(" Allah ordered to kill all polytheists and atheists if they refuse to enter Islam ") (250 of prophet Mohammed sayings)

__ About the author : Dr. Amer Al-Husiny is the first one who was able to collect all prophet Mohammed sayings in one book . It's called (الكامل في السنن) . It contains (60,000) sixty thousands of prophet Mohammed sayings .

He also has , till the time of translating this book , (150) a hundred and fifty other books about prophet Mohammed sayings in many topics .

But all these books in arabic language , so I started to translate some of these books to be available and easy to read for english language readers .

This is the book number (50) , in the author's series books in arabic .

(الكامل في أحاديث كان النبي يخيّر المشركين بين الإسلام والقتل ، فمن أسلم تركه
ومن أبي قتله ، ونقل الإجماع علي ذلك وأن ما قبله منسوخ)

_ Notes by the translator :

_ About this form : Imam ... tell in his book ... about (Name) . This (name) is one of prophet Mohammed companions , or one of their students . Those are the very best source to know the real right Islam .

_ When it's mentioned that Imam ... tell in his book ... about comapnion (Name) . It's does not mean that this is the only Imam who tell this saying about this companion , but the author mentions at least one source for the saying .

_ In some sayings you will find (as the previous one) . In the original book of the author , if many companions say the same thing , he repeated the saying every time . But in the translation , I mention the saying one time , then instead of repeating it again and again , I say (as the previous one) .

__ Saying's number may be slightly different between the different editions of the books .

The book's translation

Beginning in name of God and blessing on all his prophets .

In my first book I collected all prophet Mohammed sayings . It contains sixty thousand (60,000) of prophet Mohammed sayings . Then I started to collect his sayings in specific topics to be more easy to reach and read .

Imam Al-Tabari tell in his book Al-Tafsir (5 / 414) that All muslims reported that prophet Mohammed forced some people to enter Islam , like polytheists and atheists and those who leave Islam , and he ordered to kill them if they refuse .

_ Note : Imam Al-Tabarai took his islamic knowledge from Imams who were students to prophet Mohammed's comapnions . It means that when he say (all muslims reported) , he mean prophet Mohammed companions and their students .

_ Imam Ibn Hazm tell in his book Al-Muhalla (4 / 414) that prophet Mohammed forced all polytheists to enter Islam and killed those who refused to enter Islam .

_ Imam Al-Safi'I tell in his book Al-Omm (4 / 184) that any potheists or atheist must enter Islam or they will be killed and this is ordered by Allah .

_ Imam Ibn Abi-Hatim tell in his book Al-Tafsir (1089) about Ibn Abbas that not killing the poytheists were in the first of Islam then Allah changed that and ordered to kill all of them if they refuse to enter Islam .

_ In Kuwaiti encyclopedia of islamic rules (16 / 162) (Christians and jews must be fought till they pay Geziah and humiliation upon them . But polytheists and atheists must be fought till enter Islam and they must be killed if they refuse to enter Islam)

_ Note : In Islam , rules changed over the years of prophecy of prophet Mohammed . In more simple words , something may be allowed today then tomorrow Allah prohibit it , and vice versa . And Muslims are ordered to follow tha last order or rule .

As example , if something was allowed yesterday then Allah prohibited it today , so it's prohibited . And if something was prohibited yesterday then Allah allowed it today , so it's allowed . There is an islamic term for this which is (Al-Nasikh and Al-Mansoukh) .

From examples of that , The Salat , there were only two Salat in first of Islam , then after many years it became five Salat . Can any muslim today say that the Salat is only two not five ?! Of course not , because the last rule made it five not two .

Also as example , the alcohol or wine , it was allowed in first of Islam , then after fourteen (14) years it became Haram and prohibited .

Even if someone was still drinking it and refused to quit it , prophet Mohammed ordered to kill him . Can anyone say that alcohol is allowed today because it was allowed for 14 years ?! Of course not , because the last rule made it Haram and prohibited .

So , the orders that prophet Mohammed said in his last years were the last orders and did not change by other orders after that .

And this is the key in this rule . When someone tells you that there are some Quran verses that prevent killing non-muslims , tell him this rule . Killing polytheists and atheists were not allowed in the first of Islam , when prophet Mohammed had no power or army .

