been signed between the farmers' committee and the officials of the Bala-kkala Copper Company regarding the disposition of the fumes from the company's smelter at Coram. The Bala-kkala Company has agreed to install a plant to dispose of the fumes by the Cottrell process. The plant will cost \$150,000 and will be installed by July 1.

Sacramento.—Harry Brown, who brutally assaulted C. McCallum, an aged tailor, with a beer bottle, in an attempt to rob him a few weeks ago, was sentenced by Judge Hughes to serve sixteen years in the penitentiary at Folsom. Brown asked that he be sent to San Quentin instead of the prison in this county, explaining that he had tuberculosis, but the plea failed to stick.

San Francisco.—Gill Faudlum, accused of assault upon J. A. Swanson with intent to commit murder, was allowed to plead guilty of assault with a deadly weapon and was sentenced by Judge Cabaniss to two years in the county jail. Faudlum was formerly employed by Swanson, who is a contractor, and fired two shots at him December 18, injuring him in the thigh, because Swanson refused to re-employ him.

Carson, Nev.—A petition signed by a number of Nevada lawyers has been filed with the State Supreme Court asking for the disbarment of W. H. Schnitzer, an attorney of Reno. The petition alleges that Schnitzer is using his profession to further the divorce business in the State by issuing advertising matter setting forth the advantages of the laws of Nevada for severing matrimonial bonds, and that this brings discredit upon the State and upon the profession of law.

Los Angeles.—Dr. H. W. Peck of Fresno in forceful language protested against the Los Angeles Ministerial Union adopting a resolution condemning football. The resolution was introduced by Dr. J. Schenk. Dr. Peck was immediately on his feet and in a vivid word picture soon had the pastors at a nothing to nothing game, with the teams struggling and the crowd cheering. "I value my football experience equally with my degree," said Dr. Peck. The resolution was laid on the table.

### ENTIRE FAMILY TOOK OUT NATURALIZATION PAPERS

"Me a Polygamist? No I'm a Republican," Declares Father.

Oakland Cal.—The whole Davis family became bona fide American citizens when Judge Wells of Oakland issued naturalization papers to Samil Davis and Jacob and Byam, his sons, originally subjects of the Czar, but now loyal supporters of Taft, according to Samil's own confession.

Judge Wells was astounded when the whole family appeared for citizen papers. The following dialogue took place: Judge—Are these your sons?? Samil—Yes, both mine. Judge—And the whole family want to become Americans? Samil—Yes, please your honor. Judge—Well, I don't know. Are you a polygamist? Samil—Who, me? No, sir; I'm a Republican. Judge—Keno! You get your papers.

### GOVERNMENT IS GOING INTO THE REAL ESTATE BUSINESS

Property on Reservation in Arizona to Be Auctioned Off.

Los Angeles.—Uncle Sam will go into the town lot business May 10, when the townsite of Parker, A. T., will be sold at auction in the form of about 3000 lots. Parker is a town founded by the Government on former reservation land recently opened to settlement. Provision has been made for a model municipality, with tracts reserved for parks and sites for schools and public buildings. Excursion trains will be run to Parker before the land sale opens and everything connected with the townsite is to be conducted in accordance with approved real estate "boom" methods. A new railroad is being built from the town to Bengal, on the Santa Fe main line.

Will Try to Climb Mount McKinley.

Seattle.—The revenue cutter Tahoma sailed last week for Alaska, carrying the Portland Mazama expedition of four men who will seek to climb Mount McKinley from the seaward side. The expedition will be landed at Port Graham, on Kanai peninsula, this side of Seldovia. Thence the party will proceed farther toward the mountain in launches, which the cutter is carrying north. The climbers are equipped with stores and tackle.

Teddy Jr. Finishes Apprenticeship.

Thompsonville, Conn.—Theodore Roosevelt Jr., who, following his graduation from Harvard, came to this place and went to work in the carpet manufactory here for the purpose of learning the business, has completed his apprenticeship and has gone to New York. After his marriage in June he will go to San Francisco, and will represent there the carpet company at whose plant he has been working.

Wants Millinery Taught in College.

Columbia, Mo.—Millinery will be one of the "fine arts" taught at the University of Missouri if Edna D. Day, professor of household economics at that institution, has her way. Professor Day petitioned the faculty to have the theory and practice of hat building included in the course for women next year. Professor Day argues that women now spend money rashly on hats.

