(8) The term "ammunition" shall include all pistol or revolver ammunition except .22-caliber rim-fire ammunition.

§ 2. (a) It shall be unlawful for any manufacturer or dealer, except a manufacturer or dealer having a license issued under the provisions of this Act, to transport, ship, or receive any firearm or ammunition in interstate or foreign commerce.

(b) It shall be unlawful for any person to receive any firearm or ammunition transported or shipped in interstate or foreign commerce in violation of subdivision (a) of this section, knowing or having reasonable cause to believe such firearms or ammunition to have been transported or shipped in violation of subdivision (a) of this section.

(c) It shall be unlawful for any licensed manufacturer or dealer to transport or ship any firearm in interstate or foreign commerce to any person other than a licensed manufacturer or dealer in any State the laws of which require that a license be obtained for the purchase of such firearm, unless such license is exhibited to such manufacturer or dealer by the prospective purchaser.

(d) It shall be unlawful for any person to ship, transport, or cause to be shipped or transported in interstate or foreign commerce any firearm or ammunition to any person knowing or having reasonable cause to believe that such person is under indictment or has been convicted in any court of the United States, the several States, Territories, possessions (including the Philippine Islands), or the District of Columbia of a crime of violence or is a fugitive¹ from justice.

(i) It shall be unlawful for any person to transport, ship, or knowingly receive in interstate or foreign commerce any firearm from which the manufacturer's serial number has been removed, obliterated, or altered, and the possession of any such firearm shall be presumptive evidence that such firearm was transported, shipped, or received, as the case may be, by the possessor in violation of this Act.

§ 3. (a) Any manufacturer or dealer desiring a license to transport, ship, or receive firearms or ammunition in interstate or foreign commerce shall make application to the Secretary of the Treasury, who shall prescribe by rules and regulations the information to be contained in such application. The applicant shall, if a manufacturer, pay a fee of \$25 per annum and, if a dealer, shall pay a fee of \$1 per annum.

¹So in original.

(b) Upon payment of the prescribed fee, the Secretary of the Treasury shall issue to such applicant a license which shall entitle the licensee to transport, ship, and receive firearms and ammunition in interstate and foreign commerce unless and until the license is suspended or revoked in accordance with the provisions of this Act: *Provided*, That no license shall be issued to any applicant within two years after the revocation of a previous license.

(c) Whenever any licensee is convicted of a violation of any of the provisions of this Act, it shall be the duty of the clerk of the court to notify the Secretary of the Treasury within forty-eight hours after such conviction and said Secretary shall revoke such license: *Provided*, That in the case of appeal from such conviction the licensee may furnish a bond in the amount of \$1,000, and upon receipt of such bond acceptable to the Secretary of the Treasury he may permit the licensee to continue business during the period of the appeal, or should the licensee refuse or neglect to furnish such bond, the Secretary of the Treasury shall suspend such license until he is notified by the clerk of the court of last appeal as to the final disposition of the case.

(d) Licensed dealers shall maintain such permanent records of importation, shipment, and other disposal of firearms and ammunition as the Secretary of the Treasury shall prescribe.

§ 4. § 5. Any person violating any of the provisions of this Act or any rules and regulations promulgated hereunder, or who makes any statement in applying for the license or exemption provided for in this Act, knowing such statement to be false, shall, upon conviction thereof, be fined not more than \$2,000, or imprisoned for not more than five years, or both.

§ 6. This Act shall take effect thirty days after its enactment.

§ 7. The Secretary of the Treasury may prescribe such rules and regulations as he deems necessary to carry out the provisions of this Act.

SUBPART C

Licenses

§ 315.2 *Persons required to procure licenses.* Under section 2 (a) of the Act, it is unlawful for any manufacturer or dealer, except a manufacturer or dealer having a license issued under the provisions of the Act, to transport, ship, or receive any firearms or ammunition in interstate or foreign commerce. Therefore, every manufacturer or dealer within the meaning of the Act and these regulations (see section 315.1 (f) and (h)) must first procure a license under section 3 of the Act before he may, on or after July 30, 1938, lawfully transport, ship, or receive any firearms or ammunition in interstate or foreign commerce.

It is not necessary in any case for a person licensed as a manufacturer also to procure a license as a dealer. The license as manufacturer entitles the licensee, within the limitations of the Act, to transport, ship, or receive, in interstate or foreign commerce, firearms or ammunition, whether of his own production or produced by another. However, a person required to be licensed as a manufacturer does not comply with the provisions of the Act by procuring a license as dealer.

