ARTICLE II—DEFINITION

SEC. 200. As used on the stamp order book, on the face of the cotton order stamps, in any instrument or document

in connection with cotton order stamps, and in these regulations and conditions, unless the context clearly indicates another meaning:

(a) "Secretary" means the Secretary of Agriculture of the United States of America.

(b) "Department" means the United States Department of Agriculture.

(c) "FSCC" or "Corporation" means the Federal Surplus Commodities Corporation.

(d) "Designated area" means a geographical area designated by the Corporation as an area in which cotton order stamps may be issued and used: *Provided, however,* That stamps may be used in any eligible retail dry goods store as defined herein.

(e) "Cotton and cotton goods" means any commodity or product which is made entirely in the United States and entirely from cotton produced in the United States; which is new and which is sold in retail dry goods stores for human or household use. Bindings, buttons and other fasteners, findings and trimming, shall not be considered in determining whether such commodity or product is made entirely of cotton.

(f) "Retail dry goods store" means a merchandising establishment located within a designated area where a retailer carries on, in whole or in part, the normal business of selling cotton or cotton goods to buyers for consumption and not for resale in any form and merchandising establishments engaged in the retail distribution of cotton or cotton goods through the mail, whether or not such establishment is located in a designated area, whenever, in the judgment of the Corporation, the inclusion of the latter establishments would effectuate the purposes of the program. "Retail dry goods store" shall not include peddlers or other itinerant merchants.

(g) "Family" means persons living together in one household as an interdependent economic group.

ARTICLE III—REGULATIONS

SEC. 300. *Eligibility to receive cotton order stamps.* Cotton order stamps shall be issued only to persons certified by duly authorized agencies as eligible for public assistance who, when so required, present evidence of such certification: *Provided, however,* That whenever the Corporation shall deem it desirable to do so in order to effect the cotton distribution plan, it may issue green cotton order stamps and brown surplus cotton order stamps or brown surplus cotton order stamps only, to duly authorized agencies for, and on behalf of, persons or classes of persons who in the judgment of the Corporation require public assistance. After the issuance of the second book or series of books of cotton order stamps to any eligible person, no book or series of books shall be issued to such person unless such person executes such certification relative to the use of each book of cotton order stamps

as the Corporation may require or there have been turned in to the issuing officer the covers of the initial book or series of books together with the proper certification of the holder provided for thereon. If the Corporation requires the return of the covers of books of cotton order stamps, except as hereinafter provided no holder shall be eligible to receive further books unless he has in like manner, with like certification turned in the covers of all books previously issued, except the last book or series of books immediately preceding. In the event that the holder loses the cover of any book, he shall be eligible to receive further books only upon execution and presentation to the issuing officer of an affidavit of loss containing a certification similar to that appearing on the cover of the lost book. If the holder, because of failure to purchase or obtain cotton order stamps in any purchase period, is unable to turn in the required stamp book covers, he shall be deemed eligible to receive further books only if the certifying agency certifies to the Corporation or its authorized representative that the holder refrained from purchasing or obtaining stamps because of a substantial and emergency need. If the certifying agency fails to make such certification the holder may appeal to the Corporation or its authorized representative and the holder shall be reinstated as eligible, if in the judgment of the Corporation or its authorized representative it is desirable to do so in order to effectuate the cotton stamp plan. If in the judgment of the Corporation, the issuance of cotton order stamps to any class or classes of eligible persons will not effectuate the purposes of the cotton stamp program, such class or classes may be excluded.

SEC. 301. *Issuance of cotton order stamps.* Green cotton order stamps and brown surplus cotton order stamps shall be issued by the Corporation to eligible persons either directly or through any agency designated by the Corporation. For such purpose and for such other purposes as the Corporation may deem necessary and proper in the effectuation of the cotton stamp plan, the Corporation may enter into agreements or undertakings with duly authorized public or private agencies and instrumentalities, and may utilize, in addition to the officers and employees of the Corporation and of the Department, the personnel of such agencies and instrumentalities.

