REPORT

Accompanying the Proposed Greater New York Charter.

To the Legislature :

The Commission appointed pursuant to the provisions of Chapter 488 of the Laws of 1896 to prepare a charter for Greater New York, and to submit, in connection therewith, such supplementary bills as might appear to be necessary to carry into effect the legislative intent as declared by the law under which they were appointed, respectfully submits herewith :

1. A charter for Greater New York.
2. An Act to provide for Boards of Supervisors in counties wholly within the limits of a city, but not comprising the whole of such city, and defining the powers and duties thereof.
3. An Act relating to the election of city officers of the City of New York as constituted by the Greater New York Charter, at the general election to be held in November in the year 1897, and for the canvass and return of the votes thereof and the determination of persons elected thereat.
4. Certain amendments to Chapter 909 of the Laws of 1896, known as the Election Law, which appear to be necessary in connection with the

elections to be held in 1897 and thereafter, within the territory to be consolidated into Greater New York.

5. An Act to provide for the election of Supervisors in the several wards of the Borough of Queens in the City of New York, to be members of the Board of Supervisors of the County of Queens.

6. An Act in relation to the City Court of the City of New York and for the accommodation thereof, and authorizing the fitting up and equipping of certain parts of the City Hall in the City of New York.

7. A proposed constitutional amendment to authorize the Municipal Assembly or other legislative body of a city to discharge for counties wholly included within the limits of such city the duties at present devolved by the Constitution upon Boards of Supervisors throughout the State.

8. A proposed constitutional amendment forbidding counties wholly included within the limits of a city to become indebted.

9. A proposed constitutional amendment authorizing laws to be passed providing in municipal elections for minority or proportionate representation.

Necessity for Such Supplementary Legislation.

Before speaking of the charter itself, it appears to be proper to explain the necessity for the supplementary legislation suggested, and to state the reasons that

have prompted the Commission to submit the proposed constitutional amendments.

The Legislature will recall that his Excellency, Governor Morton, in approving the bill under which the Commission has been serving, called especial attention to the possibility, as an incidental result of consolidation, of the resuscitation in the Counties of New York and Kings of separate and independent Boards of Supervisors, and of the possible continuance in Richmond County of a Board of Supervisors notwithstanding the inclusion of that County within the limits of the enlarged city. This question, thus prominently brought to their attention, naturally has received from the Commission the most careful consideration. The members of the Commission are of one mind in believing that the creation of Greater New York would be an almost unmixed misfortune, if it were to result in paralleling the city government throughout the territory of the consolidated city with a separate and independent county government in the three counties of New York, Kings and Richmond. The State Constitution deals effectually with such a situation when a city and a county are literally coterminous; and probably no one will dispute that the spirit of the Constitution, as expressed in the provision dealing with that case, equally demands that the functions of the Board of Supervisors in the various counties included within the consolidated City of New York should be discharged by the legislative body of the city, precisely as such functions are now discharged for New York County by the Board of Aldermen of the City of New York, and for Kings County by the Common Council of Brooklyn. On the other hand, it is not clear that the letter of the Constitu-

tion, by reason of its failure to provide in terms for the precise case of a city that should include within its boundaries the whole of more than one county, might not lead to serious embarrassment. Accordingly, the Commission urges as a material part of the plan for the creation of Greater New York the passage of the ACT DEFINING THE POWERS AND DUTIES OF BOARDS OF SUPERVISORS in counties wholly within the limits of a city, but not comprising the whole of such city.

The Act provides :

1. That in such counties the Boards of Supervisors shall consist of the members of the Municipal Assembly, to be elected as such, and also as Supervisors, by the people of the county.

2. That such Boards of Supervisors may act as County Cauvassers, and shall have the power conferred by the Constitution upon Supervisors of sub-dividing the counties into Assembly districts.

3. That such Boards of Supervisors shall have no other powers of local legislation or administration, and shall have no power to create debt.

4. All other Boards of Supervisors within such counties are abolished from and after January 1st, 1898.

The powers of local legislation and administration heretofore generally possessed by Boards of Supervisors can, in the opinion of the Commission, be vested by the Legislature of the State in the Municipal As-

sembly and administrative departments of Greater New York, and the Charter so provides.

This Act, it is believed, keeps strictly within the provisions of the Constitution, and, should it become a law, will obviate the apprehended embarrassments of the situation so far as an enactment that is dependent upon the legislative will can do so. With the passage of this Act the Commission believes that consolidation can be safely carried into effect. It also believes that the Constitution of the State should be amended in order to put an end, definitely and permanently, to all danger of conflict between city and county government in a city including within its limits one or more counties, precisely as the Constitution already puts an end to such conflict in the case of a city that is coterminous with a county. The Commission, therefore, respectfully urges upon the Legislature that it take the necessary action to bring before the people of the State, in due course, the amendment to the Constitution that has been prepared to deal with this subject, and also the amendment to prevent such counties from incurring debt.

Elections in the Greater City for the Year 1897.

According to the law under which the Commission is serving, Greater New York is to be constituted on the 1st of January, 1898. It will, therefore, be necessary to hold an election for the officers of the enlarged city in the autumn of this year in the three counties of New York, Kings and Richmond and in that portion of Queens County that is to be embraced within the City of New York. In its temporary aspect this situa-

tion necessitates the passage of the Act relating to the election of city officers of the City of New York as constituted by the Greater New York Charter at the general election to be held in November in the year 1897, and for the canvass and return of the votes thereof, and the determination of persons elected thereat. Inasmuch as this election for city officers will be carried on in four different counties, it appears to be necessary also to amend the general election law so as to provide for the city election of 1897, and also for subsequent elections to be conducted under the same conditions. It is believed that the amendments herewith submitted to Chapter 909 of the Laws of 1896, known as the Election Law, deal adequately with that phase of the question.

Act Concerning Election of Supervisors.

By the provisions of the Greater New York Charter the towns in that part of Queens County consolidated into the city, and Long Island City, become wards of the City of New York. The Act to provide for the election of Supervisors therein, and providing that such Supervisors shall be members of the Board of Supervisors of the County of Queens, is thus made necessary.

It will be manifest to the Legislature that all of the foregoing Acts, in substance and effect, must be adopted in connection with the charter for Greater New York, if consolidation is to be effected on the 1st of January, 1898, without unspeakable confusion.

Act Concerning the City Court.

An Act in relation to the City Court of the City of New York, and for the accommodation thereof, and authorizing the fitting up and equipping of certain parts of the City Hall of the City of New York, though less fundamental in importance, is no less desirable from the point of view of public convenience if the charter submitted by the Commission is to be adopted. The charter provides for a Municipal Assembly consisting of two Houses, and also for a Board of Public Improvements which is to have very important functions in relation to all the public work of the municipality. The Act submitted by the Commission is intended to provide quarters for the City Court of New York outside of the City Hall, and to authorize the present government of the City to provide suitable quarters in the City Hall for both Houses of the Municipal Assembly and for the Board of Public Improvements. The Commission, therefore, urges the passage of this bill, also, in connection with the charter for Greater New York, in the interest of public convenience.

Minority Representation.

The purpose of the second proposed constitutional amendment is to invest the Legislature with authority to permit minority or proportionate representation in municipal elections. It is a source of sincere regret to the majority of the Commission that under the Constitution of the State, as it now stands, it has appeared to be impossible to provide for minority or proportionate representation in the charter of Greater New York, without making a vital part of the charter depend

upon a provision of uncertain constitutionality. Such representation is equally desirable whether the basis of division in municipal elections be political or non-political. So far, both in the history of Great Britain and of this country, the complete exclusion of politics from municipal elections has been found impossible. Many hope that in the future it may not be so. But if such expectations be realized, some basis of division on local issues will still exist representing differences of opinion, and it is important, whatever such differences may be, that the minority shall be represented. The Commission would have provided for the election of some members of the Municipal Assembly at large and for a gradual retirement of the members of one or both Houses, if it could have done so with the assurance that in every year the minority, whatever that might be, would have secured under all circumstances just representation. But, in Greater New York, where the political division of the citizens is so one-sided, elections wholly at large for the Municipal Assembly would be likely to mean, in most years, the absolute extinction of the minority. Partial elections at large in ordinary years could only tend to decrease the minority's just and proportionate weight. A method of election that should make it impossible ever to change the membership of the Assembly at one time, would be apt to give the control of the Municipal Assembly of the city to the majority, happen what would. In the meanwhile it has seemed to the Commission of the utmost consequence to the public welfare that the minority, however composed, should be represented in the Municipal Assembly at all times, even if it cannot hope often to secure control. The Com-

mission has, therefore, arranged in both Houses of the Municipal Assembly for a system of representation by districts that will secure always a certain representation for the minority. The distribution and political habits of the people of the city are likely, in the judgment of the majority of the Commission, often to make this representation less than it ought of right to be; and the Commission therefore urges as strongly as possible that the amendment to the State Constitution to permit minority or proportionate representation in municipal elections be placed promptly in the way of adoption. It does this, also, the more readily, because it believes, quite apart from the special conditions prevailing in Greater New York, that minority or proportionate representation is in the interest of good city government. Such representation tends to emphasize the fact that, in the administration of a city, the common interests of the citizenship of the place are more fundamental than party divisions; while, in the meanwhile, it tends to preserve the interest of the minority in the effort to secure good city government by encouraging them to feel that their efforts are not useless.

The Proposed Charter.

In approaching the discussion of the charter herewith submitted, it is proper for the Commission to remind the Legislature that the task imposed upon them, at once delicate and onerous as any task could be, has also been very definite and precise in its nature. The Commission has not been charged with the duty of preparing a city charter at large; but, on the contrary, with the duty of preparing a charter that should unite into one city three existing cities,

each living, to a considerable extent, under local laws and each with different charters ; and that should also bring into the enlarged city a considerable area, besides, of territory still remaining under town and village government. The different communities thus to be consolidated into one are located upon three different islands and upon the main land, and thus they are divided geographically into natural subdivisions almost as distinct as the historic antecedents that have marked their life. Nevertheless, they are, in substance and in fact, a single community, in that they are all alike the outgrowth of the commercial and industrial life of the historic City of New York.

To have adopted for such a city what may be described as a skeleton charter, would have been to have left to the local legislature the framing of ordinances that should be the fundamental law for all the vast interests thus to be consolidated into a single government. In connection with the Building Department, the Commission has done this, partly because it was clearly impossible to extend the building laws of the present City of New York over territory presenting such widely different conditions, and partly because the Commission were unwilling to venture upon original legislation as to a subject at once so intricate, so technical, and yet so important. Moreover, few subjects afford, it is believed, a more appropriate field for local regulation. The charter, therefore, provides that the existing building laws shall stand in all parts of the consolidated territory until superseded by a municipal building code, and the Municipal Assembly of the City of New York is given authority to employ experts in the preparation of such a code.

But, as to most subjects, it appeared to the Commis-

sioners to be wise, in defining the powers and duties of the enlarged municipality, to avail as far as possible, and wherever it was applicable, of the legislation already upon the statute book in relation to one or the other of the cities to be consolidated into Greater New York. This decision has made the charter more bulky than it otherwise would have been ; but the Legislature and the community may rest assured, that, for the most part, the powers and duties devolved upon the various departments of Greater New York are those which have heretofore been devolved upon such departments in one or the other of the cities consolidated by the charter. The Commission has ventured upon very little original legislation touching the powers of any department, unless with the general approval of those most competent to speak in relation thereto. In case of doubt as to any point, the Commission generally has assumed that the existing law was the result of past experience and ought to be maintained. Where the local laws have differed, in matters financial and relating to property, the law of New York has generally been given the preference ; in matters indifferent, the best law, in the opinion of the Commission, obtaining in any of the three cities has been maintained ; and where immediate uniformity has been impracticable without great local irritation, if absence of uniformity could be tolerated without disloyalty to consolidation, as in the case of the Department of Education, the Commission has done the best it could, and has not hesitated to leave to time the adjustment of points of detail as to which there has been dispute. No other course seemed to be practicable under a mandate to unite living organisms, like cities, into a new and common life.

Legislative Department.

When the commission came to consider the legislative department for the greater city, diverse and conflicting views and plans were urged for adoption.

The general judgment was that a Municipal Legislative Assembly was not only necessary, but indispensable. But as to the constitution, size and powers of such an assembly conflicting views were also presented and urged. Some advised the constitution of the Municipal Assembly substantially upon the model of the English system, where an elective Municipal Council, usually elected from wards or subdivisions, is invested with the exercise, without restraint, of all the powers which parliament grants or the law gives to the municipal corporation. It elects the mayor from its own members, and appoints all its officers. Through standing committees it controls without exception all the administrative departments.

Others strenuously urged that American polity and experience are against the adoption of the English plan *en bloc*, and that the powers of the Municipal Assembly ought to be limited in number and extent, and the exercise of the powers conferred be subjected to appropriate and effective charter limitations, analogous in principle and purpose to the restrictions which the American constitutions impose upon the State legislatures.

The Charter Scheme of the Municipal Assembly.

This general plan commended itself to the Commission, and is embodied in the charter which it now submits to the legislature.

The Commission found that the municipal history of New York afforded on almost every subject useful and instructive lessons, of which it has studiously availed itself. For example, the body known as the Board of Estimate and Apportionment had worked well and given general satisfaction. The Commission has retained it, and enlarged rather than lessened its powers. So the principle of investing the Mayor with large powers and consequent direct responsibility to the people had also worked well, and his authority has been increased rather than diminished. His term of office is four years, and he is made ineligible for re-election without an intervening term.

The Commission has, however, converted the present Board of Aldermen into a Municipal Assembly, consisting of two houses; an upper house of 29 members, elected from large council districts, containing an average population of more than 350,000, and a lower house, consisting of 60 members, one elected from each assembly district, also a large area, containing an average population of 50,000. The term of office of members of the upper house is four years, and of the lower house two years.

Each ex-Mayor, under the proposed charter, is *ex officio*, entitled to a seat in the Council, with the right to participate in its discussions; and each administrative head of a department to a seat in the lower House, with a like privilege.

It may be objected that the size of the Municipal Assembly is unnecessarily large. This objection, when it is considered that upon the adoption of the charter New York will in size and population become the second city of the world, is not well founded. Experience shows that it is more difficult

to corrupt, to mislead, and to form pernicious combinations in large than in small legislative bodies. It is not nearly as large as the average legislative bodies in this country dealing with people less numerous and subjects not more important. The experience of other countries is almost uniform to this effect. The present Common Council of the City of London consists of 232 members; County Council of London is composed of 238 members; the Common Council of Manchester, 104; of Glasgow, 78; of Liverpool, 64; of Paris, 80; of Berlin, 126; and of Vienna, 138.

The charter has been constructed upon the principle that it is expedient to give to the city all the powers necessary to conduct its own affairs. The Commission has accordingly conferred upon the Municipal Assembly legislative authority over all the usual subjects of municipal jurisdiction. The extent and variety of its powers, as well as its size, mark the Commission's sense of its dignity and importance.

With a view of self-development, the Commission has intrusted the new city with power to establish ferries; to build bridges over and tunnels under all waters within its domain; to build docks and improve the harbor of the entire city; to construct parks, school-houses and public buildings; to open streets and extend them; to provide water; and also the means of securing easy, cheap and rapid communication by ferry and railways between all parts of the great metropolis. The city, as the Commission has constituted it, has within itself all the elements and powers of normal growth and development, making it unnecessary to have habitual recourse, as hitherto, to the legislature of the State for additional powers—a serious evil, and, in the past, the source of much abuse. These powers—

great, varied, and even complex, as they necessarily are—will, when scrutinized, be seen to be no greater than the city requires and to be always legislative in their character. They are such as the municipalities of England and of Europe, as well as of this country, constantly exercise.

This does not mean that under the proposed charter the city can change the structure of its own government. Whatever powers it will have it will receive as a grant from the State to enjoy in the form that they are given, and the State alone can modify the grant. Neither does it mean that the city can do what it will in every possible direction. It is tied up in many ways by old laws that are continued, because they have been justified by experience. But it does mean that the city is believed to be equipped with power to decide for itself what it will do within the well-recognized range of ordinary municipal activity.

But, while the charter thus confers upon the Municipal Assembly powers adequate to the present wants and to the future development of the city, it interposes, in accordance with established American polity, a variety of checks and safeguards against their abuse, similar in their nature and purpose to the constitutional limitations upon the Congress of the United States and the legislatures of the several States. No people can enjoy a large degree of liberty and the necessary powers of government in which that liberty consists, without such powers being liable to abuse. It is the duty of the legislator not to withhold the necessary power, but sedulously to safeguard its exercise. To provide such safeguards has been the subject of anxious consideration on the part of the Commission. The legislative experience of New York

and other cities, and of the several States—indeed, of all popular bodies—shows that a main source of abuse is hasty or ill-advised action, especially as respects the power to dispose of franchises and those powers which involve the raising and expenditure of money, the creation of debt and the consequent levy of taxes and the placing of other financial burdens upon the people.

It is a marked feature of the charter now presented that it differentiates the powers relating to franchises, the creation of debt, the expenditures of money, the laying of taxes and assessments—these being the only powers liable to serious abuse—from the ordinary powers of the municipality embracing the countless subjects requiring municipal regulation. The former class of powers the Commission has protected against abuse by special and appropriate safeguards—safeguards which are in some respects unique, and which will in its judgment prove effective. Thus, as to franchises and their disposition, the charter proposes a radical change of the highest importance and value. The streets of the city belong of right to the whole people. Their use for the public benefit and their control in the public interest ought never to be permanently parted with in favor of any private interests whatever. The charter, therefore, declares that they are inalienable, and that no rights therein shall hereafter be granted by the Municipal Assembly except upon the approval of the Board of Estimate and Apportionment, and then only for limited periods, and upon provision being made for periodical revaluations.

Hereafter, therefore, no disposition of franchises, even for such limited periods, can be made by the Municipal Assembly without the concurrent action

of the Board of Estimate and Apportionment. This Board is a body conservative in its nature and familiar with the extent of the city's debt, with its revenues, with its wants, and with the amount that can be reasonably raised by taxation ; and under the charter no considerable debt can be incurred by the Municipal Assembly without the sanction of this Board. When the Municipal Assembly and the Board of Estimate and Apportionment concur in sanctioning any work which involves the expenditure of large sums of money, the charter further interposes for the public protection the Mayor's power of veto. It is the judgment of the Commission that the power of creating debt, especially debt payable in the distant future, the power of disposing of franchises, and the levying of taxes and assessments should have this triple safeguard. Any expenditure that can pass these successive ordeals is probably deserving ; and, if it cannot pass them, in view of the publicity with which the proposed expenditure will thus necessarily be attended, the presumption is strong that it ought to fail.

Similar protective principles are applied to the water front and waters constituting the harbor of New York. The charter recognizes the harbor as the parent of the city's present greatness and of her commercial supremacy now and in the future. The charter proposed gives to the city, subject to vested private rights, which have been carefully protected, the control of the entire water front, and of lands under water everywhere within the city, so far as necessary to secure and develop the commerce, foreign and domestic, of the city, and provides that its rights in and to its wharves, docks and other adjuncts of commerce, and all property held or acquired for that purpose,

shall be and remain inalienable, and be disposed of only by way of lease for limited periods upon periodical re-valuations.

The Municipal Assembly, through its representatives, is the organ of the people in the various Boroughs and in every part of the city. It is made its duty to see that the laws and ordinances of the city are faithfully observed by all departments and officers. To this end, the Commission has given the Municipal Assembly, by joint resolution, the power to make inquest into, and within the carefully defined limitations of the charter exercise supervision over, all the departments and officers of the city, a most useful and necessary function, operating as a salutary check on secret abuses, mal-administration, and oppressive and illegal exercise of authority.

Board of Public Improvements.

In respect of the large and costly range of public works comprised in the general term "local or public improvements" the Charter provides in one respect a different and more appropriate but equally effective check. It creates a Board of Public Improvements, referred to below, which has jurisdiction over the bridges, streets, avenues, the water and sewer systems, and the like, of the city. It is clear that such works ought to be primarily determined by expert authority, so that they may be developed upon a fixed plan and designed and constructed in accordance with the highest attainable scientific skill. The Charter therefore provides in general that the initiative in such improvements shall be taken by the Board of Public Improvements, requiring, however, that works of great magnitude and cost shall have also the approval of

the Board of Estimate and Apportionment, and of a three-fourths vote of the people's representatives in the Municipal Assembly, with a veto power in the Mayor, and with power in five-sixths of all of the Municipal Assembly to override the Mayor's veto.

These provisions, requiring respectively the sanction of the Board of Estimate and Apportionment and of the Board of Public Improvements and the sanction of the Municipal Assembly, and subjecting the ordinances of the Municipal Assembly relating to them to the veto power of the Mayor unless overridden by a five-sixths vote, will, in the judgment of the Commission, while giving the city the necessary power of development, render it substantially safe from serious abuse.

The essential features of the Board of Public Improvements are (1) a President of the Board with power to enforce harmonious action upon all the Departments represented in the Board that do public work; (2) the responsibility of each Department represented in it for the work to be done by the Department; (3) the initiative in matters relating to public improvements, which, in general, is lodged therein. The Board of Public Improvements proposed in the charter consists of the President of the Board to be appointed by the Mayor, of the Commissioners of the six departments having charge of the six great branches of public work in the city, also to be appointed by the Mayor, and *ex-officio* of the Mayor, the Comptroller, the Corporation Counsel, and the President of the Borough. The Mayor, the Comptroller, and the Corporation Counsel have been added to the Board of Public Improvements in order to devolve upon that body not only the functions that are given to the corresponding Board in the City of St. Louis, where experience has demonstrated its value

and efficiency, but also the functions that have been committed in New York heretofore to the Board of Street Openings. The presence of these great officers of the city, however, upon the Board of Public Improvements can hardly fail to be an advantage to the Board when acting upon the important questions that arise in connection with all public work that is carried on upon a large scale.

The other member of the Board of Public Improvements in the proposed charter is the President of each Borough. For administrative purposes, the city has been divided into the five subdivisions into which the territory of the city divides itself by following natural lines, and these are called, in the proposed charter, Boroughs. These Boroughs are named Manhattan, The Bronx, Brooklyn, Queens and Richmond. To those familiar with the territory the names are sufficiently descriptive. The President of a Borough is an officer elected by the people of a Borough (1) to take the initiative in connection with all local improvements that are to be paid for by assessment for benefits ; and (2) to represent the Borough on the Board of Public Improvements. In the latter Board, the President of the Borough has a vote as to all questions affecting his own borough. The Board of Public Improvements thus consists of eleven members. This Board is one of the chief constructive provisions of the charter, and has been carefully thought out in its constitution and powers. It is large enough to bring together men of different outlook and different ways of thinking, so as to secure intelligent and thorough discussion. It has in its membership the heads of the departments that must carry on all city work, and can therefore command the advice and the technical information of

the experts in all of these departments. The city at large is represented by its two great elective officers, the Mayor and the Comptroller, who will bring to the deliberations of the Board the general point of view, while every locality is ensured a hearing and a voice by the presence on the Board of the President of the Borough. Finally, the Corporation Counsel is a member of the Board to advise it upon all legal questions that may arise. The Commission is sanguine that this feature of the charter will justify itself as thoroughly as the Board of Estimate and Apportionment has justified itself during the past twenty years.

Such protective provisions, in respect of the debt creating and borrowing powers of the City, are neither anomalous nor unnecessary. The cost of public improvements in the municipalities of this country, permanent in their nature and too great to be borne out of current taxation, is generally met by the issue of bonds or other evidences of indebtedness payable in 20 or 30 years, or other long periods of time.

Safeguards against Excessive Indebtedness.

The temptation to create present debt and to throw the burdens of it on the future is very great, and it is universally recognized that such power must be conferred under necessary limitations ; the common limitations in this country being a constitutional restriction on the total aggregate indebtedness that may be created, (which is generally much smaller than the ten per cent. limitation in the Constitution of New York), and often the sanction also of a popular vote. Even these have not always proved effectual against the creation of improvident or extravagant indebtedness. In England

municipalities must submit to the Home Office or other central authority in London for examination and sanction every project which requires the like borrowing of money. This check on ill-advised improvements works well in that country, although it is a check which is extrinsic to the municipality, and one that is imposed upon the power of the electors and of the municipality itself. On a similar principle, and for the same purposes, we have devised and imposed checks upon the debt-creating power of the Greater City by requiring the sanction, respectively, of the Board of Estimate and Apportionment and of the Board of Public Improvements, and by subjecting ordinances creating a debt to the Mayor's power of veto. The Constitutional limitation in this State is too large to be, in itself, an adequate restriction, and the local conditions in the Greater City are not such as to make it appropriate, in many instances, at least, to submit to the people of the whole city the question whether a given improvement, for example, an additional bridge over the East River, or other like improvement, should be constructed or made. It seems to the Commission that the checks and safeguards contained in the charter against the creation of improvident or excessive indebtedness are specially appropriate to the circumstances and conditions of the Greater City, giving it freedom of action to initiate all needful permanent and expensive improvements, provided they have the approval of the Boards above mentioned and the sanction of the Mayor.

Assumption of Indebtedness.

The Commission has provided as a necessary result of consolidation, for the assumption by the enlarged city of all the valid debts of every locality. This appeared to it to be mandatory by the terms of the law under which it is acting. As the city inherits all of the powers, franchises, rights and property of the municipal and public corporations to be consolidated, it must necessarily assume their just obligations and liabilities. It would be impossible to secure a uniform rate of taxation throughout the territory of Greater New York, within a generation, by any other course. It would be impossible, in any real sense, to unify the city if in the matter of taxation all parts of it were to be treated on a different basis, as distinct entities; and it is not to be forgotten that anything that helps any part of the city after consolidation takes place, tends to relieve the burden of taxation in every other part.

Careful provision is made in the Charter to secure equality of valuations and of taxation throughout the entire City and in its every part.

Police Department.

In organizing the Police Department the Commission encountered a subject upon which it was found that unanimity was impossible. Two different systems of police organization were in existence in the cities to be consolidated. In New York there was a Police Board of four members, and this Board was charged with the duties of a Board of Elections. At the head of the Police Department in Brooklyn was a single Commissioner, the Board of Elections being a distinct

and independent organization consisting of four members.

The Police Chapter as finally adopted contains these provisions : (1) All applicants for admission to the force must pass a civil service examination, and new members must be selected from those candidates who are graded highest by the Civil Service Commission after such examination. (2) Promotions from the lower to the higher grades must be made on grounds of seniority, of merit and of excellence, as shown by competitive examinations. (3) "No promotion, except in case of a vacancy in the office of Chief of Police, shall be made unless the same is recommended by the Chief of Police in writing, stating his reasons for such recommendation." (4) To prevent a deadlock, "in case of the rejection of any recommendation for promotion the Chief of Police shall submit another name within three days, and shall continue so to do until such vacancy is filled." (5) The action of the Board upon these recommendations is by a majority vote. (6) The Chief of Police may be retired and thus removed from office by the unanimous vote of four Commissioners, or by a majority vote approved by the Mayor.

It will thus be seen that the Police Department under the new charter is organized upon principles quite different from anything that has heretofore prevailed either in New York or Brooklyn.

Consolidation of Police Forces.

The charter provides for the consolidation into a single force of all the police forces of the territory to be consolidated, and also of all the Park police and of

the police of the New York and Brooklyn Bridge. The advantages to be gained by such a consolidation of police forces are apparent. Some objection has been made that the duties of the Park police are so different from those of the regular police as to make consolidation of the force in their case unwise. The Commission, in this respect, has acted upon the plan that has worked well in connection with the Sanitary Squad, a body of police assigned to duty under the orders of the Health Department. That is to say, while the parks will be policed by members of the police force assigned to duty therein, such members, while so assigned, will be subject to the orders of the Park Commissioners as fully as the Park police now. By this arrangement the Commission thinks that it has secured in police matters, even as regards the Parks, the advantages of both systems.

Salaries in Police and Fire Departments.

Another aspect of the financial problem has presented itself, to the great perplexity of the Commission, in connection with the salaries of the uniformed forces of the Police and Fire Departments. It is certainly just that when men are liable to duty, either as policemen or firemen, in any part of the great city, they should receive the same rate of pay. On the other hand, the question whether the pay ought to be immediately unified has seemed to the Commission a somewhat different one. In amalgamating into a single force the police forces of the various cities to be consolidated, and also the park police of the various cities and the bridge police, it is clear that amalgamation in anything more than a nominal sense must be a

matter of time. The police forces so to be consolidated are likely for a time to continue to serve, for the most part, where they now are, and under conditions that have hitherto prevailed. In the meanwhile, it has seemed to the Commission a real hardship to Greater New York, before it has realized any of the benefits of consolidation, immediately to fix the salaries of the police and fire forces all over the consolidated territory at the high figures that now prevail in the present city of New York, which are based very largely, it is to be presumed, upon the greater cost of living on Manhattan Island. It has seemed to the Commission, therefore, that it is, on the whole, just to all concerned to place the members of the various police and fire forces to be consolidated with the present New York police and fire forces, in a position to secure at once a yearly increase of pay, and entire uniformity of pay within three years. It is proper to point out that the park police of the present city of New York are dealt with by the Commission in precisely the same way as the other police forces to be consolidated into the police force of the greater city. In the meanwhile, provision has been made for the initial appointment to the police and fire forces of Greater New York, after January 1st, 1898, at a salary of \$800 instead of \$1,000, the minimum rate of pay at the present time in the City of New York.

Protection of Local Interests.

Manifestly one of the most difficult problems that the Commission has had to meet has been to determine to what extent and how the interests of the different localities in the great city could be adequately provided for without exposing the city, on the one hand, to grave

financial danger by reason of extravagant demands of suburban localities, and without depriving these localities, on the other hand, of the advantages reasonably to be expected from consolidation. The Commission is of opinion that the President of each Borough, sitting as he does in the Board of Public Improvements, will be an important factor in the successful working out of the problem.

The Boards of Local Improvements consist of the President of the Borough and of the members of the Municipal Assembly residing within any given Senatorial District, the Senatorial District having been chosen as the unit for the consideration of improvements to be paid for by assessment for benefits. These Local Boards give the neighborhood, as such, a voice by which it can speak in relation to matters of local concern, and especially as to what are technically known as local improvements; that is to say, improvements to be paid for by assessment for benefits.

The procedure in regard to improvements to be paid for by assessment for benefits has been settled after public hearings and full discussion and deliberate consideration. The locality has the opportunity to express its wishes in the matter through its Local Board, presided over by the President of the Borough. The judgment of the Board of Public Improvements, on which the city at large, as well as each locality, is represented, is relied upon to protect the public interest, and to prevent the credit of the city from being placed at the service of speculators and contractors. In the scheme adopted, local improvements are to be aided by the credit and means of the city, and the city cannot wholly surrender the control thereof. The procedure adopted is simple, and involves no delay

other than that which is essential for the thorough investigation by the Board of Public Improvements of each proposition.

Care has been taken to protect all maps that have finally been adopted for any part of the city, from ill-considered change. The duty of mapping parts of the city that are not yet mapped has been devolved upon the President of the Board of Public Improvements in connection with the Commissioner of Sewers. This arrangement has been chosen because it was deemed undesirable to build up special machinery in each borough for this purpose. Again, it was held to be essential that the officer originally making the maps, should be in a position to command the complete co-operation of the Department of Sewers, inasmuch as the drainage system adopted is, to a considerable extent, the determining factor as to the lines and grades of streets and highways. On the other hand, the President of the Borough as a member of the Board of Public Improvements, will be associated with this work only less closely than if he had it directly in his own charge. It is possible that the President of the Board of Public Improvements may improperly disregard the views of the locality ; but so it is possible that a headstrong President of a Borough might do the same thing. In the meanwhile, such action is not to be anticipated in either case. It is rather to be assumed that, in a board composed as the Board of Public Improvements will be composed, every new section of the city will be mapped sagaciously and in the public interest. The Board of Public Improvements and also the Municipal Assembly, with the approval of the Mayor, are given power to call for the completion of any map by a date

to be fixed, so as to put an end to unreasonable delay.

