(o) RESULTS: (For all hits claimed on ship targets and for land targets of special interest, draw diagram, top or side view or both, as appropriate, showing type and location of hits. For all targets give location and effect of hits, and identify by numbers above. Use additional sheets if necessary).

The MTB caught on fire forward of the cockpit and burned midship down to the waterline; there was a series of explosions; on way back to base pilots saw MTB low in water with large flames still burning. The hull in target area 2 was left burning as were the motor boat and several small boats.

- 1- MTB about 200 yards west of Sesoko Shima, Okinawa Jima.
- 2- Tokuchi, Okinawa Jima - hull on boat yard ways, 30 feet motor boat, 10 small boats.

(p) Were Photographs Taken? Yes Photographs of Damage, When Taken, Should Be Attached By Staple.

On 28 March 1945, 1-4, at 0518, 4 PI-2 were launched from USS MAKIN ISLAND for combat air patrol at Okinawa Jima. After being relieved they were given permission to strike targets of opportunity. An MTB was sighted about 200 yards west of Sesoko Jima not under way. It was approximately 60 by 15 feet, and carried a possible 40 MM gun forward and possible torpedo tubes on the sides. Permission was granted to attack and 5 strafing runs were made starting at 2500 feet and going on down to the deck. On the first runs kept flaring intermittently. Finally on the fourth run it burned forward of the cockpit with the fire spreading to midships and burning there to the waterline. A series of small explosions followed. When last seen by the pilots on their way back to base the whole MTB was burning fiercely and low in the water. The flight also strafed and left burning a hull on the ways, a 30 foot motorboat and several small boats at Toguchi. Return to base was made at 0748 I.

Pilots -

Lt. George Shaw-Corthorn, flight leader, Lts.(jg) Alfred H. Monahan, Raymond E. Howard, Mission Richard D. Tietjen.