SEC. 302. *Eligibility to accept cotton order stamps.* Any retail dry goods store merchant may accept cotton order stamps in exchange for cotton or cotton goods provided he has, if required to do so by the Corporation, filed an application for participation in a form prescribed by the Corporation.

SEC. 303. *Payment of claims supported by properly presented cotton order stamps.* Any eligible retail dry goods merchant who delivers cotton or cotton

goods to an authorized holder of cotton order stamps in accordance with the conditions made herein shall be entitled, in the event a proper claim or payment is made and presented, supported by such stamps, stamp cards, vouchers, and other forms as the Corporation may require, to receive payment from funds held by or for the Corporation for the face value of green cotton order stamps or brown surplus cotton order stamps, or both. The determination of the Corporation as to the validity of any claim shall be final. Wholesalers and banks may act as agents for retail dry goods merchants in presenting such claims to the Corporation for payment.

SEC. 304. *Refunds.* In the event cotton order stamps are not presented for delivery of cotton or cotton goods thereon, the Corporation shall make proportionate refunds on green cotton order stamps if returned to the Corporation by the person to whom originally issued together with brown surplus cotton order stamps in the same ratio in which received. The Corporation shall make no refunds to the heirs or estate of any person to whom cotton order stamps have originally been issued or to any person who has relinquished control thereof either voluntarily or by virtue of legal process.

ARTICLE IV—CONDITIONS

SEC. 400. *Amount and ratio of cotton order stamps available to any eligible person.* Any person eligible to receive cotton order stamps may purchase or obtain in lieu of money payment in each three-month period green cotton order stamps in accordance with the following: (a) for one person or a family of two persons, a minimum value of two dollars (\$2) or a maximum of three dollars (\$3); (b) for a family of three or four persons, a minimum value of three dollars (\$3) or a maximum of five dollars (\$5); (c) for a family of five persons or more, a minimum of four dollars (\$4) or a maximum of six dollars (\$6). If it is determined by the Corporation that certain designated persons or family groups have insufficient funds or means to purchase or obtain the minimum of green cotton order stamps herein prescribed, the Corporation may fix a lower minimum for such persons or family groups. Any person purchasing or obtaining green cotton order stamps shall be given brown surplus cotton order stamps in the ratio of one brown surplus cotton order stamp for each green cotton order stamp purchased or obtained; *Provided, however,* That if in certain States, political subdivisions thereof, or areas a substantial proportion of certain or all classes of eligible persons is found by the Corporation to be unable to purchase or obtain green cotton order stamps, or is able to purchase or obtain such stamps only in an amount substantially below the minimum provided in this section, brown surplus cotton order stamps may be given in an amount determined by the

Corporation and without regard to the purchasing or obtaining of green cotton order stamps.

SEC. 401. *Authorized representative.* Any eligible person may designate a representative for the purpose of obtaining cotton stamp books: *Provided, however,* That such representative is not the owner or employee of a retail dry goods store or one who will derive any pecuniary benefit from the agency relationship.

SEC. 402. *Cotton and cotton goods obtainable by use of cotton order stamps.* Green cotton order stamps and brown surplus cotton order stamps may be used in any eligible retail dry goods store for any cotton or cotton goods sold in such stores.

SEC. 403. *Limitations on use of stamps.* No retail dry goods merchant, nor any manager, clerk, assistant, or other person acting for him, shall accept cotton order stamps unless such stamps are detached in the presence of such person at the time of the delivery of cotton or cotton goods to the person authorized to receive such cotton or cotton goods: *Provided, however,* That authorized merchandising establishments may accept detached cotton order stamps accompanying an order received through the mail when the goods ordered are to be delivered by mail. Cotton order stamps shall not be accepted in payment of debts previously incurred. Cotton order stamps shall not be sold, transferred, assigned, or negotiated by any person preliminary to the proper delivery of cotton or cotton goods thereon, or used for any purpose or to effect any arrangement, agreement, scheme, or device contrary to the plan outlined herein. Cotton or cotton goods delivered to any eligible person by virtue of the presentation of cotton order stamps shall be utilized by such person and his family in the normal course of utilization of cotton or cotton goods by such person or family.