By these provisions the Commission thinks it has met successfully and equitably the requirements of the problem to be dealt with. It has been impossible for the Commission to accept the proposition that was so strongly urged from one locality, that every borough should elect its own Commissioner of Public Works, who should have control over and be responsible for public work of all kind within the limits of the Borough. Whatever may be the advantages of this proposition, it is not consolidation; it is rather disintegration. Such a plan would make the greater city furnish the money to each locality for whatever work it wanted to do, and would leave the locality free handed to do it in its own way. It would deprive all parts of the city of anything like unity of development, and would, in effect, destroy whatever advantage is to be expected from consolidation in the direction of skilled oversight and control. The Commission has been obliged to assume it as a fundamental proposition from which it has departed in no instance that the control of all public work of every kind should proceed from the centre, and that it should be executed by the agents of the city as distinguished from the agents of the locality.

The scheme in the charter whereby the city aids with its credit and money the making of local improvements by issuing its bonds and raising, in the first instance, the amount needful for such works, and relying for reimbursement upon afterwards collecting assessments for benefits, is a provision of extreme liberality on the part of the city towards the localities. Such a power was regarded by some of the members

of the Commission as liable to lead to excessive indebtedness on the part of the city, and they urged that no such improvements be made unless one-third, or some other proportion, of the cost should be raised in advance by the property interested. The Commission decided upon the scheme outlined whereby the enlarged city will extend its aid, but under the safeguards provided in the Charter.

In dealing with interests so comprehensive and so important as those that are affected by the proposition to consolidate into a single city the three cities and the other territory that are to become a part of Greater New York, it is not surprising that opinion in the Commission, as well as outside of it, should have been sharply divided upon some points. Notwithstanding these divisions of opinion, the Commission are at one in recommending to the Legislature the adoption of the charter as submitted.

Concluding Observations.

The Commission, as it has studied the problem committed to it for solution, has become more and more sensible of the gravity of it. It appears to the Commission inevitable that there should be more or less inconvenience and possibly some confusion for a time, resulting from the substitution of a new government for so many other and different forms of administration throughout the consolidated territory. Village governments, town governments, city governments and county governments are alike called upon to give place to a city government to come into being on a fixed date. There are no officers in existence competent to make a budget for the enlarged city, nor to lay a tax for its benefit, as

such, in advance of its constitution. The Commission has provided that the different parts of the territory to be consolidated shall raise their tax for 1898 precisely as though consolidation were not to take place ; and the Charter equips the enlarged City with authority to make good deficiencies and to readjust in 1899 any inequality of contribution that may be incident to the abnormal condition prevailing in 1898. But, while the Commission is aware that some confusion may be inevitable in connection with a reorganization of government so far-reaching, it is nevertheless prepared to say, without dissent on the part of any member, that it believes consolidation can safely be undertaken under the provisions of the proposed Charter and the special Acts supplemental thereto.

The Commission does not assume that it has been able to anticipate every contingency, nor, with all its care, that it has been able altogether to avoid omissions, repetitions and mistakes ; but it does believe, after everything has been said, that the Charter contains a system of government for the consolidated city that may safely be put into operation with the assurance that it will quickly adjust itself to the city's needs.

The Commission is glad to be able to add that its study of the problem has left it more firmly convinced than ever that the large and permanent interests of all the communities involved will be advanced by uniting them in the City of New York. Consolidation cannot do otherwise than facilitate the spread of population. To the extent that it does this, it will increase the number of citizens who can own their own homes and will multiply still more largely the number of those who can hope to do so. In the long run, the government

of the city and the government of the State must both be benefited by such a result.

Manhattan Island is to-day the business centre of a Greater New York of not less than three millions of people. There are those now living who may see it the business centre of a population twice as large. In the meanwhile, by uniting into one city the settlements (within the city limits) that line the shores of the Sound, the East River and the Bay, so far as they are included in the State of New York, the City of New York secures an opportunity to command the development of commercial facilities throughout the length and breadth of its magnificent water front, which probably could not be had in any other way.

The Commissioners unite in recommending the Greater New York Charter to the favorable consideration of the legislature.

The validity of any such grant or patent may be judicially determined in an action brought by and in the name of the city.

All payments by or on behalf of the corporation, except as otherwise specially provided, shall be made through the proper disbursing officer of the department of finance, on vouchers to be filed in said department, by means of warrants drawn on the Chamberlain by the Comptroller, and countersigned by the Mayor. The

Comptroller may require any person presenting for settlement an account or claim for any cause whatever, against the corporation, to be sworn before him touching such account or claim, and when so sworn, to answer orally as to any facts relative to the justness of such account or claim. Wilfull false swearing before him is perjury, and punishable as such. The Comptroller shall not reduce the rate of interest upon any taxes or assessments below the amount fixed by law. And such indorsement

shall be sufficient evidence of such appropriation or fund in any action. The Comptroller shall furnish to each head of department, weekly, a statement of the unexpended balances of the appropriation for his department. Wages and salaries, except as otherwise provided in this Act, may be paid upon pay-rolls, upon which each person named thereon shall separately receipt for the amount paid to such person, and in every case of payment upon a pay-roll, the warrant for the aggregate amount of wages and salaries included therein may be made payable to the superintendent, foreman or other officer designated for the purpose. For the redemption and payment of said corporate stock and the interest thereon, the faith and credit of The City of New York shall be and is hereby pledged. Such corporate stock shall be in such form as may be designated by the Comptroller, and shall be signed by the said Comptroller and the Mayor of The City of New York, and sealed with the common seal of The City of New York, and attested by the City Clerk. Such corporate stock shall be in coupon form in sums not less than five hundred dollars each share, or shall be registered, and shall be conditioned to be paid in gold coin, or in the legal currency of the United States, at the option of the Commissioners of the Sinking Fund, and shall be made redeemable at a period of not less than ten, nor more than fifty years from the date thereof; provided, however, that such stock when issued to provide for the supply of water shall always be issued in the manner provided by section 10 of Article VIII, of the Constitution of the State of New York. Such corporate stock and all assessment bonds and revenue bonds, as well as all bonds hereafter to be issued by The City of New York by virtue of this Act or of any other Act, whether general or special, shall be free and exempt from all taxation, except for state purposes. The interest on such corporate stock and on all other bonds of the corporation, except revenue bonds, shall not exceed four per centum per annum, and shall be made payable quarterly, or semi-annually, in The City of New York, or at such other place as may be fixed by the said Comptroller at

the time of issue of said stock or bonds; provided, however, that the interest on revenue bonds, issued in anticipation of the collection of taxes may be made payable at the date of the maturity thereof.

Corporate Stock of The City of New York issued in pursuance of laws already passed or which may be hereafter passed, or in pursuance of the provisions of this Act, shall be, unless otherwise provided by this Act, issued by the Comptroller only to the extent to which he may be thereunto authorized by resolution of the Municipal Assembly and the Board of Estimate and Apportionment adopted by vote as provided for in this Act; provided, however, that wherever by existing provisions of law, or by the provisions of this Act, the Commissioners of the Sinking Fund may be specifically authorized to provide for the issue of stocks or bonds, said authorization of the Comptroller shall be made by said Commissioners instead of the said Municipal Assembly and said Board of Estimate and Apportionment, and provided, further, that whenever the amount of stocks or bonds required to be issued in pursuance of any law for any one purpose in any year shall not exceed the sum of one hundred thousand dollars, the Comptroller may issue such bonds when thereunto authorized by the vote of a majority of the Board of Estimate and Apportionment.

Issue of Stock or Bonds by The City of New York to take the place of bonds authorized to be issued by laws enacted prior to January 1st, 1898.

SEC. 170. Whenever, and to the extent to which, it may be lawful for the municipal or public corporations or parts thereof, including the Counties of Kings and Richmond, which by this Act are made part of the corporation of The City of New York, to issue for public purposes bonds pursuant to laws enacted prior to January 1st, 1898, it shall be lawful for The City of New York, as hereby constituted, to issue corporate stock as herein provided for the same purposes; provided, however, that the amount so to be issued shall not in any one case exceed the balance remaining unissued of the amount limited to be issued pursuant to the authority of said laws. In similar instances

assessment bonds and revenue bonds of The City of New York, as hereby constituted, may likewise be so issued, subject to the same limitations as to the amount thereof.

Bonds to be issued in sums of ten dollars or any multiple thereof.

SEC. 171. Whenever it shall be lawful to issue any bonds of The City of New York, as constituted by this Act, the same, when issued in registered form, may be issued in denominations of ten dollars or any multiple thereof. Preference shall, as far as practicable, and without pecuniary disadvantage to the said City of New York, be given to applicants for the smallest amounts and smallest denominations of said bonds in issuing the same.

Registration of stocks and bonds.

SEC. 172. All stocks and bonds heretofore lawfully issued by any of the municipal or public corporations or parts thereof, which have heretofore been annexed to or consolidated with the corporation known as the Mayor, Aldermen, and Commonalty of the City of New York, or which by this Act are made part of the corporation of The City of New York, as hereby constituted, including the Counties of Kings and Richmond, for the payment of the principal and interest of which the City of New York is liable, may be registered and must be recorded by the owners thereof in the Comptroller's office in said City, and shall be transferable at the pleasure of the holder, either in person or by attorney, only upon the books of the corporation in said office, and subject to such reasonable rules and regulations as the Comptroller may prescribe; such registry and transfer to be endorsed thereon by the Comptroller. Whenever such stocks or bonds have been issued in coupon form, and whenever hereafter corporate stock of The City of New York may be so issued, it shall be the privilege of the holders thereof at any time, subject to such rules and regulations to convert the same into registered stock or bonds, and the Comptroller is hereby authorized to issue registered stock or bonds therefor in the manner and form in which the same would have been conditioned if originally issued in registered form. The interest on all such stocks and bonds when so registered shall, as the same becomes due and payable,

be paid in like manner as upon other registered stock and bonds of The City of New York; and whenever any such stocks or bonds have coupons attached, the Comptroller shall, upon registration thereof, have authority to detach all coupons therefrom, and shall thereupon endorse the fact of such registration, with a reference to this section.

Fund for street and park openings.

SEC. 173. The fund heretofore established and accumulated in the treasury of the corporation known as the Mayor, Aldermen and Commonalty of the City of New York, entitled the "Fund for Street and Park Openings," shall be continued in the corporation of The City of New York, as hereby constituted. The said fund for street and park openings shall consist of:

1. Whatever cash balance in said fund may upon January 1st, 1898, be on deposit in the treasury of the corporation known as the Mayor, Aldermen and Commonalty of the City of New York.

2. Whatever cash balances there may be on January 1st, 1898, in the treasuries or standing to the credit of the several municipal or public corporations or parts thereof which by this Act are made part of the corporation of The City of New York, and which said cash balances may be applicable to the payment of damages awarded by the Commissioners of Estimate and Assessment in reports heretofore confirmed or hereafter to be confirmed in proceedings taken to open any street, road, avenue, boulevard, public square or place, park or park-way, or to acquire title to land required for any bridge, tunnel or approach thereto, and all the costs and expenses of such proceedings heretofore or hereafter taxed.

3. Such sums as may be raised by taxation in The City of New York, and the proceeds of such bonds as may be issued as by this Act provided to meet the expense, in whole or in part, of any of the objects and purposes in the preceding subdivision of this section specified.

4. All moneys hereafter collected by The City of New York, as hereby constituted, for or on account of assessments made and confirmed and hereafter to be made and confirmed for opening any street, road, avenue, boulevard, public square or place, park or parkway, or for acquiring title to land required for any bridge, tunnel or approach thereto, wholly or partly within the limits of the several municipal or public corporations or parts thereof, which by this Act, are made part of the corporation of The City of New York.

Damages, etc., to be paid from said fund.

SEC. 174. From the said fund for street and park openings, and not otherwise, shall be paid all damages awarded by the Commissioners of Estimate and Assessment in reports hereafter or heretofore confirmed in proceedings taken to open any street, road, avenue, boulevard, public square or place, park or parkway, or to acquire title to land required for any bridge, tunnel, or approach thereto in The City of New York, as hereby constituted, and all the costs and expenses of such proceedings heretofore or hereafter taxed. The person or persons to whom awards shall be made in such proceedings, wherein reports are or have been confirmed, and the person or persons in whose favor costs and expenses may be or have been taxed, shall not have an action at law against The City of New York for such awards, costs or expenses, but may require the officers of said City to raise, as hereafter provided, the money necessary to enable the Comptroller to pay such awards, costs and expenses from the said fund, and thereafter compel the payment of such damages, costs and expenses from such fund. Whenever the amount of the damages awarded in any report, together with the costs of the Commissioners and the charges and expenses, shall exceed the balance remaining in said fund after deducting all outstanding claims against said balance, the Comptroller is authorized to raise by the issue and sale of revenue bonds such amounts as shall be necessary to pay such damages, costs and expenses; provided, however, that in each and every case in which by virtue of any existing statute or any statute hereafter

enacted, or by virtue of any act or resolution heretofore or hereafter adopted by any Board or body pursuant to any statute, the whole or any portion of the awards made in any proceeding, and of the costs and expenses thereof, are payable out of the fund for street and park openings and are not to be assessed upon the property benefited, but are to be borne and paid by The City of New York, the Board of Estimate and Apportionment may, in its discretion, by a majority vote, direct that the amount so to be borne and paid by said City of New York shall be raised by the issue and sale of corporate stock of The City of New York, and the Comptroller shall thereupon issue and sell said stock at such times and in such amounts as may be necessary, and shall pay the proceeds thereof into said fund for street and park openings.

Replenishment of said fund.

SEC. 175. The Corporation Counsel shall furnish to the Board of Estimate and Apportionment in each year, at the time of making the estimate for the ensuing year, a list of all reports confirmed for the twelve preceding months with a statement of the amount of awards and costs taxed in each proceeding. The Comptroller shall at the same time furnish to the said Board, statements of the amount of such awards and costs already paid, and of the amounts due for awards and costs payable from the said fund and still unpaid, and of the amounts of revenue bonds then outstanding, issued in pursuance of the last preceding section, and of the balance in the treasury to the credit of the said fund. The Municipal Assembly and the said Board shall thereupon include in the annual budget for the ensuing year a sum sufficient, with such balance, to pay all claims for the awards and costs in all proceedings in which reports shall have been prior to that time confirmed, and which awards shall not then have been paid, and also a sum sufficient to pay and discharge the revenue bonds then outstanding and issued in pursuance of the last preceding section.

Not more than three million dollars of such stock shall be issued in any one year; provided, however, that there may also be issued an additional amount of such stock, equal to the balance remaining unissued of the amount of Dock Bonds authorized to be issued by the provisions of chapter 246 of the Laws of 1896. The moneys received from sales of such stocks shall be deposited in the treasury of the city and shall be drawn out and paid by the Comptroller of said city for the several objects and purposes provided in said title, relating to the said department, its powers and duties, upon the requisition of the Board of Docks countersigned by the Commissioners of the Sinking Fund. The expenses and compensation of said

Board, its rents, the compensation of its appointees, the purchase money and damages awarded upon the acquisition of private property, the payments under the contracts authorized in said title and for work performed under the same, and all other expenses and disbursements necessarily incurred in carrying out the said provisions of said title in keeping, maintaining, repairing, building and rebuilding the wharves belonging to the said corporation, in dredging and cleaning slips, shall be paid out of said moneys in the manner above provided.

No moneys shall be paid out of the proceeds of said bonds on account of any contract hereinbefore referred to, until a copy of said contract has been filed with the Comptroller of said city by the head of the department or board having such work in charge, and also a certificate in writing from the head of such department or Board, stating that a payment is due, and the amount of such payment. On work contracted for subsequent to May seventh, eighteen hundred and seventy-two, or hereafter contracted for, no interest shall be charged on the monthly or other intermediate payments

to any contractor, and thirty per centum, and no more, shall be reserved from the amount or value of work specified and certified from time to time to the Comptroller of said city, by the proper officer, to have been done by any contractor; and such reserved thirty per centum shall be paid to such contractor on or before the expiration of thirty days from the completion and acceptance of the work.

The fund heretofore created by the corporation known as the Mayor, Aldermen and Commonalty of the City of New York, known as the "Street Improvement Fund," shall be continued, and into such fund shall be paid the proceeds of the sale of assessment bonds as by this section authorized, and of such bonds as may by other provisions of law be authorized to be issued for similar purposes within the territory of The City of New York, as hereby constituted, and for the payment of the expense of which the said City may in the first instance become liable, as well as the cash balances of assessments already collected, or to be hereafter collected, on account of similar contracts duly entered into by the proper authorities of the several municipal or public corporations, or parts thereof, which by this Act are consolidated with the corporation known as the Mayor, Aldermen and Commonalty of the City of New York.

Every bidder, as a condition precedent to the reception or consideration of his proposal, shall deposit with the Comptroller a certified check, drawn to the order of said Comptroller upon one of the state or national banks of the said city, or a sum of

Within three days after the decision as to who is or are the highest bidder or bidders, the Comptroller shall return all deposits made to the persons making the same, except the deposit made by the highest bidder or bidders, and if the said highest bidder or bidders shall refuse or neglect, within five days after service of written notice of the award to him or them, to pay to the City Chamberlain the amount of the stocks or bonds awarded to him or them at their par value, together with the premium thereon, less the amount deposited by him or them, the amount or amounts of deposit thus made shall be forfeited to and retained by said city as liquidated damages for such neglect or refusal, and shall thereafter be paid into the sinking fund of The City of New York for the redemption of the city debt.

SEC. 183. The moneys which the Comptroller is authorized to pay pursuant to the provisions of section 525 of this Act shall be obtained by him from time to time, as may be necessary, by the sale of assessment bonds as provided by section 181 of this Act. The money collected pursuant to the provisions of said section 525 shall be set apart, when collected, as a trust fund, and applied to the redemption of the principal and interest of said bonds.

Redemption of certain bonds payable from collection of assessments.

SEC. 184. If at any time hereafter the amount in the treasury of the city derived from collections of assessments shall be insufficient to meet and pay, when they become due and payable, any bonds issued by The City of New York, as hereby constituted, or any bonds heretofore issued by any of the municipal or public corporations or parts thereof hereby consolidated into The City of New York, for expenditures incurred on public improvements, payable in whole or in part from assessments, then it shall be lawful for the Comptroller, when

hereto authorized by the Municipal Assembly and the Board of Estimate and Apportionment, to issue corporate stock of The City of New York for an amount sufficient to pay the bonds so falling due as aforesaid; or the Comptroller may in his discretion, for such purpose, issue assessment bonds in the manner provided by section 181 of this Act.

SEC. 185. The Comptroller is hereby authorized to issue from time to time assessment bonds in the manner provided by section 181 of this Act, to provide such amounts as may be required to meet the deficiencies caused by delay in collecting arrears of assessments; the aggregate amount so issued not to exceed at any time the aggregate amount of said arrears then outstanding.

SEC. 186. For the purpose of enabling The City of New York to make payment of the quota of state taxes which may be imposed upon, and chargeable to, the said City and the Counties wholly comprised therein, and the part of Queens County included in said City, at the same time or times that other counties of this state are or may be required to make payment by law, the Comptroller is hereby authorized and required, unless the money for the payment of the same shall have been otherwise provided, to issue revenue bonds for such amounts as may from time to time become necessary to meet such quota of the state taxes, and from the proceeds thereof, to pay to the State Treasurer the amount of taxes which the Comptroller of the State shall have apportioned according to law, and which may be required to be paid in pursuance of such apportionment to the State by The City of New York and said counties and said part of Queens County, at such times.

Revenue bonds; special funds.

SEC. 187. The Comptroller is authorized to borrow, from time to time, on the credit of the corporation, in anticipation of its revenues, and not to exceed in amount the amount of such revenues, such sums as may be necessary to meet expenditures

under the appropriations for each current year. Such amounts shall be obtained by the issue of revenue bonds, which shall be redeemed out of the proceeds of the tax levy in anticipation of the collection of which such bonds were issued.

Whenever the Comptroller may be authorized by the provisions of this Act, or by laws heretofore or hereafter enacted, to issue revenue bonds for purposes other than to meet expenditures under the appropriations for each current year, such revenue bonds shall be redeemed out of the tax levy for the year next succeeding the year of their issue, and the necessary appropriation therefor shall be made by the Municipal Assembly and the Board of Estimate and Apportionment in the budget for such year. Such last mentioned bonds may be designated and known as "Special Revenue Bonds".

Cash balances of Special Funds in the treasuries or to the credit of the several municipal or public corporations or parts thereof, including the counties of Kings and Richmond, hereby consolidated with the Mayor, Aldermen and Commonalty of the City of New York shall be transferred by the Comptroller to like Special Funds of The City of New York where such exist; and such Special Funds shall thereupon be liable for payments which would otherwise have been made out of the funds so transferred. Where no similar funds exist in the treasury or to the credit of The City of New York, such Special Fund shall be, so far as practicable, administered in the same manner as they would have been administered, if this Act had not been passed. Whenever, within two years after the passage of this Act, it shall appear that the charges and liabilities of any such Special Fund exceed the available assets thereof, it shall be lawful for the Board of Estimate and Apportionment, upon the written request of the Comptroller, to authorize the issue of revenue bonds or assessment bonds or corporate stock of The City of New York, for the purpose of supplying such deficiency.

Such bond shall be deemed to extend to the faithful execution of the duties of the office until a new appointment shall be made and confirmed, and the person so appointed enters upon the performance of his duties. In case of any official misconduct or default on the part of such Chamberlain, or his subordinates, an action upon such bond may be begun and prosecuted to judgment by the Attorney General, or by the City, which shall, after first paying therefrom the expenses of the litigation, cause the proceeds of such judgment to be distributed as shall be lawful and equitable among the persons and objects injured or defrauded by such official misconduct or default of said Chamberlain, or any of his subordinates.

day of the receipt thereof, or on the business day next succeeding, in such banks and trust companies as shall have been designated as deposit banks in pursuance of the next section; but no amount shall be on deposit at any one time in any one bank or trust company exceeding one-half of the amount of the capital and net surplus of such bank or trust company. The money so deposited shall be placed to the account of the Chamberlain, and he shall keep a bank book, in which shall be entered his accounts of deposit in, and moneys drawn from the banks and trust companies in which the deposits shall be made. No such warrant shall be signed by the Comptroller or countersigned by the Mayor, except upon vouchers for the expenditure of the amount named therein, examined and allowed by an Auditor of Accounts, approved by the Comptroller, and filed in the Department of Finance, except in the case of judgments, in which case a transcript thereof shall be filed, nor except such warrant shall be authorized by law or by ordinance, and shall refer to the law or ordinance, and to the appropriation under and from which it is drawn. Such Commissioners shall also compare the warrants drawn by the Comptroller on the treasury during the year ending on the last day of November preceding such examination, with the several laws and ordinances under which the same shall purport to have been drawn, and shall in like manner certify and report whether the Comptroller had power to draw such warrants; and if any shall be found which, in their opinion, he had no power to draw, they shall specify the same in their report, with their reasons for such opinion.

upon like balances deposited in banks and trust companies in the City of New York by private persons and corporations. The said Chamberlain shall keep books showing the receipts of moneys from all sources, and designating the sources of the same, and also showing the amounts paid from time to time on account of the several appropriations, and no warrants shall be paid on account of any appropriation after the amount authorized to be raised for that specific purpose shall have been expended. The said Chamberlain shall once in each week report in writing to the Mayor and to the Comptroller all moneys received by him, the amount of all warrants paid by him since his last report, and the amount remaining to the credit of the city. The Chamberlain shall receive the sum of twelve thousand dollars annually, and no more, for his services as Chamberlain of said city, and as County Treasurer of the County of New York, in lieu of all salary and of all interest, fees, commissions and emoluments; and all such interest, fees, commissions and emoluments shall be accounted for and paid over by him to the city treasury, except that the commissions or compensation provided by law, and received by him for receiving and paying over the state taxes, and all interest which accrue on deposits shall be paid by him to the Commissioners of the Sinking Fund. The property so delivered to said property clerk, and all such other property, securities, moneys, things, or choses in action, that shall remain in the custody of the property clerk for the period of six months without any lawful claimant thereto, after having been advertised in the City Record for the period of ten days, may be sold at public auction in a suitable room to be designated for such purpose, and the proceeds of such sale shall be paid into the police pension fund. No property shall be delivered to the property clerk or at the central office of the Police Department, except as provided by law.

SEC. 336. If any property or money placed in the

custody of the property clerk shall be desired as evidence in any police or other criminal court, such property shall be delivered to any officer who shall present an order to that effect from such court. Each member of the police force, under the penalty of ten days' fine, or dismissal from the force, at the discretion of the Police Board shall, immediately upon an arrest, convey in person the offender before the nearest sitting magistrate, that he may be dealt with according to law. And in the mean time, and until such changes and alterations are made and such appliances attached, such boiler, apparatus and appliances may be taken under the control of the Police Department and all persons prevented from using the same, and in cases deemed necessary, the appliances, apparatus or attachment for the limitation of pressure may be taken under the control of the said Police Department.

SEC. 355. Any member of the police force being of the age of fifty-five years who has or shall have performed duty on any such police force as aforesaid for a period of twenty years or upwards, upon his own application in writing may, or upon a certificate of so many of the police surgeons as the Police Board may require showing that a member of whatever age who has served twenty years is permanently disabled, physically or mentally, so as to be unfit for duty, shall, by order of the Police Board, be relieved and dismissed from said force and service and placed on the roll of the police pension fund, and awarded and granted to be paid from said pension fund an annual pension during his lifetime of a sum not less than one-half of the full salary or compensation of such member so retired; and any member of the police force who has, or shall have performed duty on any such force aforesaid, for a period of twenty-five years or upwards, being of the age of fifty-five years, or any member of any such police force who is an honorably discharged soldier or sailor from the army and navy of the United States in the late civil war, who shall have reached the age of sixty years, or any such soldier or sailor who has performed duty on any such force for a period of twenty years, upon his own application in writing, provided there are no charges against him pending, must be relieved and dismissed from said force and service by the Department and placed on the roll of the police pension fund and awarded and granted, to be paid from said pension fund, an annual pension during his lifetime of the sum of not less than one-

The said Police Department shall award and grant pensions to the chief of police of three thousand dollars; to each deputy chief of police, twenty-five hundred dollars; to each inspector, seventeen hundred and fifty dollars; to each captain of the police, thirteen hundred and seventy-five dollars, and to each sergeant and detective sergeant of police hereafter relieved and dismissed from said force and service and placed on the roll of the pension fund, as hereinbefore provided, the sum of one thousand dollars per annum hereafter.

In case any member shall have voluntarily left any such police force, and entered into the United States service, and served in the war of the rebellion, in the army or navy, and received an honorable discharge, and afterwards shall have been reinstated or reappointed in the police force, the time of his service in the army or navy shall be considered as continuous service in the police force.

Pensions may, in the discretion of the said Police Department be continued and paid to the widows and children, or, if no widow, to the child or children while under the age of eighteen years of any member of the police force to whom pensions shall have been granted, provided, however, that such pension to such widows or children, as the case may be, shall, in no instance, exceed six hundred dollars per annum, and the same may, in the discretion of the said Board, be, from time to time, and at any time diminished, modified or revoked; provided however, that no member of either of the police forces by this Act consolidated, having a right to retire upon a pension at the time this Act takes effect, shall be deprived of such right by reason of his remaining upon the police force, or of anything in this Act contained.

All existing pensions lawfully granted, payable out of the police life insurance fund, or any police pension fund of which the Police Board are made Trustees by this chapter, and not lawfully revoked, are continued and shall be paid out of the police pension fund in pursuance of the limitations and provisions of this Chapter.

water. It shall be the duty of the Corporation Counsel to take the necessary legal proceedings, as provided in this Act, for such improvement, upon the request in writing of the said Commissioner of Water Supply. In the ascertainment of the compensation for any property or property rights so acquired, such compensation shall be based upon the actual values of the property or the interest acquired therein at the time of its taking, and there shall not be taken into consideration any prospective or speculative value, based upon the possible, probable or actual future use of such property, or property rights, if the same had not been acquired by the said city of New York for the public use.

The Commissioner of Water Supply is hereby authorized to examine into the sources of water supply of any private companies supplying The City of New York or any portion thereof or its inhabitants with water, to see that the same is wholesome and the supply is adequate, and to establish such rules and regulations in respect thereof as are reasonable and necessary for the convenience of the public and the citizens; and the Board of Public Improvements may exercise superintendence, regulation and control in respect of the supply of water by such water companies, including rates, fares and charges to be made therefor, except that such rates, fares and charges, shall not, without the consent of the grantee, be reduced by the Board of Public Improvements beyond what is just and reasonable; and in case of a controversy, the question of what is just and reasonable shall be finally determined as a judicial question on its merits by a court of competent jurisdiction.

Municipal Assembly; power to fix rents, etc., for water supply.

SEC. 473. The Municipal Assembly shall hereafter have all power, on recommendation of the Board of Public Improvements, to fix and to establish a uniform scale of rents, and charges for supplying water by The City of New York which shall be apportioned to different classes of buildings in said city in reference to their dimensions, values, exposures to fires, ordinary uses for dwellings, stores, shops, private stables and other common purposes, number of families or occupants, or consumption of water, as

near as may be practicable, and modify, alter, amend and increase such scale from time to time, and to extend it to other descriptions of buildings and establishments. All extra charges for water shall be deemed to be included in the regular rents, which shall become a charge and lien upon the buildings upon which they are respectively imposed, and if not paid, shall be returned as arrears to the Collector of Assessments and Arrears. Such regular rents, including the extra charges above mentioned, shall be collected from the owners or occupants of all such buildings, respectively, which shall be situated upon lots adjoining any street or avenue in said city in which the distributing water pipes are or may be laid, and from which they can be supplied with water. Said rents, including the extra charges aforesaid, shall become a charge and lien upon such houses and lots, respectively, as here-in provided, but no charge whatever, shall be made against any building in which a water meter may have been, or shall be placed as provided in this Act. In all such cases the charge for water shall be determined only by the quantity of water actually used as shown by said meters.

Commissioner, power to contract for water supply for the Twenty-fourth Ward; duty in relation to.

SEC. 474. The Commissioner of Water Supply is authorized, on behalf of The City of New York, with the preliminary consent of the Board of Public Improvements and of the Board of Estimate and Apportionment, to contract from time to time with the City of Yonkers, or the Board of Water Commissioners of the City of Yonkers, for a supply of wholesome water for the Twenty-fourth ward and other parts of the Borough of The Bronx, from the water works, or water belonging to them or under their charge and control, for such time, in such quantities, and at such places as may be agreed upon by them. The said Commissioner of Water Supply is authorized and directed to procure, purchase and lay, provide and make ready for use, from time to time, so many mains and pipes and other means and appliances, and erect so many hydrants as may be necessary and sufficient to distribute and supply the water so procured under

contract with the City of Yonkers to and through said Twenty-fourth ward, or such part of it as may require or be in need of the same, and which cannot be, or in his judgment ought not to be supplied from the Croton Water Works, and to purchase, provide, do, and perform all things necessary or proper to enable the said Twenty-fourth ward, or said part, and the inhabitants thereof, to obtain and have an abundant supply of water at all times, and for such purpose, in case of necessity or convenience, to arrange and agree with the owner of lands in said ward for an irrevocable license or permission to enter upon, lay, repair, keep in order, protect, and maintain mains, pipes, conduits and hydrants in, through and upon said lands. The Municipal Assembly is authorized to fix, and from time to time to alter, on the recommendation of the Board of Public Improvements, special rates or charges for water supplied to any house or building, or to any other erection or structure, in said Twenty-fourth ward, including washers and hydrants, and to make such arrangements and rules as may be proper to ascertain the quantity of water used therein, or by means thereof, and such rates and charges shall be a lien until paid upon the lands upon which such house, building, or other erection or structure may stand or be situated, and shall be collectable at the same time and in the same manner, including sales for unpaid taxes, as the ordinary tax imposed on the same lands.

