P R E F A C E

We take pleasure in presenting Vol. XXV of the Charlotte, N. C., Directory which will compare favorably with any directory published.

Charlotte is growing and growing fast, and well it may, for it has the natural and commercial advantages for growth surrounded by a good farming section, four railroad lines with over a hundred trains in and out of the city daily. The center of the textile trade for the Carolinas where textile machinery is either manufactured or where branch offices of textile machinery dealers are located. The home of the largest hydro-electric company of the United States which furnishes power to many of the mills of the Carolinas. The headquarters and relay offices for the Carolinas of the three largest telephone and telegraph companies. A large automobile tire manufacturing plant is located here. A branch of the Ford Motor Company, handling all the business for the Carolinas. The Southern Market for dyestuffs and chemicals; a large distributing point for motion picture films and the headquarters of the Carolinas of over 200 large corporations of national reputation. The largest banking center of the Carolinas with deposits around \$35,000,000.

Commission form of government.

An educational center, both public and private schools ranking among the best.

We wish to thank the public for their courteous way of giving information and our patrons for their support.

Population with suburbs 70,452.

March, 1925.

Numerical Telephone Directory of Charlotte, N. C.

NOTE—This is a department which we have added to the Charlotte Directory and which we think will be found very useful to our patrons. A business man on the return to his office is often requested to call such and such a number, without having the slightest idea to whom he is to speak. Before calling your number, a glance at the following list oftentimes will prove to be a source of great relief.—Publrs.

ADVERTISING

is what nothing was ever sold without. If a loaf of bread is sold to a tramp who managed to glom onto a jitney, it had been advertised by the tramp's hunger and by somebody who told him where the bakery was. Or by the window of the bakery itself. There isn't a human being who doesn't believe in advertising. If he really doesn't, he had better commit suicide. And that will give him a lot of publicity that nobody can cash in on.

The man who claims not to believe in advertising is a—well, you know what Ananias was. This boob is too anxious for everybody to tell other people that his place is a good one to trade. But isn't willing to give the advertiser anything for telling the other folks. He is to use a modern term, a something-for-nothing tightwad. The man who puts on good clothes advertises his own respectability, and expects results in the shape of the respect of others. The man who dresses poorly because of necessity or purposely, advertises his poverty and expects results in other people's help or contempt. The doctor claims it is unethical to advertise, but he wants the newspapers to mention every time he has a case. The same is true of a lawyer. In fact, every honest person wants the right kind of advertising. Only dishonest persons are afraid of it, and they get it anyway.

First Mortgage Loans

For the greater development of the Piedmont Section, in the upbuilding of which we have been active for years, we are offering to negotiate loans in large or small amounts on approved first Mortgages.

Our mortgage loans are credit extensions in the interest of better business, and it is a matter of satisfaction to us that we are able to supply such credit for the development of worthy enterprises in this section.

1. Special loans are made to help finance the construction of apartment houses, hotels, office buildings, etc.

2. Loans on modern business structures already completed and of required earning power.

3. Loans on residences of modern construction located in desirable residential sections.

We invite inquiry as to our plan. We welcome the opportunity to help constructive enterprises. We promise a service unexcelled in efficiency, and always courteous and co-operative in spirit. If you are in need of a loan, call us and it will be our pleasure to serve you.

A STORE OF CHARACTER

Here you will find every evidence of character for the furnishings of the entire home as well as an unceasing desire to render to its patrons courtesy, and to the entire community a service that will be well remembered as the years go by. Furniture for your mansion or your cottage may be found on our floors from the cheapest that's good to the best that craftsmanship can produce. There are no tastes too odd to be satisfied in this store with the merchandise that we sell.

OUR SLOGAN IS: CHARACTER FURNITURE

CHARLOTTE, N. C.

A HIGH GRADE INSTITUTION FOR THE
EDUCATION OF YOUNG WOMEN

Christian Ideals constantly held before the Students; Christian Characters in the chairs of each Department; Christian Atmosphere permeating the Student Body.

Location, the very best: Myers Park, Charlotte. Equipment rapidly reaching standard requirements. Curriculum equal to that of any institution in the State. Expenses very moderate indeed, considering advantages offered and work done.

