

THE APPOINTED TIME

THERE WILL NEVER BE BETTER TIME FOR GLENDALE TO SECURE A PARK

There are many reasons that are too superfluous to mention why every considerable center of population should have its public breathing places. Even those who think they are too busy to visit parks will be benefited both directly and indirectly. They can at least enjoy its scenic beauty as they hurry by, for "a thing of beauty," we are told, "is a joy forever."

The time to have provided parks for Glendale was when it was first laid out, and there has never been a day since that time but what was the next best time for providing for that need. The only excuse now offered for further postponement is that it would be too great a financial burden on the public. Well, when will we be more able to meet the expense? If you provide by a bond issue, the advance on account of the improvements on the now vacant lots will more than balance the interest on the bonds; and would not a year's growth of the shrubbery and trees be a financial consideration?

Where, O where, are our Glendale boosters, who roar like lions when it means commissions and profits, but who squeak like mice when it means a few extra dollars in taxes. The truth is, we can have a magnificent park without it being any hardship on anyone, if the land speculators of Glendale will give but a small fraction of the unearned increment on land rates. Give me but five per cent of this unearned wealth, not on all the property, but only on the vacant lots that are held for speculation, and I will guarantee to you an ample and beautiful park, and then have a goodly sum left to turn into the city treasury.

But some one says, "Wait till people are more prosperous." Have we anything tangible on which to base our hopes for future prosperity? Have we not just passed through one of the so-called prosperous seasons, and a few weeks' slump brings hundreds of thousands of the workers to a position where they have to accept charity? If a thing is to be done, now is the accepted time, and if Glendale needs a park, there never will be a better time than now to begin its construction. I would further suggest that the people of this city are intelligent enough to select a suitable location for their park or parks, and should not be to the expense of hiring an outsider to do this for them.

R. GILHOUSEN.

A VITAL APPEAL

It is confidently expected that the Sheppard-Hobson resolution for national constitutional prohibition will come up for debate in the House of Representatives at Washington Tuesday, December 15. Ministers are strongly urged to emphasize this fact on Sunday, to earnestly pray for the success of the measure and ascertain by a rising vote of congregation and Sunday school the number of those favoring the proposed amendment, and send a night letter stating such action to our congressman at Washington. The amendment follows:

Whereas exact scientific research has demonstrated that alcohol is a narcotic poison, destructive and degenerating to the human organism, and that its distribution as a beverage or contained in foods lays a staggering economic burden upon the shoulders of the people, lowers to an appalling degree the average standard of character of our citizenship, thereby undermining the public morals and the foundation of free institutions, produces widespread crime, pauperism and insanity, inflicts disease and untimely death upon hundreds of thousands of citizens and blights with degeneracy their children unborn, threatening the future integrity and the very life of the nation; therefore be it

Resolved by the Senate and House of Representatives of the United States of America in congress assembled (two-thirds of each House concurring therein), that the following amendment of the constitution be, and hereby is, proposed to the states to become valid as a part of the constitution when ratified by the legislatures of the several states as provided by the constitution:

"ARTICLE—

"Section 1. The sale, manufacture for sale, transportation for sale, importation for sale, and exportation for sale of intoxicating liquors for beverage purposes in the United States and all territory subject to the jurisdiction thereof, are forever prohibited.

"Section 2. The congress, or the states within their respective jurisdictions, shall have power to enforce this article by all needful legislation."

There has been a series of revival meetings going on at the First Methodist church of Tropico, which have been very satisfactory in every way. The meetings closed Sunday night, but every prayer meeting and every Sunday evening service will be evangelistic from now until the big revival meetings in February, in which all the churches of the valley and Eagle Rock are expected to participate. There have been fifty confessions of conversion in the Tropico church during the meetings, coming

GLENDALE AT SAN DIEGO

CHAMBER OF COMMERCE DISCUSSES MANY MEASURES FOR GOOD OF THE CITY

The regular monthly meeting of the Glendale Chamber of Commerce was held at the Third street school on Friday evening, December 11th. The president of the chamber, J. N. McGillis, being absent, the meeting was called to order by M. P. Harrison, vice-president.

H. A. Wilson, secretary, read the minutes of the last meeting, after which the reports of the standing committees were taken up. E. U. Emery, chairman of the water committee, said that there was not much to report from his committee, since the city had voted to take over the water plant. He said he had heard that water rates had been lowered, but as the system from which he gets water has not been taken over by the city, there has been no change in his rates. He thinks the people will approve of any reasonable method the city may pursue in getting control of the other water systems as soon as possible.