Meters.

SEC. 475. The Commissioner of Water Supply is authorized, in his discretion, to cause water meters, the pattern and price of which shall be approved by the Board of Public Improvements, to be placed in all stores, workshops, hotels, manufactories, office buildings, public edifices, at wharves, ferry-houses, stables, and in all places in which water is furnished for business consumption, so that all water so furnished therein or thereat may be measured and known by the said department, and for the purpose of ascertaining the ratable portion which consumers of water should pay for the water therein or thereat received and used. Thereafter, as shall be determined by the Commissioner of Water

Supply, the said Department shall make out all bills and charges for water furnished by them to each and every consumer as aforesaid, to whose consumption a meter as aforesaid is affixed in ratable proportion to the water consumed, as ascertained by the meter on his or her premises or places occupied or used as aforesaid. All expenses of meters, their connections and setting, water-rates and other lawful charges for the supply of water shall be a lien upon the premises where such water is supplied as now provided by law. Nothing herein contained shall be construed so as to remit or prevent the due collection of arrearages or charges for water consumption heretofore incurred, nor interfere with the proper liens therefor, nor of charges, or rates, or liens hereafter to be incurred for water consumption in any dwelling house, building, or place which may not contain one of the meters aforesaid. The moneys collected for expenses of meters, their connections and settings, shall be applied by the Commissioner of Water Supply to the payment of expenses incurred in procuring, connecting and setting said meters.

Additional charge for non-payment of rents.

SEC. 476. The annual rents which are not paid to the Department of Water Supply before the first day of August in each year shall be subject to an additional charge of five per cent., and those rates not paid before the first day of November in each year shall be subject to a further additional charge of ten per cent.

No valve, etc. to be used with royalty.

SEC. 477. No patent hydrant, valve or stopcock shall be used by the Department of Water Supply unless the patentee or owner of said patent shall allow the use of the patent by said Department without royalty.

Printed notice of rules and regulations.

SEC. 478. The rules and restrictions for the use of the water printed on each permit shall be notice to the water takers, and shall authorize the exaction and recovery by process

of law of any penalties which may be imposed in addition to cutting off the use of the water for any violations of the rules, and this section shall be printed on such permits.

Commissioners, duty in regard to sources of water supply and property of Department.

SEC. 479. The Commissioner of Water Supply is charged with the preservation of all lakes and all waters from which a water supply is drawn by the city, with the preservation of the banks of and of any river or other body of water from which the water supply is drawn, from injury or nuisance, and with the execution of such measures as may be necessary to preserve and increase the quantity of water and keep it pure and wholesome and free from contamination and pollution, with the management, preservation and repairs of the dams, gates, aqueducts, bridges, water towers, reservoirs, mains, pipes, pipeyard, and property of every description belonging to the water works, and shall have the construction of such new works and the purchase and laying down of such mains and pipes as may be authorized in accordance with law. The Department of Water Supply shall be responsible for the supply of water and the good order and security of all the water works, for the exactness and durability of the structures which may be erected, and for the daily work to be performed and for the sufficiency of the supply in the pipeyards to meet every casualty, and for the fidelity, care, and attention of all persons employed by the department in watching the works, and in making constructions and repairs.

Assessment on lands used as reservoirs, etc.

SEC. 480. The lands heretofore taken or to be taken for storage, reservoirs, or for other constructions necessary for the introduction and maintenance of a sufficient supply of water in the City, or for the purpose of preventing contamination or pollution, shall be assessed and taxed in the Counties in which they are or may be located, in the manner prescribed by law, at the value of the lands, exclusive of the aqueducts, and the construction and works necessary for its purposes, provided that the

assessed value of the said lands shall not exceed the assessed value of the lands in the immediate neighborhood thereof.

Certain acts misdemeanors.

SEC. 481. It shall not be lawful for any person to throw or deposit, or cause to be thrown or deposited in any lake, pond or stream, or in any aqueduct from or through which any part of the water supply of The City of New York shall be drawn, or either of the reservoirs, any dead animal or other offensive matter, or anything whatever. Any person offending against the provisions of this section shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be punished by a fine or imprisonment, or both, in the discretion of the Court. Such fine not to exceed the sum of one hundred dollars, and such imprisonment not to exceed a period of three months. Such imprisonment to be in the jail of the county in which the offense shall have been committed.

Id.: Continued.

SEC. 482. If any person shall wilfully do or cause to be done any act whereby any work, materials, or property whatever, erected or used or hereafter to be erected or used within the City or elsewhere, by the said city, or by any person acting under their authority, for the purpose of procuring or keeping a supply of water, shall in any manner be injured or shall erect or place any nuisance on the banks of any river, lake or stream from which the water supply of said city shall be drawn, or shall throw anything into the aqueduct, or into any reservoir or pipe, such person, on conviction thereof, shall be deemed guilty of a misdemeanor.

Duty of Commissioner of Water Supply.

SEC. 483. The Commissioner of Water Supply is hereby authorized, empowered and directed to carry out the provisions of this Act, in the manner hereinafter provided, for the purpose of maintaining, preserving and increasing the supply of pure and wholesome water for the use of the City, and for the purpose of preventing or removing contamination or pollution of any supply

or source or sources of supply of water heretofore acquired by or on behalf of said city, and for the purpose of preventing the contamination or pollution of any river, water course, lake, pond, stream or reservoir hereafter acquired for the purpose of supplying said city with water.

To take proceedings to acquire title.

SEC. 484. In all cases where the Commissioner of Water Supply shall hereafter enter upon, acquire, take or use, or shall deem it necessary to enter upon, acquire, take or use any "real estate," as the term real estate is defined by this Act, for the purpose of maintaining, preserving or increasing the supply of pure and wholesome water for the use of said city, or for the purpose of preventing the contamination or pollution of the same, as hereinbefore set forth, the said Commissioner is authorized, for and in behalf, and in the name of The City of New York, in the manner hereinafter prescribed, to acquire all rights, titles and interests in and to such real estate, by whomsoever the same may be held, enjoyed or claimed, and to pay for and extinguish all claims or damages on account of such rights, titles or interests, or growing out of such taking or using.

Definition of "Real Estate."

SEC. 485. The term "real estate" as used in this Act shall be construed to signify and embrace all uplands, lands under water, the water of any lake, pond or stream, all water rights or privileges, and any and all easements and hereditaments, corporeal or incorporeal, and every estate, interest and right, legal and equitable, in lands or water, or any privilege or easement thereunder, including terms for years, and liens thereon by way of judgment, mortgages or otherwise, and also all claims for damage to such real estate. It shall also be construed to include all real estate (as the term is above defined) heretofore or hereafter acquired or used for railroad, highway or other public purpose, providing the persons or corporations owning such real estate, or claiming interests therein, shall be allowed the perpetual use, for such purposes, of the same or of such other real estate to be acquired for the purposes of this Act as will afford practicable route or

location for such railroad, highway or other public purpose, and in the case of a railroad commensurate with and adapted to its needs; and provided, also, that such persons or corporations shall, not, directly or indirectly, be subject to expense, loss or damage by reason of changing such route or location, but that such expense, loss or damage shall be borne by the City. In case any real estate so acquired or used for public purposes is sought to be taken or affected for the purposes of this Act, there shall be designated upon the maps referred to in this Act, and there shall be described in the petition referred to, such portion of the other real estate shown on said maps and described in said petition as it is proposed to substitute in place of the real estate then used for such railroad, highway or other public purposes. The Supreme Court, at the Special Term to which said petition is presented, or at such other Special Term as the consideration thereof may be noticed or adjourned to, shall either approve the substituted route or place or refer the same back to the said Commissioner for alteration or amendment, and may refer the same back, with such directions or suggestions as the said Court may deem advisable, and as often as necessary, and until the said Commissioner shall determine such substituted route or place as may be approved by the Court; an appeal from any order made by said Court at Special Term, under the provisions of this section, may be taken by any person or corporation interested in and aggrieved thereby, to the Appellate Division of the Judicial Department in which the real estate is situated, and shall be heard as a non-enumerated motion. The Commissioners of Appraisal herein referred to, in determining the compensation to be made to the persons or corporations owning such real estate, or claiming interest therein, shall include in the amount of such compensation such sum as shall be sufficient to defray the expenses of making such change of route and location and of building said railroad or highway. The said Commissioners of Appraisal shall suggest in their report, and the Court, in the order confirming such report, shall determine, subject to review by the said Appellate Division, what reasonable time after payment of the awards to said persons or corporations shall be sufficient within which to complete the work of making

such change, and the said City of New York or the Commissioner of Water Supply thereof shall not be entitled to take possession or interfere with the use, for the aforesaid purposes, of such real estate, before the expiration of such time. This time may be subsequently extended by the Court (subject to review as aforesaid) upon sufficient cause shown. After the expiration of the time so determined or extended no use shall be made of said real estate which shall cause pollution to the water in said reservoir, or the construction of said reservoir, or interfere with its flow.

Commissioner to prepare maps.

SEC. 486. Whenever in the opinion of said Commissioner it is necessary to acquire any such real estate (as the term "real estate" is herein defined) for any of the purposes hereinbefore set forth, or for the purpose of extinguishing any right, title or interest thereto or therein, the said Commissioner, for and on behalf of the City of New York, shall prepare a map or maps of the real estate which in his opinion it is necessary to acquire for the purposes hereinbefore set forth, and shall submit the same to the Board of Public Improvements for approval. The said Board may adopt, modify or reject such maps in whole or in part, and may require others to be made instead thereof. A copy of the map or maps so prepared, with a certificate of the adoption thereof, signed by the Commissioner and the President of the Board of Public Improvements, shall be filed in the office of said Commissioner and be open to public inspection, and shall be the map or maps of the real estate to be acquired, subject to such changes or modifications as the said Commissioner may from time to time deem necessary for the more efficient carrying out of the provisions of this act. And the said Board of Public Improvements, prior to the final adoption of such map or maps, shall afford to all persons interested a full opportunity to be heard respecting such map or maps and the acquisition of the real estate shown thereon, and shall give public notice of such hearing, by publishing a notice, once in each week, for three successive weeks in the "City Record," and the corporation newspapers, and in two papers published in the County or Counties in which the real

estate to be acquired or affected is situated, and in two daily papers in the City of New York. At such hearing or hearings testimony may be produced by the parties appearing before him, in such manner as said Board may determine, and the President of said Board is hereby authorized to administer oaths and issue subpoenas in any such proceeding pending before him.

Power to enter upon lands for the purpose of making maps.

SEC. 487. The said Commissioner, his agents, engineers, surveyors, and such other persons as may be necessary to enable him to perform his duties under this Act, are hereby authorized to enter upon real estate, as the term real estate is defined in this Act, and any land or water on or contiguous to the line, course, site or track of any pond, lake, stream, reservoir, dam, aqueduct, culverts, sluices, canals, bridges, tunnels, pumping works, blow-offs, shafts and other appurtenances, for the purpose of making surveys or examinations and preparing and posting the notices required by this Act.

Details of maps.

SEC. 488. After the final adoption of said map or maps the said Commissioner shall prepare six similar maps or plans of the proposed site of any dam, reservoir, aqueduct, sluice culvert, canal, pumping works, bridges, tunnels, blow-offs, ventilating shafts, and other necessary appurtenances for the proper completion of the work so proposed by him. Upon these maps there shall be laid out and numbered the various parcels of real estate, on, over or through which the same are to be constructed and maintained, or which may be necessary for the prosecution of the work authorized by this Act. On said maps the natural and artificial division lines existing on the surface of the soil at the time of the survey shall be delineated, and there shall be plainly indicated thereon of which parcels the fee or other interest is to be acquired. The said maps may be made and filed in sections. One or more sections may be determined before the maps of the whole construction are completed. The proceedings hereinafter authorized may, in like manner be taken separately, in reference

to one or more of such sections, before the maps of the whole are filed. The work upon one or more of such sections may be begun before the maps of the remaining sections are filed. The map or maps when adopted by the said Commissioner and Board of Public Improvements shall be by said Commissioner transmitted to the Corporation Counsel, with a certificate of approval written thereon and signed by the said Commissioner and the President of the Board of Public Improvements.

Maps to be filed.

SEC. 489. The Corporation Counsel shall cause one of said maps to be filed in the office of the Clerk of each County in which any real estate laid out on said maps shall be located, except that in any County in which there may be a Register's office, the said map shall be filed therein, instead of with the County Clerk. The fourth, fifth and sixth maps shall be disposed of in the manner indicated in section 495 of this Act.

Corporation Counsel to conduct proceedings.

SEC. 490. After the said maps shall have been filed, as provided for in the last section, the Corporation Counsel for and on behalf of the City of New York, shall, upon first giving the notice required in the next section of this Title apply to the Supreme Court, at a Special Term thereof to be held in the judicial district in which the real estate to be acquired or affected is situated, for the appointment of Commissioners of Appraisal. Upon such application he shall present to the Court a petition, signed and verified by the said Commissioner, according to the practice of said Court, setting forth the action theretofore taken by said Commissioner and Board of Public Improvement, and the filing of said map and praying for the appointment of such Commissioners. Such petition shall contain a general description of all the real estate to, in, or over which any title, interest, right or easement is sought to be acquired for the said City for the purposes of this Act, each parcel being more particularly described by a reference to the number of said parcel, as given on said map; and the title,

interest or easement sought to be acquired to, in, or over such parcel, whether a fee or otherwise, shall be stated in the petition.

Notice to be given.

SEC. 491. The Corporation Counsel shall give notice in the "City Record," and corporation newspapers, and in two public newspapers published in the City of New York, and in two public newspapers published in each other County in which any real estate laid out on said maps may be located, of his intention to make application to the said Court for the appointment of such Commissioners of Appraisal, which notice shall specify the time and place of such application, shall briefly state the object of the application, and shall describe the real estate sought to be taken or affected. A statement of the boundaries of the real estate to be acquired or affected, with separate enumerations of the numbers of the parcels to be taken, in fee, and of the numbers of the parcels in which any interest or easement is to be acquired, with a reference to the date and place of filing the said map shall be sufficient description of the real estate sought to be so taken or situated. Such notice shall be so published, once in each week, in each of the said newspapers, for six weeks immediately previous to the presentation of such petition; and the Corporation Counsel shall, in addition to the said advertisements, cause copies of the same, in hand-bills, to be posted in at least twenty conspicuous places in the vicinity of the real estate so to be taken or affected, at least six weeks prior to said application.

Motions for appointment of Commissioners of Appraisal.

SEC. 492. At the time and place mentioned in said notice, unless the said Court shall adjourn said application to a subsequent day, and in that event, at the time to which the same may be adjourned, the Court, upon due proof to its satisfaction of the publication and posting aforesaid, and upon filing the said petition, shall make an order for the appointment of three disinterested and competent freeholders, one of whom shall reside in the County of New York, one of whom shall reside in the County in

which the real estate acquired or affected is situated, and one of whom shall reside in the County in which the said real estate shall be situated, or in an adjoining County, as Commissioners of Appraisal to ascertain and appraise the compensation to be made to the owners and all persons interested in the real estate laid down on said maps, as proposed to be taken or affected for the purposes indicated in this Act. Such order shall fix the time and place for the first meeting of the Commissioners.

Commissioners to take and file oath.

SEC. 493. The said Commissioners shall take and subscribe the oath required by the twelfth article of the Constitution, and shall forthwith file the same in the office of the Clerk of the County in which the real estate to be acquired or affected is situated, and shall file certified copies of said oath in the office of the Register and County Clerk of the County of New York.

City to become seized of real estate.

SEC. 494. On filing the oath of the Commissioners of Appraisal, in the manner provided by the last section, the said City of New York shall be and become seized, in fee, of all those parcels of real estate which are shown on the said map hereinbefore referred to, of which it has been determined by the said Commissioner, that the fee shall be acquired and shall be entitled to take and hold such interest in the parcels of land in which it has been determined that the fee shall not be acquired, as has been shown on said map and described in said petition, and may immediately, upon the filing of such oaths and such certified copies, or at any time or times thereafter, take possession of the lands shown on said map, or any part or parts thereof, without any suit or proceeding at law for that purpose.

Proceedings of Commissioners.

SEC. 495. Any one of said Commissioners of Appraisal may issue subpoenas and administer oaths to witnesses; and they, or any one of them, in the absence of the others, may adjourn the proceedings from time to time, in their discretion, but they shall continue to meet, from time to time, as may be necessary to

hear, consider and determine upon all claims which may be presented to them under this Act. In case of death, resignation, refusal, neglect or inability to serve, of any Commissioner or Commissioners of Appraisal, the Corporation Counsel shall, upon due notice to be given by advertisement in the newspapers designated in this Act ten days prior to such application, apply to the Supreme Court, at a Special Term thereof, to be held in the judicial district in which the real estate is situated, for the appointment of one or more Commissioners to fill the vacancy or vacancies so occasioned. Whenever the Commissioners meet, except by appointment of the Court, or pursuant to adjournment, they shall cause reasonable notice to be given to the attorneys for such parties who have appeared. It shall be the duty of the Commissioners of Appraisal to procure from the Corporation Counsel the fourth, fifth and sixth copies of the maps provided for in this Act. They shall view the real estate laid down on said maps, and shall hear the proofs and allegations of any owner, lessee or other person in any way entitled to, or interested in said estate, or any part or parcel thereof, and also such proofs and allegations as may be offered on behalf of the City of New York. They, or a majority of them, shall also determine the height to which the waters of any lake, pond or natural stream concerning which such proceedings were instituted may be raised and the point to which such waters may be drawn down by the City of New York, such determination to be made before any award of damages shall be made on account of such proposed raising or depressing of such waters, and they shall also determine what sum shall be paid to the general or special guardian or committee of an infant, idiot, or person of unsound mind, and to the attorney appointed by the Court to attend to the interests of any unknown owner or party in interest, or to the attorney or guardian of any party in interest whose interests are unknown or the interest of any person or persons not in being. They shall reduce the testimony, if any, taken before them, to writing, and after the testimony is closed, they, or a majority of them, all having considered the same, and having an opportunity to be present, shall, without unnecessary delay, ascertain and deter-

mine the just compensation which ought justly to be made by the City of New York to the owners, or the persons interested in the real estate sought to be acquired or affected by said proceedings. The said Commissioners of Appraisal shall make reports of their proceedings to the Supreme Court, as in the next section provided, with the minutes of the testimony taken by them, if any, and they shall be entitled to the payments hereinafter provided for their services and expenses, to be paid from the fund herein provided.

Commissioners to prepare report.

SEC. 496. The said Commissioners shall prepare a report, and a true copy or copies thereof, as may be required, to which shall be respectively annexed the fourth and fifth copies, and, if required, the sixth copy of the maps referred to in this Act. The said report shall contain a brief description of the several parcels of real estate so taken or affected, with a reference to the map as showing the location and boundaries of each parcel; a statement of the sum estimated and determined upon by them as a just compensation to be made by the City to the owners of or persons entitled to or interested in each parcel so taken or affected, and a statement of the respective owners of or persons entitled thereto or interested therein; but in all and each and every case and cases, where the owners and parties interested, or their respective estates or interests are unknown, or not fully known, to the Commissioners of Appraisal, it shall be sufficient for them to set forth and state, in general terms, the respective sums to be allowed and paid to the owners of and parties interested therein generally, without specifying the names or estates or interests of such owners or parties interested, or any or either of them. They shall also recommend such sums as shall seem to them proper to be allowed to the parties or attorneys appearing before them, as costs, counsel fees, expenses and disbursements, including reasonable compensation for witnesses.

Report to be filed.

SEC. 497. Said report signed by said Commissioners, or a majority of them, shall be filed in the office of the Clerk of the

County in which the real estate is situated. The Commissioners of Appraisal shall notify the Corporation Counsel as soon as the said report is filed.

Notice of motion to confirm report.

SEC. 498. The Corporation Counsel, or, in case of his neglect to do so within ten days after receiving notice of such filing, then any person interested in the proceedings, shall give notice that the said report will be presented for confirmation to the Supreme Court, at a Special Term thereof, to be held in the judicial district in which the real estate is situated, at a time and place to be specified in said notice. The said notice shall contain a statement of the time and place of the filing of the report, and shall be published in each of the newspapers referred to in section 491 of this Act, once in each week, for at least four weeks immediately prior to the presentation of said report for confirmation.

Confirmation of report.

SEC. 499. The application for the confirmation of the report shall be made to the Supreme Court, at a Special Term thereof, held in the judicial district in which the real estate is situated. Upon the hearing of the application for the confirmation thereof, the said Court shall confirm such report, and make an order, containing a recital of the substance of the proceedings in the matter of the appraisal, with a general description of the real estate appraised, and for which compensation is to be made; and shall also direct to whom the money is to be paid, or in what Trust Company it shall be deposited by the Comptroller of the City of New York. Such report, when so confirmed, shall (except in the case of an appeal, as provided in section 505 of this Act) be final and conclusive as well upon the said City of New York as upon the owners and all persons interested in or entitled to said real estate; and also upon all other persons whomsoever.

Payment of awards.

SEC. 500. The said City of New York shall, within four calendar months after the making and entry of the order con-

firming the report of the Commissioners of Appraisal, pay to the respective owners and bodies, politic or corporate, mentioned or referred to in said report, in whose favor any sum or sums of money shall be estimated and reported by said Commissioners, the respective sum or sums so estimated and reported in their favor respectively, with lawful interest thereon, from the date of filing the oath of said Commissioners and certified copies thereof, as by this Act required. And in case of neglect or default in the payment of the same within the time aforesaid, the respective person or persons, or bodies, politic or corporate, in whose favor the same shall be so reported, his, her, or their executors, administrators, legal representatives or successors, at any time or times, after application first made by him, her, or them, to the Comptroller of the City of New York for payment thereof, may sue for and recover the same, with lawful interest, as aforesaid, and the costs of suit in any proper form of action against the said City of New York in any Court having cognizance thereof, and in which it shall be sufficient to declare generally for so much money due to the plaintiff or plaintiffs therein by virtue of this Act, for real estate taken or affected for the purposes herein mentioned, and the report and order confirming report of said Commissioners, with proof of the right and title of the plaintiff or plaintiffs to the sum or sums demanded shall be conclusive evidence in such suit or action, and entitle plaintiff to judgment therein.

Sum awarded to be deposited in certain cases.

SEC. 501. Whenever the owner or owners, person or persons interested in any real estate taken or affected in such proceedings, or in whose favor any such sum or sums or compensation shall be so reported, shall be under the age of twenty-one years, of unsound mind, or absent from the State of New York, and also in all cases where the name or names of the owner or owners, person or persons interested in any such real estate shall not be set forth or mentioned in the said report, or where the said owner or owners, person or persons, being named therein cannot, upon diligent inquiry, be found, or where there are adverse or conflicting claims to the money awarded as compensation, it shall be

lawful for the said City of New York to pay the sum or sums mentioned in the said report, payable, or that would be coming to such owner or owners, person or persons respectively, with interest aforesaid, into such Trust Company as the Court may, in the order of confirmation, direct, to the credit of such owner or owners, person or persons, and such payment shall be as valid and effectual, in all respects, as if made to the said owner or owners, person or persons interested therein respectively themselves, according to their just rights; and provided, also, that in all and each and every such case and cases where any such sum or sums, or compensation, reported by the Commissioners in favor of any person or persons, or party or parties, whatsoever, whether named or not named in the said report, shall be paid to any person or persons, or party or parties, whomsoever, when the same shall of right belong and ought to have been paid to some other person or persons, or party or parties, it shall be lawful for the person or persons, or party or parties to whom the same ought to have been paid, to sue for and recover the same, with lawful interest and costs of suits, as so much money had and received to his, her or their use, by the person or persons, party or parties respectively to whom the same shall have been so paid.

Who may present claim before Commissioner.

SEC. 502. Every owner or person in any way interested in any real estate taken, affected or entered upon and used and occupied for the purposes contemplated by this Act, and any owner or person interested in real estate contiguous thereto, and which is affected by the acquisition, use or occupation of the real estate shown on said map, whether such contiguous real estate is shown on the maps or not, if he or they intend to make claim for compensation for such taking, entering upon, using or occupying, shall, within one year after the appointment of the Commissioners of Appraisal, exhibit to the said Commissioners a statement of claim, and shall thereupon be entitled to offer testimony and to be heard before them touching such claim, and the compensation proper to be made, and to have a determination made by such Commissioners of Appraisal as to the amount of such compensa-

tion. SEC. 544. Said Commissioner shall have power to enter into contracts with responsible persons and parties for the final disposition, for periods not exceeding five years, of all or any part of the said street sweepings, ashes, or garbage, and such other light refuse or rubbish when collected; provided always that such contract shall be approved both as to terms and conditions by the Board of Estimate and Apportion-

He shall advertise for proposals in such newspapers in the city as he may designate, not exceeding three in number, for ten days, to perform the work in such form and manner and on such terms and conditions as he may prescribe. Each proposal must be accompanied by a certified check on a solvent banking incorporation in the city, payable to the order of the Comptroller for five per cent. of the amount for which the work bid for is proposed in any one year to be performed. From the proposals so received he may select the bid or bids, the acceptance of which will, in his judgment, best secure the efficient performance of the work, or he may reject any or all of said bids. The surety or sureties upon all contracts hereby authorized shall be approved by the Comptroller, and all contracts and bonds securing the same shall be approved as to form by the counsel to the corporation.

Proceedings for removal of Trucks, etc. from Streets, regulated.

SEC. 545. It shall be the duty of the Commissioner of Street Cleaning to remove, or cause to be removed, all unharnessed trucks, carts, wagons and vehicles of any description, found in any public street or place, and also all boxes, barrels, bales of merchandize and other movable property found upon any public street, or place, not including, however, any portion of marginal street, or place, or wharf, which, by the provision of any law or statute, is committed to the custody and control of the Department of Docks. The said Commissioner of Street Cleaning is hereby authorized, with the consent and approval of the board of sinking fund commissioners, to lease a suitable yard or yards to which the trucks, carts, wagons and vehicles, boxes, bales, barrels and other things, removed under the authority of this section, shall be taken, and the said Commissioner shall, from time to time, as often as he shall deem ne-

cessary, sell, or cause to be sold, as hereinafter provided at public auction, at such yard or yards, the said trucks, carts, wagons, vehicles, boxes, barrels, and other things so removed. Whenever the said Commissioner or deputy commissioner shall have removed or caused to be removed any such trucks, carts, wagons, vehicles, boxes, barrels, bales or other things, and shall deem it necessary to sell them, and before making the sale thereof, he shall file with a justice of the Municipal court of the City of New York, a written petition, verified by oath, setting forth the facts which bring the case within this section, together with a brief description of each of the trucks, carts, wagons, vehicles, boxes, barrels or other things so removed in his custody and possession as Street Cleaning Commissioner at the time of filing such petition, stating either the name of the owner or that his name is not known to the said petitioners, and cannot be ascertained with reasonable diligence, and praying for a final order, directing the sale of the property so seized and removed, and the application of the proceeds thereof as herein prescribed; and, upon the presentation of said petition the justice must issue a precept under his hand, directed to the persons whose names appear in the said petition as owners, if stated in the petition, or if not so stated, directed generally to all persons having any interest in the property so seized and removed, and briefly reciting in substance the other facts stated in the petition, and requiring the person or persons to whom the precept is directed to show cause before a justice at a time and place specified therein, not less than ten nor more than twenty days after the issuing of the precept, why the prayer of the petition should not be granted. The said precept shall be served by posting a copy thereof in at least two public and conspicuous places in said city, one of which shall be the office of the said Commissioner of Street Cleaning, and the second of which shall be the yard to which the property shall have been removed, and a copy of which precept shall be so posted within three days after the precept shall have been issued; and a brief abstract of said precept shall be published in the City Record and corporation newspapers within five days after the issue, and not later than three days before the return

day mentioned in the precept. At the time and place when the precept is returnable, the said Commissioner or deputy commissioner must furnish proof of the service of said precept as herein prescribed, and any person named in the petition and precept or otherwise, having an interest in the property seized, may appear on the return day of the said precept and make himself a party to the proceeding by filing a written answer, subscribed by him or his attorney, and verified by the oath of the person subscribing it, denying absolutely, or upon information and belief, one or more material allegations in the petition, and setting forth his interest in the property seized. The subsequent proceedings before the justice shall be the same as in an action in the Municipal Court where an issue of fact has been joined, and if the decision of the justice is in favor of the petitioner, the justice must make a final order, the same as though no appearance or trial were had, except to recite the appearance and trial before him. If no person appears and answers, the justice shall make a final order, directed to the Commissioner of Street Cleaning, commanding him to sell, at public auction, all of the property seized and described in the petition, at the yard to which said property was removed, for the best price which he can obtain therefor. Before making any such sale, the said Commissioner or deputy commissioner shall give public notice in the City Record and corporation papers, as by this Act prescribed, not later than three days before the day of such sale, and such notice of sale shall specify the time and place of such sale, and shall contain a general description of the property to be sold, but no particular description of any article shall be contained therein.

The sale shall be made at the time and place specified in said notice of sale by the Commissioner or Deputy Commissioner, or by an auctioneer designated for such sale by said Commissioner. Immediately after such sale, the Commissioner of Street Cleaning shall pay to the Comptroller the proceeds of such condemnation and sale, and shall, at the same time, transmit to the Comptroller an itemized statement of the articles sold, with the price received for each article and a certificate of the costs and expenses incurred by the said Commissioner in making such con-

demnation and sales. The Comptroller shall credit and add to the appropriation for the Department of Street Cleaning from the proceeds of such sale the amount of said costs and expenses of such condemnation and sales, as hereinbefore provided, and, in addition thereto, such an amount for each incumbrance seized or taken, condemned and sold as hereinbefore provided, not to exceed ten dollars, as may be estimated and fixed by the Commissioner of Street Cleaning as necessary to pay the cost of seizing, removing and keeping or storing such incumbrances; and the remainder of the moneys realized from such sale shall be paid, without interest, to the lawful owners of the several articles sold. Any payment to a person apparently entitled thereto, under the provisions of this section, shall be a good defense to the city against any other person claiming to be entitled to such payment, but if the person to whom such payment is made be not in fact entitled thereto, it shall be lawful for the person or persons to whom the same ought to have been paid to recover the same with interest and costs of suit as so much money had and received to his, her or their use by the person or persons to whom the same shall have been paid. The owner of any truck, cart, wagon, vehicle, box, barrel, bale or other thing removed from any public street or place under the provisions of this section, may redeem his property at any time after its removal upon payment to the Commissioner of Street Cleaning of such sum as he may fix, not to exceed ten dollars for each article redeemed. The sum thus paid shall be immediately transmitted to the Comptroller, and by him added and credited to the appropriation for the Department of Street Cleaning, under the provisions of this Act, and may be used by the Commissioner for any of the purposes of said department, as if originally included in the appropriation thereof, by the Board of Estimate and Apportionment. Nothing in this section contained shall be deemed to authorize the summary removal of materials for any public work or improvement in course of construction.

Limitation of amount of expense for street cleaning. Bonds to be issued by Comptroller for purchase of plant.

