POLICY OF ITALIAN CABINET OUTLINED

Giovanni Giolitti, New Premier, Given Ovation in Chamber of Deputies

Rome, June 25.—Giovanni Giolitti, Premier and Minister of the Interior, was accorded an ovation in the Chamber of Deputies yesterday when he announced the composition of the Cabinet formed on June 15 and in an address outlined the policy his Government would pursue. Among the points which came in for particular applause were the Premier's announcement of a modification of Article 2 of the constitution, giving parliament alone the right to make war, his declaration for some kind of control as to Italy's foreign policy and his demands for a reduction of army expenditures and concerning other financial projects.

Albania. Answering interruptions by the extremists concerning Albania Premier Giolitti said: "I have no hesitation in declaring that the Government is not in favor of a protectorate for Albania, but desires to see the independence of that country. The Premier said that Italy must without delay establish friendly relations with all nations as well as with her allies and without restrictions commence normal relations with Russia. He also announced the Government intends to commence vigorous measures to reduce high prices, and that it would ask parliament for power to deal with speculators.

GERARD WANTS RISH PLANK PLATFORM

Possible Candidate For Presidential Nomination Champions Irish Republic

San Francisco, June 25.—James W. Gerard, former ambassador to Germany, and mentioned as a candidate for the presidential nomination, arrived last night. Mr. Gerard said he figured a declaration in the platform to the effect that before the United States becomes a member of the League of Nations it request other members to release any nations under their domination that are capable of self government. Mr. Gerard said it would not be necessary to name such nations, but it would have the effect of giving freedom to Ireland.

Prohibition Plank. San Francisco, June 25.—Mobilization of Democratic national convention forces for the expected clash over a prohibition enforcement plank in the party's 1920 platform will approach completion to-day when W. J. Bryan arrives on the scene.

The Nebraskan is generally regarded as field marshal of the bone-dry element. He may also function as supreme commander of allied and associated interests opposed to President Wilson's platform views, and his arrival is expected to see battle lines for the whole platform sharply drawn.

While the enforcement question remained the outstanding issue with the factions as far apart as the poles, interest in other platform questions was stimulated by the presence of Senator Glass of Virginia, who is known to be fully advised as to the President's views on what the party should do on the League of Nations issue and situations advocates. Supporters of proposals to modify the Volstead enforcement act are claiming presidential favor for their proposition, but up to date Mr. Glass has not indicated what view Mr. Wilson may have expressed in this regard during the conference which preceded the senator's departure from Washington.

Rigid Enforcement. Mr. Bryan has already disclosed that he has a plank of his own to present on the enforcement question. He is understood to favor putting the party on record for rigid enforcement of the prohibition amendment to the full limit of the Volstead measure. Between this suggestion, which gained the support of Senator Owen of Oklahoma, first of the presidential aspirants to reach the scene, and that of the enforcement modifications advocates, the gulf is so wide that no possibility of compromise is visible, unless it should be based on an agreement to follow the platform of the Virginia Democrats and ignore prohibition entirely.

The bone dries have a working majority on the committee. That is admitted by the modifiers of what-ever shade of opinion. They also are credited with a slight majority in the convention itself; but the would-be rainmakers who view with alarm the present drought, are very hopeful this can be upset.

FRANCE DEMANDS REFORM IN RUSSIA

Recognition Depends Upon Assumption of Responsibility For Debts

Paris, June 25.—Premier Millerand, replying to an interpellation in the Chamber of Deputies yesterday, said that the resumption of political relations between France and Russia, was a matter clearly depending upon the Soviet's attitude.

"When the Soviet Government realizes that the first duty of a Government worthy the name is to assume responsibilities for the international engagement of the former Russian Government," said the Premier, "then we can talk with them; until then we can have nothing to do with a Government which is in reality no Government at all."

"We cannot deal with a so-called Government which, while apparently attempting to enter into negotiations with another Government, sends at the same time a message to the British workmen inviting them to start a revolution against that Government."

Concerning the League of Nations, Mr. Millerand declared that all the efforts of the French Government were aimed at making a reality of that institution.

The inference from his speech in political circles is that recognition of the Soviet Government depends only upon that Government's assumption of responsibility for the Russia foreign debt and the cessation of Bolshevik propaganda.

TO MAKE SEARCHING INVESTIGATION INTO VANCOUVER TRAGEDY

Vancouver, June 25.—Authority to conduct a most thorough and searching investigation into all facts in connection with the Balmoral fire was received yesterday by J. A. Thomas, provincial fire prevention officer. Captain Ian McKenzie and Inspector Walter Owen, of the provincial police, have been assigned by the Government to assist Mr. Thomas in conducting the inquiry.

COMB SAGE TEA IN HAIR TO DARKEN IT

It's Grandmother's Recipe to keep her Locks Dark, Glossy, Beautiful.

The old-time mixture of Sage Tea and Sulphur for darkening gray, streaked and faded hair is grandmother's recipe, and folks are again using it to keep their hair a good, as we are living in an age when a youthful appearance is of the greatest advantage.

Nowadays, though, we don't have the troublesome task of gathering the sage and the mussy mixing at home. All drug stores sell the ready-to-use product, improved by the addition of other ingredients, called "Wreth's Sage and Sulphur Compound." It is very popular because nobody can discover it has been applied. Simply moisten your comb or a soft brush with it and draw this through your hair, taking one strand at a time; by morning the gray hair disappears, but what delights the ladies with Wreth's Sage and Sulphur Compound, is that, besides beautifully darkening the hair after a few applications, it also produces that soft luster and appearance of abundance which is so attractive.

GOVERNMENT AWARE OF NATURALIZATION FRAUDS CANCEL CERTIFICATES

Ottawa, June 25.—(Canadian Press)—In answer to a question by H. S. Clements (Comox-Alberni) in the House of Commons yesterday the Government stated that it was aware of frauds perpetrated in connection with naturalization certificates, and was taking steps looking to cancellation of the certificates. There was no provision in the Naturalization Act requiring photographs on naturalization certificates.

SHIP ORDERS SURE IF AID GRANTED

France Desirous of Placing Contracts With Canadian Yards

Ottawa, June 25.—Thomas Vien, Liberal member for Lotbiniere, proved a warm advocate of the Government's shipbuilding assistance programme when debate on that measure was resumed in the Commons last night. Mr. Vien declared he had recently returned from France, and that millions of dollars' worth of orders for ships would come from France to Canadian yards if this assistance was made available. He said Britain had been subsidizing shipping lines in order to build up her great mercantile marine, and he believed that in the plans it had outlined the Canadian Government had made sure of ample security for the money it proposed to advance.

Three other Liberals, D. D. McKenzie, W. Jacobs and W. D. Euler, following Mr. Vien, condemned the proposed assistance. The former declared it was without precedent since Confederation. Messrs. Jacobs and Euler protested against aid being given to shipyards and furniture factories, Mr. Jacobs thought the members were entitled to increased indemnities before this money was given to foreigners.

TO CONSIDER STEEL MERGER PROPOSALS

Annual Meeting of Dominion Steel Corporation at Sydney, N. S., This Year

Montreal, June 25.—It is stated that the annual meeting of the Dominion Steel Corporation, which is to consider the merger proposals, will be held at Sydney, N.S., and not, as in former years, in this city. During the last three days a special committee has been in consultation over the terms upon which the smaller enterprises are to enter the consolidation. It is now generally regarded as definite that the Canadian Foundries and Forgings, Limited, and the Port Arthur Shipbuilding Company will be left out of the merger. The next step in the consolidation of the various enterprises to comprise the British Empire Steel Corporation will be taken to-day at New Glasgow, N.S., where the special meeting called to ratify the participation of the Nova Scotia Steel & Coal Company, Limited, in the big merger will be held. Saturday morning next the Canada Steamship Lines, Limited, call a meeting of the shareholders to approve of the acquisition of the Montreal Transportation Company by the former enterprise. Following this, another meeting will be called to pass upon the recommendation of the steamship directors that both properties form part of the British Empire Steel Corporation on the terms already announced.

PAST POTENTATE GIVES CHEQUE TO AID CHILDREN'S HOSPITAL

Portland, Ore., June 25.—W. Free-land Kendrick, of Philadelphia, who within a few hours will be Past Potentate of the Shrine, was presented with a cheque for \$7,900 to-day, 46th anniversary of his birth. The sum had been raised with the idea of presenting the retiring potentate with an automobile. It was decided instead, to give him the cash. Mr. Kendrick, after thanking the Shriner's attending the Imperial Council sessions, endorsed the cheque over to the Shrine project for erecting and maintaining a \$2,000,000 children's hospital.

CONVALESCENT HOME FOR MENTAL CASES

Hon. Dr. MacLean Speaks of Provincial Government's Plans

Vancouver, B. C., June 25.—Important statements of policy regarding the care of mentally deficient by Hon. Dr. J. D. MacLean, Provincial Secretary, and high priest by Eastern authorities for the leadership given by this Province in these matters, featured a public meeting held here last evening by the Canadian National Council of Mental Hygiene. Dr. MacLean announced that the Government was giving serious consideration to the establishment of a convalescent hospital to supplement the curative work of the institution at Esquimalt and prepare cured patients for return to the stress and strain of civil life. He also stated that every hospital should have a specialist in mental diseases on its staff, and that the Government should pay for part of his support, on account of the great public benefit which would accrue. He outlined a lengthy cause of insanity; prominent among which he mentioned heredity, and stated that parents of children who might be subject to hereditary influences of this sort should develop the resistance of such children by various tests and should train them for mechanical rather than mental occupations. Such children should be taught to avoid excesses and stimulants. He scored the immigration policy of the country, which had admitted so many mentally deficient people as evidenced by the large proportion of foreigners in the asylums.

WOMEN'S CONVENTION NEXT AT CALGARY

National Council Concludes Its Sessions at St. John, N.B.

St. John, N. B., June 25.—The deep regret of the members of the St. John local Council of Women and of the people of St. John at the departure of the members of the National Council of Women of Canada was feelingly voiced by Mrs. E. Atherton Smith, the local president yesterday at the concluding business session of the 27th annual meeting of the national council when she replied to flattering votes of thanks which were extended to those who had assisted to make the national meeting one of the most harmonious ever held.