Dog Killed by Rooster.

Alameda.—"Mick," a terrier mascot that belonged to the firemen of the Sherman street engine house, is dead as the result of a fight with a big rooster. The battle between the dog and the chanticler went nearly two rounds and terminated when the rooster swung a right hook to the dog's left eye. The spur penetrated the dog's eye and caused death.

Killed by Folding Bed.

New York.—William Smith, a wealthy wall paper manufacturer of Waterbury, Conn., who was on a visit to New York City, was killed when a folding bed in which he was sleeping closed up in an apartment house. His wife, sleeping beside him, was nearly smothered to death in the bed clothing before help came.

General Miles Thrown From Horse.

Washington.—General Nelson A. Miles was thrown from a horse in Potomac park the other day. One rib was broken, he received a slight scalp wound and was bruised somewhat on his shoulders and side. He suffered no internal injuries.

Roosevelt May Wear Toga.

Washington.—Theodore Roosevelt for the United States Senate, as successor to Chauncey M. Depew. This is the way the political prophets and wise-aces in Washington have the situation in New York State figured out now.

## Flood of Cash Insures Success of Exposition in 1915

San Francisco.—With a prodigality spectacular and inspiring, and which had as its basic element the genuine stamp of civic pride and affection, the children of San Francisco maintained the honorable fame of their mother city by performing the feat of collecting \$4,089,000 in 2 hours and 36 minutes at a mass meeting held on the floor of the Merchants' exchange, when began the sale of the stock of the Panama-Pacific exposition.

It broke every record set up by any city in the world. It was accompanied by volleys of cheers and shouts. And at the conclusion, when the figures were read out, the thousands lost themselves in reckless abandon of enthusiasm, and the meeting of sedate businessmen developed into a wildly happy and careless assembly, at which men jumped on chairs, scrambled, shouted and romped for all the world like a band of boys when their school makes the winning touchdown.

The task was the biggest undertaken. Victory meant the attention and respect of the entire world, and failure the humiliating laughter of rivals. There were whispered consultations among business partners, little last talks as to what could be the limit one should go. As the time approached men edged closer and closer to the line of ropes, nerving themselves and anxious for it to begin.

To say that the scene when the bids were opened was dramatic and that it represented the grandest exhibition of civic enthusiasm in the history of the State is but halting platitude. It was one grand expression of the San Francisco spirit. The great undaunted spirit that enabled the desert-shriven pioneers to cross the freezing heights of the Sierra and brought the fever-bitten gold seekers shivering from Panama, the spirit that soared untouched from the ruins of the great fire and has made this city the wonder of the world of all times and today.

"Larry" Harris, who is a young man of ready wit and has earned fame as an amateur auctioneer on more than one occasion, had been selected to do the stock-selling. It was just about 3:15 when he faced the throng and started to expedite business with a gentle reminder that if it was proposed to raise \$5,000,000 by 5 o'clock time must be reckoned at something like \$7,000 a second.

William B. Bourn, who at the inception of the exposition project was chairman of the finance committee, was called upon to make the first bid. When Bourn announced his personal subscription of \$25,000 a deafening cheer broke out. There was the right kind of a start.

Subscriptions of \$25,000 then came to be a regular thing, so much so that their announcement evoked but a perfunctory handclap. It was too easy,

really. But when a representative of the Royal Arch announced his readiness to take \$250,000 worth of stock, "just as a starter," there arose something like a sensation. The monotonous clicking of the machine that was adding up the figures as they went along was relieved by a spontaneous burst of enthusiasm that echoed in the street beyond.

Then came another string of \$25,000 subscriptions set off by two of \$50,000, one from the Allied Wine Industries, the other from the Associated Oil Co. Wild cheering followed the announcement that the Hotel Men's Association wanted \$250,000 of the stock. The Wholesale Produce Merchants subscribed \$100,000; the San Francisco Real Estate Board, \$70,000; Jewelers' Committee, \$51,150; Chinese Merchants' Association, Japanese Association of America, Brewers' Protective Association, each \$50,000; the Emporium, \$35,000; Italian Committee, \$30,000; San Francisco Stock and Bond Exchange, \$26,000.

There were fifty-five subscriptions of \$25,000 each and hundreds of others ranging down to \$10.

Shortly after 5 o'clock Auctioneer Larry Harris definitely announced his labors at an end, and then the result was announced: "\$4,089,000."