SEC. 546. In no case, except as in this section provided, shall the amount expended by the Commissioner of Street Cleaning exceed the amount appropriated for the said department by the Board of Estimate and Apportionment and the Municipal Assembly, but, for the more effectual carrying out of the provisions of this Act, the said Commissioner of Street Cleaning may, with the approval of the Board of Public Improvements and of the Board of Estimate and Apportionment, purchase or construct stock or plant, including houses, dumping boards or places or buildings or structures necessary for any purpose pertaining to the business of the department, of durable character intended to be used for a term of years, to be paid for by the issue and sale of bonds, and the Comptroller shall issue such bonds as may be necessary for such purpose. Such bonds shall be of such amount and to run for such term as may be determined by said Comptroller, by and with the authority of the Municipal Assembly, not less than ten nor more than fifty years, and shall bear interest not exceeding four per cent. per annum and shall not be sold at less than the par value thereof. If the necessary cost of removing snow or ice from the streets and avenues shall, in any one year, exceed the amount appropriated therefor, the Board of Estimate and Apportionment may authorize such additional expenditure as may be required for the removal of such snow or ice to be paid out of any unexpended balance of the appropriation made for the purposes of said department; and the Comptroller shall raise the amount of such additional expenditure by the issue and sale of revenue bonds, and shall place the amount so raised to the credit of the Department of Street Cleaning, to supply the amount of the deficiency occasioned by such additional expenditure.

Each Commissioner within the limits of his appropriation shall have power to appoint and at pleasure to remove subordinate officers, as follows: such Superintendents of Buildings, and such Inspectors of Buildings, Engineers, Clerks, Messengers, Assistants and other subordinates as in his judgment may be necessary and proper to carry out and enforce such rules and regulations and ordinances and the provisions of said laws and of this Chapter within the Borough or Boroughs under his jurisdiction. Whenever a Commissioner to whom such question has been submitted shall reject or refuse to approve the mode, manner of construction or materials proposed to be followed or used in the erection or alteration of any such building or structure, or when it is claimed that the rules and regulations of the Board or the provisions of law or of said ordinances do not apply or that an equally good and more desirable form of construction can be employed in any specific case, the owner of such building or structure, or his duly authorized agent, may appeal from the decision of such Commissioner to the Board in any case where the amount involved by such decision shall exceed

the sum of one thousand dollars ; provided, however, that in the Boroughs of Manhattan and The Bronx such appeal shall be taken to the Board of Examiners, established by Chapter four hundred and fifty-six of the laws of eighteen hundred and eighty-five and the several acts amendatory thereof or supplemental thereto. Where such application has been filed with a Commissioner the owner of such building or structure or his duly authorized agent shall have the right to present a petition to such Commissioner and the Board setting forth the grounds for the desired variation or modification, and may appear before said Board and be heard. The Board shall fix a date within a reasonable time for a hearing upon such application and shall as soon as practicable render a decision thereon, which decision shall be final. uniform in all the Boroughs. Subject to such general rules and regulations each Commissioner shall have jurisdiction over the several classes of public institutions hereinafter specified which are situated or may hereafter be established within the Borough or Boroughs for which he is appointed. Whenever the Commissioner shall decide, after reasonable notice to the institution and a hearing, that any such child as aforesaid who is received and retained in such institution is not a proper charge against the public, and notice of such decision in writing is given by him to such institution, thereupon all right on the part of said institution to receive compensation from the city for the further retention of the child shall cease. He shall file in the office of the Department in the Borough within which the institution is situated, a statement of the reasons for his decision and of the facts upon which it is founded, and shall furnish a copy to the institution where the child is detained. Omission or failure to file such statement shall not be ground for delaying the final decision.

SEC. 708. It shall be the duty of the superintendent of the workhouse to ascertain from the records thereof, and from examination and inspection of the person committed as aforesaid, whether such person has, since April fourth, eighteen hundred and ninety-five, and within two years next preceding the date of his commitment, been previously committed to such institution upon conviction of public intoxication, disorderly conduct, or vagrancy. Within twenty-four hours after the commitment of any such person to the workhouse, the said Superintendant shall transmit to the Commissioner, a written statement showing the name, sex, age, residence, occupation, height, weight and the color of the hair of any such person, and describing any scars, marks or deformities or other signs whereby such person may subsequently be identified, the date of the commitment, the offense for which such person was committed and the name of the magistrate by whom the commitment was made. Such statement shall also show whether such person has been previously committed to such institution within the period, and for any one of the causes above specified ; and, if so, the number of times that such person has been so committed during such period, the date of the last previous commitment of such person for either of said offenses, the name of the magistrate by whom and the offense for which such last previous commitment was made, and the period of detention under such last previous commitment.

Record of persons committed.

SEC. 709. It shall be the duty of the Commissioner to keep a book or books in which shall be properly recorded the names of all persons committed under section 707 of this Act, and all other facts which shall be certified to him by the superintendent of the workhouse as herein required. Such book or books are hereby declared to be public records and shall be open to public inspection, and shall be indexed and kept so as to show whether any person committed, as prescribed by this chapter, has been previously committed within two years next preceding such commitment for any of the causes herein specified.

Term of detention to be fixed by Commissioner.

SEC. 710. Within three days after the commitment of any person as herein provided, it shall be the duty of the Commissioner to ascertain from the aforesaid records whether such person has been committed to the workhouse, after April fourth, eighteen hundred and ninety-five, and within two years next preceding the date of such commitment for public intoxication, disorderly conduct or vagrancy, and to make a written order specifying the date at which such person shall be discharged, as follows, namely:—in the case of a person who has not previously been committed for any one of the offenses herein specified within two years next preceding the date of his last commitment, and after April fourth, eighteen hundred and ninety-five, the said order shall direct that such person shall be discharged at the expiration of five days from the date of his commitment;—in the case of a person who has been committed once before within the period of two years next preceding the day of his commitment and after April fourth, eighteen hundred and ninety-five, for any of the offenses herein specified, the said order shall direct that such person shall be discharged at the expiration of twenty days from the date of his commitment;—and in the case of a person who has been committed more than once during the two years next preceding the date of his commitment, and after April fourth, eighteen hundred and ninety-five, for any of the offenses herein speci-

fied, the said order shall direct that such person be discharged at the expiration of a period equal to twice the term of his detention under the last previous commitment, but, not, in any event, exceeding six months; provided, however:—First, that in the case of a person committed upon conviction of vagrancy, the said order may direct that the said person shall be discharged at the expiration of a period to be fixed by the Commissioner and stated therein, not exceeding six months and not less than the period of detention above specified for first and subsequent commitments, as the case may be:—Second, that whenever the period of detention of any such person under his last previous commitment shall have exceeded the period of detention provided for by this section (either by reason of his detention on failure to furnish surety for his good behavior, or by reason of the action of the Commissioner upon a conviction of vagrancy), then such excess of detention under his last previous commitment shall not be considered by the Commissioner in determining the date of his discharge under the existing commitment. The date of any order made pursuant to this section and the name of the person whose period of detention is fixed thereby, and the period of detention therein specified shall be entered in the records required to be kept by section 709 of this Act, and the said order shall forthwith be transmitted to the superintendent of the workhouse. Upon the expiration of the term of detention specified therein, and upon the discharge of the person named therein it shall be the duty of such superintendent forthwith to return such order, with a written certificate indorsed thereon specifying the date of the discharge of the person named therein, to the Commissioner who shall preserve the same as a public record.

Discharge of persons committed.

SEC. 711. In any case where the period of detention, as fixed by the Commissioner shall exceed twenty days, and shall be less than one hundred and sixty days, the magistrate who signed the last warrant of commitment may, after the expiration of twenty days, direct the discharge of any person so committed, but no such order or mandate shall be

granted by any magistrate except upon the written certificate of the Commissioner specifying the period of detention fixed by him for the person so committed, and upon an affidavit setting forth facts which, in the opinion of the said magistrate, shall justify such discharge. The said affidavit and certificate shall be filed and preserved with the complaint upon which such person was last convicted. Upon any subsequent commitment, under section 707 of this Act, of a person so discharged, the Commissioner shall fix the period of detention of such person at the term for which he would have been detained under the existing commitment if no such order or mandate had been granted.

Transfer of inmates by Commissioner.

SEC. 712. The Commissioner may transfer and commit and cause to be transferred and committed from the workhouse to the city prison, penitentiary, or to any other of the institutions in the Department, any person committed to the workhouse under section 707 of this Act, whenever such transfer shall be necessary for the proper care and management of such city prison, penitentiary or other institution or for the proper employment of such person. The Commissioner may also transfer and commit and cause to be transferred from the workhouse to the city prison or penitentiary, any person committed to the workhouse under section 707 of this Act, whenever, by reason of the number of offenders actually detained in such workhouse at any time, there shall not be accommodation therein for all the persons committed thereto; and in like manner the Commissioner may transfer prisoners from one penitentiary to another penitentiary within the Department, or from one district prison to another district prison within the Department, whenever it may be necessary to prevent over-crowding. The Commissioner may also transfer and commit or cause to be transferred and committed from the city prison to the workhouse to be detained and employed therein any person who shall have been duly committed to the city prison.

But should permanent disability caused by injuries received in

the active discharge of his duties disqualify him only from performing active duty in the uniformed force, he shall be employed at the salary received when such disability occurred in some position in the Department not requiring active service as a fireman. In case of total permanent disability not caused in or induced by the actual performance of the duties of his position, or which shall have occurred before the expiration of ten years' active and continuous service in the said Fire Department, the amount of annual pension to be allowed shall be one-third of the annual compensation allowed such officer or member as salary at the date of his retirement from the service, or in proportion to the number of officers and members so retired, as the condition of the fund will warrant. In case of partial permanent disability, caused in or induced by the actual performance of the duties of his position, or which may occur after ten years' active and continuous service in the said Fire Department, the officer or member so disabled shall be relieved from active service at fires, but shall remain a member of the uniformed force, subject to the rules governing said force, and to the performance of such light duties as the medical officer of the said Fire Department may certify him to be qualified to perform; and the annual allowance to be paid such member or officer shall be one-half of the annual compensation allowed as salary at the date of his being so relieved, or such less sum, in proportion to the number of officers and members so retired, as the condition of the fund will warrant. In case of partial permanent disability, not caused or induced by the actual performance of the duties of his position, or which may occur before ten years' active and continuous service in the said Fire Department, the officer or member so disabled shall be relieved from active service at fires, but shall remain a member of the uniformed force, subject to the rules governing said force and to the performance of such light duties as the medical officer of said department may certify him to be qualified to perform, and the annual allowance to be paid such officer or member shall not exceed one-third of the annual compensation allowed as salary at the date of his being so relieved, or such less sum as the Fire Commissioner may, in his discre-

Trustee of relief fund: when to pay pensions.

SEC. 791. The trustee of the relief fund is authorized and empowered, from time to time, to pay a pension out of said relief fund to the widow, child or children or dependent parent or parents of any deceased officer or member of the uniformed force of the said Fire Department, if the death of such officer or member occur during his service in the said uniformed force, or after he was retired from service in said uniformed force; provided, that the amount of any such pension to be paid by the said trustee to each of the several representatives of such officer or member as aforesaid (in case there shall be more than one), may be, from time to time, determined by the said trustee according to the circumstances of each case, and that such pension may be ordered to cease and terminate at any time if, in the opinion of the trustee, the circumstances should warrant the same; and further provided, that not more than three hundred dollars shall be paid in any one year to the representative

or representatives of such officer or member, and that no part of such sum shall be paid to any such widow who shall marry again, after her remarriage, or to any child after it shall have reached the age of sixteen years. In case any officer or member of the uniformed force of said department is hereafter killed while actually engaged in the performance of duty, or if death ensues as the immediate effect of injuries so received the trustee of said relief fund shall have the power to award to the widow of such officer or member an annual allowance as a pension, to be paid out of the said relief fund, in amount not to exceed one-half of the salary or compensation of such officer or member at the date of his decease. If such officer or member dying leaves no widow surviving him, but leaves a child or children, under the age of eighteen years, or dependent parent or parents, the said trustee shall have the power, to award to the legal guardian of such child or children, or dependent parent or parents, for its or their support and maintenance, an annual allowance out of said relief fund, in amount not to exceed one-half of the salary or allowance of such officer or member at the date of the decease. The amount of such annual allowance to any such widow shall not exceed the sum of one thousand dollars, and shall cease upon her death or remarriage, or if she shall have been guilty of conduct which, in the opinion of said trustee, renders further payment inexpedient. The amount of such annual allowance to any one such child, or dependent parent or parents, shall not exceed the sum of five hundred dollars, and in every case such payment shall cease upon the death or marriage of such child, or upon its reaching the age of eighteen years. If such payment to the widow of any such officer or member shall cease by reason of her death, remarriage or misconduct, the said trustee shall have power to make payments to the child or children or dependent parent or parents of such officer or member, if any, as though he had died without leaving a widow surviving him. The widows and orphans and retired members of the Brooklyn Fire Department, or of any other Fire Department of any of the municipal and public corporations or parts thereof hereby consolidated, shall

There shall be deducted from the monthly pay of each officer and fireman of said department, and from the monthly pension of retired members of said department, and from the pay of such other employees of said department as shall heretofore have availed themselves of this provision, the monthly sum of one dollar, which shall be received and held by the treasurer of the relief fund, in the like manner as the other moneys herein provided to be paid to him, and which shall be known as the New York Fire Department Life Insurance Fund; and in case of the death of any member or employee of said department in the service thereof, who has availed himself of this provision, or of any pensioned or retired member of said department, and so contributing, there shall be paid to the widow, or if there be no widow, then to the legal representatives of such deceased member, or employee, or pensioned and retired member, the sum of one thousand dollars out of the moneys so assessed; and in case, by reason of the number of deaths, the aggregate amount of money so provided to be assessed and collected should prove inadequate to make such payment, then the assessment may, in the discretion of said trustee, be increased to not exceeding the sum of two dollars in each month's pay, or each month's pension of pensioned and retired members of said department. None but members of the uniformed force shall

hereafter be eligible to membership in this fund. If in any year, owing to an excessive mortality in the uniformed force, the condition of said life insurance fund shall render it, in the judgment of the said trustee, necessary, a sum not exceeding five thousand dollars may be transferred and paid over from the said relief to the said life insurance fund for the use and purpose of said life insurance fund.

TITLE 2.

ASSESSMENTS FOR LOCAL IMPROVEMENTS OTHER THAN THOSE CONFIRMED BY A COURT OF RECORD.

Assessment—Term How Construed.

SECTION 942. The word assessment, wherever used in this title and in the next succeeding one, shall be construed to mean an assessment for any local improvement which may be lawfully confirmed in any other manner than by a Court of Record.

Mayor to Appoint a Board of Assessors; salary; subordinates.

SEC. 943. The Mayor shall appoint five persons, who shall constitute the Board of Assessors. The salary of each member of said Board shall be three thousand dollars a year. The said Board shall be charged with the duty of making all assessments, other than those required by law to be confirmed by a Court of Record, for local improvements for which assessments may be legally imposed in any part of The City of New York as hereby constituted. The said Board shall appoint a secretary and such clerks and subordinates as may be necessary, and shall fix their salaries, not exceeding in the aggregate the appropriation made for such purpose in the final estimate.

The secretary, clerks and subordinates of the Board of Assessors of the Mayor, Aldermen and Commonalty of the City of New York, shall be and act as secretary, clerks and subordinates of the Board of Assessors herein provided for until and unless they shall be removed or superseded by the last-mentioned Board of Assessors.

The Board of Revision of Assessments.

SEC. 944. The Comptroller, Corporation Counsel and President of the Board of Public Improvements shall constitute the Board of Revision of Assessments. The said Board, or a majority thereof, shall have and perform all the powers and duties relative to the revision, correction and confirmation of assessments specified in the various laws and ordinances relating to assessments in any part of The City of New York, as hereby constituted,

other than assessments made by Commissioners appointed by a Court of Record, and other than those confirmed by the Board of Assessors; said Board shall have power to consider, on the merits, all objections made to any such assessment, and to subpoena and examine witnesses in relation thereto, and to confirm said assessment, or to refer the same back to the Board of Assessors for revisal and correction in such respects as it may determine. The revision of such assessments shall be made without delay, so that unless the same are referred back for revisal and correction they shall be confirmed within thirty days from the time they shall, respectively, be presented for confirmation, and if not so confirmed or referred back they shall be deemed to be confirmed at the expiration of thirty days from the time they shall be, respectively, so presented for confirmation. All such assessments, immediately upon confirmation, shall be transmitted to the Comptroller for entry and collection.

Powers of the two Boards.

SEC. 945. In addition to the powers herein specifically conferred upon the Board of Assessors and the Board of Revision, the said Boards shall have and exercise, as to the whole territory embraced in The City of New York, each and every power and authority conferred upon and exercised by the Board of Assessors, and the Board of Revision and Correction of Assessments, respectively, of the corporation heretofore known as The Mayor, Aldermen and Commonalty of the City of New York.

Certificates on which Assessments are Made.

SEC. 946. All assessments shall be made by the Board of Assessors on the following certificates, to wit:

1. The officer or head of the Board or Department charged with the execution of the work in question, shall certify to the Board of Assessors the total amount of all the expenses which shall have been actually incurred by The City of New York on account thereof.

2. The Comptroller shall certify to the Board of Assessors the amount of the interest, at the legal rate, upon the several

instalments advanced or payments made on account of such work, from the time of such payment or advance, by the City, to a day sixty days after the date of such certificate. Thereafter the Board of Assessors shall assess upon the property benefited, in the manner authorized by law, the aggregate amount of such certificates, or such proportion thereof as is authorized by law, and the said Board shall not in any way be enjoined, restrained, hindered or delayed in the performance of this duty, provided that nothing contained in this section shall be construed to affect the powers of the Board of Revision of Assessments.

Assessment not to exceed one-half the valuation.

SEC. 947. The Assessors shall in no case assess any house or lot, improved or unimproved lands, more than one-half the fair value of such house, lot, improved or unimproved lands.

Assessment for repaving: when forbidden.

SEC. 948. Unless it shall be petitioned for by a majority of the owners of the property (who shall also be the owners of a majority of the front feet), on the line of the proposed improvement, no assessment shall be imposed for the paving of any street, or any portion thereof, which has been once paved, and the expense thereof, paid by the owners of the adjoining property. This section, however, shall apply only to the streets within the territory of the corporation formerly known as the Mayor, Aldermen and Commonalty of the City of New York.

How property shall be described by the Assessors.

SEC. 949. In all cases the Assessors shall describe in the assessment the property assessed by the same ward or block numbers, or other designations as shall be used to designate the said property on the tax books of The City of New York. They shall also describe the houses and lots assessed by their street numbers, if any. The Assessors shall also state the name of the owner or owners and occupant or occupants, if they be known to the Assessors, and it shall be their duty to ascertain, as far as may be, by inquiry from the Commissioners of Taxes and Assessments or others, such ownership and

occupation, and such Commissioners shall afford the requisite information.

Notice of completion of assessments to be given.

SEC. 950. It shall be the duty of the Board of Assessors, when it has completed any proposed assessment, to give notice of the fact and that it is proposed to lay the same to the owner or owners; such notice shall be published daily in the "City Record" and the corporation newspapers, for at least ten days successively. The notice shall describe the limits within which it is proposed to lay the said assessment, and shall contain a request for all persons whose interests may be affected thereby, and who may be opposed to the same, to present their objections, in writing, to the Secretary of the Assessors within thirty days from the date of such notice, and specifying a time and place after the expiration of the said thirty days when and where the said objections will be heard and testimony received in reference thereto if after hearing and examining such objections and testimony, the assessors shall not deem it proper to alter their assessment, or having altered it there shall still be objections to the same, it shall be their duty to present such objections with the proposed assessment to the Board of Revision of Assessments.

If no objections shall be received, or if the Board of Assessors shall alter the assessment so as to satisfy the objectors, said Board shall forthwith declare the said assessment confirmed, and shall transmit the same to the Comptroller, for entry and collection.

An assessment so confirmed shall be of the same force and effect as if confirmed by the Board of Revision.

Award of damages for changes of grade ; liability in such cases.

SEC. 951. All cases where a change of grade of any street or avenue has been made prior to the taking effect of this Act, shall, as to the liability to make compensation for damages caused by such change of grade, be governed by the laws in force at the time such change of grade was made. After the taking effect of this Act there shall be no liability to abutting owners for originally establishing a grade; nor any liability for changing a grade once established by lawful authority, except where the owner of the abutting property has subse-

quently to such establishment of grade built upon or otherwise improved the property in conformity with such established grade, and such grade is changed after such buildings or improvements have been made. In such cases damages occasioned by such change of grade to such buildings and improvements shall be ascertained and assessed in connection with and as a part of the expenses of grading or otherwise improving the street or avenue in conformity with the grade as changed. A grade shall be deemed established by lawful authority within the meaning of this section where it was originally adopted by the action of the public authorities, or where the street or avenue has been used by the public as of right for twenty years and been improved by the public authority at the expense of the public or of the abutting owners.

All laws inconsistent herewith are hereby repealed.

In case the grade of any such street shall be changed, and the same shall have been regulated and graded according to the new grade, after the certificate of the cost of such regulating and grading shall have been received by the Board of Assessors, it shall be the duty of the said Board to cause to be published in the "City Record" and the corporation newspapers, for at least ten days successively, a notice which shall contain a request for all persons claiming to have been injured by the said change of grade to present, in writing, to the Secretary of the Board of Assessors, their claims, specifying a place where and a time when the said Board will receive evidence and testimony of the nature and extent of such injury.

After hearing and considering the said testimony and evidence the Board of Assessors shall make such awards for such loss and damage, if any, as it may deem proper. The amount of the said awards shall be included in the assessment for the regulating and grading of the street in question, as a part of the expense thereof, and the said award, and the proceedings of the Assessors in relation thereto, shall be subject to review by the Board of Revision of Assessments.

Foregoing Section—How Construed.

SEC. 952. The foregoing section shall not be construed to

authorize the making of an award for loss or damage caused by change of grade in any case in which an award could not legally be made under laws existing immediately previous to the passage of this Act, and affecting any part of the territory of The Mayor, Aldermen and Commonalty of The City of New York nor shall it be construed to affect the powers of any commission acting under any laws of this State.

Awards—When to be paid; Action for Default.

SEC. 953. The City of New York shall, within four months after confirmation of any assessment, including awards made in pursuance of the last section but one, pay to the respective parties entitled thereto the amount of such awards, and in case of its neglect or failure to pay the same at the expiration of the said period, and after demand, it shall be lawful for the persons entitled to the same to sue for and recover the amount of their awards. In case any such award or compensation shall be paid to any person not entitled thereto, when the same ought to have been paid to some other person, it shall be lawful for the person to whom the same ought to have been paid to sue for and recover the same with interest and costs, as so much money had and received to his use by the person or persons respectively to whom the same shall have been so paid; provided that when the name or names of the owner or owners, party or parties, are not set forth in the report of the Assessors, or where the said owners, parties or persons respectively being named therein shall be insane, a married woman, under the age of twenty-one years, or absent from the city, or after diligent search cannot be found, or their title to receive such awards disputed, it shall be lawful for The City of New York to pay the sum mentioned in said report, or that would be coming to such owners, parties and persons respectively, to the Chamberlain, to be secured, disposed of and invested as the Supreme Court shall direct, and such payments shall be as valid and effectual in all respects as if made to the said owners, parties and persons respectively themselves, according to their just rights, if they had been known and had been persons of full age, single women and of sound mind.

Assessments for deepening water in docks, etc.

SEC. 954. The expense of conforming to any order or direc-

tion made in accordance with section 832 of this Act, or of carrying the same into effect, shall be estimated and assessed by the Board of Assessors upon or among the owner or owners of any or every wharf, pier, dock, bulk-head, piece of land, water-right, or privilege, near or adjacent to which any such water may be deepened, and which may in any manner be benefited thereby, in proportion, as nearly as may be, to the advantage which each shall be deemed to acquire. Every such estimate and assessment, after confirmation, shall be binding and conclusive upon the owners thereby assessed respectively, and shall be a lien or charge upon the property or premises in respect to which the same may have been made.

TITLE 3.

VACATING AND MODIFYING ASSESSMENTS FOR LOCAL IMPROVEMENTS OTHER THAN THOSE CONFIRMED BY A COURT OF RECORD.

Remedies limited.

SECTION 958. No suit or action in the nature of a bill in equity or otherwise shall be commenced for the vacation of any assessment in said city, or to remove a cloud upon title; but owners of property shall be confined to their remedies in such cases to the proceedings under this title.

Petition to the Supreme Court in case of fraud or substantial error.

SEC. 959. If in the proceedings relative to any assessment or assessments for local improvements, or in the proceedings to collect the same, any fraud or substantial error shall be alleged to have been committed, the party aggrieved thereby may apply to a Justice of the Supreme Court in special term or in vacation, who shall thereupon, upon due notice to the Corporation Counsel, proceed forthwith to hear the proofs and allegations of the parties. If, upon such hearing, it shall appear that the alleged fraud or substantial error, other than such errors as are specified in the next section,

has been committed as provided in this title, the said assessment shall be vacated or modified, and the lien created thereby, or by any subsequent proceedings, shall cease. If, upon such hearing, it shall appear that, by reason of any alleged irregularity, the expense of any local improvement has been unlawfully increased, the judge may order that such assessment upon the lands of said aggrieved party be modified by deducting therefrom such sum, as is in the same proportion to such assessment as is the whole amount of such unlawful increase to the whole amount of the expense of such local improvement. Any order that may be made by a Justice under authority of this section shall be filed in the office of the County Clerk of the County in which the lands are situated, and after the filing of a certified copy thereof with the officer having charge of the assessment, it shall be his duty to cancel or reduce the assessment as required by the order, or do any other act required thereby.

Assessments not to be set aside for certain irregularities and technicalities.

SEC. 960. No assessment heretofore made or imposed, or which shall hereafter be made or imposed for any local improvement or other public work, already completed or now being made or performed, or which shall hereafter be made, done, or performed, shall hereafter be vacated or set aside for or by reason of any omission to advertise, or irregularity in advertising any ordinance, resolution, notice, or other proceeding relative to, or authorizing the improvement or work for which such assessment shall have been made or imposed, or for proposals to do the work, or for or by reason of the omission of any officer to perform any duty imposed upon him, or for or by reason of any defect in the authority of any department or officer upon whose action the assessment shall be in any manner or to any extent dependent, or for or by reason of any omission to comply with or carry out any detail of any law or ordinance, or for or by reason of any irregularity or technicality, except only in cases in which fraud shall be shown and in case of an assessment for repaving any street or public place, upon property for which an assessment has once been paid for paving the same

street or public place; and all property in said city benefited by any improvement or other public work already completed, or now being made or performed, and hereafter made, done, or performed, except as aforesaid, shall be liable to assessment for such improvement or work, and all assessments for any such improvement or other public work shall be valid and binding notwithstanding any such omission, irregularity, defect in authority, or technicality. No assessment shall be vacated by reason of fraud or irregularity in the proceedings to collect the same by sale of the assessed premises; but, upon proof of such fraud or irregularity, such sale shall be set aside and the respective rights and liabilities of the assessed person and of the City of New York shall become and be the same as if such sale had not been made.

All claims may be embraced in one proceeding.

SEC. 961. Any person applying for relief, under the provisions of this title, may embrace in one proceeding any or all assessments for local improvements in which he is interested.

Power of court to vacate or reduce assessments limited and qualified.

SEC. 962. No court shall vacate or reduce any assessment in fact or apparent, whether void or voidable, on any property for any local improvement, otherwise than to reduce any such assessment to the extent that the same may be shown by parties complaining thereof to have been in fact increased in dollars and cents by reason of fraud or substantial error; and in no event shall that proportion of any such assessment, which is equivalent to the fair value or fair cost of any actual local improvement, with interest at the rate of three per centum per annum from the date of confirmation to the date of the final order of reduction, and seven per centum thereafter, be disturbed for any cause.

The provisions of this section shall apply to actions to recover money paid for assessments, and the amount recovered shall be limited to the excess over the fair value or fair cost of the improvement.

When proceeding to vacate, etc., to be brought.

SEC. 963. All proceedings to vacate or reduce assessments in the City of New York must be brought within one year after the confirmation thereof.

Re-assessment.

SEC. 964. Any lands which may be discharged from any lien for an assessment for any local improvement may be again assessed, in the manner provided by law, for such amount as would have been justly chargeable if fraud or irregularity had not been committed; and the amount so assessed shall be a lien on said lands until paid, and shall be collectable in the manner provided by law for the collection of assessments, but all proceedings to make a new assessment shall be at the expense of the City.

TITLE 4.

OPENING STREETS AND PARKS.

Authority to open streets.

SEC. 970. The City of New York is authorized to acquire title for the use of the public to all or any of the lands required for streets, parks, approaches to bridges and tunnels, sites or lands above or under water for bridges and tunnels, and sites or lands above or under water, for all improvements of the navigation of waters within or separating portions of the City of New York, or of the water fronts of the City of New York, or part or parts thereof, heretofore duly laid out upon the map or plan of the City of New York, of the City of Brooklyn, of Long Island City or of any of the territory by this Act consolidated with the City of New York, or hereafter duly laid out upon the map or plan of The City of New York, as herein constituted, and to cause the same to be opened. The Board of

Public Improvements is authorized to direct the same to be done whenever and as often as it shall deem it for the public interests so to do. The lands, tenements and hereditaments that may be required for such purposes may be taken therefor, and compensation and recompense made to the parties and persons, if any such there shall be, to whom the loss and damage thereby shall be deemed to exceed the benefit and advantage thereof, for the excess of the damage over and above the value of said benefit.

The City of New York is authorized to make application, or to cause application to be made, to the Supreme Court of this State in the first or second Judicial Departments, as the case may be, for the appointment of Commissioners of Estimate and Assessment to ascertain and determine the compensation and recompense which should justly be made to the respective owners, lessees, parties and persons respectively entitled unto or interested in the lands, tenements, hereditaments and premises proposed to be taken for any of the purposes aforesaid, and to assess the cost of such improvement, of such proportion thereof as the Board of Public Improvements directs, upon such parties and persons, lands and tenements as may be deemed to be benefited thereby. Streets or portions thereof which are continuations of each other in the same general direction may be embraced in the same proceeding. The moneys collected upon the assessment of the Commissioners of Estimate and Assessment shall be paid into the city treasury. The damages awarded by the Commissioners of Estimate and Assessment shall become due and payable immediately upon the confirmation of the report of said Commissioners of Estimate and Assessment.

Removal of buildings.

SEC. 971. The Board of Public Improvements may permit any building which shall be either partly or wholly included within the limits of any such street, or park laid out in the said City, and so to be opened as aforesaid, to remain unremoved for such time or times as they shall think proper.

Columbia College, St. John's College and University of the City of New York: streets not to be opened through grounds of.

SEC. 972. It shall be unlawful to open any streets through the grounds belonging to the corporation of St. John's College, in its actual occupation at what was formerly known as Fordham, or through or upon any part of the land and premises now owned by the University of the City of New York, extending from Sedgwick avenue to Aqueduct avenue, in the City of New York, and lying immediately south of and adjacent to One Hundred and Eighty-first street, sometimes called University avenue, so long as the same shall be owned or occupied for educational purposes by the said university; provided, however, that nothing in this section contained shall be construed to interfere with the opening of One Hundred and Eighty-first street, between Andrews avenue and Aqueduct avenue, at any time hereafter, and provided that the said University of the City of New York shall dedicate without claim or reward for damages all of the land required for East One Hundred and Eighty-first street, between Andrews avenue and Aqueduct avenue. No street from One Hundred and Sixteenth street to One Hundred and Twentieth street, or from Amsterdam avenue to the Boulevard shall at any time be opened through the grounds of Columbia College, so long as such grounds are owned or occupied for educational purposes.

Application for the appointment of commissioners.

SEC. 973. Whenever the opening of any street shall have been duly authorized and directed, as provided in this Act, it shall be the duty of the Corporation Counsel immediately to institute a proceeding to acquire title for the use of the public to the land required for such street, and upon due notice by advertisement duly published in the "City Record" and the corporation newspapers for ten days, and by causing copies of the same in handbills to be posted for the same space of time in three conspicuous places adjacent to the property to be affected by the intended improvement, to make application to the Supreme Court,

in the appropriate department thereof within the City, and in the manner appropriate to proceedings for the appointment of commissioners of estimate and assessment, indicating in such application the land required for that purpose by reference to the maps on file in his office.