The remaining business of the meeting was dealt with in a busy morning session, a short afternoon session and an evening executive meeting in the German Street Baptist Church at all of which Mrs. W. E. Sanford presided. Calgary was named as the next place of meeting, the third invitation of that city being most cordially accepted. A committee was appointed to gather information as to means of conserving home life, councils were urged to get information as to modern town planning, the founding of a national readers' union was decided upon, and the secretary was asked to send to Ottawa a resolution regarding the removal from Canada to the United States of valuable fossils and other natural wealth of the Dominion. Delegates to the international meeting were appointed as follows: Mrs. E. Atherton Smith, Mrs. Lady Drummond, Mrs. Smilie, Mrs. Ralph Smith, Miss Carmichael, Mrs. Horace Parsons, Mrs. Dignam, Dr. Ritchie, England, Mrs. Bruce Taylor, Mrs. Allen, Mrs. Woodhall, Mrs. Murphy, Mrs. Dennis, Mrs. Wolverson, Mrs. Watts, Mrs. Robertson, Mrs. Derrick, Lady Faulkner and Mrs. Massey.

QUESTION ON JAPANESE TREATY UNANSWERED

London, June 25.—When Premier Lloyd George was asked in the House of Commons whether the Government would consider the feeling that the Anglo-Japanese treaty should not be renewed until the British Government had time to study the desirability of the new government which will come into power in the United States next March, he replied that the British Government was aware of that feeling, but could make no statement on the treaty situation at the present time.

RUSSIAN REFUGES DESIRE TO CREATE COLONY IN CANADA

London, June 25.—Fifty men and women refugees from Petrograd, mostly husbands and wives, are just now lodged in a London poor law institution, and are desirous of going together to Canada to form a community. The Foreign Office has approached the Canadian authorities, intimating that if the Dominion is willing to accept them, the Imperial authorities would assist them in becoming established. These people are British subjects, bearing such common patronymics as Miller, Johnson and Smith, but owing to their perpetual residence in Russia many cannot speak a word of English. Because of their extreme desire to found a community among themselves, it is understood that the Canadian authorities decidedly hesitate about receiving them. These unfortunate folk talk largely, and doubtless sincerely, about possessing rouble in hundreds, which, in the present state of Russian currency, are really worthless.

HUGE HAILSTONES WRECKED BUILDINGS

Cheyenne, Wyo., June 25.—Hailstones as large as apples crashed through roofs of Hilldale, twelve miles from here, and reduced to farm buildings near there to kindling wood, according to telephone reports last night. No injuries were reported, but searching parties were sent out from Hilldale to the storm-swept district. An airplane piloted by Captain C. A. McKenzie of Cheyenne, was last reported at Pine Bluffs, near the storm-swept district. Some of the hailstones were said to be 15 inches in circumference.

HEART SO BAD

Was Not Safe To Leave Her Alone.

Miss Eva P. Yateman, Krugersdorf, Ont., writes: "I feel that I must write and tell you of the great benefit I have received from Milburn's Heart and Nerve Pills. About four years ago I was taken terribly bad with my heart, nerves and fainting spells, and was down in bed for about six months. I doctored with two different doctors and seemed to get better, although the fainting spells would not leave me. I would take such terrible falls, wherever I was, that it was not safe to leave me alone at any time. At last I decided to resort to proprietary medicines and took several different kinds, but seemed to receive but little benefit from them. One day noticing the advertisement of Milburn's Heart and Nerve Pills, I decided to try them, and before I had taken more than two boxes I could see they were "doing me." I have taken about ten boxes, and am almost cured of those terrible spells. I sincerely feel that your medicine has proved a blessing to me, and I advise any one troubled with their heart to try them, as I am confident they will find relief." Milburn's Heart and Nerve Pills are 50c a box at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

CORONER INQUIRING INTO BALMORAL FIRE

Vancouver, B. C., June 25.—With a long list of witnesses and a large number of deeply interested spectators present, among them being friends and relatives of the deceased, Coroner Jeffs and a jury opened the inquest yesterday over the victims of the terrible conflagration at the Balmoral Apartments on Sunday night, and started on the somewhat formidable task of ascertaining the exact manner in which each of the five victims of the fire met his or her death. Among the witnesses were many who reached the scene shortly after the fire was discovered, as well as many tenants of the block, the majority of them actual eye-witnesses of the desperate but unsuccessful attempt made by Charles Denney in his leap from the fifth story window. Many of the tenants who had escaped with their lives but who lost all their belongings in the blaze, were on hand to tell their version of the catastrophe.

UPROAR AT SOCIALIST CONGRESS IN MADRID

Madrid, June 25.—The fourth day of the Socialist congress was productive of an uproar when the Socialist deputy, Friso, accused the Syndicalists of interfering in politics contrary to their principles. A number of Syndicalists who were in the galleries descended to the floor and fighting ensued in which fists and canes were freely used by both delegates and spectators. After the disturbers had been expelled the Congress again took up for discussion the subject of joining the Third Internationals at Moscow.

POLICEMAN DROWNED.

Brandon, June 25.—Sergeant Alex Bryce, of the Royal Canadian Mounted Police, and a water rescuer, was drowned in the Little Saskatchewan River yesterday while bathing. The body was recovered.

Six thousand francs have been subscribed by members of the British Chamber of Commerce in Belgium, to found a "creeche" in each of the 16 communes of Greater Brussels, in memory of Gabrielle Petit, Belgium's national heroine.

RED CROSS TO AID NURSING SERVICE

Vancouver, June 25.—Arrangements for the co-operative working of the Canadian Red Cross nursing services and the various health authorities in the Province were made yesterday by the executive of the British Columbia branch of the Red Cross Society. Dr. J. G. Fitzgerald, professor of hygiene at Toronto University, and secretary of the advisory and consultative committee of the society, and Dr. H. E. Young, Provincial Health Officer, were in attendance, and a full agreement arrived at as to the details of such co-operation. The peace programme of the Canadian Red Cross Society is being actively pursued by the executive, according to John Ridington, who said

that the society had undertaken to train ten nurses for the work. There are at present five stations established at the following points: Waldo, Kermeos, Sayward, East Arrow Park, Magna Bay and Celista, at which fully qualified nurses are stationed. Working in co-operation with the different provincial and civil health authorities, the scope of work is large, said Mr. Ridington. The nurses were trained by the V. O. N., and the expenses, amounting to \$3,200, borne by the Red Cross Society. Other stations will be established at a later date.

THE BOARD OF COMMERCE.

James Murdock, the remaining member of the Board of Commerce, who has just resigned, declares in effect, if not in precise terms, that the appointment of the Board was merely pretence on the Government's part inspired by the Winnipeg strike; that it never was intended to perform the duties for which, the public was led to believe, it was appointed; that its chairman, Judge Robson, was not sympathetic with the policy of controlling prices, and that its activities were hampered by Ministers in the interests of profiteers.

How much justification there is for Mr. Murdock's indictment may be revealed when the subject is discussed on the floor of Parliament, although we doubt if a real, zealous investigator will have an opportunity of getting very far. There is ample evidence, however, that members of the Government, if not the Government as a whole, did not regard their child with the affection parents usually feel for their offspring. As Mr. Murdock says, the Board arose out of the Winnipeg strike, presumably to quiet public sentiment towards high prices which had become very acute. After making a bold brave start with its investigations it began to limp badly, conveying the suggestion that it was dragging something unusually heavy. Mr. Murdock asserts that this drag was interference by Ottawa in the interests of people making undue profits.

Whether this be true or not it is established that the Board did not do what the public expected it would do and what it could have done if it had been invested with adequate powers and given adequate support. It is now as dead as Julius Caesar and the Government is going through the farce of asking the Privy Council for a decision as to the Board's power to control prices, the Supreme Court of Canada having divided equally on the question. If the Government really was interested in the fortunes of the Board of Commerce and wanted to see it an effective agency for price control it would have introduced such legislation in the session now in progress as would make it in fact what it has been in pretence.

NEWS SERVICES.

In one of its periodical criticisms of the Canadian press for not developing a direct news service between Canada and the United Kingdom the morning paper to-day says:

"At the annual general meeting of the Canadian Press, Limited, held recently in Toronto, the question of a British-Canadian news service was considered, but what was done holds out but little hopes. The newspapers of this country do not appear to be sufficiently wealthy to establish a cable service of their own. The Canadian Press, Limited, so far as we know, has no arrangement with Reuter's, the Exchange Telegraph Company, or indeed with any organization of importance outside the Associated Press of the United States."

Its zeal in criticizing the service which supplies it, in common with all the other Canadian newspapers, with the bulk of its telegraph news, has led the critic into a number of inaccuracies. There has been for years a direct cable news service between Canada and the United Kingdom available to any Canadian newspaper which has been willing to pay for it. This service, conducted by the Canadian Associated Press, has been necessarily limited, it is true, but it is clear of all foreign influences. Our morning contemporary itself publishes British news received from this source, obtained through The Canadian Press, Ltd., of which it and the other Canadian daily newspapers are members.

The Canadian Press, Ltd., is now arranging for the development of a Canadian-British service on a comprehensive scale and definite, practical steps for the financing of the project were taken at the recent annual gathering of the Canadian publishers in Toronto, as our contemporary will realize if it will take the trouble to peruse the report of the meeting, which has just been issued. An offer of assistance was received from the British Government but the Canadian press, quite properly in our opinion, rejected it, the intention being to maintain the service entirely with Canadian resources and absolutely under the control of the Canadian newspapers. The present Canadian Associated Press service, of which our contemporary does not seem to be aware although it sometimes publishes its dispatches, thus will be merged into a larger cable news-gathering project which should furnish an effective service of British news to Canadian readers.

