## Read Carefully Before Making Out Order

### *Doing Business with Knight is Both Easy and Safe*

You can reach us easily. Post Office, Express Office and Telegraph Office are at Sawyer, Michigan. Bell telephone in our office.

Some of your neighbors would probably appreciate our catalog. Give us their names and copies will be mailed to them.

**ORDER EARLY.** Do not delay placing your orders until you are ready to plant. The earlier orders are placed the better it is for you and for us. All orders are booked in rotation as received, therefore it is to your advantage to get your order placed early before varieties you wish are gone.

**HOW TO ORDER.** Use the order sheet found in this catalog, being sure to write your name and address plainly, and fill out all blanks carefully with reference to where you want your plants shipped, whether you want them sent by express, freight or mail, and at what time.

**HOW WE SHIP.** Express is much the safer way and, as there is a general special rate applied to nursery stock, the cost is not exorbitant. We guarantee express shipments to reach destination in good condition. Raspberry, blackberry and other heavy plants can be shipped safely by freight early in the season and considerable transportation charges saved thereby. However, all freight shipments go at consignee's risk.

**PARCEL POST.** Plants may be sent by mail at a reasonable expense. For instance, 100 strawberry plants can be sent anywhere in the 1st zone for about 7c; 2nd zone, 7c; 3rd zone, 10c; 4th zone, 15c; 5th zone, 20c; 6th zone, 25c; 7th zone, 31c; 8th zone, 36c. We cannot give you a very close estimate on raspberry and blackberry plants as they vary so much in weight. No orders shipped C. O. D.

**SHIPPING SEASON** commences about March 15 and continues until about May 15.

**TERMS.** Cash with order, or part cash when order is sent, the balance to be sent before shipment.

**REMITTANCES.** Send money by Check, Draft, Post Office Money Order, Express Money Order or Registered Mail. Currency sent in a letter without registering is at sender's risk.

**COMPLAINTS.** Complaints, if any, must be made within ten days after receipt of stock.

### **A BARGAIN**

**\$3.50** *Per Thousand for Some of Our Best Strawberry Plants*

Occasionally, when hauling plants from the fields to the packing house the labels on a crate or two will become lost and we cannot be sure of the varieties they contain. This also happens at times after the plants reach the packing house. Instead of guessing at what they are we consider this stock as mixed and sell it as such at reduced prices. If you want plants just for fruit then these will give you as good results as though you received and kept different varieties separate, and at considerable saving in price.

*Remember—These are plants from our very best varieties and are a big bargain at \$3.50 per thousand.*

### **To Determine the Number of Plants Required to Set an Acre of Land**

Multiply the distance in feet between the rows by the distance the plants are apart in the rows and the product will be the number of square feet for each plant or hill; which divided into the number of feet in an acre (43,560) will give the number of plants required to the acre.

Greenfield, Mass., 5/4/24

Dear Sirs:- Received the 6,000 Champion plants. Thanks. Never saw better plants. Enclosed find check for 4,000 more Champion.

Yours truly, A. R. Noyes.

Sheridan, Ind., 3/31/24

Sirs:- I am not in the market for plants this spring but just want to tell you of what we got last year. You remember we bought 1,000 Dunlap and 1,000 Gibson from you last year. We studied several catalogs, then trusted to luck and got plants from six nurseries. We set them in same kind of soil, gave them same care, all set about same time and under same conditions. Got two poor stands. The others did very well. But the plants we bought of you—Say Boy, they just tried themselves. Lost a few plants but the rest sure did grow and if they produce berries as they grow plants we will be more than pleased.

Yours truly, Alva L. Boone.

Petersburg, Ind., 3/12/24

Gentlemen:- I like your way of advertising fine. You do it with good plants and right prices. If that policy was followed more we would not have to pay so much for what we buy.

Yours truly, E. E. Smith.

St. Louis, Mo., 4/15/24

Gentlemen:- The plants were received in good order and at just the right time for planting as the season is late here this year. The plants are just fine and I am well pleased with them.