A person engaged in the importation of firearms or ammunition for sale or distribution is required to be licensed as a manufacturer even though he may not perform any manufacturing operations.

A person engaged in the business of repairing firearms, or of manufacturing or fitting special barrels, stocks, trigger mechanisms, or breech mechanisms to firearms, if not otherwise required to be licensed as a manufacturer, must be licensed as a dealer before he may, on or after July 30, 1938, lawfully transport, ship, or receive any firearm, including any part of a weapon (see section 315.1 (b)), or ammunition in interstate or foreign commerce.*†

§ 315.3 *Persons not entitled to a license.* A license shall not be issued to any person who is under indictment for, or has been convicted of, a "crime of violence" as defined in section 1 (6) of the Act, or who is a "fugitive from justice" as defined in section 1 (7) of the Act. Nor shall a license be issued to any applicant within two years after the revocation of a previous license.*†

§ 315.4 *Application for a license.* The application for a license shall be made on Form 7 (Firearms), copies of which may be procured from collectors. The application shall be filed with the collector for the district within which the principal place of business of the applicant is located. The application must be under oath and contain all the information required by the form.*†

§ 315.5 *License fees.* In the case of a manufacturer the license fee is \$25 per annum, and in the case of a dealer the license fee is \$1 per annum.*†

§ 315.6 *Issuance of license.* If an application on Form 7 (Firearms) has been filed with the collector, properly executed by a person lawfully entitled to a license and accompanied by the required license fee, there shall be issued to the applicant a license on Form 8 (Firearms).*†

§ 315.7 *Scope and duration of license.* The license shall entitle the person to whom issued to transport, ship, or receive firearms or ammunition in interstate or foreign commerce for a period of one year from the date of issuance, subject, however, to suspension or revocation of the license at any time if the licensee is convicted of violation of any of the provisions of the Act. (See section 315.9.)

A license shall not be issued in any case for a period of less than one year. No refund of any part of the amount paid as a license fee shall be made where, for any reason, a licensee discontinues operations prior to the expiration of the period covered by the license. Nor shall any refund be made if the license is suspended or revoked because of violation by the licensee of any provision of the Act.

When a license has expired, or is about to expire, a new license, if desired, may be obtained by filing with the collector an application on Form 7 (Firearms), accompanied by the required license fee, provided the applicant is otherwise entitled to a license. (See section 315.3.)

The license under section 3 of the Act is not assignable or transferable under any circumstances and is valid only with respect to the operations of the person to whom issued.

The license applies to the operations of the licensee and not to any particular place at which business is carried on. Accordingly, only one license is required, regardless of the number of places at which the licensee operates. If the business is carried on at more than one location, the license shall be held available for inspection at the principal place of business and an appropriate record maintained at all other locations showing where the license is so held.

The license confers no right or privilege to conduct business contrary to State or other law. The holder of a license is not, by reason of such license, immune from punishment for dealing in firearms or ammunition in violation of the provisions of any State or other law. Similarly, compliance with the provisions of any other law affords no immunity under the Act. (See section 315.12.)*†

§ 315.8 *Removal of licensee.* A licensee may remove his business to a new location without procuring a new license. However, in every case, whether or not the removal is from one district to another, prompt notification of the

new location of the business must be given to—

(1) the collector for the district where the license was issued;

(2) the collector for the district from which or within which the removal is made; and

(3) the collector for the district to which the removal is made.*†

§ 315.9 *Suspension and revocation of license.* Section 3 (c) of the Act provides in part that the license of any person convicted of violation of any provision of the Act shall be suspended until final disposition of the case, at which time, if the conviction has not been set aside, the license shall be revoked. Section 3 (c) further provides that a licensee convicted of violation of any provision of the Act may be permitted to continue in business during the pendency of an appeal from such conviction upon furnishing a bond of \$1,000 acceptable to the Secretary.

Upon receipt by the Secretary of notice of the conviction of a licensee of violation of any provision of the Act, the license of such person shall be immediately suspended in accordance with the provisions of section 3 (c) of the Act, and the Commissioner shall immediately notify such person thereof by registered letter addressed to his last known address.

A person whose license is suspended on account of a conviction of violation of any provision of the Act and who desires permission to continue in business during the pendency of an appeal from such conviction shall file an application with the Commissioner for such permission. The application shall be under oath and fully set forth the grounds on which the application is based. The application shall be accompanied by a bond, running to the United States, in the penal sum of \$1,000. The condition of the bond shall be that, until final disposition of the appeal, the licensee will comply in every respect with all the provisions of the Act. As soon as possible after the receipt of the application and bond, the Commissioner shall notify the applicant that, by direction of the Secretary, his application has been granted or denied, as the case may be.