As for the general telegraph news service received by the Canadian newspapers through The Canadian Press, Ltd., it is excellent. The Associated Press, with which it has an operating arrangement and which was described by Mr. Lloyd George in the British Parliament as "a great and reliable" purveyor of news, co-operates with Reuter's and the various agencies of continental Europe, and on the whole covers the telegraph field effectively. Its service during the war was extraordinarily good. Admittedly its cable news is primarily intended to interest the majority of the people of this continent, which naturally deprives many readers of the Canadian newspapers of the intimate chronicles of British

happenings they wish to see; but this deficiency will be corrected by the elaboration of the service of the Canadian Associated Press, arrangements for which are now under way.

SUGAR NOT GOING OUT.

Much of the fact contained in Sir George Foster's letter to Premier Oliver in connection with Canada's sugar supply already was well known to the general public. It is satisfactory to observe, however, that the Dominion Government is exercising its power of control of exports, and that no permits for the exportation of this extremely scarce commodity are being issued. As long as the Government's decree is not evaded—and Sir George says the Customs authorities are working along appropriate lines—the people of this country will have the satisfaction of knowing that all the raw sugar it is possible to import will be refined in Canada and retained for Canadian consumption.

While the Minister's assurance that export permits are unobtainable, and have been unobtainable for several months past, meets the case we are reminded of an authoritative intimation which came from Halifax several days ago to the effect that thousands of bags of sugar had been piled up at that port for trans-shipment abroad. The people of this country are entitled to know if the facts are as stated, and if the bags actually left the country in defiance of the Government's ban.

STILL HARPING ON IT.

The Mayor of Vancouver has censured the two federal members for the Terminal City because, in his opinion, they did not endeavor to have the control of the British Columbia Electric Railway Company again vested in the Government of this Province. Mr. H. H. Stevens "goes for" His Worship and Mr. S. J. Crowe diplomatically "side-steps" the charge. Victoria is not concerned, however, in the difference of opinion existing between the Terminal City's chief magistrate and the two Dominion members; but we observe in the reply of Mr. Stevens the suggestion that "the Provincial Government's bill had been passed repealing the Public Utilities Act, accompanied by certain intimations that if it was found later that jurisdiction was restored to the Province, the bill could be and would be revived." Surely Mr. Stevens is mistaken about the "intimations." But what is behind the juggling act which seems to have been staged between Vancouver and Ottawa?

A WORTHY MOVEMENT.

The Great War Veterans of Winnipeg are preparing a plan to ensure the maintenance of harmonious relations between the British Empire and the United States, with special attention to the frenzied campaigns of Hearst on one side and Bottom on the other. Their proposal is for the war veterans' organizations of Canada to form a sort of entente cordiale with the service organizations of the United States, exercising their great influence in the direction of international amity and good-will and against the senseless and criminal agitators who are trying desperately to embitter the two branches of the English-speaking race against one another.

Whatever may be the outcome, the movement is worthy of the men who bore the heaviest burden in the world war. Further, some such step is unexpected, for if statecraft is unable to establish upon their sacrifices a system of international relations better than existed before, it is almost inevitable that an attempt should be made to accomplish this through other channels. The hope of civilization lies in the friendship of these two races, for it is becoming clearer every day that without the utmost cordial co-operation between them the world cannot recover from the war, which means that it cannot emerge from the fearful shadow of anarchy and ruin.

We believe this aspect of the situation is recognized and understood more fully in the Empire than it is in the United States, due to certain circumstances which it is not necessary to enter into now; but in time it will be widely realized by our neighbors, although the longer that realization is deferred the greater will be the opportunity of disturbers to sow seeds of discord between them. The movement initiated by the Great War Veterans of Winnipeg, therefore, contains inestimable possibilities for good.

OTHER NEWSPAPERS' VIEWS

MAKING HEROES OF THEMSELVES

(The Toronto Globe)

The shadow of defeat in the Commons now adds to the gloom produced by the knowledge that annihilation awaits the Government in the country at large. It has legally nearly two years of official life before it. In the depression produced by its unenviable condition, and for which it alone is to blame, it will not face the electorate so long as it is not forced to it by defeat in the Commons. Once regarded as an impossibility, that is not now so intangible a prospect. The majority of seventy seats that carried a mandate from the people in 1917 for clean, courageous and efficient control and administration in the carrying on of the war has dwindled to twenty-six. That, too, on an issue which the dominant factors in the Government as it is now constituted is their all-in-all. The process by which the support of the Commons and the people has been worn to the breaking point are writ large on the records of recent events.

"THE BANK"

(The Westminster Gazette)

The Bank of England, which may be demolished and rebuilt, was mainly, as we see it now, the work of Sir John Soane, who disinherited his dramatist son for a great and reliable purveyor of news, co-operates with Reuter's and the various agencies of continental Europe, and on the whole covers the telegraph field effectively. Its service during the war was extraordinarily good. Admittedly its cable news is primarily intended to interest the majority of the people of this continent, which naturally deprives many readers of the Canadian newspapers of the intimate chronicles of British

BAPTISTS ADOPT WESTERN BUDGET

Liberal Sum For Home and Foreign Missions; B. C.'s Share

A budget of \$177,000 was adopted this morning at the annual Baptist Church convention in Douglas Street Church, following the report of the Baptist Union, given by Rev. A. F. Baker, of Vancouver. This money will be spent in the home and foreign missionary work of the western provinces of British Columbia, Alberta, Saskatchewan and Manitoba. Out of this budget the sum of about \$13,000 is expected to come from British Columbia; \$55,000 is expected to be raised among the British Church people of the prairie provinces; \$1,000 from the Colonial Fund in England; \$10,000 from the Rockefeller estate, U. S. A.; and the balance from the Missionary Societies of Canada. Out of the budget it is intended that about \$15,500 will be spent in missionary work in British Columbia. The larger part of the entire budget will be spent in home missionary work in the four western provinces, and the balance in educational work for foreign missions.

Forward Movement. Rev. S. Sheldon, in reporting on the Forward Movement stated that satisfactory progress was being made, thirty-five out of forty-three churches having responded in pledges for an amount of \$25,485, with \$16,136 in cash. This came a little short of the \$50,000 allotted to British Columbia, but all circumstances considered is stated to be very creditable. Several churches which were not pledged to any amount have done exceedingly well in the Forward Movement for local needs, said Mr. Sheldon, nine churches having reduced their debts and provided building funds to the amount of \$7,200.

Three churches have undertaken to be self-supporting, thus relieving the Home Mission Board which supplements the pastors' salaries of \$11,200 annually. This sum Mr. Sheldon pointed out, if capitalized was worth a considerable amount, and was just as much a contribution to the Forward Movement as the money contained in pledges.

Very gratifying progress in the spiritual aspect of the Forward Movement was noted in Mr. Sheldon's report, and one effect had been the remarkable increase in the weekly church offerings, an amounting up his report Mr. Sheldon emphasized the fact that very substantial progress had been made.

MURDOCK EXPLAINS WHY HE QUIT BOARD OF COMMERCE

merely draw salary. We have been handicapped for months without a chairman and a proper staff and I am not going to take on the task of making a joke of the law with one commissioner alone on the Board without quorum authority.

"The people of Canada expect service from their government, and the Cabinet does not. His Reasons. "The reasons for my resignation given in this form (which I appreciate as you and others will, as unimportant, but possibly unheard-of) can be summed up as briefly as possible, as yet at considerable length, as follows:

"First, that the majority of the Cabinet of which you are the honored leader, are not and have never been in sympathy with the provisions and intent of the Combinations and Fair Prices Act and of the Combinations and Fair Prices Act.

"Second, that your advisers only recommended to Parliament the repeal of these Acts, and a temporary alarm incident to the Winnipeg strike, and other strenuous demonstrations by which the people demanded some means of controlling profiteers.

"Third, that as soon as the Board of Commerce Act and the Combinations and Fair Prices Acts were law, the Parliament of Canada and the honorable gentlemen in the Council of Canada and Members of your Cabinet at once began to undertake to minimize, to as great an extent as possible, what they believed to be the unnecessary and unfair provisions of these two Acts when applied to the business of those for whom these honorable gentlemen no doubt had first regard.

"Fourth, that the chairman appointed by your Government to the Board of Commerce was regarded by certain interests as being safe and sane in conserving to Canadian manufacturing and other large financial and business interests the generally unrestricted 'lawy' heretofore enjoyed by such interests in the taking of profits, determined alone by the so-called market price and governed by supply and demand, and that he was in full sympathy with high prices and against low prices," as he states in his letter to Sir George Foster on February 25.

"Fifth, that during the hundred and forty-five days that I was associated with the chairman as Member of this Board, he spent more time in Winnipeg or en route to or returning from Winnipeg in looking after his private affairs than he did in looking after the Board's matters.

"Unfortunate Influences." Mr. Murdock gives many more reasons, and why in his opinion a Board of Commerce is necessary.

In conclusion he says: "Will you permit me to add that in my judgment the present position of the Board of Commerce is the result of your unfortunate illness and necessary absence from Canada almost ever since the Board was formed. The Board, during your absence, fell under unfortunate influences. Its history would have been quite different if you had been here to care, as you personally have always cared, for its success."

Cotton. Another group of companies, which showed great reluctance to answer the Board's questionnaire, says the report has made large earnings or "windfalls" in cotton futures, which makes the windfalls possible, ought not to be charged entirely on the manufacturing operations. Possessed of the necessary figures, the Board states that it has worked out the profits of cotton companies during the past ten years, first upon gross sales, second upon capital stock and third upon investment (capital stock plus surplus). The figures are those of the companies examined. When averaged over a period of years some of the earnings appear almost minute, says the report, while others average from 10 per cent. to over 30 per cent. per annum on common stock throughout the eight-year period, 1912-1919.

The Board considers that, having disclosed that the profits of these companies have been greater during the war period than previously, and having disclosed average profits over periods including pre-war as well as war years, it has established its present purpose, to show that grounds exist for further proceedings with this inquiry and with action resulting in benefit to the public," the report concludes.

**SAANICH BURIES
MATCHET AND ENDS
BEACHES SQUABBLE**

**Councillor Brooks Steered
Reconciliation Plan Through
Saanich Council**

The Saanich Council last night declared an end to its differences with Victoria over the Elk Lake watershed question, by naming representatives to the Victoria-Saanich Beaches and Parks Committee, after a lapse of nearly two months since the resignation of the former members.

