The copy filmed here has been reproduced thanks to the generosity of:

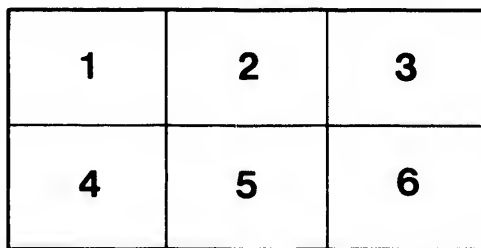

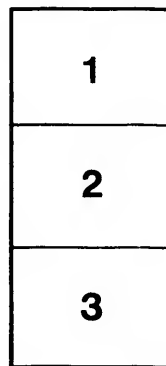

Izaak Walton Killam Memorial Library  
Dalhousie University

The images appearing here are the best quality possible considering the condition and legibility of the original copy and in keeping with the filming contract specifications.

Original copies in printed paper covers are filmed beginning with the front cover and ending on the last page with a printed or illustrated impression, or the back cover when appropriate. All other original copies are filmed beginning on the first page with a printed or illustrated impression, and ending on the last page with a printed or illustrated impression.

The last recorded frame on each microfiche shall contain the symbol  $\rightarrow$  (meaning "CONTINUED"), or the symbol  $\nabla$  (meaning "END"), whichever applies.

Maps, plates, charts, etc., may be filmed at different reduction ratios. Those too large to be entirely included in one exposure are filmed beginning in the upper left hand corner, left to right and top to bottom, as many frames as required. The following diagrams illustrate the method:

L'exemplaire filmé fut reproduit grâce à la générosité de:

Izaak Walton Killam Memorial Library  
Dalhousie University

Les images suivantes ont été reproduites avec le plus grand soin, compte tenu de la condition et de la netteté de l'exemplaire filmé, et en conformité avec les conditions du contrat de filmage.

Les exemplaires originaux dont la couverture en papier est imprimée sont filmés en commençant par le premier plat et en terminant soit par la dernière page qui comporte une empreinte d'impression ou d'illustration, soit par le second plat, selon le cas. Tous les autres exemplaires originaux sont filmés en commençant par la première page qui comporte une empreinte d'impression ou d'illustration et en terminant par la dernière page qui comporte une telle empreinte.

Un des symboles suivants apparaîtra sur la dernière image de chaque microfiche, selon le cas: le symbole  $\rightarrow$  signifie "A SUIVRE", le symbole  $\nabla$  signifie "FIN".

Les cartes, planches, tableaux, etc., peuvent être filmés à des taux de réduction différents. Lorsque le document est trop grand pour être reproduit en un seul cliché, il est filmé à partir de l'angle supérieur gauche, de gauche à droite, et de haut en bas, en prenant le nombre d'images nécessaire. Les diagrammes suivants illustrent la méthode.

## ECLIPSES.

There will not be any Eclipse of the Moon during the year. Of the Sun there will be only two Eclipses, and as they are neither of them visible on this continent it will not be necessary to state many particulars:—

I.—On the 23rd of February an Annular Eclipse of the Sun takes place. It will be visible in Africa, South America, and Southern Europe.

II.—On the 18th of August there will be a total Eclipse of the Sun, visible in Australia, Southern Asia, and also in Eastern Africa.

## PLANETS.

Venus will be an Evening Star until July 16; after that day a Morning Star. Until 2nd January and after the 13th November, Mars will be an Evening Star; between these two dates, it will be a Morning Star. Until March 10th Jupiter will be Evening Star; from that date to the 4th July it will be Morning Star. Until February 24th Saturn will be Morning Star, and from that date to the 29th November, it will be an Evening Star. Mars will come to the meridian during the daylight for the first nine months of the year, but will become an object of interest towards the end of the year. On the 8th of April Jupiter will be very close to Mars.

*Miscellaneous Charges.*—The charge on parcels, by Parcel  
Post, to any place in Canada, is 25 cents per pound, [with 5 cents  
additional, if registered.] No parcel must exceed *three* pounds  
in weight.

One cent per ounce, payable in advance by postage stamp, is  
the rate on printed circulars, prices-current, hand-bills, and  
other printed matter of a like character; and on books, bound  
or unbound, when posted at a Canadian Post Office, addressed  
to any place in Canada, British North America generally, or the  
United States.

