COLLEGE BALL PARK

PROSPECTUS

HISTORICAL STATEMENT.

The College of the Sacred Heart was erected in 1888, and, under the direction of the Fathers of the Society of Jesus, was formally opened in the fall of the same year.

By an act of the State Legislature, April 1, 1889, it was empowered to confer University and Collegiate Honors and Diplomas.

LOCATION AND EQUIPMENT.

The College is situated in the suburbs of the north side of Denver, and commands an unobstructed view of the entire Rocky Mountain range. Owing to such location, the air is peculiarly free from the smoke and noxious vapors of the city.

The grounds belonging to the institution cover a tract of fifty acres. They are adorned with beautiful avenues and walks, and studded with an abundance and variety of shade trees.

The College building, which is four stories high, is provided with spacious dormitories and well-lighted class rooms and halls. The large physical cabinet on the second story is equipped with the most modern scientific instruments, while the chemical laboratory on the first floor, besides being furnished with the usual chemical apparatus, possesses several furnaces for assay work.

COURSE OF STUDIES.

The aim of the College is to develop the mental and moral faculties of the student by a thorough liberal education. While the study of the ancient classics is considered to be of paramount importance in the proper formation of

the mind, and an indispensable preparation for the studies of the various learned professions, the branches of a purely commercial education are by no means neglected. Hence, besides Mental and Moral Philosophy, Classics, Physics, Chemistry and Higher Mathematics, the course embraces Oratory, English Literature, Commercial Law, Bookkeeping, Commercial Arithmetic, Telegraphy, Typewriting and Shorthand.

The commercial branches may be finished within the first four years of the regular course. To the student who passes a successful examination in these branches, a Commercial Certificate will be awarded.

Apart from the study of English, which is specially insisted on in the Collegiate and Academic departments, particular attention is paid to the study of the leading modern languages, such as Spanish, German, French and Italian. The system of instruction is thoroughly practical.

Instruction is given in Elocution for one hour each week. Frequent opportunities to speak in public are given to the students throughout the year, and in the early part of May, members of the Senior and Junior divisions publicly compete for the Gold Medals awarded for excellence in Elocution.

POST GRADUATE COURSE.

The object of this course is to enable our graduates to continue further their philosophical and literary studies. Attendance, however, is not limited to graduates.

ACADEMIC DEGREES.

A. B.—The degree of Bachelor of Arts is conferred upon students who have successfully completed the classical course, as outlined in this catalogue.

B. S.—For the degree of Bachelor of Sciences, the same examinations are required as for the degree of A. B., with the exception of those in Latin and Greek.

A. M.—The degree of Master of Arts is conferred upon

those who, having received the degree of A. B. and followed the Post Graduate Course, after due examination, have been found sufficiently qualified.

S. M., Ph. B.—The degrees of Master of Sciences and Bachelor of Philosophy are conferred upon those who, having received the degree of Bachelor of Sciences and attended the lectures of the Post Graduate Course, are deemed, after due examination, sufficiently qualified.

MORAL TRAINING.

In the Jesuit system of education, the formation and training of character is deemed a most important feature.

The supervision, which the College authorities exercise over the students, is such as to exclude every harsh feature and is as close as any parent or guardian can reasonably expect. The rules of the College are publicly read at stated times, and the manner of enforcing them, while mild and considerate, is unflinchingly firm.

Strict obedience to professors and those in authority, assiduous application to study, and blameless conduct are required from every student. Any serious fault regarding these essential points will render the offender liable to effective correction, and even to dismissal, if such be deemed necessary.

The College authorities, moreover, expect from all the students the manners and deportment of perfect gentlemen.

Occasion is taken every week at the reading of diligence and deportment marks to give the students a talk on some point or points of politeness or on character development.

As the uplifting of character and good discipline can never be steadily secured without an appeal to conscience and religion, particular attention is paid to religious instruction. Christian doctrine is one of the prescribed studies in every class, and the students are obliged to comply with their religious obligations regularly.

The convictions of non-Catholic students are respected and no effort is made to obtrude Catholic doctrines on them.

Discipline, however, requires that they be present, and behave with due reverence at all public religious services.

For the better maintenance of discipline and the progress of the student, parents are requested not to seek any exemption for their sons, from the ordinary College rules. They must not visit them during the hours of class or study, nor seek a leave of absence for them, except for the most urgent reasons.