"It breaks all records in the history of the world," excitedly declared Charles C. Moore, amid wild cheering. "You're all charter members of our enterprise, and will give you cause to be proud of it."

Thus the first obstacle to holding the exposition in San Francisco was triumphantly passed. It is certain that the local end of the fair will be properly financed. Now the city will go resolutely to the task of convincing Congress that San Francisco is the one place to hold the exposition that will celebrate the opening of the Panama canal.

After that will come the task of rousing the State, the coast and foreign nations to the splendor of the opportunity that opens before them.

Encouraged by the cheers of the spectators and the music of a brass band, the delegation headed by Governor Gillett that goes to Washington to win the support of Congress for the Panama-Pacific Exposition in 1915 left San Francisco Sunday morning, the intention being to make a hasty tour of the country before returning in order to create enthusiasm for the fair.

The delegates hope that when they confer with the President the fund of \$5,000,000 will have been raised. This will be a safeguard against any excuse that Congress will not be in a position to act until the city has raised its quota. With six days in which to do the work the finance committee will do its best to secure the desired amount.

## Potatoes So Cheap Farmers Use Them for Fertilizer

Tacoma, Wash.—Potatoes were never as cheap as now. The best potatoes in the State, carefully graded and re-sacked, are selling as low as \$14 per ton, while other re-handled stock is down to \$7 per ton. Last year at this time \$38 was asked for the best tubers. Not even during the hard times, just preceding the discovery of gold in Alaska, did potato prices touch the present low level.

Potatoes are so cheap that the farmers are letting them rot in the pits.

In Skagit county, where the floods wet many tubers, causing some damage and necessitating rehandling, the farmers are putting dynamite in the pits and scattering them broadcast over the fields as fertilizer. Where cattle or other livestock are raised farmers are feeding to them their surplus spuds.

New California potatoes are arriving by every steamer and are having a large sale, emphasizing the lessening demand for the old native stock. Some of the latter will go to Alaska.

## No Crime for a Wife To Hold Up and Rob Husband

Chicago.—A wife has a right to rob her husband, according to a decision of Judge Gemmill in the municipal court. Gustav H. de Kolky had his wife arrested for taking his money by force.

"My wife robbed me right in my own home," said De Kolky. "She got a boarder and her brother to help hold me. Then she went through my pockets and got \$11."

"Did you rob him?" Mrs. DeKolky was asked.

"Yes, I did," she said. "There was no other way to get money out of him. He hasn't given me a cent for over a year. So I decided to rob him. I called my brother and we held him and I got what was in his pocket."

"This is a plain case of robbery, but it was perfectly justifiable under the circumstances," said the court. "The defendant is discharged. A wife has the right to hold up her husband when he squanders his wages and does not give her enough for her support."

## Secretary Ballinger Declares He Will Not Quit Job

Washington.—"If I were disposed to consider the question of resignation I would not do so as long as these vicious and unwarranted attacks are made against me." Secretary Ballinger thus denied the

renewed rumor that he contemplated retiring from President Taft's cabinet soon after the Ballinger-Pinchot investigation is concluded.

"I have no intention of resigning," he emphatically declared.

### COUNCILMEN PASS LAW TO PROTECT BARBERS' VICTIMS

Garrulous, Odoriferous Tonsorialists Meet Waterloo at Waterloo, Neb.

Waterloo, Neb.—An ordinance has been passed by the city council and signed by the mayor and is effective at once, which, among other things, regulates matters relative to the cleanliness of barber shops, and then provides: "It shall be unlawful for any barber in this town to eat onions between 7 o'clock a. m. and 7 o'clock p. m. No barber, while shaving a customer, shall insert his thumb or finger in the customer's mouth; shall not discuss the gossip of the town, and shall not use tobacco while working over a chair; shall not insist upon a customer having his neck shaved or his hair singed."

A violation of any of the provisions shall subject the barber to arrest and a fine of not less than \$5 for each and every offense.

### OIL KING ANGRY BECAUSE PEOPLE DO NO ENTHUSE

Fail to Show Sufficient Appreciation of Philanthropic Foundation.

New York.—It is reported here that John D. Rockefeller, angered at the reception accorded his plan to establish an enormous philanthropic foundation and weary of the delays imposed upon the national incorporation of the plan, will abandon the bill introduced by Senator Gallinger. It is said that Star J. Murphy, the oil king's attorney, has let it be known that Rockefeller is displeased with the delay and lack of enthusiasm which his proposition has received.