The charges upon prices-current, when addressed to the  
United Kingdom, is 2 cents each, and must be pre-paid by post-  
age stamp.

Postage Rates on certain Miscellaneous Matter passing within  
the Province of Canada, or to and from the United States:—

1.—Packages of seeds, cuttings, bulbs, roots, and scions, or  
crafts, may be posted in Canada for delivery within the Province,  
or to an address within the United States on prepayment by  
postage stamp of a rate of one cent per ounce; and when re-  
ceived from the United States, addressed to any place in Canada,  
such packages may be delivered on payment, by the person ad-  
dressed, of a like rate.

2.—The limit of weight for such packages will be one pound.  
No communication, whether written or printed, must be enclosed  
in them: and they must be so put up as to be easy of examina-  
tion, for the purpose of verifying the alleged contents. If put  
up in bags, the bags must be simply tied at the neck, so as to  
admit of inspection; and, in the case of such packages mailed  
in Canada, the nature of the contents, such as "*Seeds*," "*Roots*,"  
&c., as the case may be, must be marked on the package by the  
sender, as a statement of the claim to pass at the reduced rate  
hereby made applicable to such matter.

3.—Book manuscript, and printers' proof-sheets (whether cor-  
rected or not.) maps, prints, drawings, engravings, photographs  
when not on glass or in cases containing glass,) and sheet music  
(whether printed or written,) may pass in covers open at the ends  
or sides, and provided that no letter, or other communication  
intended to serve the purpose of a letter, be enclosed therein, on  
prepayment, when posted in Canada, by postage stamp of the  
ordinary printed-matter rate of one cent per ounce; or upon  
payment of that rate on delivery on such matter when received  
in the mails from the United States.

Transmission of Patterns of Merchandise and Samples be-

tween Canada and the United Kingdom, and certain other countries :—

4.—Patterns of merchandise and samples may be forwarded between Canada and the United Kingdom, and Denmark, France, Italy, Belgium and the German States, by the Canadian packet mails, at book-post rates, and subject to the following conditions :

A—The patterns or samples must not be of any intrinsic value ; and this rule excludes all articles of a saleable nature, and whatever may have a value of its own, apart from its mere use as a pattern ; nor must the quantity of any material or article, sent as a pattern or sample, be so great that it could have on this ground an intrinsic value.

On this point an explanation in a subsequent Departmental Order, appears as follows :

B—It has hitherto formed part of the Imperial Post Office regulations that "*samples or patterns must not be of intrinsic value,*" but in consequence of the difficulty that has been experienced in determining what is, and what is not, a pattern or sample of merchandise of intrinsic value, this prohibition has been removed.

The modification is a verbal one, and will not alter nor enlarge in any way, the character of the transmissions permitted to pass by pattern post.

The special prohibition as to intrinsic value has, it is understood, been withdrawn, not because the question of value will not still influence a decision as to whether an article offered for transmission by pattern post is a genuine commercial sample (or pattern) or not, but because as a general proviso it could not well be enforced ; inasmuch as every article whether properly a pattern or sample or not, has necessarily more or less of an intrinsic value, and might be held to be amenable to a strict construction of this prohibitory clause in the regulation.

C—The patterns, &c., must be sent in covers, open at the ends, so as to be easy of examination. Samples, however, of seeds, drugs, and such like, which cannot be sent in open covers, may be enclosed in bags of linen or other material, simply tied at the neck ; or, provided that bags be transparent, they may be entirely closed, if they are for delivery within the United Kingdom. Bags, however, entirely closed, even though they be transparent, must not be used for the transmission of seeds to foreign parts.

D—The rule which prohibited the transmission through the post, as patterns, of articles of cutlery, &c., has been rescinded ; and scissors, knives, razors, forks, steel pens, nails, keys, watch machinery, metal tubing, pieces of metal or ore, and such like articles, are now allowed to be forwarded by the post as samples, provided they be packed and guarded in so secure a manner as to afford complete protection to the contents of the mail bags, and to the persons of the officers of the post office. Such articles, however, must be so packed that they may be easily examined ; and it is made a rule that any packet containing such articles, which may be found to be insufficiently guarded, shall not be forwarded through the post.

No packet of patterns or samples must exceed 24 oz. in weight.

A packet of patterns or samples sent to France, must not exceed 18 inches in length, width, or depth; a packet to any other place abroad must not exceed 24 inches in length, or 12 inches in breadth or depth.

