Friend B.

I meant to send for 1. D.
Bibles by Hyman M. the other day, and
thought I had, until he returned —
Please for the future put the bill up
with whatever articles are sent, or seal
it, as the last preceding one was exam-
ined, I suspect — if not, it fell in
honest peoples hands a little like my-
self — At least it was handled by
several, It came to me the next day —
and that Sam Loring was the very cause
of it, for he never demanded it of H. and
If I catch him in another such a caper, I
guess he'll be sorry — Please give me
the price of Writing Paper by the Ream,
Creswax and tallow as they have been
offered — Also the first cost and retail price of
Websters Dictionary and Daybolles Arithme-
tic — I now send for the remainder of those
Bibles and a few other articles — Mine &c.
in good health and low spirits —
Dull business as usual —