If the Diligence and Deportment marks are satisfactory, i. e. 90 or above, students whose parents reside in the city are allowed to spend the first and third Sundays of each month at home.

Students are forbidden to leave the College grounds without permission.

The College authorities reserve to themselves the discretionary power of supervising the correspondence of students.

PHYSICAL TRAINING.

While holding athletics to be of secondary importance in every educational establishment, the authorities are well aware of their influence for good, when rightly directed and under proper control. Hence, they have spared no expense in providing the students with ample facilities for athletic work. Besides tennis courts and hand-ball alleys, the College possesses one of the finest parks in the state, for football, baseball and track work. The park is enclosed by a neat board fence and provided with a good-sized grandstand.

The supreme direction of athletics is entrusted to a member of the Faculty, and care is taken that neither the health nor the studies of the students suffer any detriment.

SESSION.

The academic year consists of one session of ten months, beginning on the Tuesday after the first Monday of September, and closing in the third week of June. The session is divided into two terms, the first ending on the first day of February, the second in the third week of June.

EXAMINATIONS.

Four times during the session, bi-monthly competitions are held, in which the student is examined in all the principal branches of his class. Besides these competitions, there is a thorough examination at the close of the school year.

PROMOTIONS.

Annual promotions are decided by the class averages of the entire year, combined with those of the bi-monthly competitions and examinations. Students failing to obtain an average of 66 per cent in more than one of the essential branches of their class cannot expect to enter a higher class.

A student who fails in any one of the essential branches of his class is considered "conditioned," and if he does not, within the time allotted, pass a satisfactory examination in the branch in which he failed, he shall be sent to a lower class.

Students who are found worthy will be promoted to a higher class at any time of the year, especially at the beginning of a new term.

REPORTS.

Reports of scholarship and deportment are sent to parents or guardians at the beginning of each month. The reports forwarded in October, December and February give a detailed account of the averages obtained in the bi-monthly competitions.

PRIZES.

The following prizes are awarded annually on Commencement Day: A Gold Medal for general excellence is awarded in each class of the Collegiate and Academic departments.

Besides these, two Gold Medals are awarded for excellent deportment; one in the Senior and one in the Junior division.

The Nichols and the Connor Gold Medals are awarded for excellence in Elocution in the Senior and the Junior Divisions respectively.

The Sullivan Medal is awarded for the best English Literary Essay; the Champion Medal for the best Scientific Essay; the Knights of Columbus Medal for the best Debate, and the Catechetical Medal for the best paper in Evidences of Religion.

Besides these medals, prizes in books are awarded in each branch, provided the required number of marks is attained.

All prizes are decided by the class averages of the entire year, combined with those of the bi-monthly competitions.

Late arrival, protracted absence or irregular attendance may debar a student from prizes.

The Class Medals are awarded to full members for the highest average in the Collective branches of each Class. Class premiums are awarded to full members obtaining the highest average in a branch.

CLASS DAYS.

Classes are taught every day of the week except Sunday. On Tuesday and Thursday afternoons, there is a half holiday, unless the preceding or following day happens to be a full holiday.

A recess of nearly two weeks is granted at Christmas, at which time resident students may visit their homes.

A short recess is granted at Easter, beginning on Holy Thursday at 9 a. m. and lasting until the evening of the following Monday.

DURING THIS RECESS, ONLY THOSE STUDENTS WHOSE PARENTS RESIDE IN THE CITY, OR NEARBY TOWNS, ARE ALLOWED HOME.

DAILY ORDER OF TIME.

The hours of class are from 9 a. m. to 11:30 a. m. and from 1:30 p. m. to 3:30 p. m., with suitable intervals for short recesses.

Four full hours every day are spent by the students in their respective study-halls in preparation for class.

VISITORS.

Visits may be paid to resident students on Sunday afternoon from 2 to 5 o'clock. PARENTS AND FRIENDS ARE REQUESTED NOT TO CALL AT OTHER TIMES, UNLESS IT BE STRICTLY NECESSARY.

Visitors, who are not known to the College authorities, must come with a letter of introduction from the parents or guardians.

ADMISSION.

Parents or guardians, in making application for their sons or wards, must state precisely the age of the candidate for admission, and give a full account of the studies he has successfully pursued. If they are not personally acquainted with some member of the Faculty, they are required to present satisfactory testimonials of the candidate's moral character, as the College authorities decline to receive applicants whose morals are not irreproachable.