The chairman of the publicity committee was instructed to mail copies of the anniversary number of the Evening News to at least one hundred libraries in different parts of the United States. H. A. Wilson suggested that the Glendale Chamber of Commerce be represented at the opening of the San Diego exposition and he thinks it would be possible to have at least fifty automobiles, properly decorated, go from Glendale to San Diego in a body. Considerable time was devoted to the discussion of this means of publicity and all present seemed to favor the proposition.

The park question was discussed in an informal way by those present. It seemed to be the opinion of the members of the Chamber of Commerce that the park committee of the chamber continue their work and be prepared to make suggestions to other citizens who are interested in procuring a municipal park.

An invitation was read from the Lankershim Business Men's association inviting the Glendale Chamber of Commerce and other citizens of Glendale to attend a celebration in Lankershim on December 12th in honor of the establishment of a new lighting system in that city.

A lengthy communication was read from George H. Hehl of the fire department, showing the need of better fire protection for the city of Glendale. Chief Herald advocates the purchasing by the city of a 120-horsepower pumping engine and other apparatus necessary to make it possible to extinguish any fire that may start in our city. His claim is that the service of such an equipment in extinguishing one fire would pay for its cost. M. P. Harrison, H. A. Wilson and F. H. Vesper were appointed as a committee to take this question before the city trustees.

There were present at the meeting Messrs. M. De La Parelle and C. A. Short of Los Angeles and Dr. D. W. Bachmann of 303 West Ninth street, Glendale, for the purpose of having the Chamber of Commerce endorse the proposition of organizing a new moving picture producing company. Mr. De La Parelle has been the director of some prominent moving picture companies and one of his chief productions was the Hoosier School Master. C. A. Short is a dealer in automobile accessories in Los Angeles. Dr. Bachmann is well and favorably known to the citizens of Glendale. These gentlemen made the statement that there is a crying demand throughout the country for the production of a higher grade of pictures, and that is the kind of pictures that they propose to produce. On motion, H. A. Wilson, J. F. Lilly and A. T. Cowan were appointed a committee to investigate as to the reliability of the parties concerned and if thought best, to request the president of the Chamber of Commerce to call a special meeting to give the proposition further consideration.

5,000 to 10,000.....	101,778
3,333 to 5,000.....	114,484
2,500 to 3,333.....	79,426

Returns were made by 278,835 married persons, 55,212 single men and 23,551 single women.

The normal tax of 1 per cent on all taxable incomes produced \$12,728,038. Incomes over \$20,000 a year subject to surtax produced \$15,525,497. Of this latter amount \$2,934,754 came from incomes of between \$20,000 and \$50,000; \$1,645,639 from those between \$50,000 and \$75,000; \$1,323,023 from those between \$75,000 and \$100,000; \$3,835,948 from those between \$100,000 and \$250,000; \$2,334,583 from those between \$250,000 and \$500,000, and \$3,437,850 from those over \$500,000.

Tables giving statistics for each collection district indicated plainly that most of the individuals with large net incomes live in the districts near the cities of New York, Chicago, Philadelphia, Boston and Detroit. Of the incomes of over \$500,000, New York collectors discovered eighty-three.

More single women, as well as more single men, paying the tax, were found in New York than anywhere else. Married women made separate returns in every collection district, except in the fifth North Carolina. The second New York district produced the largest number of all returns, 26,965, with the first Illinois a close second, 25,671. The Porto Rico district had only one return, that in the class from \$3333 to \$5000. The eighth Kentucky district made only 275 returns, and the sixth Kentucky 395.

Returns were filed by 1426 Americans residing abroad, representing a total net income of \$19,843,399, and 425 returns were made by non-resident aliens, representing incomes amounting to \$7,317,842.

There were 316,909 corporations doing business in the United States during the fiscal year ended June 30. These corporations in making returns under the income tax law reported capital stock aggregating \$60,071,319,185, an increase over the previous year of about \$2,333,000,000, reported by 305,336 corporations. The net income of the corporations for the year was \$4,339,550,008, or nearly 7 per cent on their capital, with bonded and other indebtedness amounting to \$37,136,215,096. The net income reported for the year showed an increase of more than \$500,000,000.