For some weeks past Councillor Henderson has been bringing up this matter at every council meeting seeking an adjustment, and last night Councillor Brooks also took up the fight for harmony.

It was far past 1 o'clock in the morning before Councillor Brooks was able to bring up the matter, and after pointing out that both Victoria and Saanich were suffering loss and inconvenience, because of the inability of the Beaches Committee to function without Saanich representation, he moved that amicable relations be restored and Saanich be again represented.

Councillor Dooley seconded the motion, and Councillor Henderson joined with him.

Reeve Watson in plain words indicated that no olive branches should be considered while the present city members of the Beaches Committee were sitting, stating it is said, for the meeting was behind closed doors, that he would have no dealings with any person other than Mayor Porter.

Councillor Terrell supported the Reeve, maintaining that the resumption of conversations would only lead to further trouble if the same men were to foregather.

Councillor Clark had been expected to favor the get-together movement, but some time after 1 o'clock he had left the Council chamber on account of the long drawn out discussion of previous business showing no sign of termination.

The new Saanich representation on the Beaches and Parks Committee will be Reeve Watson and Councillors Brooks, Henderson and Pim. The Reeve's signature, by the constitution of the committee, is essential to the issuance of cheques.

ARTHUR LEBEAU, of Winoski, Vermont, who declares he is now in the "pink of condition" and enjoying life for the first time in many years as the result of taking Taniae.

"Thanks to Taniae I am now enjoying life for the first time in years," recently declared Arthur Lebeau, foreman of the Porter Screen Co., Winoski, Vermont. "For five years I was a sick man. My principal trouble was indigestion. I had no appetite and generally went off to work without any breakfast because I knew if I ate anything it would only upset me."

"My condition was so bad that, I could neither sleep, eat nor work with any satisfaction, and was so nervous that the least thing would upset me. Nothing seemed to agree with me, and I would have severe cramping pains in my stomach and at times my heart would palpitate badly. I also suffered from shortness of breath, and the least little exertion would make my heart thump like an engine."

"At last I almost decided I would give up my job as I got so weak and miserable I felt I could stand it no longer."

"One night as I sat reading a paper I saw a statement about Taniae which convinced me it was just the medicine I needed. It helped me from the very first dose and at the time I had finished my third bottle, I hardly knew myself."

"I never have the slightest symptom of indigestion now and I feel like a brand new man in every way. My appetite is splendid, my nerves are steady and I sleep soundly at night. The work I used to dread now seems easy for me and I am now in the very 'pink of condition.' Of course, I am only too glad to recommend this medicine."

Taniae is sold in Victoria by D. E. Campbell, corner Fort and Douglas, and Lang's Drug Store, Esquimalt Road.

"How old is your baby brother?" asked little Tommy of a playmate.
"One year old," replied Johnny.
"Ah!" exclaimed Tommy. "I've got a dog a year old and he can walk twice as well as your brother."
"Well, he ought to," replied Johnny. "he's got twice as many legs."

Social Notes

A very pretty wedding was solemnized at Knox Presbyterian Church on Wednesday when Edith Matthews, eldest daughter of the late A. Matthews and Mrs. Matthews, of Belmont Avenue, became the bride of David Kenneth Glen, second younger son of the late Andrew Glen, of Karne Lochmirech, Scotland, and Mrs. Glen, now of Enderby. The bride, who was given away by her brother, Walter Matthews, was attired in a very pretty dress of white silk with over-dress of nylon trimmed with pearls, and wore the conventional veil and orange blossoms. The bridal bouquet was of white carnations and pink roses. Miss Alma Matthews, sister of the bride, looked very well in pink voile with net overdress and pink picture hat, and carried a bouquet of pink carnations. Mr. Parkinson was the organist, and the Rev. Dr. McLean, Victoria West, officiated. The church was very beautifully decorated by the ladies of the church, and Mrs. Miller, of Nanaimo, B. McCall, of Vancouver, supported the bridegroom. Miss Winnifred Bell, who was attired in a becoming pink organdy frock, with picture hat to match, sang very sweetly, "Because," just before the marriage ceremony was performed. The bride's only ornament was a lovely platinum brooch set with diamonds and pearls, the gift of the groom. The bridegroom's gift to the bride was a cameo ring, to the best man a pearl tie pin, and a vanity case to Miss Bell. After a short honeymoon in the Sound cities the happy couple will reside in Enderby. The bride went away in a smart traveling suit of navy blue serge with hat to match.

The wedding of Constance, daughter of Mr. and Mrs. H. Appleby, 335 Cloverdale Avenue, to Frederick William Hitchcock, son of Mr. and Mrs. Charles W. Hitchcock, "Fairview," Cordova Bay, took place on Wednesday afternoon at the Douglas Street First Baptist Church, Rev. M. T. Habershon officiating. The bride, who was given away by her father, was becomingly attired in a suit of fawn tricotine, with blue brocaded vest, and a picture hat of blue georgette, and carried a shower bouquet of white carnations. She was attended by her sister, Miss Elizabeth Appleby, gowned in grey satin and wearing a corsage bouquet of pink carnations. Miss Phyllis Appleby, who attended the bride as flower girl, was dressed in pink crepe de Chine and carried a bouquet of pink rosebuds. Walter C. Hitchcock, brother of the bridegroom, acted as groomsmen. After the ceremony a dainty buffet luncheon was served at the home of the bride's parents, Mr. and Mrs. Hitchcock, on the afternoon boat for Seattle, where the honeymoon will be spent, and on their return will take up their residence in this city.

The wedding took place at 8 o'clock last Wednesday evening of Ethel, daughter of Mrs. E. Banner, Sr., 923 McClure Street, to Charles Cummings, of Porros, Scotland, in the Reformed Episcopal Church, Rev. A. de B. Owen officiating. The bride was given in marriage by her brother, Charles G. Banner, and was attended by her sister, Miss Dorothy Banner, as bridesmaid, the groom being supported by S. Morrison. After the ceremony a reception was held at the home of the bride's mother, where the young couple received the congratulations of their many friends. Later Mr. and Mrs. Cummings moved to the Cadboro Bay Hotel to spend a few days, and upon their return to the city will reside at 923 McClure Street, until they sail on July 3 for California, where they will make their home.

A very pleasant little affair was held at the home of Miss Clearbush, 1188 Hampshire Road, when the closing exercises of her kindergarten class were held yesterday afternoon. Kindergarten games and songs occupied the afternoon. Little Peggy Fiddler, cock danced very charmingly a pretty "Nymph Dance." After the programme all marched to the dining room for tea. The table was very prettily decorated with flowers and foliage, and streamers of ribbon from the chandeliers made a very pretty effect which was much admired by the guests.

Miss Mary Isdale, who has been a recent visitor in this city, was married last Wednesday to Mr. Allan Cameron McNab, of Loehgill Head, Argyleshire, Scotland, at "Ellerslie," Hardwood Street, Vancouver, the residence of the bride's uncle, Mr. Alex. Morrison.

Mr. and Mrs. B. H. MacDonald, of 372 Thirteenth Avenue East, Vancouver, announce the engagement of their youngest daughter, Grace Hazel, to Mr. F. V. Homan, of Victoria. The wedding is to take place Tuesday, June 29.—Vancouver Daily Sun.

Mrs. W. H. Hill, who has been spending some time in Victoria, has just returned to Vancouver en route to her home in Toronto. Mrs. Hill is

WORTHY CHARITIES WILL BE ASSISTED

Gratifying Amount For I.O.D.E. Funds

A report of Alexandra Rose Day was made by Mrs. Albert Griffiths at the regular monthly meeting of the Municipal Chapter, I. O. D. E., held at headquarters yesterday afternoon, with the regent, Mrs. Curtis Sampson in the chair. As a result of the collection a number of worthy charities will be assisted. The report stated that the sum of \$628 had been the proceeds of the collections. The expenses incurred were only \$246. The committee submitted a recommendation regarding disposition of the funds collected, this being that after the percentage was paid to the Cripplegate in London, England, the balance should be divided equally among the following institutions: Jubilee Hospital Women's Auxiliary, Victorian Order of Nurses, Protestant Orphanage, Social Service, Children's Aid, Roman Catholic Charities and the W. C. T. U. Refuge Home. The thanks of Municipal Chapter were accorded to Rev. A. de B. Owen, D. Spencer, Ltd., whose premises were used as a headquarters, and to the proprietors of the various other offices and stores who kindly loaned their premises for the day, and also to the various workers.

Guests registered at the Glenislie Inn include: Mrs. D. M. Ross, Honorary Lieut.-Col. E. Mackie, Calgary; Mr. and Mrs. C. J. HARVEY LIKELY TO MANAGE CURFEW

Ex-Alderman Has Long Consultation With Mayor; Want Chime Tunes Regulated

Plans for the enforcement of the curfew law in Victoria were taken up at the City Hall to-day.

Ex-Alderman John Harvey, a warden at Christ Church Cathedral, was closeted with Mayor Porter for a long consultation over the question. It was said afterwards that it was likely that ex-Alderman Harvey would be called on to act in an advisory capacity to the civic authorities in bringing the curfew into force and relieve Alderman Patrick, head of the present committee in charge of the work.

It was explained that ex-Alderman Harvey has had extensive experience in curfew laws in England where curfew laws are enforced. Another reason why he is being selected in his connection with the Cathedral is this is considered important as it is proposed to use the Cathedral chimes to sound the curfew, as the electric light and brewery whistles are not available.

"I am sure you will find me glad to do anything I can to help this on," said the ex-alderman to-day. He explained that he had under consideration a plan for a sign that could be heard in every part of the city. This may be placed at the Cathedral as it is elevated well for covering the whole community.

Fairfield People Active.
J. A. Shanks, of Five Points, also arrived at the City Hall early to-day to take up the curfew question. Mr. Shanks said he was sent down by a large body of ratepayers of the Fairfield district, chiefly persons with families who are much interested in the curfew.

Mr. Shanks is appealing to Mayor Porter to see that steps are taken that the music played by the curfew chimes is not only appropriate, but distinctive, so that persons may not mistake the curfew for chimes summoning them to evening.

