Foreword

Every hotel man that has seen or come in contact with the "Hotel Buyers' Blue Book" has directly or indirectly approved of the plan.

Nothing could demonstrate more decisively the need that exists for a work of this character here presented, than the extreme cordiality, which from its very conception, practically the entire fraternity have assisted and encouraged the publishers.

It is an evolution of the catalogue system, eliminating the superfluous—(1) It is condensed—(2) arranged upon some organic principle—(3) states facts and gives positive information—(4) and is arranged essentially for the purpose of reference—we announce with pleasure the specific indorsements of many of the leading hotel men.

Furthermore

We invite users of the "Hotel Buyers' Blue Book" to write us for any information pertaining to hotels. We have on file data and detailed information of use to the fraternity.

Will assist you in securing Hotels, Help, Supplies, equipment or articles of any kind, avoiding unnecessary expense—this service is free to our patrons and any inquiries addressed to our Chicago office will receive prompt attention. When writing for information from any firms mention the Blue Book, it will be beneficial to you and secure promptness at all times.

Syracuse Hotel China

Is made with the special object in view of withstanding the most strenuous service. The China Body is thoroughly vitrified and consequently unequalled in toughness and durability.

Attractive decorations are made in endless variety. Special treatments, crests, monograms, designed to suit all conditions and requirements.

Syracuse Hotel Decorations executed under the glaze will prove a constant source of satisfaction to the man who pays the bill, as the decorations will be as durable in every way as the China itself.

We believe a line of samples would interest you. Write us regarding your requirements and we will prepare designs and submit for your approval. We are represented by the best dealers in all parts of the country, and will be pleased to send you names of representatives in your locality.

A New Meat Cutter

Most Profitable one to use.

5 Sizes for Power.

The Buffalo Silent Cutter

For hamburg steak or sausages. This cutter cuts the meat in a spongy, doughy condition that absorbs considerable water, swelling the weight and also making a much nicer, juicier steak and sausage, that will not crumble to pieces when fried, like meat that is cut in a grinder. Also used for vegetables, hash, etc. We also make kraut and potato chip cutters.

The Best Magnet for Patronage

I S TABLE QUALITY

—and the item that counts most in that, is the quality of your meats. That is the first thing people think about, and the first thing they talk about. If your meats are extra good and always good, your patrons will tell their friends, and those friends will come to you, past the doors of your competitors.

By ordering from us, you can depend on getting meats you can always depend upon for top-notch quality.

We give you special personal service.

We make prompt direct deliveries from our Branch House nearest you, which insures your orders reaching you quickly and in the best condition.

We furnish you cuts exactly suited to your special needs.

Our facilities and our experience make the "Armour" name a guaranty of Come Again Quality in your bill of fare, which will outclass most other attractions you can offer.

Write for price-list and illustrated booklet of hotel cuts.