SEC. 404. *Duty of retail dry goods merchants or their representatives.* It shall be the duty of any retail dry goods merchant, or any manager, clerk, assistant, or other person acting for him, to make every reasonable effort to determine that the person presenting stamps for cotton or cotton goods is the person whose name appears on the book of stamps, or is an authorized representative of such person, or to require satisfactory identification if he has any reason to doubt the identity of the person or his right to possession of the stamps.

SEC. 405. *Change.* No retail dry goods merchant, and no manager, clerk, assistant, or other person acting for him, shall give change in currency or otherwise in connection with cotton or cotton goods delivered for cotton order stamps, or, except as provided in this section, deliver cotton or cotton goods of a value less than either a single stamp or a multiple thereof: *Provided, however,* That if such merchant or person so desires, and if

the cotton or cotton goods delivered are of a value less than either a single stamp or a multiple thereof, he may extend credit in the form and manner approved by the Corporation for future delivery of cotton or cotton goods, as the case may be, for the balance of the face value of any cotton order stamp.

SEC. 406. *Taxation.* The Corporation shall not honor any claim evidenced by brown surplus cotton order stamps made to the Corporation for payment where the retail dry goods merchant, by virtue of the existence of any tax measured by receipts from retail sales, has delivered cotton or cotton goods of an actual value of less than the face value of each brown surplus cotton order stamp evidencing and supporting such claim, or has otherwise passed the incidence of such tax upon the stamp holder. Nothing herein contained shall affect the privilege of giving credit as provided in section 405 hereof, nor be interpreted to acknowledge the applicability of any tax measure to cotton stamp transactions.

SEC. 407. *Relief agencies.* If, in any designated area in which an agency is supervising or administering the issuance of cotton order stamps, the Secretary, or his duly authorized representative, after reasonable notice and opportunity for hearing, finds that there have been imposed unreasonable or arbitrary requirements as to eligibility of persons to receive cotton order stamps or finds that there has been a failure to abide by the conditions contained herein or to comply with the terms of any agreement or understanding with the Secretary or the Corporation in connection with the administration of the cotton stamp program, the Secretary, or his duly authorized representative, shall notify such agency that cotton order stamps will not be available in such area until the Secretary, or his duly authorized representative, is satisfied that the unreasonable or arbitrary requirement is no longer so imposed and that there is no longer any failure to abide by such conditions, agreement, or understanding. Nothing contained herein shall be construed to limit the right of the Secretary to withdraw the cotton stamp program from any area whenever he has reason to believe that the provisions of Section 32, Public Law No. 320, 74th Congress, as amended, and Public Law No. 165, 75th Congress, will not be effectuated by the continuation thereof.

SEC. 408. *Penalties.* Any person who makes or causes to be made, or presents or causes to be presented for payment to or approval by any person or officer in the Corporation or anyone acting as agent for the Corporation, any claim upon the Corporation for payment of cotton order stamps, knowing such claim to be false, fictitious, or fraudulent, or in violation of the conditions herein contained; or whoever, in connection with the obtaining, holding, presentation, use,

and payment upon cotton order stamps, shall knowingly and willfully falsify or conceal or cover up by any trick, scheme, or device a material fact, or make or cause to be made any false or fraudulent statements or representations, or make or use, or cause to be made or used, any false stamp, stamp book, stamp card, certificate, voucher, bill, account, or claim, knowing the same to contain any fraudulent or fictitious statement or entry or to be in violation of the conditions herein contained, shall be subject to the fines and punishment as provided in the United States Criminal Code and elsewhere and shall be denied further participation, indefinitely or for a determined period, in the cotton stamp plan.

SEC. 409. *Violations of conditions.* Whenever the President, the Acting President, or the Executive Vice President of the Corporation shall determine that any person has violated, or is violating, the conditions herein contained, or any amendment thereto, he may issue an order denying to such person, indefinitely or for such period as he may determine, the privilege of further participation in the cotton stamp plan. For this purpose the President or the Acting President of the Corporation may adopt and promulgate, and from time to time modify or amend, such practice and procedure as he may deem necessary, not inconsistent with the provisions of these regulations and conditions. The President, the Acting President, or the Executive Vice President of the Corporation may suspend alleged violators from participation in the cotton stamp program at any time prior to or pending final determination as provided above, and may, as to the issuance of any order denying participation or as to any suspension as provided herein, take such action as to any such order or suspension which shall to him seem reasonably designed to make effective the terms thereof.