In case Rockefeller decides to abandon the project for Federal incorporation, he may attempt to secure a charter from some State, probably New York, it is said.

New Edition of Text Book.

Sacramento.—According to the State Superintendent of Public Instruction the pupils in the grammar schools of California do not have to buy the new geographies which are about to be issued unless they want to. There will be some changes over the old edition, but pupils provided with the old edition will not be forced to make a change. The new book will cost the pupils 64 cents and will cost the dealers 53 cents f. o. b. at Sacramento.

Torture Chinese Looters.

Shanghai, China.—The local Government officials are making vigorous reprisals against the looters in Changsha, subjecting them to torture and in some cases executing them. There is still evidence of opposition on the part of the unofficial governing body or "gentry" to permitting foreign business firms to re-open. The Standard Oil Company has been refused permission to open offices within the city.

Alaska Gold Camps Active.

Seattle.—Alaska business men who arrived in Seattle last week from Valdez are enthusiastic over the outlook in the gold camps recently discovered. The stampedes to the new gold fields have stimulated activity in Fairbanks and many business houses that closed during the depression two years ago are reopening in the expectation of a prosperous season.

Memorial Fountain Dedicated.

Colusa.—The Boggs memorial fountain, erected by the relatives of the late Senator John Boggs in his memory and for the benefit of man and beast, was dedicated last Saturday at Princeton, in the northern part of this county, near which town the old Boggs mansion stands. In connection with the dedication there was a rose carnival and a baby show.

Cuban Conspirators Indicted.

Havana.—Indictments were returned against General Evaristo Estonoz, the negro leader, and 22 other negro prisoners, charging them with the crime of inciting rebellion and instigating anti-white violence. The evidence indicated that extensive preparations had been made for a general uprising against the Government on May 24.

Aeronaut Has Narrow Escape.

Paris.—For the first time in his life, former President Roosevelt last week saw an aeroplane flight. It was a very short one and the aeronaut, Emile Dubonnet, had a narrow escape from injury when his airship collapsed in a strong wind.

Eight-Hour Law Constitutional.

Albany, N. Y.—The aw enacted a few years ago limiting the employment of certain railroad employes engaged in moving trains to eight hours out of twenty-four, has been declared constitutional by the Court of Appeals.

## WORLD'S NEWS PRESENTED IN BRIEF ITEMS

Events of Both Hemispheres  
Compiled in Pithy Form  
For Busy Readers.

Here You Will Find a Resume of  
Happenings in Almost Every  
Part of the Earth.

Bridgeport, Conn.—Excitement over the announcement of his approaching wedding proved too much for Harris Hyatt of Milford, aged 70, and death prevented the nuptials.

Natchez.—Ed Keaton, said to be 110 years old, who lives near Natchez, declares that he is determined to die a natural death. Recently he was bitten by a rattlesnake, but the doctors say he will recover.

Changsha, China.—Missionaries arriving here from Chang to Au report that the trouble with the rioting natives apparently is over. The Governor estimates the damage done at about two million dollars.

Chicago.—An exposition building, three times as large as the Coliseum in this city, where several national political conventions have been held, and more than twice as large as Madison Square Garden in New York, is to be erected in Chicago.

Troy, N. Y.—Edward Payson Weston had an ankle hurt by being struck by a boy who was hit with an automobile near Castleton. The machine hurled the lad against Weston, throwing the pedestrian off his balance. He twisted the ankle. His injury was not serious and he resumed his walk on time.

Changsha, China.—The Governor of Changsha urges foreigners not to return to the districts where native rioting has occurred before 30 days. A number of foreigners have returned here. The city is quiet, but there is considerable apprehension felt, as a feeling of unrest still exists among the natives.

Alton, Ill.—Thirteen-year-old Nina Anthis committed suicide in school in the presence of her teacher and 30 schoolmates by drinking carbolic acid. She left a note on her desk in which she said her heart was broken because her foster mother scolded her, and asked that she be buried with a favorite doll and a band ring she wore.

Victoria, B. C.—Details of the attempt to assassinate the prince regent of China April 3 were received by steamer a few days ago. The prince regent, with some officials and attendants, was crossing a small bridge in the palace garden in Peking when a bomb of blasting gelatine was exploded by means of wires, and two attendants walking in advance were killed.

