CHRYSANTHEMUMS

New Varieties for 1938

The following are the originators' descriptions

Indian Chief

LARGE FLOWERING

INDIAN CHIEF. An outstanding large flowered commercial variety. High rounded blooms averaging 7 inches or more in diameter, closely incurved and possess the crisp substance and lasting qualities of the well-known variety, Detroit News. Color is a deep reddish bronze with a golden buff reverse and the flowers retain this color throughout the season. Strong and vigorous grower with excellent foliage and a heavy stem attaining a height of about 5 feet from March propagation. Second crown or terminal buds reserved September 5th and later produce fully double blooms from November 5th to 10th. Early buds should not be reserved because of the extreme fullness of this variety. Winner of the A. C. S. Silver Medal for the best large flowered seedling at Hartford in 1936.

\$2.50 per 10; \$15.00 per 100; \$125.00 per 1000

WINDSOR GOLD. This variety grows freely, producing a good stem and blooms about October 28th. The flower is incurved and of good size. Its color is deep golden yellow, very nearly that of Friendly Rival. It is an English variety which has been tried by us for several years. We think this is a worth-while addition to our list and believe it deserves a good reception.

\$15.00 per 100; \$125.00 per 1000

MARKETEER. A fine large white incurved 'Mum. A fine commercial variety. Flowers about November 20th, but with originator was in perfect crop for Thanksgiving this year. Has been grown on trial in different parts of the country and proved satisfactory. Responds well to shading. Won 'Mum Society C. S. A. Silver Medal at Detroit, 1936. Take terminal bud.

**\$5.00 per doz.; \$7.50 for 25; \$12.50 for 50;
\$20.00 for 100; \$150.00 for 1000**

INDIANAPOLIS PINK. A very fine large incurved pink, coming into bloom November 15th. A fine commercial variety. Take terminal bud.

**\$5.00 per doz.; \$7.50 for 25; \$12.50 for 50;
\$20.00 for 100; \$150.00 for 1000**

Marketeer

POMPONS, ANEMONES, etc.

ARCADIA. Vigorous growing and extremely productive pompon with excellent growing habit. Well-formed sprays carry many rounded blooms of pure white measuring $2\frac{1}{2}$ to 3 inches across. Matures October 25th. Excellent form and heavy production. It should also prove an ideal variety for shading.

\$2.50 per 10; \$15.00 per 100; \$125.00 per 1000

CATHERINE. A fine bronze commercial pompon. Blooms November 20th to Thanksgiving. Can be had in December under electric light treatment. Right color for this time of year, like Legal Tender. A fine market variety that it will pay to grow.

\$7.00 per 100; \$60.00 per 1000

JESSIE. A nice high rounded pompon. Deep rose-pink color. A strong healthy grower. Wonderful keeping variety, being good for commercial growers who ship to the market.

\$12.00 per 100; \$100.00 per 1000

NEW VARIETIES FOR 1938—Continued

JOE BEUERLEIN. Sparkling crimson-red single flower, medium size, carried on large airy sprays. A prominent golden yellow disc adds much to its effectiveness. Flowering normally about December 5th, it can be held for the Holiday trade if grown cool. This seedling has been grown and exhibited extensively by Beuerlein Bros. They are enthusiastic about it.

\$2.50 per 10; \$15.00 per 100; \$125.00 per 1000

LONG ISLAND BEAUTY. White Anemone with large yellow cushion. When disbudded has a nice high well-rounded cushion. Strong grower. When grown in full sunlight, petals will have a slight pink tinge making it quite attractive. Disbudded it comes with a nice pink petal. A profitable commercial variety. Blooms Thanksgiving and later. Scored by C. S. A. Committee, Dec. 1937, 88 points.

\$12.00 per 100; \$100.00 per 1000

LONG ISLAND SUNSHINE. A fine large-flowered pompon. Bright yellow color. A strong tall grower and a good producer. Flowers measure 2½ inches. A fine yellow to follow Yellow Fellow. A good commercial pompon that will be profitable to grow. Blooms for Thanksgiving and later.