ARTICLE V—CONSTRUCTION

SEC. 500. *Administrative interpretations.* The Corporation, in its discretion, may promulgate and issue administrative interpretations of any of the regulations and conditions herein contained, and such interpretations shall be final.

SEC. 501. *Derogation of rights.* Nothing contained in these regulations and conditions, or in any administrative interpretation thereof, shall be construed to be in derogation or modification of the right of the Secretary, the Corporation, or of the United States to exercise any jurisdiction or power granted by law.

In witness whereof, the Secretary of Agriculture has executed these regulations and conditions in duplicate and has hereunto set his hand and caused the official seal of the Department of

Agriculture to be affixed hereto in the City of Washington, District of Columbia, this 24th day of April 1940.

TITLE 43—PUBLIC LANDS: INTERIOR

CHAPTER I—GENERAL LAND OFFICE

[Circular No. 1469]

ACTIONS ON GRAZING LEASES BY THE COMMISSIONER OF THE GENERAL LAND OFFICE

APRIL 17, 1940.

The Commissioner of the General Land Office is hereby authorized to take all actions required in connection with the issuance, modification, renewal, assignment or cancelation of grazing leases, and the disposition of protests and conflicting applications, subject to the right of appeal to the Secretary of the Interior. All actions of the Commissioner will be subject to review by the Secretary on his own motion, as well as on appeal.

In order to carry these instructions into effect, paragraphs 5 (f), 19, 20, 23, 24, 25, and 27 of Circular No. 1401,² dated

¹ This document affects the tabulation in 19 CFR 4.13.

² 2 F.R. 836.

April 30, 1937 (56 I.D. 447), which are carried in the Code of Federal Regulations as §§ 160.7 (f), 160.20, 160.21, 160.24, 160.25, 160.26 and 160.28, respectively, are hereby amended to read as follows:

§ 160.7 (f) (5f) A statement as to the number and kind of stock to be grazed upon the lands, seasons of contemplated use, and the manner in which the applicant plans to graze the lands applied for in connection with his general operations. Such statement shall not prejudice the application, and the applicant may amend it to conform to any objection or requirement made by the Commissioner of the General Land Office as to the kind or number of stock, seasons of use or grazing plans.*

§ 160.20 (19) *Offer of lease; appeals.* If, after receipt of an application or petition for renewal and upon consideration of the facts presented, it is decided by the Commissioner of the General Land Office that the applicant is entitled to a lease for all or any of the lands applied for, a proposed lease will be prepared, in quadruplicate, and copies will be sent to the district land office for execution by the applicant. The Commissioner is hereby authorized to take all actions required in connection with the issuance, modification, renewal, assignment or cancelation of grazing leases, and the disposition of protests and conflicting applications, subject to the right of appeal to the Secretary of the Interior. All actions of the Commissioner will be subject to review by the Secretary on his own motion, as well as on appeal.*

§ 160.21 (20) *Issuance of lease.* If the proposed lease is properly executed and returned to the General Land Office, it will be considered, together with any protests or conflicting applications. If all be found regular, a lease will be issued by the Commissioner after final action has been taken on the protests, or conflicting applications, if any. The same procedure will be followed where it is determined that more than one applicant is entitled to a lease and a division of the lands is necessary, except that such conflicting applicants will be afforded an opportunity to agree to the division of such lands. If an acceptable adjustment cannot be made by the parties in interest, the award of a lease or leases, will be determined by the Commissioner of the General Land Office, on the basis of all the facts presented.*

§ 160.24 (23) *Term of lease.* When the necessary basic information has been secured by the Division of Investigations, leases may be issued in the discretion of the Commissioner of the General Land Office for periods of not more than ten years. However, when the facts and