Upon such an application it shall be lawful for the said court to nominate and appoint three discreet and disinterested persons, being citizens of the United States, Commissioners of Estimate and Assessment in said proceeding, for the performance of the duties in this chapter mentioned. The Corporation Counsel may nominate three discreet and disinterested persons to said court, of whom it may designate one who may be appointed. Any person who may be interested in the property which will be affected by the intended improvement, which interest for this purpose shall be decided by his own affidavit stating the nature and extent of such interest, may present to the court the name of one or more persons whose names shall form a list out of which, if a majority in interest of the persons so interested shall agree upon the name of one person, that person may be appointed; but if a majority shall not agree upon one person, then the court may appoint one person out of the names on such list, after which the said court may appoint a third person out of the names so presented by the Corporation Counsel and by the parties interested; all of which persons so named shall be subject to the right of challenge on the ground of interest, incapacity or disqualification to be exercised by the Corporation Counsel or by any person having an interest in the said proceedings; and if any of them be rejected for good cause, or refuse to serve, then another may be nominated in his stead by the same party.

Amendment of defects.

SEC. 974. Said court shall have power at any time to amend any defect or informality in any special proceeding authorized by this title, that may be necessary, or to cause property to be affected thereby to be excluded, or other property to be included therein by amendment, upon ten days' notice published and posted as aforesaid, and to direct such further notices to be given to any party in

interest as it deems proper, and also to appoint other commissioners in place of any who shall die, or refuse, or neglect to serve, or be incapable of serving, or be removed. If, in any particular, it shall, at any time be found necessary to amend any petition, pleading, proceeding or order, or to supply any defect therein, arising in the course of any special proceeding authorized by this title, the same may be amended or supplied in such manner as shall be directed by the Supreme Court, which is hereby authorized to make such amendment or corrections.

Vacancies among commissioners: how filled.

SEC. 975. In case of the death, resignation, refusal to act, or failure to qualify within ten days after his appointment of any such Commissioner of Estimate and Assessment, to be appointed under and by virtue of this title, for any such aforesaid purpose, it shall and may be lawful for the court aforesaid, or of any of the justices thereof, on the application of the City, on notice only to any person interested who may have appeared on the prior application, as often as such event shall happen, to appoint a discreet and disinterested person, being a citizen of the United States, in the place and stead of such commissioner so dying, resigning, refusing to act, or failing to qualify, and the surviving or acting commissioners, as the case may be, shall have power to proceed in the execution of the duties of their appointment, until a successor of the commissioner so dying, resigning, or refusing to act, or failing to qualify, shall be appointed.

Two commissioners may act.

SEC. 976. In all and every case of the appointment of commissioners by the court aforesaid, for any of the purposes aforesaid, it shall be competent and lawful for any two of such said commissioners so to be appointed, to proceed to and execute and perform the trusts and duties of their said appointment, and their acts shall be as valid and effectual as the acts of all the commissioners so to be appointed for such said purpose if they had acted therein would have been. In all cases the acts, decisions, and proceedings of the major part of such

of the commissioners to be appointed for any of the purposes aforesaid as shall be acting in the premises, shall always be as binding, valid and effectual as if the said commissioners named and appointed for such purpose had all concurred and joined therein.

Oath of commissioners.

SEC. 977. Commissioners when they are appointed and before they enter upon the performance of the duties of their appointment, shall severally take and subscribe before some person authorized by law to administer oaths, the following oath or affirmation: "I do solemnly swear (or affirm) that I will support the Constitution of the United States and the Constitution of the State of New York, and that I will faithfully discharge the duties of the office of commissioner according to the best of my ability." Such oath or affirmation shall be filed in the office of the clerk of the county in which the order appointing the said commissioners has been entered.

Commissioners to view and give notice of their appointment.

SEC. 978. It shall be the duty of the said commissioners when appointed in a proceeding, to view the lands, tenements and premises to be thereby acquired, and lands, tenements, hereditaments, and premises adjacent thereto, if they shall deem such view to be necessary or useful. They shall cause to be published in the "City Record" notice of their appointment, containing a brief statement of the purposes for which they have been appointed, and requiring all parties and persons interested in the real estate taken or to be taken for the purpose of opening, extending, enlarging, straightening, altering or otherwise improving the said street or park affected thereby, and having any claim or demand on account thereof, to present the same to them duly verified, with such affidavit or other proof as the owners or claimants may desire, within twenty days after the date of such notice, and stating a time and place after the expiration of said twenty days when the said parties and persons shall be heard in relation thereto by the said commissioners. At the time and place fixed by said notice, or

at any such further or other times and places as the said commissioners may appoint, the said commissioners shall hear such owners and examine the proof of such claimant or claimants, or such additional proof and allegations as may then be offered by such owners, or on behalf of the City of New York.

Certain Powers of Commissioners.

SEC. 979. It shall be lawful for the Commissioners of Estimate and Assessment duly appointed in proceedings authorized by this title to administer oaths. And the said commissioners may, as a condition for the opening of a default, require the party applying therefor to pay the fees of the commissioners, and the clerical expenses of the commissioners, for the additional meeting or meetings of the commissioners made necessary by the fault of such party. They shall reduce any testimony taken before them to writing. They may cause such maps or diagrams to be prepared, if they deem the same necessary, as will enable or assist them to hear and determine the claims or interests of the said owners and persons interested. From the surveys and maps furnished to or prepared by them and such other information as the said commissioners shall possess or obtain, they shall cause diagrams to be prepared which shall distinctly indicate, by separate numbers, the names of the owners of or the claimants to the respective plots or parcels of land to be taken or assessed by such proceeding, and which shall also specify, in figures, with sufficient accuracy, the dimensions and bounds of each said tracts or parcels.

The said commissioners, before the completion of their estimate and assessments, may obtain from the City of New York a profile or plan, if they shall deem the same useful, showing the intended regulation of the street, or part of a street, with regard to the opening of which they have been appointed, as to the elevation or depression thereof, after the same shall be opened, extended, enlarged, straightened, altered, or otherwise improved, as the case may be; and also profiles or plans, if they shall deem the same useful, showing the intended regulation of the adjacent street

or streets, as to the elevation or depression thereof, after such improvement.

The said commissioners may require any board, department, or officer of the City of New York to furnish to them such surveys and maps as may be required by them.

Commissioners to ascertain damages and benefit.

SEC. 980. After hearing such testimony and considering such proofs as may be offered, the commissioners, or a majority of them, all having considered the same, or having had an opportunity to be present, shall, without unnecessary delay, ascertain and estimate the compensation which ought justly to be made by the City of New York to the respective owners, lessees, parties and persons respectively entitled unto or interested in the lands, tenements, hereditaments and premises so required for the improvement; and make a just and equitable estimate and assessment also of the value of the benefit and advantage of such improvement to the respective owners, lessees, parties and persons respectively entitled unto or interested in the lands, tenements, hereditaments and premises not required for the said improvement, and prepare an abstract of their estimate and assessment. They shall not, in making their estimate and assessment of the value of the benefit and advantage of the said improvement, be confined to any definite limit, but shall and hereby are authorized to extend such estimate and assessment to any and all such lands, tenements and hereditaments and premises as they may deem to be benefited by the improvement, and which they may judge expedient to include in their report in the premises. The Board of Public Improvements may in any case determine whether any, and, if any, what proportion of the cost and expense thereof shall be borne and paid by the City of New York, and the remainder of such cost and expense shall be assessed upon the property deemed to be benefited thereby.

The said commissioners shall in no case assess any house, lot, improved or unimproved lands, more than one-half the value of such house, lot, improved or unimproved land, as valued by them. It shall be lawful for the said commissioners, if they shall deem it just

and equitable under the circumstances to do so, but not otherwise, to assess any part, not exceeding one-third part of the estimated value of any building or buildings taken in the proceeding, but not of any other improvement, upon the City of New York. If the said commissioners of estimate and assessment shall judge that any intended regulation will injure any building or buildings not required to be taken for the purpose of opening, extending, enlarging, straightening, altering, or improving such street or part of a street, they shall proceed to make, together with the other estimates and assessments required by law to be made by them, a just and equitable estimate and assessment of the loss and damage which will accrue, by and in consequence of such intended regulation, to the respective owners, lessees, parties and persons, respectively, entitled unto or interested in the said building or buildings so to be injured by the said intended regulation; and the sums or estimates of compensation and recompense for such loss and damage shall be included by the said commissioners in their report and included in the assessment for benefit.

Abstract of estimate and assessment to be deposited.

SEC. 981. The said commissioners shall deposit in the Bureau of Street Openings in the Law Department their said abstract of their estimate and assessment at least thirty days before their report shall be presented to the court for confirmation, which abstract shall be accompanied by copies of the diagrams used by them and which shall refer to the numbers thereby indicated, and state the several sums respectively estimated for or assessed upon each of said parcels with the name or names, claimant or claimants, so far as ascertained by said commissioners. They shall also deposit all the affidavits and proofs used by them in making their report. They shall also publish a notice for fifteen days in the "City Record" and in the corporation newspapers, and when authorized pursuant to this Act, in not more than one newspaper published in the Borough in which the property is located, stating their intention to present their report for confirmation to the said court at a time and place to be specified in said notice, and that all persons interested in such proceedings, or

in any of the lands affected thereby, having objections thereto, shall file the same, in writing, duly verified, with said commissioners within twenty days after the first publication of said notice, and that the said commissioners will hear parties so objecting at a place and at a time after the expiration of said twenty days, to be specified in said notice. Similar notice for at least ten days shall be given of any new, supplemental or amended abstract. At the time and place named in said notice the said commissioners shall hear the person or persons who have objected to the said abstract, and who may then and there appear, and shall have power to adjourn from time to time until all such persons shall be fully heard.

Amendment of abstract.

SEC. 982. It shall not be lawful for Commissioner of Estimate and Assessment to alter or amend any abstract or report, or supplemental or amended abstract or report, after the same shall have been deposited for inspection as required by law, by increasing the amount of any assessment for benefit, or diminishing any award for damage, unless the person or persons, party or parties, affected by such increase or diminution shall have had notice thereof and an opportunity of being heard before said commissioners before their report shall be presented to the court for confirmation.

Witness: how compelled to testify.

SEC. 983. Upon the application of any person or persons whose rights may be affected by the said estimate or assessment, verified by the oath or affirmation of such applicant or his agent, that any witness, residing or being in the City of New York, whose affidavit to verify or oppose any objection to the said estimate or assessment is material or necessary to such party, refuses voluntarily to appear before any officer authorized to take such affidavit, to testify or affirm to such matter as he may know, touching such objection, any one of the said commissioners of estimate and assessment in the proceeding may issue a subpoena, under his hand, requiring such witness to appear and testify to such matters as he

may know touching the said estimate or assessment, at such time and place as the said commissioner may designate in such subpoena. And every person, who, being served with such subpoena, shall, without reasonable cause, refuse or neglect to appear, or appearing, shall refuse to answer, under oath or affirmation, touching the matters aforesaid, shall forfeit to the party injured one hundred dollars; and may also be committed to prison by any justice of the Supreme Court upon application duly made on behalf of the commissioner who issued such subpoena, there to remain, without bail and without the liberties of the jail, until he shall submit to answer, under oath or affirmation as aforesaid. The testimony of such witness when given shall be reduced to writing in the presence of and be sworn or affirmed to before such commissioner.

Commissioners to present report to court.

SEC. 984. After considering the objections, if any, and making any correction or alteration of their estimate or assessment, which said commissioners, or any two of them shall find to be just and proper, the said commissioners shall file the said report, signed by them or a majority of them, in the office of the clerk of the county where the lands are situated at least five days before the time mentioned in said notice for the presentation of said report to the court for confirmation, or the date to which the same shall have been duly adjourned. The said commissioners, or any person interested in said proceeding, shall notify, the Corporation Counsel and all persons who have filed their objections as aforesaid, or who have theretofore appeared as soon as the said report shall have been filed. The Corporation Counsel may present the same for confirmation, or in case of his neglect or refusal, any person interested in the lands taken or required for said improvement may present the same, upon notice to the Corporation Counsel.

Report: what to contain.

SEC. 985. The report of the commissioners shall consist of the diagram hereinbefore referred to, duly corrected, when necessary,

with a tabular abstract of the estimate and assessment, with any corrections or alterations thereof by said commissioners, showing fully and separately to the said court the amount of loss and damage, and of benefit and advantage to each and every owner, lessee, party and person entitled or interested in any lands, tenements, hereditaments, or premises affected by the improvement. In said report the commissioners who shall make the same shall set forth the names of the respective owners, lessees, parties and persons entitled unto or interested in the said lands, tenements, hereditaments, and premises mentioned in the said report, and each and every part and parcel thereof, as far forth as the same shall be ascertained by them, and an apt and sufficient designation or description of the respective lots or parcels of land and other tenements, hereditaments and premises that may be required for the purpose of opening such street or park, or part thereof so to be opened, or laying out and forming or extending and enlarging or otherwise improving such street or park so to be laid out and formed, or so to be extended, enlarged or otherwise improved, as the case may be, and also of the said respective lots or parcels of land and other tenements, hereditaments and premises not included within, but deemed to be benefited by the same, and so assessed by the said commissioners for the said benefit as aforesaid. It shall refer to the number of the tracts and parcels indicated by said diagrams, and state the several sums respectively estimated for or assessed upon each of said tracts or parcels, with the name or names of the owners or claimants of each, if ascertained by said commissioners. Whenever the said commissioners shall be unable to ascertain with sufficient certainty the name of any owner of any parcel of said lands, they shall indicate such parcel upon the diagram embracing it, as belonging to unknown owners. It shall not be necessary in said report to describe any of the said tracts or parcels by metes and bounds, but only by reference to the said diagrams. It shall also set forth the several and respective sums estimated and assessed as and for the compensation and recompense, or the allowance to be made for the loss and damage, or for the benefit, as the case may be, of the respective owners of the fee or inherit-

ance of such lands, tenements, hereditaments and premises respectively, and for the loss and damage, or for the benefit, as the case may be, of the respective owners of the leasehold estates or other interests therein separately; but in all, and each and every case and cases where the owners and parties interested, or their respective estates and interests are unknown, or not fully known to the said commissioners, it shall be sufficient for them to estimate and assess, and to set forth and state in their said report, in general terms, the respective sums to be allowed and paid to or by the owners and proprietors generally of such said lands, tenements, hereditaments and premises, and parties interested therein for the loss and damage, or for the benefit and advantage, as the case may be, to such owners, proprietors, and parties interested in respect of the whole estate and interest of whomsoever may be entitled to, unto or interested in the said lands, tenements, hereditaments and premises respectively, by and in consequence of the said operation and improvement of opening, laying out, and forming or extending, enlarging or otherwise improving the said street or park or section thereof so to be opened or so to be laid out and formed or extended, enlarged, or otherwise improved, as the case may be, without specifying the names of the estates or interests of such owners and proprietors and parties interested, or of any or either of them. Said Commissioners of Estimate and Assessment may, in their discretion, or when required by the Board of Public Improvements make up and file a preliminary abstract of their estimate of damages, separate and apart from their estimate of assessments for benefit, embracing either the entire lands, tenements, hereditaments, and premises to be acquired or successive sections or parcels thereof, and ascertain and estimate the compensation to be made thereon and make a separate report with reference thereto. Such separate or partial report shall be made in the same form and manner, and such proceedings shall be had in respect thereto, as in respect to the report of the commissioners relative to the entire lands taken and assessed as herein provided for, except that the final or last separate report shall contain the assessment for benefit.

Proceedings upon presentation of report for confirmation.

SEC. 986. The application for the confirmation of the report shall be made to the Supreme Court, at a term thereof held within The City of New York as constituted by this Act, and in the Judicial Department within which the lands are situated. Upon the coming in of the said report, signed by the said commissioners, or any two of them, and upon the hearing of the application for the confirmation thereof, if title to said lands shall not have been theretofore vested in the City of New York, or if said lands are not being condemned for a public park, parkway, public square or place, and if persons who appear by the said report to be interested, either by assessment for benefit or award for damages, to the amount of a majority in amount of the whole assessments and awards, shall appear and object to further proceedings upon the said report, the court shall order the proceeding to be discontinued; otherwise the said court shall by rule or order, after hearing any matter which may be alleged against the same, either confirm the said report in whole, or in part, or refer the same, or a part thereof, to the said commissioners for revisal and correction, or to new commissioners, to be appointed by the said court to reconsider the subject matter thereof, and the said commissioners to whom the said report or part thereof shall be so referred shall return the same report or such part thereof, corrected and revised, or a new report to be made by them in the premises to the said court without unnecessary delay; and the same on being so returned shall be confirmed or again referred by the said court in manner aforesaid, as right and justice shall require, and so from time to time until a report shall be made or returned in the premises, which the said court shall wholly confirm, and such report, when so confirmed by the said court, shall, unless set aside or reversed on appeal, be final and conclusive, as well upon the City of New York as upon the owners, lessees, persons, and parties interested and entitled unto the lands, tenements, hereditaments and premises mentioned in the said report; and also upon all other persons whomsoever.

Duplicate copies of report to be filed.

SEC. 987. Duplicate copies of said report signed by the said commissioners, or any two of them, shall be filed by the Corporation Counsel of said City, one in the office of the Comptroller, and the other in the office of the clerk of the Supreme Court, where the order confirming said report is entered.

Appeals.

SEC. 988. The City of New York or any party or person affected by the said proceeding and aggrieved by the said report when confirmed as aforesaid, may appeal to the Appellate Division of the said court. Such appeal shall be taken and heard in the manner provided by the code of Civil Procedure and the rules and practice of the said court in relation to appeals in special proceedings, and such appeal shall be heard and determined by such Appellate Division upon the merits both as to matters of law and fact. But the taking of an appeal by any person or persons shall not operate to stay the proceedings under this Act, except as to the particular parcel of real estate with which the appeal is concerned; and the order confirming the said report shall be deemed to be final and conclusive upon all parties and persons affected thereby who have not appealed. Such appeals shall be heard upon the evidence taken before the said commissioners, or such part or portion thereof as the court at special term may certify, or the parties to said appeal may agree upon as sufficient to present the merits of the questions in respect to which such appeal shall be had, and on affidavits as to irregularities which have been presented to the court at special term upon the coming in of such report of said commissioners. When an order confirming a report shall be reversed upon appeal, the commissioners to whom such report shall be referred for amendment, correction, or revisal, shall have power to make such additional assessment as may be necessary.

Appeal to Court of Appeals authorized.

SEC. 989. An appeal to the Court of Appeals may be taken

by the city or any person or party interested in the said proceeding and aggrieved by the order of the Appellate Division.

Such appeal may be taken within sixty days, and heard in the manner provided by the Code of Civil Procedure and the rules and practice of the Court of Appeals, in relation to appeals in special proceedings. The Court of Appeals may affirm or reverse the order appealed from, and may make such order or direction as shall be appropriate to the case, whether for a rehearing of the same before the Commissioners, or for final confirmation of the report or otherwise. If the report is confirmed, the Court of Appeals shall enter a final order in the proceedings which shall be binding upon all persons having any interest in the property or franchises condemned, and directing that compensation be made, pursuant to the determination of the Commissioners, and the city shall thereupon be entitled to take and hold forever the property and franchises condemned for the public use. Payment of the compensation into the court to the credit of any person or corporation mentioned in said order, in case tender thereof shall have been refused by such person or corporation, shall be deemed a payment within the provisions of this Act.

Vesting of title.

SEC. 990. Should the Board of Public Improvements at any time deem it for the public interest that the title to the lands and premises required for any street or park heretofore or hereafter laid out, widened, altered, extended, or otherwise improved, should be acquired by the City of New York at a fixed or specified time, the said Board of Public Improvements may direct, by resolution, where no buildings are upon such lands, that upon the date of the filing of the oath of the Commissioners of Estimate and Assessment, as provided for in this chapter, or upon a specified date thereafter, and where there are buildings upon such lands, that upon a date not less than six months from the date of the filing of said oath, the title to any piece or parcel of land lying within the lines of any such street or park, shall be vested in the City of New York. Thereafter, when the said Commissioners shall

have taken and filed said oath, upon the date of such filing or upon such subsequent date as may be specified where no buildings are upon such lands, and where there are buildings upon such lands upon the date specified by said Board of Public Improvements, either before or after the filing of such oath, the same being not less than six months from the date of said filing, the City of New York shall become and be seized in fee of said lands, tenements, and hereditaments in the said resolution mentioned, that shall or may be so required as aforesaid, the same to be held, appropriated, converted, and used to and for such purpose accordingly, in like manner as are other public streets and parks, respectively, in the said City. In such cases interest at the legal rate upon the sum or sums to which the owners, lessees, parties or persons are justly entitled upon the date of the vesting of title in the City of New York, as aforesaid, from said date to the date of the report of the commissioners shall be allowed by the Commissioners as a part of the compensation to which such owners, lessees, parties, or persons are entitled. In all other cases, title, as aforesaid, shall vest in the City of New York upon the confirmation by the court of the report of the Commissioners. Upon the vesting of title the City of New York, or any person or persons acting under its authority, may immediately, or at any time thereafter, take possession of the same, or any part or parts thereof, without any suit or proceeding at law for that purpose.

The title acquired by the City of New York to lands and premises required for a street, shall be in trust, that the same be appropriated and kept open for, or as part of a public street, forever, in like manner as the other streets in the City are and of right ought to be. The title acquired by the City of New York to lands and premises acquired for a park shall be a fee simple absolute.

Within what time proceedings to be completed: removal of commissioners.

SEC. 991. The commissioners appointed in pursuance of this title shall complete said proceedings on their part within six months from the time of their appointment, unless further time be allowed

by the Supreme Court. At least five days' notice of the application for such extension shall be given by the Corporation Counsel to all persons who have appeared in said proceedings, and have specially requested that notice of any such application be served upon them. Upon such application, the court shall have power to make such order in the premises in respect to the time and manner of completing the report of said commissioners, and in respect to the taking and submission of the proofs of the parties interested, as will enable or require the commissioners to complete said proceeding on their part with reasonable dispatch; and if it shall appear that the said proceeding has been delayed by reason of the inattention, neglect or refusal of said commissioners, or any of them, to act or attend, or of the failure of a majority of them to agree upon a report, the court may remove the commissioner or commissioners so neglecting or refusing, or the commissioners failing to agree, and appoint a suitable person or persons in his or their place. And the said court may, at any time, remove any of said Commissioners of Estimate and Assessment who, in its judgment, shall be incapable of serving, or who shall, for any reason, in its judgment, be an unfit person to serve as such commissioner. The cause of such removal shall be specified in the order making the same.

Owners may convey to the City.

SEC. 992. The owners of land and of all the estate therein embraced within the lines of any street laid down and shown on the map or plan of the City of New York, and comprising all the land within said lines in an entire block in extent, may, without compensation, and at their own expense, convey all their right, title, and interest therein, providing the same shall be free from incumbrances inconsistent with the title to be acquired by the City, to the City of New York, and upon the delivery of such conveyances to the Corporation Counsel of said City, with the money necessary to record such conveyances, and affidavits made by all such owners to the effect that the persons making them, are the owners

of the estates in such lands so conveyed by them, respectively, and stating their interests, and that such estates in such lands are free of all incumbrances, except as aforesaid, together with abstracts of title and complete searches, if desired by such Corporation Counsel, it shall be the duty of such Corporation Counsel to examine such conveyances and papers, and if such titles shall not be rejected for good cause, by such Corporation Counsel, he shall cause the said conveyances to be recorded in the office in which conveyances of real estate are recorded in the county in which such lands are located, within sixty days after their delivery to him, and file them with the comptroller of such City, and thereupon the City of New York shall become vested with the title to said lands to the same effect and extent as if they had been acquired by a proceeding taken for the opening of that portion of said street; after the making and acceptance of such conveyances, no proceedings to open the lands so conveyed shall be taken or maintained, nor shall the lands fronting on that portion of the street so conveyed, and extending to the center of the block on either side of such portion of said street so conveyed, be chargeable with any portion of the expenses of opening the residue or any portion of the residue of such street, except the due and fair proportion of the awards that may be made for buildings as aforesaid.

Subdivision of plots.

SEC. 993. If, at any time after the filing of the maps showing the laying out of streets by proper municipal authority, the owner or owners of any plot of land bounded on all sides by streets, and not laid out as and for a public square, place or park, shall desire to subdivide such plot and give public right of way into or through such plot, he, she, or they may submit two sets of maps, plans, or surveys of such plot and of such proposed right of way, showing the width, which shall not be less than thirty feet, and the location, extent, and direction of the same, and the proposed grade therefor, to the Board of Public Improvements, for approval; and if the same shall be approved

and the owner or owners aforesaid shall immediately thereafter convey in such form as shall be approved by the Corporation Counsel, the title to the land required for such right of way, free and clear from all incumbrances, to the City of New York in trust as and for a public street, the same shall from that time be and become an opened public street, the same as if it had been laid out and opened as other streets are or ought to be; and the maps, plans, or surveys thereof, and of the grades therefor, aforesaid, shall immediately thereafter be certified by the city clerk, and one set thereof shall be filed in and remain of record in the office in which conveyances of real estate are recorded in the county in which such land is located, and the other set thereof in the office of the Corporation Counsel of said City.

City may agree with owners.

SEC. 994. It shall be lawful for the City at any time or times, either before or after the appointment of commissioners in the premises, for any of the purposes aforesaid, to agree with the owners, lessees, parties, or persons entitled unto or interested in the lands, tenements, hereditaments, and premises, that either will be benefited by, or may be required for the purpose of, making the operation and improvement intended to be made, or with any or with either of such owners or other parties interested therein, for and about the cession of the lands, tenements, hereditaments, and premises required of him, her, or them, respectively, for the purpose of making such said intended operation and improvement, and for and about the compensation and recompensé to be made to him, her, or them, for the same, or for and about the allowance, or sum or sums to be allowed and paid by such owners and parties, respectively, or by any, or either, of them, for the benefit and advantage of the street or park or section thereof so to be opened, or laid out and formed, or the extension, enlargement, or other improvement of the street or park so to be extended, enlarged, or otherwise improved, to him, her, or them, over and above the value of the lands, tenements, hereditaments, and premises, that may be required if any lands, tenements,

hereditaments or premises shall be required of him, her, or them, for the purpose of opening, laying out, and forming or extending, enlarging, or otherwise improving the same, and in case of any such agreement or agreements, with part only of the said owners and parties entitled unto and interested in the said lands, tenements, hereditaments, and premises so required for the purpose of making any such operation and improvement as aforesaid, or to be benefited thereby, the same shall be valid and binding upon the parties thereto, and the said commissioners shall, nevertheless, enter upon and make or proceed with their said estimate and assessment, and make report to the said court, as to the residue of the said lands, tenements, hereditaments, and premises required for the said purpose of making such said operation and improvement, or to be benefited thereby, concerning which the owners thereof and parties interested therein shall not agree; and the said report, when confirmed, shall be of like force and effect in regard to the matters comprised therein, as if no such agreement as to the part of the premises had been made.

City entitled to compensation and liable to assessment.

SEC. 995. If any lands, tenements, hereditaments, or premises belonging to the City of New York, or wherein it may be interested, shall be required for any of the purposes aforesaid, or shall be benefited by any such operation and improvement as hereinbefore mentioned, the City shall be entitled to compensation and recompense for the loss and damage it may sustain, and shall be bound to allow and pay for the benefit and advantage it may be deemed to acquire thereby, in like manner as other owners and proprietors of lands and premises required for the purpose of making the said operation and improvement, or deemed to be benefited thereby; and it shall be lawful for the said Commissioners of Estimate and Assessment, and they are hereby directed in such, each and every case, to estimate and assess upon the principles, and in the manner herein aforesaid; and to report the sum or sums which, in their opinion, ought to be allowed and paid to or by the City for the said

loss and damage, or for the said benefit or advantage, as the case may be, to the City, by and in consequence of such said operation and improvement of opening the said street or park, or section thereof so to be opened, or laying out, or forming, or extending, enlarging, or otherwise improving the same, so to be laid out and formed, or extended, enlarged or otherwise improved, as the case may be. It shall not, however, be lawful to lay or impose any assessment whatever on any public park, square, or place, or street, road or avenue, but all such assessments which may be properly payable by the City shall be assessed against it in a gross sum in each and every of such proceedings.

Contracts of landlord and tenant: how affected.

SEC. 996. In all cases where the whole of any lot or parcel of land or other premises, under lease or other contract, shall be taken for any of the purposes aforesaid, by virtue of this title, all the covenants, contracts, and engagements between landlord and tenant, or any other contracting parties, touching the same, or any part thereof, shall, upon the vesting of the title in the City of New York, cease and determine and be absolutely discharged; and in all cases where part only of any lot or parcel of land, or other premises, so under lease or other contract, shall be so taken for any of the purposes aforesaid, all contracts and engagements respecting the same shall, upon such vesting of title, cease, determine and be absolutely discharged as to the part thereof so taken, but shall remain valid and obligatory as to the residue thereof, and the rents, considerations and payments reserved or payable, and to be paid, for or in respect to the same, shall be so apportioned as that the part thereof justly and equitably payable, or that ought to be paid, for such said residue thereof, and no more shall be demanded or paid, or recoverable, for or in respect of the same.

Corporation Counsel to represent interests of City before Commissioners, and provide clerks and offices: expenses.

SEC. 997. It shall be the duty of the Corporation Counsel

to furnish the Commissioners of Estimate and Assessment who may be appointed in any proceeding to open, widen, extend, alter, or close any street, park or parkway in said City, such necessary clerks and other employees, and to provide such suitable offices as they may require to enable them to fully and satisfactorily discharge the duties imposed upon them by this chapter; the Corporation Counsel shall, either in person or by such assistant or counsel as he shall designate for the purpose, appear for and protect the interests of the City in all proceedings in court and before the commissioners. All expenses for searcher's or surveyor's fees, and such other necessary expenses and disbursements which the City of New York shall incur under the provisions of this section shall be paid by the comptroller out of the fund for street and park openings, provided for by existing laws, and shall be borne and reimbursed and paid to the City of New York by the parties and persons interested and entitled, as owners or otherwise, unto and in the lands, tenements, hereditaments, and premises deemed to be benefited thereby, and the same shall be included in and taxed by the court, upon due proof of the services rendered, and disbursements charged as part of the necessary costs and expenses of the said proceedings; but such expenses and disbursements shall not be included in the assessments for benefit until after they have been taxed before a justice of the Supreme Court, in the appropriate department.

Other costs and charges.

SEC. 998. Except as hereinbefore otherwise provided, no costs or charges of the said commissioners or others shall be paid or allowed for any service performed under this title, unless the same shall be taxed by the said court after notice given as provided in the following section. Upon such taxation, due proof of the nature and extent of the services rendered and disbursements charged shall be furnished, and no unnecessary cost or charges shall be allowed. Each of the Commissioners of Estimate and Assessment shall receive six dollars for each day upon which the said commissioners shall meet and be actually and necessarily employed in the

performance of the duties imposed upon them by this Act. All such costs, fees, and expenses or disbursements, which by law are required to be taxed as in this chapter provided, shall be stated in detail in the bill of costs and charges and expenses, and shall be accompanied by such proof of the reasonableness and necessity thereof, as is now required by law and the practice of the said court upon taxation of costs and disbursements in other special proceedings or actions in said court; provided, however, that in any proceeding of an unusually difficult or extraordinary character, the said court, may, upon taxing said costs or expenses, make such additional allowances to the said commissioners as may to it appear just and equitable, upon such proof as may be submitted of the nature and extent of the services rendered by said commissioners.

Taxation of costs.