Salt Lake City.—After taking testimony in several States for more than a year in the merger suit involving the Harriman railway system and other corporations, Sylvester G. Williams, special examiner of the Government, filed with the clerk of the United States District Court in this city 12 volumes of evidence and his final report. The case will be taken up by one of the United States Circuit Courts for consideration and decision.

Washington.—Efforts of the United States to have modified in some way the new pulp policy of the Province of Quebec have been unsuccessful. Consul Foster at Ottawa has telegraphed the State Department that Premier Laurier of Canada informed him the Premier of Quebec province had declined to modify the new law. The measure prohibits the exportation of timber cut on crown lands except in manufactured form, such as pulp and commercial lumber.

Sterling, Ill.—When the United States frigate Betsie was seized by the French in 1798, Solomon Barlow was interested in the craft to the extent of \$1825. He put in a claim against the Federal Government, which, according to word received last week by two of the heirs residing here, has been allowed by the Court of Claims. Principal and interest now amount to \$100,000, which will be divided equally between the five surviving grandchildren of the original claimant.

Newmarket, Eng.—The 2000-guineas stake for entire colts and fillies foaled in 1907, distance one mile, was won by Lord Roseberry's Neil Gow. Thew inner was ridden by Danny Maher. Lemberg was second and H. P. Whitney's Whiskbroom, ridden by "Skeets" Martin, was third. Thirteen horses started. Maher received a retainer of \$25,000 from Lord Roseberry to ride his colt Neil Gow in the Derby. It is said to be the largest figure ever gained by a jockey for services in a similar capacity.

## Was Ready to Make Good.

Some time ago a crowd of Bowers sports went over to Philadelphia to see a prize fight, says Everybody's. One "wise guy" who, among other things, is something of a pickpocket, was so sure of the result that he was willing to bet on it.

"The Kid's goin' t' win. It's a pipe," he told a friend.

The friend expressed doubts.

"Sure he'll win," the pickpocket persisted. "I'll bet you a gold watch he wins."

Still the friend doubted.

"Why," exclaimed the pickpocket, "I'm willin' to bet you a good gold watch be wins! Y' know what I'll do? Come through the train with me now, an' y' can pick out any old watch y' like."

Fungus growths are the chief enemies of hardwood forest trees. Some destroy the leaves, others rot the roots and still others girdle the bark.

## EARLIEST "DRY FARMERS."

How Navajo Indians Cultivated Scant Patches in the Desert.

Physically, morally and intellectually the Navajo is superior to other nomadic tribes, such as the Utes, Apaches, Comanches, Sioux and Cheyennes. He has always been self-supporting, receiving no rations or other assistance from the government.

When there is work to be had within their capacity the men labor willingly and efficiently, grading on the railroads, constructing irrigation reservoirs and ditches and weeding or harvesting sugar beets in the beet fields of Colorado.

They cultivate their scanty patches of corn and beans on thousands of places in the desert, having been real "dry farmers" centuries before the Campbell system was born of the brain of the Nebraska experimenter or the Dry Farming Congress that meets in October in Billings, Mont., conceived of.

They build their humble hogans of stone or of timber banked up with clay, wherever there happens to be water for their flocks and herds.

They are neither nomads, like the wandering tribes of the plains, nor settled agriculturists, like the Pueblos, but rather Bedouins of the American desert, moving when necessary to secure better pasture or a more abundant supply of water for their livestock. Their blankets, woven exclusively by their squaws, have made their tribal name a household word wherever barbaric beauty or next to everlasting durability is prized.—Los Angeles Times.

**Church Federation Opposes Prize Fight**  
**TO THE PEOPLE OF CALIFORNIA:**

This State is menaced by a grave peril.  
 It is proposed to desecrate the coming National Anniversary by a  
 prize fight between a white man and a negro, professional pugilists, at  
 Emeryville, a suburb of Oakland, in direct violation of the penal statutes  
 of California.

That injury to the reputation of California will result from this brutal  
 and bloody affair, that it will tend to degrade the youth of the State, that  
 it will bring in its train a horde of criminals to prey upon our citizens,  
 cannot be denied. Large sums of money are annually contributed by  
 the business men of California to bring here desirable people to aid in  
 the building up of this great empire and to aid in developing its mar-  
 velous resources, but if this prize fight is permitted this good work will be,  
 in a large degree, neutralized, and the name of the State become a jeer  
 and a by-word.