*These regulations are issued under the authority contained in sec. 15, 48 Stat. 1275, sec. 5, 49 Stat. 1978; 43 U.S.C. 315m and sup.

circumstances are such as to warrant limiting the leases to five years or less, the leases will be so limited. In the absence of necessary basic data, the leases will be limited to one year. When a lease expires it may be renewed, for periods of not more than ten years, in the discretion of the Commissioner, upon such terms and conditions as he may prescribe.*

§ 160.25 (24) *Use of lands.* After the issuance of a lease, the lessee may fence the lands or any part thereof, develop water by wells, tanks, water holes, or otherwise, and make or erect other improvements for grazing and stock-raising purposes so long as such improvements do not impair the value of the lands. Upon cancellation of a lease for any reason or upon termination of a lease, except when a renewal is requested, the Commissioner of the General Land Office may, in his discretion and upon a written petition filed by the lessee within 30 days from date of the cancellation, require a subsequent lessee, prior to the execution of a new lease, to reimburse the former lessee a reasonable amount for any grazing improvements of a permanent nature that may have been placed upon the leased lands during the period of the lease. All decisions of the Commissioner will be subject to the right of appeal to the Secretary of the Interior. As to any improvements not disposed of in the manner set forth above, the lessee will be allowed 3 months from the date of cancellation of the lease within which to remove such improvements, but, if not removed or other disposition made within the said period, such improvements shall become the property of the United States. The lessee will be required to comply with the provisions of the laws of the State in which the leased lands are located with respect to the cost and maintenance of partition fences.*

§ 160.26 (25) *Causes for cancellation of lease.* A lease may be canceled by the Commissioner of the General Land Office:

(a) If the lessee persistently overgrazes the lands or uses them in any manner which causes soil erosion, or for any purposes detrimental to the lands or the livestock industry.

(b) If the lessee uses the leased premises, or any part thereof, for any purpose foreign to grazing or in violation of any terms of the lease.

(c) If the lessee shall fail to pay the annual rental, or any part thereof.

(d) If the lessee shall fail to comply with the regulations or the terms of the lease.

(e) If a preference right lessee fails to retain ownership or control of the lands tendered as a basis for such preference right.

(f) If the lessee assigns or sub-leases all or any part of the leased area without obtaining the approval of the Commissioner of the General Land Office.

Each lessee must accept as final any decision rendered by the Commissioner of the General Land Office, with reference to the violations of the terms of the lease, unless the decision is modified or set aside by the Secretary of the Interior, and, if required by the decision, must surrender the leased premises to the United States. No decision will, however, be rendered until the lessee has been formally advised of the cause for cancellation and afforded a timely opportunity to make a showing as to why the lease should not be canceled.*

§ 160.28 (27) *Assignment of lease.* Proposed assignments of a lease, in whole or in part, must be submitted to the Commissioner of the General Land Office, on a form to be provided, for approval; must be accompanied by the same showing by the assignee as is required of applicants for a lease; and must be supported by a showing that the assignee agrees to be bound by the provisions of the lease. No assignment will be recognized unless and until approved by the Commissioner.*

Amendment of lease form. The form of lease for grazing livestock, Form 4-722, is carried in the Code of Federal Regulations as § 160.30. The attached portions of this form are hereby revised, in order to conform to the regulations, as herein amended.

FRED W. JOHNSON,
Commissioner.

Approved, April 17, 1940.

HAROLD L. ICKES,
Secretary of the Interior.

Upon cancellation of this lease for any reason or other termination thereof except when a renewal is requested, the Commissioner of the General Land Office may, in his discretion and upon a written petition filed by the lessee within 30 days from date of the cancellation, require a subsequent lessee, prior to the execution of a new lease, to reimburse the former lessee a reasonable amount for any grazing improvements of a permanent nature that may have been placed upon the leased lands during the period of the lease. The decision of the Commissioner will be subject to the right of appeal to the Secretary of the Interior. As to any improvements not disposed of in the manner set forth above, the lessee will be allowed 3 months from the date of cancellation of the lease within which to remove such improvements, but, if not removed or other disposition made within the said period, such improvements shall become the property of the United States.
