St. Martinwille, (Attakapas) Oct. 9. On the 6th day of October A. 13, 1830, at noon, at a numerous meeting of the Planters of the Parish of St. Martin, convened at the Court House in the town of St. Martinsville, in conformity with the investion of the Hon. Paul Bri-ant, Judge of said Pursh, Mr. Vewville Declou-ch was called to the chair, and Mr. John C.

Marsh appointed Secretary.

The meeting being premized, the Hon. Paul Briant read to the assembly a circular received by him from the Agricultural Commissee of the Parish of Plaquemines, with a copy of the proceedings had at a meeting of the Flanters of that Parish, and also a letter from Manuel Andry, Provident of the Consolidated Association, at New Orleans, requesting him to call a meeting of his fellow-citizens, for the purpose of thing into consideration, the circular of the Secretary of the Treasury, on the subject of the growth of the eugar cane and the manufacture of sugar in this State, whereupon the following preamble

and resolutions were proposed and adopted : This assembly viewing that in this Parish the reduction of the duty on foreign sugar would operate most fatalit, -that every sugar plantation in this Parish is in a state of infinity—every one, having hernestablished since the year 1823—there being 1827 only three establishments, which have increased since that time, to the number of 62, that the crop of 1829 was nearly destroyed by excessive rains, and that of the present year having suffered equally by excessive drought, leaving the planters, who are all new beginners. in such orbarrassed circumstances, that total ruin would inevitably follow the removal of the protecting duty-viewing also, that in consef the great cost, necessarily incurred in stablishing a sugar plantation even on the smallest and must economical scale, (of which description are the plantations generally in this Parish) that there are but few of the sugar planters of this Parish who are not largely indebted either to the banks or individuals—that many of our most respectable inhabitants are emigrants from their improvements but still owe largely for their