NO ONE WILL BE ADMITTED FOR A SHORTER PERIOD THAN FIVE MONTHS.

Though the College is under Catholic direction, difference of creed is no bar to admission.

For complete outline of Entrance Requirements for Collegiate Department see page 21; for High School page 31.

HALF BOARDERS AND DAY SCHOLARS.

The College authorities consider themselves bound to procure, as far as possible, the advancement of all their students; but if the parents or guardians fail to comply with the College regulations, it will be impossible to insure success.

Parents and guardians are accordingly exhorted to see that their sons or wards devote at home three hours daily to class study. If a student does not devote this amount of time to his studies, the Prefect of Studies should be informed.

The next duty, which should claim the attention of students and the vigilance of parents or guardians, is punctuality. Attendance from the **FIRST DAY** of the session, attendance **EVERY DAY**, attendance the **WHOLE DAY**, is strictly required. A notice should be sent to the Prefect of Studies whenever illness prevents a student from attending class. If a student is absent for any other grave reason, or tardy, a written excuse signed by parents or guardian must be handed to the Prefect before he is admitted to class.

FREQUENT ABSENCE OR TARDINESS, except on account of illness, is **DEEMED A SUFFICIENT CAUSE FOR DISMISSAL**. Students, who come unprepared in lessons or exercises, are required to bring a written excuse from parents or guardians.

Parents are earnestly requested to demand the monthly reports on the first Wednesday of each month, to examine them carefully and to return them signed to the Prefect of Studies on the day following.

If parents fail to insist on these points, they need not be astonished if their sons disappoint their expectations.

Half boarders dine and lunch with the boarders.

Though the College does not hold itself responsible for offenses committed out of its jurisdiction, yet any conduct that is detrimental to the reputation of the institution

STATUE OF THE SACRED HEART

or the moral good of the other students is sufficient cause for suspension or expulsion.

Students who are withdrawn, without good reason, before the close of the June Examinations, will not be allowed to take the examination in September in order to secure promotion.

IT IS STRICTLY FORBIDDEN to take out or bring in letters or go on errands for boarders WITHOUT THE APPROVAL OF THE PREFECT OF DISCIPLINE.

Due notice should be given to the President or to the Vice-President of a change of residence or of the contemplated withdrawal of a student.

FEES AND EXPENSES

REMARKS.

All remittances should be made payable to the "College of the Sacred Heart, Denver, Colo."

Parents who wish their sons to spend the Christmas recess at home must, in due time forward the necessary traveling expenses.

Parents desiring their sons to be sent home must give timely notice, settle all accounts, and forward the necessary traveling expenses.

The College will not be responsible for any article of clothing or for books left behind by any student of the Institution.

Any injury done to the College building or furniture, besides subjecting the offender to punishment, will be repaired at the expense of the parents.

Books, stationery and medicine are furnished by the College at current prices.

NO MONEY, HOWEVER, WILL BE ADVANCED BY THE INSTITUTION FOR BOOKS, CLOTHING, OR OTHER NEEDS OF THE STUDENTS.

Pocket money, if any be allowed, should be left in the hands of the Treasurer, to be given according to the direction of the parents. The weekly amount must not usually exceed twenty-five cents. In no case will any advance be made beyond the deposit.

ALL MONEY INTENDED FOR THE USE OF THE STUDENTS SHOULD BE SENT DIRECTLY TO THE REV. TREASURER OR PRESIDENT.

Students will not be kept at the College during the summer vacation.

NECESSARY ARTICLES ON ENTRANCE.

Each student should, on entering, or returning after the Christmas Holidays, bring enough clothing to last until the next vacation.

The following outfit should be had by all: At least two suits of clothing, four sets of summer underwear, four sets of winter underwear, six outer shirts, three nightshirts, six collars, four neckties, twelve handkerchiefs, six pairs of socks, three pairs of shoes, eight towels, six napkins, brushes, combs, soap and other toilet articles.

The use of sweaters, except during baseball or football games, is not allowed.

The respective number or initials of the student should be marked or sewed on every article.

For further particulars address,

REV. JOHN J. BROWN, S. J., PRESIDENT,
COLLEGE OF THE SACRED HEART,
Denver, Colo.