CONTINUE FIRING AT NACO

Firing across the Mexican border at Naco, Arizona, continues in spite of President Wilson's warning that this must stop. Two more persons at Naco were struck by stray Mexican bullets, a trooper was injured while in the border patrol camp, and a Mexican woman was shot in the head while in her home. This makes a total of killed and wounded on the American side in the past two months of fifty-one. Gen. Maytorena says he has not yet received an order from Provisional President Gutierrez to cease operations on the border.

TO CONTROL STORM WATER

For the past week or so a party of surveyors have been working in the valley and true to the custom of these people, they have been very secretive as to the purpose of their work. It now develops that they have been running contour lines for the board of supervisors of the county, whose intention it is to give temporary protection at least to the valley against a recurrence of storm flood. Exact details of their plans are at this time unobtainable, but sufficient information has been received that the board will soon put to work about six hundred of the unemployed of the county in the various districts that are in need of storm protection.

In the San Fernando valley the repairing of levees against the waters of the Big Tejuanga and also protection work for the town of Van Nuys against the Pacoima flood waters; clearing out the Ballona creek and of the New River channel, beginning at the Anaheim bridge and working north; protection work at La Crescenta, Little Lands and Monte Vista and also the Verdugo wash; excavating the deposit in the storm channel of the San Gabriel protection district between the Pacific Electric bridge and the Rio Hondo; protection work for Baldwin Park against the flood waters of the San Gabriel.

The report of the engineers was referred to Supervisor Norton with instructions to confer with the board with a view to arranging for the beginning of all this work at the earliest possible moment. Monte Vista Sun.

NORTH GLENDALE

SOME ITEMS OF INTEREST CONCERNING PEOPLE IN THE FOOTHILL DISTRICT

The Misses Leota and Ruby Williamson of North Louise street entertained a party of their young friends last Thursday evening at the attractive home of their parents, Mr. and Mrs. E. C. Williamson. Dancing was enjoyed during the evening, music for the young people being furnished by Mr. Carleton Padelford of Fairview avenue. Games were also played and the happy guests had a delightful time roasting apples and popping corn, which was served by the gracious hostesses with other good things to the following invited guests who had the pleasure of the occasion: The Misses Jane Snider, Olive Pittman, Aileen Preeman, Marcella Crth, and Messrs. Bruce Doure, Morris Jackson, William Rees, Everett Richardson, Emerson Padelford, Carleton Padelford and Earl Williamson.

Mr. George W. Palmer of Sunset boulevard, Los Angeles, reports the sale of two of the fine villa lots in his new subdivision on Stocker street and North Pacific avenue, the purchasers intending to erect homes on their newly acquired property in the near future.

Mrs. Minnie Mueller is now the guest of her son, Mr. Elliott C. Mueller and family of Fairview avenue, after several weeks' absence with friends in Los Angeles.

The many friends of Mr. and Mrs. Everett Masters of 918 Fairview avenue will be very glad to hear that their little daughter Lorraine is recovering from the serious illness that confined her to the bed for the past fortnight.

Mr. Marshall J. Weingardener of Los Angeles was a guest in the home of Mr. and Mrs. R. F. Pittman of 1001 North Pacific avenue last Thursday.

Mr. J. K. Crawford of Viola avenue will leave in a few days for San Bernardino; where he will superintend the construction of the brick work on the group of high school buildings to be erected in that city.

Mr. and Mrs. A. E. Wilbur motored over to North Glendale Friday from San Gabriel and were guests of their daughter, Mrs. George H. Marsh and family, of 1645 Ruth street.

BRUCE BROWN'S CLIMAX TOMORROW

The week's rally at Central Christian church will close tomorrow night. It has been a splendid success and the meetings tonight and tomorrow are expected to put a finish on the eight days' work that will leave a lasting impression. Mr. Brown has proven himself to be an able, forceful and deeply spiritual campaigner, radiating sunshine and good cheer, which, after all, are the qualities which a struggling world needs more than others, in the lives of Christian people.

The service tonight will be held at the usual hour, and tomorrow's services promise to be very largely attended. The subject for the closing address tomorrow night will be "Christ Before Pilate." You have seen this situation pictured by great artists on canvas and will be deeply interested in it as painted by an intellectual artist, who has given the subject deep study.

Bible school hour is 9:30. We are pushing for 250 in attendance tomorrow. You can help.

TO SEND EXPOSITION LETTERS

To offset a report which has spread east that the Panama-Pacific exposition is to be postponed, the Southern Pacific will hold a red letter day on December 15th.

At this time the company will advertise in all publications urging local people to write to their friends in the East, stating that the exposition will not be postponed.

