NAME OF PLANT, LABORATORY, OR ARSENAL: MIKI PLANT, THE KYOWA FACTORY.

This plant is in operation, having been converted to civilian necessaries production (Parts of bicycle) and the opinion of the plant authorities is recognized to be reasonable. Furthermore this plant was war damaged in Kobe City and evacuated afterward, therefore it seems that the available materials are extremely scarce.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO.

Application for exemption from withdrawal.

This is a factory that has been designated as objects for reparations and is engaged at present in the manufacture of parts of bicycles in accordance with a permission for reconversion granted as per the separate copy.

We beg to request you that you are good enough not to withdraw those which are mentioned in the remarks column of the detailed statement of materials which we have submitted to you as they are indespensable to the practice of custody and conservation of objects for reparations as well as to carry out the reconverted industry.

Shunji Koyama.