SEC. 999. A bill of said costs, charges, and expenses shall be filed in the office of the clerk of the county in which the order appointing the said commissioners has been entered, at least ten days before the same shall be presented for taxation. There shall be annexed a statement of the amounts, if any, previously taxed, to whom the same were payable, and the date of such taxation. A notice of at least ten days shall be published in the "City Record," and the corporation newspapers, and served upon the Corporation Counsel, of the time and place of taxing said costs, charges, and expenses, which shall be thereupon taxed by a justice of the Supreme Court, or a referee under his special order, and before the report of said commissioners shall be presented for confirmation. On said final taxation there may be a retaxation of any bill previously taxed in the same proceeding, if sufficient reason therefor be made to appear.

Discontinuance of proceedings.

SEC. 1000. The Board of Public Improvements is authorized and empowered to discontinue any and all legal proceedings taken

for opening, widening, straightening, extending altering, or closing streets or parks, or parts thereof, at any time before title to the lands and premises to be thereby acquired shall have vested in the City of New York, if, in its opinion, the public interest requires such discontinuance, and with power to cause new proceedings to be taken in such cases for the appointment of new commissioners.

Damages for land taken: when to be paid.

SEC. 1001. All damages awarded by the Commissioners of Estimate and Assessments with interest thereon from the date of said report, and all costs or expenses which may be taxed, shall be paid by the City of New York to the respective persons and bodies politic or corporate mentioned or referred to in said report, or in whose favor such costs or expenses shall be taxed. Interest shall cease to run on sums awarded as damages six months after the date of the confirmation of said report unless within that time demand therefor be made upon the Comptroller. Said damages, costs, and expenses shall be paid from the fund for street and park openings provided for in this Act, and by existing laws. The person or persons to whom awards shall be made in such proceedings, and the person or persons in whose favor costs and expenses may be taxed, shall not have an action at law against the City of New York for such awards, costs, or expenses, but the court in which said proceedings have been had, upon the application of any such person or persons, in case of the failure of the Comptroller of said City to pay the same within thirty days after demand therefor, shall require and direct the Comptroller to pay said awards, costs, and expenses from the said fund, and enforce said order or mandate in the same manner as other orders and mandates of said court are enforced. Provided, however, that whenever the amount of damages awarded in any report, together with the costs of the commissioners, shall exceed the balance remaining in said fund after deducting all outstanding claims against said balance, the comptroller shall and he is hereby authorized to raise, by the issue and sale of revenue bonds, such amounts as shall be necessary to

pay such damages, costs, and expenses, and said court, upon the application of any person or persons in whose favor, or to whom awards shall be made in such proceeding, and the person or persons in whose favor costs and expenses may be taxed, may require or direct the Comptroller to raise the money necessary to enable him to pay such awards, costs and expenses, and from such fund to pay the same, except that when any sum or sums shall in said report be made to unknown owners, the Supreme Court shall, upon the application of said City of New York, or of any person entitled to, or claiming to be interested in the lands, tenements, or hereditaments for which said awards have been made, or any part thereof, either direct the same to be retained by the Comptroller, or to be paid into the Supreme Court, until the title thereto, or of the respective estates and interests of all parties therein shall be determined by said court, and upon such application, the said court may take the proof and testimony of the claimant or claimants, or parties interested in the lands for which said awards have been made, or refer the matter to a referee for such purpose.

Moneys of persons under disability: how disposed of: moneys paid to wrong person.

SEC. 1002. Whenever the owners and proprietors of any such lands, tenements, hereditaments, and premises so to be taken for any of the purposes aforesaid, or the party or parties, person or persons interested therein, or any, or either of them, the said owners, proprietors, parties or persons in whose favor any such sum or sums, or compensation shall be so reported, shall be under the age of twenty-one years, non compos mentis, femme covert, or absent from the City of New York, and also in all cases where the name or names of the owner or owners, parties or persons entitled unto or interested in any lands, tenements, hereditaments, or premises that may be so taken for any of the purposes aforesaid, shall not be set forth or mentioned in the said report, or where the said owners, parties, or persons, respectively, being named therein, cannot upon diligent inquiry be found, it shall be lawful for the City to pay the sum or sums mentioned in the said report, payable, or that would be

coming to such owners, proprietors, parties, and persons, respectively, into the said Supreme Court, to be secured, disposed of, and improved as the said court shall direct, and such payment shall be as valid and effectual, in all respects, as if made to the said owners, proprietors, parties, and persons, respectively, themselves, according to their just rights, as if they had been known and had all been present, of full age, discreet, and compos mentis; and, provided also, that in all, and each, and every case and cases, where any such sum or sums, or compensations, so to be reported by the said commissioners in favor of any person or persons, or party or parties whatsoever, whether named or not named in the said report, shall be paid to any person or persons, or party or parties whomsoever, when the same shall of right belong, and ought to have been paid, to some other person or persons, or party or parties, it shall be lawful for the person or persons, or party or parties, to whom the same ought to have been paid, to sue for and recover the same, with lawful interest and costs of suit, as so much money had and received to his, her, or their use, by the person or persons, party or parties, respectively, to whom the same shall have been so paid.

Sums to be equally and proportionately assessed.

SEC. 1003. All moneys paid under the provisions of this title by the City, except such part thereof as the Board of Public Improvements shall direct to be borne and paid by the City of New York, shall be assessed equally and proportionately, as far as the same may be practicable, upon the lands and premises benefited by the improvement, and shall be a lien and charge thereon, and shall be applied, levied and collected in the manner provided by law for the assessment, levy, and collection of similar expenses and disbursements for the reimbursement of the city treasury.

Sums assessed to be liens.

SEC. 1004. The respective sums or assessments so to be assessed and reported by the said Commissioners of Estimate and Assessment, as and for the allowance to be made by the parties and per-

sons, respectively, in the said report mentioned or referred to, and intended as owners and proprietors of, or parties interested in, lands and premises deemed to be benefited, for the benefit and advantage of the street or park or section thereof, or of the extension, enlargement, or other improvement of the street or park mentioned in the said report, shall be a lien or charge on the lands, tenements, hereditaments, and premises, in the said report of the said commissioners mentioned, or upon the estate and interests of the respective owners, lessees, and parties interested in such said lands, tenements, hereditaments, and premises for or on account of which the said respective sums shall be so assessed by the said commissioners upon the said respective owners and proprietors thereof, or parties interested therein. The owners, proprietors and parties interested therein, and also the occupants, and each and every of them, shall, moreover, be respectively liable to pay on demand the respective sum or sums or assessments mentioned in the said report of the commissioners, at which the respective lands, tenements, hereditaments and premises so owned or occupied by him, her, or them, or wherein he, she, or they are so interested, or at which the owners and proprietors thereof shall be so assessed, to such person or persons as the city shall appoint to receive the same. SEC. 1173. The actions, proceedings, authority, and orders of said Board of Health shall at all times be regarded as in their nature judicial, and be treated as *prima facie* just and legal. All meetings of said Board shall in every suit and proceeding be taken to have been duly called and regularly held, and all orders and proceedings to have been duly authorized, unless the contrary be proved. All courts shall take judicial notice of the seal of said board and of the signature of its secretary and chief clerk.

Seal.

SEC. 1174. The Board of Health may design and adopt a seal, and use the same in the authentication of its orders and proceedings, commissioning its officers and agents, and otherwise, as the rules of the Board may provide. Said Board may enact such by-laws, rules and regulations as it may deem advisable, in harmony with the provisions and purposes of this chapter, and not inconsistent with the constitution or laws of this State, for the regulation of the action of said board, its officers and agents, in the discharge of its and their duties, and from time to time may alter, annul or amend the same.

Publication of reports and statistics.

The Board of Health may establish as it shall deem wise, and to promote the public good and public service, reasonable regulations as to the publicity of any of the papers, files, reports, records and proceedings of the Department of Health; and may publish such information as may, in its opinion, be useful, concerning births, deaths, marriages, sickness, and

the general sanitary conditions of said City, or any matter, place or thing therein. Said department shall prepare and keep the statistics of tenements and lodging-houses, and make semi-annual reports upon the same, and transmit such statistics to the State Board of Health.

Proceedings relative to dangerous buildings, vessels, places and things.

SEC. 1176. Whenever any building, erection, excavation, premises, business pursuit, matter or thing, or the sewerage, drainage or ventilation thereof, in said City, shall, in the opinion of said board, whether as a whole or in any particular, be in a condition or in effect dangerous to life or health, said board may take and file among its records what it shall regard as sufficient proof to authorize its declaration that the same, to the extent it may specify, is a public nuisance, or dangerous to life or health; and said board may thereupon enter in its records the same as a nuisance, and order the same to be removed, abated, suspended, altered, or otherwise improved or purified, as said order shall specify; and if any party served with such order (or intended to be according to this chapter), shall, before its execution is commenced, or within three days after such service or attempted service, apply to said Board, or the president thereof, to have said order or its execution stayed or modified, it shall then be the duty of said board to temporarily suspend or modify said order or the execution thereof, save in cases of imminent danger from impending pestilence, when said board may exercise extraordinary powers, as herein elsewhere specified, and to give such party or parties together, as the case in the opinion of the board may require, a reasonable and fair opportunity to be heard before said board and to present facts and proofs, according to the rules or directions of said Board, against said declaration and the execution of said order, or in favor of its modification, according to the regulations of the Board; and the Board shall enter in its minutes such facts and proofs as it may receive and its proceedings on such hearing, and any other proof it may take; and thereafter may rescind, modify or reaffirm its said declaration and order, and require execution of said original, or of a new or modified order

to be made, in such form and effect as it may finally determine. Said Board may order or cause any excavation, erection, vehicle, vessel, water-craft, room, building, place, sewer, pipe, passage, premises, ground, matter, or thing, in said city or adjacent waters, regarded by said board as in a condition dangerous or detrimental to life or health, to be purified, cleaned, disinfected, altered, or improved; and may also order any substance, matter, or thing, being or left in any street, alley, water, excavation, building, erection, place or grounds (whether such place, where the same may be public or private), and which said Board may regard as dangerous or detrimental to life or health, to be speedily removed to some proper place; and may designate or provide a place to which the same shall be removed, when no such adequate or proper place, in the judgment of said board, is already provided. If said order is not complied with, or as far complied with as said Board of Health may regard as reasonable, within five days after such service or attempted service, or within any shorter time, which, in case of pestilence, the Board of Health may have designated, or is not thereafter speedily and fully executed, then any such order may be executed as herein elsewhere provided in regard to any of the orders of said Board. And if personal service of any aforesaid order cannot be made under this section by reason of absence from said district, or inability to find one or more of the owners, occupants, lessees, or tenants of the subject matter to which said order relates, or one or more of the persons whose duty it was to have done what is therein required to be done, as the case may render just and proper in the opinion of said Board; to be shown by the official certificates of the officer having such order to serve, then service may be made through the mail, or by a copy left at the residence or place of business of the person sought to be served, with a person of suitable age and discretion, and the expenses attending the execution of any and all such orders respectively shall be a several and joint personal charge against each of the owners or part owners, and each of the lessees and occupants of the building, business, place, property, matter or thing to which said order relates, and in respect of which said expenses were incurred; and also

against every person or body who was by law or contract bound to do that in relation to such business, place, street, property, matter, or thing, which said order requires, and said expenses shall also be a lien on all rent, compensation due, or to grow due, for the use of any place, room, building, premises, matter, or thing, to which said order relates, and in respect of which, said expenses were incurred; and also, a lien on all compensation due or to grow due for the cleaning of any street, place, ground, or thing, or for the cleansing or removal of any matter, thing, or place, the failure to do which by the party bound so to do, or the doing of the same in whole or in part by order of said board, was the cause or occasion of any such order or expense. Said Board of Health, its assignee, or the party who has, under its order or that of the Police Board, acting thereunder, incurred said expense, or has rendered service for which payment is due, and as the rules of said Board of Health may provide, may institute and maintain a suit against any one herein declared liable for expenses as aforesaid, or against any person, firm, or corporation, owing, or who may owe, such rent or compensation, and may recover the expenses so incurred under any order aforesaid. And only one or more of such parties liable or interested may be made parties to such action as the board may elect; but the parties made responsible as aforesaid for such expenses shall be liable to contribute, or to make payment as between themselves, in respect of such expenses and of any sum recovered for such expenses or compensation, or by any party paid on account thereof, according to the legal or equitable obligation existing between them.

Extraordinary expenditures.

SEC. 1177. The Department of Health may use, in compensation of special inspectors, physicians, and nurses, and for supplies and contingencies, such sum, not exceeding in the aggregate eighty thousand dollars, in excess of the annual appropriation, as may be at any time appropriated by the Board of Estimate and Apportionment for the prevention of danger from contagious or infectious diseases found to exist in said City, or for the care of persons exposed to danger from contagious or infectious diseases.

Declaration of imminent peril.

SEC. 1178. In the presence of great and imminent peril to the public health by reason of impending pestilence, it shall be the duty of the Board of Health, having first taken and filed among its records what it shall regard as sufficient proof to authorize its declaration of such peril, and having duly entered the same in its records, to take such measures, and to do and order, and cause to be done, such acts and make such expenditures (beyond those duly estimated for or provided) for the preservation of the public health (though not herein elsewhere or otherwise authorized) as it may in good faith declare the public safety and health demand, and the Mayor shall in writing approve. But the exercise of this extraordinary power shall also, so far as it involves such excessive expenditures, require the written consent of at least three members of the Board of Health, and the approval as aforesaid of the Mayor. And such peril shall not be deemed to exist except when, and for such period of time, as the Board of Health and Mayor shall declare.

Bureaus.

SEC. 1179. There shall be two bureaus in the Department of Health. The chief officer of one bureau shall be called the "sanitary superintendent," who, at the time of his appointment, shall have been, for at least ten years, a practising physician, and for three years a resident of the City of New York, and he shall be the chief executive officer of said Department. The chief officer of the second bureau shall be called the "registrar of records;" and in said bureau shall be recorded, without fees, every birth, marriage, and death, and all inquisitions of coroners, which shall occur, or be taken within the City of New York. But in cases of inquests, where the jury shall find that the death was caused by negligence or malicious injury, only a copy of the record need be filed in said bureau.

Whoever shall violate any provisions of this chapter, or any order of said department made under the authority of the same, or by any by-law or ordinance therein referred to, or shall obstruct or interfere with any person in the execution of any order of said department, or any order of the Police Department in pursu-

ance or execution of the orders of the Department of Health, or wilfully omit to obey any such order, shall be guilty of a misdemeanor, and be liable to be indicted and punished for such offense; and in cases where it was made a misdemeanor to do or omit any act or thing, when any power or authority hereby conferred upon the Board of Health or Department of Health, was exercised by any other board of Health, or officers, the omission or doing of such, or a corresponding act or thing, which this chapter requires, or contemplates to be done or forbids, shall in like manner be a misdemeanor, and the offender shall be liable to indictment and punishment for the same. A wilful omission or refusal of any individual, corporation, or body to conform to any regulation of said department duly made for the protection of life or the care, promotion, or preservation of health, or the carrying out of the purposes of this chapter, pursuant to its power or authority, shall be a misdemeanor, and the person or officers guilty thereof shall be liable to indictment and punishment as for a misdemeanor. All prosecutions and proceedings against any person for misdemeanor under this chapter may be had or tried before any judge or tribunal having jurisdiction of any misdemeanor within said City. Any person, corporation, or body which may have wilfully done or omitted any act or thing which is, in this chapter, or by any law or ordinance, or the Sanitary Code referred to, declared to be, or to subject the party guilty thereof to punishment for a misdemeanor, shall, in addition thereto, be subject to a penalty of two hundred and fifty dollars, to be sued for and recovered by said department in any civil tribunal in said City. Where in any case the minimum penalty for a refusal to obey, or for a violation of any order, regulation, or ordinance of said Department of Health, or any law, is not fixed, the amount recovered in such case shall not be less than twenty dollars, and the judge or justice who presided at a trial where such penalty is claimed shall, on said trial, in writing, fix the amount, not contrary to said provisions, of said penalty to be recovered, and shall direct such amount so fixed to be, and it shall be included in the judgment. Any such suits may be against one or more, or all of those who participate in the

act, refusals, or omissions complained of, and the recovery may be against one or more or those joined in the action as the justice of the court shall direct. The provisions of this section as to the jurisdiction of tribunals, parties, and costs shall apply to all suits by said department or its assignee, or the assignees of the Police Department under this chapter. All processes and papers usual or necessary in the commencement and prosecution of actions, or for the collection of money in suits or proceedings under this chapter, on execution, may be served by any policeman, and in and about such matters the policeman so engaged shall have all the powers of marshals, and no fees shall be charged by any court, magistrate, or clerk for the issue of any paper or process, or the performance of any duty in suits under this chapter. Any civil action brought under or by authority of this chapter may be brought in any court in said City, having jurisdiction in any civil action to an amount as large as is demanded in such action; and if judgment be rendered for the plaintiff in any amount, costs of the court in which action is brought shall also be recovered, without reference to the amount of the recovery, provided payment was demanded before suit brought, and the defendant or defendants in the action against whom the recovery is had, did not, as the Code of Civil Procedure authorizes, offer to pay an amount equal to the recovery against him or them, except that in cases where the recovery shall be less than fifty dollars, the amount of costs shall be ten dollars; and in case no recovery is had, the plaintiffs shall not pay costs unless the judge or justice, at the conclusion of the trial, shall certify in writing that there was not reasonable cause for bringing the action, and in such case the costs shall not exceed ten dollars, unless the amount claimed exceeded fifty dollars. No action shall abate, or right of action already accrued be abolished, by reason of the expiration, repeal or amendment of an ordinance, code or sanitary ordinances, or regulation of said department; nor shall any court lose jurisdiction of any action by reason of a plea that title to real estate is involved, provided the defendant is sought by the pleadings to be charged in said action on any of the grounds mentioned in this chapter, other than by virtue

of ownership of such real estate. In respect to all proofs and proceedings by said department, or its agents or officers, under this chapter, papers filed shall be deemed entered upon or in the minutes of the department.

Arrests for violation of rules.

SEC. 1263. The Board of Health having first entered on the minutes of Department of Health, or filed in its records, what it may regard as adequate proof of a violation or resistance by any persons in said City, of any law, or ordinance, the authority relating to which is given to said department, or of any order made by said board or said department, may order, by warrant, under its seal and attested by the signature of its secretary, and indicating, as far as conveniently practicable, the time, place and nature of the offense committed, the arrest of any such person, and such order of arrest shall be of the same effect and shall be executed as a warrant from a justice or judge, duly issued; and the party arrested shall be taken before a magistrate, and thereupon and thereafter shall, by all officers, be treated as being, and have the rights and liability of a party under arrest by order of the proper officer or tribunal, for a misdemeanor, of the nature indicated in said order of arrest.

Id.: By member of police force or officer of Department of Health.

SEC. 1264. Any member of the police force, and every inspector or officer of said Department of Health, as the regulations of either of said departments may respectively provide relative to its own subordinates, may arrest any person who shall, in view of such member or officer, violate, or do, or be engaged in doing or committing in said City, any act or thing forbidden by this chapter, or by any law or ordinance, the authority conferred by which is given to said Department of Health, or who shall, in such presence, resist or be engaged in resisting the enforcement of any of the orders of said Department or of the Police Department pursuant thereto. And any person so arrested shall be thereafter treated and disposed of as any other person duly arrested for a misdemeanor.

Id.: upon complaint of magistrate, trials, fines, etc.

SEC. 1265. Upon the complaint of any citizen of the City, against any person for violation of any rule, sanitary regulation, ordinance, or order, made to any magistrate having jurisdiction in criminal cases, such magistrate shall order the arrest of any person against whom such complaint is made, as in any other case of a criminal offense, and by his warrant may require any policeman or constable to make such arrest, and may, after such arrest, proceed summarily to try such person for such alleged offense; but no such trial shall be had on any arrest made in the City, without sufficient notice thereof being first given to the Department of Health. And upon an application in behalf of said Department, made before the trial is commenced, the trial of such person, together with the papers, shall be remitted to the Court of Special Sessions, upon which court jurisdiction to try such persons is hereby conferred; but the right of any person to elect to be tried before a jury, as it may now exist, is not affected by anything herein contained. If such person shall, upon such trial, be found guilty, he or she may be punished in the same manner as is provided for the punishment of persons found guilty of a misdemeanor. Reports of all such trials, and of fines imposed for violations of this chapter, or the Sanitary Code, shall be made monthly to said department, by the justices before whom trials are had. But nothing in this section contained shall be construed as in any manner limiting any powers, penalty, and punishment in this chapter elsewhere conferred.

False returns and deceptive reports, how punished.

SEC. 1266. If any person shall knowingly make to said Department of Health, or any officer thereof, any false return, statement, or report relative to any birth, death, or marriage, or other matter concerning which a report or return may be legally required of, or should be made by, such person; or if any member, inspector, or officer, or any agent of said Department of Health shall knowingly make to said Department of Health any false or deceptive report, or statement in connection with his duties, or shall accept or receive, or authorize, or encourage, or knowingly allow any other

person to accept or receive any bribe or other compensation as a condition of or an inducement for not faithfully discovering and fully reporting, or otherwise acting, according to his duty in any respect, then any and every such person shall be deemed guilty of a misdemeanor, and shall be liable to be for such crime indicted, tried, and punished according to law, and shall, in addition, forfeit all compensation due or to grow due from said department.

False personation as an officer of department, penalty.

SEC. 1267. It shall be a misdemeanor, punishable by imprisonment in the penitentiary, for not less than one year nor exceeding two years, or by a fine of not less than two hundred and fifty dollars, for any person, not an officer of or under the authority of the Department of Health, to falsely represent himself as such, with a fraudulent design upon persons or property, or to have, use, wear, or display, without authority, any shield, or other insignia or emblem such as is worn by such officer.

Boarding and lodging-house keepers and masters of vessels.

SEC. 1268. Every keeper of a boarding or lodging-house, and every master, owner, or consignee of a vessel who shall refuse or neglect to obey the orders and directions of the Department of Health, as provided by this Act, shall be considered guilty of a misdemeanor, and on conviction shall be fined for each offense in a sum not exceeding two hundred and fifty dollars, or be imprisoned for a term not exceeding six months.

Officers and magistrates to act promptly.

SEC. 1269. It shall be the duty of all prosecuting officers of criminal courts, and city magistrates to act promptly upon all complaints, and in all suits or proceedings for any violation of this chapter, and in all proceedings approved or promoted by said department, and to bring the same to a speedy hearing or termination and to render judgment and direct execution therein without delay.

TITLE 5.

REIMBURSEMENT FOR EXPENSES.

Joint and several liability of owners, lessees, and occupants of property and assignment of claims for expenses of execution of orders thereon.

SECTION 1275. It is hereby declared to be the duty, of which there shall be a joint and several liability of every owner and part owner and person interested, and of every lessee, tenant, and occupant of, or in, any place, water, ground, room, stall, apartment, building, erection, vessel, vehicle, matter and thing in said City, and of every person conducting or interested in business therein or thereat, and of every person who has undertaken to clean any place, ground or street therein, and of every person, public officer, and board having charge of any ground, place, building or erection therein, to keep, place, and preserve the same and every part, and the sewerage, drainage, and ventilation thereof in such condition, and to conduct the same in such manner that it shall not be dangerous or prejudicial to life or health, subject to the ordinances of the Sanitary Code and the orders of the Board of Health. Any claim for expenses consequent upon the execution of an order of the Board of Health, occasioned by a violation of said duty above declared and set forth, may be assigned by the Board of Health to any person not an officer of the Health Department, who shall execute such order and perform the required work.

On what expenses to be a lien.

SEC. 1276. The expenses attending the execution of any and all orders duly made by the Board of Health shall respectively be a several and joint personal charge against each of the owners or part owners and each of the lessees and occupants of the building, business, place, property, matter or thing to which said order relates, and in respect of which said expenses were incurred; and also against every person or body who was by law or contract bound to do that in regard to such business, place, street, property, matter, or thing

which said order requires, and said expenses shall also be a lien on all rent and compensation due, or to grow due, for the use of any place, room, building, premises, matter, or thing to which said order relates, and in respect of which said expenses were incurred, and also a lien on all compensation due, or to grow due, for the cleaning of any street, place, ground, or thing, or for the cleaning, or removal, of any matter, thing, or place, the failure to do which by the party bound so to do, or doing of the same in whole or in part by order of said department, was the cause or occasion of any such order or expense.

Suit for expenses.

SEC.1277. Said Department of Health, its assignee, or the party who has under its order, or that of the Police Department, acting thereunder, incurred any expense, or has rendered service for which payment is due, and as the rules of said Department of Health may provide, may institute and maintain a suit against any one in this chapter declared liable for expenses, or against any person, firm, or corporation owing, or who may owe such rent or compensation, and may recover the expenses so incurred under any order aforesaid. And only one or more of such parties liable or interested may be made parties to such action as the department may elect; but the parties made responsible as aforesaid for such expenses shall be liable to contribute or to make payment as between themselves, in respect of such expenses, and of any sum recovered for such expenses or compensation, or by any party paid on account thereof, according to the legal or equitable obligation existing between them.

Expense of executing orders to be a lien.

SEC.1278. The said department, its assignee, or any person acting under its authority, in executing any order of said department, shall have a lien for the expenses necessarily incurred in the execution of said order, and said expenses shall be a lien upon the land and buildings upon or in respect of which, or either of which, the work required by said order has been done, or expenses incurred, which lien shall have priority over all other liens and incumbrances,

except taxes and assessments. But no such lien shall be valid for any purpose till the said department or person shall have caused to be filed in the office, or with the officer where notices of mechanics' liens are now or may be hereafter required to be filed, a notice containing the same particulars as required to be stated with reference to mechanics' liens, with the further statement that the expense has been incurred in pursuance of an order of said department, and giving its date. Upon such filing the said officer shall make the same entry on the book or index in which mechanics' liens are entered as he is required to enter in cases of mechanics' liens, together with a reference to said order by date; and thereafter the same shall, except as herein elsewhere provided, have the same effect in all respects as a mechanics' lien; and all proceedings with reference to said lien, its enforcements and discharge, shall be had and carried on in the same manner as similar proceedings with reference to mechanics' liens are now, or may be hereafter by law had or carried on. The filing of such statement shall as to all persons have the same effect as filing of notice of mechanics' liens; and unless within two months after actual notice of such filing, proceedings are taken by the party against whom or whose said property a lien is claimed, to discharge such lien, the filing shall, as to all persons having such actual notice, become conclusive evidence that the amount claimed in such statement, with interest, is due, and is a just lien upon said land and building. Such lien shall continue to be a lien for the space of four years from the time of filing such statement, unless proceedings are in the meantime taken to enforce or discharge the same, which may be done at any time during its continuance. In case proceedings are so taken, it shall remain a lien until the final termination of such proceedings; and if such proceeding shall result in a judgment for the amount claimed in such statement, or any portion thereof, such judgment shall, to such extent, be a lien in the same manner, and from the said time as said statement.

Statement of expense of executing orders to be published.

SEC. 1279. When the Board of Health shall, through its own

officers, and men and means have executed, or so far executed as said department may require, any order, the expenses of such execution, giving in general terms the items of such expense and the date of execution, shall be stated in an affidavit, and the same shall be filed among the records of said department with the order so executed; and said department shall take care by, or through some proper officer, or otherwise, that the expenses of such execution be so stated with fairness and accuracy; and when it shall appear that such execution, or the expenses thereof, related to several lots or buildings belonging to different persons, said affidavit shall state what belongs to, or arose in respect to each lot of said several lots or buildings, as said Board of Health or its authorized officer may direct; and the correctness of such apportionment of expenses, as stated in any such affidavits, shall not be called in question or reviewed elsewhere than before said board; but said board may revise and correct the same, as truth and justice may require. Whenever the expenses attending the execution of any order of said Board of Health may be made the subject of a suit by said department, or its assignee or the person having a right to recover such expenses, there may be joined in the same suit a claim or claims for any penalty or penalties for violations of any provisions of this chapter, or for the violation or omission to perform or obey said order, or any prior order of said department) or for the not doing of that, or any portion of that, for the doing of which, said expenses arose or were incurred; and said department may make an assignment of the claim for any such penalty or penalties, to enable the claim for the same and the claim for said expenses to be joined in the same suit; and the proper joint or several judgment may be had against one or more of the defendants in the suit, as they or either of them may be liable in respect of both said claims, or either or any of them. And said expenses of executing said order, and the expenses of executing any judgment in any abatement suit in this chapter provided for, and the several judgments that may be recovered hereunder, or otherwise, for any such penalty or expenses, or for both such penalty and expenses together, until the same are paid

or discharged, shall be a lien as other judgments, and also a lien and charge upon rent and compensation due or then maturing from any tenant or occupant of the building, lots, and premises, or the parts thereof to which any such order or judgment relates, or in respect of which any such expenses were incurred. And such expenses and judgments shall respectively be a lien on all compensation due or to grow due for the cleaning of any street, place, ground, or thing, or for the cleaning or removal of any matter, thing, or place, the failure to do which by the party bound so to do, or the doing of the same in whole or in part by order of said department, was the cause or occasion of any such charge or expense. For the purpose of rendering such lien and charge more effectual to secure payment of any such expenses or judgment, from any rent or compensation aforesaid, proceedings may be taken as follows:

1. The Department of Health, or any person owning any such judgment, or the claim for any such expenses, or having a right to receive payment therefor, may serve a copy of the order under or by reason of which such expenses were authorized or incurred with a copy of any affidavit stating the expenses of the execution of such order, or if the claim be a judgment, may serve a transcript of such judgment and any affidavit showing the expense of its execution if there be any, upon any person or corporation owing, or who is about to owe any such compensation, or owing or about to owe any rent or compensation for the use or occupation of any grounds, premises or building, or any part thereof, to which said order or judgment relates, and in respect of which such expenses embraced in said judgment related or were incurred, and may, at any time of such service, demand in writing that such rent, or any such compensation to the extent of said claims for said expenses, or of any such judgment or expense in executing the same shall, when such rent or compensation becomes due and payable, be paid to the Department of Health.

2. After the service of the papers aforesaid and such demand, any tenant, lessee, occupant, or other person owing, or about to owe, any such rent or any such compensation, shall, when such rent

or any such compensation shall mature, or become payable, pay the same, and from time to time pay any other amount thereof, as the same may become due and payable, or so much thereof as is sufficient to satisfy any such judgment or claim for expenses, or both, so served, to said Department of Health, and a receipt shall be given therefor, stating on account of what order or judgment and expenses the same has been paid and received; and the amount so received shall be deposited where other funds of said department are kept, to the special account of such department.

3. Any person or corporation refusing or omitting, as herein directed, to make such payment to the Department of Health, after service of the paper and demand aforesaid, as herein required, shall be personally liable to said Department of Health, or to the party owning any such claim for expenses or judgment, if not belonging to said department, for the amount that should have been paid to said department according to the provisions hereof, and may by such party or Health Department be sued therefor; and such persons shall not in such suit, dispute or call in question the authority of said Department of Health to incur, or order such expense, or of its assignee therein, or the validity or correctness of such expenses or judgment in any particular, or the right of the party making such demand, or his assignee, to have the same paid from such rent or compensation. But the receipt of such department for any sum paid as aforesaid shall, in all suits and proceedings, and for every purpose, be as effectual in favor of any person holding the same, as actual payment of the amount thereof to the proper landlord, lessor, owner, or other person or persons who would, but for the provisions of this title, and of said demand, have been entitled to receive the sum so paid. And it is further expressly declared that no tenant or occupant of any lot, building or premises, or his or their assignee or lessee, shall be dispossessed or disturbed, nor shall any lease or contract, or rights, be forfeited or impaired, nor any forfeiture or liability be incurred by reason of any omission to pay to any landlord, owner, lessor, contractor, party, or other person, the sum so paid to said Department of Health, or any part thereof.

Department to retain moneys till twelve days after notice.