Electricity—Matter of preceding year reviewed. Lenz Law. Transformation of Mechanical into Electrical Energy. Dynamos. The Transformer. Secondary and Storage Batteries. Thermo-Electric Currents. Applications of Electric Energy. Telegraphy. Telephony. Principle of Wireless Telegraphy.

Sound—Origin of Sound Waves, Velocity of Sound Waves. Energy of Sound Waves. Reflection and Refraction of Sound, Reinforcement. Interference. Measuring of Wave Length. Pitch of Musical Sounds. Vibration, Frequency of a Tone. Musical Scales, Composition of Sonorous Vibrations. Vibrations of Strings. Quality of Sound. Analysis and Synthesis of Sound Waves, Musical Instruments. Vocal Organs.

Light—Hypotheses. Images Formed through Small Apertures. Shadows. Velocity of Light. Intensity of Illumination. Photometry. Reflection. Plane Mirrors. Reversion of Images. Concave and Convex Spherical Mirrors. Refraction. Wave Theory Applied to Refraction. Index of Refraction. Law of Sines. Crit-

ical Angle, Total Reflection. Prisms and Lenses. Prismatic Analysis of Light. Spectrum. Theory of the Rainbow. Spectroscopy. Fluorescence. Calorescence. Color. Theory of Color Vision. Interference and Diffraction. Diffraction Gratings. Reflection Gratings. Double Refraction and Polarization of Light. Polariscopes. Thermal Effects of Radiation. Solar Radiation. Optical Instruments. The Human Eye.

CHEMISTRY—Three hours a week during both terms. Avogadro's Hypothesis. Molecular Weights. Construction of the Formula from the Knowledge of the Per Cent. of Components. Valence. Classification of the Elements. Periodic Law. The Chlorine, Sulphur, Nitrogen and Carbon Groups. Base Forming Elements. Potassium, Sodium, Calcium, Magnesium, Aluminum, Manganese, Chromium, Iron. Principles of Qualitative Analysis.

ELOCUTION—One hour a week. For outline, see page 37.

CLASS OF RHETORIC—JUNIOR.

The object of this class is the study of the nature, principles and laws of the different types of Oratory.

RELIGION—Lectures on the Evidences of Religion once a week. Text, Wilmers.

DIALECTICS—Province and definition of Logic. The Three Operations of Thought. Simple Apprehension, and Modern Errors regarding it. Definition. Division. Judgment. Division of Judgment. The Nature and Divisions of Propositions. Import, Opposition and Conversion of Propositions. Reasoning: The Syllogism and its Laws. Formal and Material Induction. Example and Analogy. Fallacies.

APPLIED LOGIC—Truth and Certitude. Kinds and Degrees. of Certitude. Scepticism. Ultimate Criterion of Certitude. Objectivity of Ideas. Belief on Human Testimony. Belief on Divine Testimony.

LATIN—*Models*—Cicero, Pro Lege Manilia, or Pro Milone. Horace, Select Odes and Epodes. Plautus, The Captives. Tacitus, Selections. Text, Auctores Selecti, etc., Vol. IV.

Practice—Latin Themes and Original Compositions in Prose and Verse. Imitations of Models. Offhand Translations of Latin into English and English into Latin.

GREEK—*Models*: Demosthenes—Two Orations, Olynthiacs or Philippics. Speech on the Crown. Select Passages into Latin.

Sophocles—Oedipus Tyrannus or Antigone; or Aeschylus—Prometheus Bound. Select Passages into Latin.

Practice—Themes, Imitations.

ENGLISH—*Precepts*—Oratorical Composition; Coppens (complete). For reference: Quintilian, Kleutgen, Blair.

Literature—Long. Literature of the Seventeenth and preceding Centuries.

Models—The best specimens of British and American Orators.

Practice—(a) Rhetorical Analysis of four speeches during each term. Burke on American Taxation, or Bristol Election; Cicero pro Lege Manilia; Demosthenes' First Olynthiac; and Aeschines on the Crown, for the First Term. Second Term: College Algebra, Wentworth.

HISTORY—Two hours a week.

English History, Birt's Lingard.

COMMERCIAL LAW—One hour a week. Lyon's Commercial Law.

CIVIL GOVERNMENT—One hour a week. Hinsdale.

ELOCUTION—One hour a week. See page 38.

ACADEMIC DEPARTMENT

The Academic Department, besides being a preparation for a Collegiate course, aims at imparting such an education as is usually given by the High Schools and Academies of our country.