As an indication of the manner in which local people have taken up the publicity work, the Southern Pacific cites yesterday as an example, when five thousand Tournament of Roses postal cards were distributed from the station.

Over in Kansas agricultural experts say that college boys make the best farm laborers because they direct their industry in the harvest fields with intelligence. It has come to pass that even the simplest, crudest tasks are better performed by the application of orderly intelligence.

USE DISCRETION
Let us manifest our patriotism and our solicitude over the proper defense of the nation with quiet discretion. To herald to the world that this nation is alarmingly defenseless—which it is not—would multiply any perils from hostile attack that may lie about us, looking at the situation from the standpoint of those who argue that lack of formidable defenses would make us liable to attack. Whatever the state of our defenses, we are not going to make ourselves stronger by going into paroxysms about it, in public. Let's counsel together calmly and confidently, without laying bare before the world everything that may be known about our armament. And any man, in or out of congress, who attempts to make political capital out of our preparedness or unpreparedness for defensive warfare, should be scorned without measure as an enemy of the public weal. This is no subject or occasion for petty politics.—Pasadena Star.

CHRIST EXALTED AT BAPTIST CHURCH
Pastor Troy will occupy the pulpit of the local Baptist church at both services. "Christ and Mammon" will be the morning subject. It would surprise some people who never enter a church to know just how many thousands of dollars are raised by the churches for charity and general missions. The fraternal side of lodges is certainly worthy of praise, but no organization on earth equals the church of Christ for unselfish interest in all classes. Approximately 25 per cent of the money raised by the churches goes to benevolence. From thousands of towns like Glendale a constant stream of gold is being poured into all parts of the world, showing how seriously the church of Christ takes the command of its great leader to go into all the world with the tidings of salvation. The church, with all her faults, is unmistakably a divine organization, composed of the best people on earth.
At the evening service there will be a sermon on "The Best Thing About Christ." Mr. and Mrs. C. H. Cunningham will assist the choir.
Bible school commences at 9:30, Mr. Roy Kent in charge. B. Y. P. U. at 6:30.

The program arranged by Mrs. Freeman Kelley, chairman of the music section of the Tuesday Afternoon club, under whose auspices the concert will be given, contains the names of many local musicians of note.
Many are interested in this affair, not only on account of the talent that will be presented, but because the proceeds will be used for charity.

Prayer meeting Wednesday evening at 7:30. Subject, "Duty Under Difficulties." II Timothy 2:1-19.
The regular meeting of the Brotherhood will take place next Tuesday evening at 7:30. A number of our local men will discuss topics of general interest. A general invitation to the men of the community is extended. You will find a welcome and spend a profitable and pleasant evening.

CONGREGATIONAL CHURCH
9:45 a. m.—The Sunday school assemblies. The new hymn books are much appreciated. Christmas exercises will be held on Wednesday night before Christmas.
11 a. m.—Worship with sermon. The pastor's topic will be "The Man Who Thought He Had Failed."
6:30 p. m.—C. E. meeting; young people especially invited.
7:30 p. m.—Dr. E. H. Willisford will tell of "Little Foxes That Destroy the Vines." This will be an especially helpful and interesting service.
Our choir, under the direction of Mrs. Sloan, is rendering some very fine music.
The service last Sunday morning for the older people was largely attended. Those attending speak of it as a most inspiring, comforting and helpful service. It was an inspiration to have so many of the older people present.
Rev. Willisford and Mr. and Mrs. Geo. E. Adams went to Hollywood Thursday to attend an ecclesiastical council for the recognition of a new Congregational church and the installation of the pastor, Rev. Ray F. Carter. Mr. Willisford served as scribe of the council. This church, but a few months old, has over one hundred members and promises to soon become one of Hollywood's strongest churches.

TWICE-BORN MEN IN CHINA
The Rev. John Hedley in most interesting lecture at First Methodist Episcopal church, corner Third and Dayton court.
9:40—Sunday school. Thos. W. Watson, superintendent.
11:00—Morning worship. Sermon by pastor. Subject, "Is the Kingdom Here or Is It Yet to Come?"
6:30—Epworth League devotional meeting. The Rev. Mr. Hedley will speak to the young people on China.
7:30—Evening worship. Lecture, "Twice-Born Men in China," by the Rev. Jno. Hedley, for a number of years a missionary in China. A most interesting speaker and a compelling story. No collection or offering of any kind. You are invited.