SEC. 1280. The said Department of Health shall retain money so paid until twelve days after it shall be made to appear to said Department of Health, or some proper officer thereof, by satisfactory affidavit, that the party or parties, or his or their agent for the collection of any such rent or compensation, who, but for the provisions hereof would have been entitled to receive the same, has had written notice of such payment being made; and if at the end of said twelve days, the party or parties aforesaid, so notified, have not instituted suit to recover said money, as hereinafter provided, then it shall, by said department, be paid to any person who may own or have the right to recover the amount of the judgment or the claim for expenses, or so much thereof as the party may be entitled to, or on account of which the money was paid to said department, and after such payment the party or parties aforesaid, shall have no right to demand or receive any such money, unless they shall within six calendar months from the expiration of said twelve days, in a suit allege that they had no notice of such payment, and shall, on the trial of such suit, prove said allegation, and also that they were not liable to pay the said claim for expenses, or the said penalty or judgment, and that the said department had not jurisdiction to order the expenses aforesaid, on account of which the money was so paid, or on which any such judgment was obtained, and in case of a recovery in such suit it shall be only to the extent that such parties were not so liable, and in such suit any person or persons who may have received said money from said department, or said department shall, by the plaintiff, be made a party defendant; and if the plaintiff shall recover such money, or any part thereof, said Department of Health shall be entitled to any equitable judgment in such suit which the Court may see fit to direct, for recovering said money back, or any part thereof, from such co-defendant, which had been paid to him by said Department of Health.

Parties to suit brought after twelve days: Costs against department.

SEC. 1281. In case any suit shall be brought under the last section, or before the expiration of the said twelve days, said Depart-

ment of Health shall be joined as a party defendant; and any person or persons other than said department, claiming the right to receive said money on account of said order, expenses or judgment, or who has received the same, shall also by the plaintiff be made parties defendant; and no answer need be made by said department, except at its option, or further than the allegation that it holds said money so paid, and is ready to pay it over, as the result of the suit may render proper, and said money shall be held by said department pending said suit, if not paid over before suit brought as aforesaid, provided said suit be diligently prosecuted to judgment; and on its conclusion the Department of Health shall cause the money, if still held by it, or the proper amount from its funds, to be paid as the determination of the suit may render proper; and no costs in any suit in this section mentioned shall be recovered against the Department of Health. But to entitle a plaintiff to recover in any such last-named suit, he must make the same proof and establish the same facts as are required to enable him to recover in any suit in this title mentioned, except as to notice of payment to department.

TITLE 6.

ABATEMENT BY SUIT.

Nuisance defined.

SECTION 1287. A wilful omission or refusal of any individual, corporation, or body, to forthwith abate any nuisance, as ordered by a resolution of the Board of Health, duly served upon them, pursuant to the provisions of this Act, or to conform to any ordinance of the Sanitary Code or any sanitary regulation of said board, duly made for the protection of life, or the care, promotion, or preservation of health, pursuant to its power or authority, shall be a misdemeanor, and the person or officers guilty thereof shall be liable to indictment and punishment as for a misdemeanor. In addition

thereto every person, body or corporation that shall violate or not conform to any ordinance of the Sanitary Code, or any rule, sanitary regulation or special or general order of said board, duly made, shall be liable to pay a penalty not exceeding fifty dollars for each offense, which may be sued for and recovered by and in the name of said Department of Health, with costs, before any justice or tribunal in said City of New York having jurisdiction of civil actions.

Suits to abate nuisances.

SEC. 1288. For the abatement or remedying any of the nuisances mentioned or declared in this chapter or by the Board of Health pursuant to the authority devolved and conferred upon it by this Act, the Board of Health may institute and maintain in any court in said City having jurisdiction in suits where the amount claimed exceeds one thousand dollars, a suit or suits at law or in equity. And all costs collected in any such action or proceeding shall be paid over to the department and accounted for by it. To all such suits the provisions of this chapter, relative to jurisdiction, costs, and parties, shall be applicable; and the courts shall allow the plaintiff, at any proper stage of the case, to amend, by joining other parties defendant; and no suit shall be dismissed or defeated by reason of there being other persons interested therein, or concerned in causing, creating, or maintaining the nuisance complained of in such suit.

Id.: trial thereof.

SEC. 1289. Such suit shall be tried as an issue of law, and without a jury, unless, some defendant shall, in his answer, or by notice in writing to be served on plaintiff's attorney within five days after service of said answer, demand a trial by jury on some question of fact, to be in said answer, or notice distinctly stated, and in respect of which a right of trial by jury exists, and if any such demand be so made and served, the case shall, as to all the defendants, be placed on the calendar of jury trial cases as a preferred case; and when moved for trial, if issues of fact for the jury have not before been

settled, the presiding judge may state in writing the issues of fact to be submitted to the jury, or the trial shall proceed upon the material issues of fact made by the pleadings without such written statement of issues; and the judge who presided at the trial (or some judge of the same court, if said judge be unable to proceed therewith) shall, on receiving the verdict, or as soon thereafter, and at the same term, if possible, settle and cause to be entered the proper judgment in said suit.

Id.: judgment; what to contain.

SEC. 1290. If the judgment be that any nuisance may be abated or remedied, in whole or in part, said judgment shall contain sufficient directions for its proper execution, and the judge shall, from the pleadings and the evidence given at the trial, find and state what proportion of the expense of such execution shall be paid or be borne by each or all of the defendants, jointly or severally; and if, in the opinion of the Court, any part of, or all of the expense of such execution should be borne by said Department of Health, or the execution of such judgment should be made by said department, or under its direction, said judgment shall contain the appropriate directions in respect to such last-named payment or execution. Said judgment, if against any defendant, shall, on its face, state that it will be a lien on the real property, and corporeal hereditaments of such defendant or defendants respectively, to which the said nuisance shall have related, till his or their proportion of such expenses of execution are satisfied, or the lien thereof shall be otherwise discharged according to law.

Lien of judgment; how removed.

SEC. 1291. Any person prejudicially affected by the lien of any such judgment may, on eight days' notice to said department, make a motion before any judge of the court in which said judgment was rendered, for an order that the lien of such judgment be discharged, as to all or any specific property set forth; and if it shall appear to such judge, on the hearing of such motion, that such eight days' notice of such motion has been given to the Board of

Health, and that such judgment has been executed, and the expenses paid, which the lien sought to be discharged, was designed to secure; or, if a proper or sufficient undertaking or bond, with sureties, shall be given for the payment of such expenses; or if the Board of Health or its counsel, shall, in writing, consent to the discharge of the last-named lien, as to any or all property referred to, or as to one or more defendants, then said judge may order said lien discharged of record by the proper officer, to the extent and as to the person or persons that the order shall specify; and it shall be so discharged; and such order and the moving papers shall be filed with the proper clerk, as the judge may direct.

Appeals and stays.

SEC.1292. No appeal by any party defendant shall stay the execution of any judgment aforesaid, except to the extent, in reference to the persons, and on the conditions the judge who tried the case, or, some other judge of the same court, shall, on the settling of the judgment, or on motion, on four days' notice to said Department of Health, with due reference to the public interests involved, specially order; and if no such order shall be made, the judgment shall be executed, notwithstanding any appeal, undertaking, or security, and without any liability on the part of any person by reason of any damages or consequences growing out of the execution of said judgment, whether the same be reversed or not. All appeals by the defendant from any judgment in the said abatement suits, shall be taken within ten days after notice, in writing, to the defendant or his attorney, of the entry of the judgment therein, and the judge who tries the case may, in his discretion, order a stay as to the execution of the judgment, but only for the period of the said ten days, and within said period of ten days an undertaking or security on appeal must be filed, of the form and obligation required in ordinary appeals from judgments, but also to be conditioned for the payment of the appellants' adjudged share of the expenses of executing such judgment, or if not estimated in said judgment, as the judge, on application and three

days' notice to said department, shall estimate the same, in conformity with the judgment, for the purpose of such security on appeal. But the execution of any judgment against the defendants shall not be delayed beyond ten days, if within that period the proper undertaking or security on appeal, approved by the judge, has not been filed, and the appeal perfected, as herein provided. The judgment may state the estimated expense that will have to be paid by any party toward executing said judgment; but the Board of Health may appeal in any such case, or any case to which the **Health Department** is a party within ten days after the entry of any judgment, and without giving any security; such appeal shall be effectual and shall operate as a stay on the part of the judgment in respect to which said department appeals.

Claims for penalty may be joined in abatement suits.

SEC.1293. In any such abatement suit said department may join a cause of action for any penalty or penalties that may have been incurred by either of the defendants, by reason of, or in connection with, the nuisance complained of, or by reason of any omission or refusal of any defendant to obey or comply with any ordinance of the Sanitary Code or any order of the Department of Health touching such alleged nuisance, and have the proper provision in any judgment therefor against one or more of the defendants. No motion for a new trial on a case made shall be entertained in any such abatement suit, except as a part of, and as arising upon the papers upon a regular appeal to the Appellate Division of the court, and to be heard therewith.

Judgment of Appellate Division; what to contain.

SEC.1294. The judgment of the Appellate Division, if it shall, to any extent, direct any change in the judgment appealed from, but shall direct, or allow or fail to forbid the judgment in part to be executed, shall also contain the requisite specific provisions, so that the judgment, as modified, may be executed, and the due proportion of the expenses of such execution may be assessed on the defendants, respectively, or on said department, as the Appellate

Division may adjudge. There may be an appeal from the Appellate Division to the Court of Appeals, in such abatement suit, and therein the provisions hereof as to appeals from the judgment to the Appellate Division, and as to the security on appeal, shall in all particulars, including the length of time given in which to take an appeal, apply, except that no undertaking on its appeal is necessary on the part of the Department of Health, and no change in the Code of Civil Procedure, or otherwise, hereafter to be made, though in subject-matter applicable to said abatement suits, shall be construed to modify the aforesaid or other provisions of the Health Laws as to any suits thereunder, unless such Act shall specifically declare such modification to be intended.

Statement of expense of execution.

SEC. 1295. Upon the execution, in whole or in part, of any such judgment, if said department shall, as it is hereby authorized to do, decide the public interest to demand only execution in part thereof, a statement of the expenses of such execution shall be made, and such expenses shall be therein apportioned not contrary to any provisions of said judgment; and upon the same being verified by the oath of some person who, by due authority, took part in, or had charge of the execution of such judgment, or by some officer of said department, such statement, entitled in the case, may be filed or given to the proper clerk to be filed, with such judgment; and notice of such filing or delivery, and a copy of such statement shall be given to the attorneys of the defendant in the suit, or to the defendants themselves, or to some one of the joint defendants; and unless within ten days after any such notice, such defendants shall give due notice, in writing, to said department, or to the person who, as assignee, or by order, executed such judgment or is entitled to payment of such expenses, in case it was not executed by said department, of a motion, and serve therewith copies of affidavits to correct such statement in particulars to be mentioned, and separately and clearly stated in such affidavit, such statement aforesaid shall be, in all suits, and proceedings, and tribunals, and at all

times, deemed and taken to be final, conclusive, and correct; and no formal defect in such statement shall in any wise vitiate the same. And on any hearing of such motion, any party in interest, or said department may read affidavits in support of such original statement; and the finding of any judge on the hearing of such motion, as the said statement of such expenses and other matters in such motion involved, or statement contained, shall be final and conclusive, and not subject to appeal; and such finding or statement as modified by such finding when filed, shall be of the same effect as such original statement would have been had no motion in regard thereto been made; and for the purpose of an execution for such expense, and creating a lien under any judgment, such statements and finding or modified statement shall be regarded as a part of said judgment, and the lien thereof shall extend to any amounts stated in such final statement and finding. In so far as any judgment may be directed to be executed at the expense of said Department of Health, or by any party defendant at his own expense, and shall by such party defendant be so executed, the expense of such execution shall not be stated or embraced in the aforesaid statement or finding of expenses; but if any part of the execution aforesaid, which any party should have borne or paid, shall, by reason of the delay, refusal or defective act or execution of such party, or any other cause, be paid, borne, or incurred by said Department of Health, in and about the execution of such judgment, then the said latter expenses of said department may be embraced in said statement and finding, and collected by execution as aforesaid.

Execution thereupon.

SEC. 1296. For the proportion and amounts as authorized by such judgment, and contained in such finding or in such statement or modified statement, when either of the same shall have become final as aforesaid, said department, or any assignee of such department, or any other person who has executed such judgment, or has otherwise a right to receive the expense of so doing, or the portion thereof that may be due from any defendant, shall have exe-

cution, on application *ex parte*, to a judge of the court in which the judgment was recovered, and such execution shall, in due form, be allowed by any such judge; such execution to be against any one or more defendants or joint defendants for the recovery of any amount due from such defendant, or defendants, which the party claiming such execution is entitled to receive; and such execution, except as herein especially provided, shall be of the same effect and form as any execution duly issued pursuant to any judgment. But no execution shall be issued against any defendant for less than the whole sum due from such defendant, or for less than he shall be liable to pay in such suit; but any sum adjudged against any defendant or defendants, in any such abatement suit for penalties, costs, or for other cause than the expense of the abatement or remedying of such nuisance, may be collected by separate or other executions, other than those authorized for collecting such expenses, to be issued in due course of law.

Injunction may be granted in abatement suits. Requisites.

SEC. 1297. In any abatement suit aforesaid the court or a judge thereof, may issue and enforce an appropriate preliminary injunction, whenever it shall be asked for, by the Board of Health, and there shall appear to such judge to be reasonable cause therefor; and such injunction may also be granted whenever it shall be made to appear to the court or a judge thereof, by affidavit, that such injunction is needed, to prevent any illegal act, conduct, or business aforesaid, or its continuance, or to prevent any serious danger to human life or serious detriment to health, or great public inconvenience, touching any matter or thing to which this act or the health laws aforesaid relate. And in any such injunction order the court may require any building, erection, or grounds to be put in a condition that will not be dangerous to the life or detrimental to the health of any occupant, before the same shall be leased, or rented, or occupied, or before any rent or compensation shall be collected for the rent or use of the whole or any portion of the same.

In any such injunction order, and also in any judgment in any abatement suit, the judge or court may require the tenants, lessees, and occupants, or either or any of them, of any such building, erection, or grounds, to pay rent thereof, or compensation therefor, due or to grow due to the Health Department, and said department to collect and receive and apply said rent to the payment of the expenses of putting any said building, erection, or ground in a condition that will not be dangerous to the life or detrimental to the health of any present or future tenant, lessee or occupant, or of any other person; all such collections and payments to be made in such manner, to such extent, and on such conditions as the court shall by order or judgment provide; and every such payment to said department, and the receipt of its treasurer for such rent or compensation, shall be as effectual to protect any person who has made the same, and every such tenant, lessee and occupant, and all his and their rights under any lease or occupation, as if such payment had been made to, and such receipt had been given by the lessor or owner, or any proper claimant of any such rent or compensation, who had, but for such order or judgment, the right and authority to receive the same. But no undertaking or security shall be required or necessary on the part of said department as a condition of granting such injunction, or the same being effectual; and in any final judgment in such suit there may be enjoined whatever, if about to happen or threatened, would be the proper subject matter of a preliminary injunction. And when the public interest seems to the court to require a speedy trial or hearing of any such suit or appeal therein, it shall be the duty of any judge or any court aforesaid, or of the court to whom application by said board may be properly made, to cause such suit or appeal to be advanced and brought to a speedy trial, and before it would otherwise be reached by trial or argument in due course on the calendar, as the judge or court may by special order direct.

Expenses of Department of Health to be paid out of its funds.

SEC. 1298. Whatever expenses said Department of Health may lawfully and properly incur in the execution of any judg-

ment aforesaid, or in executing or in connection with its own orders, made in good faith, or in and about the discharge in good faith of its supposed duties, or in satisfying any liability or judgment it may have in good faith incurred or suffered by reason of its acts done in good faith as aforesaid, or in satisfying any claim against its officers or subordinates, arising from their acts in the discharge, in good faith, of their supposed respective duties, shall, so far as established, be paid out of its fund or other moneys appropriated to such purpose or to its use.

on the first floors, of all tenement houses in the City of New York, shall be solidly closed with the same material as the walls or partitions in which, the openings exist, so that there shall be no opening between said bakeries, or other places of business of said floor in which fat is boiled, and the other parts of the tenement house in which the same shall be situated. All transoms and windows opening into halls from any portion of said floor of any tenement house where paint, oils, spirituous liquors or drugs are stored, or kept for the purpose of sale, or otherwise, shall be glazed with wire glass, or they shall be removed and closed up as solidly as the rest of the wall; and all doors leading into such hall, or room from such portion of said floor, of said tenement house used as aforesaid, shall be made fire-proof.

and address, and also a description of the property, by street number or otherwise, as the case may be, in such manner as will enable the Department of Health easily to find the same; and also the number of apartments in each house, the number of rooms in each apartment, the number of families occupying the apartments, and the trades or occupations carried on therein. In case of a transfer of any tenement house, or lodging-house, it shall be the duty of the grantor and grantee of said tenement or lodging-house to file in the Department of Health a notice of such transfer, stating the name of the new owner, within thirty days after such transfer. In case of the devolution of said property by will, it shall be the duty of the executor and of the devisee, if more than twenty-one years of age, and in case of the devolution of such property by inheritance without a will, it shall be the duty of the heirs, or in case all of the heirs are under age, it shall be the duty of the guardians of such heirs, and in case said heirs have no guardians, it shall be the duty of the administrator of the deceased owner of said property to file in said department, a notice, stating the death of the deceased owner, and the names of those who have succeeded to his interest in said property, within thirty days after the death of said decedent, in case he died intestate, and within thirty days after the probate of his will, if he died testate. A failure to file such notice shall make said property, and the owners thereof, liable to a penalty of not less than ten dollars nor more than fifty dollars. Said penalty may be recovered in an action brought by the Health Department as provided in this Act. Every person claiming to have an interest in any tenement or lodging-house may file his name and address in the Department of Health. All notices and orders of the Department of Health required by law to be served in relation to a tenement or lodging-house, shall be served by posting, in some conspicuous place in the house, a copy of the notice or order, five days before the time for doing the thing, in relation to which, said notice or order was issued. The posting of a copy of an order or notice, in accordance with this section, shall be sufficient service upon the owner of the property affected. It shall be the duty of the Depart-

ment of Health to cause a copy of every such notice or order to be mailed, on the same day that it is posted in the house, addressed to the name and address of each person who has filed with the Department of Health the notice provided for in this section.

Inspection twice a year. Officers to have access.

SEC. 1314. It shall be the duty of the Board of Health to cause a careful inspection to be made of every tenement and lodging-house at least twice in each year. And whenever the Board of Health has made any order concerning a tenement or lodging-house, it shall cause a re-inspection to be made of the same within six days after it has been informed that the order has been served. The keeper of any lodging-house, and the owner, agent of the owner, lessee, or occupant of any tenement house, and every other person having the care and management thereof, shall, at all times, when required by any officer of the Department of Health, or by any officer upon whom any duty is conferred by this title, give him free access to such house, and to every part thereof. The owner or keeper of any lodging-house, and the owner, agent of the owner, and the lessee of any tenement house or part thereof, shall, whenever any person in such house is sick of fever, or of any infectious, pestilential, or contagious disease, and information thereof has been given to such owner, keeper, agent or lessee, give immediate notice thereof to the Board of Health, or to some officer of the same, and thereupon said board shall cause the same to be immediately cleansed or disinfected, at the expense of the owner, in such manner as it may deem necessary and effectual, and it may also cause the blankets, bedding and bed-clothes used by any such sick person to be thoroughly cleansed, scoured and fumigated, or, in extreme cases, to be destroyed.

Infected and uninhabitable houses to be condemned by Board of Health.

SEC. 1315. Whenever it shall be certified to the Board of Health of the City of New York by the Sanitary Superintendent or an assistant Sanitary Superintendent, that any building or any

part thereof in the City of New York is infected with contagious disease, or by reason of want of repair has become dangerous to life, or is unfit for human habitation because of defects in drainage, plumbing, ventilation, or the construction of the same, in drainage, plumbing, ventilation, or the construction of the same, or because of the existence of a nuisance on the premises, which is likely to cause sickness among its occupants, the said Board of Health may issue an order requiring all persons therein to vacate such building or part thereof for the reasons to be stated therein as aforesaid. Said board shall cause said order to be affixed conspicuously in the building or part thereof and to be personally served on the owner, lessee, agent, occupant, or any person having the charge or care thereof; if the owner, lessee or agent cannot be found in the City of New York or do not reside therein, or evades or resists service, then said order may be served by depositing a copy thereof in the post-office in the City of New York, properly inclosed and addressed to such owner, lessee or agent at his last known place of business and residence, and prepaying the postage thereon; such building or part thereof shall, within ten days after said order shall have been posted and mailed as aforesaid, or within such shorter time, not less than twenty-four hours, as in said order may be specified, be vacated, but said Board of Health whenever it shall become satisfied that the danger from said building or part thereof has ceased to exist, or that said building has been repaired so as to be habitable, may revoke said order.

Proceedings for condemnation prescribed.

SEC. 1316. Whenever, in the opinion of the Board of Health of the City of New York, any building or part thereof in the City of New York, an order to vacate which has been made by said department, is, by reason of age, defects in drainage, plumbing, infection with contagious disease, or ventilation, or because of the existence of a nuisance on the premises, which is likely to cause sickness among its occupants, or among the occupants of other property in the City of New York, or because it stops ventilation in other

buildings, or otherwise makes or conduces to make other buildings adjacent to the same unfit for human habitation, or dangerous or injurious to health, or because it prevents proper measures from being carried into effect for remedying any nuisance injurious to health, or because of other sanitary evils in respect of such other buildings, so unfit for human habitation that the evils in, or caused by said building, cannot be remedied by repairs, or in any other way except by the destruction of said building, or of a portion of the same, said Board of Health may if it deem such course just and proper, condemn the same and order it removed, provided, however, that the owner or owners of said building may demand a survey of said building in the manner provided for in case of unsafe buildings, and may institute proceedings in the Supreme Court in the City of New York for the condemnation of said building. Said proceeding shall be instituted through a petition addressed to said court containing a brief statement of the reasons therefor, and shall not be required to contain further allegations of facts, than those which have actuated the Board of Health in this proceeding, which shall then be carried on in the manner prescribed by Chapter XXI of this Act. The owner of said building, or any person interested therein may in his answer dispute the necessity of the destruction of said building, or part thereof, as the case may be. In such case, the Court shall not appoint Commissioners unless proof is made of the necessity of said destruction. In such proceeding evidence shall be receivable by the Commissioners to prove:

1. That the rental of the building was enhanced by reason of the same being used for illegal purposes, or being so over-crowded as to be dangerous or injurious to the health of the inmates; or

2. That the building is in a state of defective sanitation, or is not in reasonably good repair; or

3. That the building is unfit, and not reasonably capable of being made fit, for human habitation; and, if the Commissioners are satisfied by such evidence, then the compensation—

(a). Shall in the first case, so far as it is based on rental, be on the rental of the building, as distinct from the ground rent, which would have been obtainable if the building was occupied for legal purposes, and only by the number of persons whom the building was under all the circumstances of the case, fitted to accommodate without such overcrowding as is dangerous or injurious to the health of the inmates; and

(b). Shall in the second case be the amount estimated as the value of the building if it had been put into a sanitary condition, or into reasonably good repair, after deducting the estimated expense of putting it into such condition or repair; and

(c). Shall in the third case be the value of the materials of the building.

For the payment of all awards and the expenses of all such proceedings, the Comptroller shall issue and sell from time to time as may be necessary and in the manner hereinbefore provided, corporate stock of The City of New York.

Houses hereafter erected to comply with additional requirements.

SEC. 1317. No house hereafter erected shall be used as a tenement house or lodging-house, and no house heretofore erected and not now used for such purpose, shall be converted into, used, or leased for a tenement or lodging-house, unless, in addition to the requirements herinbefore contained, it conforms to requirements contained in the following sections of this title.

Construction of tenement houses and space prescribed for building the same.

SEC. 1318. It shall not be lawful, without a permit from the Department of Buildings, to alter, erect or convert to the purposes of a tenement or lodging-house, a building on any lot where there is another building on the same lot; nor shall it be lawful to build or to erect any building on any lot whereon there is already a tenement or lodging-house, unless there is a clear open space exclusively belonging thereto, and extending upward from the ground of at least ten feet between said buildings if they are one story high above

the level of the ground; if they are two stories high, the distance between them shall not be less than fifteen feet; if they are three stories high, the distance then shall not be less than twenty feet; if they are more than three stories high, the distance between them shall not be less than twenty-five feet, but when thorough ventilation of such open spaces can be otherwise secured, such distances may be lessened or modified in special cases by a permit from the Department of Buildings. At the rear of every building hereafter erected for or converted to the purposes of a tenement or lodging-house on any lot, there shall be and remain a clear open space of not less than ten feet between it and the rear end of the lot. No one continuous building hereafter constructed, shall be built or converted to the purposes of a tenement or lodging-house in the City of New York, upon an ordinary city lot, and no existing tenement or lodging-house shall be enlarged or altered, or its lot be diminished, so that it shall occupy more than sixty-five per centum of the area of said lot, but where the light and ventilation of such tenement or lodging-house, are, in the opinion of the Superintendent of Buildings, materially improved, he may permit such tenement or lodging-house to occupy an area not exceeding seventy-five per centum of the said lot, and in the same proportion if the lot be greater or less in size than twenty-five by one hundred feet; but this provision shall not apply to corner lots, in which, however, no such building hereafter constructed, above the first story, shall occupy more than ninety-two per centum of the area of a lot, and no such building shall come within five feet of the rear of said lot, provided, further, that in all cases, both for corner and interior lots, the interior courts or shafts shall not be less than two feet four inches wide at their narrowest parts. In computing the amount of the lot covered by a building, any shaft or court of less than twenty-five square feet in area shall be considered as part of the building and not as part of the free air space. No shaft or court, over ten square feet in area, hereafter constructed in a tenement house or lodging-house, except elevator shafts or staircase wells, shall be covered with a roof, skylight or otherwise. In all tenement houses here-

after constructed or buildings hereafter converted to the purposes of a tenement house, the stairway communicating between said cellar or basement and the floor next above, when placed within any such building, shall be inclosed with brick walls, and such stairway shall be provided with fire-proof doors at the top and bottom of said flight of stairs. An open area, shall be constructed from the level of the cellar to the sidewalk in front and extending the full width of such houses, with a staircase to give access to the cellar from the street. Where stores are located on the first floor the area may be covered with suitable vault lights or gratings. In all tenement houses hereafter constructed, or building hereafter converted to the purposes of a tenement house, the openings to the elevators or lifts in the cellar, and at every opening, on every story, shall be provided with self-closing fire-proof doors. This provision, however, shall not apply to such elevators in tenement houses as are operated by a conductor stationed within the car; but if such elevators run to the cellar, they must be inclosed in the cellar with fire-proof walls, and the door to the cellar, if any, must be fire-proof and self-closing. In all tenement houses hereafter constructed, or buildings hereafter converted to the purposes of a tenement house, all staircases shall be fire-proof; but this provision as to staircases shall not apply to buildings which are not over five stories high above the cellar, and which contain not more than three suites of rooms on a floor. Every tenement house hereafter constructed, or buildings hereafter converted to the purpose of a tenement house, exceeding three stories in height, or having a basement with three stories above the cellar, shall have the entrance hall and entire stairwell and stairs, built of slow-burning construction or fire-proof material; no wainscoting shall be allowed in the main halls except of cement, or other fire-proof material; at least one flight of such stairs shall extend to the roof, and be inclosed in a bulkhead building of fire-proof material. The light and ventilation, of all buildings hereafter erected for, or converted to the purpose of tenement or lodging-houses, must be provided in accordance with the requirements of this title, and the conditions of a plan and permit previously approved in writing by the Department of Buildings, and no existing tenement or lodging-house shall be enlarged or altered or its lot diminished without a similar permit. The Department of Buildings is hereby empowered, and directed to make rules and regulations not inconsistent with the requirements of this title, and which in addition to the requirements of this title, shall be the conditions of approval of the plans and permits; these rules and regulations shall govern the arrangement and distribution of the uncovered area, size, lighting, location and arrangement of shafts, rooms, cellars and halls. No building or premises occupied for a tenement house shall be used for a lodging-house, private school, stable or for the storage and handling of rags, but the Department of Health may, by a special permit, fixing the conditions thereof in writing, and providing there be the necessary cubic air space and ventilation, allow the maintenance of a private school in such a house. In case of any violation of the provisions of this section, or of any failure to comply with, or of any violation of the terms and conditions of the plan for such tenement or lodging-house approved by the Department of Buildings, or of the conditions of the permits granted as hereinbefore provided, or for the air, light and ventilation of the said house, or premises, any court of record, or any judge or justice thereof shall have power, at any time after service of notice of violation, or of non-compliance, upon the owner, builder or other person superintending the building or converting

any such house, upon proof by affidavit of any violation or non-compliance as aforesaid, or that a plan for light and ventilation of such house has not been approved by the Department of Buildings, to restrain by injunction order, in any action by the Department of Buildings, or by the Board of Health, the further progress of any violation as aforesaid. No undertaking shall be required as a condition of granting an injunction, or by reason thereof.

Every such room shall have at least one window connecting with the external air, or over the door a ventilator of perfect construction, connecting it with a room or hall which has a connection with the external air, and so arranged as to produce a cross-current of air. The total area of window or windows in every room communicating with the external air shall be at least one-tenth of the superficial area of every such room; and the top of one, at least, of such windows shall not be less than seven feet six inches above the floor, and the upper half, at least, shall be made so as to open the full width. SEC. 1320. Every such house erected after May fourteenth, eighteen hundred and sixty-seven, or converted, shall have adequate chimney for a stove, properly connected with one of said chimneys

for every family set of apartments. It shall have proper conveniences and receptacles for ashes and rubbish. It shall have water furnished in sufficient quantity at one or more places on each floor, occupied or intended to be occupied by one or more families; and all tenement houses shall be provided with a like supply of water by the owners thereof, whenever they shall be directed so to do by the Board of Health. But a failure in the general supply of water by the city authorities, shall not be construed to be a failure on the part of such owner, provided that proper and suitable appliances to receive and distribute such water are placed in said house. The Board of Health shall require all tenement houses to be so supplied. Every tenement house shall have the floor of the cellar made watertight; and the ceiling plastered, and when the house is located over filled-in ground, or over marshy ground, or ground on which water lies, the cellar floor shall be covered so as to effectually prevent evaporation or dampness. It shall be the duty of the Department of Health to see that the cellars of all tenement houses are so made or altered as to comply with this section. Every such house erected after May seventh, eighteen hundred and eighty-seven, or converted, shall have the halls on each floor open directly to the external air, with suitable windows, and shall have no room or other obstruction at the end, unless sufficient light or ventilation is otherwise provided for in said halls, in a manner approved by the Department of Buildings. The owner or lessee of every tenement or lodging-house in the City of New York shall keep a light burning in the hallway upon each floor of said house from sunset until ten p. m. throughout the year. In every tenement house in the said city in which there is a hallway or hallways with no window opening from such hallway outside of said house, a light shall be maintained by said owner or lessee in each such hallway, between the hours of eight a. m. and ten p. m. of each day unless said hallway shall be otherwise sufficiently lighted. The Fire Department of the City of New York is hereby vested with authority to prescribe reasonable regulations concerning such precautions as may be necessary to prevent danger from fire arising from such lights.

Overcrowding of tenement houses prohibited; housekeeper in same required.

SEC. 1321. Whenever there shall be more than eight families living in any tenement house, in which the owner thereof does not reside, there shall be a janitor, housekeeper or some other responsible person, who shall reside in the said house, and have charge of the same, if the Department of Health shall so require. Permits may be granted by the Board of Health to the owners of lodging-houses on compliance with the rules and regulations of the Sanitary Code in the City of New York, and the conditions of each permit which shall be in writing.

Penalties for violations of provisions concerning tenement houses.

