If there be those, North or South, who desire an administration for the North, as against the South, or for the South as against the North, they are not the men who should govern this country, so far as I am concerned.—MILLARD FILLMORE'S ADDRESS ON HIS LANDING AT New York.

TEXAS.

By an arrival from Galveston we have received files of Texas papers to the 25th ult. We clip the following items from our Galveston exchanges:

We learn that the notorious "Bob Augustine," who has figured conspicuously through the West for a number of years past as a desperado and associate of "Bill Johnson," has been tried at the recent Court in San Augustine, convicted and sentenced to the first years in the Penitentiary, for an assault with intent to kill. He received the most perfect quiet and indifference during the trial; but after the verdict he shed tears, and said he had rather be shot.

We learn that the jury who brought in this verdict receive a special credit, as this is the first conviction in that place of an American, among so many bold and desperate characters who congregate on the frontier. We believe we have heretofore announced Col. Bill Johnson is in jail, in Seguin. There are, therefore, some encouraging signs that our penal laws may not always continue a dead letter.

The first through train from Richmond, via the Tap Road, came into Houston last Monday evening, bringing over two car loads of cotton.

At Richmond 653 bales cotton were received last week.

INDICTMENT.—The *Bulletin* says that business has fairly commenced at Indianola. There is a continual stream of wagons pouring in daily. Cotton is coming in freely, and from what we can learn, the crop will be an average one. Some few pecans have already been shipped, and we understand that there will be a good crop for exportation.

The Liberty *Gazette* mentions "two pretty considerable frosts in that neighborhood last week—the first of the season. That paper says, "Last year we had no killing frost till the 23d of December."

The first frost of this season visited Brazoria county last week.

The schr. *Sarah Jordan*, Captain Lakes, left the mouth of the Rio Grande for Galveston the 27th September, and has not since been heard of. She was laden with sugar and cotton, from the plantation of Don Pedro Jordan, consigned to Messrs. R. & B. Lyne. Besides the Captain, there was a crew of four men.—It is feared that all are lost.

TEXAS WHEAT.—The Harrison *Flag* gives us an instance of the prolific nature of wheat. The result of an experiment in that county by Colonel Griffin, during the past season, was what last fall, from a bushel of seed-wheat sown, he gathered one hundred and fifty bushels, weighing sixty-two pounds to the bushel.

The editor of the *Telegraph* is informed that some lands on the Sodos river are producing an average of a bale and a quarter of cotton to the acre.

FROST.—The Huntsville *Item* says that the first frost of the season occurred on the 17th inst., in that vicinity. It was slight.

Telegraphic Items.

THE EPISCOPAL CONVENTION.—Philadelphia, October 22d.—The Episcopal Convention last night adopted a resolution to erect Kansas and Nebraska into a new diocese, but it was lost in the house of deputies. A resolution appointing Dr. Clarke as bishop was subsequently laid upon the table by the gentleman's friends. The Convention then adjourned *sine die*.

The house of bishops remitted the sentence of suspension against Bishop Onderdonk, pronounced twelve years ago. He will accordingly resume the functions of his office on Sunday.

FIRE AT RAINSBURG, ILLINOIS.—Chicago, Oct. 26th.—A fire occurred on Saturday at Rainsburg, about three miles from this city, destroying, in addition to the propeller Falcon, previously reported, the packing house of Hough & Keeshaw, with a large quantity of beef belonging to Hawkins & Van Antwerp. The loss of Hough & Keeshaw on buildings is $23,000—insured for $14,000; and on stock $40,000—insured for $20,000. Hawkins & Van Antwerp's loss is beef to $20,000—insured. Total loss $113,000.

DESTRUCTIVE FIRE AT DUNKIRK, Buffalo, Oct. 21.—A block of buildings in Dunkirk, in this State, known as the Exchange Block, was destroyed by fire on Saturday. The block consisted of a hotel, several stores and offices, including the offices of the *Times* and *Journal* newspapers. All were totally destroyed. The loss was about thirty thousand dollars. A German emigrant was burned to death.

ANOTHER SERIOUS FIRE.—Philadelphia, Oct. 22.—The cotton and woolen factory of Mr. Jn. Bethridge was destroyed by fire this morning. Loss $60,000. About three hundred operatives have been turned out of employment by this conflagration.

DEATH OF THE PHILOSOPHER.—Boston, Oct. 21.—Edward W. Peters, Esq., died at his residence in Roxbury this morning. Howard Sturtevant, Esq., died suddenly at his residence in Brighton street last evening. They were both well known merchants of this city.

WASHINGTON NEWS.—Washington, Oct. 22.—Judge Minot, Commissioner of Pensions, tendered his resignation to-day.

The Secretary of the Navy will return on the 30th. His health has much improved.

ARRIVAL OF MAIL STEAMER.—Steamship Yes. Oct. 21.—James Whiting, a clerk in the Post-office here, was arrested to-day by special agent Woodfin, for robbing the mail. He is a young man and came to Wilmington from England.

Mr. Sanderson and the Philadelphia Postmastership.

Special Dispatch to the N. Y. Herald.

PHILADELPHIA, Oct. 21.

[illegible] Mr. Gibbons, author of the address, as not only guilty of a misrepresentation of his truth, but of publishing what he knows to be untrue. He gives a history of Mr. Gibbons's connection with the canvass, and brings letters from him in response to his own solicitations, which [illegible] (to) guilty of treachery to his own party; and but playing a most indecent game between [illegible] to secure his own confidence. From a clear and elaborate statement of facts, Mr. S. alleges that he himself has pursued a straightforward and honorable course, in which he has been fully sustained by the committee, and that the course of Mr. Gibbons has been prompted with a deliberate design to falsify his conduct and to serve as a card to influence the action of the Know-Nothing convention at Harrisburg to-day.

A large and most enthusiastic meeting was held to-night at the Fillmore and Donelson Union Headquarters, at which the organs of the State Committee was denounced by all the speakers, and the Democratic delegation denounced to stand by the Fillmore men at Harrisburg to-day.

[From the Philadelphia Bulletin.]

The Result Yesterday.

The *Ledger* has not yet made quite the correct figures, at the late election, though very nearly so. The increase of votes is, however, equal to, and in some counties greater than the increase in Philadelphia. The following is the truth to all the returns received at the Interior counties, officially reported, in number, and last fall, in fourteen of them, there is a total increase (remember a decrease, since Fremont received votes in 1852, which was the fullest vote heretofore cast.) The following is the footing up of the total vote in the counties, both now and in Philadelphia, at the two elections:

	Nov. 1855	Oct. 1856	Increase
Philadelphia city	121,671	136,510	14,839
Philadelphia county	58,203	71,366	13,163
Total	179,874	207,876	28,002

This simple and undeniable statement shows that, while there has been an increase of over thirty per cent. in the vote of Philadelphia in four years, the increase in the rest of the State of the Union for the same time is over forty per cent. The latter is probably a fair per centum for the whole Union, though in Philadelphia it might be pleasant to suppose that the increase has been greater, as the enfranchisement of over 30,000 citizens has been turned out of employment by this conflagration.

It is thought that those who were frightened into the intention, and were absent hearing, &c. rendezvous, are all returning to their duties and offices.

On the 23d, a council was drawn up at the United States marine hospital, at Navy Island, to test the case. The superintendent was put in this city.

On the [illegible] Captain [illegible] residence [illegible] Judge Minot, Commissioner of Pensions, tendered his resignation to-day.