The Church Federation of Oakland, made up from the membership  
 of the churches of the city, has undertaken the task of arousing public  
 sentiment against this proposed outrage upon the dignity, peace and  
 good order of our city and State. Knowing that Governor Gillett has,  
 personally, no sympathy with prize fights or prize fight promoters, we  
 believe that if he were assured that the mass of the citizens of California  
 hold prize fights in abhorrence, he would do as did the Governor of Utah  
 under like conditions,—declare that the State shall not be disgraced by  
 this proposed brutal exhibition. Therefore we urge all Church Soci-  
 eties, Fraternal Orders, Labor Unions, Social and Commercial Organiza-  
 tions and Citizens generally to at once send to the Governor earnest  
 protests against permitting this unlawful and brutal prize fight.

THE FEDERATION.

**Trying to Save the Babies**  
 The University of Missouri has added  
 to its curriculum a department for teach-  
 ing young women the science of taking  
 care of babies. This embraces the proper  
 methods of handling, bathing, exercising  
 and feeding the little ones, and briefly  
 speaking, its purposes are to cut down  
 the fearful infant death rate and to de-  
 velop a healthier and better race.

The death rate among infants and  
 young children amounts to about one-  
 third of the birthrate, of which the great  
 majority results from ignorance of the  
 parents as to proper care of the young.  
 It has been estimated by careful students  
 that the death rate among children should  
 not greatly exceed one-tenth of those  
 born into the world. If this could be  
 made the rule we would have no need to  
 import Asiatic coolies, or any other class  
 of foreigners for that matter, for our po-  
 pulation would increase as rapidly as the  
 development of the natural resources of  
 the country would demand.

Our California colleges might well  
 adopt the sensible and humane methods  
 of the University of Missouri, and en-  
 deavor thereby to educate our young  
 women for the duties of motherhood.  
 Such a course of studies would tend  
 more to inspire young women with high  
 moral ideas and with correct views of  
 the duties and obligations of life than any  
 other that the colleges afford. After all  
 it is usefulness that counts in education,  
 and it is not easy to conceive of a more  
 useful study than one which will help to  
 save infant life, and to bring these to  
 maturity with the best physical and men-  
 tal development possible.—Sunnyvale  
 Standard.

**MORELAND LOCALS**

 Hospital in San Jose.  
 Mr. Curry who has been quite ill, we  
 are glad to hear is improving.

**Campbell Boys Win Game from**  
**Sunnyvale Last Saturday—22-1**

The Campbell Grammar School Base  
 Ball Team defeated the grammar school  
 team from Sunnyvale, 22 to 1. The vis-  
 itors were much smaller than the home  
 team and had no show at all. Benner,  
 Campbell's pitcher, was hurt in the first  
 inning. He caused the batter to put a  
 little fly near the third base line.  
 Benner collided with Kennedy, the  
 third baseman who started for the ball at  
 the same time Benner did. The ball was  
 missed and a runner reached first. Ben-  
 ner retired from the game as he had sev-  
 eral teeth knocked loose.  
 Goddard now pitched and Kennedy  
 caught. Lancaster played third and  
 threw his first chance about thirty feet  
 from first. He was responsible for Sun-  
 nyvale's only run.  
 After the game a banquet was served  
 to the two nines by the Campbell girls.

**The American  
 Woman's League**

Notes on What this Great Organ-  
 ization Is Doing—Local Mem-  
 bers' Plans for Chapter  
 and Clubhouse

If the ladies of this community  
 would only stop to consider the many  
 advantages of the League in addition to  
 the beautiful chapter houses, we will have  
 built for us, as soon as we have 15 mem-  
 bers, we would soon have enough mem-  
 bers to entitle us to the Chapter House.  
 Men work most effectively when they  
 work to a definite purpose. This is an  
 opportunity for the ladies. Here is a  
 proposition which makes all the maga-  
 zine subscriptions in Campbell count on  
 the Chapter House. All we pay for is  
 the magazines—for that we get the maga-  
 zines. The Chapter house and all the  
 rest is our premiums.