The Academic Course proper is completed in three years, i. e., Third, Second, and First Academic Classes. However, owing to the length of the session, to the number of recitations each week, and to the time devoted to recitation in all the essential branches, the students, in three years, conveniently cover the matter seen elsewhere in four.

To illustrate this point. The courses of Studies of many leading Academies and High Schools prescribe four hours of Mathematics a week, or five recitations of forty-five minutes each, or even less. Accordingly the student has a total of 144 or 135 hours of Mathematics in one year, and a sum total of 576 or 440 hours during the entire course. This is true where the session lasts a minimum of 36 weeks.

Our sessions are never less than thirty-six weeks. During all this time six hours are devoted to Mathematics each week, thus 216 hours each year, or 648 hours during the three Academic years, are allowed for this most important branch. The same is true of all the essential branches of the course. The results are also due in part to two laws of the Institution, one limiting the number of students in each class so as to insure for each the personal attention of his Professor, and the other requiring the presence of a sufficient number of Professors to coach deserving students who may be in need of extra aid.

ENTRANCE REQUIREMENTS.

Every applicant for admission must submit testimonials of good moral character. If he comes from another school he must present a certificate of honorable dismissal, together with a detailed report of work done.

Candidates for admission to Fourth Academic Class must have completed the Seventh Grade, and candidates for Third Academic Class, the Eighth Grade, in an accredited Parochial or Public School, or be ready to pass an examination in all the essential branches studied during those years.

FIRST ACADEMIC.

The object of this class is to complete and carefully review the Latin and Greek Grammars, in order that the student may become familiar with the complex structure of the Classic Languages, and begin to feel something of their real genius and beauty.

CHRISTIAN DOCTRINE—Deharbe. Part III: On the Means of Grace. Practical Instructions by Professor.

LATIN—Six hours a week.

Precepts—Latin Grammar, Bennett: Syntax completed and reviewed.

Models—Cicero, Select Letters, Narrations, Descriptions, and Dialogues. Caesar, de Bello Gallico, Selections. Ovid, Select Elegies, Narrations and Descriptions from Metamorphosis. Text, Selecta ex Optimis, etc. Vol. II.

Practice—Four themes a week from Bradley's Arnold.

GREEK—Four hours a week.

Supplementary Reading: Scott, Dickens, Wiseman, Blackmore, Porter, and others of the best Modern Novelists.

Practice—(a) Three themes a week from Baldwin's Writing and Speaking.

(b) One original composition a week.

MATHEMATICS—Six hours a week.

(a) Wells' Essentials of Algebra, from Quadratics to end.

(b) Wentworth, Plane Geometry, two books.

HISTORY—Two hours a week.

Myers, Mediaeval.

BOOKKEEPING—One hour and a half a week.

From beginning to Balance Sheet, inclusive.

ELOCUTION—One hour a week. See page 37.

THIRD ACADEMIC.

The study of Latin is begun this year. The object of this class is to familiarize the student with Latin Etymology, the four concords, and some of the more common constructions and idiomatic expressions of the language. The student is expected to acquire facility with the analysis and construction of sentences. The rhetorical qualities of the sentence and the paragraph are studied in this class.

CHRISTIAN DOCTRINE—De Harbe, Part I, On the Apostles' Creed

LATIN—Six hours a week.

Precepts—Latin Grammar, Bennet. Declensions of Nouns, Pronouns, Adjectives; Conjugation of Regular and Irregular Verbs, active and passive voices. The Four Concords, pp. 1-120.

Models—Cicero, Sentences and Narrations. Phaedrus, Easier Fables. Nepos.

Text, Selecta ex Optimis Latinitatis Auctoribus, Vol. I.

Practice—Frequent themes on grammar and authors.

ENGLISH—Six hours a week.

Precepts—Baldwin's Writing and Speaking. Grammar reviewed. Elements of Composition. Planning and writing, with special attention to the structure of sentences, and the synthesis of sentences into paragraphs.

Models—Selections from English and American Authors in accordance with the Uniform College Entrance Requirements. Authors more attentively studied in class during the session 1911-1912; Hawthorne, Twice-Told Tales. Irving, Sketch Book, selections. Longfellow, Evangeline. Whittier, Snowbound. Arnold, Sohrab and Rustum. Supplementary Reading: Kingsley, Cooper, Keon, Stevenson, Scott, and some of the best Modern Novelists.