But after moving to Al-Madinah and had an army , he said that Allah ordered him to kill all polytheists and atheists if they refuse to enter Islam .

_ Some said that few Imams like Abu-Hanifah said that non-arab polythesists may not be killed and it's allowed to take Geziah from them like with the christians and Jews . But a lot of Imams refused that and said that all polytheists are the same regardless they are arab or not .

But also note that even this few Imams agree that arab polytheists must be killed if they refuse to enter Islam .

_ note : when an islamic rules is agreed by most of Imams and islamic schools , it's mean that it's a very proven rule in Islam . And when someone follow it , you can never say that he is not following the Islam . But is means that there's a second opinion by some Imams about the rule .

_ **Then after this introduction** , I mentioned fifty (50) sayings of prophet Mohammed companions and Imams that polytheists and atheists must be killed if they refuse to enter Islam .

_ **Then after that** , I mentioned three hundreds (250) of prophet Mohammed sayings that polytheists & atheists must be killed if they refuse to enter Islam .

_ And from these sayings , his sayings that after Quran verse (kill all polytheists and atheists whenever you find them) (Syart Al-Tawbah verse 5) , prophet Mohammed sent to all polytheists and atheists that you have four months and enter Islam , or he will go and kill all of them .

_ And his sayings that in wars they must not kill anyone say that he believes in Allah and prophet Mohammed . And the benefit of this saying that if you fight some people because they attacked you and fought you first ,

so it does not matter if they enter Islam or not because you fight them just to prevent they insult upon you . But when you say that the killing just stop if they enter Islam , it means that you are originally fight them to enter Islam .

_ And his sayings that they must not conquer any country if they hear the Azan in it . (Azan is the known calling for Salat in Islam) . And the benefit of this saying that of you fight some people because they attacked you and fought you first ,

so it does not matter if you hear Azan or not because you fight them just to prevent they insult upon you . But when you say that the killing just stop when hearing Azan , it means that you are originally fight them to enter Islam .

_ And companions sayings that he was sending to all kings and tribes that if you want peace , enter Islam . And this saying is considered as declaration of war . And in some sayings that this happened and when this message reached them they said it's the war .

_ And companions sayings that he was sending to christians and jews that they have one of three options , they must enter Islam , or they must pay Geziah with humiliation , or it will be war .

_ And his sayings that Allah ordered to kill all polytheists and atheists if they refuse to enter Islam and believe in Allah & prophet Mohammed .

_ And companions sayings that in conquer of Mecca , he did not kill some people called (Al-Tulaqa') because they entered Islam .

_ And companions sayings that prophet Mohammed invaded a tribe called Bani-Al-Mustaliq when they were planting & cultivating in their fields , because they already refused to enter Islam even if they were peaceful .

_ And companions sayings that prophet Mohammed sent some men to Idols in many countries to break and burn them , and he ordered them to kill

anyone try to stop them . Imagine if someone today enter temples of non-muslims and break all their Idols , what is this called or can war be started upon that .

_ **And his sayings that Eisa Ibn Mariam (Christ)** will return back in the end of days and follow prophet Mohammed and islamic rules and fight all christians till they enter Islam or they will be killed .

_ **And comapions sayings that** he sent to many tribes and ordered them to enter Islam and do Salat and pay Zakah or they will be killed .

_ **And his sayings , Invade** and conquer other countries to get the beautiful women from them .

__ This what made some people talk about this rule :

__ Some said , when you tell some people to enter Islam or you will be killed , what do you expect . Do you expect that they will stand in one line to butcher them one after one . Or that they will stand with each other to fight against you . What if this was made worldwide .

And also they will say that they did not start fight and they did not attack you , but you are the one who started the fight and you are the one who threated people by killing if they do not believe in you religion . And this already happened in many of the previous wars .

_ Some also talked about forced people who entered Islam . When you force some one to enter your religion or he will be killed , and he responds to you and enter your religion , how can you tell that he is convinced .

You tried to talk to them to enter Islam many many years and they refused . But suddenly when you threaten by killing , they entered Islam . This is not convincing . And in history , there are some sayings of comapnions that the hypocrites were one third (1 / 3) of people in Al-Madinah . They were muslims just to not be killed .

__ **Some muslims said that** all polytheists are immoral and unjust people , that's why they must be killed . But others answered on that by sayings that every religion on earth has immoral and unjust people , even in Islam , even among prophet Mohammed companions themselves .