A packet of patterns or samples sent to Germany or Belgium must not exceed 8 ounces in weight.

None of the articles named in the rule D may be sent as patterns or samples to any place abroad, except Germany, Belgium, and the British colonies, and not to these places when addressed "via France."

There must be no writing or printing other than the address of the person for whom the packet is intended, the manufacturer's or trade mark and number, and the prices of the article.

Any infringement of the above regulations will render the packet liable to be treated and charged as a letter.

The rule which forbids the transmission through the Post of any article likely to injure the contents of the mail-bags, will apply to patterns and samples: any package transgressing this rule is to be sent to the Postmaster-General.

Transmission of patterns and samples within the Province of Canada:—

Patterns or samples of merchandise and goods for sale may be posted in Canada to be forwarded to any place within the Province, on prepayment by postage stamp of a rate of one cent per ounce, under the following regulations:

Patterns or samples of merchandise and goods for sale may be posted in Canada to be forwarded to any place within the Province, on prepayment by postage stamp of a rate of one cent per ounce, under the following regulations:

I.—Patterns or samples must be sent in covers open at the ends, so as to be easy of examination. Samples, however, of seeds, drugs, and so forth, which cannot be sent in open covers, may be enclosed in bags of linen or other material, fastened in such a manner that they may be readily opened—or in bags entirely closed, provided that they be transparent, so that the officers of the Post Office may be able to satisfy themselves as to the nature of the contents.

II.—The packet may bear on the *outside* the address of the sender in addition to the address of the person for whom it may be intended—also a trade mark and numbers, and the price of the articles enclosed—*inside*, there must be no enclosure but the samples or patterns themselves—the particulars, however, of the trade marks, numbers and price, may be marked on the articles themselves instead of on the outside of the packet at the option of the sender.

III.—Any sample or pattern packet containing a letter, or otherwise violating the conditions of the preceding rules is to be rated and treated as a letter.

IV.—The rate of 1 cent per ounce is to be prepaid by Postage Stamp—and if such rate be not fully prepaid by the stamps affixed—the packet is to be rated with the deficient postage and a fine of 5 cents in addition.

V.—Packets of samples and patterns may be registered on prepayment by postage stamp of a registration fee of 5 cents in addition to the postage rate—and provided such packets be duly handed in to the Post Office for registration.

A registration receipt or certificate should always be given for such packets when presented for registration.

VI.—No packet of samples or patterns must exceed one pound in weight; any packet exceeding that weight is to be sent to the Postmaster General.

*Book Post.*—Books, bound, or unbound, posted in Canada, and addressed to any office in Canada, British America and the United States, are chargeable with a rate of one cent per ounce which must be pre-paid by postage stamps.

Book packets are forwarded by post from Canada to the United Kingdom *vice versa*, by Canadian steamer only, at the following rates:—For each packet

*Newspapers and Periodicals.*—Newspapers published in Canada may be sent by post from the office of publication, addressed to any place in Canada, at the following rates, *if paid quarterly in advance*, by either the publisher at the post office where the papers are posted, or by the subscriber at delivering post office:—

Our object and that of our EIGHTEEN Branch and Associate Offices, in the large cities of the United States of America, Dominion of Canada, and in London, England, is to give information to Subscribers, of the standing of those who purchase Goods on time or otherwise require CREDIT.

We are supported by fully Three-Fourths of the Merchants, Bankers, Manufacturers, of every community where our advantages are known.

"This Institution, established in the City of New York over twenty-five years ago, for the promotion and protection of trade, was the first organized effort ever made to relieve the Merchants and Manufacturers of the Union from the insecurity of credit operations, and to substitute for the tardy, expensive, and unsatisfactory results of individual investigation, a *system* that should be alike prompt, economical, and reliable—whose purpose it should be to supply (to subscribers only) all necessary information as to the standing and responsibility of Merchants, Traders, Manufacturers, Public Companies, &c., throughout the United States, their Territories and British North America.—*N. Y. Tribune.*

Collection of past due Debts particularly attended to for all, whether Subscribers to the Agency or otherwise.

Terms of Subscription will be made known at the Office, where we shall be much pleased to afford information as to the system pursued, and to give (free of expense) to those who contemplate joining the institution a reasonable *test* of the correctness of our reports.

E. WIMAN.