"This will be the great trouble," Mr. Shanks said, "unless some experienced man is placed in charge of the curfew. There are many persons, particularly elderly women, who like to attend evening services and who usually respond whenever the chimes ring. It would be distressing if such persons were summoned to church on a curfew alarm."

LANDLORD SUED

BY INJURED TENANT

Remarkable Case Has Sequel To-day in the County Court

William Worrell, boatman, in the County Court to-day before Judge Lampan and a jury, is suing Capt. Jacobson, his landlord, for physical damages caused to him.

W. C. Moresby, counsel for Mr. Worrell, explained to the court that his client was a tenant in one of the houses of Capt. Jacobson. The tenant decided to give up the house, and as he was moving things Capt. Jacobson passed the door and asked what was going on. There were a few words and then the captain took off his coat, kicked him, broke his leg and knocked him on the floor, according to counsel.

"Then," Mr. Moresby went on, "in the old method of dealing with sailors on a ship, he beat Worrell over the face with a rope."

Saw Stars.
"He first kicked me (the leg and I fell on the floor," Mr. Worrell swore when he went into the box. "Then the next thing I knew was that he was on top of me with a rope clouting me, and I saw stars. He was also hitting me with his fists when I saw stars. The next thing I knew was that my wife and my brother-in-law, Mr. Bennett, were trying to pull him off."

Mr. Worrell also swore that after that Capt. Jacobson went around picking up big rocks and threatening to brain him.

Broke Leg.

Dr. J. S. McCallum told of being summoned to the Worrell house at 874 Dunsmuir Road, Esquimalt. He found Mr. Worrell suffering from a fracture of the right leg and abrasions about the face. The fibula was broken one and a half inches above the ankle. The patient after the beating up had to go to the Jubilee Hospital to be X-rayed. The doctor stated that the patient had to be kept under his care for eight weeks and had his leg in a cast.

"He will have weakness in that ankle permanently," the doctor testified.

Besides the personal damages to himself, Mr. Worrell claims compensation for the loss of ten weeks time, doctor's bills, hospital bills and medicine bills.

Corridors of the courthouse are crowded with witnesses who have been summoned.

The jury consists of John Andrew Neary, Gordon Willson Newlings, Herbert Victor Bartholomew, Henry Gage Dalby, William Grant Gausman, Frank Higgins, K.C., is defending Capt. Jacobson.

DR. PATTERSON'S ADDRESS

Speeches Last Evening at Convention by Dr. Patterson and Erb.

Hundreds and thousands of the young people of this land only know the name of Jesus as it supplies a word to swallow with the Rev. E. W. Patterson, D. D., head of the Baptist mission work in Western Canada, told delegates last night at the B.C. Baptist Convention.

Dr. Patterson attacked those persons who, he said, were trying to relieve the home and the church from responsibility for this by laying the blame on the public schools. He also attacked the management of the church for not being up-to-date, getting new ideas and "pep."

"We have churches all over Western Canada to-day which are hooting it to the eternal how-ows because the men who head them are moving at precisely the same pace, using the same methods as their fathers did before them," Dr. Patterson went on. He added that too many churches have been growing upon the material without the power coming from within.

ST. ANN'S ACADEMY CLOSING EXERCISES

Pretty Programme Pleases Large Gathering; The Honor List

School closing exercises of the junior grades at St. Ann's Academy were held yesterday afternoon when there was a very large attendance of parents and friends. The evening there will be a musical programme, and awarding of diplomas and certificates. Hon. J. D. MacLean, Minister of Education will give an address.

Right Rev. Monseigneur Leternie presided yesterday afternoon, and after reading the promotion list addressed the parents and children, laying emphasis on the value of the companionship and advantages of their associations at St. Ann's and urging the necessity of a basis of religious life in order to carry out a successful and righteous life's work.

The junior girls daintily dressed in white marched in while the curtain went up showing on the platform the students seated tier upon tier on the stage. The programme then opened with the singing of the National Anthem. Following came a well-rendered Spring chorus with words adapted to Mendelssohn's Spring Song. The Misses Gwendolyn Spencer and Winifred Silburn gave a piano duet by Mozart, which was exceedingly well played and very pleasing to the audience.

The smallest girls gave two pretty choruses, first singing "One Day I Gathered Roses," and then "The Lark." The little tots in this number were warmly applauded as they well deserved to be. The piano trio, "Overture," by the Misses Margaret Adam, Doris Woolson, and Gertrude O'Leary, was a cleverly rendered number, also much appreciated. Very much enjoyed was the recitation by the Misses Lorna Cutler, Florence Cuddeford, and Margaret Sehl of the eighth grade. The trio's recitation explained the meaning of class colors, especially that of their own of blue and gold. This number was effectively terminated by the singing of the class song. The programme closed with the full chorus of "Beauty the Lord."

Testimonials of honor for good conduct and general application in various subjects are awarded to: Grade VIII—Helen Stewart, Edna Pentz, Augusta McKay.

IMPROVING TRUNK ROAD.
Port Alberni—In reply to an inquiry as to when the city might expect the Public Works department of the Provincial Government to be ready to commence work on the trunk road through Port Alberni, A. E. Foreman, public works engineer, has written to the City Council as follows: "I beg to advise you that this department is prepared to carry out this work, under the terms of the recent amendment of the Highway Act in connection with road improvements as far as the funds at our disposal will allow of. "District Engineer Col. Hodgins has been instructed to take this matter up with you and report to me when the necessary investigation has been made." The amendment of the Highway Act referred to provides that the Minister of Public Works may authorize an expenditure of 75 per cent. of the cost of permanent work on the Island trunk road through any city municipality of not more than 1,500 population, which provision includes the cities of Port Alberni and Alberni. The Council of Port Alberni has already made financial arrangements for its 25 per cent. share of the work through this city."

An American Manufacturer Wants Millions of Box Shooks Yearly From B.C.

The box manufacturers of British Columbia are being regarded by the large manufacturers of the United States to an ever increasing extent as a reliable source of high-grade cases, and an appeal to the Victoria Board of Trade by E. S. Burrows, of Laredo, Texas, for information as to the possibility of securing large quantities of box shoos locally, yesterday focussed a strong light on the possibility of expansion in this line of lumber manufacturing.

Mr. Burrows is plants in the city and they are now figuring on the costs involved in such a large contract.

A contract as that offered to British Columbia woodworkers runs into large figures for such a humble article as a wooden box. The usual price per thousand sets of shoos is around \$60, and while such a large order would make possible severe cutting in prices, there is little possibility that 2,500,000 sets could be supplied for less than \$125,000.

As the order would have to be filled in addition to the normal work available to the mills, it would probably be shared in by all the box factories in the Province, in order that the shoos might be delivered in the time specified. There would be work for approximately two hundred men.

skilled machine operators for eight months in such a contract, practically every dollar going into the pockets of white men.

ABOUT ALL WE CAN DO.
"Saving up for your vacation?"
"Not a bit of it. Saving up to pay for approximately two hundred men."

SAMUEL GOMPERS IN VICTORIA TO-DAY
Head of American Federation of Labor Here, En-Route to San Francisco

On his way to San Francisco to place labor's case before the Democratic National Convention next week, Samuel Gompers and party arrived this afternoon from the annual convention of the American Federation of Labor at Montreal.
Accompanying the international labor leaders is William Green, vice-president of the American Federation of Labor.
In regard to his mission to San Francisco Mr. Gompers had little to say beyond stating that he would urge the adoption by the Democrats of a plank in their platform satisfactory to labor. He had a little to say about the One Big Union and discussed briefly the organization of which he is the head and referred to labor conditions in general on this continent.
Local representatives of the Trades and Labor Council met him. He proceeded to Seattle.

From Ceylon's Hill Gardens
Lanka Tea possesses the two essentials of fine tea — it grows in the hill gardens of Ceylon which produce for the world its finest tea. It is blended with the consummate skill which alone achieves the exquisite flavor which greets you with your first cup of Lanka.
Lanka Tea is British grown and comes from Ceylon direct through Vancouver by the water route. This makes such a saving in freight charges and duties that Lanka, with all its super-fine quality, can be sold at a popular price. It costs only 75 cents a pound.
You want tea like Lanka. You will enjoy its captivating aroma, appreciate its rich sparkling color.
Order Lanka from your grocer. He has a stock of Lanka today. Leading dealers everywhere welcomed the opportunity to supply their customers with Ceylon's finest — the best value the world produces.

Boys' Central Cadets.—Cadets of the Boys' Central School Corps who intend to go to the annual cadet camp will parade at the school at seven o'clock Saturday evening for the issue of uniforms.
Elk Lake Subdivision.—Messrs. A. W. McMoran and F. Butterfield again waited on the Saanich Council last night to urge acceptance of a subdivision of the 200-acre Bayward property between Elk Lake and Cordova Bay. After considerable discussion as to road allowances decision was laid over until next meeting, the Municipal Engineer being instructed to report on the best locations, and the grades prevailing on the suggested roadways.
Timber Case Before High Court.—Garrard vs. Lund, the big timber case that set this year's time record in the Supreme Court, has reached the Court of Appeal. It is being argued there by D. S. Tait for the plaintiff-appellants, and Clarence Darling for the defendant-respondent.

DECAY OF CHINESE JEWS IS TOLD
Bishop White Plunges Into Forgotten Page of History

"The more one looks into the history of the Chinese Jews the more one is saddened at their decay," writes Bishop W. C. White in Israel's Messenger, the official organ of the Shanghai Zionist Association.
Probably there is no similar instance in history, where a strong Jewish community, such as the Jews of China undoubtedly were, after a continuous existence of nearly 2,000 years, in the midst of a strongly idolatrous people, and without much persecution to speak of, should finally succumb, and as a religious entity become non-existent.
A Great Influx.
There is no doubt but that there was a great influx of Jews into China during the Han Dynasty, about the beginning of this era. There had probably been Jewish traders in China many years before that, for the main route by which Chinese passed into the Roman Empire was through Antioch in Syria. In all probability they were Jewish traders who brought these goods from China, and for this purpose they would follow the main caravan route from Bagdad across Khorasan, Samarkand and Chinese Turkestan, into Kansuh, Shensi, Honan, and the other provinces of China proper.
From tombs of the Han and Tang dynasties, opened up during the last fifteen years, have been gathered clay figures of men and women, and amongst them are some in foreign clothing, with a distinctive Semitic type of physiognomy. These tombs are found in the western part of Honan, along the line of what was the main caravan route from China out into the West.