An application for permission to continue in business during the pendency of an appeal from a conviction of violation of any provision of the Act shall not be granted if on the facts of the case the applicant would not then be entitled to a license were he applying for a license. (See section 315.3.)

In every case, the suspension of a license shall remain in effect until final action is taken upon the application, if made, for permission to continue in business during the pendency of an appeal from the conviction. If such application is granted, the suspension is set aside until final action upon the appeal from the conviction, at which time the case

will be disposed of according to the outcome of the appeal. If the application for permission to continue in business is denied, or if no such application is made, the suspension of the license remains in effect throughout the pendency of the appeal and final action will then be taken in the case as may be required by the outcome of the appeal.

The granting of an application to continue in business during the pendency of an appeal from a conviction of violation of any provision of the Act does not extend the term of the license. If a license expires by lapse of time before the appeal is decided, the licensee must procure a new license if he desires to continue to transport, ship, or receive firearms or ammunition in interstate or foreign commerce. The new license shall stand in place of, and be subject to the same conditions as, the old license, that is, the new license shall be subject to revocation if the conviction is not set aside.

If upon appeal the conviction of a licensee of violation of any provision of the Act is not set aside, or if no appeal is filed, his license shall be immediately revoked pursuant to the provisions of section 3 (c) of the Act, and the Commissioner shall immediately notify such person thereof by registered letter addressed to his last known address.

The forfeiture of a license for violation of any provision of the Act is a separate and distinct penalty in addition to any other penalties which may apply in the case, whether imposed under section 5 of the Act or under any other provision of law.

A person whose license has been revoked for violation of any provision of the Act may, if otherwise entitled to a license (see section 315.3), again be licensed to transport, ship, or receive firearms or ammunition in interstate or foreign commerce, but not until the expiration of two years from the date of the revocation of the previous license. In such case, the application for the new license shall be filed with the collector in accordance with the provisions of section 315.4.*†

SUBPART D

Records

§ 315.10 *Records*—(a) *Manufacturers*. Each licensed manufacturer shall maintain complete and adequate records of all firearms and ammunition disposed of in the course of his business, including any firearms or ammunition acquired from other manufacturers or dealers. The records shall show and include:

- (1) the number of the firearms of each type, together with a full and adequate description thereof, including the serial numbers if such weapons are numbered;
- (2) the types, and quantity of each type, of ammunition;

munition, if not the manufacturer's own product, was acquired, and the date of acquisition; and

(4) the disposition made of the firearms or ammunition, including the name and principal address of each transferee, the address to which delivered, and date of disposition.

(b) *Dealers*. Each licensed dealer shall maintain complete and adequate records of all firearms acquired or disposed of in the course of his business. The records shall show and include:

(1) the number of the firearms of each type, together with a full and adequate description thereof, including the serial numbers if such weapons are numbered;

(2) the name and address of each person from whom firearms are acquired, and the date of acquisition;

(3) the disposition made of the firearms, including the name and principal address of each transferee, the address to which delivered, and date of disposition.

(c) *General*. The records prescribed by this section shall be in permanent form and shall be retained for a period of not less than six years from the date of the transactions to which the records relate. Such records must be held available for inspection during business hours by any authorized officer or agent of the United States engaged in the performance of his duties under the Act.*†

SUBPART E

Exemptions

§ 315.11 *Exemptions*—(a) *General*. Under section 4 of the Act, the provisions of the Act do not apply with respect to the transportation, shipment, receipt, or importation of any firearm, or ammunition, sold or shipped to, or issued for the use of—

(1) the United States or any department, independent establishment, or agency thereof;

(2) any State, Territory, or possession, or the District of Columbia, or any department, independent establishment, agency, or any political subdivision thereof;

(3) any duly commissioned officer or agent of the United States, a State, Territory, or possession, or the District of Columbia, or any political subdivision thereof;

(4) any bank, public carrier, express, or armored-truck company organized and operating in good faith for the transportation of money and valuables, provided exemption is granted as prescribed in subdivision (b) of this section; and

(5) any research laboratory designated under subdivision (c) of this section and granted exemption thereunder.

Section 4 of the Act further exempts from the provisions of the Act—

(6) the transportation, shipment, or receipt of any antique or unserviceable

firearms, or ammunition, possessed and held as curios or museum pieces; and

FEDERAL COMMUNICATIONS COMMISSION.