Practice—(a) Two themes a week, based on Ryan's Studies in Irving.

(b) One original composition a week.

MATHEMATICS—Six hours a week.

Wells' Essentials of Algebra, from beginning to Quadratics, inclusive.

HISTORY—Two hours a week.

Myers, Ancient History, complete.

NATURAL SCIENCES—Three hours a week.

Salisbury's High School Physiography.

ELOCUTION—One hour a week. See page 37.

FOURTH ACADEMIC.

The object of this class is, by constant and thorough drill, to familiarize the student with English Grammar, and to begin the application of the rules studied, in short and easy compositions.

CHRISTIAN DOCTRINE—Text, DeHarbe. The End of Creation. Faith. Its Objects. Necessity. Qualities.

ENGLISH—*Precepts*—English Grammar, Davidson and Alcock. Reviewed thoroughly, with special attention to Sentence Analysis and Construction.

Models—Irving, Tales of a Traveler; Hawthorne, Tanglewood Tales; Coleridge, The Ancient Mariner; Selections from “The Approved Selections for Supplementary Reading and Memorizing for Eighth year.”

Practice—Imitations, Paraphrases, Elements of Narration and Description.

(a) Four exercises a week.

(b) One original composition a week.

MATHEMATICS—(a) Arithmetic, Percentage reviewed; Premium and Discount; Insurance; Commission; Brokerage; Interest and Discount; Proportion; Powers and Roots; Mensuration. Text, The New Business Arithmetic.

(b) Algebra. Wells’ Essentials of Algebra. The four fundamental operations.

HISTORY—Lawler’s Essentials of American History (Complete).

GEOGRAPHY—Appleton’s Standard Higher (Complete).

PENMANSHIP—The Palmer Method of Business Writing.

ELOCUTION—One hour a week.

ELOCUTION.

One hour each week is devoted to the theory and practice of Elocution. The course is obligatory, and each student is required to speak before his classmates a certain number of times each term. Students from the various classes are chosen to render selections at the public reading

of the Bi-Monthly Reports. Besides these incentives, the students towards the close of the second term compete for gold medals for proficiency.

COURSES.

Course I—(Senior and Junior Classes)—Interpretation and Rendition of Various Species of Dramatic Selections; Tragedy, Comedy, etc. Dialogues and Scenes. Descriptive and Narrative Reading.

Course II—(Sophomore and Freshman)—Vocal Culture and Gesture Drill of preceding year reviewed. Interpretation and Delivery of Oratorical and Poetical Selections. Character Study and Interpretation. Easier Dramatic Selections.

Course III—(First Academic)—Vocal Culture and Gesture Drill. Power, Stress, Melody, Pitch, Tone. Slides and Waves. Difficult Positions, Complex Gestures. Calisthenic Exercises.

Course IV—(Second Academic)—Vocal Culture and Gesture Drill. Breathing Exercises, Articulation, Pronunciation, Inflection of Words and Sentences. Varieties of Simple Gestures. Calisthenic Exercises.

Course V—(Third Academic)—Vocal Culture and Gesture Drill. Breathing Exercises. Articulation. Pronunciation of Vowels and Consonants. Exercises in Reading and in the Rendition of Simple Selections. Concert Drill.

PRACTICAL ORATORY AND DEBATING.

COURSES.

Course I—(Senior, Junior and Sophomore Years.)

The object of the course is to enable the students to acquire a practical knowledge of parliamentary law, as well as readiness and fluency in public speaking. Once a week debates on topics of the hour, or on

historical subjects are held. Each debate is followed by a criticism of the oratorical efforts of the speakers.

Course II—(Freshman, First and Second Academic.)

The object of the course is essentially the same as that of the course outlined above. The course includes regular debates on questions within the mental range of the members, involving careful preparation, clear and logical treatment, offhand speaking in rebuttal of arguments or in the transaction of business.

COMMERCIAL STUDIES.

The course of Bookkeeping and Commercial Law, though secondary, is complete in itself, and covers a period of three years, as follows:

First Year—Principles of Double Entry.

Second Year—These principles applied in the classroom by actual business transactions. Banking, Single Entry explained.

Third Year—Commercial Law, entire, with cases.

Text Books—Bookkeeping; Twentieth Century; Commercial Law; Lyons' Commercial Law.

