Hon. O. C. Posbyshell,
Supt. U. S. Mint.
Philadelphia Pa.

Sir:-

The inclosed letter was received this a.m. I do not understand why I should receive such a letter when I resigned of my own accord. I tendered my resignation to W. S. Steel - Chief Coiner of the U. S. Mint, the first of last week, supposing him to be the proper one to resign to, as I have heard him say that all ladies employed in the Mint should resign to him. If he could not accept my resignation why did he not

pass it over to the Supt. ?
I do not recognize this letter
as being intended for me,
as my name is not Mrs.
E. A. Barrett, and it was not
correctly addressed. If it had
been I would have received
it ere this. I do not wish
to longer continue as an
employee in the U. S. Mint.
I would like to know why
my resignation was not
accepted, as it was sent in
before these were letters was written.
Will you kindly attend to this

Very Respectfully
Ella L. Barrett.

Hon. W. S. Steel
Chief Coiner.

U. S. Mint. Philadelphia Pa.

Sir: -

Finding that my health which has been seriously impaired for several months past is not likely to be so restored as to enable me to resume work in the Mint. For some time to come I deem it wise to tender my resignation as an employee therein, and this I would have done sooner only I thought that I might be able to return

To duty,
 Very Respectfully
