FOR GOVERNOR:

## J. B. DAWSON. JOHN H. HOLLAND. FOR RECORDER ANTONIO DUCROS. FOR ALDERMAN-5th Ward, ALFRED DUCROS,

FOR CONGRESS:

2d district-JAMES M. BRADFORD.

An Act of the Legislature, approved 14th March 1830. "ART. 5. And be it further enacted, That the Mayor and Recorder shall be chosen from among the citizens who are heads of families, and resident within the city at the time of their election, and possess the other qualifications required by the existing laws."

Fellow citizens, if the law requires this as a condition in completing the eligibility of a candidate for the place of Mayor, judge if respect for public manners and morals, does not more imperiously exact that it should be found in a candidate for the office of Governor.

A few words is necessary only to answer a morning jour nal of yesterday, which lays great stress upon its statement, that Mr. Ducros is not a Jackson man. Well! Admitting that he is not, should this objection come from it? It we remember right it has always been in the interest of our opponents, and it stands as bad a chanco to be considered as belonging to the democratic party as Mr. Culbertson himself

We repeat, Mr. Ducros is opposed to Dennis Prieur, who has attempted, with the Judas-Iscariot-faction, of which he is a prominent member, to destroy the unity of action of the party to which he professes to be attached.

We have been satisfactorily convinced that we wronged Judge Overton, by repeating the charge made some years ago against him, that he was a Nullifier, and attached to the Political fortunes of Mr. Calhoun. It is with us a pleasure to do justice, when we feel assured, that through a misupprehension of facts, we have done an injury, and although our memies may traduce our motives, and question the rectitude of our intentions, we nevertheless feel the proud consciousness of having the moral independence, despite of their illnatured consures, to repair any wrong which we, as journal-

We congratulate Judge Overton upon the prospect, nov that his political epimons have been cleansed of the vile hermy of Nullification, that the democratic party will concentrate upon him. We shall for our part throw no impediment in the way, as matters now stand between him and us, should it be the general wish that he be supported.

The Editor of that print gives no reason for such a move ment of forces; but thinks it possible that it is destined for Alahama. We are indisposed to credit, for many causes, any such a belief.

Ty the Editor of the Bea: The Constitution of the United States declares, that no person shall be a Senator, who shall not have been nine years a

citizen of the U.S.

We have frequently heard the question asked, whether Judge Porter is a citizen of the United States? and whether he had dissolved his connection with the King of Great Brituin and Ireland by taking the eath of allegiance to this country? We believe he has not taken this oath-and if not, it would be well to administer it to him before the election of Senator is brought on; otherwise, peradventure he may

Lisson, Sept. 25.—Yesterday there was a grand review of the army; Colonel Evans, M. P. was present, and remarked that he never was more astonished in his life than te see the order that both the regular corps and volunteers were in! He said that General Bournont, with 30,000 men could never enter Lisbon, after the way they had fortified it, and with the people they had to defend it. The Emperor, as usual, is most active at the lenes every morning by four or five o'clock.—Even yesterday morning, being the first after the Emprese' arrival at the Palace after an absence of 20 months from her loving husband, who, amidat his difficulties at Oporto, devoted an hour every day to write to the Duchess,—yesterday morning his Imperial Majesty was on the lines at 50 clock. The next news which reaches you from this quarter will bring you that of Miguel's army being entirely broken up.—The city of Waterford steamer, which sailed from Crowes in ompany with the Soho and Salamander, has not yet arrived.

Mr Daroy was a native of Canada. At the age of eighteen he went to Europe, and after having travelled for some considerable time in England and France, he returned to America. In 1785 he fixed himself as a resident on the Bayou Lafourche, about a mile above Thibodauxville, where he has dwelt ever since. When a patriarch like Mr. Daroy goes down to, the grave fill of years, it is usual to speak of his virtuos. We believe the highest eulogium we can bestow, will be to state that he was one of those good old Canadians who emigrated to Louisiana, and have always continued examples of honesty and uprightness. Not more than five minutes before he expired, he addressed his numerous family, who surrounded his bedside, and said, "I am about to make a long journey.

Another death from accident.—Yesterday as one of the plasterers employed at the new Exchange, had roturned from dinner, he began to prepare the mortar; and when dome, he thoughtlessly stepped hickward on the scoffold, and immédiately fell a descent of nearly 30 feet from the ceiling of the roof to the socond story. Falling on a pile of scaffold boards and it is believed on his shoulders; he was immediately insensible; and before he could be carried to the lower story, he was litches. He was exposed in the centre apartment of the seuthern side of the Exchange, till the inquest was held.—The unfortunate deceased was an industrious workman; and has left a wife and a large helpless family, to crave the support of the benevilent. His name was Jaries Urquhart; and he lived in Coffin street near Callowhill street, between Eleventh and Tweifth. It is said that he was not five minutes on the board before it fell; and that he did not live five minutes after his fall.—[American Sentine]