Music for the day:
Morning anthem, "To Thee, Our God, We Fly" (Mauder).
Evening anthem, "Evening" (Campbell).
Duet, selected, Mrs. Cammack and Mr. Ralph Lusby.
Prayer meeting topic, "Stephen's Defense and Martyrdom," Acts, seventh chapter.
The attendance continues to grow. Our largest number last Wednesday. You need not be a church member to enjoy this service and study. If you are a member, and do not attend, then you are a great loser.

GOLDEN RULE CLUB
Next Thursday evening at 8 o'clock at the high school auditorium there will be a meeting under the auspices of the Federated Brotherhood to organize an association to be known as the Golden Rule club. The object of the club will be to help those in distress in and about Glendale. Everyone interested in this work is cordially invited to be present. Both ladies and gentlemen will be welcome. There will be good speakers and good music.
Now let congress get busy with its knitting and eliminate all idle talk.

THE RED FRONT

This afternoon Mrs. A. T. Davis of 515 Orange Grove avenue will be one of a party who will attend the Mason to see May Robson in "Martha by the Day."

On Sunday Mr. and Mrs. C. B. Wilde of 238 North Louise street will entertain at dinner Miss Lillian Balfour and Mr. Oscar Enell of Pomona, Mr. and Mrs. Ralph Davis and Miss Lura Davis of Los Angeles.

The fast Glendale baseball team will meet the El Monte club on the latter's diamond December 13. They are still feeling good over their victory over the Merritt & Jones team at Santa Monica a week ago, when they defeated that team with a score of 4 to 0.

On Friday evening Miss Helen Tupper of 119 West Second street gave a little informal party in honor of Miss Ruth Paulus, who is here from Ohio and who will return home soon. Those present were Miss Ruth Paulus, Miss Ruth Byram, Miss Leeta McCoy and Miss Helen Tupper.

Mrs. A. L. Weaver received the sad news this morning that her sister, Miss Leeta E. Adams of Rochester, N. Y., is at the Albany city hospital for a very serious operation. Mrs. H. E. Adams, who spent last winter in Glendale with her daughter, Mrs. Weaver, is with the other daughter at the hospital. Mrs. Weaver is anxiously awaiting further word from her sister, and is hoping that no news is good news.

On Thursday afternoon at the church parlors the woman's auxiliary of the Congregational church met. Election of officers was held, and afterwards a great many plans for work during the coming year were discussed by the ladies. Following are the officers elected: President, Miss Calla Porter; vice-president, Mrs. Patterson; secretary, Mrs. H. W. Yarrick; treasurer, Mrs. Thomas Atkinson; parliamentarian, Mrs. C. E. Hutchinson; work committee, Mrs. Earl Schuyler and Mrs. George E. Adams.

On Thursday evening of this week Mr. and Mrs. F. R. Buchanan of 115 Orange Grove avenue entertained very delightfully with 7 o'clock dinner served at small tables, after which whist was played and music enjoyed by the guests. Those present besides the host and hostess were Mr. and Mrs. Salo Desky, Mr. and Mrs. Phillips, Mr. Daniels, Mr. and Mrs. Goodrich, Mr. and Mrs. McKee, Mr. and Mrs. Van Sant, Mr. and Mrs. Wightman, Mrs. Purser, Mr. and Mrs. G. L. Head, Mr. and Mrs. Knauss and Mrs. Curtis. Mrs. Curtis won the ladies' prize and Mr. Wightman the gentlemen's prize, while the consolation went to Mr. Head.

THE TOLEDO WINS

The Toledo gas floor furnace, for which Clem Moore of this city is state agent, is coming to be regarded as a necessity in the homes and business houses and public buildings in this locality. Mr. Moore has installed many hundreds of these furnaces in Glendale and vicinity and he has yet to hear from one that is not giving satisfaction.

Mr. Moore was recently awarded the heating contract for the Eagle Rock library over all other bids with the Toledo furnace. This furnace furnishes the maximum amount of heat with the minimum of gas burned and the greatest achievement of all, leaves the air clear and pure.

A Toledo gas floor furnace was recently installed in the office of the Glendale Evening News and is giving perfect satisfaction. Adv.

The \$20 gold watch which is to be given to the boy or girl who sells the largest number of anniversary numbers will be a gold watch which is worth the value, and everyone engaging in the contest will receive a commission of 20 per cent on all sales made.

Every conveyance by which the public travels should be made as safe as possible. Human life is more to be esteemed than fares for transportation.

It is to be hoped that members of congress will be exemplarily economical of their words this session.
