The Wikiproject

Wikiproject Singapore is open to all Singaporean editors or editors who are interested in Singapore related topics

2 Singapore related Wikiprojects were created. One on 10 March 2005 and the other on 25 August 2006. While both projects were used together in parallel, it was merged into a single wikiproject on 6 August 2020, 3 days shy of the Singapore National Day on 9 August.

As of 6 August, we have

- 213 listed Wikiproject Singapore editors
  - 28 active members (who made 50 active edits in the past 365 days)
- 2 administrators
  - 1 active administrator
  - 1 de-sysopped administrator due to inactivity
The first articles and the number now

The first few Singapore related articles:
- [Cocos (Keeling) Islands](https://en.wikipedia.org/wiki/Cocos_(Keeling)_Islands) on 23 April 2001 by Koyaanisqatsi
- [History of Singapore](https://en.wikipedia.org/wiki/History_of_Singapore) on 27 May 2001 by Koyaanisqatsi

Number of articles
- 12,825 (Based on index of Singapore-related articles)
- 12,952 (Based on article assessment)

robertsky is semi-actively maintaining the Index of Singapore-related articles with a script. The index is based on a curated list of categories and respective sub-categories which we felt is a better indicator of Singapore related articles.
(for those interested in the indexing script, there is a demonstration session by robertsky at room 325 (same room) on 17 August (tomorrow) room 325 at 3.45pm (1545))