By Divine Command.
On one of the Raifeng Memorial Stones (1482) it is stated that the ancestors of the Chinese Jews came by way of Tienchuh—a name applied to both Persia and India—in obedience to the Divine Command, and that there were over seventy clans in this particularly large immigration, possibly an exodus from Palestine following the destruction of the Temple, and that they brought tribute, cloth, no doubt of cotton, for China at that time grew no cotton.
In early times there were many synagogues throughout China, and the Jews were both numerous and wealthy. From Chinese records we gather that there were four, if not six, synagogues in the city of Changgan (now Sianfu) two, and probably three, in the city of Kaifeng; one at least in Chienkiang, Hangchow; Ningpo, Loyang (Honnan), Nan-king and Peking, and possibly one in Ninghsia, Canton and Shehuing.

New Synagogue.
In 1163 the Emperor of the Sung Dynasty, whose capital city was Kaifeng, gave permission to the Jews to build a new synagogue in the national capital, in which to observe the customs of their ancestors, and to hand down their doctrines to their descendants. This does not mean that the Jews' colony was only established in Kaifeng at this time, for there is a reference in Chinese records to a synagogue which was in the Ning-yuen square of Kaifeng, which was traditionally reported to have been erected about the time of the incursion of the Western Tartars during the Tsin Dynasty (3rd to 6th C.).
It is quite possible that this Imperial recognition gave precedence to the Kaifeng synagogue, which tended to make it more permanent, which is why it has existed almost to the present, while of all the other synagogues there is no trace whatever. Moreover, at the end of one of the Hebrew books, formerly in the Kaifeng synagogue, and probably dating to 1629 A.D., there is a Hebrew record of Rabbis and Scribes which speaks of the city "anciently called Pienliang (Kaifeng), the Divine city by Divine help."

Is No More.
The synagogue of the "Divine city" is now no more. Only the site remains, upon which it is proposed to erect a suitable memorial to "this unique and pathetic fact of history." The two memorial stones and a few relics are being carefully preserved while an attempt, successful in a measure, is being made to organize the remnant of the Israelites into a trust. But these people, though they trust us fully and are on the best of terms with us, show little or no interest in religious matters, or in the history of their forefathers. The name their fathers went by, "Tiao-chin-chiao,"—silver-pickers—they have discarded for "Chiao-chin-chiao." Scripture teachers—though they now have no Scriptures to teach and no tradition to hand on, while they know nothing and practice nothing of the religion of their forefathers.

WORTH KNOWING.
Electric bulbs can be frosted by dipping in a solution of vinegar and Epsom salts.
Boiling water and washing soda will remove the musty odor from a closed teapot.
Time is saved by having a glass measuring cup in both the flour bin and sugar bin.
It is safer to keep onion out of seasonings unless everybody in the family likes it.
A good salad is sorrel mixed with shredded cabbage or lettuce, with French dressing.
Plenty of salt and pepper shakers add greatly to the family's comfort at the dinner table.
The shortening for pie crust should be mixed with a cold knife or the chopping knife.
A new vegetable known as the dashen is said to be a very nutritious and agreeable food.
It is seldom a good thing to wash silk covered comforters at home—the laundries do it better.
Lard and cream are good pantry remedies for burns if no other can be had. Soda is excellent.
Turkish towels and sheets can be put into the linen cupboard without ironing and much work will be saved.
A pinch of baking powder added to the flour when making the crust will make the crust very light and flaky.

CANADIAN NATIONAL RAILWAYS NEW TRAIN

LOCAL BOYS ARE CONFIDENT OF A WIN TO-MORROW

Local Lacrosse Team Strongest of Season in Game With Vancouver

According to all signs and laws of averages the Victoria amateur lacrosse team should win when it meets the Vancouver stickhandlers at the Royal Athletic grounds at half-past three to-morrow.

Since last week-end when a Victoria team was badly mopped up at Vancouver, the local boys have been practicing hard and getting into splendid shape. And anyway, on this occasion Lester Patrick will have a far larger number of men to pick from than he had in Vancouver.

Use Fifteen Men. Lester counts on using about fifteen men in the course of the game, thus keeping the team fresh all the time—something he was unable to do during the last battle.

Local Boys With Vancouver. Victoria fans will be given an opportunity to-morrow to see Frank Sweeney and "Dutch" Clegg, two local boys, in action with the Vancouver team.

PREPARATIONS FOR BIG BICYCLE RACE NEARLY COMPLETE

Route of Ride to Sidney on Dominion Day Fixed

Preparations are pretty nearly complete for the big long-distance bicycle race from Victoria to Sidney, to be staged by the Sidney Athletic Association July 1.

The competitors will be started by George L. Warren, President of the Victoria and Island Athletic Association, from the corner of Broad and Yates Streets, at half-past nine in the morning.

The greatest interest centred to-day in the international tennis doubles match as it was regarded as an index to the Davis Cup tie to be played off at Eastbourne by the French and American teams.

The big race is attracting a great deal of attention, and old knights of the wheel are hoping that bicycle racing is about to stage a comeback in Victoria, where it flourished in the last century.

President of Canadian Tourist Association Is Here

John Hooper, accompanied by his wife and son, arrived on the S. S. Governor from the South yesterday evening. Mr. Hooper is the President of the Canadian Tourist Association and is in the course of a 4,000-mile trip with a view to working up tourist travel throughout the length and breadth of the Dominion. Speaking in connection with the vacation period at the beaches of California, Mr. Hooper stated that some 15,000 Canadians had patronized the American coastal resorts, 1,000 of them from Winnipeg alone. The holiday makers were mostly from the cities, as the farmers and country people fell off in numbers below the average.

The balance of exchange will cause a bumper tourist season for the Canadian West, he thought, and that as the Mainland was too damp for many, Victoria would come in for an unprecedented share of the

tourist traffic this season. Mr. Hooper arrived from Los Angeles, and will proceed East over the Canadian lines to Detroit and so into the Eastern States. He stated that it was the desire of the Association to work in the closest harmony with Victoria, to the end of diverting tourist traffic this way, and predicted a busy season for the island. While staying in Victoria, he is a guest of the St. James Hotel.

GOVERNMENT AGENT TO WATCH SHIPBUILDING

Harry A. Barnett has been appointed to represent the Federal Government at the Chelberg yard, in connection with the building of the vessels under the Dominion Government loan by the Victoria Shipowners, Ltd. His duties will be to watch construction and other phases of the project, and to see that the ships are being put together in the manner fitting to the requirements of the situation. Mr. Barnett is well known in this city, and took up his new duties last Wednesday. He was Lloyd's representative on the Imperial Munition Board shipbuilding programme in British Columbia, and surveyor of the Bureau Veritas on the Foundation contract recently. In the Chelberg yard, formerly held up for want of the materials necessary, more men will be taken on next week, and the timber is on the way. Work is to be speeded up generally.

RUPERT FREIGHT TIE-UP RELIEVED BY OWNERS HANDLING

Freight Being Taken Off by Consignees at Northern Port

From advice received the longshoremen's strike at Prince Rupert is still in effect, but the situation is steadily improving. Local freight offices are accepting freight to be handled by the consignee, but no rail freights are being carried. The Chilliwack pulled out last night for Rupert with a capacity load of freight, to be taken off by the consignee. The C. P. Coast Service and the G. T. P. are also accepting freight under the same condition. The opening up of this palliative has slightly removed some of the congestion that the absolute embargo had created, and the freight sheds are assuming a more normal aspect. No word has been received of any negotiations with the longshoremen, but it is expected that settlement is nearer than before.

"SMART ALECKS" IN MOTORBOATS TO BE PENALIZED

Marine Department Aroused by Hoodlumism of Noisome Craft

A revival of the motorboat nuisance in the Gorge waters has caused an ultimatum to be issued by the Department of Marine and Fisheries here, where it is announced that prosecutions will soon be the order of the day.

A. J. Dallan tells of hundreds of complaints received from all sections of the public, stating that they have been treated in a most scandalous manner by a few ill-bred owners of motorboats. These few, it is stated, are rapidly bringing the whole class into odium, as they make it a pastime to rush backwards and forwards over the waters of the Gorge, trying deliberately to inconvenience canoes and other small craft there on pleasure bent.

Several cases of canoes being swamped and capsizing have been reported, and the situation has become such a nuisance that the marine authorities are tired of warning people and will make an example of the very next offender they observe. It is further stated that the Royal Victoria Yacht Club will co-operate in this, as it intimately affects their prestige as the courteous users of the motorboat. The complaint lies not with the more stately and quietly handled gasoline launch, but with the omnipresent and noisome "speed" boat.

Cases of deliberate "straffing" are on record, and the Department says that any repetition of the annoyance caused to the smaller craft will be met with the sternest measures of reprobation that may be possibly extracted from the Order-in-Council covering the subject.

It may not be generally known that there is an Order-in-Council dealing with speeding on the waters of the Gorge, which limits the rate to be travelled to "six miles an hour." It states, "Motorboats are prohibited from navigating the waters of Victoria Arm above Point Ellice Bridge at a faster rate of speed than six miles an hour, under penalty of \$20 for each offence." This Order-in-Council was passed in 1911, and can still be made thoroughly efficient in bringing the offenders to book. The occurrence has been under quiet observation for some time past, and the main offenders are well known to the authorities, who will take instant action at the next occurrence.

YUKON ATTRACTING MANY TOURISTS

Passenger Accommodation to North Booked For Next Two Months

The opening of the tourist season has commenced to Skagway and the northern points on the coast. All the local shipping companies are booked up for the next two months. There is a waiting list established and unless reservations are cancelled there is no possibility of obtaining immediate passage. The Princess Alice will sail to-night with every available space taken, and will alternate with the Mary on the northern route. The traffic is mainly tourist, while a few scattered Yukon-bound returning belatedly to their land. That the coming season will see an increase in northern traffic is the opinion of the local shipping companies. The tourist movement is attracting a number of Americans from all points across the line.