Our Motto: "Christian Women for Christian Homes." Send us your daughter, support us in our administration and instruction, and we will return a thoroughly developed and fully refined Christian woman.

JOHNSON C. SMITH UNIVERSITY

(Formerly Biddle University)

CHARLOTTE, N. C.

The Institution was founded 1867 under the auspices of the Northern Presbyterian Church and is chartered by the State of North Carolina.

The Institution offers courses in the following departments:
High School, Liberal Arts, Pre-Medical and Theological.

The completion of eight grades of Grammar School work is the requirement for entrance to the First Year High School.

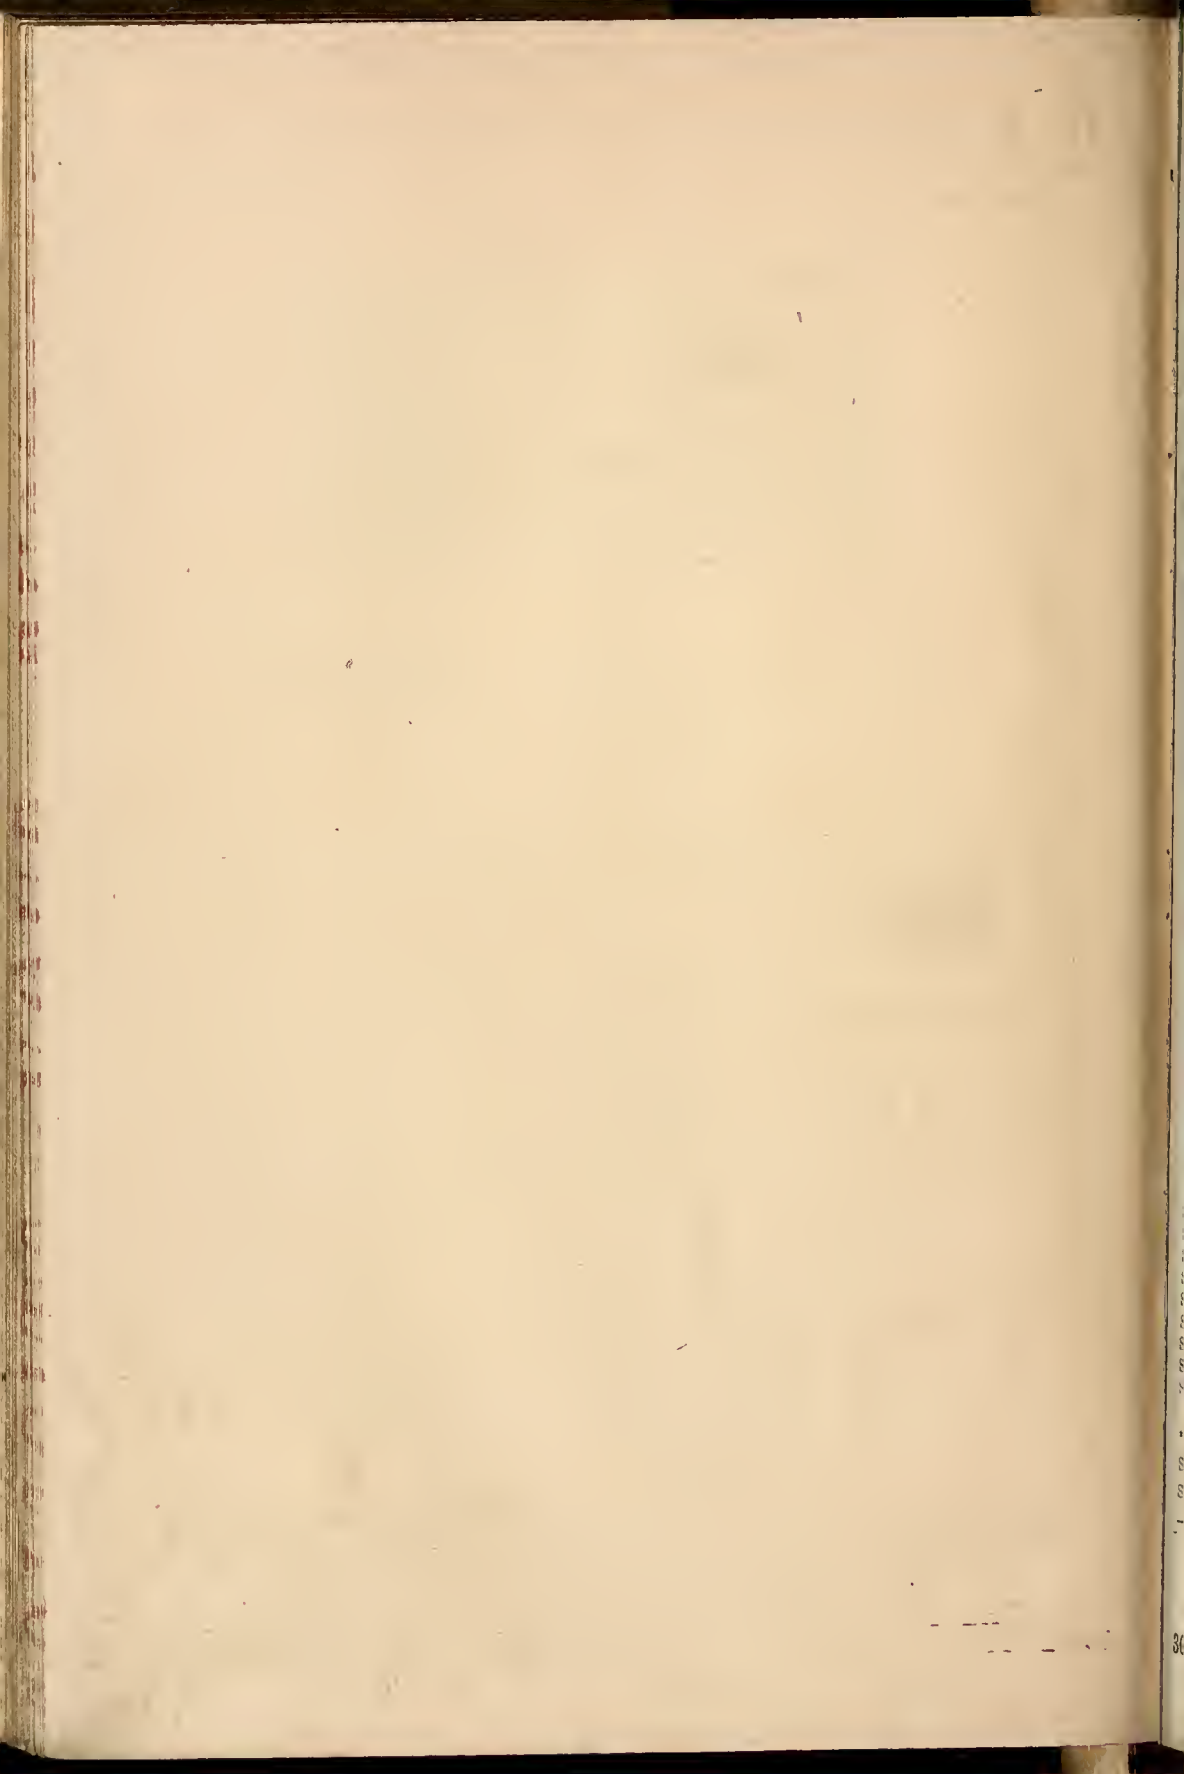

Fifteen units of secondary work are required for entrance, without condition, into the Freshman Class or to the Pre-Medical Course.

The Theological Department offers two courses, each consisting of three years. The first is purely English. Greek and Hebrew are taught in the others.

It has been stated by the North Carolina State Board of Education that the Science Hall recently erected at the Institution is one of the best in the State as to structure and equipment.

TIME WAS

WHEN business men had
to content themselves
with poor printing or send
orders to far-away cities.
Such is not the case now.
We are now turning out *high
class work*, and we are at
the head of the procession.
Don't send your work away,
turn it over to us and see
how well we can serve you.

PRINTING

In Fact, Anything You Want in the Printing Line
Our Aim Is Good Workmanship
and Prompt Service

Ever since the day Ben Franklin revolutionized the world by his first sheet fresh with printer's ink, the printing industry has come to the front by leaps and bounds. Today printing is an absolute necessity.