\$7.00 per 100; \$60.00 per 1000

LITTLE AMERICA. A snow-white, medium-sized Anemone. Cushion is quite solid. The guard petals are firm enough that it handles well in shipment. The growth is just long enough to support and display from four to six disbudded blooms to the plant. Foliage is small. Blooms in the early part of November from terminal buds. This variety must be disbudded.

\$2.50 per 10; \$15.00 per 100; \$125.00 per 1000

MRS. MORGAN G. BULKELEY. A very beautiful and distinct addition to the pink section. Perfectly formed, large flowers, carried on excellent sprays. Color is a bright but dainty pink suffused with orchid-lavender. A fine producer. A constant winner when exhibited. If you have grown the Delice Dahlia, that's the color. Height 2½ to 3 feet. Matures about November 10th.

\$2.50 per 10; \$15.00 per 100; \$125.00 per 1000

ORCHID GEM. A single intense pink variety suitable for cut or pot culture. Dwarf robust growth. Matures October 25th or later. It should be grown in natural sprays.

\$2.50 per 10; \$15.00 per 100; \$125.00 per 1000

PENGUIN. A good midseason white button pompon. A vigorous growing variety, good stem and substance, maturing Nov. 10th.

\$2.50 per 10; \$15.00 per 100; \$125.00 per 1000

PERSIAN ROSE. A large flowered button pompon. Medium dwarf habit, good stem and foliage. Matures about October 20th. Unusual color, brilliant rose-pink, different from any variety at that time.

\$2.50 per 10; \$15.00 per 100; \$125.00 per 1000

REV. HORACE BUSHNELL. Pure white sport of Mrs. Morgan G. Bulkeley—identical in every respect except color. White for early November cutting.

\$2.50 per 10; \$15.00 per 100; \$125.00 per 1000

SARANAC. A bright yellow pompon slightly darker in color than Wolverine. A very desirable variety for growing outdoors as a hardy early flowering pompon, or for indoor greenhouse culture.

\$12.00 per 100; \$100.00 per 1000

WILDFIRE. A late flowering pompon possessing an appealing color and excellent growing habit. Reflexed blooms 2½ inches across. Unusual shade of brilliant orange-rust. Matures for Thanksgiving and later.

\$2.50 per 10; \$15.00 per 100; \$125.00 per 1000

Below we are offering some interesting sports from well-known and proven varieties. They are like the originals in every respect excepting color, which in each case is indicated by the name.

A letter before each variety indicates, for quick reference, the season of flowering—early, late, etc. The date after each variety is approximate date of flowering.

E—Early. To get best flowers it is important to order early and plant early in May or June for best results. If buds are not formed on dates shown, reserve the first bud appearing after that date.

M—Midseason. When seasons are favorable, some of these will bloom a few days before November 1st.

L—Late. Late-flowering varieties usually have best blooms about November 10th, if early buds are taken and the season is favorable. These varieties may be had for later blooming by selecting the later buds and planting later.

T—Thanksgiving varieties usually flower shortly before Thanksgiving, but can be held, in most cases for Thanksgiving sales.

"C.S.A. Certificate" is the award of the "Chrysanthemum Society of America."

For additional varieties of Exhibition types, see pages 10 and 11.

Anemone Types

This type consists of one or more rows of flat or tubular ray florets with shorter quilled disk florets. They may be grown either disbudded or in sprays according to which they are best adapted. This type of 'Mum' is becoming more popular each year.

Pinch when small, allowing 4 to 6 growths to continue until buds are formed, then plants are disbudded to one flower to the growth.

PP—Indicates varieties which are also desirable for growing as Pot Plants.

See also group of Pot Plant varieties, page 21.

Large Flowering Types

FOR POT CULTURE

These varieties are adapted for pot culture. To keep plants dwarf, it is essential that they be pinched many times during the growing season until a few weeks before bud formation. It is not possible to give the exact date for pinching, but the flowering period should be the guide.

For additional list, see under Anemone, pages 19 and 20.

