DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 71070

Kobe, 27th January, 1947.

To : Lt. Col. R. Schafer,
Headquarters, Eighth Army,
Office of the Commanding General.

From : Director of Kobe Maritime Bureau, Ministry of Transportation, Kobe.

Subject : Request of Exemption for Stock Piles from the Procurement.

Sir,

The Eighth Army has ordered the Nippon Kensetsu-kogyo Tosei Kumiai (the Japan Constructional Industries Association) to investigate the Stock Piles in the designated factories as reparations removals for which we, Kobe Maritime Bureau, are willing to cooperate as a fair observer between the Investigation groups and the factories.

We found, upon attending the investigation, that Harima Shipbuilding Co., Matsunoura Factory fully understood the purpose of the investigation and cooperated, with a proper and exact atitude, with the investigation.

However, from the stand point of the administration of shipbuilding industry, we consider it absolutely necessary to let them retain the materials for shipbuilding and repairs in order to carry on their schedule which was authorized by the G.H.Q. of SCAP.

We, therefore, earnestly wish to ask favorable consideration of the Authority of the Construction Dept. of the 8th Army, upon making the schedule of procurement of construction materials.

Yours very truly,

S. Okada

S. Okada, ~~Director~~,
Kobe Maritime Bureau,
Ministry of Transportation, Kobe.

THE HARIMA SHIPBUILDING WORKS, LTD.,
MATSUNOURA FACTORY.

20 Jan., 1947.

STATEMENT

Subject: Stock-piled and Installed Materials and Supplies in Reparations purpose Plants, Laboratories, Military Arsenals and Navy Arsenals.

The report of the survey pertaining to the above-mentioned subject of our factory, ordered by the U.S. 8th Army, dated on November 19, 1946, has been shown to us by the General Contructors Association of Japan.

Since our factory was designated for the Reparation Purpose we have been continuing building new ships, for which permissions were granted by the SCAP as mentioned below, and are making wire-nails, re-rolled iron bars and bridge girders, etc.

We want hereby to call special attention to the fact that those items listed on the separate sheet of the report rendered by us with the Association's report are of dire necessity to carry on our factory operation.

Should these items be excepted from the procurement our operation in the future would not be hindered. We, therefore, earnestly desire those items will be free from the procurement.

S. Yokoo,
President