All Campbell friends should send every  
 possible subscription and renewals  
 through the "Interurban Press" or other  
 friends here. Make every subscription  
 help build the Chapter House.  
 The magazine business is being system-  
 atized by the American Woman's  
 League. Publishers have been scrambling  
 for subscriptions, and giving all  
 sorts of premiums. The wasteful travel-  
 ing agent and the worse premium plan  
 are being given up. Instead, the League  
 through its members, get the subscrip-  
 tions and the commissions that would  
 ordinarily be waste are devoted by the  
 League to the building and upkeep of a  
 People's University at University City,  
 and beautiful Chapter Houses all over the  
 United States.

The Peoples University a year ago  
 was only a dream. The League is only  
 fourteen months old. Today the first of  
 the six great buildings of the University,  
 the Academy of Fine Arts, is built and  
 occupied. The cost of this beautiful  
 building alone is over \$125,000.

The People's University is giving in-  
 struction by correspondence to thousands.  
 Sixty-eight complete lessons-by-mail  
 courses, embracing over two hundred  
 separate subjects are now ready. Mem-  
 bers may take as many of these courses  
 as they desire. The minor children of all  
 members are also welcome to take any  
 course desired. Think of this great op-  
 portunity to educate your children at no  
 cost to you whatever except the postage  
 for sending on the lesson papers to be  
 corrected.

A booklet on the courses now ready  
 may be had on request at the "Interurban  
 Press" office, or you may write direct to  
 the Publicity Department, American  
 Woman's League, University City, St.  
 Louis, Mo., for any detailed information  
 you may desire.

Among the courses which are given  
 free, to all members of the League, may  
 be mentioned, Teacher's Courses, Arith-  
 metic, Agriculture, Journalism, Book-  
 keeping, Stenography, Home Economics,  
 Drawing, Sculpture, Art, Embroidery,  
 Dressmaking, Music, Photography, Jew-  
 elry Engraving and Designing, Business  
 Course, Millinery, etc. etc.  
 Remember—All we pay for is the  
 magazines. For that we get the Maga-  
 zines. The chapter house and all the  
 rest is our premium.

Send your application in now to the  
 "Interurban Press" office, or write direct  
 to Miss Luella G. Caldwell, Local Repre-  
 sentative of the American Woman's  
 League in Campbell.

**IMPLEMENTS**  
**FOR FARM AND GARDEN**

Not only a complete line of everything needed about the  
 farm and garden—but a complete line of the BEST KIND. A  
 farmer doesn't like to work with poor implements any more than  
 a carpenter likes to work with poor tools. We've selected the  
 various makes of implements with special regard to their serv-  
 icability, and we stand behind every piece that we sell.

They're all made of the very  
 best materials, built by the best  
 known factories in the world, and  
 will be in good working condition  
 when many inferior implements are  
 consigned to the scrap-heap.  
 If you can't come to the store  
 in person, send your order by mail.  
 We'll give it careful attention.

**SEEDS**  
 Flower and vegetable  
 seeds of all varieties. Fresh,  
 true to name, full of vitality  
 and life, and sure to grow.  
 Don't waste your time with  
 stale or inferior seed—plant  
 the right kind—Farmer's  
 Union kind.

**If you were  
 Buying Eyes?**

Would you buy the best or  
 the cheapest?  
 You should follow the same  
 rule in buying glasses.  
 The "Ladies' Home Jour-  
 nal" calls cheap glasses, "Ten  
 Cents Worth of Trouble."

A few dollars spent for  
 glasses when they are first  
 needed often prevents results  
 too terrible to even think  
 about.

**NOTICE  
 TO  
 TAXPAYERS**

The law requires each and every person who  
 owns any class of property to annually, during  
 the months of March, April or May, file a state-  
 ment with the Assessor or his deputy in the  
 county where the property is located. You  
 should give a statement of all property owned  
 by you on the FIRST MONDAY IN MARCH  
 AT 12 O'CLOCK M.  
 If you hold mortgages or trust deeds against  
 others, send in mortgage statements early in  
 March, so proper deductions can be made show-  
 ing the amount due on each mortgage or trust deed  
 on the first Monday of March at 12 o'clock m.  
 Remember, if you fail to give in your assess-  
 ment you fail to comply with the law and may  
 cause yourself, the Assessor and Tax Collector  
 much trouble, and very likely cause yourself  
 expense.  
 Poll Tax is now due and payable at the As-  
 sessor's office or to a deputy. After the FIRST  
 MONDAY IN JULY it will be added.  
 It is much more satisfactory to the Assessor  
 as well as to yourself, to have your assessment  
 correct when you go to pay your taxes.  
 L. A. SPITZER, Assessor.