A lot of islamic Imams and comapnions reported that some prophet's comapnions committed stealing , adultery , killing , etc. And there is a famous example in islamic book , that a prophet Mohammed's comapions stole some money from another comapion .

So , they took this man to prophet . Prophet Mohammed ordered him to swear to Allah that he did not steal , so he did . Then prophet Mohammed said that he is a liar and thief , but Allah forgave him because he is faithful muslim .

So , this is not an ordinary man but one from companions of prophet Mohammed . And he committed stealing and lying , and even in front of prophet Mohammed face to face . So , is there any left over factor of being religious ? and yet he committed stealing and lying .

Also another example , a man called Al-Ru'asi (one of prophet Mohammed comapnions) and his tribe attacked another tribe and killed their men and had

intercourse with their women . Then they came to prophet Mohammed and asked God for forgiveness , so God forgave them .

So , they also not random people , but they from companions of prophet Mohammed . And yet they committed killing and adultery .

And on the other hand , there are many non-muslims even polytheists that do not commit stealing or killing or any thing like that and some of them do not even hurt animals . This is a fact all people see it in real life .

And it's not just a fact , but prophet Mohammed himself said it . When some companions asked him about some non-muslim and polytheist people who were doing a lot of charity and good works then they died , are Allah will forgive them and enter them to Heaven ? He said no because they did not believe in him .

Also prophet Mohammed said that there were some alliances between polytheists , like Hilf Al-Fodoul & Hilf Al-Mutaiabin & Hilf Bani-Hashim & others . They united together to fight against unjust people .

__ **Some muslims said that** these sayings are not proven to prophet Mohammed . But others answered on that by sayings that all of his

companions reported these sayings about him . All islamic Imams agreed on these sayings and rules .

There are literally hundreds of trusted ways to these sayings . Are these people will say that all prophet comapnions and Imams do not know Islam until some people came after 1000 years to tell people about the right Islam ! Those are just people who create an imaginary version of Islam in their heads to satisfy themselves .

__ **Some said that there** are some Quran verse say that you should not force some people to enter Islam . But others answered on that by sayings that these are old rules in Mecca ,

then after moving to Al-Madina Allah ordered prophet Mohammed by new rules . So the old rules are void . Also some Imsms say that these Quran verses were said in christians and jews , not in polytheists and atheists .

_ Note : In Islam , rules changed over the years of prophecy of prophet Mohammed . In more simple words , something may be allowed today then tomorrow Allah prohibit it , and vice versa . And Muslims are ordered to follow tha last order or rule .

As example , if something was allowed yesterday then Allah prohibited it today , so it's prohibited . And if something was prohibited yesterday then Allah allowed it today , so it's allowed . There is an islamic term for this which is (Al-Nasikh and Al-Mansoukh) .

From examples of that , The Salat , there were only two Salat in first of Islam , then after many years it became five Salat . Can any muslim today say that the Salat is only two not five ?! Of course not , because the last rule made it five not two .

Also as example , the alcohol or wine , it was allowed in first of Islam , then after fourteen years it became Haram and prohibited .

Even if someone was still drinking it and refused to quit it , prophet Mohammed ordered to kill him . Can anyone say that alcohol is allowed today because it was allowed for 14 years ?! Of course not , because the last rule made it Haram and prohibited .

So , the orders that prophet Mohammed said in his last years were the last orders and did not change by other orders after that .

And this is the key in this rule . When someone tells you that there are some Quran verses that prevent killing non-muslims , tell his this rule . Killing polytheists and atheists were not allowed in the first of Islam , when prophet Mohammed had no power or army .

But after moving to Al-Madinah and had an army , he said that Allah ordered him to kill all polytheists and atheists if they refuse to enter Islam .

__ **Some muslims said that** there were already some wars between people at this time . But others answered on that by sayings there is a huge difference by some people doing something and saying that God ordered you to do it or he will punish you forever .

When some people say or do some things by themselves , you always can say they are wrong and no one should follow them , you can even fight them . But when they say God ordered us to do that and if people do not obey he will punish them forever , you can not easily say no and this is a completely different situation .

__ **Finally** , there might be more details and research in these situations to find the peace and peaceful relations between people because God is peace .