VISITING SHRINERS TO ARRIVE TO-MORROW

Jefferson and Spokane Here Saturday With 400 Shriners For Skagway

Due here to-morrow at 2.30 the Pacific Steamship Company's Spokane (Capt. Thomas Johnson), and the Alaska Steamship Company's Jefferson (Captain John Livingston) will bring 400 Shriners to this port, where they will visit their brethren of the Gizeh Temple before re-embarking for Ketchikan, Juneau, Sitka and Skagway on a special excursion.

The Jefferson and Spokane will sail from Victoria after a few hours in this port, and take the inside passage north, with Ketchikan as the first port of call. At present, the local Shriners of the Gizeh Temple are making elaborate arrangements for the entertainment of the visiting delegation. The excursion follows the attendance of the united Shriners at the Imperial Conclave at Portland, and apart from the excursion north, the Shriners are making their way home to the Eastern points, many coming by way of Victoria.

WIRELESS MEN RETURN TO SHIPS

Serious Situation Narrowly Averted by Timely Settlement

Telegraphic advices from London state that the striking wireless operators on the British boats have gone back to work and that shipping in Great Britain has resumed its normal run. For the first time since the imposition of the present wireless regulations, masters of ships of over 4,000 tons were permitted to sail without wireless operators and sets in commission. The Shipping Board made the exception in the present case, as shipping was being very seriously interrupted and the trade situation becoming rapidly and adversely affected. Negotiations between the Association of Wireless Telegraphers and the shipping concerns ended the strike yesterday. It is stated, the former body affirming that they have secured every guarantee of fair treatment and better consideration from a monetary standpoint. The strike, though short in duration, threatened to become one of the most serious in the history of the merchant service in Old Country waters.

ORIENTAL TARIFF BUREAU OPENS IN VANCOUVER

Large Attendance to Discuss Oriental Trade and Rates For Season

Vancouver, June 25.—With a large attendance of shipping men, including representatives of all the larger American and Canadian ports along the coast, the conference being held by the Oriental Tariff Bureau opened at the C. P. R. offices this morning. There were about forty in attendance, including about twenty visiting representatives. Sessions will be held during the afternoon and on Saturday morning. This conference was scheduled earlier in the month for Portland, but arrangements were changed.

It is expected that during the deliberations that freight and passenger rates in general will be discussed and the tariff for next year determined. It is the general opinion that the rates will be slightly advanced. These rates will apply to this port, Seattle, San Francisco, Portland, Los Angeles.

**WARNS COUNCIL
WILL MAINTAIN
EXTENSION FIGHT**

McKenzie Avenue Parent-Teachers' Association Continues Campaign

A strong deputation from the McKenzie Avenue Parent-Teachers' Association waited on the Saanich Council last night to ask for extensions to McKenzie Avenue School. William Stubbs pointed out that such undertakings as the hard surfacing of the West Saanich Road to the Observatory are of value to few residents of Saanich, and the tourists who benefit do not pay taxes. He claimed that children should come first when spending tax money was being considered. Reeve Watson pointed out that the School Board had made no request on the Council for funds for the extension, and until such a request was made the Council could take no action. "Personally, if the School Board makes such a request I would favor giving them the needed funds, provided we have the money," he said.

Suggests Overdraft.
Mr. Stubbs retorted that the Council could obtain any sums needed by an overdraft at the bank for later covering, either by a by-law at the end of the year or by next year's Council. He told the Council that the McKenzie Avenue Association would continue to press for improvements until action was obtained. Reeve Watson asked if the Parent-Teachers had had a formal request before the School Board and was informed that the Board had been asked, at a recent meeting of the Association, as to the possibility of additions being made and had replied that "the districts making the strongest claims would stand the best chance, as no less than four schools required additions and funds would not permit of all getting more rooms." "Well, that is no formal and official application," said the Reeve. Mr. Stubbs then assured the Council that the fight was but just starting, and if formal applications were needed by the School Board they would be made. "We certainly won't lose the chance of more accommodation for our children just because a little work and talking is required," said Mr. Stubbs amid laughter as the deputation filed out of the Council Chamber.

DOMINION

At Dominion this week, is May Allison in one of her new Screen Classics, Inc. Specials, "Fair and Warmer," the Selwyn and Co. success, by Avery Hopwood. The picture is an adaptation of one of the most successful farces ever presented on the American stage. Its run in New York for two years, and elsewhere for fully as long, and its extended vogue in London pronounce it that. The advent of Miss Allison, easily one of the most captivating and motion picture comedienne, in a new picture is event enough, but in so celebrated a piece as "Fair and Warmer" those who follow the screen here will be given an exceptional treat. Harold Lloyd is also seen in his newest comedy special. There are a lot of wise persons who are going to be puzzled when they see a certain scene in "His Royal Snyness," Harold Lloyd's newest laugh-provoker. This scene is that in which Lloyd, as the energetic young American book agent, gets into the room of the young Prince of Razzanastaz and they are found to bear a striking resemblance to one another.

TO-DAY'S AMUSEMENTS

Pantages—Vaudeville.

Princess—"Believe Me Xantippe."

Royal Victoria—Orpheum Vaudeville.

Dominion—"His Royal Snyness."

Variety—"The Woman in the Suitcase."

Columbia—"The Better Wife."

the manager of the theatre is married, after she has awarded in her dream to the point of making him comb his hair differently and remodeling the theatre into a "regular dump." An effective stage scene is being played in a small vaudeville house the day before Christmas, adds materially to the success of the act. The dialogue is bright and witty, with the famous Long Tack Sam troupe headlining, and motion picture features complete the bill.

VARIETY

Enid Bennett has stopped being the disillusioned young wife and in "The Woman in the Suitcase," at the Variety Theatre to-day is the devoted daughter of a father who isn't quite the ideal that she thinks he is. It's not a woman that is tucked away in Papa Moreland's traveling bag, as you might imagine from the title, but the photograph of a designing member of the sex. The picture is decorated with some highly incriminating sentiments that convince Mary Moreland, played by Miss Bennett, that her dad is in the clutches of an unknown villain named Dolle. She doesn't sit down and cry, or even tell her mother about it, but starts out to "show up" the siren and demonstrate to her father the error of his course. Needing an escort, she secures a young adventurer, Billie Fiske, by inserting an ad in the papers. Between them they evolve a scheme that lands them in a very jazzy cabaret that apparently has forgotten that July 1 was anything but a date. A bit of top-speed action follows, in which Billie beats up a bouncer companion of Dolle's and Mary proves to Mr. Moreland that a good home is more to be had than a heartless Cleopatra like Dolle.

COLUMBIA

Nigel Barrie, who is seen in the leading male role in Clara Kimball Young's forthcoming Select Picture, "The Better Wife," which plays at the Columbia Theatre to-day, is making his first appearance on the screen since the Great War came to a close. Shortly after declaration of war, Mr. Barrie left this country and went to England, where he joined the Royal Flying Corps. He soon won his commission and shortly after saw active service on the French front. Mr. Barrie was born in Calcutta, India, but he received his education in England and Heidelberg, Germany. His early career was in comic opera, drama and vaudeville. At one time he played opposite Grace George in "Half an Hour," and also played the lead in "The Laughing Husband."

PRINCESS

If you like a good comedy, clean and bright, don't miss the offering of the Mildred Page Players at the Princess Theatre for the balance of the week. "Believe Me Xantippe," a four-act comedy replete with thrills and laughs, without which a play would never be complete. "Believe Me Xantippe" is a slang phrase that gets a young gentleman of a sporty, big nature into considerable trouble, but a young lady, a sheriff's daughter, gets him out of the trouble, for which he repays her by falling in love with her. Miss Page and Byron Alden in the leading roles have excellent parts and certainly make the cast will appear to good advantage. Next week's offering, "Nothing But the Truth," should prove even more of a hit than the present offering, as it is one of the latest hits from New York city.

PANTAGES

An important feature of this week's bill at the Pantages is "Air Castle Kate," a piquant sketch of back-stage processes and sentiment presented by Jessie Hayward and company. Kate, as portrayed by Miss Hayward, is an actress school-grad to hard work and disappointment, somewhat cynical, but still hopeful of a home of her own with mythical "Jim" to hog the Morris chair. Meanwhile, she is kind to an actress young in the business, who falls to "get across," and her bits of advice and encouragement are gems of comedy. Kate's latest "castle" crumbles when she discovers that

LATEST PRODUCTION.

Introducing Gloria Swanson and Bebe Daniels, catch-as-catch-can batters extraordinary, at Dominion this week, is a comedy, who for the benefit of a battery of cameras, these two talented members of Cecil B. DeMille's all-star motion picture company, recently staged a battle that will go down in screen history

Stops Hair Coming Out; Doubles Its Beauty.

A few cents buys "Danderine." After an application of "Danderine" you cannot find a fallen hair or any dandruff, besides every hair shows new life, vigor, brightness, more color and thickness.

Only for ladies who end corns

Dainty shoes are only for those who end corns.

The way is simple, quick and easy, and is sure. Millions of people employ it.

Apply Blue-jay, the liquid or the plaster. That touch will stop the pain.

Then wait a little and the corn will loosen and come out.

Then why does anybody suffer corns? Just because they don't know. They

pare corns and keep them. Or they pad them. Or they use a treatment harsh and ineffective.

Blue-jay is scientific. This world-famed laboratory created it.

Year after year, it is keeping millions entirely free from corns.

Perhaps half the corns that start are now ended by it.

Ask your druggist for Blue-jay. Learn tonight how much it means to you.

as one of the wildest and most destructive hand-to-hand conflicts ever filmed.

The fight was promoted by Cecil B. DeMille in the interests of his latest Paramount Artcraft production, "Why Change Your Wife?" which is coming to the Dominion Theatre next week. Mr. DeMille acted as referee, timekeeper—and, incidentally, director.