He shall also be liable to pay a penalty of ten dollars for each day that such offense shall continue. Such penalty may be sued for and recovered by the Department of Health in any civil tribunal of said city, and when recovered shall be paid over to the Chamberlain. In every proceeding for a violation of this title, and in every such action for a penalty, it shall be the duty of the owner of the house to prove the date of its erection, or conversion to its existing use, if that fact shall become material, and the owner shall be, prima facie the person liable to pay such penalty, and after him the person who is the lessee of the whole

house, in preference to the tenant or lessee of a part thereof. In any such action the owner, lessee, and occupant, or any two of them, may be made defendants, and judgment may be given against the one or more shown to be liable, as if he or they were sole defendant or defendants. No part of chapter two hundred and seventy-five of the laws of eighteen hundred and ninety-two, or of any other Act shall be so construed as to abrogate or impair the power of the Department of Health to sue for and recover such a penalty whether the liability to pay said penalty shall arise from a violation of the laws, or ordinances or sections of the Sanitary Code, in regard to light, ventilation, plumbing and drainage, so far as the same affects the sanitary condition of the premises; and except that the Department of Buildings of the City of New York shall have jurisdiction and cognizance over all matters and things in this title contained which relate to the construction or alteration of buildings or structures, or any part thereof, and as to the light, ventilation, drainage and plumbing of such buildings when in process of construction or alteration. Any penalty herein above mentioned for a violation of the provisions of this title, in respect to the matter aforesaid, within the jurisdiction and cognizance of the Department of Buildings, shall be sued for and recovered in the same manner as the violations of the building laws of the City of New York are now sued for and recovered by the Department of Buildings in the City of New York, and said penalty, so collected, shall be paid to the Chamberlain of the City of New York to be applied as other penalties collected by said departments are applied.

Power of Department of Buildings and of Board of Health to make other regulations relative to tenement or lodging-houses.

SEC. 1323. to ventilation in completed buildings, consistent with the foregoing, where it shall be satisfied that such regulations will secure equally well the health of the occupants. The Board of Health shall have power to appoint all the officers and agents of the Department of Health, of whatever name or character soever, and shall have exclusive charge and control of, and the exercise of, all the rights, powers, duties and privileges of said department, and for this purpose the terms "Board of Health" and "Department of Health," as used in this chapter, shall be deemed synonymous.

SEC. 1324. The Board of Health shall make requisition upon the Police Board for the detail of at least fifty and not more than one suitable officers and men of at least five years' service in the police force, who shall be selected for their peculiar fitness, for the enforcement of the provisions of the Sanitary Code and the Acts relating to tenement and lodging houses. All acts and parts of acts in conflict with this chapter or any part thereof are hereby repealed.

And at the expiration of the said four months and upon the vesting of said title, the said city, acting by and through the said department or board conducting said proceeding, shall immediately take possession of the lands included in the same and the interests thereby affected, without any suit or proceeding at law for that purpose. And all leases and other contracts in

Such appeal shall be heard on due notice thereof, being given according to the rules and practice of said court. On the hearing of such appeal, the court may direct a new appraisal and determination of any question passed upon, by the same or new Commissioners, in its discretion, but from any determination of the Special Term, an

appeal may be taken upon the merits to the said Appellate Division of said court and from any determination of the said Appellate Division any party, if aggrieved, may take an appeal to the Court of Appeals, but only as to a question affecting the principle of the assessment of damages by the said Commissioners. In the said proceedings, any of the said Commissioners of Estimate may issue subpoenas and administer oaths to witnesses. The Commissioners appointed under and by virtue of this title, who shall enter upon the duties of their appointment, shall each be entitled to receive such compensation as shall be awarded by the Court, upon the confirmation of their respective reports, not exceeding ten dollars for each day upon which they shall meet and be actually and necessarily employed in the performance of their duties as Commissioners, besides all reasonable expenses, to be taxed and allowed by said Court for maps, surveys, clerk hire, and other necessary expenses and disbursements, and the same shall be included in, considered and paid as part of the expenses of acquiring the lands or interests therein for the acquirement of which the said proceeding is instituted.

its judgment, shall be incapable of serving, or who shall, for any reason in its judgment, be an unfit person to serve as Commissioner. The cause of such removal shall be specified in the order making the same. SEC. 1526. There shall be published daily (Sundays and legal holidays excepted), under a contract to be made as hereinafter provided, a paper to be known as the City Record. And said City Record, and the newspapers now by law designated as corporation newspapers in the present City of Brooklyn, shall be the only papers to be included within the term corporation newspapers as the same is used anywhere in this Act. The Mayor, Corporation Counsel and Comptroller shall constitute the Board of City Record. Said Board by a majority vote shall appoint a proper person, together with such assistants as may be required, to supervise the preparation and publication of the same, and they shall also fix the rates of compensation of said supervisor and his assistants. All the expenses connected with its publication and distribution, except the salary of the person appointed to supervise the same, and the salaries of his assistants, shall be covered by a contract for printing, to be made in the same manner as other contracts. The Board of Estimate and Apportionment shall provide for all the necessary expenses of conducting the said City Record. There

shall be inserted in said City Record nothing aside from such official matters as are expressly authorized. The contract for the publication of the City Record shall provide for furnishing, free of charge, to The City of New York, not more than two thousand copies thereof, also for a gratuitous distribution to every newspaper regularly printed in The City of New York, when it shall apply for the same, of two copies and to every public library or public institution in said city which shall apply for the same, of one copy. Copies of the same shall be sold by the supervisor at a price to be fixed by the officers making the contract, and the proceeds thereof shall be paid over to the city. All advertising required to be done for the City, except as in this Act, otherwise specially provided, and all notices required by law or ordinance to be published in corporation papers, shall be inserted, at the public expense, only in the City Record, and a publication therein shall be a sufficient compliance with any law or ordinance requiring publication of such matters or notices; but there may be inserted in two morning and two evening and two weekly papers published in the English language and in one newspaper published in the German language, all in said city, to be designated, at any time, by said Board of City Record, brief advertisements calling attention to any contracts intended to be awarded or bonds to be sold and referring for full information to said City Record; said designation of such newspapers to continue in effect until another or different designation shall be made by said Board. Where such notices and advertisements respect matters occurring within the Borough of Brooklyn, they shall also be published in such newspapers as are now by law designated as corporation newspapers in the city of Brooklyn, the rates of payment therefor not to exceed the compensation now paid to said newspapers for like advertisements in the city of Brooklyn or County of Kings. In case, however, of the sale of bonds or stocks of said city or of any real estate belonging to the city, such advertisements may be also inserted in such other newspapers published in said city as said Board may determine in the case of each sale. But nothing herein contained shall prevent the publication elsewhere of any advertisement required by law; provided, however, that no such publication shall be made unless the same is author-

ized by a concurrent vote of the members of said Board. No money shall be paid from the city treasury, and no action shall be maintained or judgment obtained against The City of New York, as constituted by this Act, for any advertising done after April thirtieth, eighteen hundred and seventy-three, except such as is herein authorized or such as at the time this Act takes effect is a lawful charge against a municipal or public corporation, or part thereof, hereby consolidated with the Mayor, Aldermen and Commonalty of the City of New York. The copies of the City Record furnished to the city shall be distributed to the several departments and officers, and to such persons and in such manner as the Board of City Record shall direct. The Comptroller shall cause a continuous series of the City Record to be bound, as completed quarterly, and to be deposited with his certificate thereon, in the office of the register of deeds of the county of New York, in the county clerk's office of said county and in the office of the city clerk, and copies of the contents of any part of the same, certified by such register, county clerk, or city clerk, shall be received in judicial proceedings as prima facie evidence of the truth of the contents thereof.

Supervisor of City Record to arrange lists of registered voters.

SEC. 1527. It shall be the duty of the supervisor of the City Record to cause the lists of registered voters, made and delivered by the chairman of the boards of inspectors of election to the captains of police, and by them delivered to him, to be arranged by assembly districts and by election districts of assembly districts, commencing with the first, and in such manner that the names of all registered voters residing at any given number of any street shall appear together, and those of each street in each election district shall appear arranged by house numbers, in consecutive order, each street separately. And as soon as the entire registry of voters shall be completed, and the copies thereof made and delivered, the said supervisor shall forthwith cause the same to be printed and published in the City Record, and in the form and manner herein prescribed; and such publication shall be made within one hundred and eight hours after the close of each annual reg-

istration. The registry of each assembly district shall be printed separately as a supplement to the City Record, and each supplement containing the registry of one assembly district shall be sold separately to persons wishing to purchase the same at not less than five cents per copy. All money received therefor shall be paid into the city treasury to the credit of the general fund.

Printing and stationery to be supplied by contract. City Record to print certain matters.

SEC. 1528. All printing for said city, including the printing of the City Record, shall be executed and all stationery shall be supplied, under contracts, to be entered into by the said Board of City Record. All proposals for printing and stationery shall be based upon specifications to be filed in the Comptrollers Office, which shall set forth with accuracy the number of every description of printed blanks; also each description of stationery or blank books in ordinary use in the Municipal Assembly and the respective departments, and likely to be required during the year for which such contract is to be given; and the bids shall be given for such number of each printed description of blanks, or of each article of stationery (including under the head of stationery, letter or writing paper, or envelopes, with printed headings or endorsements) as are specified, and for such additional number as may be required, giving the price for blanks of every description, and the price of all other printing "per thousand ems," or for "rule and figure work;" separate contracts shall be made with the lowest bidder for any one description of printing, or any article of stationery involving an expense of more than five hundred dollars. Ten per cent. of the amount becoming due, from time to time, shall be withheld by the Comptroller until the completion of the contract; and in case the contractor shall fail to fulfill the same to the satisfaction of said Board of City Record, then said Board may declare said contract to be annulled, and said Board shall immediately give notice for other bids for such printing during the remainder of the term of contract. No judgment shall be recovered against The City of New York as constituted by

this Act, for printing or stationery done or furnished after April thirtieth, eighteen hundred and seventy-three, ostensibly for the City of New York as heretofore known and bounded, unless done or furnished under a contract where, under the provisions of chapter three hundred and thirty-five of the laws of eighteen hundred and seventy-three, or of the laws in force at the time this Act takes effect or of this Act, a contract was or is necessary, or under a valid contract, or unless upon evidence of a contract made as provided in this section. Separate contracts may be made at any time for engraving, lithographing, wood-cuts, maps, or other picture work, as the same may be required ; but nothing herein contained shall be construed to require a separate contract for each engraving, lithograph, or wood-cut, or map, unless the Board of City Record shall deem the same advisable for the interest of the city. No more than two thousand copies of any message of the mayor, or report of any head of a department, and no more than one thousand copies of any report of a committee of either branch of the Municipal Assembly shall be printed apart from the City Record.

There shall be published in the City Record, within the month of January in each year, a list of all subordinates employed in any department (except laborers), with their salaries and residences by street numbers, and all changes in such subordinates or salaries shall be so published within one week after they are made. It shall be the duty of all heads of departments to furnish to the person appointed to supervise the publication of the City Record, every thing required to be inserted therein. The said person shall have the power to make requisitions in writing upon the heads of departments to furnish the information necessary to make up such list according to rules prescribed by him and approved by the Board of City Record ; and such information must be supplied by the department within ten days after such requisition. He shall have power to require such information in the same manner, every three months, and all other information in the control of said heads of departments, necessary to perform his duties under this section. He shall include in his list the number of laborers, designating the department in which they are employed, and, if practicable, the numbers employed in the pros-

ecution of specific work, and the amounts paid to them, He shall also cause to be printed in each issue of said City Record a separate statement of the hours during which all public offices in the city are open for business, and at which each court regularly opens and adjourns, as well as of the places where such offices are kept and such courts are held. The detailed canvass of votes, at every election, shall be published in the City Record. A list of the registered plumbers shall be published in the City Record at least once in each year. The Mayor may order the insertion of any official matter or report in the City Record. Nothing herein contained shall apply to the printing or supplies of stationery for The City of New York as constituted by this Act, where, by the concurrent vote of the Mayor, Counsel to the Corporation, and Comptroller it shall be decided to have such printing done or such stationery furnished without contract let after advertisements for bids or proposals, but in such cases such printing shall be done and such stationery procured in the manner and on such terms and conditions as the said officers shall deem to be for the best interests of the city.

All such contracts in which any such person is or becomes interested shall, at the option of the comptroller, be forfeited and void. No person in this section named shall give, or promise to give, any portion of his compensation, or any money or valuable thing, to any officer of the city, or to any other person, in consideration of his having been or being nominated, appointed, elected, or employed as such officer, agent, clerk, or employee, under the penalty of forfeiting his office and being forever disqualified from being elected, appointed, or employed in the service of the city, and shall, on conviction, be punished for a misdemeanor.

The proceedings may be continued before any other justice in said judicial department, and other witnesses, as well as the parties making such application, may, in the discretion of said justice, be compelled to attend and be examined touching such alleged delinquencies. Such justice may punish any refusal to attend such examination or to answer any questions pursuant to his order, as for a contempt of court, and shall have as full power and authority to enforce obedience to the order or directions of himself or any other justice, as any justice of the supreme court may now

have, or shall possess, to enforce obedience or to punish contempt in any case or matter whatever, and shall impose costs upon those promoting such an examination, not exceeding two hundred and fifty dollars, if he thinks there was no probable cause for making the application hereinbefore provided for, the said costs to be paid to the officer or person examined, and for which the said officer or person may have judgment and an execution. To amend Chapter nine hundred and nine of the laws of eighteen hundred and ninety-six, known as the Election Law, and entitled "An Act in relation to the Elections, constituting Chapter six of the general laws."

The People of the State of New York represented in the Senate and Assembly do enact as follows.

SECTION 1. Section five of chapter nine hundred and nine of the laws of eighteen hundred and ninety-six, being an act entitled "An Act in relation to the elections, constituting chapter six of the general laws," is hereby amended to read as follows:

Notice of Elections by Secretary of State and County Clerk.

§5. The secretary of state shall, at least three months before each general election, make and transmit to the county clerk of each county, and the Police Board of The City of New York, a notice under his hand and official seal, stating the day upon which such election shall be held, and stating each officer, except city, village and town officers, who may be lawfully voted for at such election by the electors of such county or any part thereof. If any such officer is to be elected to fill a vacancy, the notice shall so state. The secretary of state shall forthwith, upon the filing in his office of the governor's proclamation ordering a special election, make and transmit to each County Clerk and to the Police Board of The City of New York, alike notice of the officers to be voted for at such special election in such county or city or any part thereof, and cause such proclamation to be published in the two newspapers published in such county having the largest circulation therein, at least once a week

until such election shall be held. Each County Clerk shall forthwith, upon the receipt of either such notice, file and record it in his office, and shall cause a copy of such notice to be published once in each week until the election therein specified in the newspapers designated to publish election notices. He shall also publish as a part of such notice, each city, village and town officer who may lawfully be voted for at such election by the electors of such county or any part thereof.

SEC. 2. Section six of said act is hereby amended so as to read as follows:

Notice of submission of proposed constitutional amendments or other propositions or questions.

§6. Every amendment to the constitution proposed by the legislature, unless otherwise provided by law, shall be submitted to the people for approval at the next general election, after action by the legislature in accordance with the constitution; and whenever any such proposed amendment to the constitution or other proposition, or question provided by law to be submitted to a popular vote, shall be submitted to the people for their approval, the secretary of state shall include in his notice to the County Clerk and the Police Board of The City of New York, of the general election, a copy of such amendment, proposition or question, and if more than one such amendment, proposition or question is to be voted upon at such election, such amendment, proposition or question, respectively, shall be separately and consecutively numbered. If such amendment, proposition or question is to be submitted at a special election, the secretary of state shall, at least twenty days before the election, make and transmit to each County Clerk and the Police Board of The City of New York a like notice. Each County Clerk shall, forthwith upon the receipt of such notice, file and record it in his office, and shall cause a copy of such notice to be published once a week until the election therein specified, in the newspapers designated to publish election notices.

SEC. 3. Section eight of said Act is hereby amended so as to read as follows:

Creation, division and alteration of Election Districts.

§8. Every town, or ward of a city, not subdivided into election districts shall be an election district. The Town Board of every town containing more than four hundred electors, and the Common Council of every City except New York, in which there shall be a ward containing more than four hundred electors, shall, on or before the first day of July in each year, whenever necessary so to do, divide such town or ward respectively into election districts, each of which shall be compact in form, wholly within the town or ward, and shall contain respectively as near as may be, four hundred electors, but no such ward or town shall be again divided into election districts until, at some general election, the number of votes cast in one or more districts thereof shall exceed six hundred; and in such a case the redivision shall apply only to the town or ward in which such district is situated. If any part of a city shall be within a town, the town board shall divide into election districts only that part of the town which is outside of the city. No election district including any part of a city shall include any part of a town outside of a city. A town or a ward of a city containing less than four hundred electors may, at least thirty days before the election or appointment (where appointment is directed to be made by law) of inspectors of election of such town or ward, be divided into election districts by the board or other body charged with such duty when, in the judgment of such board or body, the convenience of the electors shall be promoted thereby. The creation, division or alteration of an election district outside of a city shall take effect immediately after the next town meeting, and at such next town meeting inspectors of election shall be elected for each election district as constituted by such creation, division or alteration. If the creation, division or alteration of an election district is rendered necessary by the creation or alteration of a town, or ward of a city, it shall take effect immediately, but a new town or ward shall not be created, and no new town or ward shall be subdivided into election districts between the first day of August of any year, and the day of the general election next thereafter. If inspectors are not elected or ap-

pointed for such district outside of a city before September the first next thereafter, the town board of the town shall appoint four inspectors of election for such district.

If a town shall include a city, or a portion of a city, only such election districts as are wholly outside of the city shall be deemed election districts of the town, except for the purpose of town meetings.

The Police Board of The City of New York shall divide such City into Election Districts on or before the first day of July in any year whenever necessary so to do as hereinafter provided.

The Election Districts existing pursuant to the provisions of law in the year 1897 in the Counties of New York and Kings shall continue with their present boundaries until at some general election for the office of governor the number of registered electors therein shall exceed six hundred, provided, however, that any Election District containing less than seventy-five electors in such counties, made necessary by the crossing of congressional lines with other political divisions, may be consolidated with contiguous Election Districts in any year when no representative in Congress is to be voted for in such districts.

On or before the first day of July in the year 1898 the Police Board of The City of New York shall divide that portion of such City that is outside the Counties of New York and Kings into Election Districts which shall be compact in form and shall contain as near as may be four hundred electors as shown by the registration of electors for the general election held therein in the year 1897. Such Election Districts so established in The City of New York shall not again be changed until at some general election for the office of governor the number of registered electors therein shall exceed six hundred, except where changes are made necessary by a change in the boundaries of Congressional, Senate or Assembly Districts or Ward lines, provided, however, that when the number of registered electors in any Election District shall for two consecutive years, be less than two hundred and fifty, such District may be consolidated with contiguous Election Districts in the discretion of said Police Board.

In that portion of The City of New York within the County of New York each Election District shall be compact in form entirely within an Assembly District and numbered in consecutive order therein respectively. In that portion of The City of New York outside of the County of New York each Election District shall be compact in form, entirely within a Ward and numbered in consecutive order therein respectively.

Except as heretofore provided no Election District shall contain portions of two Counties, or two Congressional, Senate or Assembly Districts or two Wards. Each town and each part of a town included in The City of New York, as constituted by the Greater New York Charter, shall be respectively deemed to be a Ward within the meaning of this Section.

SEC. 4. Section ten of said act is hereby amended so as to read as follows:

Designation of places for registry and voting, publication of same; and provision of furniture therefor.

§10. On the first Tuesday of September in each year, the town board of each town, and the common council of each city, except New York, and the Police Board of The City of New York, shall designate the place in each election district in the city or town at which the meeting for the registration of electors and the election shall be held during the year. Each room so designated shall be of a reasonable size, sufficient to admit and comfortably accommodate at least ten electors at a time outside of the guard rails. No building, or part of a building, shall be so designated in any city if within thirty days before such designation, intoxicating liquors, ale or beer, shall have been sold in any part thereof. No room shall be so designated elsewhere than in a city, if within thirty days before such designation, intoxicating liquors, ale or beer, shall have been sold in such room, or in a room adjoining thereto, with a door or passage-way between the two rooms. No intoxicating liquors, ale or beer shall be sold in such building in a city or such room or adjoining room elsewhere after such designation and before the general election next thereafter, or be allowed in any room in

which an election is held during the day of the election or the canvass of the votes. Any person or persons violating the provisions of this section shall be deemed guilty of a misdemeanor. If any place so designated shall thereafter and before the close of the election be destroyed, or for any reason become unfit for use, or cannot for any reason be used for such purpose, the officers charged with the designation of a place for such election shall forthwith designate some other suitable place for holding such election. Not more than one polling place shall be in the same room, and not more than two polling places shall be in the same building. The officers authorized to designate such places in any town or city, shall provide for each polling place at such election, the necessary ballot and other boxes, guard rails, voting booths and supplies therein, and the other furniture of such polling place, necessary for the lawful conduct of each election thereat, shall preserve the same when not in use, and shall deliver all such ballot and other boxes for each polling place, with the keys thereof, to the inspectors of election of each election district at least one-half hour before the opening of the polls at each election. The officers authorized to designate the registration and polling places in any city, except The City of New York, shall cause to be published in two newspapers within such city a list of such places so designated, and the boundaries of each election district in which such registration and polling place is located. Such publication shall be made in the newspapers so selected upon each day of registration and the day of election, and on the day prior to each such days. One of such newspapers so selected shall be one which advocates the principles of the political party polling the highest number of votes in the state at the last preceding election for governor, and the other newspaper so designated shall be one which advocates the principles of the political party polling the next highest number of votes for governor at said election.

The Police Board of The City of New York shall cause to be published in two newspapers in each County wholly or partly within such City a list of the registration and polling places so designated in each Borough in such respective Counties and the

boundaries of each Election District therein in which such registration and polling place is located. Such publication shall be made in such newspapers upon each day of registration and the day of election and on the day prior to each of such days. Such publications shall be made in the newspapers published in such Counties which shall respectively advocate the principles of the political parties which at the last preceding election for governor respectively cast the largest and next largest number of votes in the State for such office. The said Police Board shall also cause to be published in the City Record on or before the first day for registration in each year a complete list of all the registration and polling places so designated and the boundaries of the Election Districts in which such places are located arranged in numerical order under the designation of the respective Boroughs in which they are located. In selecting the newspapers in which such publications are to be made the said Board shall keep in view the object of giving the widest publicity thereto.

SEC. 5. Section twelve of said act is hereby amended so as to read as follows:

Appointment and qualifications of Election Officers in Cities.

§12. On or before the first day of October in each year, the Police Board of The City of New York and the Mayor of each other city, shall select and appoint the election officers for each election district in their respective cities; and shall severally have the power to fill all vacancies which may arise before the opening of the polls on election day. To insure the bipartisan character of such board or body of election officers required by the election law, each political party entitled to representation in such board or body shall have the right, not later than the first day of August in each year, to prepare and file with the board or officer empowered to make the appointments as herein provided, a list of persons, members of such party, duly qualified to serve as election officers, together with a supplemental list of persons, members of such party, duly qualified to serve as election officers, from which the said Mayor or Board

may select and appoint persons to fill vacancies occurring in the representation of such party in such board or body of election officers. In The City of New York such list shall be authenticated and filed by the chairman of the executive committee of the county committee of the party in the respective counties wholly or partly within such city, as constituted by the Greater New York Charter; in other cities, by the chairman and secretary of the general, city or county committee of such party, if there be such a committee, or, if not, then by the corresponding officers (by whatever name known) of any committee performing the usual functions of a city or county committee; provided, however, that if in any city more than one such list be submitted in the name or on behalf of the same political party, only that list shall be accepted which is authenticated by the proper officer or officers of the faction or section of such party, which was recognized as regular by the last preceding state convention of such party; or, where no such convention has been held within the year, by the proper officer of the faction or section of said party which, at the time of the filing of said list, is recognized as regular by the state committee of such party, which was organized by or pursuant to the direction of the last preceding state convention of such party. All persons so proposed for appointment may be examined as to their qualifications by or under the direction of the board or officer charged with the duty of making the appointment; and if found duly qualified they shall be appointed to the respective positions for which they were recommended. If any of them are found disqualified, notice in writing of that fact shall be promptly given to the person or persons by whom the list embracing their names was authenticated, and the vacancy shall be filled by the appointment of a qualified person named in the supplemental list of party representatives heretofore provided for. If either party entitled to propose election officers, as herein provided, shall fail to authenticate and file such lists on or before the first day of August, or if any of the persons named therein shall be found disqualified, and if no supplemental list be filed, as herein provided, or if, one or more persons named in such supplemental list be found disqualified,

then such board or officer shall, if necessary, proceed to select in such manner as may seem to them or him feasible from the members of the party or parties in default, or whose nominees have been found disqualified, and shall appoint suitable persons to act as election officers. In The City of New York the members of the board charged with the duty of appointing election officers, who represent the same political party, shall have the exclusive right and be charged with the exclusive duty of selecting from the lists submitted, or in lieu of persons named on such list who shall have been found disqualified, the members of such party who are to be appointed as election officers. Every person appointed as an election officer shall, within five days after notice of his appointment, take and subscribe the constitutional and statutory oaths of office, which shall be administered, if in The City of New York, by the Superintendent of Elections or by the chief of the branch Bureau of Elections in the Borough in which they are appointed to serve, or the chief clerk, or assistant clerk of such bureau designated by the Police Board to perform such duty; and if in any other city, by the Mayor thereof, or by any person or persons designated by him for that purpose; and all of said officers, and every clerk or person so designated by them or him for that purpose, shall be and is hereby authorized and empowered to administer such oaths. Every person so sworn as an election officer shall receive a certificate of appointment and qualification, signed by the person who administered the oath, in such form as may be approved by the board or officer by which or whom he was appointed, and specifying the capacity and the election district in which he is to serve, and the date of the expiration of his term of office. Any election officer so appointed may be removed for cause, by the board or mayor making the appointment, in which case such removal, unless made while such officer is actually on duty on the day of registration, revision of registration or election, and for improper conduct as an election officer, shall only be made after notice in writing to the officer to be removed, which notice shall set forth clearly and distinctly the reason for his removal. The said Board of Police may delegate to the Superintendent of Elections of The City of New York, and to the chief of a branch bureau of elections, the

power to remove election officers for cause, on any day of registration or election. Any election officer who shall at any time be appointed to fill a vacancy, which fact shall be stated in the certificate of appointment, shall hold office only during the unexpired term of his predecessor, and provided that no election officer shall be transferred from one election district to another after he has entered upon the performance of his duties. The chairman of each board of inspectors of each election district shall, within twenty-four hours after any election, furnish to the Mayor or board appointing such officers, if required so to do by such Mayor or board, under his hand, a certificate stating the number of days of actual service of each member of such board, the names of the persons who served as poll clerks and ballot clerks on election day, and the number of days during which the store or building hired for registration and election purposes was actually used for such purposes. Any person acting as such chairman, who shall willfully make a false certificate, shall be deemed guilty of a misdemeanor. Every person appointed as an election officer, failing to take and subscribe the oath of office as hereinbefore provided, or who shall willfully neglect or refuse to discharge the duties to which he was appointed, shall, in addition to the other penalties prescribed by law, be liable to a fine of one hundred dollars, to be sued for and recovered by the Mayor or board making the appointment in a court of record, for the use and benefit of the treasury of such city. Any election officer who, being removed for cause, shall fail upon demand to deliver over to his successor the register of electors, or any tally sheets, book, paper, memorandum or document relating to the election in his possession, so far as he has made it, shall be liable to a like penalty to be recovered in a like manner for the benefit of such city. All persons appointed and serving as election officers on each of the days of registration and of election and of canvass of the votes in cities of the first class shall be exempt from jury duty for one year from the date of the general election at which they serve.

SEC. 6. Section eighteen of said Act is hereby amended so as to read as follows:

All expenses relating to or connected with elections lawfully incurred by the Police Board of The City of New York, shall be a

charge on such city, and after being audited by the proper officer, shall be paid by the Comptroller of said city upon the certificate of such board. The County Clerk of each county, not salaried, shall be paid by such county a reasonable compensation for his services in carrying out the provisions of this chapter, to be fixed by the Board of Supervisors of the County, or the Board acting as such Board of Supervisors. PROPOSED CONSTITUTIONAL AMENDMENT AS TO MINORITY
REPRESENTATION.

Amend section 1, Article II, of the Constitution to read as follows:

“SECTION 1. Every male citizen of the age of twenty-one years, who shall have been a citizen for ten days, and an inhabitant of this State one year next preceding an election, and the last four months a resident of the county, and for the last thirty days a resident of the election district in which he may offer his vote, shall be entitled to vote at such election in the election district of which he shall at the time be a resident, and not elsewhere, for all officers that now are or hereafter may be elective by the people; and upon all questions which may be submitted to the vote of the people: *the Legislature may, however, enact laws which, in elections by the people, for offices in municipal or public corporations or any class of such corporations, shall provide for Minority or Proportional Representation in such elections.* Provided that in time of war no elector in actual military service of the State or of the United States, in the army or navy thereof, shall be deprived of his vote by reason of his absence from such election district; and the Legislature shall have power to provide the manner in which and the time and place at which such absent electors may vote, and for the return and canvass of their votes in the election districts in which they respectively reside.”

PROPOSED CONSTITUTIONAL AMENDMENT AS TO
LIMITATION OF INDEBTEDNESS.

Amend section 10, Article VIII. of the Constitution, to read as follows :

“ COUNTIES, CITIES AND TOWNS NOT TO GIVE OR LOAN MONEY OR CREDIT; LIMITATION OF INDEBTEDNESS.— § 10.—No county, city, town or village shall hereafter give any money or property, or loan its money or credit to or in aid of any individual, association or corporation, or become directly or indirectly the owner of stock in, or bonds of, any association or corporation; nor shall any such county, city, town or village be allowed to incur any indebtedness except for county, city, town or village purposes. This section shall not prevent such county, city, town or village from making such provision for the aid or support of its poor as may be authorized by law. No county or city shall be allowed to become indebted for any purpose or in any manner to an amount which, including existing indebtedness, shall exceed ten per centum of the assessed valuation of the real estate of such county or city subject to taxation, as it appeared by the assessment-rolls of said county or city on the last assessment for state or county taxes prior to the incurring of such indebtedness; and all indebtedness in excess of such limitation, except such as may now exist, shall be absolutely void, except as herein otherwise provided. No county or city whose present indebtedness exceeds ten per centum of the assessed valuation of its real estate subject to taxation, shall be allowed to become indebted in any further amount until such indebtedness shall be reduced within such limit. This section shall not be construed to prevent the issuing of certificates of indebtedness or revenue

bonds issued in anticipation of the collection of taxes for amounts actually contained, or to be contained in the taxes for the year when such certificates or revenue bonds are issued and payable out of such taxes.

Nor shall this section be construed to prevent the issue of bonds to provide for the supply of water ; but the term of the bonds issued to provide the supply of water shall not exceed twenty years, and a sinking fund shall be created on the issuing of the said bonds for their redemption, by raising annually a sum which will produce an amount equal to the sum of the principal and interest of said bonds at their maturity. All certificates of indebtedness or revenue bonds issued in anticipation of the collection of taxes, which are not retired within five years after their date of issue, and bonds issued to provide for the supply of water, and any debt hereafter incurred by any portion or part of a city, if there shall be any such debt, shall be included in ascertaining the power of the city to become otherwise indebted. When the boundaries of a city are the same as those of a county, or when any city shall include within its boundaries more than one county, the power of any county wholly included within such city to become indebted shall cease, but the debt of the county heretofore existing shall not, for the purposes of this section, be reckoned as a part of the city debt. The amount hereafter to be raised by tax for county or city purposes, in any county containing a city of over one hundred thousand inhabitants, or any such city of this State, in addition to providing for the principal and interest of existing debt, shall not in the aggregate exceed in any one year two per centum of the assessed valuation of the real and personal estate of such county or city, to be ascertained as prescribed in this section in respect to county or city debt."