Hardy Early-Flowering 'Mums

FOR OUTDOOR GROWING

Commercial florists and the public are going in for these Hardy Pompons on a larger and increasing scale each year. We have listed a most complete collection of varieties to cover the entire outdoor blooming period until frost cuts down the blooms.

We have given approximate flowering dates as a guide for those who wish to group their plantings. Many varieties are desirable for rock gardens. Plants can be dug and replanted in window boxes, vases or other parts of the garden. Some varieties are desirable for culture under glass.

See separate list under **KOREAN HYBRIDS**, page 23, which are a new race of Hardy Outdoor 'Mums.

Novelty—Odd Formed

and Various Types of Chrysanthemums

These odd-formed 'Mums are feathery and threadlike varieties very much admired at the Flower Shows and Exhibitions.

Patricia Grace. Pale pink, medium height. Blooms November 5.

Peggy Ann Hoover. Lavender. Short grower. Blooms November 5.

Pride of Tokyo. Creamy pink with odd tubular petals. Blooms November 10.

Unique. Wine-red. Blooms December.

All of the above: \$6.00 per 100; \$50.00 per 1000

Chrysanthemum Varieties

Not Really Commercial Type But of Interest to the Student

Arcticum. Single pure white 2½ inches high. Hardy and good for rock gardens.

Coreanum. Single flower of blush-white. Hardy.

Indicum. Single yellow flowers of many lateral growths.

Morifolium. Flowers single, flesh-pink color. Blooms about September 25th. Grows 3 feet in height.

Mawii. This comes from the mountains of Northern Africa. Low grower, about 8 inches in height with fine cut leaves. Pink flower with a deeper center. Fine for rock gardens.

All of the above: \$2.50 per doz.; \$15.00 per 100

Japanese Mountain or Cascade Varieties

Small single varieties of fairly dwarf growth. These are free flowering with soft or pliable stems, which may be bent or shaped into various forms to be used for trellises or on tables by training. They may be tied in all shapes.

Anna. Pure white single. Matures October 30.

Brown Button. A dark bronze color. Matures about Nov. 10th. Blooms about 1 inch in diameter.

Jane Horte. Yellow, single. Matures October 30.

All of the above: \$2.00 per doz.; \$6.00 per 100

GENERAL INFORMATION

PRICES: Prices are for rooted cuttings, which we believe to be more satisfactory than potted plants. Prices are subject to change without notice, also subject to crop failure.

ORDER EARLY: It is to your advantage to let us know as early as possible what you will want. Help us to help you by ordering early.

OUR SERVICE: We want to supply you the best varieties suitable for your business. Consult us. We will give you expert advice so far as we can. The information in this list regarding the date of taking bud, height of bloom and flowering dates and descriptions will be helpful to you. **Save this list for reference.**

OUR RESPONSIBILITY: We accept orders contingent upon our ability to have produced for us sufficient stock to meet the demands. All orders are filled in strict rotation. Orders will be filled as near the date desired by customers as it is possible to do so, bearing in mind that weather conditions and many other elements sometimes delay the growth of stock beyond human control. All orders are booked subject to crop shortages and crop failures. We agree to supply good stock, well rooted, packed in the proper manner and delivered to the express company or post office (whichever customer designates), after which the plants travel at buyer's risk.

CLAIMS FOR DAMAGE: All claims for damage must be made against the carrier by the buyer. We have no control over transportation agencies, and cannot be responsible for stock frozen, heated or injured by delays or rough handling. According to law, the transportation companies are the agents of the buyer and our responsibility ceases when we deliver stock in good condition to such agencies.

NON-WARRANTY: We do not warrant in any way, expressed or implied, the contents or the description, purity, productiveness or any other matter of any seeds, bulbs or plants sold by us, and we will not be in any way responsible for the crop. If the purchaser does not accept these goods on above terms, no sale is made thereof, and he must return them at once and money will be refunded. Subject to the above conditions, we make this sale at the moderate prices at which we sell our goods. All claims must be made in writing within five days after the receipt of goods.