[Docket No. 5450]

IN THE MATTER OF AMENDMENT OF RULES 177 AND 177.1 ON PETITION OF MAYOR LA GUARDIA OF THE CITY OF NEW YORK

NOTICE OF HEARING

To the Licensees and Permittees of All Existing Standard Broadcast Stations (All Broadcast Stations Licensed to Operate Upon the Channels 550 to 1,600 kc, Both Inclusive) and to All Applicants Who Have Pending Before the Commission Applications for Regular Broadcast Stations to Operate Upon Such Channels, to the Licensees and Permittees of All Existing International Broadcast Stations (All International Broadcast Stations Licensed to Operate Upon the Channels 6,000 to 26,600 kc, Inclusive) and to All Applicants Who Have Pending Before the Commission Applications for Regular Broadcast Stations to Operate Upon Such Channels and to Any Other Interested Parties:

You are hereby notified that the Commission has ordered a hearing on

the above-entitled matter at its offices, Washington, D. C., on the 7th day of June, 1939, at the hour of 10 o'clock A. M.

Pursuant to said order, you are hereby notified that the Commission at said time and place will hear any licensee, permittee, applicant, or other interested party on the questions hereinafter set forth in order to determine whether or not Rules 177 and 177.1 should be modified so as to permit the rebroadcasting of programs of international broadcast stations by regular broadcast stations whose licensees are universities, other educational institutions, municipalities, other governmental agencies, or other non-commercial, non-profit-making organizations.

For the purposes of developing information upon the question of modification of the rule as aforesaid, the following issues shall be determined:

1. To determine whether the Commission should amend its Rule 177.1 so as to permit the rebroadcasting of programs of international broadcast stations by regular broadcast stations whose licensees are universities, other educational institutions, municipalities, other governmental agencies, or other non-commercial, non-profit-making organizations.

2. To determine whether the Commission should amend its Rule 177.1 (b) so as not to require authority from the Commission to rebroadcast the programs of high frequency broadcast stations by regular broadcast stations whose licensees are the same as those set forth in paragraph 1 hereof.

3. To determine the basis for the distinction between the types of licensees mentioned in paragraph 1 hereof and other broadcast licensees for the purposes therein set forth.

4. To determine to what extent, if at all, the amendment of the rules as set forth in paragraphs 1 and 2 hereof would affect the operation of commercial stations as to program service and listening audience.

5. To determine whether the amendment of these rules in the particulars mentioned in paragraphs 1 and 2 hereof is consistent with the purposes of international broadcast stations, as set forth in Rules 1010, 1011, and 1012 (c).

6. To determine whether, in view of the long distance characteristics of international stations, and the unreliability of the short or national services of such stations, international stations should be permitted to be used to assist in the building of programs for regular broadcast stations.

7. To determine whether in view of the limited number of frequencies available throughout the world for international stations and the relatively large number of frequencies now used for regular broadcast stations in the United States, and in view further of the position taken by the Government of the United States of America at all inter-

national conferences that international broadcast stations should be used exclusively for international transmissions of programs, the amendment of Rule 177.1, as set forth in paragraph 1 hereof, should be made.

8. To determine whether the amendment of the rules in the particulars mentioned in paragraphs 1 and 2 hereof would be consistent with international agreements or treaties to which the United States is a party. (Article 7, Paragraph 19, of the Additional Radio Regulations, Annex 2, of the International Telecommunications Convention, Madrid, 1932; Article 7, Paragraph 22, of the General Regulations, Annex 2, of the International Radio Convention, Cairo, 1938; and Section 2, Table IV, of the Inter-American Arrangement Concerning Radio Communications, Havana, 1938.)

9. To determine whether the Commission should change its basic policy of not authorizing the use of radio facilities where other facilities are available to render the same service.

10. To determine to what extent a sufficient signal can be delivered by international broadcast stations throughout the United States to permit a satisfactory rebroadcast service.

11. To determine whether the modification of the rules as set forth in paragraphs 1 and 2 hereof would serve public interest, convenience and necessity.

These issues shall not, however, be considered exclusive of, nor preclude, the presentation of any other material evidence which any party may desire to present.

Each licensee, permittee, applicant, or other party desiring to be heard shall, within fifteen days of the mailing of this notice by the Secretary of the Commission, file with the Commission notice of its intention to be present and participate in said hearing.

By the Commission.

Secretary.