OPTIONAL COURSE.

MODERN LANGUAGES.

SPANISH—First Year: Two hours a week.

- (a) *Grammar*—Punctuation and Accent. Etymology. Auxiliary and Regular Verbs. Reflexive and Impersonal Verbs, Irregular Verbs in Common Use, Fundamental Rules of Syntax. Text, Loiseaux.
- (b) *Practice*—Reading Exercises. Written Exercises based on Rules of Grammar. Conversation.

- (c) *Authors*—Selection from Grammar and other sources.

Second Year: Two hours a week.

- (a) *Grammar*—Irregular Verbs. Thorough Study of Syntax. Study of Idioms.
 (b) *Practice*—Exercises involving simple idiomatic forms. Imitation of Authors. Conversation.
 (c) *Authors*—Loiseaux, Elementary Spanish Reader; Alarcon, El Capitan Veneno.

GERMAN—First Year: Two hours a week.

- (a) *Grammar*—Declensions of Nouns and Adjectives. Auxiliary and Regular Verbs. Fundamental Rules of Syntax.
 (b) *Practice*—Reading Exercises. Written Exercises from Grammar (Joynes-Meissner).

Second Year: Two hours a week.

- (a) *Grammar*—Irregular; Inseparable, Separable, Impersonal and Reflexive Verbs. Syntax.
 (b) *Practice*—Exercises from Grammar involving Rules of Syntax. Conversation.
 (c) *Authors*—Guerber, Marchen and Erzählungen.

FRENCH—First Year: Two hours a week.

- (a) *Grammar*—Pronunciation. Etymology. Auxiliary and Regular Verbs. Irregular Verbs in Common use. Easier Rules of Syntax.
 (b) *Practice*—Written Exercises Illustrative of Precepts. Conversation.
 (c) *Authors*—Selections at the option of the Professor.

Second Year: Two hours a week.

- (a) *Grammar*—Review of Regular Verbs. Neuter. Pronominal and Impersonal Verbs. Irregular verbs. Syntax.
 (b) *Practice*—Exercises Involving Rules of Syntax. Conversation.
 (c) *Authors*—Selections at the option of the professor.

ASSAYING.

This course is open to all students, who, after an oral examination, are judged to be proficient in general Chemistry.

No lectures are given. The work is essentially practical from the outset. The aim of the course is not to impart a very extensive knowledge of Chemical Analysis, but to make the student thoroughly familiar with such fundamental principles as will fit him to do the ordinary technical work required in an assay office.

Only two lessons are given weekly, but experience proves that, to be profitable, they require three or four hours each.

No books are required, but each student is expected to copy and study the written directions given him at each lesson

Attention is first given to blowpipe Analysis. The student is then made to master the fire Assay of Gold, Lead and Silver, and is then gradually acquainted with those volumetric and gravimetric processes which will allow him to make the following determinations:

Copper, Iron, Zinc, Silica, Manganese, Sulphur, Lead, Molybdenum, Tungsten, Tin, Cobalt, Nickel, Uranium.

This course has been in existence several years and the responsible positions held in various mining camps and assay offices of this state by some of its former students are an ample proof of its usefulness.

For the hours of lessons and fees, arrangements can be made with the Prefect of Studies and the Professor.

DRAWING.

A course of Drawing may be arranged with the intention of preparing students for any university, technical college and calling, in which a knowledge of scientific draughtsmanship is required.

First Year—Practical Plane Geometry and Elementary Solid Geometry.

Second Year—Projection and Perspective, with Engineering and Architectural details.

SHORTHAND.

The course of Shorthand includes all the principles of the art. It is taught three times a week.

TELEGRAPHY.

For the Telegraphic Department, a room is provided and equipped with line instruments. Instruction is given five times a week. A good knowledge of the subject may be acquired in one year.

TYPEWRITING.

The machines in use are of the standard type, with the latest improvements. Instruction regarding their manipulation is given six times a week.

MUSIC.

This department is complete in all its branches, and is conducted by able professors. The College Orchestra and the St. Cecilia Society, which have always enlivened our public and private entertainments, prove that the College authorities encourage this study.

The course of instruction in Instrumental Music begins on the first Tuesday in October and ends on the last Thursday in May.

N. B.—Students who are found to be deficient in any of the leading branches of class-study will not be allowed to take up Optional Studies.