Of course, the battle was over a man. The gentleman was Thomas Meighan, and he was about the only person at the studio who did not witness one or more rounds of the scrimmage. His role required him to slumber peacefully through the series of scenes.

"Why Change Your Wife?" which has been filmed with all the DeMille artistry and eye for beauty, was written by William DeMille and scenarized by Sada Cowan and Olga Printzlau.

MISS DEAN'S NEW VENTURE.

After resting more than three months following the completion of her recent production, "The Virgin of Stamboul," Priscilla Dean, Universal's leading star, is about to begin work on another big feature.

The new story has not yet been named, but it is the work of Tod Browning, who directed Miss Dean in her last photoplay and who also will supervise the next production.

Two score scenarios were considered as Miss Dean's next starring vehicle, and "all-of them were finally turned down as unworthy of her talents. Universal wanted something entirely different.

Miss Dean visited Victoria last year, and appeared at the Variety Theatre.

PRECISELY THE REASON.

Manager—Thomson, you're discharged.

Clerk—But I've done nothing, sir, absolutely nothing.

Manager—Exactly. That's why you're discharged.

FOUR HOURS IN SECRET SESSION

Saanich Council Has Lively Interchanges Regarding Engineering Department

The secret session germ last night secured a footing in the Saanich Council, when Reeve Watson cleared the Council chamber while the Council discussed questions affecting the operation of the Saanich Engineering department.

That was shortly after nine o'clock, and for more than four hours the Council apparently battled over charge and countercharge. Every few minutes Engineer Milne would visit his files to secure documents with which to meet the insatiable demand for facts.

At times the arguments waxed warm, the clamor of voices all talking together at a high pitch echoing throughout the Municipal Building, and it was evident from the weary appearance of the Councilors as they trooped from the Chamber towards two o'clock in the morning that the session had been anything but one of pleasure.

LETTER FROM MRS. WAKELIN SUGGESTS BAMBOO AS PAPER SUBSTITUTE

Tells Remarkable Story of Sickness and Recovery

Toronto, Ont.—I suffered greatly from weakness, seemed to be tired all the time, and had no ambition to do anything or go any place. My nerves were in bad shape, I could not sleep at night, and then came a breakdown. I read of Lydia E. Pinkham's Vegetable Compound and several of my friends advised me to use it and it surely put new life into me. Now I am quite able to do all my own work, and would strongly advise every suffering woman to give Lydia E. Pinkham's Vegetable Compound a trial. Mrs. CHARLES WAKELIN, 572 Christie St., Toronto, Ont.

The makers of Lydia E. Pinkham's Vegetable Compound have thousands of such letters as that above—they tell the truth, else they could not have been obtained for love or money. This medicine is no stranger—it has stood the test for more than forty years.

If there are any complications you do not understand write to Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass.

PICNICS ARE NOW FAVORED BY MANY

Some Engagements Announced For the Week-end

Arrangements are well under way for the Amputation Club picnic to be held on Saturday. Member and their friends are looking forward to an enjoyable outing. Two Veterans' night-seeing cars have been generously placed at the disposal of the club for the afternoon, and members of the Rotary Club have also arranged for the transportation of a number of the party in private cars.

The conveyances will leave the city at 2:30 to-morrow afternoon from the foot of Four Street, below Government Street, and proceed to Butcher's Gardens at Tod Inlet, where a pleasant afternoon amid the beautiful surroundings is anticipated. The members of the committee hope that as many amputation cases as possible, whether members of the club or not, will participate in the outing. The members are all returned men and most of those who are able have already signified their intention of going.

The ladies of the committee and other ladies interested will meet this evening at the Next-of-Kin rooms at Government Street to complete the arrangements for refreshments.

"Early Birds" Picnic.

St. Paul's Presbyterian Church Sunday School, Victoria West, has completed arrangements for the annual picnic which will be held this year at the Willows Beach. At 9:30 a. m. next, Thursday, a B. C. Electric car will be at the corner of Henry and Catherine Streets to convey the "Early Birds" to the picnic grounds. W. H. McDonald, superintendent, will make a full announcement at the Sunday School at 2:30 p. m. next Sunday. The plans made will provide for a day of wholesome enjoyment for all the children, their parents and their friends.

Sidney Picnic.

The Sidney Public School picnic has been arranged for to-day at the Experimental Farm. It was expected to convey the children from the school to the grounds in automobiles.

Centennial.

The annual Sunday school picnic of the Centennial Methodist Church will be held on July 1 at Telegraph Bay. The scholars of the school will ride free, while the fare for adults will be twenty-five cents return. A large attendance is hoped for, and all can be assured of a good time. The picnic will be a family picnic. A good programme of sports has been arranged.

TO SEE RARE PHENOMENA.

Natural Historians to Hold Exploration Tour on Saturday.

Members of the Natural History Society of B. C. under their president, W. N. Kelly, will hold their summer field meeting to-morrow at Glen Rosa, the estate of Mrs. Reid. Rare phenomena will be studied by the local scientists. The party will leave the Douglas Hotel by special cars at 1:15 o'clock.

Last Saturday the scientists went by interurban to Heal Station to Norfolk Lodge, the large Oldfield estate, which commands the valley northwest of Elk Lake. Mr. Oldfield conducted the party over his gardens, filled with rare plants brought from many parts of the world. Mr. Oldfield showed how he had succeeded in producing all sorts of exotic specimens, although the site of his garden is a rocky bench on the hillside.

Mrs. Oldfield took the party inside the big mansion, built mostly of solid granite, for tea and for the inspection of curios.

123 THE PRINCE OF WALES HOTEL

The further the pulp-wood question is investigated the gloomier is the situation revealed, says The London Times. Last November the price per ton in Scandinavia of mechanical pulp was 120 kronen. To-day it is 230. So far as can be discovered, there is nothing to prevent the Scandinavian Association, that virtually controls the market, from raising the price to 600, or even 800, kronen unless something is done quickly to take the monopoly out of their hands. Meanwhile the profits made by the exporters are vast and growing, and the position of the importer becomes steadily more difficult and the situation in the paper trade at home more and more acute.

Not until the supply of mechanical pulp-wood is enormously increased will the position in the paper trade become easier, and the view held in the trade is that that can be accomplished only by the consumer building his own mills and producing the pulp himself.

Where is he to do it? Only a fraction of the resources of Canada have been tapped yet. The vast region lying between Hamilton Inlet and Lake St. John holds a supply of the right sort of timber, waiting only to be used, and sufficient to supply the requirements of the country for years to come. Milling is done to-day could be working in 18 months.

Bamboo For Paper.

Professor Dunstan, discussing the crisis in the paper trade, suggested substitutes for the pine and spruce pulp, the bulk of the world's paper is manufactured. Much valuable work is being done at the Imperial Institute in experimenting with various wood substitutes. In Professor Dunstan's opinion bamboo is by far the most helpful of the new substances upon which tests have been carried out.

Esparto grass, which grows in great quantities in Tunis and Morocco, has excellent qualities, but to be used with success it would be necessary to work it up to what is known technically as "half stuff" where it grows.

In Australia straw and Karn wood promise well and the latter might be used, also, in India and Uganda. Uganda has a great asset in the Masani grass. But the bamboo, said Professor Dunstan, promises more than any of these.

In Professor Dunstan's opinion the best way to get over the present difficulty is for consumers to form an association of their own, much on the lines of the British Cotton Growers' Association, to encourage and plan the production of pulp in the colonies and dependencies.

THREATEN BOYCOTT OF NORTHERN CITIES

Serious Situation in California to Prevent Northbound Traffic Moving

Threatened by a boycott of cars from California, owing to the gasoline situation, Herbert Cutbert, Executive Secretary of the Pacific Northwest Tourist Association, has just sent a letter to the secretary of the Automobile Club of Southern California and to the secretary of the California State Automobile Association.

"Desire urge extreme gravity of request made by your club, page nineteen, June Touring Topics. The adoption of such a course by any considerable number of motorists will cause great and unrecuperable loss to resorts in which millions are invested, and cities of Pacific Northwest and suggest it be withdrawn. The next ten weeks is the height of the tourist season and you are practically asking all California cars to stay away from the Pacific Northwest. Of course California's principal tourist season is practically over but ours is just beginning. We urge you with us to take this short-ages up with the U.S. Government. A rise in price would not be so serious as a curtailment of supply. In any case reasons for shortage should be investigated. The Summer vacation of thousands of automobilists will be sacrificed for no apparently justifiable reason."

A Serious Situation
The following is the item which appeared in Touring Topics, and I presume in every automobile magazine and automobile section of newspapers in California. This is a most serious matter, as you will realize, and I hope that besides dealing with it yourself you will bring it to the attention of your editor-in-chief.

"An Appeal to the Motorists of Southern California

"In order to avoid what may develop into a serious situation, all touring car owners of the Southern counties are requested to comply rigidly with the conservation policy necessary in view of the available quantity of gasoline at present. This conservation should be practiced for a period of ten weeks, at which time it is believed that conditions will again be normal. We urge that all do their share."

"Automobile Club of Southern California."

Highway Building.
Unfortunately this is not all, for the following item appeared in the same magazine:

"For the first time in its history, the Automobile Club of Southern California (and the California State Automobile Association) is recommending a temporary cessation of state highway building in California."

This recommendation was submitted to Governor Stevens by officials representing these two big automobile associations.

The reason given is the high cost of construction, and under such high cost it is impossible to carry out the programme they had when the bonds were voted upon. They propose to wait until the cost is reduced to its former basis. They may have to wait for the millennium before that happens.

To me it seems as if California, by curtailing its good road programme (if it refers to uncompleted sections of the Pacific Highway) and the embargo on gasoline, is practically shutting off the Pacific Northwest from the automobile tourist travel this year.

This is an immeasurable loss to us, but it works out as a very considerable gain to California itself, as it will be a most effective means of inducing the California people to spend their vacations in their own state. Their tourist season is over. They have the money in their pockets, and if their suggestions are carried out they will also retain the vacation money of their own people.

This is how it seems to me. I am sending this to you, to the secretaries of our automobile clubs, and to the publicity secretaries of our principal chambers of commerce, so that some general action may be taken immediately.
